Chapter 2761

2761 Too ruthless (4)

Seeing this, the police removed the left handcuff and moved it to the right.

elder ning was so angry that he held his breath.

He was already in this state, could it be that this group of idiots was still afraid that he would run away?

Elder ning made a few "ah" sounds, but seeing that he really couldn't express it, he used his left hand to make a writing gesture.

The police officer understood and passed him a pen and paper.

It was not easy to write with his left hand, and the stroke had not only paralyzed his right side, but also affected his left hand.

In the end, elder ning wrote a few times, but the police couldn't understand what he was writing.

After a full 15 minutes, the police could finally see what elder ning had written.

"The Xiao family?" One of the police officers said gloomily.

Elder ning was so touched that he almost cried. He immediately nodded.

he had already become like this. he was already powerless to help the ning family. As for Qianqian, he could only rely on the Court of Justice to get ning Haohan back.

However, his ah Qi was so outstanding that he definitely couldn't be crippled. That was why he had to find old master Xiao. At least let elder Xiao rescue ah Qi first.

The police said disappointedly, "ning Zhennan, we've told you so much because we want you to cooperate with our police investigation and try to arrest ning Haohan as soon as possible. This is the only way out for the ning family." You've taken a lot of money from the Xiao family and the Wu family, and the headquarters still hopes that old master Xiao can help you get through this difficult time, right? Or do you think that because your son ning Wenqi is elder Xiao's grandson, elder Xiao will help him?"

only then did ning zhennan come back to his senses. this police officer actually said that ning wenqi was his son!

If even the police knew about the ning family's scandal, then the entire society might know about it.

Ning Wenhao could really ignore the ning family and go to the end!

He was too ruthless!

however, the situation had already reached its lowest point, and the ning family no longer had any face to speak of. exposing the ning family's scandal was completely incomparable to the ning family's dark future.

So elder ning's eyes lit up. At the moment, he could only ask elder Xiao for help.

Although he had taken a lot of the Yunxiao group's charity funds, at least he had never framed the Yunxiao group. In addition, elder Xiao's love for Wu Lingyun could be seen. He cared so much about a mere granddaughter, not to mention that his ah Qi was a boy.

The police saw that elder ning really had no intention of cooperating with them and even wanted them to do the work. They couldn't help but say sarcastically, "Ning Zhennan, you didn't know about this when you were unconscious during the operation, but on the day Xiao Yushan was arrested, she called elder Xiao. However, elder Xiao hung up on her and even called the police department to tell us that Xiao Yushan and ning Wenqi were no longer part of the Xiao family. Therefore, those who used their power to bully others and broke the law must be severely punished. No matter what judgment we make on Xiao Yushan and ning Wenqi, he will support them. He even felt that such people should be severely punished, so that those who hold the power of the fist (sound) will not dare to act recklessly out of fear."

After hearing the police's words, elder ning's body began to tremble uncontrollably. He glared at the police angrily, not believing a word they were saying at all.

after all, the ning family was now the target of public criticism, and it was not surprising that everyone was shouting to the extent that even the police could do evil things.

Chapter 2762

2762 Old master Xiao's resentment (5)

in any case, elder ning did not believe that elder xiao would not care about his own grandson.

ning Zhennan, as I said, only if you tell us everything you know and help us solve the case and capture ning Haohan, the rest of the nings can get their sentences reduced.

Hmph! elder ning snorted at the police. It was obvious that he would not say anything as long as the police did not let him contact elder Xiao.

The police were also helpless. They were also under pressure and needed to get the money back in a short time, so one of the police officers called the police station to ask for instructions from his superior. After a while, an encrypted phone call came in.

The police picked up the phone excitedly and said hello. Old master Xiao's voice came from the other end of the phone, "I'm Xiao Yun. I heard that ning Zhennan is looking for me. He has a stroke and can't speak. Turn the phone on speaker, I'll talk to him.

"Alright, thank you, elder Xiao."

Elder ning closed his eyes and recuperated. He should have rested more after such a major operation, but his mind was filled with how to save ning Wenqi and how to protect his escape.

When he heard that old master Xiao was calling, he immediately opened his eyes. His turbid eyes were full of hope.

It was indeed elder Xiao's voice that came from the speaker. However, this voice was surprisingly cold and filled with hatred.

