Chapter 2901

2901 A different Feng shengxuan (1)

“Don’t worry, they’ll explain. He would know about such a major surgery.”

Outside the operating room, old master Chi looked at Chi Yang. After all, he was the one who said that he could explain this matter.

Chi Yang, on the other hand, glanced at Feng shengxuan. Just as she was about to speak, Feng shengxuan had already explained himself.

“Grandpa, don’t blame my dad for this, and don’t blame Nuannuan either. You know about my dad’s internal organ failure. his kidney was the most seriously injured that year, so it also failed the fastest.

Apart from the kidney, the liver, left lung, and heart were also in the process of failure. It was all thanks to Nuannuan’s constant use of acupuncture that his body had not suffered any major problems. however, his organs had already failed, and acupuncture alone could not reverse it.

Nuan Nuan had intended to tell you about this, but my dad didn’t want you to worry, so he told Nuan Nuan not to tell you.

He had found a donor in private, and after the initial match was successful, the four internal organs had been placed in the angel research Institute for rejection.

This surgery was only carried out after Nuan Nuan’s repeated confirmation. Nuannuan said that since we’re going to change them, we’ll change them all. It’ll be a one-time operation and a one-time injury. After the change, all the organs in dad’s body will be fine in the future. this will also help with a complete recovery.”

Chi Yang looked at Feng shengxuan and raised his eyebrows.

feng shengxuan had really changed a lot ever since he was removed from the hypnosis. It could even be said that his entire person had changed.

In the past, Feng shengxuan had wanted to kill him at first, but when he came to live with the Chi family, he had also wanted to trick him. Even after he found out that they were a family, he had never thought of giving in to his younger brother.

however, after the hypnosis was removed, chi yang could often feel the pampering from his brother.

It was as if Feng shengxuan would definitely throw the blame on him for such a small matter in the past. he was already used to it.

However, after the hypnosis was lifted, he realized that Feng shengxuan would always move his favorite dishes to his side when he went downstairs for dinner.

At this moment, he clearly knew that it was not an easy task to appease his grandfather. Whoever opened their mouth had to be responsible for extinguishing the fire, but he did not think twice about taking the blame for this.

Although this wasn't a big deal, it made Chi Yang, who had been an only child since he was young, experience the feeling of being taken care of by an elder brother.

As expected, Grandpa Chi didn't buy Feng shengxuan's explanation at all. He hit the ground with his walking stick angrily. "He's simply messing around! he didn't even discuss such an important matter with me and even got that girl nuan to help him lie to me."

after saying that, he looked at chi yang, "i've talked to you about your second uncle's illness so many times, but you've never told me the truth. do you think that this old man is no longer useful?" you weren't like this in the past. you used to tell me everything."

Grandpa! Chi Yang was about to say something, but Feng shengxuan interrupted him.

"grandfather, you can't blame chi yang for this. My dad doesn't even allow Nuannuan to tell you. If Chi Yang tells you about this, then wouldn't Nuannuan lose her credibility in front of my dad? He didn't want you to worry about him. If you knew that he was going to have four organ transplants at the same time, you would have been worried from then on."

Grandpa Chi was about to say something when Feng shengxuan continued, " "My dad is a filial son. You know that."

Chapter 2902

2902 You child (2)

"if he knew that you were worried, he would blame himself to death. He was not in good health, and he had to worry about this and that all day long. Wasn't it unnecessary? Moreover, Grandpa Yingluo, are you saying that you don't trust your granddaughter-in-law?"

hearing feng shengxuan mention nuan nuan, grandpa chi immediately said, " "How is that possible? if i don't trust a good and reliable child like nuan nuan, then there's no one i can trust."

"That's it. Since you believe in Nuannuan, what's there to be angry about? We hid it from you because we didn't want you to worry. You see, now that the surgery is done and successful, although you're a little grumbling and a little scared, you're just a little depressed, right? So, Grandpa, please don't be angry with my dad and Nuannuan."

"Who said I'm angry with your dad and Nuannuan?" He was clearly angry at everyone. No one had told him about such a big thing.

