Chapter 2681

2681 He's bullying my woman (4)

Nangong Nuannuan had not slept since she had sensed that chiyang was about to have a fever at 3 a.m. The next morning at 8 a.m. Chiyang's temperature had not reached 38.5 degrees for two whole hours. Nangong Nuannuan was urged by her family to rest on chiyang's bed for half an hour.

After all, she was a top-tier mercenary. Even when she was asleep, Nangong Nuannuan had a good sense of time. Thus, she woke up after half an hour.

after all, he was worried that chi yang would stay there alone for too long without any guardian.

To put it bluntly, if it was a normal hospital, even if the operation was successful, Chi Yang should still be in the intensive care unit for the next few days.

However, with her by his side, she was just a monitoring device and a full-time nurse.

when nangong nuannuan opened her eyes, she was met with a pair of deep and profound eyes.

nangong nuannuan's eyes brightened and she quickly reached out to touch chi yang's forehead. when she realized that his fever had subsided a little, she asked in a good mood, " "Big brother chiyang, you're awake? Why didn't you sleep a little longer?"

Chi Yang smiled as he looked at Nangong Nuannuan. This girl didn't even allow him to speak, so how was he supposed to tell her? he had already woken up, and now, he just wanted to look at her. He could even see the end of the world.

Nangong Nuannuan asked Chi Yang as she helped him check on his injuries.

Nangong Nuannuan's mood brightened up even more when she saw the superpowered cells in his body, which had mostly disappeared, start to regenerate and become active again.

She looked at Chi Yang, who had lost a lot of weight in just a few days, and thought about how he might have suffered similar injuries in his previous life. Even though he had survived, he had not recovered for three whole months. He had even gone to cyber country to look for her. She did not want to go back with him. In order to anger him, she had even planned a scandal about herself. Chi Yang was so angry that he punched the wall behind her. Nangong Nuannuan's heart ached for him.

She bent down and gave Chi Yang a light Peck on the lips. They would continue to be this sweet for the rest of their lives. She wanted this man to live every day as if he was in a jar of honey.

The two old men had been sitting in the ward and watching the interaction between their grandson and granddaughter. They felt like the public display of affection was falling on them like a waterfall. The key was that they had to accept it and applaud.

Feng Jimian could only stay here for a few days. She still had to return to the nice family and bewitch that old b * tch, Feng Luan. Seeing Nuan Nuan and Chi Yang so in love, Feng Ji Mian was also very happy that her husband was still alive.

He no longer had the devastatingly beautiful face he once had. He no longer wore camouflage clothes, held a heavy machine gun, jumped down from a helicopter, stood tall and straight with a 187-cm body, and domineeringly said to her enemy, " "You guys are bullying my woman." But he was still the person she loved the most.

Not to mention that he could only sit in a wheelchair for the time being, even if he could only sit in a wheelchair forever, she would not despise him in the slightest.

She knew that his joints were not good, especially his knees, which had been deformed before. So, these days, Feng Ji Mian would sit beside Chi zeyao and massage his legs when she was free.

Even though it was summer, she always prepared a thin blanket. As soon as there was a slight chill, she would immediately put it on Chi zeyao, for fear that his legs would catch a cold.

Right now, Chi zeyao had just put on a hot compress, and Feng Jimian immediately covered him with a thin blanket.

Chapter 2682

2682 I'll kill you (1)

chi zeyao looked at his wife, feeling a little helpless, but more than that, he was pampering her. " i'm not as weak as you think. "

"That won't do either. Why would you be careless when you can take good care of yourself?"

Before Chi zeyao could say anything, he was given a bear hug by his wife.

"You'll have to accompany me for at least another 50 years! I'm only 47, and my body can live to at least 100, so you have to stay with me for at least 50 more years. Otherwise, you can forget about compensating for the 17 years of absence from before."

Chi zeyao was hugged tightly in front of his father, old man Nangong's family, and even the younger generation of the Nangong family.

Chi zeyao's face was as calm as ever, but old man Chi noticed that his son's ears had turned red.

Although there was dog food everywhere, old master Chi felt very happy eating it.

He didn't ask for much. As long as his children and grandchildren could be well and happy, he didn't mind eating dog food every day.