"Ning Zhennan, Did you know? I, Xiao Yun, have had many enemies in my life, but my enemies were only those who stood on the opposite side of me. I don't hate them. However, there is one person in this world that I hate. this person is you!

Back then, I didn't allow Xiao Yushan to get involved in Haoyu's relationship, because Haoyu came to me and I promised him. It's you, it's you who kept instigating Xiao Yushan to get involved. Not only did you instigate her, but you also used despicable means to drive away the pregnant Mao Yating. I told her that if Xiao Yushan married into the ning family, the Xiao family would pretend that we never had her. But you, not only did you let her marry into the ning family, you even argued with her. "

Even though this matter had become a secret that everyone in the country knew and had become the laughing stock of the Xiao and ning families, elder Xiao still couldn't bring himself to say it.

"At that time, I told her that from now on, she would no longer be the second female lead in the Xiao family. And I used my Hengliang Corporation to put an end to our relationship. I was very glad that I removed her name from the Xiao family's genealogy. So, ning Zhennan, I don't care if Xiao Yushan is your wife or daughter-in-law, and I don't care if ning Wenqi is your grandson or son. Whether it's good or bad, it's your ning family's business, and it has nothing to do with the Xiao family.

I've already heard from ah Hao that before you slandered the Nangong family and before you stabbed the sky with the three major corporations swallowing up the donations, ah Hao had advised you more than once and even threatened you. However, you didn't listen to ah Hao's advice at all, just like how you didn't listen to my advice back then and insisted on marrying into the Xiao family.

You're always like this, no matter if it's fighting a war or being a person, you're always self-centered and always think that you're the most powerful. You can't listen to others, you're stubborn, but you always find someone to save you after you've suffered a loss. Back then, if you had not refused to listen to our advice, we would have won that battle right from the start. However, you insisted on doing things your own way and caused us to suffer a defeat. You were also captured!"

Chapter 2763

2763 You will get your retribution (1)

"If it wasn't to save you, Wu Cheng wouldn't have died. If he didn't die, you wouldn't be the one sitting in the first-class wealthy family today. Tell me, why wasn't the one who died you, but Wu Cheng?"

Even though it had been 50 years, old master Xiao was still furious when he thought about what had happened. In his heart, he would rather ning Zhennan die ten thousand times than to see his only confidant, Wu Cheng, die.

Ning Zhennan was really the kind of person who would never consider the disaster that would follow if he did not succeed in his plan. He would only think of taking advantage of her.

He had never known how a person like ning Zhennan could step on other people's corpses to make contributions in missions after missions.

Hence, when they were in the combat Department, they did not have a good relationship. After they separated, they never contacted each other again. Until Xiao Yushan insisted on marrying ning Zhennan's son and forcefully interrupted ning Haoyu's marriage.

Ning Zhennan was so angry at old master Xiao's words that he let out a bellow-like sound from his throat. But he couldn't say anything, he couldn't express it.

"I know you can't speak." Old master Xiao sneered on the other end of the phone. "It's right that you can't say it. This is the life you, ning Zhennan, should be living. It was said that justice might be late, but it would never be absent. ning zhennan, i told you that you would get your retribution, and now it's your retribution. You'll be paralyzed in bed and witness the destruction of your ning family with your own eyes. You'll see your daughter-in-law and son being sentenced, and you, an old man with no respect, will become the laughing stock of the world!

You still want me to help you get rid of Xiao Yushan and ning Wenqi? I'm telling you, I really wish I never had her. She's the greatest shame of my wife and I. I was too busy back then and didn't educate her well enough, causing her to grow up to be a Crooked Tree. Back then, I tried my best to stop your ning family from marrying her, and you still thought I couldn't bear to. I'm telling you, I was so angry about this marriage back then because I didn't want her to harm ning Haoyu.

at that time, you probably just wanted to take the donations from the major corporations, right? I believe that although your ning Haohan is greedy for money, he wouldn't think of taking someone's charity and then framing them. Only Xiao Yushan or ning Wenqi would have this intention. You still want me to save such a person? I'm telling you, this time I've specially called the judicial Court and asked them to give ning Wenqi a heavy sentence. although this kind of scourge did not deserve death, it was best for him to stay in prison for the rest of his life and not come out to cause trouble. Do you think I'd still help you save your son after making such a phone call? Stop dreaming!"