"you're not even angry, only chi yang and i know about this. are you angry with chi yang and me?"

"I'm Yingying!"

“Then Grandpa, you’re being a bully. One of you’re the one who’s going to receive the surgery, and the other one’s going to undergo it. chi yang and i are both people who seek to survive in the cracks. it’s not easy for us either. grandpa, please forgive me.”

Grandpa Chi was amused.

“What survival in the cracks? Are you all that pitiful?”

“Why not? I’ve been scolded and beaten by my mom all day long, and my dad is also helping my mom. I don’t even have a place to live anymore, okay?”

“what about him?” Grandpa Chi looked at Chi Yang.

Chi Yang had an innocent look on his face, “ grandfather, I don’t have parents. I can only listen to my wife!

Grandpa Chi looked at the two of them and finally understood.

The two brothers who used to like to trick each other were now united!

It was really rare!

they had joined forces to trick this old man!

An hour later, Chi zeyao was finally wheeled out by several experts and Nangong Nuannuan.

“nuannuan, how is it?”

even though the doctor had said that the operation was a success, that was not what nangong nuannuan had said. They only believed in Nangong Nuannuan.

Therefore, Grandpa Chi, Grandpa Nangong, and second uncle all surrounded him at once.

Feng shengxuan and chiyang mie, on the other hand, did.

They all believed in Nuannuan.

Since Nuannuan had already asked her people to announce that second uncle’s surgery was a success, then it must have been a success.

nangong nuannuan nodded at her three assistants. under gu mingcheng’s lead, the three of them continued to push chi zeyao towards the ward. Nuan Nuan followed behind her family.

“Don’t worry, the operation was a success. Grandpa, I’m sorry. Second uncle didn’t want you to worry, so he didn’t let me tell you that he wanted to change four internal organs at once. actually, i’ve already told second uncle that it’s not right for him to hide things from you and second aunt, but second uncle insisted on it. as a junior, i can’t do anything about it.”

afraid that her big brother and big brother chiyang would not be able to handle her grandfather, the first thing nuan nuan did when she came out was to blatantly push the blame to her unconscious second uncle without any guilt or guilt.

“You child, you didn’t even discuss such a big matter with us. Even if you want to hide it from your Grandpa Chi, you should at least tell me!” Elder Nangong was afraid that his granddaughter would be criticized, so he quickly interjected.

Feng shengxuan had already convinced Grandpa Chi, so he was immediately displeased when the old man Nangong interrupted.

Chapter 2903

2903 a lousy degree (3)

“Hey, old man Nangong, are you trying to pick a fight with me? I can’t know about my son’s matters, but you have the right to know? Besides, in the medical field, as long as Nuannuan thinks it’s feasible, I believe she can succeed.”

Then, he quickly comforted his granddaughter-in-law, “Nuannuan, grandfather has long said that you are our family’s Lucky Star. With you around, the Chi family will only get better and better.

Here it comes again!

Nangong Nuannuan wanted to facepalm.

She made a living with her cooking skills. She admitted that she could bring health to her family, but she really didn’t dare to take the blame for her luck.

nangong nuannuan quickly changed the topic. “grandfather, second uncle had a total of four internal organs replaced today. they are the kidney, liver, left lung, and heart. ” However, second uncle had already found these four internal organs a few months ago. In the past two months, I’ve been using second uncle’s blood and these internal organs for experiments. after making sure that there would be no signs of rejection, he performed the surgery of replacing four internal organs at the same time.

The operation was very successful. Although the internal organs in his second uncle’s body were second-hand, after two months of maintenance, it could be said that these four internal organs were definitely much healthier than the ones in his body that were operating normally. Therefore, Grandpa didn’t need to worry about the bad side effects after the surgery.

Second uncle only needed to rest in peace now. When his internal and external injuries were completely healed, he would be no different from a normal person.

ah, that’s right, i even replaced second uncle’s joint. Second uncle’s joints were too deformed, especially his leg joints, which could no longer support his body.

