#### Chapter 2951

2951 Highest score 2

However, they had been thirsty for a long time, so they decided to drink some water before leaving.

Commander Lin was dumbfounded as he looked at the majority of the troops gathered here. His heart turned cold.

There must be at least 5000 people in this place, right? In addition to the 1000 that had been eliminated before, there were more than 6000 people in total, right?

In other words, if these people all drank the water, there would only be about 3000 people left outside. And out of these 3000 people, 1000 of them were in Team 4, so there were only 2000 teams left.

Commander Lin was dumbfounded as he watched everyone drink the water without any suspense and suspicion. Then, they prepared to fill the bottle.

Some of them even thought of catching fish to eat after drinking the water.

The people from the nine teams did not even wonder why team 6 was not among them.

“Plop-”

Following the sudden collapse of a person on the shore, more people fell one after another.

The recruits’ expressions changed drastically as they roared, ” “There’s a problem with the water!”

“The water is poisonous!”

“Hurry up and report it, Zhenzhen!”

Before he could finish his words, the new recruits fell one after another.

This man-made lake was built by the combat Services Department and was the training ground for the new recruits. Everything here was safe.

That was why everyone panicked before they passed out.

They were even thinking if there were enemies in the combat Services Department.

He watched as a large number of people fell one after another. Although some of them did not faint, their nervous systems were in a state of chaos for a period of time. They could not move or speak.

Those with good physical constitution could only watch as Nangong Nuannuan and her group of people walked out.

Nangong Nuannuan first asked her team members to quickly pull out the people lying in the water to prevent them from drowning.

When everyone was safe, he looked at one of the cameras in the air and said, " "The grass I put in just now has a strong anesthetic effect. This grass is currently one of the most popular natural anesthetic plants in the world Medical Research Institute. It had no lethal effects or side effects on humans and animals. The people who were anesthetized would wake up within ten minutes to three days according to the dosage. I put the grass in the water just now. It has a diluting effect, so they should all wake up in half an hour.

Dear commanders, since this is only a drill and many people have fallen here, my teammates and I will not 'stab' them to death with knives one by one. The fact that we fished them out of the water just now already means that we have enough time to kill them."

The two commanders had nothing else to say to Nangong Nuannuan, who was explaining to the camera.

Bug!

Nangong Nuannuan was a super bug!

Over 6000 people slowly woke up in the next 5 to 10 minutes.

When they woke up and saw Nangong Nuannuan's team representing Team Six, they only had one word in their hearts-respect!

A single person could kill over 6000 people with his skills and means. Nangong Nuannuan was the strongest new ice King of this year!

The other eight teams all felt lucky that their team flags weren't here, and that they still had a group of their most powerful people.

The 48-hour drill had only been four hours, and they had lost two-thirds of their members.

Commander Lin felt that there was no need to carry on with the drill.

"Chief of staff, when I asked them to go back to the lake, you looked at me. You wanted me to shut up, right?" Commander Lin looked at Leng Jinpeng, hoping that the other party would answer him with a little more sincerity.

2952 The Walking bug3

Leng Jin Peng patted commander Lin's shoulder and said, " "I finally understand."

"Then why didn't you say so earlier?" Commander Lin was so angry that he almost laughed. He had so many chances to turn the situation around, but this Big Boss was sitting right in front of him, yet he didn't say anything.

However, chief of staff Leng, who he had thought would be smiling, had a serious expression on his face at this moment.

"You're blaming me for making the wrong decision?"

The two commanders were stunned.

Yes, they were the ones in charge of this recruit training. No matter what happened in this game, they should be the ones to take responsibility.

"I'm sorry, chief of staff!" Commander Lin immediately apologized.

"As a senior officer, although we can't understand the situation and strengths of every member, we must make the most comprehensive preparations and understanding of those outstanding members.

You only know that Nangong Nuannuan is very powerful, but you don't know what she's powerful in.

"Military operations are a competition of equipment and brains. As the commanders of this exercise, it's fine if you didn't fully understand the Special Forces members before the exercise. He had also made major mistakes in his decisions time and time again. You're blaming this on me?"

