Chapter 2631

2631 You come back!2

“You guys let me go! Prison guards, they’re using force on me. They want to take my things! Prison guard, stop them. I want to give that thing to the Chi family. Don’t let them take it away!”

Because of old Madam PEI, the prison guards only stood at the door and did not enter, giving the people inside enough space to talk.

Hearing Zhou ruxue’s yells, the prison guard didn’t intend to care until he heard that she had something to give to the Chi family. Only then did he symbolically and slowly walk in.

“What are you guys doing? Don’t pull me!”

“give it back to me! Give me back my things! PEI Jitong, how despicable can you be? Give me back my things!”

“ruxue, what are you saying?” The corners of PEI Jitong’s lips curled up into a faint smile and he said to the prison guard, “i feel that my ex-wife has suffered a huge shock and is a little out of her mind. i suggest you send her to a mental hospital.”

“PEI Jitong, what did you say? You’re saying I’m your ex-wife? I’m telling you, don’t even think about it! i haven’t divorced you yet. if you don’t pay me the divorce fees, don’t even think about divorcing me. ”

PEI Jitong helplessly looked at the prison guard and said, “See, I told you that she’s not mentally sound. I divorced her half a month ago, but she’s never been willing to admit it. So, you don’t have to take what she says to heart.”

after saying that, pei jitong showed the divorce certificate he had just processed to the prison guard.

The prison guard took a look. The divorce date was indeed half a month ago. He only reminded her, “She’s a wanted criminal.”

“Don’t worry, we’ll leave now. We won’t do anything to her.”

From Zhou ruxue’s words, PEI Jitong already knew that Chi Yang’s mother was most likely dead. Zhou ruxue no longer had any value to him.

Thinking of being used by this damn woman for 17 years, PEI Jitong had the urge to cut her into pieces. Now, he finally got some back from her. At least, in the situation where the PEI family had no way out, he could still extort a sum of money from disheng. This could be considered a blessing in misfortune.

But even so, as long as he thought about how Chi Yang’s mother, who he had raised for 17 years, had become Chi Yang’s aunt and the aunt who killed his mother, the enemy, PEI Jitong felt like he had eaten sh * t.

All these years, he had actually been living with a pile of sh * t.

Therefore, after getting the item from this lump of sh * t, PEI Jitong was not even willing to ridicule her. He called his family and left immediately for this disgusting woman.

“PEI Jitong, come back! Come back! You heartless man, how could you do this? I don’t have anything else other than you. How can you abandon me? I’m not divorced yet! I haven’t divorced you yet, you can’t abuse your power for personal gain! I don’t recognize this divorce certificate! PEI Jitong, come back! Come back! ah, you’re back!”

Zhou ruxue screamed hysterically. She didn’t expect PEI Jitong to be able to guess that the video was on her and even took away the only video she had recorded that could be used to threaten the Chi family.

What should she do then?

PEI Jitong actually divorced her without her consent.

Her marriage was gone, and the video that could threaten her was gone.

What should she do now?

Was he really going to spend the rest of his life in prison?

2632 Deleted (3)

In that case, she would rather go back to that village in Yunzhou and live there! At least, when she lived in Yunzhou, the men there treated her like a little fairy and treated her well. Even the village chief had been hooked up with by her.

after being stunned for a moment, zhou ruxue began to yell at the prison guards to let her out, saying that she didn’t even sign the divorce certificate.

But was that possible?

She was the woman who had drugged Chi Yang. If such a vicious woman was not sentenced to 20 years in prison, it would be a waste to those who worshipped the Special Forces and Chi Yang.

After the PEI family left the guard post, they immediately got into their cars and tried to extract the video.

Because this might be the last bargaining chip that the PEI family used to threaten the Chi family.

Without spending a single cent, the family took out the video and rewound the scene.

When the monitor showed that it had been imported, PEI Jitong disconnected the cable and turned on the video.

In the end, there was nothing in the video.

