Chapter 271: Feeding His Fiancee

Seeing the joy in his fiancée's eyes, a gentle smile spread across Chi Yang's eyes.

"As long as you like it."

Then, he politely pulled out the chair in front of her. After letting her sit down, Chi Yang sat next to her and then said to the waiter, "Serve the hot dishes, hurry up."

The waiter, who was ready to pour out wine, was speechless.

'Big Brother, we're eating Western food tonight!'

The waiter in charge of pouring wine glanced at his supervisor, and under the other party's signal, he accelerated the speed of his wine pouring. While pouring the wine, he said, "I will serve the appetizers for the two of you right away."

Almost as soon as he said this, the appetizers were served.

The plates were big, yet its serving size was very small. Although it looked exquisite, for the hungry Zhong Nuannuan, this serving was not even enough to plug the gaps in her teeth.

In order to prevent her appetizer plate from looking even cleaner than a washed one, when the soup arrived, Zhong Nuannuan could only slow down her eating.

After all, at such an elegant place, she had to behave dignified as well, so as to not embarrass her Big Brother Chi Yang.

Chi Yang looked at his fiancée. Although she was eating carelessly, there was an unconcealable elegance that was brought out when he slowed her pace. It was an elegance that was exuded from deep within her bones.

Chi Yang was startled. How could a girl that was trafficked to the farming district since young have such an elegant side?

However, he quickly dismissed this sense of uncertainty. This was because he could detect his fiancée's impatience despite her calm exterior.

"Waiter, quickly serve up the hot dishes, we're hungry."

The supervisor was lost for words.

'After spending more than one million dollars to decorate a banquet in a sea of flowers, you want to destroy your own image like this?'

"Okay sir, please wait for a minute, the soup will arrive immediately." The supervisor stepped forward to serve him personally.

“I want hot dishes, not soup. Hurry up and serve the hot dishes.”

“No problem sir, we’ll serve up the soup and hot dishes immediately.”

The supervisor had no choice. He originally wanted to make the atmosphere a little more romantic, but unfortunately, the other party kept asking for the food to be served faster.

Therefore, when the soup and hot dishes were served at the same time, light music performed by the band not far away started to play as well.

However, Chi Yang did not have the time to listen, as he had never studied such things before. His only concern was... Why was there so little meat? How could his fiancée spend time with him without having enough to eat?

He felt that all these dishes combined had less content than the plate of braised pork he had made the night before.

[Xiao Shenbin, what the hell are you doing? What kind of rotten dishes are you serving?]

While his fiancée was eating, Chi Yang sent a text message to his friend. The other party’s reply arrived almost a second later.

[Boss, is there anything wrong with the dishes? I know that you were going to invite sister-in-law for a meal, so these dishes were made with the best ingredients in the world.]

When Chi Yang saw the message, his expression darkened. [There’s not enough meat. Add more meat.]

Only

[Boss, you’re also a shareholder, so you know how many top-grade ingredients the hotel imports every day. Today, we only bought 1400 ounces of premium Kobe beef, all of which have been sent to your table. There’s no extra meat left!]

[Nonsense, is there nothing else that’s delicious in this hotel apart from Kobe beef? Serve anything tasty immediately. I want meaty food.]

[Boss, the roasted whole lamb and roasted suckling pig are delicious and meaty, but the problem is, do you want it?]

[Serve both of them!]

[...Alright!]

Almost as soon as the two finished their exchange, the supervisor received a call, and then hurriedly arranged for the top chef to serve the freshly roasted whole lamb to the VIP guests here.

When a whole lamb roasted to the point of dripping golden oil was served on the crystal table while exuding a mouth-watering fragrance, Zhong Nuannuan’s eyes lit up.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 272: The Proposal Ring

“Aside from the lamb roast, there’s also the pig roast.”

Chi Yang’s words were like music to her ears, which made the listening Zhong Nuannuan smile brightly.