"What, you won't agree to it?"

Feng Ji Mian was like a little girl who had just fallen in love, and she loved Chi zeyao more than anything. Seeing that he did not agree to her words, Chi zeyao, who was still in her arms, instantly felt indignant.

Chi zeyao looked at the woman who was acting like a child, and then looked at the people in the room who were looking at them. Even Chi Yang, who was on the bed, had turned his head to look at them with a smile. Chi zeyao's ears turned even redder.

"The children are watching." Chi zeyao couldn't help but say to Feng jimian.

Only then did Feng jimian get up from Chi zeyao's arms. She raised her head, turned around, and looked around. She realized that everyone in the room was indeed looking at them, and they were all smiling.

Feng Ji Mian turned to Chi zeyao and said, let them watch. Nuan Nuan even kissed chiyang just now. We didn't say anything about it!

after saying that, she couldn't help but plant a kiss on chi zeyao's lips.

The sound was so loud and clear that everyone in the room couldn't help but laugh.

no one had expected that chi zeyao, who was as steady as a mountain and as gentle as jade, and feng shengxuan, who was arrogant, demonic, and unruly, would have such a wife and a mother.

after feng jimian kissed chi zeyao on the lips, she looked at him provocatively and raised her eyebrows. not only did he hug her, but he also kissed her. what are you going to do to me?

Chi zeyao's ears were red as he looked at a certain someone who was unafraid of the boiling water. His heart was warm and he was secretly happy, but he did not show it on his face. In the face of a certain someone's blatant provocation, he could only stammer.

He admitted it!

Who asked her to be his wife?

Who asked him to turn his back on his wife for 17 years?

Who asked him to not let his wife stay by his side for the time being and make her angry?

Everything was his own fault, he could not blame his wife.

if you want to blame someone, blame him!

therefore, his wife had to do whatever he wanted. that was the benefit that his wife deserved.

Seeing uncle Chi 'er's unprecedented lack of aggression, everyone in the house sighed with emotion.

even though second uncle chi seemed to be the most harmless, gentle, and good-natured person in the chi and nangong families, those who knew him well knew that he was actually a ruthless person, the real boss. Usually, he didn't show off. Even if you provoked him, he would always smile at you, but in the blink of an eye, he disappeared.

i'll kill you!

Putting everything else aside, just look at that ferocious beast, da Bai. He was afraid of no one but uncle Chi er, and it was clear.

My Sweet Physician Wife Calls The Shots

Chapter 2683

2683 I believe you (2)

Ferocious beasts had a natural sixth sense towards brutal things.

even though the nephews of the nangong family had never experienced uncle chi's ruthlessness. however, they didn't really want to experience it.

This was based on second uncle Chi and da Bai. Feng shengxuan had sent a group of top-tier mercenaries to kill old man Chi, but second uncle Chi had stopped them all by himself.

up until now, even stephen had no idea why their cannons had failed to kill grandpa and King. but stephen didn't dare to ask!

Therefore, to be able to see second uncle Chi suffer a loss, especially by such a domineering second aunt Chi, everyone was so close to asking ning Wenhao to go downstairs and buy a watermelon to eat.

Feng Ji Mian looked at her husband's bashful expression and couldn't help but love him to death.

The man who used to be so wild and cool had washed away all his impurities 17 years later, leaving behind a pure heart. Such a mature, patient, and lovely husband was really more attractive than the arrogant man from 17 years ago.

Then, with Selina's face, Feng jimian hugged her husband and refused to let go.

Before she left, she wished she could turn into a koala bear and hang onto her husband 24/7.

Sensing Feng jimian's cherishing and reluctance, Chi zeyao patted her hand gently despite feeling a little uneasy. "We'll be a family soon. Trust me."

Feng Ji Mian sat on the side of the large wheelchair, her entire body in Chi zeyao's arms. She nodded."yes, i believe you."

Her husband had never broken his promise to her.

Chi Yang's spirit was obviously much better today than yesterday. After his high fever had subsided, Nangong Nuannuan continued to massage his acupuncture points, apply acupuncture, and use ice tablets to reduce his fever.