“what’s going on? Why is there nothing inside?”

the family watched the video for a few minutes, but there was nothing in the video.

Hearing old lady PEI's words, PEI Jitong pulled the fast-forward post with a dark face, but there was still nothing in the video.

At this moment, the atmosphere in the PEI family instantly sank.

When PEI Jitong pulled the progress bar to the end but still had nothing, old lady PEI was so angry that she hit the back of the car with her walking stick.

"bitch! this b * tch! I thought we had the video when I saw her sad face. I really didn't expect this b * tch to trick us! I said that she's a White Lotus flower, usually looking silly and sweet, but she's very scheming, and the result is just as I expected!"

PEI Jitong looked at the video for a long time before saying, "This matter might not be related to her."

"What do you mean? You're still speaking up for her?" Old lady PEI asked unhappily.

"Mom, Zhou Ruxue has been spoiled by us. I know her cultivation very well. When she said that she had taken a video of Nangong Nuannuan hitting her, she had not subconsciously made any small movements. This was enough to prove that she had really been hit by Nangong Nuannuan and that she had even recorded the video.

For Chi Yang's sake, although Nangong Nuannuan doesn't like us, at least she wouldn't hit her. Since Nangong Nuannuan hit her, she must have found out that she wasn't Chi Yang's mother. That should be when Zhou Ruxue was captured. She couldn't transfer the video on the spot, so I guessed that the video must be on her."

"Then what the hell is she recording? I clearly can't see anything!"

"It must be that Yingluo was deleted by Nangong Nuannuan." PEI Jitong's face had already darkened.

"What? Nangong Nuannuan deleted it? This was taken by Zhou Ruxue, and Nangong Nuannuan didn't even touch her, so how did it get deleted?"

PEI JI YUN, who had been silent the entire time, said, "Nothing is impossible. Don't forget what Nangong Nuannuan did for a living. As a top-tier mercenary in the entirety of KE, she was a 17-year-old who had wiped out the entirety of KE. She was also a super-hacker, and she had a top-tier hacker by her side. It wasn't hard for her to find out that Zhou Ruxue had a surveillance camera on her. And if she wanted to hack the recording, there would be no reason for the recording to continue existing."

Chapter 2633

2633 the clown (4)

"Zhou Ruxue has always been a clown. And our PEI family is even more of a joke."

After PEI JI YUN's words, everyone in the PEI family fell silent.

Back then, they had given up on the Fang family, which was on the verge of becoming a second-rate wealthy family, and had lost so much money to get together with Zhou Ruxue, who had a husband. They had raised Zhou Ruxue for 17 years and had always thought that she was Chi Yang's mother. After Chi

Yuancheng died, their PEI family would be able to reach the peak of their lives with Chi Yang's help. Thus, they raised Zhou ruxue for 17 years.

Especially PEI Jitong, who had been very good to Zhou ruxue for the past 17 years.

wouldn't he become the clown then?

He had been picking up sesame seeds for 17 years. When he was about to eat it, he thought that this sesame could be upgraded to sesame oil. Who knew that this sesame was just rat sh * t with white ash on it?

No one in the PEI family could describe this feeling.

"Aiyo, Why is my life so bitter? Why is our PEI family so unlucky? What the hell is this?!"

Third brother had married the eldest daughter of the Leng family, Leng Jin Chen. He had thought that after finding Jin wennuan, not only would he be able to hook up with Leng Jin Peng, but he would also be able to take over the Leng family. In the end, he found out that the pampered young lady was just trash that the Leng family picked up.

When boss married a woman, he thought that she was Chi Yang's mother, but in the end, it was also a fake! Each and every one of you, can't you make me worry less? I'm already so old, but I'm still worried about your future development. What are you guys thinking?"

The brothers, PEI Jitong and PEI Jicheng, looked at each other and could clearly see the depression in each other's eyes.

Although they were still rich, powerful, and influential people, they were already old. Those real rich and socialites didn't even look at them.

