Chapter 2851

2851 Provocation (4)

“You’re talking nonsense!” ning haohan shouted at the top of his voice. “Miss Nangong, I know you’re from Hong Kong too. I have both audio and video. You have sharp eyes and you can tell if my video is synthesized or not, right? My video is in the country, and I didn’t bring it out. If no one has seized the ning family, the video is on the socket behind the bedside table in my bedroom on the fourth floor of the ning family’s old residence. He pulled out the power cable from the socket and saw a small bump on the inside of the socket. Press the button, and the bottommost wall behind the bookcase in the bedroom would open. The things are inside.”

Ning Wenqi also panicked. miss Nangong, don’t listen to his nonsense. Ningwen group isn’t mine, he’s the chairman of ningwen group, Yingluo.”

“Miss Nangong, I may be the chairman of the ningwen group, but as you know, all the real shares of the ningwen group belong to ning Wenhao. It has nothing to do with the rest of the nings. in addition, my dad is the head of the family, so he has the final say in the family. and you must also know that ning wenqi is the grandson of the ning family in name, but in reality, he is my father’s illegitimate son. how could my father do all this for me? All of this was just to snatch the real power from ning Wenhao’s hands. if it wasn’t for the fact that hiroshi akazawa and my second brother died at the same time, this will would have been leaked out long ago.”

“Alright, stop quarreling.” nangong nuannuan didn’t want to hear these two men pushing the blame away. after all, this had nothing to do with her.

Nangong Nuannuan’s cold voice silenced both ning Wenqi and ning Haohan. They did not even dare to breathe.

“I’m here to clarify another problem. Who was the one who suggested to put things in my big brother’s house? Which one of you wants to kill big brother?”

When ning Wenqi heard this, his face instantly turned deathly white.

That’s right!

there was something else in nangong jin’s house!

When he was in power, he really didn’t like the Nangong family. He really wanted the Nangong family to be destroyed. He really wanted to see ning Wenhao’s backer live a gloomy life, so he asked ning Haohan to find someone to install that thing in the wall of Nangong Jin’s room.

Too many things had happened during this period of time, and he had actually forgotten such an important matter.

hearing nangong nuannuan suddenly mention it, ning wenqi knew that he was done for.

he was completely done for.

ning haohan immediately raised his cuffed hands and pointed at ning wenqi, " "It's him! It was him! he was the one who begged me to put that thing in your big brother's room. He had always been jealous that ning Wenhao had Chi Yang's support, while he didn't even have the chance to enter Flying Eagle. He had wanted to kill ning Wenhao countless times. Even when ning Wenhao was injured, it was him who sold the information to the other party!"

Ning Wenqi's eyes suddenly widened, and he subconsciously blurted out, "ning haohan, don't you slander me!"

Ning Haohan grinned. miss Nangong, I've already told general Sanji the truth about sy. It was ning Wenqi who did it. He wanted ning Wenhao to die and his backer to fall, so he came up with this idea. I'm only in charge of giving the money.

Although the money is from the ningwen Corporation, the person is not from the ningwen Corporation. I believe you'll find out once you check it out."

"at the time, i didn't agree, because if major general nangong's family were to die an unnatural death, the nangong family and you would definitely investigate this matter thoroughly. i didn't dare to use the ning family's future to help him do this. I rejected him, but that old man in my family asked me to take out money to help ning Wenqi do this. That old man even swore that he wasn't one of them, that he wouldn't implicate the ning family, and that they only needed to pay. So, I had to transfer the cash from several places.

but I was also very worried, so I sent someone to investigate ning Wenqi and found out that he was working with an international Black Hand d called DL. This boss DL's younger brother was captured by your big brother. That's why he has a deep hatred for your big brother and the Nangong family. even though i'm not in the combat services department, i'm still very familiar with DL. Not long ago, when ning Wenhao was seriously injured, he had been shot in the right chest by DL while he was trying to cover for his comrade. My men also heard that ning Wenhao was seriously injured because he was trying to save a female officer named Hong feixu. Hong feixu was also related to DL. That time, she was caught on purpose. Ning Wenhao didn't know what happened, so he was seriously injured in order to save her. Because I planted someone by ning Wenqi's side early on, I knew where he was going to meet people, so before he booked the room, I had already installed a bug inside. The video is still in the bedroom I told you about earlier. You can go and get it. "

The more ning Haohan spoke, the more excited he became. It was said that one's merits could make up for one's sins. He had made such a great contribution this time, so he could definitely leave.