Second uncle is still young, and he doesn’t want to spend the rest of his life in a wheelchair, so I installed the artificial joints from our research Institute for him. But don’t worry, Grandpa. Although the joints are man-made, they are very tough and are more durable than real human joints. I was thinking that since second uncle still needs to recuperate, we might as well recuperate together, so I changed his joint as well.”

Everyone was speechless.

even chi yang and feng shengxuan felt that nangong nuannuan's surgery was like a car modification, let alone old man chi.

If the parts are wrong, change.

The parts are not easy to use, change.

since they had already arrived at the repair factory, they could just exchange whatever was wrong.

he felt that other than the soul, he was still the same soul, but the person had changed.

everyone was already in awe of nuan nuan's medical skills. second uncle, who was standing beside her, finally could not help but ask, "Nuannuan, you're going to start school in a few days, right?"

nangong nuannuan didn't understand why her second uncle was suddenly talking about this. she nodded and said, "That's why second uncle asked me to perform the surgery for him during the summer vacation. i don't want to be busy at school."

everyone's eyes twitched.

"what are you busy with? You have people from the world's top research Institute, and you can have three experts to help you with one operation. What are you going to study in University?"

nangong nuannuan was stunned.

This Yingluo

She had never thought about it.

nangong nuannuan scratched her head and answered honestly, "I know how to do it, but I don't have a degree."

everyone's mouth twitched.

An expert came out after collecting precious data and happened to hear the boss 'words. She was shocked that her boss still wanted to go to college, and her purpose of going to college was to get a bachelor's degree. She immediately said, "Chairman, I'm the honorary Vice Director of M University's medical school in Saibo country."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2904

2904 Eye-opening (4)

"if you need it, i can inform them. if they know that you want to get a diploma, they will immediately issue it to you. do you want it? If you need it, I'll call them immediately."

"no need!" nangong nuannuan rejected him without a second thought.

"Why would I want a degree from M University?"

it's not Wanwan. the expert was a little confused. Did he hear wrong?

“what i want is a degree from the military campaign administration’s affiliated medical university. You can give it to me?”

The honorary Vice Director touched his nose and left with the documents.

alright, alright, he couldn’t afford to offend her.

They were originally medical universities on the same level, even better than M University. However, for some reason, this honorary vice-director now felt that the medical University affiliated with the battle Bureau was much better.

Everyone laughed at Nuan Nuan and the medical department University. They felt that with Nuan Nuan’s skills and good fortune, Qin Muyang would probably issue her a graduation certificate once she entered the medical department University.

Moreover, it was a master’s degree.

Although they laughed, everyone knew in their hearts why Nuan Nuan insisted on getting a medical University degree.

They all felt that it was Chi Yang’s happiness to be able to find Nuan Nuan. it was also nuan nuan’s good fortune to be able to find chi yang.

otherwise, with nuan nuan and feng shengxuan’s status, they, the chi family, and the nangong family would be doomed to a tragedy.

Everyone entered the ward, and Nangong Nuannuan showed everyone the wounds on second uncle Chi’s body.

This was because four internal organs had to be replaced, which was not something that could be done with ordinary large holes. on the one hand, the internal organs had a lot of space, and on the other hand, sewing required a lot of space, so chi zeyao’s body was covered in all kinds of black lines.

It was fortunate that Nuannuan had good craftsmanship, or else his body wouldn’t be covered in black threads, but instead, it would look like a blanket.

The two old men were both people who had experienced great storms and knew what wounds looked like. After seeing that there were only a few black lines on Chi zeyao’s body, they could not help but sigh.

“nuannuan, your cooking skills are superb. it looked like someone had drawn a few black lines on his body.”

Nangong Nuan smiled. I drew the line according to the muscle structure. This way, after the stitching, the texture of second uncle’s skin won’t break. It’ll be beneficial for his recovery in the future.

“Child, you’re so thoughtful.” Old master Chi couldn’t stop nodding.