The two commanders finally understood why the Chief of Staff had not said a word just now.

However, the drill had been monopolized by Nangong Nuannuan's team, and the outcome was obvious.

Previously, he had two chances to change his decision, but because of his mistakes, this exercise that could have been wonderful became like this.

"Chief of staff, I was wrong!"

"I was wrong too, chief of staff!"

Leng Jin Peng looked at the two of them and said, "it's good that you know your mistakes." Some mistakes could be made, but some mistakes could not be made. The two of you are the students of ze Hao and me. Although you are no longer in the Flying Eagle, I hope that you can be vigilant at all times."

"Yes!" The two of them stood up straight and saluted their former commander.

After Leng Jinpeng left, commanding officer Lin and commanding officer Chang looked at each other and saw the self-blame in each other's eyes.

Nangong Nuannuan, is the water from the water source indrinkable? "

Nangong Nuannuan stopped after she had collected more than 2000 weapons. The command center quickly ordered Nangong Nuannuan and her team to move to another location with the team flag.

The leader of Team 6 had just moved all the things back and was told that the stronghold had changed. He was asked to go back to the place where they had been hiding.

However, now that they had more than 6000 points and Team 4's flag in their hands, how could Team 6 give up on the rest?

Therefore, the captain immediately spread the news to the remaining nine teams that most of the other teams had died.

As for the remaining nine teams, under the leadership of Shi Yalin, they were like a bunch of bugs. They were always able to bypass the enemy's line of defense and kill the enemy from behind.

There was no need to use the checkpoints of other teams to find the other team's stronghold. Shi Yalin finally gathered the remaining nine teams and led them directly to the other team's stronghold.

Usually, there would only be a small team guarding the stronghold.

No matter how powerful this squad was, they couldn't compete with Team 6's 900 people.

The key was that Shi Yalin would always play a trick on her opponent before she could resist. She would then achieve the greatest success with the smallest price.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 2953**

2953 Rising to fame (4)

Behind them, Shi Yalin was the one leading the performance. The two commanders from the headquarters could only facepalm.

The exercise that was supposed to last for 48 hours ended in 7 hours.

Shi Yalin led 900 people in her team and killed the remaining 2000 people. She also got the team flags of the eight teams.

In addition to the four team flags in Nangong Nuannuan's hands, their six teams had eliminated all the other teams on the field.

More importantly, he had killed so many people that there were not many left. The number of fish that had escaped from each team was estimated to be less than a hundred.

With 10,000 people participating in the exercise, Nangong Nuannuan and Shi Yalin were like two walking bugs. Wherever they went, there would be a disaster.

The members of Team 6 truly felt what it meant to be hot-blooded, to win with fewer numbers, to survive in a desperate situation, and to counterattack in a desperate situation.

However, the other nine teams had low morale.

Especially the team leaders and branch leaders, they always felt that they might have made a mistake in their decision, which led to everyone's defeat.

However, no matter what everyone thought, Nangong Nuannuan and Shi Yalin had become the new king of recruits a month after school had started, which was the end of the military training.

His reputation soared.

It was the weekend after the military training, so Nangong Nuannuan invited mu qingxuan and Gu Xiaoli out for a chat.

The three of them made an appointment for a Saturday afternoon. Nangong Nuannuan specifically went to a red tea house in Tian Heng land.

At 2 p.m., There would be a lot of freshly baked bread. It was made by a famous western pastry chef that Tian Heng had specially invited to this restaurant.

Because the people who came to Tian Heng Manor to buy things were all rich people, they didn't care about a little bit of food. Therefore, although Tian Heng had spent a lot of money to hire these western desserts, the cakes and bread made by these desserts didn't cost money. Many noble ladies and socialites in dizhou state liked to eat here. On the one hand, it was because the pastries here were really delicious. On the other hand, it could show his status.

After all, those who could sit here were not ordinary people.

Gu Xiaoli was the first to arrive at the meeting place and sit down.

This was the first time in her life that she had come to such a place.