A top-quality western meal served alongside a juicy whole lamb roast; just a moment ago, she was still portrayed as an elegant lady, yet in the next moment, the gloves were on and one of the lamb’s legs was torn apart. No matter how one looked at it, her behavior just looked out of place. Yet, in Chi Yang’s eyes, this was the true Zhong Nuannuan he knew, the one that never put up an act.

“Here.”

Zhong Nuannuan passed the lamb’s leg to Chi Yang while he happily took it from his newly wedded wife’s hands. Immediately he lowered his head to feast on it.

As he placed down the piece of bone, he noticed that he and his wife’s eating speed were pretty much on par. Just like that, both lamb legs were soon devoured.

The manager looking from the side would have typically felt awkward if he were to see such a thing, and yet, he could not help but smile while he looked at this couple with a huge appetite.

Chi Yang glanced toward the manager as his wife continued to gnaw at the bone. The manager immediately understood and signaled for a waiter to serve the dessert.

Zhong Nuannuan did not even bother to look at the cake. She concentrated completely on the battle with the lamb roast.

Chi Yang noticed that she was neglecting the cake, and, not being able to wait any longer, he spoke up, “Nuannuan, this cake is really delicious, do take a bite.”

“Oh, alright.”

Although she did not want to eat it, Big Brother Chi Yang had requested for her to do so. Guess she will just have to then, so as to give Big Brother Chi Yang face.

Scooping a large spoonful into her mouth, she felt something inside as she chewed. From the shape of the object, Zhong Nuannuan could easily guess what it was. Her heart leapt with joy as she gleamed at the fact that her Big Brother Chi Yang had such a classy taste. To think that he actually proposed in such a romantic way!

Just as she was about to take the ring out, she suddenly heard a very familiar voice.

“Miss Nuannuan, it has been awhile since we’ve met.”

When she turned around, Aiden and Gu Mingzhe were there standing together. Zhong Nuannuan was so shocked that she swallowed the object in her mouth.

“Gulp—”

Chi Yang heard the sound, and his scalp started to tingle.

“Nuannuan, you....”

Zhong Nuannuan's face was also as white as a sheet, not from the choking, but rather from her own stupidity.

"Big Brother Chi Yang, what was that? Could it be..."

She could not bring herself to mutter the word 'ring'.

Although she was pretty sure, she still hoped that it was not the case.

Otherwise, she would probably be the first woman ever to stupidly swallow her own engagement ring.

Chi Yang eyebrows were tightly knitted together as he coughed and said, "About the engagement issue from before, I did not get your permission before handing in the marriage documents. You didn't want to see me then, so I didn't dare give you the ring before this."

Zhong Nuannuan felt her mouth turn dry as she was on the verge of tears.

So, it really was her engagement ring!

How frustrating! What could she do?

Only

After Aiden and Gu Mingzhe came over, all they could see was Zhong Nuannuan's murderous gaze.

Aiden's eyebrows twitched. His expression went green from shock.

Oh my, what happened to the big boss? What a frightful gaze!

For Gu Mingzhe, it was only the second time he had ever met Zhong Nuannuan. Even the last time out, he had felt that she had this powerful look to her, like one of those seemingly powerful auras.

The beauty of this young lady had been so memorable. He had dreamt of her these two nights, with last night's dream being especially pleasant. To have dreamt of such an exciting moment, only to forget it...

Yet, now the real deal was in front of him. Gu Mingzhe's eyes were glued to her body, his face was filled with excitement and adoration, "Nuannuan, are you alright? What is making you so unhappy?"

Losing the engagement ring left Zhong Nuannuan's heart enraged. Since she could not take it out on her own brother, all there was left was this unlucky fool.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 273: Depressed Nuannuan

"Nuannuan? Am I very close to you? You're not even close to me, and yet you're calling me Nuannuan. Is this how your mother raised you? Also, this is a privately-booked venue, don't you feel bad for simply barging into a place like this?"

Gu Mingzhe was stunned by the scolding. Regardless of the case, he had just given her a set of jade worth more than 20 million two days ago, so she could not just fall out with him like this even for the sake of money, right?

Chi Yang did not give the two a chance to speak again, and chased the guests away immediately. "Gentlemen, I've already booked this place for tonight. Please make an appointment later if you have anything to discuss."