The doctors at the side were anxious about the two old men’s concerns. One of them could not help but feel excited and boasted,”Old men, you don’t know, but the stitches on Mr. Chi’s body are nothing. the stitching of mr. chi’s internal organs was exquisite. i’ve been a doctor for many years, and i’ve seen all

kinds of divine hands, but our chairman's suture technique, hand speed, and eyesight are simply the best in the world!"

"Yeah, I've never seen such beautiful suturing before. Today's surgery was really an eye-opener. Thank you, Chairman, for giving us the opportunity to observe."

this was nangong nuannuan's territory, so she didn't have many taboos. she nodded to her three assistants and said, " "You guys can go down and test the data here. There's nothing for you guys to do here."

"Yes."

the three of them quickly left, wanting to go back to look at the data and the video.

The three of them had been in the medical field for more than twenty years, and this was the first time they had seen such a steady, fast, and accurate hand.

It would be too light to describe it as breathtaking.

They really wanted to ask if the chairman was human.

Were they human eyes and human hand speed?

Chapter 2905

2905 We will accompany you (1)

In the ward, everyone was watching over Chi zeyao. Although he might not wake up for a while, everyone hoped that the first thing he would see when he opened his eyes would be his family.

this was his new life, and everyone wanted to celebrate with him.

Nangong Nuannuan took the opportunity to call Feng shengxuan out. Chi Yang was also pushed out by Nangong Nuannuan.

"Where's sister Yue?"

Because it was her second uncle's operation, even Selena and danqi, the two rice worms, were busy at disheng, just to free Feng shengxuan and Baili Yue.

However, the moment they came out of the operating room, Nangong Nuannuan could feel the pressure on Feng shengxuan.

"she's gone,"

"what do you mean by" gone "? Just now, brother chiyang told me that she was taken away by her family. but sister yue told me that she doesn't have a good relationship with her family. the only good one was his sister. other than the baili family, she had no other relatives in that world. where did those so-called 'family' come from?"

feng shengxuan looked in the direction of that world and said, " "Besides the Baili family, she has another home."

“there’s another one?”

Nangong Nuannuan glanced at Feng shengxuan and felt that he wasn’t teasing her. However, Baili Yue had never told her about the other family.

“did you suddenly remember something after the hypnosis was lifted? You’ve been to that world before?”

Chi Yang looked at Feng shengxuan. After all, he was once the King, and he was personally taught by Feng Kun. feng luan was from that world, so perhaps feng shengxuan had been there before.

when feng shengxuan didn’t reply, chi yang and nuannuan knew what was going on.

“If sister Yue is being targeted by Feng Kun, then it’s indeed the best choice for her to leave with her family now.”

“When the matter here is settled, we’ll accompany you to find the person.” chi yang said.

Nuan Nuan immediately nodded in agreement.

feng shengxuan looked at the two of them and smiled. ” alright. ”

on the second day after chi zeyao’s surgery, di mo began to search for bai liyue.

Before he started his inch-by-inch search, Feng shengxuan had already sent the electric arcs to Feng Luan.

Seeing the call from Feng shengxuan, Feng Kun’s face darkened.

He had been planning for so many years, and it had not been easy to plant so many people in the other party’s internal department. He had originally wanted to make a big move. Even though many would die, he could guarantee a 100% success rate. He didn’t expect that the people he sent out would never return.

it was obvious that bai liyue had been saved.

it went without saying who had saved her.

Yesterday, the son that the Chi family had picked up had undergone the surgery, and it had been done by Nangong Nuannuan herself. He had been certain that the Chi and Nangong families would be accompanying the substitute, and that Baili Yue would be alone. That was why he had attacked Baili Yue.

Who knew that Feng shengxuan would find out that his men were monitoring the Nangong family, and that it had raised his guard. He had been helping Nangong Nuannuan to protect Chi zeyao, but in the end, he had killed all of his men.

His men were all from the combat service department. His original intention was to use the combat service department to frame Chi Yang, so that the two of them, who were already at odds, would fight each other.

However, in the end, not only did Bai Liyue not die, but the people on both sides also did not fight. Instead, he was forced into a passive situation.