The green lawn, the sunny afternoon, the exquisite parasol, and the castle-like building with a wide view. Gu Xiaoli felt like she was a Princess from a fairy tale.

It had to be said that her Nuannuan had very good taste.

Gu Xiaoli had just sat down when a waiter came over and asked with a good attitude, " "Madam, would you like something to drink?"

Gu Xiaoli waved her hand, a little reserved. "Not now, I'll order when my friend comes."

"Alright." The waitress nodded slightly. There are freshly baked pastries over there. You can go and see if there are any that you like."

"Alright, thank you." Although Gu Xiaoli had no resistance to desserts, this was Nuan Nuan's territory. She had to fight for Nuan Nuan and not embarrass herself.

After responding to the waiter, she did not go to get the pastries.

The best spot for afternoon tea was quickly filled.

The ladies from the wealthy families carried large and small bags and walked to the rest area in exquisite clothes. They looked around and saw that there were always people coming to Gu Xiaoli's table from time to time to ask if she was available.

Some even asked Gu Xiaoli how many people were there even after she said that there were people here. He even asked when Gu Xiaoli's friend would come.

#### **Chapter 2954**

2954 Courting death (5)

Gu Xiaoli had a hot-tempered personality and had long been annoyed by this group of people.

Just then, a woman walked over and said to Gu Xiaoli very impolitely, " "Miss, do you still want to sit here?"

Gu Xiaoli was confused. She looked up at the woman in front of her. Even though she was a poor student, she had Nangong Nuannuan, the big boss, and mu qingxuan, the real daughter of a rich family

in her dormitory. Therefore, she had a good understanding of the luxury goods that she could not afford.

Now, she looked at the person who was talking to her boss impolitely. This woman was not wearing any expensive first-tier brands. Other than being a little more beautiful, what was she trying to do by being so arrogant?

“Aren’t I sitting here?”

The woman immediately exploded when she heard Gu Xiaoli’s words.

“What kind of attitude is this? Are you an animal? Can’t you talk nicely? you bite everyone you see!”

Although Gu Xiaoli was angry, she didn’t show it on her face. She smiled and said, “Who’s the animal here? You clearly saw that I was sitting here, but you came to ask me if I was still sitting? If I didn’t sit, I would have already left. Why would I still be here? There are so many people here who are sitting at a table by themselves, why don’t you ask others? Why did you have to come and ask me? You’re the one who attacked people like a beast, and you’re asking me what my attitude is. Are you crazy?”

“You’re so silly!”

The woman’s face was red with anger.

Gu Xiaoli’s voice wasn’t soft, so many people around them heard her. Many noble ladies and socialites cast strange looks at them.

The woman felt embarrassed and said harshly, “Miss, with all due respect, this is sky everlasting land, the top shopping world in the country. Even a cheap piece of clothing here would cost hundreds or thousands, and the expensive ones could even cost millions. Although afternoon tea was allowed here, not everyone could drink it. You haven’t even spent any money at Sky Residences, do you think it’s appropriate for you to be sitting here?”

The woman thought that Gu Xiaoli would be embarrassed, but the other party sneered and said, “Oh, so you’re the one who decides whether I’m qualified to sit here or not. Miss, I don’t see anything good on you. Even the sunglasses you’re wearing are fake. What right do you have to stand here and talk to me? The staff at Sky Residences didn’t even let me leave. Why? do you own Sky Residences? Who do you think is qualified? What a joke.”

The woman’s face turned red from Gu Xiaoli’s words. The point was that she didn’t understand how a woman who looked like A country bumpkin could know that the sunglasses she was wearing were fake.

Following Gu Xiaoli’s words, everyone looked at the sunglasses that the woman was wearing. Those who were familiar with the industry also saw the trick at a glance. In an instant, they looked at the woman with much more disdain, and their gazes towards Gu Xiaoli became much friendlier.

After all, in this society, not everyone would like brands. Some of the rich young ladies from good families just didn’t like to wear branded clothes.

Just as the woman was blushing from Gu Xiaoli’s words, another woman walked over.