Ning Wenqi's back, which was originally straight and kneeling on the ground, was suddenly bent by the pressure. He sat on the ground as if all his blood had been sucked out, and his eyes were listless like a walking corpse.

Nangong Nuannuan only wanted to ask ning Wenqi about it and let him die with a clear understanding. He didn't expect to find Hong feixu.

Although Hong feixu had not appeared in her sight for a long time, she could still remember what had happened very clearly.

that flying eagle female official had always felt that she was the perfect match for brother chiyang, so she had argued with her many times. at one time, she said that she was of low birth, at another time, she said that she was a spy, at another time, she said that she was with a rich man, and in the end, she even let her sister bian yin ruin her reputation.

In the end, because she did not follow the rules during a battle, she was caught by the criminals. At the critical moment, ning Wenhao risked his life to save her, and as a result, he was seriously injured.

After the serious injury, his lungs were infected. She had found the antidote to cure ning Wenhao in the shortest time possible. In order to get the antidote, Shi Yalin had created a large number of infected people. If she had not reacted quickly and found another way, Shi Yalin would have really taken advantage of her.

They had thought that DL had injured ning Wenhao so that she could treat him and obtain the antidote. However, they had not expected that Hong feixu would be involved in this.

Nangong Nuannuan squinted her eyes. This DL really had a death wish!

when she was in KE, this group of people was as obedient as a child in front of her. he had come to kamino and caused so much trouble.

So this group of people were actually listening to Viper and weren't really afraid of her and King?

It was really good!

Nangong Nuannuan felt like she had been seriously provoked.

Chapter 2852

2852 Weak, pitiful, and helpless (1)

At that moment, Nangong Nuannuan's other phone rang. She picked it up and put it on speaker.

A man's voice came from the other end of the phone. "Boss, we've found the video based on the evidence provided by ning Haohan,"

Nangong Nuannuan hung up the phone and looked at ning Wenqi. She revealed a cruel smile, which made ning Wenqi's hair stand on end. she retreated weakly, pitifully, and helplessly.

"miss nangong, i was wrong! I really know I was wrong! I'll compensate you however you want me to, alright?"

Suddenly seeing ning Haohan's sinister and hateful smile, ning Wenqi immediately said, " "now that you've caught ning haohan, you must have gotten back the money and the ning wen group's funds, right? The donation is yours, and I'll give you the rest of the ningwen group's money. As you know, I'm actually grandpa's illegitimate son. Grandpa told me that in the future, everything in the ning family will be mine. So, I'll make the decision and give you the ning family's money, okay?"

"ning wenqi, you idiot. Since miss Nangong was able to recover all the charity funds, how could she not get the ningwen group's funds? You're making the decision to give something that he already has?

you're a f * cking prisoner, so why are you making the decision? let me tell you, not only did i return the charity funds, i also gave away the money from the ningwen group. i even gave away the 2.1 billion yuan that i invested. ning wenqi, even if you want to suck up to someone, you still have to have the attitude of sucking up to them. you have nothing, so what right do you have to suck up to miss nangong?"

After ning Haohan finished speaking, he looked at Nangong Nuannuan and said, " miss Nangong, not only did I help you find the murderer, ning Wenqi, today, I also provided you with a lot of favorable evidence. Yingluo, please let me go! You let me go like a fart! Perhaps Yingluo or you can get them to send me back to my country. i really don't want to stay in moesta france anymore. I'm begging you!"

Nangong Nuannuan smiled, and ning Haohan broke out in a cold sweat.

"Do you know why I don't have many enemies? Under normal circumstances, if you want to kill me or someone I care about, you won't have the chance to do it again."

This was also the reason why her head had always been at the top of the wanted list, but she had been living well, and no one had dared to take it. That was because she had killed all the people who had accepted the roll.

Some of them had even attacked before the other party could even make a move on her because she couldn't stand the other party.

"What do you mean by that?" Ning Haohan's eyes were wide open in fear.