Finally, in the afternoon, Chi Yang's body temperature dropped below 38 degrees.

his face, which had been faintly burned to a purple-red color, was now only slightly red. Under the stimulation of the silver needles, Chi Yang's body was covered in sweat.

when he was sweating, nangong nuannuan used several dry towels that she had prepared earlier to wipe his sweat. she took care of chi yang meticulously.

But even so, Nangong Nuannuan did not dare to turn things around for Chi Yang. After all, his internal injuries were still very serious.

Back then, the hospital in Shengzhou only had beds of this condition. Even though she had Angel hospital air-fly over beds that could allow ventilation for the back, it was no longer suitable to move the bed in the red sun, so she had to forget about it.

Under an ordinary bed was an airtight quilt. With so much sweat coming out, even if the quilt was made of pure cotton, it could still completely wet the clothes and could not be blown dry. One could only dry it in the shade.

not to mention that it was easy to cause moisture, so much sweat would stick to the clothes and bedding, and it would be very uncomfortable.

Nangong Nuannuan was able to wipe the sweat off Chi Yang's face, but she couldn't wipe the sweat off his back.

Looking at Chi Yang's hair that was wet with sweat and his face that seemed to be steaming, Nangong Nuannuan reached her hand to the back of Chi Yang's neck to wipe the sweat. Then, she looked at the water on her hand and pouted as she asked, "Big brother chiyang, are you feeling very uncomfortable that you can't rub your back?"

chi yang smiled and couldn't help but say, "It doesn't matter, I'm already much better."

"Don't talk, Yingluo."

chi yang could only smile and shut his mouth. then, he looked at nangong nuannuan with a smile, a doting look, and a grateful look.

Chapter 2684

2684 the mighty second aunt (3)

There were clearly so many people in the room who were so concerned about Chi Yang's safety. However, after Chi Yang woke up, he thought that since he was also ordered not to speak, there was no need to neglect anyone. Therefore, he looked at his wife without blinking, as if there was a garden on his wife's face, as if his wife herself was a peerless painting, so that Chi Yang would never get tired of looking at her.

Although she had just become Chi Yang's wife, Yingluo was already single and enjoyed married treatment. however, nangong nuannuan also felt very embarrassed to be stared at like this. after all, there were so many people in the room.

"What's wrong?"

Everyone's attention was drawn to Nangong Nuan Nuan and Chi Yang. Only Feng Ji Mian suddenly turned to look at him after seeing Chi Yang and Nangong Nuan Nuan.

Chi zeyao thought that Feng jimian had something to say to him, so he asked, but Feng jimian smiled like a young girl and an aunt at the same time, and said in front of the whole family, "It's nothing. I just feel that Nuan Nuan is so happy when Chi Yang looks at her like this. that's why i'm also looking at you like this. this way, you'll also be very happy."

666, second aunt is mighty! Nan gongze was amused by this second aunt Chi and couldn't help laughing out loud.

Following that, everyone in the family laughed.

seeing that he had become the laughingstock of the whole family, chi zeyao had wanted to tell feng ji mian not to be so cheeky in front of the children, but when he saw the woman who had laughed even more happily and blissfully after being laughed at, he could not bring himself to say those words. after a long time, chi zeyao finally responded with an "mm."

Hearing this domineering yet bashful " mm ", Feng Ji Mian was so happy that she couldn't help but give Chi zeyao another kiss on the face.

first aunt, second aunt, and third aunt, who were watching from the side, felt their hearts itch.

Their marriage had long passed the sweet period and the itchy period, and had entered a period of light. The relationship between husband and wife had sublimated into family affection. Although it was still very good, between the two of them, it always felt like something was missing.

Now, seeing the interaction between Chi zeyao and Feng jimian, the three aunts were enlightened.

Their marriage was already lacking in passion!

Yes, it was passion!

The kind of passion where they liked each other so much that they wanted to kiss each other at any time, and the other party would blush when they kissed.

although their marriage seemed to be perfect to outsiders, compared to chi zeyao and feng jimian, they lacked passion.

his first uncle was currently with his eldest and second sons in the disaster area, so he did not know what had happened. Only second uncle and third uncle suddenly felt a chill down their backs.