This woman was dressed in all the top brands, and she was also wearing sunglasses. In her hand was a design that grandma Xiang's family had just released this spring.

"I asked my friend to come over and ask for seats. I just bought some things here. I'm tired from walking and want to rest here. You're not here to shop, nor are you a member. You're just here for free afternoon tea. Miss, don't you think you're being a little shameless?"

#### **Chapter 2955**

2955 You two know each other?(1)

Gu Xiaoli's fighting spirit was still the same, 'she can come over to help you reserve a seat, but I can't help my friend reserve a seat first? Just because you're a member, you want to drive me away. Why should I let you?"

"Hey, look carefully, she's the Entertainment's little princess, Chen zimeng! Although she had just been admitted to the dizhou Film Academy this year, she had already participated in many variety shows and acted in many TV dramas. Are you sure you won't?" Seeing that someone was backing her up, the arrogant woman immediately began to flatter her friend.

since she's an artiste, she should have the burden of an idol. She's acting like a Shrew, cursing and taking things by force. Isn't she afraid that she'll be ruined before she can even make a name for herself? "

Chen zimeng thought that this woman would immediately run away after her identity was exposed. Who knew that this woman was like a cockroach that couldn't be killed, still arguing with her.

"Xiaoli?"

Suddenly, a man called out to Gu Xiaoli.

Gu Xiaoli looked up and saw a familiar face.

But Gu Xiaoli thought for a while before she called out the other person's name.

"Ling xuyao?"

He was the man whom her roommates had thought highly of, but whom Nangong Nuannuan and Selina had labeled as a scumbag.

In school, Ling xuyao had attacked mu qingxuan many times. However, mu qingxuan already had ning Wenhao in her heart. How could she fall for Ling xuyao?

Ling xuyao was really good-looking. He could be said to be the most handsome guy in the University. Not only was he handsome, he was well-drawn, and he could play a good guitar. His voice was also very good.

It was because of this that he was discovered by a talent scout half a year ago and entered the entertainment industry. Relying on his multi-talented top student image, he became a popular young student.

Ling xuyao was no longer the student who was dressed shabbily. He was dressed in branded clothes. He was even carrying a few bags in his hands. Brand T was on her neck and wrists.

It was said that these popular celebrities would usually focus on a certain brand in order to attract the brand's merchants to take a look at them. Once they were chosen by the brand, not to mention the endorsement, even if it was just a special invitation, it could bring them a lot of profit. Those businesses would prefer to invite celebrities with big brand endorsements to endorse their brands, which would highlight their commercial value.

For example, Ling xuyao's neck, hands, and ring were all from brand T.

Ling xuyao was indeed very good-looking. He was 183 cm tall, tall, and handsome. If ning Wenhao hadn't appeared, and if Nuan Nuan hadn't called him a jerk, mu qingxuan would have been taken by Ling xuyao.

"Yao, you know her?" Chen zimeng looked at her boyfriend in surprise.

Yes, that's right. When Ling xuyao had no hope of pursuing mu qingxuan, he went straight to entertainment because of his talent scout job.

Because he was good at flirting, he managed to win over the little princess of entertainment, Chen zimeng.

Now that he saw Gu Xiaoli and thought of mu qingxuan, Ling xuyao actually still felt very regretful.

To him, the path of the Internal Affairs Bureau was much more glorious than the path of the entertainment industry.

Oh, her name is Gu Xiaoli. She's my junior in my previous University.

Chen zimeng saw that Gu Xiaoli's eyes were indifferent when she saw Ling xuyao. It was as if the person she liked was being looked down on.

##### 2956 Guilty (2)

"Oh, so you're from the same school." Your school divided the students into two groups: the noble students and the students. Which one is she?"

Chen zimeng could guarantee that Gu Xiaoli was a student.

However, Ling xuyao did not dare to answer.

He knew that Gu Xiaoli was close to mu qingxuan and even Nangong Nuannuan, so Ling xuyao did not dare to go against Gu Xiaoli.

Ling xuyao was about to tell Chen zimeng that Gu Xiaoli was Nangong Nuannuan's friend and ask her not to cause any trouble when a cold voice sounded behind them.