Sanji, who had been silent all this while, suddenly appeared in front of the screen and said,"What I mean is that you'll spend the rest of your life in the French military prison of musta. i'll treat you well for the rest of your life with the best test subjects i have. even if i have to change my position in the future, you will still follow me. After all, there was no one in this world who could still roam freely in this world after having the intention to kill Q and the people she cared about. since you don't want to stay in the human world, then come to my purgatory. My Inferno welcomes people like you."

"Don't! Don't! Don't! miss nangong, i beg you to show mercy and spare me! I'm not the mastermind! i'm not the mastermind! general sangyé, please let me go! Miss Nangong, I beg you, Yingluo!"

A group of Musashi French soldiers dragged ning Haohan, who was covered in blood, out of ning Wenqi's sight like a dead dog.

Chapter 2853

2853 ah??? 2

ning wenqi looked at the video in horror. only then did he realize that the general who had spoken was not from kamino. those soldiers were not either.

Nangong Nuan Nuan had ordered the French General, musta, to capture ning Haohan and imprison him there forever.

At that moment, general Sanji from France, musta, said to Nangong Nuannuan very respectfully, " "boss, leave ning haohan to me. i'll definitely look after him."

Boss?

Ning Wenqi's eyes bulged, his face filled with disbelief.

Looking at the epaulets on general Sanji's shoulders, he should be a Lieutenant General, right?

the lieutenant general called nangong nuannuan boss. why was nangong nuannuan so powerful?

at this moment, ning wenqi's heart was filled with regret. if he had known that nangong nuannuan was so powerful, he wouldn't have done those stupid things.

But so what if he regretted it? Ning Haohan would never let go of this opportunity. He had stirred up trouble twice, and more importantly, there were videos of him working with DL. This was no longer a matter that could be resolved by getting out of prison.

In addition to the ning family's matter, he was also guilty of colluding with the enemy! The crime of assassination!

He was finished!

As for ning Wenqi, Nangong Nuannuan didn't even want to talk about him. she only felt that kamino's legal system was too good. if they were overseas, it would be a luxury for her to get ning wenqi.

Ning Wenqi was dragged out like a dead dog. Nangong Nuannuan, on the other hand, had no interest in such a dead dog.

After she was out of prison, she gave Feng shengxuan a call. Feng shengxuan was with Bai Liyue at the moment.

after nangong nuannuan told him about DL, feng shengxuan nodded. " "I know. I'll let Tucker know what he did wrong."

"Don't kill everyone. And that Hong feixu and the Hong family, I want them to be executed."

feng shengxuan couldn't help but laugh.

"What are you laughing at?" Nangong Nuannuan was confused.

"I'm laughing at you for growing up and knowing what it means to be executed."

Nangong Nuan Nuan pouted her lips in an adorable manner. "you speak as if you haven't grown up yet. I see that you're even more gentle and refined than second uncle after you've been released from the hypnosis. i'll call you feng qingrou from now on. "

Feng shengxuan was a little helpless. alright, i'm with Yue 'er. I won't talk to you anymore. he said. i'll take care of the DL incident."

okay, brother wenrou. I'll wait for you to hand Tucker over to me!

"Yes, I am. Don't worry, I'll definitely get this done for you. However, Yingluo "

"But what?" Nangong Nuannuan was puzzled as to why there was a 'but' in such a simple matter.

"But when Chi Yang's body is better, you have to come back and take care of Emperor Xun's matters."

“Ah?” Nangong Nuannuan rubbed her ears. She thought she had heard wrong.

Feng shengxuan was a little helpless. Nuan Nuan, you’re the chairman of disheng. I was pulled away from NS group by you and didn’t even want to be the heir anymore. That was because I was hypnotized. Even though we’re still the closest ones, you know? but even blood brothers have to settle their accounts clearly!”

bai liyue was sitting opposite feng shengxuan. they were both hungry at the moment, so the cook had made a table of yongzhou, which was a very light porridge and side dishes, all of which were bai liyue’s favorite. the two of them were eating.

When she heard that Feng shengxuan was going to settle the score with Nuan Nuan’s brother, Baili Yue almost spat out the porridge in her mouth.

Was ran ran trying to bargain with Nuannuan by saying no?

On the other end of the line, Nangong Nuannuan was also depressed. She picked her ears in an unladylike manner and then said, “ ah? ” A sound.

Chapter 2854

2854 a heart-warming good child (3)

however, her pitiful “ ah ” didn’t change feng shengxuan’s conscience.