"Hahaha, we also came upstairs by sheer coincidence. Let's go, Young Master Gu, let's talk downstairs."

After saying that, he tugged Gu Mingzhe away, completely disregarding his feelings.

Gu Mingzhe was still thinking of reasoning with Chi Yang and wanted to speak with Zhong Nuannuan again to figure out why she disliked him so much since he was a person who had given her more than 20 million dollars worth in gifts. However, Aiden's strength was beyond normal. The hand holding him was like a pair of iron tongs, and he could not break free of it at all.

Chi Yang expressed great surprise at Aiden's tactfulness.

However, he brushed it off since an overseas gang-related business leader like this should have a natural sensitivity toward people like him anyway, so it was normal for him to leave.

"Nuannuan, are you alright? Did you choke on it?" Chi Yang asked with concern.

Zhong Nuannuan shook her head in anguish. "Fortunately, I was born with a relatively wide oesophagus, so I swallowed it straight away."

Chi Yang was relieved.

"That's good. Come on, let's go to the hospital."

As he was about to leave, he made Nuannuan sit down again. He coughed twice a little embarrassingly, and suggested, "Would you like to eat a bit more?"

Zhong Nuannuan felt extremely embarrassed!

If she did not swallow the ring, she would definitely have continued eating. After all, the smell of the roasted suckling pig over there had already made its way to her. However, after Chi Yang suggested this, she felt that he was only making her eat more so that she could defecate better in the toilet later...

Even thinking about it spoiled her appetite.

"Big Brother Chi Yang, I can't eat anymore..."

"Then let's go to the hospital."

"There's no need for that! I can solve this myself. Did you forget that I'm very good at acupuncture?"

Chi Yang frowned as he thought of something, then shook his head resolutely. "No, that thing is so sharp, what if it scratches the internal organs? It's better to go to the hospital for a systematic checkup."

Zhong Nuannuan really wanted to tell him that the ring did not scratch her internal organs, but he would not listen to what she said! After all, he did not know that she had X-ray vision.

As for Aiden, the sensor must have detected her location when she was at Lijing Mansion, so he had gone up to look for her. It was not like they could not see each other anymore, so did he really have to run up here without even a word of warning? He caused her to swallow her own engagement ring!

Zhong Nuannuan cursed Aiden a hundred times in her heart, then followed Chi Yang to the hospital with a look of embarrassment on her face.

Only

Now, her heart struggled with a very serious problem——

After she went to the bathroom and got the engagement ring out, should she take it, or refuse to accept it?

However, this was Big Brother Chi Yang's thoughtful gift. If she gave up the ring just like that, would Big Brother Chi Yang be upset?

Yet, if he really wanted her to put on this ring, she would feel very nauseous.

Sigh...

Why would such a strange and stupid thing happen to her?

"Why is it this hospital again?" Zhong Nuannuan was speechless. She had just left this hospital in the morning, and yet she was here again at night.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 274: Obsession

"Public hospitals have many patients in the emergency room at night. This hospital has good medical resources and fewer patients."

Okay then...

Zhong Nuannuan looked at Chi Yang, who had already parked his car, and hesitated to speak.

"What's the matter?" Chi Yang saw that she had something on her mind since earlier, and could not help but feel nervous as well.

Although his fiancée's attitude toward him during this period had exceeded his expectations and made him feel as if it was raining gold, he had slowly calmed himself down from this feeling. However, since his fiancée knew that he was going to propose to her, she seemed to have been hesitant to speak, and remained in an absent-minded state...

Would she reject him?

Even so, when he remembered Nuannuan saying that she would spend the rest of her life with him, then thought of her secretly kissing him while he was sleeping this morning, as well as her joining the deputy commander-in-chief's dinner just to announce her sovereignty, Chi Yang felt that it was impossible.

Still, no matter how confident he was, he still felt nervous when he saw the hesitation and sullen expression on his fiancée's face.

He was afraid that Nuannuan would suddenly reject him with an unacceptable excuse.

“Big Brother Chi Yang...”