If the PEI family wanted to develop, they had to find a strong support. In this day and age, it was not only women who wanted to find a good marriage, but men were the same.

Especially the two men of the PEI family. They were both good-looking and used to rely on their looks to make a name for themselves. Who knew that 17 years later, when they were old and their children had grown up, they would realize that the so-called high-quality stocks and potential stocks they had found were all trash!

Suddenly, PEI Jitong's phone rang.

pei jitong, who was depressed after being scolded by his mother, angrily picked up the vice president's phone. After hearing what was said on the phone, PEI Jitong jumped out of the car and hit his head on the roof of the car.

"What? Why are they doing this?"

After a lot of things were said on the other end of the phone, PEI Jitong sat back in the car seat with a "Dong" sound. The phone fell to the ground and was hung up automatically.

"Boss, what's wrong with Yingluo? What was happening? don't scare me. "

pei jitong looked at old lady pei and said, mom, the PEI family corporation might be finished.

“What do you mean? Did Yingluo and the Chi family attack us? How could big brother do this? Didn’t he say this morning that he would only mess with us if we appeared in front of him again? Why didn’t he keep his word?”

“It’s not the Chi family that’s messing with us.” PEI Jitong said.

“Who is that?”

“It’s Feng Shengxuan. He said that Yingluo wasn’t someone even the heiresses of the top wealthy families dared to have designs on. He asked his special assistant to call the president’s office and ask my secretary to ask me, “Why is it that even the world’s top rich families don’t dare to have designs on him, but we, the PEI family, dare to let a Toad go on a blind date with him?”

“He’s too arrogant!” Old lady PEI’s face was red with anger. She smacked the armrest and scolded, “Who does he think he is? You’re just a subordinate who works for Nangong Nuannuan. Back then, we wanted the PEI and Chi families to be closer because we thought you were Nangong Nuannuan’s stepfather. It’s fine if he doesn’t want to, but what right does he have to use Disheng’s name to attack our PEI family?”

PEI Jitong’s expression was extremely ugly. PEI Jitong’s expression was also extremely ugly.

“He didn’t attack us in Di Mo’s name.” PEI Jitong explained.

“If he didn’t attack us in Di Shi’s name, how could he do that? Don’t tell me he can shake my family with his own resources?”

“I can, mom.” PEI Ji Yun’s voice was a little soft, and even a little trembling.

Old lady PEI looked at PEI Ji Yun, a trace of fear in her eyes. She asked, “Why?”

“Because Feng Shengxuan’s mother is called Feng Jimian.”

“Feng Ji Mian? Why did it sound so familiar? Who is she?”

“The head of the number one family in the world for five consecutive years, the nice family.”

Old Madam PEI:

“He’s claiming that he’s the heir to the nice family?” After a long time, old lady PEI raised her voice and exclaimed, “Is there something wrong with him? Since he was the heir to the nice family, why did he have to work for Nangong Nuannuan? Why didn’t he return to the nice family? How many sons does that Feng Ji Mian have?”

“He only has one son. I heard that Feng Ji Mian loves her son as much as her life.” PEI Ji Yun said.

The car was dead silent.

“You wretched girl, since you know that his identity is so noble, why didn’t you remind me?”

“Is there any use in reminding you? If you knew that he was the successor of the nice family, would you give up the idea of using Nangong Nuannuan’s relationship to get PEI Xiyu to marry him?” Pei Ji Yun was really speechless towards his mother.

“Mom, whether it was asking third brother to steal Leng jinchen’s woman or asking big brother to seduce Zhou ruxue, it was all your idea. You were the one who made a mistake, and now it’s already like this, what face do you have to say about big brother and third brother? Don’t you know that not only is Feng shengxuan the heir to the nice family, but he’s also the real King of KE? With his status, how could he take a fancy to PEI Xiyu? I’m afraid that even if you give pei xiyu to them as their mistress, they wouldn’t want her.”