“nuan nuan, although yue ‘er and i are the deputy chairmen and we should share a lot of the company’s burden, you can’t just sit back and do nothing, right? If one day Yue ‘er and I have our own things to do and you don’t know anything, wouldn’t Aiden be exhausted to death by you? That’s why I think you can come to the company from time to time to learn about management.”

feng shengxuan, i think you’re poisonous! ”

feng shengxuan held the phone in his hand calmly. with a smile on his face, he put a piece of shrimp in bai liyue’s bowl, which she liked.

Baili Yue was about to spit out the porridge, but it felt like she had swallowed it through her nose.

do you understand her shock?

This man was actually bargaining with Nuannuan! was he still normal? She felt that other than continuing to have the looks that she liked, this man’s personality, style, and preferences had all changed. Even his attitude toward Nuannuan had changed.

faced with nuan nuan’s accusation, feng shengxuan didn’t try to defend himself and continued to put food into baili yue’s bowl.

Nangong Nuannuan knew that he was ignoring her on purpose. She felt that her big brother had gone too far. He was so angry that he was groaning. don’t you think you’re burning the bridge after crossing it? ”

Feng shengxuan raised an eyebrow. why? am I such a bad person in your heart? ”

“you’re so evil, okay? Without me, can you get rid of the hypnosis? i spent a herculean effort to help you get rid of the hypnosis. i also supported you and sister yue with both my hands and feet, but how can you do this to me? if you let me work at disheng, how can i take care of brother chiyang? You asked me to work at disheng, where would I find my own time?”

“I didn’t ask you to take care of Chi Yang. Chi Yang is injured, so you have to stay at home and accompany him to recuperate. Men were also very fragile, especially when they needed your company when they were injured. however, chi yang’s injuries will recover one day, right?”

Feng shengxuan’s attitude was very good. His voice was soft and lazy, and it made Nangong Nuannuan feel like dozing off.

“But you must also want me to spend more time with your sister Yue, right? You also know that I’ve been seeking death every day or running madly on the road to death. Yue ‘er doesn’t even want to talk to me anymore. Now that I’m free from the hypnosis, I have to make up for the time I made Yue ‘er sad with happiness, right?”

Nangong Nuannuan was about to agree subconsciously, but she suddenly felt that she had almost fallen for his trap. She shut her mouth tightly and was determined not to fall into the trap of that Sly Fox.

my Nuannuan is a heartwarming child. You spent so much effort to remove the hypnosis on me. You must have wanted me to be happy, right? ”

nangong nuannuan:

“You’ll be happy if I’m happy, right?”

Nangong Nuannuan:

“But my happiness now is to pursue Yue ‘er. Let her accept me without any grudges, let me be the person who will accompany her for the rest of her life.”

Nangong Nuannuan:

Although Feng shengxuan’s words were directed at Nangong Nuan Nuan, his Phoenix eyes, which seemed to be filled with all the peach flowers in the world, were fixed on Baili Yue.

Bai Liyue lowered her head and ate her food, but her ears were turning red at a speed visible to the naked eye. she wanted to hide under the table to block someone’s searchlight-like gaze.

2855 I was tricked (4)

“Nuan Nuan, you’ve been through this. Now, you’re married to your brother chiyang. You should know that even if you and Chi Yang are married, you’re still the closest people and like to stick together, right? I have the same desire. I hope I can spend more time with Yue ‘er.”

Nangong Nuannuan-Yingluo suddenly felt that she had gone a little too far.

Feng shengxuan's serious expression deepened with a smile. besides, I'm not only your big brother who grew up with you, I'm also your husband's brother. On the basis of our relationship, if you don't let me find happiness, you, Chi Yang and Grandpa will be sad, right?"

that Yingluo! Nangong Nuannuan couldn't bear to listen to her anymore. She had always been an honest girl, and at that moment, she deeply realized the inconvenience her selfishness had brought to Feng shengxuan and Baili Yue. "when brother chiyang recovers, he will go back to flying eagle, and i will come to work at disheng," she said.

Feng shengxuan was very happy that he had finally managed to convince Nangong Nuannuan. He wasn't afraid that this girl would quit when the time came. after all, the girl he had raised knew very well that since she had agreed, she would not quit for no reason.

"i know my nuannuan is the most obedient."

"Alright, don't flatter me. Where's sister Yue? Where are you two having a romantic moment now?"