The two police officers at the side held their phones and their eyes widened. He never thought that they would hear so many secrets about the Xiao and ning families.

Elder ning was furious, but he couldn't speak, so he could only listen to elder Xiao's merciless scolding in front of the two police officers. one was so angry that he couldn't take it and directly fainted.

Elder Xiao was still scolding elder ning, as if he had a deep opinion of him. However, elder ning was already unconscious, so no matter how much he scolded, only the two of them would listen to the gossip.

Hence, a police officer took advantage of old master Xiao's break to interrupt, " "Elder Xiao told ning Zhennan to pass out."

Chapter 2764

2764 Don't need to consider me (2)

The other party was stunned for a moment. he fainted from anger just like that? " Hmph! He really thought that he was the only one allowed to anger others, and no one else was allowed to anger him! That's how selfish people are."

then, he hung up the phone.

Listening to the beeping sound from the microphone, the two police officers looked at each other.

so, was elder xiao not done with his scolding and was upset that elder ning had passed out too early?

How ruthless!

But he was also inexplicably cute.

The Nangong family.

Nangong Nuannuan sat on the edge of the bed, leaning against the head of the bed. She was very close to Chi Yang, who was still lying on the bed.

"Brother chiyang, second aunt will transfer the money back to us tomorrow through our company."

"Yes." chi yang gave a soft "en."

"But ning Haohan is still in France,"

he knew that his wife was still feeling aggrieved.

He had said that he would handle this matter, so he had let ning Wenhao expose the ning family.

however, all he did was expose her.

his revelation had only made the ning family a target for all, making it so that no one in the ning family had a good end. At the same time, he wanted to make each of them regret what they had done to his Nuannuan in the future.

But there's something ...

Although he could understand and would not stop her, he did not want to do it.

However, he also understood that just because he didn't want to do it, it didn't mean that his wife didn't want to do it.

After all, he and Nuannuan were different people.

He had grown up in an Orthodox environment and received the most Orthodox and upright education.

However, what Nuannuan accepted was the law of the jungle, where the strong preyed on the weak. Her many years as a mercenary had turned her into a high and mighty person who would seek revenge for the smallest grievance.

It was also because of this that her di gang could live in the forest safely. Even in the chaotic world, he could still stand out and stand at the top of the food chain.

It could be said that even though the one in his house was a little white rabbit, it was a completely Diamond White Rabbit.

She could ignore Xiao Yushan and ning Wenqi, who had been arrested, but ning Haohan, who was still in France, was like a rabbit in the mouth of his King Kong.

He had already eaten it, so there was no reason for him not to let his little white rabbit chew him.

Who asked him not to stay in the country to be punished and accept his punishment, but to run to musta in France?

chi yang smiled,"nuan nuan, although we're husband and wife, we have different identities." You're the chairman of disheng, so you don't have to worry about me too much."

Nangong Nuan Nuan pouted. how can I not consider you? you're my husband now. I'm a real prostitute now."

In the face of his wife's understanding, Chi Yang's heart warmed. He reached out and held Nuan Nuan's hand, saying,"I don't know anything about Yingluo."

Nangong Nuannuan looked at Chi Yang and felt a warm feeling in her heart.

Brother chiyang clearly knew what she wanted to do, but he still said that he didn't know anything. He was obviously indulging her.

Moesta France was the place where KE and Major General weinai had tried to seize control of the coastal area of A city and annihilate red sun. Later, Nangong Nuannuan took Eden and Selena there and expressed that she wanted to go to A city to save people. However, Major General weinai and Major General Wen naitong tried to stop her. Nangong Nuannuan saw that something was wrong, so she joined forces with Major General Wen naitong's Deputy general, Sanji, and led 20000 people to attack A city. Not only did he save Chi Yang, but he also kidnapped venetong's country.

Chapter 2765

2765 Q's phone call (3)

Previously, sangyé had been promoted from a Deputy general in veneton to a major General with Nangong Nuannuan's help. Not long ago, he had been promoted to a Lieutenant General in France, musta.

It could be said that as long as the Moesta France did not involve the most important things, as long as Nangong Nuannuan wanted to, she had the final say.

Ning Haohan, after framing the three major corporations, had gone into hiding in France. If it had been Nangong Nuannuan from before, ning Haohan would not have been able to live for more than ten minutes with just one order.