It wasn't until after this incident that the three aunts had agreed to run away from home and disappeared that the uncles came to their senses.

However, this was a story for later.

At this moment, even his three aunts were envious, which was enough to show how awkward Chi zeyao and Feng jimian's eye contact was.

Feng shengxuan had had enough of it.

his mother was such a fierce and shrewd woman, but in front of his father, she became a typical silly and sweet woman.

where's his dad? When she was with him, she always looked like a dark-faced Lord Guan, and she would call him at any time. She was very strict with him, as if he was not her biological son. However, in front of his mother, he had an expression that said,"you can do whatever you want and your husband will spoil you."

All of a sudden, Feng shengxuan wondered if he was really the biological son of these two.

Chapter 2685

2685 It's not that she's a bad person (4)

Because Chi Yang's fever had subsided, the atmosphere in the room suddenly warmed up. Nangong Nuan's warm face also had a smile.

When everyone saw the smile on Nuan Nuan's face, they knew that Chi Yang was fine.

This time, Chi Yang had suffered such a heavy injury and had gone through two major obstacles. The family was not in a good mood. Now that Chi Yang was truly out of danger, everyone's minds were also alive.

Feng shengxuan was so embarrassed by the display of affection that he felt like he was going to lose consciousness in his mouth. If he didn't change the topic and reduce the number of pink dots in the box, he felt like he was going to go blind.

"Nuannuan, what are you going to do about the ning family?"

Ning Wenhao was smiling happily at the love and warmth of his family, but when he heard Feng shengxuan mention this, his face fell instantly.

Feng shengxuan asked directly. Even though Nangong Nuannuan had been taking care of chiyang for the past two days, he had only seen her on her phone twice. therefore, he believed that nuannuan must have known about the ning family.

Furthermore, the president was so determined to put the matter up on the internet. He believed that the president must have discussed it with Nuannuan beforehand. He even suspected that the president and Nuannuan were the ones who had been coordinating and pushing for this.

Nangong Nuannuan would definitely not let the ning family go.

She, Nangong Nuannuan, was not a Saint. She had not provoked anyone for no reason, but her charity money had been used for no reason. Before she could even say anything, the other party had accused her first. Not only had they tarnished disheng's reputation, but they had also implicated her second uncle's family and their company.

This was simply stepping on her bottom line, kicking it, and even spitting on it!

if she still had to forgive him, then she, disheng, would never be able to do what she did today.

when people respect me, i will return the favor. he would take revenge and return the favor. This was her principle.

She wasn't the kind of person who would bend down and laugh at others just because they smiled at her. but at least for those who showed her kindness, she would also show kindness to the other party. As for how much her kindness would reach, that would depend on her mood.

therefore, when people respected her, she would at most respect them by one and a half feet. It couldn't be three meters. She wasn't stupid.

As for Qianqian, it wasn't that she was a bad person, but that she was young. Some experienced businessmen always thought that she was easy to bully because of her young age. So, if he didn't return the favor, he might come back next time.

Therefore, she would usually hurt the other party in one go. The next time, if the other party wanted to have any other ideas about her, he would have to think twice.

The business world was like a battlefield. It didn't make sense that your enemy had already attacked you and killed 800 of your people. When you fought back, you would only kill 800 of your enemy's people and count them based on the number of heads. Since they were already enemies and were already in a confrontation on the battlefield, of course, the goal was to annihilate them all.

By doing this, the ning family had obviously been listed as an enemy that had to be annihilated by Nangong Nuannuan.

However,

There was also ning Wenhao in the middle of the ning family.

He was not only brother chiyang's good brother, but also her good friend's fiancé.

So, huhu

Nangong Nuannuan glanced at her brother chiyang. After all, ning Wenhao was her brother's man, and she knew how well ning Wenhao treated him and how important he was to him. Therefore, even though she didn't plan to let the ning family go, she was still willing to tolerate and retreat when it came to Chi Yang.

Chapter 2686

2686 Whoever invited whoever into the game (1)

Chi Yang had been recuperating from his serious injuries for the past few days, so he had no idea what had happened.

just as nangong nuannuan was about to tell him, ning wenhao knelt down in front of chi yang.