This time, the PEI family really didn’t dare to speak. After staring at each other for a long time, old lady PEI said faintly, “yingluo, why didn’t you tell me earlier?”

Pei Ji Yun’s face darkened as he replied, “I only found out recently.” Feng shengxuan’s identity is a top secret. You’re not allowed to reveal a single word. Feng shengxuan and Nangong Nuannuan were both from the KE family, but Nangong Nuannuan had married Chi Yang. This was the only chance for the Shi family to take down the Chi family and Nangong Nuannuan. Whether or not the PEI family could follow the Shi family would depend on the Shi family’s final blow. So, none of you are allowed to speak nonsense. Did you hear me?”

Now, Pei Ji Yun was the most powerful person in the entire PEI family. She married the young master of the Shi family, Shi MAODE, and gave birth to Shi Zhongyu, Shi Zhongxiao, and Shi Yalin.

In the past, her two sons alone were enough for her to gain a firm foothold in the Shi family. Now, Shi Yalin had suddenly emerged as a new force, becoming the most powerful person in the Shi family.

Chapter 2635

2635 Gentle policy (2)

Old Madam PEI was very satisfied with her granddaughter, Shi Yalin. She quickly nodded and said, “I know, I know. Don’t worry, we won’t ruin Yaling’s plans. However, Ji Yun, if you have time, you should also ask Yalin to come home. I haven’t seen that girl for a long time. She used to visit the PEI family often, but ever since she became his disciple, she had not returned even once. I feel like that girl has already distanced herself from us. You have to tell her often that the PEI family is her mother’s family and that they are her true backing. Do you know? That’s right, it’s your father’s death anniversary in two days. Ask that girl to come back and offer incense to her grandfather. She’ll be happy.”

“Mom!” Pei Ji Yun interrupted old lady PEI’s words and said, “When I married Shi MAODE, I told you that you’re not allowed to interfere in my Affairs. Yalin was now the New Hope of the Shi family. The things she was researching now were things that even the experts in the medical Association could not develop. Yaling’s words are absolute in the family now. Even my father-in-law can’t interfere, let alone you.

If you want the PEI family to be well, you’d better not be pretentious and don’t have any ideas about me. This way, even if the PEI family really collapsed, there would be a chance for Dongshan to rise again.

However, if the Shi family falls, then I can tell you that you don't even have the right to fight Nangong Nuannuan and Feng shengxuan.

you've ruined the lives of my big brother and third brother, i hope you won't come and judge my life again. i'm different from them, i'm a member of the shi family now."

With that, Pei Ji Yun opened the door and got out of the car.

The Shi family's car had been following behind her. When they saw her get out of the car, they immediately started the car and drove over. Pei Ji Yun got in the car and left without looking back.

"look at her attitude! A married daughter was like water that had been poured out! How did I treat her in the past? now that the PEI family is in trouble, she can't even think of a solution and just leaves. Boss, let me tell you Yingluo."

"there's no other way." PEI Jitong said in a low voice, "Feng shengxuan has already started to suppress the PEI family group. It was even worse than the Gu Corporation. Almost all of the PEI corporation's ongoing big orders had problems at the same time today, and all of their partners had lost money and withdrawn their capital. The billions of dollars we've invested have gone down the drain. After the bank found out about this situation, not only will they not loan us any more money, but they'll even urge us to pay back the money. these banks are now eyeing us covetously. as soon as they find that we are short of funds or have any problems, they will immediately freeze all of our fixed assets to repay the loan."

Old lady PEI was dumbfounded for a long time before she shouted,"They can freeze it just because they want to? On what basis?"

"Mom, you don't have to act like you're the most important person in the world every time. Why would the bank freeze our assets?"