However,

Although brother chiyang had said that he didn't know anything, Nangong Nuannuan felt that she couldn't be too relaxed about herself. After all, she had already given up on her life.

In the end, after giving Chi Yang acupuncture and massage, Nangong Nuannuan gave Sanji a call on her way to the laboratory.

"Q!"Sanji was very happy to receive Nangong Nuannuan's call.

After all, he was a Lieutenant General with no background. Everything he had was given to him by Nangong Nuannuan. However, the other party only helped him every time and never asked for anything from him. This made Sanji feel as if his heart was hanging in the air.

After all, the relationship between di mo and him was built on the basis of mutual use. If the other party didn't need him, then he would be of no use.

However, sangyé, who had already tasted the sweetness, did not want to become a useless child just like that. Therefore, he had always wanted to help Nangong Nuannuan.

More than half a year later, the first thing he had been waiting for had finally happened.

Originally, he thought that the other party wanted him to do something big that would shock the heavens and make ghosts and gods cry.

however, the other party told him in a very imposing manner that she didn't like someone and wanted him to teach him a lesson.

Sangyé felt like he was going to die of depression.

After waiting for half a year, all he got was this Big Shot's reply: It was an order to teach him a lesson if he didn't like him.

Even if he skinned this person, wouldn't it be the same?

however, sanji was a smart person. although he was depressed, he spoke with a serious tone. he even gave nangong nuannuan a military order-as long as nangong nuannuan did not withdraw her order, he would teach this person a lesson every day.

In fact, Nangong Nuannuan did not want to kill anyone. She did not want to kill ning Haohan, but she also did not want him to have an easy time in France. Since he liked to smuggle and did not like to stay in his own country, he would stay in Moesta France for the rest of his life.

However, what Nangong Nuannuan did not expect was that after she gave Sanji the order, Sanji immediately set up an inescapable net and captured ning Haohan within an hour.

Originally, ning Haohan had secretly come to France, musta, in an attempt to get him a fake identity that could be used all over the world through his friends here.

Originally, Mustafa's race was similar to that of the Kamino Kingdom, so it would be more convenient for him to travel around the world with the 15 billion in the future with a new identity of Mustafa.

Ning Haohan's friends had also found out about what he had done in Kamino, and that he had 15 billion in his possession. Under the temptation of 100 million Yuan, the other party not only agreed to help his family get new identities, but also took him to eat, drink, and gamble all day.

Ning Haohan had been caught in a casino.

When a large number of military police rushed into the casino, he thought that the owner of the casino had offended the military. He was sitting there with a card in his hand and was ready to be a spectator.

To his surprise, the military and police officers rushed in with guns in their hands and surrounded him.

2766 Little black room (4)

Ning Haohan was dumbfounded.

When he was completely cuffed, ning Haohan felt terrible.

However, not only were there many people, but there was also a language barrier. He had no idea how to communicate with them.

“Save me! If you save me, I’ll give you another 500 million.”

Ning Haohan was sure that his friend had not betrayed him. Therefore, when he was caught, he immediately offered a sky-high ransom to his friend.

500 million Kamino dollars was enough to hire a group of top lawyers in France. Moreover, France, musta, was under the jurisdiction of Saibo and had a complete legal system for Foreign Affairs.

Although this country was often in chaos, as long as you gave enough money to the neighboring countries, they would even use their entire legal system to protect you.

The moment ning Haohan was caught, he knew that he must be wanted and that Kamino would take him back.

Therefore, ning Haohan told his friend the price without hesitation the moment he was caught.

Hearing that, the friend immediately promised that he would definitely save ning Haohan! He would definitely not let anyone take him out of Mosta France.

His new identity had been announced in the morning. He now had Mustafa’s nationality, and his friend had hired the best lawyer for him. The Kamino Kingdom couldn’t take him back just because they wanted to.

If he couldn’t get it back, the things he left in Rs bank would not be lost.

although ning haohan was flustered that he had been captured, he was also glad that he had not been captured in kamino. Even if he had committed a capital crime in Kamino, there was nothing they could do if they did not let him go.

Ning Haohan had thought that he had been taken to the police station and locked up, and then he had to go through all kinds of procedures.

Who knew that

He realized that he had been brought to a military area and locked up in a dungeon.

Yes, it was a dungeon.

It was no ordinary prison.