"yue 'er is taking a bath. i've bought her a house, so she should be living here in the future."

Baili Yue,"ran ran is taking a shower?" How could this person lie without even blinking his eyes?

nangong nuannuan: " yingluo. " " aren't you progressing a little too fast? "

"What are you thinking? There are two small villas here, one for her and one for me. We're not living under the same roof."

baili yue,"where's my face?" It turned out that this house was not only hers, but he had also moved his own things here?

"Alright, alright, alright, whatever you say. I hope you can get sister Yue soon."

"Yes." Feng shengxuan couldn't hold back the gentle smile on his face. Their eyes were filled with light.

After hanging up the phone, Baili Yue asked in confusion, " "I'm clearly eating. Why did you say I was taking a shower?"

"That girl is smart and you're a good person. What if she tells you a fairytale and acts coquettishly with you? my efforts just now might be in vain."

baili yue,"yingluo, does your father know that you've turned from a wooden club into a demon?"

After ending the call with Feng shengxuan, Nangong Nuannuan was so magnanimous that she didn't think about how she had been tricked.

Brother chiyang was still waiting for her at home for dinner, so she had to go to the hospital again.

He was not going to the hospital to see anyone else, but to see the old man of Nanning.

Although he had heard that the old man was paralyzed, he deserved it. She hadn't even appeared yet, and the old man was not completely paralyzed.

On the way here, the prison guards had already received news that Nangong Nuannuan was coming. Although ning Zhennan had been staying in the hospital, he was still in custody. In other words, the ward he was in was his prison cell.

It was said that ning Zhennan's desire to live was very strong. He was recovering very well and there was hope for him to slowly get better. They were supposed to move to another hospital, but ning Haoran, the commander of the northeast War Department, was there. At least ning Zhennan's medical care was guaranteed.

Chapter 2856

2856 Old fool (1)

Although ning Haoran had cut off all ties with the ning family and had come back a few days ago to report on his work and accept an investigation, after the investigation, ning Haoran was fine, so he kept his position. However, it would be impossible for him to return to dizhou and the general Administration of warfare.

Although ning Haoran had cut off all ties with the ning family, ning Zhennan was still his father. In order not to be criticized, ning Haoran still spent his own money to support ning Zhennan.

The prison guard had informed ning Haoran of Nangong Nuannuan's arrival.

as for elder ning, ning haoran was extremely disappointed, but he had no expectations for him. Therefore, all he had to do was to provide him with the medical treatment he needed for the rest of his life. When he heard that Nangong Nuannuan was going to look for his father, ning Haoran's reaction was indifferent.

To him, even if elder ning was suddenly killed by Nangong Nuannuan, he was the one who had caused it.

He was already so old and clearly had such a rich family background. Even if he did not have an income, the next three generations would not have to worry about food and clothing. he didn't understand why they had to court death. She also didn't understand why such a smart person like the old man would be so stupid to listen to everything ning Wenqi said.

Ning Wenqi had been pampered since he was young, and he was extremely possessive. So, even if ning Wenhao had no power with his mother, he would still stomp on ning Wenhao and not let him rise up. Ning Wenhao's reversal was the biggest punishment to him. It was enough to see that ning Wenqi's character was ruined.

Not only did the head of a first-class wealthy family pay too much attention to an immature and jealous person, but he also tried to hand the entire ning family to him. He could be described as an "old fool" in three words!

So, since he had already done it, he had to bear the consequences. Ning Haoran had nothing to say about the ning family's current situation.

When Nangong Nuannuan arrived at the hospital, two police officers were on duty outside. When they saw her, they all greeted her very politely, " miss Nangong.

Nangong Nuannuan's attitude was very good. She greeted them with a smile and said that she had something to say to elder ning in private. The police responded quickly and said that there was a surveillance camera inside. They would turn off the sound of the surveillance camera. After Nangong Nuannuan thanked them, she entered the ward.

The ward was fully enclosed and had good sound insulation. There was also a surveillance camera, so even if the sound was turned off, there was still a video, so the police outside were very assured.

the moment nangong nuan nuan entered the ward, ning zhennan opened his eyes and turned his head.

He had been so anxious that he was about to go crazy. Ning Wen group and all the charity funds had been taken away by ning Haohan, and his Qi was locked up in prison to suffer.