2906 The dead can not testify (2)

could it be that the plan that had lasted decades had failed just like that?

Was he still too impatient?

But how many lifetimes had it been?

How many times had he failed?

He did not understand how such a meticulous plan had failed.

feng kun picked up the phone with an extremely ugly expression. if he failed again this time, he was wondering if there was any need to continue with this world.

However, Yingluo

He had almost used up all of his power in this world, but Feng shengxuan and Chi Yang were getting stronger and stronger, and the bugs they had were different every time. He was really afraid that if he were to do it all over again, he would become even weaker, while the other two would become even stronger.

was he going to become the biggest joke in history for harming others and not himself?

“little xuan.” Feng Kun’s voice was a little gloomy.

“where’s bai liyue? where did you hide them?”

Feng shengxuan’s voice was filled with rage, as if he could burn Feng Kun to ashes even through the phone.

feng kun was stunned.

he thought that feng shengxuan had called to question him.

Although he had indeed come to denounce his crimes, he was actually asking where Bai Liyue was.

feng luan’s brain worked quickly and instantly thought of the greatest possibility.

Although Feng shengxuan sounded angry, it was because of Bai Liyue’s disappearance. His hypnotized subconsciousness had been triggered, so he was very angry and anxious. However, it was far from enough to make him lose his mind and want to destroy the world. This meant that Bai Liyue was not dead, and Feng shengxuan’s hypnosis had not been lifted automatically.

He was the one who had hypnotized her, and he knew very well what the consequences would be for those who Feng shengxuan had deemed to have caused Bai Liyue’s death.

That meant that his men had not been killed by Feng shengxuan or Nangong Nuannuan’s men.

However, it was true that none of his men returned, and all of them died. Shi Yalin had a life recorder with her, so they knew who was dead and who was not.

Shi Yalin had told him in a trembling voice yesterday that all 60 of them had been killed in just two minutes.

He was surprised that Feng shengxuan's power had grown to this extent. However, after hearing what he said, Feng Kun did not think so anymore.

To be able to take care of 60 3S level mercenaries who were also holding heavy weapons in two minutes, this was not something that could be done by any random force. Even Feng shengxuan and Nangong Nuannuan could not have such power in the Emperor province. However, on Chi Yang's side, the Eagle didn't have any strange movements.

Then it was obvious that the person who saved Bai Liyue and killed 60 of his men yesterday was someone else.

thinking of the recent changes in the baili family, feng kun had a plan in mind.

it only took a moment for feng kun to realize that the baili family might have taken baili yue away.

however, he would definitely not tell feng shengxuan about this.

It would be best if Baili Yue disappeared.

It just so happened that those 60 people were all dead, and the dead could not testify.

So, huhu

"Little Xuan, what are you saying? Why would I hide Yue 'er? hasn't she been following you?"

"Feng Kun, don't play tricks with me! You know you can't be more cunning than me. I want to know where you've hidden Bai Liyue. what's your purpose in capturing her? What do I have to do for you to hand her over? If you want to be ko 'ed, you can just say so. There's no need to do such a sneaky thing."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2907

2907 Don't worry, Feng Kun (3)

on the other end of the phone, feng kun was heartbroken."Little Xuan, what kind of person do you think I am? ever since you were unhappy with wen wan and even killed her, have i ever interfered in any of the matters of KE? If you want to go to the Emperor Prefecture, I'll let you go. If you want to be with Nangong Nuannuan and would rather see her with chiyang than make her sad, I'll do whatever you want.

However, even if I'm angry and want to kill someone, I'll kill Nangong Nuannuan. Why would I kill Baili Yue? previously, when wen wan killed baili yue, you could still explain that she liked you and was jealous of baili yue. but why would i kill bai liyue? Other than angering you, what benefits do you think I can get? Why would I do something that will not benefit me and will also expose our relationship?"