The prison was built three stories below the ground. It was stuffy, damp, and stinky, completely unlike an ordinary prison.

Ning Haohan was from a rich family, after all, so he had heard about the underground prisons in foreign countries.

To put it bluntly, this kind of prison existed outside the law. People who were locked up in this kind of prison, unless the price they offered met the requirements of the person who arrested them, would only have two outcomes. Either they died or they were imprisoned for life.

When Ning Haohan entered the military zone, he had a faint feeling that something was wrong. Now that he was brought to the underground prison, he reacted and immediately began to struggle.

“What are you guys doing? Why did you bring me here? I’m telling you, I’m from Kamino! I’m from the Ning family of Kamino! I’m the chairman of the Ningwen group! If you dare to capture me, you’ll definitely get your revenge!”

“&%.....#@.....%”

Ning Haohan shouted as he struggled, but all he got was a reply.

The people who captured him could not understand what he was saying. Of course, even if he could understand it, it wasn’t something that he could get out of by cursing or threatening him.

Ning Haohan was thrown into the coldest, most humid, and darkest prison, which had no light at all. It was also known as the dark room.

The room was completely soundproof. In this room, there was nothing but darkness and his own breathing.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2767

2767 Let me go (1)

Many people had done experiments on prisoners in such a room. They were not given water or food, and just locked up in a dark room. Some people with weak willpower would collapse in a few hours. Even those who had been trained would reach their limit in at most 30 hours.

After Sangji received Nangong Nuannuan’s order, he had not thought of punishing him. After all, this man was the chairman of a first-class wealthy family in Kamino. If something happened and Ning Haohan had to return to the country, it would be bad if he injured him. Therefore, Sangyé locked Ning Haohan up in the dark room.

If Nangong Nuannuan didn’t call him back, he decided to lock him up for a day every few days.

As for his son and daughter, they were locked up in an ordinary prison in the military base.

Sanji felt that he was already being very kind to these three people.

Therefore, when ning Haohan was locked in a small dark room for no reason, no one paid attention to him, and no one brought him food and water. He had to relieve himself on the spot. In less than two hours, this young master collapsed.

The man was arrested the day before in the afternoon and released the next morning.

Ning Haohan had been unconscious at that time.

The military doctor came to give him an adrenaline injection, and ning Haohan finally woke up.

After he woke up, he found himself chained up like an animal. His two arms couldn't even touch each other.

"Release me! this is illegal imprisonment! Do you know who I am? if you don't let me go, i'll sue you one by one! I'll Sue you until you're bankrupt and your future is ruined!"

He knew that the soldiers did not understand Kamino's language, so he shouted at them in cyber language.

After shouting, he thought that no one would pay attention to him, but who knew that a low voice would sneer at him.

"Now you know that you're a Kamino. Why did you want to be a musta citizen when you begged your friend to give you a new identity? Mr. Ning Haohan, I'm honored to inform you that you're now a French citizen of musta, so I'll be in charge of all your punishment from now on. "

the person who spoke was in the shadows. ning haohan could not see clearly from his direction.

Ning Haohan squinted his eyes and looked into the darkness for a long time. He asked in fear, " "Yingluo, Who are you? Since you know my name, you should know that I'm not someone that you people can touch without permission."

As soon as ning Haohan finished speaking, the man in the shadows stood up and walked towards ning Haohan. Under the dim light, ning Haohan finally saw sangji's face. Ning Haohan's heart sank when he saw the epaulet on sangji's shoulder.

"Let me introduce myself. I'm Lieutenant General Sanji. This is the military camp I'm in charge of. All the soldiers here will only listen to me. "

Ning Haohan knew that even if he was the chairman of the ningwen group, he could not compete with the Lieutenant generals of other countries.

At that moment, ning Haohan's angry face had completely collapsed, and his eyes were full of fear.

"Mr. Sangye sangji, this is the first time we've met, right?"

"Not bad."

Sangyé's answer made ning Haohan let out a sigh of relief. He was not so afraid anymore."Since this is the first time we've met, I don't think I've offended you before, general Sanji?"

Chapter 2768

2768 I have a lot of money (2)

“Naturally,” Apart from Nangong Nuannuan, Sanji had always been a man of few words.

“Then, what do you want, general Sanji? I’ve run into some trouble in my own country, so I had no choice but to come to your country. As long as general Sanji is willing to let me go, I will give you anything you want.”