"No matter what kind of student she is, she is my friend."

Ling xuyao's back stiffened when he heard the voice, and he felt a chill all over his body.

When Chen zimeng heard the voice behind her, she immediately turned around with her good friend.

After seeing who it was, Chen zimeng was so angry that she laughed.

This was simply enemies on a narrow road!

"I was wondering who it was. So it was you! So she's your friend, no wonder she looks so annoying."

Mu qingxuan stood in front of Chen zimeng. She was slightly taller than Chen zimeng. She did not put on much makeup today, but even though she did not have any makeup on, her natural aura still suppressed Chen zimeng's meticulously dressed up appearance.

Oh, right. Let me introduce you. This is my current boyfriend, Ling xuyao.

Ling xuyao's body stiffened when he heard mu qingxuan's voice. When he turned around and saw mu qingxuan, his face turned pale.

Back then, he seduced Chen zimeng and made her fall in love with him. However, he would occasionally take out mu qingxuan's photo, intentionally or otherwise, to make her feel pressured.

He wanted the other party to think that he and mu qingxuan had a relationship before.

However, he was the only one who knew that mu qingxuan had never even looked at him.

He had always known about mu qingxuan's family background. Mu qingxuan was very low-key, but her family background was very high-profile.

Now that he had met the right person, and Chen zimeng was the kind of brainless person who was easy to coax, he believed that she was the pitiful person who was abandoned by mu qingxuan previously. Now, she would definitely not let it go in front of mu qingxuan.

Mu qingxuan looked at Ling xuyao and then at the possessive Chen zimeng. She seemed to have understood something and couldn't help laughing.

"What are you laughing at?" Chen zimeng asked unhappily.

Mu qingxuan pointed at Ling xuyao and asked, "so, you've been targeting me at school because of him?"

"

Chen zimeng held Ling xuyao's hand like a proud peacock. She was about to say something when Ling xuyao hurriedly stopped her.

"Zimeng, I think there are seats over there too. Why don't we go over there?" As he spoke, he pinched her to hint at something.

He couldn't seduce mu qingxuan, but he definitely couldn't offend this woman. Otherwise, she was definitely not someone that a small entertainment company could afford to handle.

Since he had already hooked Chen zimeng up and entered the entertainment industry, he did not think of having any more interactions with mu qingxuan.

He could explain everything.

As long as he could trick Chen zimeng away and not offend mu qingxuan, it was fine.

However, Chen zimeng was the little princess of the entertainment industry. She was used to being pampered by others. In addition, she had become famous at a young age and was already a slightly famous celebrity now. How could she give in?

In her eyes, mu qingxuan was just an ordinary student in the film Academy. She might even need to rely on her for a living after she graduated.

#### **Chapter 2957**

2957 Mu qingxuan's backer (3)

What right did she have to be arrogant?

The more Ling xuyao pulled her, the more she was unwilling to leave. He sneered at mu qingxuan, " Was it not? I don't think your family background is that good. What right do you have to despise ah Yao? Mu qingxuan, the river flows East for thirty years, and the river flows West for thirty years. Haven't you heard of the saying 'don't bully the poor'? Let me tell you, ah Yao is my boyfriend now. His future is something you can't compare to."

"Zimeng!" Ling xuyao called out to Chen zimeng, but his voice had changed.

"I bullied him?" Mu qingxuan also laughed.

Nuan Nuan and Selina had told her before that Ling xuyao was a scumbag, but she didn't really believe it. After she reunited with ning Wenhao, she didn't care whether Ling xuyao was a scumbag or a gentleman. After all, they had no interaction.

At this moment, mu qingxuan was sure that Ling xuyao was a scumbag.

Mu qingxuan's beautiful peach-shaped eyes looked at Ling xuyao with a strong sense of attack. Ling xuyao was so scared that he did not even dare to look at her. He just kept telling Chen zimeng to leave.