There was no sound from the other end of the phone, but Feng Kun knew that Feng Shengxuan was still listening. He continued to explain agitatedly, "Xiao Xuan, you're all grown up now and have your own thoughts and feelings. As your uncle, I understand how you feel. Who didn't have someone they liked when they were young? Although I'm not happy that you went to Dizhou for that traitor Nangong Nuannuan, I have no prejudice against Bai Liyue. In fact, as long as you say that you've given up on Nangong Nuannuan and want to marry Baili Yue, your mother and I will not have any prejudice and will immediately help you arrange the wedding. If I didn't kill Nangong Nuannuan, why would I send people to kill Baili Yue?"

"Then who was it that sent people to kill Baili Yue yesterday? Where is she now?"

Seeing that Feng Shengxuan was no longer suspicious of him, Feng Luan was extremely excited.

"I don't know. Whether you believe it or not, I really don't know. I didn't even know that Bai Liyue had gone missing. Because of what happened last time, I saw that you were already angry, so I didn't send people to watch the Nangong family anymore. So, I really don't know about this. Don't you have so many powerful people under you? If I was the one who did this, it's impossible that I didn't find any traces. How about this, I'll help you check. I'll definitely let you know when I find out."

"No need. I'll check it myself."

After saying that, he directly cut off the contact.

Feng Kun looked at the phone that had been hung up, his entire being excited.

He knows where the group of people from the Baili family is, so he just has to see if Baili Yue is with them.

Feng Luan took out a talisman, and with a shake of her hand, the talisman burned. Then, she disappeared from her room.

Feng Kun knew that the Baili family had come to this world because they wanted to ask Baili Yue for help in the marriage.

Since Baili Yue had refused, they had been trying to persuade her.

When Feng Luan arrived at the base of the Baili family's servants, she found that there was no one there. The things inside had also been taken away.

He asked the staff at the inn and was told that the person had left yesterday.

Thinking that his men had been killed yesterday, Feng Luan was even more certain that Bai Liyue had been taken away by force.

Only the people from that world could kill 60 of his mercenaries in such a short time.

After knowing that the Baili family had left, Feng Kun knew that Baili Yue was probably willing to follow them back to save her sister.

although he felt that bai liyue was a fool, she clearly liked feng shengxuan so much, but she wanted to give him up and go back to help her sister marry on her behalf. But this also made Feng Kun feel completely relieved.

Chapter 2908

2908 A grand entrance 4

if he couldn't find bai liyue, feng shengxuan's hypnosis wouldn't be lifted, but he would only get more and more anxious.

Perhaps when he first found out the identity of those mercenaries, he would not believe that Chi Yang was the one who did it. But after a long time, they couldn't find him and he was not suspicious, so the only suspect was Chi Yang.

He wasn't in a hurry. He would wait.

It seemed like even the heavens were helping him!

After Chi zeyao's surgery, although there were major stitches on both the inside and outside, his internal organs had recovered. Everything was getting better.

old King, who feng kun did not care about at all, the man that feng kun had always been afraid of, was recovering at a magical speed.

Just like Chi Yang's injuries. The outside world thought that Chi Yang would not be able to move freely for at least three months after suffering such a serious injury. It would take at least half a year for him to recover to his former state.

however, after chi yang gradually gained control of the energy in the air, not only did he recover from his injuries to the point where he could walk freely in just a few days after he returned home, he even transferred the energy that was filled with spiritual power to chi zeyao.

This directly caused Chi zeyao to be able to sit up straight after the surgery. Her wound didn't hurt anymore, so she went home directly.

everything was developing without feng kun's knowledge.

finally, it was august 30th, the day nuan nuan started school.

She had to report to the medical department University today. Although there was no need for dormitories, the school would still arrange dormitories for each student. After that, they would distribute books, arrange for instructors, and sign up for various clubs.

Chi Yang looked at the girl who was dressed innocently. There was a flame in Chi Yang's eyes that Nangong Nuannuan was very familiar with.

"You really don't want me to go with you?" Chi Yang asked with a bit of melancholy.

Nuan Nuan shook her head. you're sick right now. You should be bedridden. You should just maintain this state.

“then come back early after you’re done.”

“I know!”

After agreeing to Chi Yang’s request, Nangong Nuannuan got into the Nangong family’s car and left.