This was the first time ning Wenhao had knelt in front of him, and Chi Yang couldn't help but frown.

Chi Yang frowned, and Nangong Nuannuan's heart ached.

At this time, she was not willing to see Chi Yang's emotions fluctuate too much.

"Get up and talk." nangong nuannuan looked at ning wenhao and felt like kicking him.

But after thinking about mu qingxuan, he decided not to.

Give mu qingxuan some face.

Ning Wenhao was about to speak, but Nangong Nuannuan interrupted him. Ning Wenhao looked at Chi Yang and saw him nod his head. His gaze was filled with displeasure. Ning Wenhao thought for a moment, then stood up.

“Boss, I’m here to apologize to you. i made two mistakes. the first mistake was that when we were trapped under the ruins, i thought that we were all ordinary people at that time, so i let down my basic guard against them. later, when that woman suddenly came to snatch the jade in front of you, i didn’t even react. I’m the one who caused you to suffer such heavy injuries. boss, you saved my life when i was young. i told you then that i would follow you wherever you go. my life is yours. But now, I owe you another life. This time, I’ve really made a big mistake. I don’t know how I can atone for my sins, so I’m begging you to forgive me. Whatever you want me to do, boss, just tell me. I’ll do whatever you want me to do!”

after ning wenhao finished speaking, chi yang glanced at him, then looked at his wife.

In fact, when Chi Yang looked at Nangong Nuannuan, she felt an inexplicable connection between them. Even though his expression did not change, Nangong Nuannuan knew what Chi Yang was going to say.

She looked at ning Wenhao and said, “your boss asked me to tell you that you’re in the wrong this time. You need more training.” As for asking for forgiveness, Yingluo, you’ve been doing odd jobs here for so many days. Am I right?”

Nangong Nuannuan looked at Chi Yang.

There was a smile in Chi Yang’s eyes. He had not expected his Nuannuan to understand what he was trying to say so thoroughly. He nodded slightly.

“Yes!” Ning Wenhao saluted Chi Yang, who was on the bed.

“You can continue with the second matter.” Nangong Nuannuan said.

Ning Wenhao found the second thing particularly hard to say.

He took a long time to organize his words before he said, “the night we went to the earthquake relief, sister-in-law made a statement saying that she would donate 2 billion to the disaster area.” After that, the Imperial Palace, Shengyang, and Hawkeye also donated 2 billion.”

as chi yang listened to ning wenhao’s report, he turned to look at nangong nuannuan, his eyes filled with gratitude and admiration.

nuannuan was no angel. before she had met him, she had been a devil. However, now that she could make a contribution in the face of right and wrong, this was already a very valuable thing for her.

Chi Yang was especially proud of his wife.

After the boss and his sister-in-law were done with their flirting, ning Wenhao lowered his head and said, “ “It’s because of sister-in-law’s actions that caused a huge wave. The Xiao and Wu families had also donated 2 billion. After that, the nings and the shis announced that they would donate 3 billion and even held a press conference.”

When he heard that the ning family and the Shi family were going to donate 3 billion, Chi Yang's eyebrows twitched slightly.

Chapter 2687

2687 On purpose (2)

After hearing ning Wenhao's words, he seemed to already know what would happen next. As a result, everyone in the room realized that Chi Yang's aura had turned cold in an instant. the temperature in the room dropped.

Of course, ning Wenhao noticed it too, and he lowered his head even more.

"The day before yesterday, the audit Office found out that only 500 million was donated out of the 2 billion that disheng, Imperial Palace, and Shengyang group had donated. The remaining 1.5 billion was reset and returned to their respective accounts. The president was furious when he found out about this. He ordered people to put this on the internet and let everyone know about it. "

Chi Yang had already guessed that the Shi family and the ning family would use this money. After all, most of the ning family's people were in the audit and charity areas.

But why did President Wanwan do this to them? Why did he treat Nuannuan like this?

Chi Yang's hand suddenly tightened, and his entire body trembled.

He was so angry at the president!

It was just a slight tremble, but it affected the wounds in his body. It was so painful that Chi Yang's body, which was still running a low fever, immediately broke out in sweat again, and his face turned pale.