Musta’s wealth in France could not be compared to Kamino’s, so ning Haohan was sure that sangyé was after his money. now that he had 15 billion, as long as sanji could help him, as long as it did not exceed 5 billion, he would give it to him.

Moreover, he knew that these generals were short-sighted. Most of them were paid tens of millions to do things, and those who were more blackhanded only earned a few hundred million.

ning haohan even felt that it was fortunate that sangyé had taken a fancy to him. as long as he could get sangyé, he would be able to do whatever he wanted in france.

Sangyé could tell what ning Haohan was thinking from his eyes and laughed in a low voice. Ning Haohan’s hair stood on end.

sangyé said slowly.

I want your precious time, freedom, and your precious life.

Ning Haohan was stunned.

Ning Haohan felt his vision go dark and he almost fainted. His teeth were chattering, but he pretended to be calm and put on a smile that was uglier than crying.

“General sangyé, you see, on the battlefield, killing people is as easy as nodding your head. Only when there’s a great resentment will you want the other party to die. In Kamino, we also have a saying, ‘life is precious, but love is even more valuable. For the sake of freedom, both can be abandoned’. Since we don’t have any grudges in the past, if you want money, I’m the chairman of the ningwen group. I have a lot of money. As long as you give me a number, no matter how much it is, we can discuss. If you keep me locked up here and restrict my freedom, I won’t get any money, and you won’t get any benefits. I’ll also take the position you’re about to have, so why would you do that? Don’t you agree?”

Sangyé looked at ning Haohan’s smug face when he talked about his money. He thought of the female boss. She was so rich that it was scary, but she always looked so calm. Sangyé found it funny.

He thought it was funny, so he really laughed in a low voice.

“You have money?”

“Yes, yes!” Ning Haohan quickly nodded. To tell you the truth, general Sanji, I have a lot of money. As long as you can let me go, help me change my identity, and cover for me to leave, I can give you a lot of money. What do you think?”

“Not much.” “I don’t believe anyone’s nonsense,” sangyé refused. Do you think I’ll believe your empty-handed approach?”

Ning Haohan felt like he was going crazy. He felt that sangji was definitely not someone who had high standards and would never reach the top.

“general sanji, i’m telling the truth. Since you know my name, you should know what crime I have committed in Kamino. I can tell you very responsibly that the money was transferred by me. I have more than 10 billion in my hands now. If you still don’t believe me, you can give me a computer, and I’ll confirm with the bank. I’ll transfer you the amount you want directly.”

The Adjutant was about to say something but was stopped by Sanji.

Sangyé smiled. sure. Someone, give him a notebook.

Ning Haohan found his Senior Account Manager at Rs bank through his laptop and asked him to check his account number and give him a deposit amount.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2769

2769 It won’t happen (3)

the account manager went to check the account and password ning haohan had given him.

Ning Haohan had opened this secret account many years ago. For the sake of safety, he had saved all the money he had earned from the Ning Wen group and the things he had done outside into this account.

Including the 15 billion, there would be more than 17 billion in total.

Ning Haohan smiled when he saw sangji and the others waiting for him.

For this 17 billion, he felt that everything he did was worth it.

Three minutes later, the account Manager found ning Haohan’s account number. His face changed, but he still said politely, “ Sir, the account you previously opened under the name of Kavis has a balance of zero.

“What?” ning haohan thought he must have heard wrong and said, “ “How much did you say?”

I said, the account you opened under the name of Kavis has a balance of 0.

Ning Haohan felt like his head was about to explode. He glared at the account Manager for a long time before he suddenly shouted, “ “how can it be zero? How could my balance be zero? I opened this account 10 years ago, and I’ve deposited more than 2 billion in it! Recently, I’ve deposited another 15 billion in it, how could it be 0? You lied to me! Get your general manager here! I want to see your general manager! I’ve checked my money over and over again, it was clearly transferred to my account, how could it be a 0?”

Ning Haohan felt an extremely cold Qi surge into his body from the bottom of his feet. It went through his entire body and hit the nerves in his head.

Could it be that Camm had played some tricks and did not transfer the money to his account?

he thought back to the time when camm had helped him run the big three corporations, he had transferred the donations to their accounts so that everyone could see that there was money in their accounts. however, in reality, the big three corporations had never received this money.