Today, the six brothers of the Nangong family had personally picked her up.

As a famous person, the news of Nangong Nuannuan going to study at the medical University had long been known by all the students.

Therefore, when they saw the Nangong family’s fleet of cars parked outside the school gate, no matter if they were seniors or freshmen, they couldn’t help but stop in their tracks and cast their attention over.

Although Nangong Nuannuan was only a first-year student, she was not only the eldest daughter of the Nangong family, but also the granddaughter-in-law of the Chi family. Before she became a university student at the Department of resident medicine, she had already discovered the poisoning of the lungs and saved most people. Not only that, but she was also the National champion of the college entrance examination.

Whether it was his status, talent, or looks, he was doubtlessly keeping all the students in the University of Medicine in check.

Hence, even before she entered the medical department University, she had already received the attention of all the teachers and students.

At this moment, when they saw a low-key yet luxurious fleet of cars parked at the school gate, everyone knew that this must be the most popular freshman who had entered the school.

Today, Nangong Nuannuan was wearing a soft white knitted sleeveless shirt and a pair of casual pants. Her hair was still tied up in a bun. The high-waisted low-cut pants accentuated her slim waist. In addition to his flamboyant and exquisite looks, not to mention the boys in the school, even the girls couldn’t help but exclaim in surprise.

Really?

It was too beautiful!

What the female classmate could not stand the most was that there were six handsome men standing beside Nangong Nuannuan, all of whom were about 1.85 meters tall.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 2909

2909 an even cooler appearance 1

Some were iron-blooded, some were elegant, some were handsome, and some were bright.

From time to time, the sound of the AWSL could be heard from the crowd.

any one of the six super handsome guys would be considered the most handsome guy in the medical department. everyone looked at the family's super good looks and sighed. the nangong family's genes were really too strong. they had actually given birth to so many good-looking next generation.

originally, nangong nuannuan didn't want to appear in such a high-profile manner. after all, she didn't like to be noticed and especially hated trouble. However, the two old men had said that she was already famous. Even if she entered the school without anyone, she would definitely attract countless people to watch. Rather than that, it would be better to let his brothers accompany him.

just as the six brothers of the nangong family accompanied nangong nuannuan and made a high-profile appearance, another convoy arrived behind them.

compared to the nangong family's luxurious but low-key convoy, the convoy this time was much more high-profile.

Most of them were limited edition Ferraris, and there were even two-wheeled silvers that were rarely seen in the world.

Shi Yalin, miss Shi, got off from a white ice River two-wheeled syre.

Many of the students had never seen such a limited edition supercar like Sylphy's, and they all exclaimed in surprise.

Due to everyone's shock, Nangong Nuannuan's interest was piqued. She turned around and saw Shi Yalin, who was wearing a black one-piece dress and exuding an immortal aura, walking out of Sylphy.

It was as if the two families, who were not on good terms, had made an appointment. Shi Yalin was accompanied by the Shi family's eldest young master Shi Zhongyu, second young master Shi Zhongxiao, third young master Shi zhonglei, fourth young master Shi zhongran, and fifth young master Shi zhongqiong. As the sixth young lady of the Shi family, Shi Yalin could be said to be the little princess of the Shi family.

Even though he was one less person than his brother from the Nangong family, his appearance was still too eye-catching. As long as a student got into the medical administration University and achieved a certain score, they could be exempted from school fees. Therefore, a portion of the students who chose to study at this University did not have a good family background. Because they didn't recognize the Nangong family's car, some of them felt that the Shi family's car was much more luxurious than the Nangong family's.

It could be said that the appearance of the Shi family had successfully diverted the attention of many students.

"But who? Heavens! Her family's cars were all so flashy. Is she also a new student of the medical department University this year?"

"Why do I feel like they're even more powerful than the Nangong family?"

"Yeah, their car is much better than the Nangong family's car!"

"Although this girl isn't as pretty as miss Nangong, her family should be richer than the Nangong family, right? Or at least similar?"