They had treated the Nangong family so badly that ning Zhennan didn't even dare to think about what kind of suffering his son would have to go through after he was imprisoned.

He had been thinking of ways to draw a clear line between him and ning Wenqi and get him to come out. However, ning Haoran ignored him. although ning haoran came to see him every day these days, he only took a look and left. every time he wanted to write what he wanted to say and beg ning haoran to help ning wenqi, he would always let him rest well and not give him a pen and paper.

Hearing the door open, the nurse had just left, so ning Zhennan thought it was ning Haoran. He opened his eyes with hope, only to see a woman who was smiling at him, but her eyes were as cold as ice.

2857 Specially here to piss people off (2)

ning zhennan's heart skipped a beat, and he suddenly had a bad feeling.

if someone were to ask him who he didn't want to see the most, it would undoubtedly be nangong nuannuan.

he had been thinking a lot while he was in bed, and he remembered that ning wenqi had found someone to plant a bomb in nangong jin's house. However, there had been no news of the death of the Nangong family during this period of time. Therefore, he knew that Nangong Jin must have been lucky to find the bomb.

Seeing Nangong Nuannuan's smile now, ning Zhennan felt even more guilty.

Because of his guilty conscience, ning Zhennan thought that since he was half-paralyzed and couldn't speak, he could only write with his left hand. So, he turned his face to the other side and closed his eyes, refusing to communicate with Nangong Nuannuan.

He was paralyzed and could not speak. It was his right to refuse to communicate!

Nangong Nuannuan saw that the old man had turned his face away and even closed his eyes. He was not angry at all. She didn't believe that the old man could continue to pretend to be asleep later.

Nangong Nuannuan took out her phone and typed a string of symbols on the keyboard. What no one knew was that the surveillance system had been hacked in just a few seconds.

When the police officers outside saw the situation inside, they realized that Nangong Nuannuan had been standing not far away from the entrance with her back facing the camera. She was probably talking to someone. Ning Zhennan didn't want to listen to her, so he turned his head inside.

However, the reality was that Nangong Nuannuan had taken out her laptop. he said in a good mood, "i know you're old and blind, so i sent the video to your laptop." Don't you want to know anything about your youngest son?"

hearing the words " youngest son, " elder ning's body trembled. he turned around and glared at nangong nuannuan, trying to use his intimidating gaze to shatter her smug look.

However, Yingluo

Was that even possible?

nangong nuannuan looked at his angry face and not only did she not feel any pressure, but she also smiled happily. " i knew you would turn around, elder ning. After all, he was about to be buried, so why did he still do so much? It was all for the sake of his children and grandchildren. Am I right?"

Elder ning suddenly opened his mouth and began to shout, trying to call the police in. This way, the police would be able to see the video that Nangong Nuannuan was about to play. If it was a video of his son being abused, once it was seen by the police, at least ning Wenqi would not have to suffer so much in prison.

At least, Nangong Nuannuan would be able to restrain herself a little after being controlled.

However, ning Zhennan shouted for a long time, but he did not see the police come in. He began to struggle madly on the bed, trying to let the police see his struggle.

When he was tired of struggling and stopped, he panted heavily and looked like he could barely breathe. Nangong Nuannuan then said naughtily, " "Oh, I forgot to tell you that I've already hacked this video. They won't be able to see it. And the sound insulation is very good here, and it's two rooms, so it's awkward."

looking at nangong nuannuan's cheeky smile and shrugging, elder ning almost choked and passed out in anger.

"Alright, you don't have the strength to struggle now, do you? If you don't have the strength, come and enjoy the video."

in the video, ning wenqi was brought up. although his face wasn't covered, his face was full of beard, his haggardness, and the way he limped when he walked, ning zhennan knew that he was in a bad mood.

2858 Shocked (3)

his son had suffered. he had suffered a lot.

Immediately after, the scene rewound and showed ning Wenqi being surrounded and beaten up. He was even stabbed in the back with chopsticks.

ning zhennan's face turned from red to purple in anger. His left hand was clenched into a fist, but his right hand was twisted and trembling. He couldn't even clench his fists.

Seeing the various videos of ning Wenqi being abused, ning Zhennan was so angry that he was about to spit out a mouthful of blood.

The angrier ning Zhennan was, the happier Nangong Nuannuan was.