"Big brother chiyang!" Nangong Nuannuan knew what Chi Yang was angry about, so she quickly comforted him, " "The president did it on purpose. at that time, you were already on your way to the earthquake relief. The Shi family had developed a type of medicine. The president realized that something was wrong and gave me a call. I realized that the president's phone was being monitored, so I disguised myself as an ordinary employee and went to see the president. I found out that he had been hypnotized by Shi Yalin. After that, I asked for everyone's help to bring Ziyu along to undo the president's hypnosis. It was the president who first informed me of this."

this was because everyone here was their own people, and there was no outsider. Even though ning Wenhao was a member of the ning family, and even though he had almost caused trouble for Chi Yang, Nangong Nuannuan still treated him as one of her own. she had ignored him at the time, and if chi yang had really died, she would never have forgiven him. However, Chi Yang did not die after all. He was still a brother that Chi Yang could risk his life for. Therefore, Nangong Nuannuan did not deliberately hide ning Wenhao's plan.

While ning Wenhao's mouth was wide open in shock, Nangong Nuannuan showed Chi Yang the message that the president had sent her.

Chi Yang's heart was originally in a knot. After all, the three generations of the Chi family had bowed to him for the sake of the entire Kamino Kingdom. If the Chi family couldn't even obtain the most basic trust, then they would really be bitterly disappointed.

After reading the message the president sent to his wife, Chi Yang's tense body slowly relaxed.

Nangong Nuannuan looked at the petrified ning Wenhao and said, "you can continue."

Ning Wenhao continued, "I know that ning Zhennan actually embezzled the money because he called me yesterday. At that time, the news hadn't spread on Weibo yet." Ning Zhennan meant that as long as his sister-in-law was willing to give him some money-making projects, he would be responsible for hiding this matter.

at that time, I was very angry and didn't report this matter to sister-in-law. I threatened him that if he wanted to expose it, he could. But after he exposed it, the ning family would also have to bear my sister-in-law's blow and be prepared for the ning family to disappear from the wealthy family. I thought he wouldn't dare to do it after I threatened him like that.

But boss, you know, ning Wenqi has always been at odds with me and always wants to use the opportunity to step on me. He's also ning Zhennan's son at an old age. Usually, when he sneezes, ning Zhennan's heart would ache."

Chapter 2688

2688 Handling by brother chiyang (3)

"Now that there's a chance for the ning family to make a fortune, and also to trick me and make you all hate me, ning Wenqi will definitely convince ning Zhennan.

After it was exposed on Weibo, I even thought of trying to save them, but I asked uncle to call home and ask him to persuade ning Zhennan to apologize online, compensate for the losses, and ask for forgiveness, but ning Zhennan directly hung up uncle's phone."

Ning Wenhao looked at Chi Yang, who had a calm expression on his face, and said, "Boss, the ning family abandoned me and my mother when I was young. Although I have the ning family's blood in my veins, you saved my life. Since the ning family has decided to go to war with the Nangong family, I have to stand on their side.

I called Huang zichu yesterday and he found out who the hacker is. It's the internationally famous top hacker, kamu. However, there was still a difference in strength between him and Huang zichu. As long as you agree, Huang zichu's side can immediately break through Camm's firewall and find out where the account went, then upload it online."

Although ning Zhennan was ning Wenhao's grandfather, he would not let his brother's grandfather off just because he wanted to mess with his wife.

This was absolutely impossible.

Knowing that there was such a relationship, the other party still did such a thing. Chi Yang felt that they should target and attack the ning family.

how dare he set up his wife!

Did they think that he, Chi Yang, was a dead man?

so, after ning wenhao said it, although he knew that his wife had many ways to destroy the ning family, he still couldn't help but feel embarrassed.

He should be the one doing this.

Even though he was lying here and couldn't do it himself, he still had ning Wenhao.

Hence, Chi Yang did not even look at Nangong Nuannuan and immediately made the decision.

When she nodded and agreed to the matter, she even gave ning Wenhao a secret code that only they could understand.

This code word was used when they fought side by side, and it was called "the highest standard."

"yes!"

Ning Wenhao had no objection to Chi Yang's request to treat the ning family's actions with the highest regard.

