#### Chapter 3001

##### 3001 Questioning (4)

“Does the master know who did this?”

“No matter who did it, since they tried to kill our patriarch, they are going against the entire nice family. No matter who he is, we will not let him go.”

“Yes, we definitely won’t let him off!”

“This is simply moving the earth on top of the emperor’s head!”

.....

Everyone was filled with righteous indignation.

“we don’t know who did it yet, but it’s true that the nice family has traitors.” feng jimian smiled.

That one sentence scared everyone into silence.

everyone knew how to deal with traitors. Even those who had not done anything could not help but feel a chill run down their spines when they thought of the way he had dealt with it.

“sister, who is this?”

Just as everyone’s nerves were on the verge of breaking, a beautiful woman walked up to Feng Ji Mian. Even though she didn’t hold hands with Feng Ji Mian like any other woman would, the only person who could stand so close to Feng Ji Mian was her half-sister, Anthony.

Anthony was very pretty, and he looked very similar to Feng Ji Mian.

back when feng jimian returned to the nice family to seize power, she was the first to stand on feng jimian’s side, becoming one of the generals in her quest for power. Therefore, over the years, she had been one of the most popular people in the nice family and held great power.

Feng jimian hated her father so much that he died with hatred in his heart. However, she was very indulgent towards her sister.

Therefore, it could be said that Anthony had a lot of say in the nice family.

Feng Ji Mian glanced at the disguised Chi zeyao and said to Anthony, ” “He is the person I trust the most.”

after saying that, he said to the core members of the nice family, ” “When you see him in the future, it’s like seeing me. Just do as he says. There’s no need to ask why.”

“Yes.” Everyone suppressed the shock in their hearts and responded.

Feng jimian had absolute authority in the nice family. as long as she spoke, the members of the nice family had to obey her unconditionally. if they didn’t obey, they would only be driven out of the family.

Of course, he could also choose to resist. However, most of the time, the result of resistance was that no one would ever see this person again.

To everyone, Feng Ji Mian was not only the head of the family, she could bring them benefits, but she was also an existence that the demoness didn't dare to provoke.

a person who trusted no one but the butler had suddenly brought back an unfamiliar man and even said that seeing this man was like seeing her.

It could be seen how much power and honor this man was given.

Even a Butler didn't have that much power.

Anthony also looked at Chi zeyao in shock. After a long while, he asked, "Sis, you just said that Yingluo looks at him like she looks at you, and you told everyone to listen to his orders?"

"Not bad." Feng Ji Mian was still in a good mood.

"Then what if Zhenzhen gives the wrong orders when you don't have the intention to do so?"

"Giving out random orders?" feng ji mian wasn't satisfied with this word. she looked at anthony coldly and asked, "do you think the person i like will give out random orders?"

"No, I didn't mean it that way!"

"then what do you mean by that?"

"i just wanted to say that he's not a member of the nice family, after all, and doesn't know us well. if he makes a wrong judgment because he's not familiar with the family when you're not around, he'll be in trouble."

"So you're doubting me?"

#### **Chapter 3002**

3002 don't spout nonsense (5)

feng ji mian's eyes suddenly flashed with a cold light, giving anthony a big fright.

All these years, Feng jimian had never looked at her with such eyes.

Under her gaze, she felt as if a cold, venomous snake had wrapped itself around her neck. She was so frightened that she quickly said, "I don't dare! sister, of course i don't dare to question you! Without you, the nice family wouldn't have been able to develop as well as it is today. Your decision is our goal. I got it."

as he spoke, he quickly bowed to feng ji mian, afraid that she would be unhappy.

However, Feng Ji Mian was truly unhappy right now.

This woman, Anthony, really needed to be taught a lesson. She actually dared to question her man.

Although she couldn't reveal her man to the public for the time being, she was the head of the nice family. She couldn't let her man suffer, right?

feng ji mian stopped in front of anthony and even took two more steps. It scared Anthony so much that he subconsciously took three steps back.

The position she was standing at was called a safe distance. Exceeding this distance either meant that Feng Ji Mian liked the other party very much and didn't need such a safe distance, or she was in for a bad time.

as for her, she was clearly going to be out of luck.

As expected, Feng jimian sneered, "you don't dare?" anthony, i think you're very brave."

Anthony's face turned pale. He raised his head in panic and shook his head as he retreated. "No, no, I don't dare, I don't dare to"

"Master, you've always been Anthony's idol. You're the person she admires the most in this world. she is the absolute executor of your orders, and she would never dare to question your orders."

"That's right, aunt. My mother is just Yingluo. She's just interested in the man you brought back." A woman came out.

"fan xi, what nonsense are you spouting? How could mom be interested in my aunt's man?" A man stood up and scolded the girl, then quickly explained to Feng Ji Mian, " aunt, my mother is just curious.

"yes, i'm just curious. big sister, this is the first time in so many years that i've seen you so close to a man. i, yingluo, i'm happy for you, so i couldn't help but want to confirm it. " Anthony quickly explained himself.