Zhong Nuannuan’s voice was soft and hushed, which made Chi Yang’s heart tremble.

This alluring woman!

“Just now, when you asked if I swallowed the ring and I answered yes, in truth, I felt very, very, very happy.”

When Chi Yang heard this, his face instantly turned pale. His head started to feel a little dizzy, and his ears even had tinnitus.

However...

He knew that the “but” he did not want to hear was about to follow.

Zhong Nuannuan was completely petrified. She lowered her head and spoke to herself, not noticing Chi Yang’s awkwardness at all.

“However...”

Zhong Nuannuan was just about to say her next words, but before she got the chance, Chi Yang had already pulled her into his embrace, pressing her head firmly against his chest right where his heart was.

Zhong Nuannuan heard his heart beating rapidly and very irregularly.

“Big Brother Chi Yang, you...”

She was just about to ask him what was wrong, and if he felt uncomfortable anywhere, but instead, she heard his low voice as he spoke hoarsely and painfully...

“I won’t listen! Nuannuan, I won’t listen! No buts! You said that you won’t despise me, and that you’ll accompany me for a lifetime. You even kissed me this morning, so you clearly love me too. At least you like me, and have good feelings for me. I can bear you never accepting me since I can work harder this way. However, you can’t say any buts after accepting me and promising to spend the rest of your life with me. If you do this, you’ll hurt me, and I’ll be really sad...”

Chi Yang held Zhong Nuannuan’s body tightly, such that Zhong Nuannuan could feel the stiffness of his body.

Only

It was only then that Zhong Nuannuan came back to her senses. It seemed that her Big Brother Chi Yang had misunderstood again. She wanted to raise her head to speak, but the other party pressed her head firmly to his chest. Her lips were also sealed against his chest, preventing her from making a sound.

At this moment, Chi Yang’s gaze was extremely faint, and the bottomless starlight in his eyes had disappeared, leaving only an endless void and darkness. After a long silence, three words were finally uttered——

“Do not go! Do not leave me! Don’t be with any other man except me!”

After speaking, his deep and dark eyes seemed to burst into a black flame, which burned and raged as if it wanted to engulf the world.

He would not let go!

Even if she wanted to leave him, he would never let her go!

Even until the end of days, he would be with her!

[My Sweet Physician Wife Calls The Shots](#)

Chapter 275: But...

Even Chi Yang himself felt that these emotions were inconceivable.

After all, he and Zhong Nuannuan have only known each other for more than three months, and had really gotten along for only half a month. He did not understand why his feelings were so intense and deep, but he knew that he really could not watch her leave just like that.

Absolutely not!

“Big Brother Chi Yang... I can’t breathe.”

Zhong Nuannuan wanted to speak the whole time, but was pitifully smothered against his chest. Fortunately, she was good at holding her breath, otherwise she would have died after holding it in for these two to three minutes.

It was only then that Chi Yang shockingly realized he had hurt her due to his overexcitement. He quickly loosened his arms, feeling very guilty and distressed. He lowered his head and was just about to ask her if she was alright, but the moment he lowered his head, Zhong Nuannuan stood on tiptoes and kissed him directly on the lips.

...

The world quietened down because of this kiss.

Zhong Nuannuan’s kiss landed fleetingly, such that by the time Chi Yang felt her soft and fragrant lips and got prepared to taste their sweetness, her lips had already left.

“Big Brother Chi Yang, no buts! My ‘but’ is not what you’re thinking of! I’m willing to be with you, and I’d never want to be separated from you for the rest of my life. How could I not accept you or leave you? I’m very happy to be able to become your fiancée!”

“Really? You will never separate from me, and you won’t leave me either?”

“Yes. No matter what the reason, no matter the difficulties, I will never separate from you. You’re not allowed to separate from me either.”

Looking at Zhong Nuannuan’s extremely resolute gaze, it did not seem like she was joking at all. Because of this, Chi Yang’s previously nervous heart finally became at ease.

Although he did not know where his fiancée's affection came from, since she did not mention it, he did not ask. He could accept any reason that made her suddenly want to be with him. As long as she could be together with him, it did not matter.