"Our company is so big and has been in business for so many years. We have a good reputation in the entire Kamino Kingdom. even if we run into some financial problems, with the pei family's reputation, status, and credibility, shouldn't they adopt a more lenient policy?" Old lady PEI still said in a matter-of-fact tone.

pei jitong was a little helpless. he supported his head with his hands and buried his face in his palms, not wanting to say a word.

banks also need to survive," PEI Jichen explained. if we only borrowed money from one bank, perhaps they will be lenient on us for the sake of our past glory. But we have different business dealings with different banks. If one bank shows mercy to us, but the other banks don't, then when the bank can't help but come to us to urge us to pay back our debts, they will find that we are already heavily in debt and can't pay back the money. Therefore, as soon as there is a problem with the capital chain, these banks will freeze our fixed assets as soon as possible to prevent us from causing them too much loss."

"This Suan ni, this Suan ni"

Old lady PEI had been hanging out with old master Chi since she was a child and had been using her face card. When old master Chi still acknowledged her as his sister, she could do whatever she wanted in the entire Kamino Kingdom. The banks were also very tolerant of them on account of the Chi family.

not to mention those businesses, some of them would rather lose some money or not make any money, just to build a good relationship with the PEI family. It was precisely because of this that the PEI family could become big and strong, becoming a second-rate wealthy family in one leap.

After that, although old master Chi didn't acknowledge her as his sister anymore, he didn't harm her. Therefore, everyone still accepted her because she was once a major General of the combat Services Department and had stayed in the Department hospital for so many years.

But now, the heir of the nice family, the vice-chairman of disheng Corporation, King of KE, had made a move on the PEI family. The PEI family, which had seemed to have a strong foundation, was now like a tree with twisted roots that had been struck down by a super spaceship. They couldn't even withstand a single blow.

Those families that did business with the PEI family were all afraid of being implicated. They would rather cut off their own arms than have any entanglement with the PEI family.

Everyone in the rich and powerful knew that Feng shengxuan was the chairman of disheng in name, and the real Chairman was Nangong Nuannuan. nangong nuannuan and feng shengxuan had an extraordinary relationship. there was no reason for feng shengxuan to ignore nangong nuannuan's feelings and attack the PEI family.

He must have gotten the approval of Nangong Nuannuan to make a move on the PEI family, and Nangong Nuannuan must have also gotten the approval of Chi Yang and the Chi family.

Without the Chi family, the PEI family was nothing. although the PEI family had a daughter who married into the shi family, was the shi family able to compete with the nangong family, chi family, and disheng?

Therefore, no one was willing to choose to advance and retreat with the PEI family at this time.

When Feng shengxuan's revenge had just begun, the roots, branches, and leaves that had been circling the PEI family were removed at once. Those that couldn't be separated had to be separated even if they were cut.

After all, Feng shengxuan and Nangong Nuannuan were not to be trifled with.

PEI Jitong picked up the phone one after another. In the end, he sat in the car dejectedly, as if he had aged ten years in an instant.

PEI Jichen and old lady PEI had been listening to PEI Jitong on the phone with fear in their eyes. No matter how he begged the other party on the phone and asked the bank not to be like a bird startled by the twang of a bow just because the PEI family had encountered a small problem, the PEI family would definitely be fine. After all, the Shi family was behind the PEI family. However, no matter how they explained, the bank still demanded that the PEI family group pay back this month's loan and settle the interest. Some even requested to inspect the projects that the PEI family group had loaned.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2637

2637 Explosive news (4)

Either the investors or the partners withdrew their funds for these projects. None of the projects were presentable, so how could PEI Jitong let them see the PEI family group in such a bad state? In the end, the matter with the bank was left unsettled. However, the end result was that the PEI family corporation would be forced to pay debts from today onwards.

As for those investors, they were already afraid to the point where they would rather lose money and withdraw their funds, so it was even more impossible for them to pick up PEI Jitong's call. Only two or three entrepreneurs who didn't have a deep relationship with PEI Jitong and thought that he was a good person said with their conscience-

brother, it's not that we don't want to help you, but Feng shengxuan has already said on Weibo that whoever dares to help the PEI family will be going against the nice family and disheng.