To put it bluntly, she was here for revenge. Of course, revenge would be as infuriating as it could be.

Even though the ning family had collapsed, that did not erase the hatred in Nangong Nuannuan's heart. she could only vent her hatred by torturing him to death.

"how is it? i have a few videos like this, and i'll have more in the future. i'm the one who arranged all these people. I can arrange for more types of people to share a room with him in the future. How about I come visit you every month, elder ning?"

Ning Zhennan looked at Nangong Nuannuan in disbelief. He had not expected that a woman who looked like she was smiling like a flower would be so cruel.

However, his reputation had also been ruined. Now, not only was he in prison, but he could not even protect himself. In the past, he had no idea how to deal with Nangong Nuannuan, and now, he had no idea what to do.

No one handed ning Zhennan a pen and paper. Ning Zhennan could only put his left hand to his mouth, then open his crooked mouth, bite his finger hard, and then write in blood on the bed sheet-

[it's not him!]

nangong nuannuan took a long time to recognize him.

"Not him? not ning wenqi? Hehe, who else could it be but ning Wenqi? Could it be ning Haohan?"

Ning Zhennan wanted to nod, but he found that he couldn't control his head. He could only turn his eyes to show that he was ning Haohan.

After knowing that ning Haohan had moved all his property away and hurt ning Wenqi, old man ning had used him as a shield.

"Oh, it's ning Haohan." nangong nuannuan had an expression of sudden realization.

Ning Zhennan quickly turned his eyes again.

"Why don't you watch the rest of the video?" Nangong Nuan asked with a warm smile.

Without giving ning Zhennan a chance to say no, Nangong Nuannuan played the video. After being beaten up, ning Wenqi was brought to the meeting room, followed by his conversation with ning Haohan today.

The more elder ning looked, the more shocked he was.

In order to win back the game, ning Haoran had been looking for ning Haohan. After all, even if the charity funds were recovered, the ningwen group still had a lot of liquid capital.

They also knew that the Nangong family had retrieved the donation amount. If the Nangong family could retrieve the donation amount, they would definitely be able to help the ning family retrieve the Ning Wen group's liquid assets. However, ning Haoran did not dare to go to Nangong Nuannuan. He had gone to see ning Wenhao several times, but ning Wenhao had ignored him.

After all, everyone in the ning family had been bad to ning Wenhao, including ning Haoran.

Ning Wenhao and ning Haoran kept in touch after that because ning Wenhao didn't think ning Haoran was that stupid. Ning Haoran was the only person in the entire ning family that he was willing to talk to.

However, now that things had come to this, ning Wenhao had completely cut ties with the nings. If ning Haohan came to him again, and it was because of the money of the Ning Wen group, how could he care?

This was also something that the ning family was very depressed about.

2859 The thing I hate most (4)

The hacker, kamu, had already died at the hands of ning Haohan. The nings could no longer find any hackers to help them find the money. Ning Haoran had no other choice but to ask ning Wenhao for help.

To ning Zhennan's surprise, ning Haohan, who had absconded with the donation, had been arrested in France.

More importantly, musta's Lieutenant General from France had called Nangong Nuannuan 'boss'!

This "boss" directly broke ning Zhennan's heart.

she watched as her two sons knelt before nangong nuannuan. the brothers not only bit at each other, but they also put in a lot of good words for nangong nuannuan.

More importantly, ning Haoran had said that he had given Nangong Nuannuan all the money of the ningwen Corporation, as well as the two billion Yuan that he had saved.

hearing this, elder ning's blood was boiling, but he just couldn't spit out the blood.

After watching the video, Nangong Nuannuan walked to ning Zhennan's side and saw that not only his face, but even his neck had turned purple from anger. He slowly took out three thin and long silver needles from his bracelet.

Looking at the three needles, ning Zhennan was so scared that his body could not help but tremble.

"elder ning, why do you think zhenzhen didn't want to be the good old master of the ning family? you didn't know how to manage the good ning family. you didn't let your good children and grandchildren

learn to be independent and self-reliant. instead, they always like to do things that can't be shown in public? "

Nangong Nuannuan's voice was very gloomy at the moment. It was so gloomy that it was terrifying.

"Do you know that I hate people who try to kill me or my family and friends the most? I won't let such a person live overseas. My Emperor armor is so big, do you think I got it by acting cute? Ning Zhennan, you have underestimated me and overestimated your ning family. In my eyes, your ning family is just like an ant. If I like you, you can continue to live. If I don't like you, you can live worse than pigs."