"Then what was the 'but' that you wanted to say earlier?"

Zhong Nuannuan coughed dryly and then said weakly, "I know your intentions, Big Brother Chi Yang, and I also know that you've done a lot for me since the beginning. I'm very grateful for what you've done for me, and I cherish it a lot, but... But when the ring comes out later, can we treasure it, and then buy a new one to place on my finger?"

Looking at his fiancée's big twinkling eyes, Chi Yang was completely lost for words.

"So, your 'but' earlier was to ask me this question?"

"Yes!"

Zhong Nuannuan felt very embarrassed. After all, she did not want to wear a dirty ring, nor did she want to disregard Big Brother Chi Yang's token of love.

Chi Yang looked at her perplexed expression, and felt like reaching out to hit her bum!

Unfortunately, he could not bear to do so.

In the end, Chi Yang's punishment turned into a kiss.

Only

A very heavy kiss.

"Mmmph..."

Zhong Nuannuan's thoughts and breath were cut off by the sudden kiss, and she widened her eyes to see Chi Yang taking the initiative to kiss her.

His lips were not soft at all, and his kiss was forceful, so Zhong Nuannuan felt a little stiff.

However, when his breath gushed into her nasal cavity and lingered all around her, she felt extremely enamored.

Chi Yang's kiss stopped for just a moment as he stared intently at the girl who was so close to him.

Her eyelashes fluttered gently like a palm-leaf fan...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 276: Take Action

Her delicate features made her look like an elf who had absorbed the moonlight, and her whole body exuded a glow that was warm and soft like the moon. Her beauty made his breath tremble.

After she stopped feeling the heavy kiss on her, Zhong Nuannuan's lazily closed eyes slowly opened, but the moment her vision came into focus, she saw the handsome face in front of her suddenly move in again.

Chi Yang's kiss landed once again.

This time, he could not help sliding his tongue gently between her slightly open lips.

The tender tip of her tongue was watery, supple, fragrant and sweet. Her youthful innocence was mixed with a hint of coquettish charm, which made him want to swallow her fiercely. Even so, he was afraid of hurting her.

He could only turn this fierceness into endless tenderness, sometimes gently sucking on her lips, and sometimes gently lingering around the tip of her tongue.

This was the second time Chi Yang had taken the initiative to kiss her. Zhong Nuannuan felt her whole body go soft and limp under the embrace of his breath; the weakness in her body was too much for her to bear.

Zhong Nuannuan moved, trying to gather some energy, but as soon as she twisted, Chi Yang's hoarse, deep and melodious voice sounded in her ears.

"Don't move, let me kiss you a while longer..."

Upon hearing this, Zhong Nuannuan had already lost her energy completely. Her legs went limp, and she swayed toward Chi Yang's body.

Chi Yang hurriedly stretched his arms out and held her waist. Watching his fiancée, who had turned into a puddle of water in his arms, Chi Yang's heart melted.

The kiss continued, and just as Zhong Nuannuan felt that she was about to suffocate to death, Chi Yang gave her another chance to breathe.

"Silly, quickly take a breather."

Zhong Nuannuan was stupefied. Her feet felt as if they were standing on a ball of cotton, and the whole world seemed to be spinning unrealistically.

After hearing Chi Yang's words, she obediently took a deep breath before her lips were blocked by Chi Yang again.

The night was quiet, and the moonlight was devastatingly beautiful.

It was supposed to be the sweetest moment in their memory, but it was interrupted by a sharp voice.

"Nuannuan, Big Brother Chi Yang, what are you two doing?"

A rather annoying voice sounded not far ahead.

Zhong Nuannuan was startled, and she slowly recomposed herself.

Watching those soft lips moving farther and farther away from him, Chi Yang almost wanted to strangle Zhong Qianqian to death.

Seeing that Zhong Qianqian's eyes were widened, and had the expression of a hostess catching a cheating couple in bed, Zhong Nuannuan was also speechless.

'Big Sister, do you really know how to use your eyes to speak? If you don't, don't misuse them!'