PEI Jitong then quickly went online and found Feng shengxuan on Weibo. He opened his few Weibo posts and saw that it said-

@ PEI Jitong: I heard you want to marry the PEI family's daughter to me? I went to search for her and thought that if she was pretty, I could bear with it for Nuan Nuan's sake. Who knew that

Everyone, listen up. From now on, whoever dares to do business with the PEI family will be going against me, Feng shengxuan. He didn't mean to target anyone. He was just in a bad mood and wanted to slap them in the face.[smile][smile][smile] So I'll give you three days to withdraw your investment. If you don't have time, I don't mind helping you [smile][smile][smile][smile]

Below the Weibo post, there was a grid with pictures of PEI Xiyu attending all sorts of high-end cocktail parties. However, none of these photos could be seen.

some of them were pei xiyu laughing so hard that the wrinkles on his face were about to appear. perhaps it was because he had just been injected with hyaluronic acid, his round apple-like face was transparent, which was simply terrifying.

In short, none of the nine pictures were pleasing to the eye. She couldn't even be compared to a girl from an ordinary family.

Who was Feng shengxuan?

He was the Prince Charming of the entire nation! The world's best Actor!

How many women wanted to marry him?

All the noble families in the world wanted to marry Feng shengxuan.

It was because they knew that Feng shengxuan was not only the best Actor, but also the Executive Chairman of disheng group, which was ranked third in the world.

However, after Feng shengxuan's Weibo post, the first internet celebrity to repost Feng shengxuan's post came from overseas.

At first, everyone just took a quick glance and thought that it was some big V in the entertainment industry. In the end, when they saw it, everyone thought that they had seen wrongly.

Luan Feng Ji Mian (Chairman of NS group) V: " you want to be my daughter-in-law when you're so ugly? " If you dare to marry her, I'll kick both of you out [vomit]! [vomit]! [vomit]!]

What?

The chairman of NS group, Feng jimian, was Feng shengxuan's mother?

This caused a sensation among movie fans all over the world.

No wonder Feng shengxuan was so awesome when he was the best Actor in Saibo!

At first, everyone had only guessed that he must have a powerful background. After the news that Feng shengxuan was the Executive Chairman of disheng group was exposed, his diamond-studded identity gained him even more fans.

Today, everyone was already furious when they saw an ugly man trying to rape their Prince Charming. Now that they knew that Feng shengxuan was not only the Executive Chairman of the world's third-ranked disheng group, but also the son of the head of the world's number one super-rich family, the nice family, they went crazy.

[am I seeing things?] I, Best Actor Phoenix, am actually the young master of the nice family!]

[you're not mistaken!] Even the chairman of NS group was speaking rudely. Heavens! I've always thought that my Xuan was very powerful, but I didn't expect him to be the young master of NS group. may i ask if i, best actor feng, will inherit the NS group in the future? "

Come on, let's share some knowledge for free. Feng Ji Mian, 47 years old, a well-known Member of Parliament in Saibo, Chairman of NS group, and the head of the nice family. He only had one son, Feng shengxuan. Do you think I, Best Actor Phoenix, will inherit the nice family in the future? "

[6666666.....]

[6] to fly! It's no wonder so many rich and famous ladies wanted to marry him but were ruthlessly rejected. Those who pestered him didn't have a good end. Other than the chairman of Imperial Entertainment, it seems like no one else in the world is worthy of my Xuan!]

But my brother Nuan has already proposed to Lieutenant General Chi, what should I do? [pitiful] [pitiful] [pitiful]

Why did all the rooms upstairs go off course? Am I the only one who was furious when I saw the nine Palace boxes? This kind of woman who can ward off evil spirits in the day and use contraception at night, Chairman PEI, how did you think of marrying her to my Best Actor PEI Jitong (Chairman of the PEI family group) v

[don't you know what your own daughter looks like?] Why are you here to disgust our Best Actor Phoenix? even if best actor feng is blind and doesn't marry for the rest of his life, he won't be able to marry your daughter, okay? "

Richard is probably the most shameless and whimsical person I've ever seen. Best Actor Phoenix didn't even like the top socialites from those countries, so why would she like this one? Please, big sister, delusion is an illness and should be treated. You actually asked your dad to take action to disgust people. People like you should be directly locked up in the mental hospital!