The ning family was rotten to the core and would have to withdraw from the stage of history sooner or later.

In addition to how the ning family had treated him and his mother before, he would definitely not care after the ning family closed down.

Therefore, ning Wenhao didn't think it was inappropriate to deal with the ning family with the highest standards.

There was a saying that one would not die if one did not seek death.

Since ning Zhennan wasn't afraid of death, and ning Wenqi wasn't afraid of losing the support of the ning family in the combat service department, then why was he so worried about them?

"no need, i'll handle this. How dare he try to get his hands on disheng? I'll let the ning family know that there are some companies he doesn't have the right to touch, and some people he can't afford to offend." Feng shengxuan looked down on ning Wenhao. In his eyes, even if ning Wenhao had superpowers, he was still nothing compared to him. If he were to do this, ning Zhennan would definitely be in a miserable state.

however, feng shengxuan was stopped by nangong nuannuan.

"Big brother, since big brother chiyang has agreed to let ning Wenhao handle it himself, then let him handle it."

To be honest, Nangong Nuannuan could understand Chi Yang's feelings, so he felt warm.

"But Yingluo"

Feng shengxuan was about to say something, but Feng jimian cut him off mercilessly.

Chapter 2689

2689 The worst second male lead in history (4)

“But what? Are you really my son? Your dad and I have such high emotional intelligence. Why do we have a son like you who has no emotional intelligence at all?”

“Not Zhenzhen!” Feng shengxuan was dumbfounded by Feng Jimian’s words. What did this have to do with emotional intelligence? She was clearly dealing with the Ning family. What did it have to do with emotional intelligence?

“Do you need emotional intelligence to deal with the Ning family? Mom, even if you want to leave a good impression on Chi Yang, you can’t be so biased, right? Leave this to me. Do you think that just because Ning Wenhao is Chi Yang’s subordinate, I should leave him some face when dealing with the Ning family?”

Feng shengxuan’s emotional intelligence had shattered Feng Jiming’s heart. “Didn’t the dog eat your eye when you were bitten by it when you were young?” the lion roared. “Now you’re so anxious to understand a problem?”

Feng shengxuan:

“Dihuang is Nuan Nuan’s, and Digong is also the Nangong family’s. Shengyang may be your father’s, but who would know that it was your father’s? Your dad is always on Nuan Nuan’s side, so they must think that Shengyang is in cahoots with Disheng and Imperial Palace. Perhaps it’s another company of the Nangong family, so they’re working together. To put it bluntly, the Nings didn’t dare to mess with Chi Yang’s company, so they messed with Nuannuan’s company. If you can handle this matter well, why can’t Nuannuan? But why didn’t Nuan Nuan handle it?”

“Didn’t she have to take care of the patient?”

“Take care, my ass!”

Feng shengxuan:

Seeing that this anxious person still hadn’t reacted, Feng Ji Mian shouted in exasperation, “Nuan nuan is already Chi Yang’s wife. Nuan nuan has been wronged, so of course Chi Yang should be the one to seek justice for his wife! Why did you jump so high? Is Nuannuan your wife?”

Feng shengxuan, please don’t poke at his sore spot.

“Aiyo, my migraines are going to act up again! How did I end up with such a stupid son like you? Last night, your dad told me that you have a low EQ and I even spoke up for you. Yingluo, you’re so angry today that you’re going to vomit out your breakfast, okay?”

Feng shengxuan looked at the clock. It was almost 11 o’clock. He wanted to say that breakfast should have been digested by now.

but he didn’t dare to.

If he dared to say that, his father would definitely beat him with an electric baton.

However, Feng Jimian had a fiery temper and continued, " "your dad said that you made my daughter-in-law leave in anger. With your EQ, when are you going to get married? When will you be able to give me and your dad a grandson? Chi Yang and Nuannuan are already married, and your dad said that Nuannuan agreed to bear a few children for the Chi family. And you? and you? Where was Yue 'er? Yue 'er is already in love, and you're still standing up for Nuannuan!"

When Feng Ji Mian thought about how her daughter-in-law was actually Bai Li Yue, her heart ached.