Zhong Nuannuan was ticked off, whilst Chi Yang felt even more annoyed than Zhong Nuannuan.

It was as if he was looking at an enemy as he unleashed his 'free air-conditioning' aura straight at Zhong Qianqian. After Zhong Qianqian's expression changed to fright, Chi Yang spoke with his teeth almost gritted together,

"Once again, I don't have a younger sister, don't address me so affectionately."

Zhong Qianqian was at a loss for words.

Only

"Also, run off as far as you can whenever you encounter things like this in the future. Don't you know that you'll receive due retribution for being another's killjoy?" Zhong Nuannuan also warned angrily.

Zhong Qianqian's face was flushed red from Chi Yang's scolding, but she could not say anything to refute them.

"Come on, let's go in." A moment ago, his glare was still cold and deadly, but after he saw Zhong Nuannuan, his expression immediately softened.

"Okay." Zhong Nuannuan nodded and walked inside without paying any heed to Zhong Qianqian.

Zhong Qianqian watched the couple's backs with a dark expression, her gaze filled with venom.

After the couple walked into the hospital, Zhong Qianqian took her phone out of her bag and called Xue Miqi.

"Hello, I don't need to think any further about what you told me today, let's take action immediately."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 277: Proposal Doesn't Count

"I'll transfer you 30,000 dollars through my cell phone later, 20,000 dollars will be used to find the person, while 10,000 dollars will be used to find a middleman. Let them find a way to take do it tomorrow, and please don't expose yourself. ...Also, don't tell Wu Wenqian and Li Shanshan about this matter, if they ask about it, just say that I disagreed. Especially Li Shanshan, she's timid and likes to take advantage of others. If she's threatened by Zhong Nuannuan or Chi Yang in the future, or is offered the chance to gain some small profits, she will easily betray us."

After hanging up the phone, Zhong Qianqian's vicious gaze made it seem as though she wanted to tear Zhong Nuannuan into pieces.

Zhong Qianqian returned to the sick ward and saw that the ward was empty except for Jiang Shuwan and the nurse.

“Why are you back again?” Jiang Shuwan looked at Zhong Qianqian. ‘Didn’t she say that she was going back to change her clothes?’

“Mom, where is Chi Yang and Zhong Nuannuan? Where did they go?”

Jiang Shuwan became angry the moment she heard Zhong Nuannuan’s name. “Don’t mention that evil-hearted wretch, how would I know where she went? I’m in this state because of her, yet she just followed Chi Yang out without a word, and hasn’t even visited seen all day long!”

Zhong Qianqian was startled. “Zhong Nuannuan and Chi Yang never visited?”

“Haha, she’s just an ingrate that no longer pays any regard to her own mother after getting engaged. She doesn’t even have enough time to go on a date, do you think she would come to visit me?”

Zhong Qianqian frowned. “That’s weird, I clearly saw the both of them come in just now. Perhaps they didn’t come to the hospital to visit you.”

Jiang Shuwan became even angrier when she heard this.

“Hurry up and see where they went! She can leave me, her mother, here alone and run off to visit outsiders, huh? How could she do such a thing!”

“Sure.” Zhong Qianqian was also quite angry.

It was clearly Zhong Nuannuan who broke her mother’s ribs, yet she was the one who had to stay here for the whole day. Her heart was full of resentment at the moment, and she wanted to catch Zhong Nuannuan immediately.

Since it was a private hospital and it was also nighttime, all the guests who were here to visit patients had to register themselves at the front desk. Zhong Qianqian ran to check the registration information, but did not find any details about Zhong Nuannuan and Chi Yang.

Thinking that the two of them came to see a doctor late at night, Zhong Qianqian’s eyes narrowed, and her intuition told her that Zhong Nuannuan was pregnant.

Thus, she hurriedly ran to the gynecology department and explained her identity. However, she was told that no one named Zhong Nuannuan came to see the doctor.

Zhong Qianqian wandered around in the hospital for a long time and still did not see Zhong Nuannuan and Chi Yang. Hence, she could only stand at the entrance in desperation.