Gu Xiaoli, who was at the side, also understood Chen zimeng's intention to pick a fight. She smiled and said, " "Miss, I think you might be mistaken. Our qingxuan comes from an illustrious family, and her boyfriend is not someone Mr. Ling can compare to. The point is, your Mr. Ling and our qingxuan did not even have the fate to have a meal together. I really don't understand how you heard that our qingxuan had hurt Ling xuyao before. Many of our classmates know that Ling xuyao once pursued qingxuan. However, qingxuan has never dated Ling xuyao for even a day. You can't throw a tantrum at our qingxuan just because she doesn't like Ling xuyao! If it wasn't for qingxuan's high standards, you wouldn't have been able to pick Ling xuyao up."

At this moment, ning Wenhao and mu Xigui came to mu qingxuan with many bags.

Gu Xiaoli's voice was very loud, so mu Xigui and ning Wenhao both heard her.

Ning Wenhao walked to mu qingxuan and looked at Ling xuyao. He put his arm around mu qingxuan's waist and looked at Ling xuyao with hostility. It was obvious that he was going to support his fiancée.

"What's wrong, qingxuan?"

"It's nothing," Mu qingxuan felt disgusted when she saw how scared Ling xuyao was. She just said to Chen zimeng, "Chen zimeng, look closely. I have a boyfriend. I'm not interested in your boyfriend at all." If you think it's rare, you can keep an eye on him, but there's no need for you to treat me as your enemy."

Chen zimeng was shocked the moment she saw ning Wenhao hugging mu qingxuan.

Because the person in front of him was actually Jian Jia, the Adjutant of the Flying Eagle commander, Chi Yang.

Chen zimeng's eyes were wide open. She could not believe that mu qingxuan's boyfriend was ning Wenhao!

Although the ning family had completely collapsed, ning Wenhao was not only the Adjutant of Flying Eagle's commander, Chi Yang, but also one of the Deputy chairmen of Eagle Group. The Hawkeye group's assets were much more than the ning family's. Otherwise, it would be impossible to enter the ranks of the top rich families with just a small group.

It was also said that the two vice chairmen of Hawkeye group were ning Wenhao and Xiao shenbin, who were both good friends of the Crown Prince of the Chi family.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 2958**

2958 Are you crazy (4)

Therefore, everyone suspected that the Hawkeye group was actually owned by the Prince of the Chi family.

However, the Crown Prince did not admit it, so no one dared to dig deeper.

But now, the MU qingxuan that she looked down upon was actually ning Wenhao's girlfriend. How could she accept this?

Mu qingxuan's cultural score was almost double that of her when she entered the film Academy. She was also the top in her major. After entering the film Academy, she was immediately crowned as the campus Belle. Many people thought that mu qingxuan's imposing appearance was better looking than her.

As the entertainment industry's little princess, she was immediately outdone by mu qingxuan.

More importantly, she also found out that mu qingxuan was the woman who abandoned Ling xuyao in his phone.

Chen zimeng was almost swallowed by jealousy when she saw ning Wenhao's hand on mu qingxuan's shoulder. Without thinking much, he said to ning Wenhao, "Are you the Flying Eagle's Adjutant ning?"

I've seen you on television before. I really admire you for tearing the ning family apart. But Did you know? The woman in front of you is a complete green tea! When she was in Jiangzhou, she had been hanging around the school hunk, Ling xuyao, and made him fall for her. However, she was only willing to have an ambiguous relationship with Ling xuyao and treated him as a spare tire. She must have abandoned Ling xuyao after she had you. Young master ning, don't you find this kind of woman disgusting?"

"Are you crazy? I already told you that Ling xuyao pursued qingxuan one-sided in the past, but qingxuan never gave him a look. You can't force qingxuan to be with Ling xuyao just because Ling xuyao is pursuing her, right? It's not like qingxuan is doing population charity, and she's not going to pick up whoever she sees to be poor as her husband." Gu Xiaoli couldn't stand it anymore. She couldn't help but scold him again.

Mu Xigui, who was standing at the side, was also angry. He said with a serious expression,"My daughter is having an affair with Ling xuyao? How come I didn't know about this? Miss, please apologize for what you just said, or I'll get a lawyer to Sue you for spreading rumors."