I'll tell you an inside story, this is really not the PEI family's imagination. That old hag of the PEI family was Marshal Chi's younger sister who had no blood relations. In the past, she had often used the excuse that Marshal Chi had been raised by her mother to cause trouble everywhere. It was only after old Marshal Chi had severed all ties with her that she had settled down. However, in order to continue using the Chi family in the future, she got her son to seduce Lieutenant General Chi's mother. Now that PEI Xiyu was the sister of Chi Yang's stepfather, they had their eyes on Best Actor Phoenix.

[?! Where's your face? Lieutenant General Chi, are you sure the one who was seduced was your own mother? This is simply too embarrassing for the Chi family!]

.....

After hundreds of such comments were posted, Nangong Nuannuan suddenly went on Weibo and posted a report without hesitation.

[Nangong Nuannuan V:" a paternity test report. Everyone, please understand. Everyone, please understand the report of adding [extra food] to the seriously injured Chi Yang in the chicken soup.

Like a stone that caused a thousand ripples, Nangong Nuannuan's Weibo was like a depth bomb that caused the entire Weibo to crash.

Feng shengxuan's Weibo account already had a lot of attention, and the technical guys on Weibo had been working overtime to repair it so that the server wouldn't crash after the big boss made a rare post.

[My Sweet Physician Wife Calls The Shots](#)

after feng ji mian's weibo post appeared, the weibo server was in a state of emergency repair and was even facing a paralysis.

However, after Nangong Nuannuan threw the bomb, the server, which was already on thin ice, was completely paralyzed.

There were too many comments and participants, and the server couldn't withstand the bombardment at all. It was completely down.

The Weibo service provider immediately sent more people to repair it. Just when everyone felt that it was going to collapse, Weibo was suddenly hacked.

Everyone was shocked. Just as the operator was panicking, thinking that the hacker was going to do something detrimental to social stability, they found that the collapsed server was running at a divine speed. Very quickly, the service was restored perfectly.

The PEI family, PEI Xiyu, and Zhou ruxue's matters were pulled out one by one by the crowd.

Those who had previously suffered at the hands of the PEI family, after finding out that the woman the PEI family later married wasn't Chi Yang's biological mother, and after seeing the Chi family's attitude, immediately started to hit him while he was down.

In the past, old master Chi had tolerated old lady PEI time and time again on account of Zhou ruxue giving birth to a child for the Chi family. Out of sight, out of mind. However, this time, after seeing the overwhelming news online that said that the PEI family was worthless, old lady PEI was really afraid.

This was the first time she realized that the PEI family might really be finished this time.

Hence, she immediately called old master Chi, hoping that he would help to suppress this matter. Even if old man Chi was unwilling to do it himself, he still hoped that he could talk to Nangong Nuannuan about it and ask her and Feng shengxuan not to add insult to injury. He also hoped that Feng shengxuan would take back what he had said about dealing with the PEI family.

However, when old lady PEI called him, she realized that old master Chi had already blocked her number.

In the past, even if he didn't answer her calls, he had never dragged her down.

Old lady PEI's face was covered in sweat, and she quickly called old master Chi's guard.

Normally, the guard would pick up the call and ask what was the matter. Then, he would either reject her directly or ask old master Chi. But today, when old lady PEI called the police officer, the police officer's phone also said-sorry, the number you have dialed is not in service. Please check the number before calling.

Both old master Chi and his guards had satellite phones. As long as they weren't attacked by hackers, or the entire area's communication was cut off by force factors, it was impossible for their phones to not go through.