Chi Yang’s car was parked not far away, these two people had to leave the hospital eventually, right? She would just wait here, and no longer worry about not being able to catch Zhong Nuannuan.

Only

Half an hour later, Zhong Nuannuan walked out with an embarrassed expression while holding a plastic bag. A pink diamond ring was in the plastic bag, the pink diamond itself inlaid with smaller white diamonds. It looked like a sky full of stars as it surrounded the diamond, which just emphasized its beautiful style. Although Zhong Nuannuan did not like the color pink, it had been gifted to her by Big Brother Chi Yang, so she instantly fell in love with it.

“Big Brother Chi Yang, this...”

Seeing his fiancée’s embarrassment and conflicted expression, Chi Yang smiled, walked over, and rubbed her head. “I didn’t have the time to propose to you in the first place, so this won’t count as a proposal ring. It will only count when I propose to you someday in the future.”

Zhong Nuannuan’s eyes lit up. “Oh yes, you haven’t proposed to me yet, so this ring doesn’t count.”

Chi Yang nodded. “Of course. I bought this for you to play with, you can just take it home and leave it somewhere.”

“Okay!” Zhong Nuannuan responded with a grin.

Therefore, although the incident was embarrassing, it passed by happily.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 279: Whose Business Is T

She had always felt that Zhong Nuannuan was just a country bumpkin who had now returned home from the farming district. Even if she found out one day that she was not her own daughter, she would never guess the Zhong Family's secret.

Even if she somehow found out, she still had Qianqian to help her with it.

She just could not understand why Zhong Kuijun was so jittery. Could this wretched girl fly or something?

Seeing the annoyance and ridicule on Jiang Shuwan's face, Zhong Nuannuan's attitude was, on the contrary, super good. She acted as if she did not hear her verbal abuse at all, then sent a message to Aiden and asked them to meet up near the hospital.

"Wretched girl, I want to eat snow pears. Quickly go and buy me some snow pears! They say that the lungs of people who lie down for a very long time will become very weak, so I have to eat more snow pears."

"Sure, hold on Mom, I'll go out and buy them for you later."

Zhong Nuannuan's reply could be said to be quite gentle, and Jiang Shuwan was taken aback.

However, after waiting for a minute but not seeing Zhong Nuannuan move at all, Jiang Shuwan became angry.

"Are you going out to buy them for me or not? Zhong Nuannuan, I'm your mother, do you want to just watch your mother have no snow pears to eat and die of thirst in bed? ..."

Jiang Shuwan scolded her continuously, but much to her dismay, Zhong Nuannuan simply put on her headphones so she could not hear anything anymore. She listened to music while reading the weekly newsletters of her subsidiary companies.

[Big boss, we've arrived at the entrance.]

After receiving the news from Aiden and Selina, Zhong Nuannuan stood up and walked out.

Jiang Shuwan snorted. She thought that Zhong Nuannuan went out to buy her snow pears because she could not stand her verbal abuse.

Sure enough, this wretched girl deserved a beating.

An old-fashioned Maybach was parked in a small alley outside the back entrance of the hospital.

The Maybach's black exterior looked particularly low-key at night, and as soon as she got into the car, Selina gave her a big hug.

"Big boss, I missed you so much! You don't allow us to call you, so I can only suppress my longing for you every day. When on earth can we play together openly?"

Following Chi Yang's behavior, Zhong Nuannuan lovingly patted Selina's head, causing a shocked expression to appear on the other party's face. "Anytime, as long as you get an identity that isn't wanted."

“What about me?” Aiden asked eagerly. He missed his big boss very much too!

“Your high-profile entrance earlier has made your brother-in-law list you as a dangerous person, so don’t keep showing up in front of me anymore.”

Aiden looked aggrieved. “Why? Is it just because I’m a man? Brother-in-law is just too much, isn’t he? Although I admit that I am very handsome, he’s only a little worse than me, so he doesn’t need to feel so unconfident!”