Chen zimeng was shocked by mu Xigui's aura and looked at him in a daze. She never thought that mu qingxuan and ning Wenhao's relationship would be so good that ning Wenhao would buy clothes for her father at Tian Heng land.

After Chen zimeng was provoked, she was so angry that she laughed instead. She completely ignored Ling xuyao's almost praying eyes and sneered, " "Uncle, aren't you very proud to let your daughter sacrifice her body to hook up with a young master from a top-class wealthy family? I know that some families want to sell their children, but can't you keep a low profile after selling your own daughter? What's with the apology? young master ning, don't you think that this father and daughter pair are disgusting?"

Ning Wenhao and mu Xigui were really shocked by Chen zimeng's ignorance. When they were about to fight back, a mother and daughter who had been sitting at another table and watching the show suddenly came over and scolded, " "You really think ignorance is a treasure! This was the governor of the Emperor region, mu Xigui. Governor mu was an officer highly regarded by the Internal Affairs Bureau. Did their family have to sell their daughter for glory? Do you think you're so great just because you have an entertainment company? does your father know that you're so arrogant outside?"

What?

Chen zimeng's eyes widened when she heard what this passerby woman said.

Mu qingxuan's father was the new governor of dizhou?

2959 Movie queen mu and Wanwan (5)

Although she was the little princess of the entertainment industry, the entertainment industry still had to pay attention to the rules of the game. The entertainment industry also needed to know some important things and news.

She only knew that the governor of the Emperor state had changed recently. However, because the other party was too high and too far away from her, she had never asked for the name of the new Governor.

On the other hand, although mu qingxuan was pretty, she had always kept a low profile in the film Academy. She had tried to stir up trouble several times, but mu qingxuan had always tolerated her. She had thought that mu qingxuan's family background was not that good. After all, she came from Jiangzhou.

Who knew that

She's the governor's daughter?

"Xiao Jing, quickly greet uncle mu." The lady immediately asked the socialite beside her to greet her.

The woman immediately cried out in excitement, "Uncle mu,"

"Governor mu, I'm Deputy Dean Ai zhengwen's wife."

As mu Xigui had just been transferred to dizhou province, he had invited his colleagues in the administrative office of dizhou province for a meal.

The Ai zhengwen that this woman was talking about was the Deputy President of the Court of judicial in dizhou.

Mu Xigui wasn't familiar with this Vice President, so he only nodded slightly and looked at Chen zimeng.

"Miss, you're shouting and insulting my daughter for no reason. You've already caused serious damage to her reputation. Now, I need you to apologize to my daughter. And Yingluo."

Mu Xigui looked at Ling xuyao. your girlfriend keeps saying that my daughter had an affair with you and treated you as a spare tire. But I don't admit to this. I need you to explain it to my daughter, your girlfriend, and everyone else here.

Ning Wenhao also looked at Ling xuyao and said, "I've known my fiancée since we were young. We grew up together. When she was studying in Jiang Zhou, I was also carrying out missions in Jiang Zhou. Now, your girlfriend is telling everyone that my fiancée is having an affair with you, and she's using you as a spare tire to seduce me. I really want to know how this story came about."

The onlookers felt that they had eaten a super big melon today.

The little princess of Le Yu entertainment was trying to bully what they thought was a poor little girl just for an afternoon tea. In the end, not only was she not poor, but she was also the governor's daughter and young master ning's fiancée.

Let's see how this little princess of the entertainment industry is going to deal with this.

Don't even mention that you're only an 18th-tier star. Even if you were the little princess of the entertainment industry and a super A-list Big Shot, with such a strong background, you would still have to coil up.

"I can prove that qingxuan never dated Ling xuyao. It was Ling xuyao who wanted to pursue qingxuan. At that time, I could tell that Ling xuyao found out about qingxuan's family background and deliberately got close to her. That was why I reminded qingxuan not to get too close to Ling xuyao. That's why no matter how Ling xuyao tried to get close to qingxuan, qingxuan never responded to him."