“Don’t you guys know who she is? She was the young lady of the Shi family, one of the four great families. Just like the young lady of the Nangong family, she was the only young lady in the Shi family! Furthermore, Shi Yalin is the real young lady of the Shi family. She’s different from Nangong Nuannuan.”

“What’s different? Could it be that Nangong Nuannuan isn’t the real miss of the Nangong family?”

“Nangong Nuannuan’s original name is Zhong Nuannuan. Her father’s surname was Zhong, and she had only been recognized by the Nangong family not long ago. Don’t you guys watch the news?”

wow, so that means miss Nangong is only the cousin of the Nangong family, and only the eldest miss of the Shi family is the real daughter? ”

“If only I could be friends with this young lady of the Shi family.” One girl had unintentionally revealed the thoughts of many other girls.

“It’s just the name of a young lady, what’s there to show off? not only was miss nangong the eldest daughter of the nangong family, but she was also the chairman of disheng group, which was ranked third in the world. she was also the chairman of the largest shopping paradise in dizhou, tianheng shopping center. therefore, it didn’t matter if she was the granddaughter of the nangong family or biao young lady, it was just to add a halo on her head. Could it be that the title of Chairman of disheng group is not enough to match the title of the young lady of the Shi family?”

Some of the students who were more familiar with the forces in the dizhou state couldn’t bear to listen any longer.

In their hearts, Shi Yalin’s status was far inferior to Nangong Nuannuan’s!

Everyone who heard this was shocked. Very quickly, word of Nangong Nuannuan’s identity spread to every corner.

Initially, Shi Yalin was very happy to hear the discussion at the school gate. However, later on, she realized that her limelight had been completely overshadowed by Nangong Nuannuan.

Shi Yalin smiled and looked at Nangong Nuannuan, who had turned around to face her. She called out sweetly, ” “Miss Nangong!”

Nangong Nuannuan also showed Shi Yalin a bright and dazzling smile in a friendly manner.

“Miss Shi, nice to meet you!”

When the brothers of the Shi family saw this, they looked as if they were afraid that Nangong Nuannuan would plot against their sister. Shi zhongqiong even stood in front of Shi Yalin and said in a gentle voice, ” “Nangong Nuannuan, what are you doing now?”

When the students at the side saw this scene, they all had the expression of onlookers.

After all, these two were the daughters of the most powerful families. Why would the Shi family be so afraid of Nangong Nuannuan?

Could it be that Nangong Nuannuan had harmed or pranked Shi Yalin in the past?

Nan gongze looked down on the Shi family's unpresentable behavior and sneered, "What does fifth young master Shi mean? If you don't like our Nuannuan, miss Shi can just ignore her. You greeted our Nuan Nuan and she greeted you in a friendly manner, but now you're looking at her as if she's going to eat up your miss. Aren't you acting?"

"Alright, ze, don't be calculative."

The second brother Nangong li revealed an indifferent and refined smile and stopped his younger brother's impolite behavior. He nodded slightly at Shi Yalin, "Miss Shi, if you don't like our Nuannuan, you don't have to inform her. After all, our Nuannuan isn't Chinese yuan, so it's impossible for everyone to like her. You're all here to study, so there's no need to treat this place as a society. Just go your separate ways."

Since the Shi family had put him on the opposite side of the Nangong family, there was no reason for the Nangong family to be the scapegoat!

"Nuannuan, let's go."

"Alright!" Nangong Nuannuan smiled and left with her brothers without even looking at Shi Yalin.

"Nuannuan!"

Suddenly, a voice called out to Nangong Nuannuan. When she looked up, Nangong Nuannuan's eyes were curved from smiling.

"Xiaoli! When did you arrive? Why didn't you tell me?"

Nangong Nuannuan was very happy to see her high school dormitory friend and greeted her warmly.

Gu Xiaoli was also very happy. She walked up to Nangong Nuannuan quickly and was about to hold her arm, but she retracted her hand when she saw so many people watching.

Just as she was about to retract her hand, Nangong Nuannuan had already taken the initiative to hold her arm.