Only

“Boom——”

Zhong Nuannuan whacked Aiden on the head. “Is your brother-in-law such a superficial person? Your brother-in-law has already analyzed with me and said that Tianheng Holdings is an international triad-related organization involved in money laundering overseas. As the Vice President, you are skilled at evading investigation, so he made me stay away from a dangerous man like you. This is because he concluded that you’re an unregistered resident. As for me, I’m just a pure senior high school student, so I shouldn’t get too close to you.”

“Pfft, hahaha...” Selina directly burst out in laughter after hearing Zhong Nuannuan’s words.

Aiden was aghast!

Whose company was this exactly?!

Did he have to treat him so differently?!

He looked at his big boss, who had her hair tied up in a bun as she wore an innocent and pure expression. She really looking like a senior high school girl who did not know anything about the world.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 280: DNA

Her original charm, glamour, fierceness and ruthlessness were all hidden under her pure demeanor at that moment, and it made his eyes bleed.

“Okay, let’s talk business. Is the DNA test result out already?”

When it came to business, Aiden and Selina both looked excited. Aiden took a few pieces of paper out of a bag.

“Big Boss, this is the new DNA test report. How did you do it? Why was the DNA similarity between you and Zhong Qianqian almost 100% the last time, but only 67% this time?”

“The DNA test between Zhong Qianqian and Jiang Shuwan shows that their similarity is 99.9%, and the test concluded that they’re of a mother-daughter relationship. Her similarity with Zhong Kuijun is 99.9% as well, so the identification result is of a father-daughter relationship.”

Zhong Nuannuan reached out and took the test report. Seeing that the similarity between her and Zhong Qianqian was 67%, the iciness in her eyes went into overdrive.

“Big Boss, why is this happening? Before this, Zhong Qianqian’s DNA was exactly the same as yours, and the similarity was 100%.”

Selina was perplexed. She did not believe that her big boss would have mistakenly taken Zhong Qianqian’s hair the previous time. After all, her big boss was so reliable. However, the difference between the two test results clearly proved that the previous one was a mistake.

Zhong Nuannuan held the copy of Zhong Qianqian and her own DNA test report, scanned them carefully, and then said, “During the first test, I gave Aiden hair that belonged to the two of us. As the hair is connected to the capillaries, DNA in the blood can be found out by testing the hair. If the hematopoietic stem cells of two people are the same, then the DNA in the blood will show the same results.

“This is why the DNA similarity between Zhong Qianqian and I was 100% in the first test. She and I are just half-sisters. Even if we are biological sisters, it’s impossible for the DNA similarity to reach 100%, which is exactly the same. However, our DNA is weirdly identical, so it can only be said that our hematopoietic stem cells are the same, which is to say that the blood created by our bone marrow is the same.

“For the second test, I extracted blood from Zhong Qianqian’s muscles. Although muscles are also in the human body, the DNA of muscles and internal organs is not affected by hematopoietic stem cells. This time, the similarity between Zhong Qianqian and I is only 67%, while my similarity with Jiang Shuwan is 99.9%.”

Only

Aiden and Selina were stunned.

Aiden could not help muttering, “Then this shows that...”

Zhong Nuannuan continued, “This shows that I’ve had my hematopoietic stem cells transferred to Zhong Qianqian before, so the DNA in Zhong Qianqian’s blood is exactly identical to mine now.”

This also clearly explained why Zhong Qianqian could enter the Nangong Family so easily after the Nangong Family found her in the previous life, and why she had become the Nangong Family’s little princess who could get whatever she wanted.

It was not that the Nangong Family’s carelessness was exploited when they conducted DNA testing, nor was Jiang Shuwan all-powerful to the point where she could mess about with the Nangong Family’s DNA test. It was because Zhong Qianqian already had the same DNA as her.

Nangong Yu was her mother, and Zhong Qianqian shared the same DNA as her. Thus, Zhong Qianqian also had DNA that was extremely similar to that of the Nangong Family.

“D*mn! Big Boss, you were abducted and sold to the organization by human traffickers when you were three years old. Does this mean that you’ve had stem cell transplants performed for Zhong Qianqian,

during which you transplanted your own hematopoietic stem cells to Zhong Qianqian at the age of three or younger?” Selina was shocked.