Everyone looked in the direction of the voice and saw two women wearing sunglasses. One of them was wearing a white sleeveless round-neck shirt and black wide-legged pants, while the other was wearing a black sleeveless round-neck shirt and white wide-legged pants. One of them was wearing a black baseball cap, while the other was wearing a white baseball cap. They were a perfect match for each other.

When they saw who it was, the quiet place instantly became noisy.

"Heavens! Movie queen mu! She's the movie queen mu!"

"It's really movie queen mu!"

"My God, why is mu Chenxiang here? Then, this Yingluo beside her ..."

#### **Chapter 2960**

2960 Kicked an iron plate (1)

"Nangong Nuannuan! The young miss of the Nangong family!"

"My God!"

The previous employees might not have known who Nangong Nuannuan was, but after she appeared on the news so many times, the employees of disheng and eternal dominion all remembered her face.

Furthermore, there was no need to remember Nangong Nuannuan's appearance. As long as she had seen her once and met her again in person, she would not be mistaken.

When the waiters in charge of the afternoon tea saw Nangong Nuannuan, they quickly ran up to her and shouted in unison with enthusiasm and excitement, "Chairman."

Nangong Nuan Nuan walked to mu qingxuan's side and greeted mu Xigui with a slight nod, "Uncle mu,"

Mu Xigui also nodded slightly at Nangong Nuannuan, his daughter's best friend.

It was obvious that the two of them had known each other for a long time, which showed how close Nangong Nuannuan and mu qingxuan were.

Ling xuyao's face had been pale ever since he saw mu qingxuan. After seeing mu Xigui, especially after hearing from ning Wenhao that he and mu qingxuan were childhood sweethearts, his face had turned pale.

Now that she saw Nangong Nuannuan, she felt even worse. In the past, he had not known Nangong Nuannuan's identity, so he had not paid much attention to her. If he had known about Nangong

Nuannuan's identity, he would not have gone to mu qingxuan. Instead, he would have gone to Gu Xiaoli or Yan Fangfang.

Ling xuyao was both scared and regretful.

Meanwhile, Chen zimeng, who had been acting all high and mighty just a moment ago, was also in a bad mood.

If she had known that mu qingxuan was the governor's daughter, young master ning's childhood sweetheart, and miss Nangong's best friend, she would have eaten too much to make things difficult for mu qingxuan.

"Qingxuan, what happened? He wouldn't be here to tell you that you used to be his girlfriend and want you to be responsible for her, would he?"

Nangong Nuannuan asked protectively.

"No, I didn't."

"It's actually nothing much. It's just that some people are looking down on me. I was waiting for you here, and these two women saw that I wasn't dressed well, so they came over and asked me to move. I didn't want to let them sit, but they said I didn't buy anything and didn't have the right to sit. Only the big miss of entertainment had the right to sit there, so I started arguing with them. "After qingxuan came, she wanted to help me, but in the end, this Entertainment's little princess was like a Mad Dog. She bit qingxuan every time she saw her, saying that qingxuan treated her boyfriend as a spare tire, seduced her boyfriend, and then ran to pursue young master ning."

Gu Xiaoli walked to Nangong Nuannuan's side and said angrily.

She didn't have any background, so she was often bullied. But this didn't mean that she would be bullied, and it didn't mean that she wouldn't want a backer.

Now that Nangong Nuan Nuan was here, Gu Xiaoli could tell on her without any psychological burden.

Nangong Nuannuan laughed coldly and said with an indifferent look in her eyes, " "You're the little princess of Leyu entertainment, right?"

Chen zimeng's legs were weak from fear.

Compared to a giant like Nangong Nuannuan, their Entertainment Group was nothing! It was just an entertainment company in Haizhou that was not bad. Not to mention Nangong Nuan Nuan, even if mu Xigui or ning Wenhao asked them to do so, they would have to close their doors.

Although she was the little princess of Yuyu, Yuyu did not belong to her. The entertainment industry was her father's now, but it would be her brother's in the future. She was clear about the situation, so she had always been on good terms with her brother, and her brother just took the opportunity to pamper her.