After saying that, Nangong Nuannuan immediately took out three silver needles and quickly and accurately pierced them into the nerve center of ning Zhennan's head.

A huge pain spread through his body. Ning zhenhan was also a person who had been shot before, but he felt that a gunshot wound was nothing compared to this pain. The key was that he wanted to shout out, but he realized that he couldn't even make a sound. He even wanted to make himself faint, but every time he thought he was going to faint, he would be woken up by the sharp pain.

Just like that, ning Zhennan suffered for a full five minutes. When Nangong Nuannuan pulled out the needle, the pain suddenly disappeared.

he could still feel the extreme pain in his body, but not long after the silver needles were pulled out, ning zhennan felt his body become numb.

He opened his eyes in horror and wanted to make a sound, but he found that he couldn't make a sound when he opened his mouth. She could only make an " ah " sound in less than half a second clumsily, and even this " ah " sound was not accurate.

he looked at nangong nuannuan in shock and wanted to ask her what she had done to him. However, he had no other choice.

then ning zhennan thought of writing it by hand. He subconsciously wanted to raise his left hand, but what made him even more horrified was that his left hand was actually trembling non-stop, and the extent of the trembling was particularly large.

with such a trembling method, he couldn't even put his hand in his mouth, let alone write.

Ning Zhennan looked at Nangong Nuannuan in fear, his eyes filled with anger and doubt.

however, nangong nuannuan took her time to store the needles into her bracelet to disinfect them. He smiled at ning Zhennan and said,"old master ning, Did you know?" Originally, I wouldn't have put too much pressure on the ning family for ning Wenhao's sake. However, your ning family has repeatedly put a basin of sh * t on my head. Although Kamino's laws make it impossible for me to kill you and your family, you have to believe that if I want you to die, it's very easy.

right now, your central nervous system can only control your thoughts, but it can no longer control your five senses and four limbs. It's just like your son. He's clearly still alive, but the rest of his life will be like a maggot, living in the darkest and stinky place. From now on, she would be accompanied by pain. You'll die in a few years, but your youngest son is only in his 20s! he still had a few decades to go. He could've gained a firm foothold in the military campaign Department under your guidance. That way, even if you die, ning Haohan will still have to rely on him for the development of the Ning Wen group. But you? But you pushed him into the abyss and destroyed his bright future. When you go to hell a year or two later, you should hate yourself very much, right? Why did you all come to provoke me at that time?

But you've really pissed me off, and you're making me very angry! So, whether it's you, your two sons, or your daughter-in-law who's pretending to be a sheep, I'll make them die a terrible death. if you hadn't offended the nangong family and had a stroke, i could have cured you with just one word from ning wenhao. But now, you've provoked me, provoked the Nangong family, and even tried to allow your son to kill my brother. Then, I'll make you live in anger, worry, and regret for the rest of your life. The three needles just now completely broke your nerves.

Right now, your central nervous system can only control your thoughts, but it can no longer control your five senses and four limbs. It's just like your son. Why did you all come to provoke me at that time? No one can live well after provoking me. No one in the world can do it! Do you understand?"

Ning Zhennan's tears were flowing madly.

He regretted it!

He was so regretful!

He had regretted it when the Nangong family turned the tables. But now, he regretted it to an indescribable extent.

If he had known that Nangong Nuannuan was such a demon, he would have stayed far away from her. He would never provoke her and drag the ning family down and kill them.

his eyes were filled with sorrow, and he hoped that nangong nuannuan would forgive him for ning wenhao's sake. However, on one hand, Nangong Nuannuan couldn't understand it. On the other hand, she wouldn't give her face.

" look at you. you gave up the ningwen group and went to touch our charity fund. in the end, not only did you not get the charity fund, but your reputation and the nings are ruined. even the ningwen group's money went into my pocket. even ning haohan's money went to me. You let me pick up a Corporation to play with for nothing. in fact, i'm more inclined to start my own business. after all, i don't care about your group at all. it's completely useless to me. But seeing how you've all kneeled and begged me, I can only reluctantly accept it. "

Nangong Nuannuan kept her laptop in her bag and said to ning Zhennan, "That's right, I'm here today to piss you off."