Anthony's husband and children were also standing in the middle, receiving Feng Ji Mian's knife-like gaze. Their hearts were trembling.

step by step, feng ji mian walked in front of anthony. at first, anthony still dared to back away, but when she felt that feng ji mian was really going to walk in front of her, she didn't dare to back away.

feng ji mian stood in front of anthony, her voice a little gloomy.

"but i've already said just now that you should just follow his orders. there's no need to ask why. You, where did you get so many? why are you still curious? Is he someone you can question?"

anthony was the first person to stand by feng ji mian's side back then, so all these years had been smooth sailing for him. he had never seen feng ji mian speak to him in such a tone.

At this moment, she was really frightened.

not only her, but her husband and two children were also shocked.

Anthony kept shaking his head. He wanted to act coquettishly to Feng Ji Mian again, but just as he smiled, he was frightened by the icy cold look in Feng Ji Mian's eyes.

### Chapter 3003

3003 My only sister (1)

“jie.”

hearing feng ji mian’s voice, the housekeeper immediately walked in front of her and bowed slightly, “family head.”

“anthony questioned my orders. from today onwards, she and her family are no longer members of the nice family.”

“Yes.” The Butler received the order and nodded slightly.

Anthony, her husband, and her children all stared at Feng Ji Mian in disbelief.

“sister, how could you do this?” Anthony thought he had heard wrong. He looked at Feng Ji Mian in disbelief. He could not believe that as her only sister, she would not kick her out so easily.

Even the other elders and members of the nice family looked at Feng Ji Mian like they were looking at a police officer, let alone Anthony.

as expected of a female devil. This was too unreasonable! Her younger sister had only asked a few questions out of curiosity, and she actually wanted to kick her out!

If they were so casually kicked out of the house, what sense of belonging would they have?

Feng Ji Mian, however, acted as if she didn’t feel the disapproving looks from the others, and added to the Butler, “ “Before you kick them out, check their accounts. They can take what belongs to them, but don’t even think about taking a single cent away from what doesn’t belong to them.”

“Yes.” Jie agreed immediately.

Although Chi zeyao did not know why Feng jimian was so harsh on Anthony, he believed that his wife was the best and gentlest person in the world. She must have her reasons for doing this. Therefore, he could only praise Jay’s attitude.

The trust he had in him was not in vain.

All these years, he had been very loyal to his wife and had protected her well.

“sister, how can you do this to me?”

Feng Ji Mian was a woman of her word. As long as she said something and made a decision, she would rarely go back on it. Especially when it came to the family rules. For more than 20 years, as long as she had punished someone, she had never regretted it.

Anthony and her family all looked at Feng Ji Mian in disbelief, as if she had gone crazy.

“Sister, I’m your only sister! When Grandpa and father didn’t let you go home, I kept saying good things about you in front of them, and they finally accepted you. When you were fighting for control of the nice family, I was the first to stand on your side. I’d rather go against my grandfather and father, who have

always been good to me, and stand on your side without hesitation. I've given you my heart and soul and treated you as my only family for more than 20 years. I've been good to you, but now you want to kick me out of the family just because I'm curious about the man beside you and asked a few more questions?"

After his wife finished speaking, Felix, who had been promoted to the chairman of the Flay group, a subsidiary of NS group, and had free control of 80 billion Saibo dollars, immediately stood up to speak for her.

"sister, anthony has always been loyal to you. she must think that you're the one who's the closest to her, so she can't help but think for you and think more. she shouldn't have doubted you in front of so many people. i beg you, on account of her loyalty to you for so many years, please spare her this once. There won't be a next time. She really won't dare to do it again."

80 billion saibo dollars!

3004 Get lost (2)

In addition to these, Anthony also received a lot of benefits from NS group's head office every year.

If he only asked them to leave with their current assets and give up the company and the NS group, it would be no different from cutting their hearts with a knife.

Feng Ji Mian had been looking at Anthony all this time, not giving her husband or children any attention. This made her husband and children think that there was a chance for a change.

This was especially so for Anthony's daughter, fanxi. Because Feng Ji Mian didn't have a daughter, she was usually quite generous to this brainless and not too bad niece of hers, which made fanxi feel that he was the most favored person in the entire family.

Now that Feng jimian had said such cold-blooded words, she was very unhappy. "Aunt, I'm your niece! How could you declare that you want to drive my whole family away just because of my mother's doubts? You're so ..."

"Fan XI!"

The older brother Duke stopped his younger sister's words and quickly said to Feng Ji Mian, "Aunt, you know that Fan XI has always been an idiot. He doesn't use his brain when he speaks, so don't take it to heart. Aunt, my mom and dad are right. You're my mom's only relative. She's been loyal to you for more than 20 years, and we respect you very much. If you really drive us out, Won't You Be sad without your closest family?"

Anthony cried, Duke cried, and Frist's face was filled with sorrow. Only Francis was left, staring at Feng Ji Mian with anger.

Duke reached out and pinched Francis 'back, and only then did he retract his angry gaze.

feng ji mian saw their interaction and sneered. she looked at anthony and asked, " I'll give you three seconds. Take your family and get lost.

In Feng Ji Mian's cold eyes, Anthony seemed to see something different.

She could only feel her heart thumping along with it.