She also liked Baili Yue. She had always liked Baili Yue more as her daughter-in-law than Nuannuan.

Nuan Nuan was too much of a cheater, and just like Feng Shengxuan, she was not the reliable type. Therefore, Nuan Nuan's best match was the mature and steady Chi Yang, while Feng Shengxuan's best match should be the gentle and graceful Baili Yue.

She felt depressed when she thought about how Feng Shengxuan had lost his daughter-in-law just like that.

"Hurry up and apologize to your mother." Seeing that his wife had been angered, Chi Zeyao's face darkened.

WTF?

Feng Shengxuan felt that Chi Yang was his parents' biological son, and he was adopted.

However, facing his father's gaze, Feng Shengxuan still felt a little guilty.

However,

He had the old man as his ultimate weapon!

Chapter 2690

2690 Being scolded until she went crazy (1)

Feng Shengxuan glanced at old man Chi. Usually, this glance would make old man Chi want to scold his father.

His father was like him, a person who feared his father. That was why he felt that everything in this world had its weakness. His father had his weakness, he had his weakness, and his weakness was his father!

It was perfect!

However, the moment Feng Shengxuan turned to look at the old man, Chi Zeyao was already prepared to be scolded by the old man, but the old man looked away without any hesitation.

He silently apologized to his poor grandson in his heart.

It's not that grandpa doesn't want to help you, it's just that

The person who scolded you is your mother! my daughter-in-law! I've lived for almost 80 years, but I've only met my daughter-in-law for two days. He had already let his daughter-in-law down enough. How could he ruin her reputation in public?

This old man couldn't do this kind of thing!

Therefore, he could only let his grandson suffer!

Sigh, his poor grandson was really so pitiful!

When he got back, he would definitely ask the Butler to make more soup for him.

Otherwise, if he continued to be bullied like this every day, he would lose both his vitality and Qi!

So, when Feng shengxuan realized that his grandfather wasn't looking at him, he was in a bad mood.

It's finished!

His mother would also surrender her grandfather.

The originally perfect balance was broken.

He was simply a f * cking bug!

"good, good, good! i was wrong! I was wrong, okay? We'll let ning Wenhao do this. What he did is what Chi Yang did. In short, we should all believe that ning Wenhao will definitely do this well and beautifully. Let's applaud and approve!"

After that, Feng shengxuan gave ning Wenhao a tight slap.

Looking at Feng shengxuan, who was filled with the desire to live, ning Wenhao couldn't react for a while.

The main reason was that the difference between the past and future was too great.

Was this really the King that Fei Ying had fought before?

The Nangong family's onlookers giggled as they watched from the beginning to the end.

In the past, she had pitied old master Chi. He was already so old, but he only had a seriously ill adopted son and a grandson who had been out on missions all year round. The old man was so lonely and pitiful.

But now, it seemed that the Chi family's liveliness wasn't any lower than the Nangong family's!

"but boss, something else happened last night."

Chi Yang looked at ning Wenhao, waiting for him to continue.

"When the PEI family found out that they were going to be attacked by the Nangong and Chi families, they immediately sided with the ning family. They said that Nangong Nuannuan hated Zhou ruxue for not being your mother. Because Zhou ruxue had repeatedly offended her sister-in-law, she had schemed to put Zhou ruxue in prison and even sent people to kill her. Everyone is scolding sister-in-law on the internet now, so I want to ask if sister-in-law needs to come out and say something? And the PEI family, are you going to get rid of them?"

This time, it was old master Chi who spoke.

“Since the PEI family doesn’t want to live a good life, then don’t live a good life. There are some people who think you’re afraid of them if you give in to them. if you don’t touch him, he will think that you don’t dare to touch him. This kind of person, this kind of family, has no right to develop well.”

“Alright, then I’ll do this together with you.”

“Big brother, if ning Wenhao wants to destroy the PEI family’s economy, let’s add some fuel to the fire.”

“The Imperial Group can help.”

“Shengyang is fine too.”

“Do you need the Ness group to help?”

“No need!” Everyone in the room said in unison!

Who would have thought that in a small Ward, there would be the world’s first and third, Kamino’s first, fourth, and fifth corporations?