If Camu could do this to the three major corporations, would he do the same to him?

At this moment, it was as if a nerve had suddenly snapped.

“I’m sorry, Sir. I’ve checked all your bank accounts. You’ve indeed deposited more than 2 billion in your account in the past 10 years, but you’ve never received 15 billion or deposited 15 billion in your account. our RS bank, for a large deposit of more than 2 billion at one time, requires a second identification of pupil, bone, and fingerprint, which requires you to come to the headquarters to confirm it. If you really have 15 billion in your account, we’ll definitely ask you to come to our headquarters to confirm it at once. If you can’t come to our headquarters to confirm it, we’ll send someone to come over and triple register your pupil, bone slip, and fingerprint. So you can try to recall if you remembered wrongly? Our bank has never received such a large sum of money before.”

Ning Haohan shook his head and his eyes widened in anger. no, no! I saw the 15 billion being deposited into the bank with my own eyes. I also received a confirmation message from your bank. There’s no mistake! You must be wrong! You’ve made a mistake! i’m going to file a complaint! you guys are taking my money! I’m going to file a complaint!”

“No, no, Sir, we really didn’t receive it. Our bank also has a cash account record, so there’s no mistake. The 2 billion that you previously deposited in our bank has also been transferred in batches over the past few days.”

Chapter 2770

2770 I can give you all the money (4)

“because the one-time transfer amount hasn’t reached 500 million, no one has come here to verify the bone gu. But for every sum of money you’ve transferred, we’ve gone through a four-way verification through the internet, including a bone slip, pupil, fingerprint, and password.”

“Pa!”

Sanji walked over and forcefully shut down the laptop.

ning haohan’s eyes were wide open. he could not believe that not only was the 15 billion yuan gone, but the 2 billion yuan that he had saved up over the past 10 years had also been transferred away.

He didn’t even have money, so what was he doing in Mosta’s France?

At that moment, ning Haohan realized that he had been tricked. He felt that he had most likely been tricked by kamu.

Kahm didn’t transfer the 15 billion to him, and when he told Kahm his account number, he also transferred the money from his account. Although the Kahm man was dead, those hackers could set up

all kinds of firewalls. Maybe he had used some means to make the money in his account disappear in installments before he died?

Ning Haohan couldn't accept the fact that his money had gone to waste.

"Hehe, you want me to name a price for a man who doesn't even have any savings?"

After ning Haohan came back to his senses, he quickly got up and knelt on the ground. He kowtowed to Sanji without any psychological burden and said, "General sangyé, please listen to my explanation. oh my god, i really have more than 17 billion. You've heard it, I saved more than 2 billion before, and then I transferred 15 billion in. It's just that that person, as you might know, is the top international hacker, kamu. He actually took my money. But don't worry, I've killed him myself. Even if he did something before he died, I'll definitely get the money back. If you're still worried, you can find a hacker to help me. As long as you can help me get the money back, I'll give you half of it. "

hahahahahaha! sangyé burst into laughter.

He was really laughing.

He stopped laughing after a long time and looked at ning Haohan proudly.

"No wonder the ningwen group has been going downhill all these years, and the nings are so desperate that they want to frame others for benefits. With a brain like yours, how could ning Zhennan bear to let you be the chairman of the ningwen group? If I can find a hacker to help you find the money, do you think I can still give you half?"

Ning Haohan was stunned.

that's right!

If Sanji could help him find the money, he could just transfer it to his own account. Why did he have to give half to a prisoner like him?

then he was stunned.

Was he really not going to get his money back?

Ning Haohan felt that he had worked so hard for such a long time, but in the end, he had made a wedding dress for sangji.

His heart was filled with unwillingness, and he couldn't accept the fact that he had gone from a 17 billion Yuan tycoon to someone who had nothing.

However, ning Haohan had no other choice.

Now that the ning family had become the target of public criticism, there was no possibility of them rising again. He had also become a wanted criminal and could no longer return to Kamino.

Now that he was in prison, he would not be able to get out of this cage if he did not give Sanji any benefits.

“General Sangye sangji, I’m willing to give you all my assets. As long as you’re willing, I can provide the entrance to Rs bank and ningwen group’s finance department. If you follow these two paths, you’ll definitely be able to find where Carm’s account is hidden. As long as you can find it, the money is yours. I only beg you to let me go, alright?”