Old master Chi was in the hospital, but the hospital was in Shengzhou, and the communication had been restored long ago. Therefore, there was only one possibility. Not only had old master Chi blacklisted her, but he had also blacklisted his security guard.

“This is too much! how could he be so excessive? This stubborn old man! He didn’t think that if it wasn’t for my mother, he would have starved to death long ago. How could he have achieved what he has today? But he actually treated me like this! He actually treated me like this!”

In the car, old lady PEI was so angry that she cried.

However, her two sons did not have the time to care about her.

Because PEI Jitong’s phone was already exploding with calls, another call would come in as soon as he hung up. The executives who could not find PEI Jitong called PEI Jicheng’s phone.

Chapter 2640

2640 The vicious old lady PEI (3)

at this moment, the two brothers were so busy explaining and trying to stabilize the pei family corporation’s irreversible decline that they had no time to pay attention to old lady pei.

Old lady PEI looked at her son, who was explaining in the car with spittle flying all over the place but to no avail, and a deep sense of regret welled up in her heart.

If she hadn’t gone so far back then, if she hadn’t disregarded the Chi family’s reputation and discipline to put her competitor in such a miserable state for the short-term benefits of the PEI family, she might still be Chi Yuancheng’s sister today.

With her brother Chi Yuancheng backing her up, she wouldn’t have allowed her son to seduce Zhou ruxue, and their PEI family wouldn’t have raised a fake for 17 years like a fool.

This counterfeit had been the best in the PEI family. However, in the end, not only did this damn counterfeit not contribute to the PEI family, but she was also stupid enough to poison chiyang. This attracted Nangong Nuannuan’s attention and she had to check her blood.

Old lady PEI hated her to death!

She hated the counterfeit and Nangong Nuannuan.

“Boss, go and find someone to deal with Zhou ruxue!”

PEI Jitong, who had just hung up a phone call and was exhausted, had red eyes at this moment. The usual gentle and elegant expression had completely disappeared from his face, leaving behind a ferocious and twisted face that he couldn’t help but endure.

As the head of the PEI family group, PEI Jitong was not interested in anyone and only wanted to make the PEI family group bigger and stronger.

Who knew that the woman he thought could make the PEI family corporation bigger and stronger would push the company into the abyss? How could he take this lying down?

Zhou ruxue had played him for 17 years. In these 17 years, he had to endure her silly and sweet actions countless times. In the end, he could only rely on drugs to maintain their married life. His life had been so hard, and in the end, not only did he not get anything, but the PEI family corporation's stock price also fell to its limit down in just two hours. At the same time, all the banks forced him to pay back his debts and his business partners withdrew their capital.

PEI Jitong, who was already at his wit's end, gave his men an order without thinking after hearing old lady PEI's words.

zhou ruxue didn't know that things would turn out this way. she only felt that all the prison guards were looking at her with disgust, anger, and mockery.

Not long after he returned to the cell, someone made one of the people in the cell answer a phone call. After the man returned, he gathered the other people in the cell for a meeting.

Everyone kept looking in Zhou ruxue's direction, causing her to have goosebumps.

She had never been in prison before. After all, she had been a rich lady for 30 years. She had long been raised to be a delicate flower that could not withstand any wind or rain.

At this moment, jiaohua had fallen into the dirtiest mud. She was already on the verge of death, but in the end, someone had paid her to kill her.

Zhou ruxue's eyes widened in fear as she looked at the people slowly walking towards her. She bit her lips and shook her head before slowly cowering in the corner.

"What are you guys doing? I'm the young Madam of the PEI family, the ex-daughter-in-law of the Chi family, and the mother of Chi Yang, the Commander-in-Chief of the Flying Eagle tribe. If you dare to hurt me, the Chi family and the PEI family will never let you go!"

At this moment, Zhou ruxue's intestines could be considered to have turned green with regret. At this moment, even she herself didn't understand. She clearly knew that Chi Yang was seriously injured and that drinking the soup with added ingredients might have side effects, so why did she add the medicine to the soup?