"three stars, two stars,"

For more than 20 years, Anthony had gained a lot of benefits from Feng Ji Mian and earned a lot of money. Even if they gave up on the Frye group, the money would be enough for them to spend for the rest of their lives.

Anthony was completely stunned by Feng Ji Mian's gaze. After living with her for so many years, she dared to believe that if she didn't leave, the consequences would be even more unbearable.

"Let's go, let's go! we'll leave immediately!" Anthony looked at Feng Ji Mian with fear in his eyes, afraid that Feng Ji Mian would continue.

feng ji mian looked at her coldly and said, " then take your man and child and get out of the nice family immediately.

"Aunt, how can you do this? Aren't you being a little too arbitrary? My mother was so good to you, she was so loyal to you, and this is how you treat her in the end? There are so many people in the clan looking at you. Aren't you afraid that the members of the clan will be disappointed if you treat my mother like this?" Fan Xi couldn't take it anymore and jumped out.

Duke had always been the most restrained person, even more so than his father. However, he couldn't restrain himself anymore.

He felt that Feng Ji Mian had gone too far.

fan xi had always been impulsive. if she jumped out and accused feng ji mian, he could just apologize if things went south.

Feng Ji Mian ignored Fan Xi and turned to look at Anthony, giving her one last chance to ask, " "So you also think I'm too much?"

#### **Chapter 3005**

3005 hidden killing intent (3)

anthony had long since lost his imposing manner. being asked by feng jimian like this, he was both afraid and unwilling to give up. he still wanted to fight for it one last time.

Felix immediately gave a look to the members of his clan who were close to Anthony, meaning to ask them to stand up and say something good for Anthony. Otherwise, if their branch collapsed, the vested interests of these people would also be affected.

When those people saw that Feng Ji Mian was serious, they were shocked.

After all, Anthony was a huge branch of the nice family.

” master, although my words don’t carry much weight, anthony is your sister, and you have always had a good relationship with her. please let her go on account of her loyalty to you all these years! ”

A clan elder stood out.

Strictly speaking, this elder was Feng Ji Mian’s seventh uncle, her father’s younger brother.

If there was a first, there would be a second.

The elders and family members who were on good terms with Anthony all stood up and pleaded with Feng Ji Mian, thinking that the law could not punish everyone.

“patriarch, seventh brother is right. you and anthony are biological sisters, and anthony has always been loyal to you. to drive her out of the nice family because of such a small matter is a slightly heavy punishment.” The second elder also stood out to speak.

“Master, after this incident, Anthony will never make such a mistake again. Please spare her this time.”

” that’s right, master. we’re happy for you that you’ve found someone you trust. why are you so angry on such a joyous day? ”

“Master, you’re the closest to Anthony. She only offended you out of curiosity. we believe that she won’t be like this in the future.”

“yup!”

“Yup!”

.....

everyone agreed.

“do you all think this is too heavy a punishment?” feng jimian looked at everyone and asked.

Everyone was shocked.

“No, no! It’s up to you to decide how you want to deal with him, but we feel that it’s a little unlucky to kick Anthony out on such a joyous day.”

that’s right, master. Give her a chance to turn over a new leaf!

sis, please give us a chance, ” said Felix immediately. I’ll be strict with Anthony in the future. I won’t allow her to talk nonsense and question your decisions.

anthony immediately nodded. ” sis, i was wrong! I was really wrong! please give me a chance to change my ways!”

The second elder looked at the Grand Elder and gave him a meaningful look.

After all, the Grand Elder was the biggest shareholder of the nice family, aside from Feng jimian. If the Grand Elder could step out and say something, the effect would be better.

however, the grand elder whispered to the second elder, " "I can't even stop you. why are you so excited? when has the head of the family ever punished someone without a reason?"

Although he was also afraid of this woman, he had known her for more than 20 years. He realized that although this woman was a devil, she was one of the few women who were reasonable.

the nice family had never lacked bloodshed, and even feng jiming's grandfather and father had died in her hands. however, he didn't think that feng ji mian didn't have a good enough reason to deal with anyone.

So, he felt that Wanwan might have her own reasons for treating Anthony like this.

#### **Chapter 3006**

3006 Chi zeyao takes action (4)

The second elder was instantly enlightened by the Grand elder's words. He fell silent and retreated back to his own team to reduce his presence.

feng ji mian's attention was on anthony, so she didn't care about the two elders. "Since you don't want the face I've given you, I'll take back my words," she said with a cold smile.

anthony's nerves suddenly jolted, and a bad feeling rose in his heart.

After so many years of being together, she already knew what kind of person Feng Ji Mian was.

just now, she had a feeling that this woman might have noticed something, so she said that. but now that those words had come out of her mouth, anthony was one hundred percent sure that feng ji mian already knew what she had done.

with a wave of his hand, a blue protective shield appeared in front of feng ji mian.

in the next moment, feng jimian and chi zeyao moved at the same time.

Feng Ji Mian's leg lightly jumped, and her entire body was already in the air. With one kick, she sent Anthony and Duke, who was standing behind her, flying.

He kicked two people with one foot, and the two of them were directly sent flying.

Then, the spinning leg stomped down, and with a bone-cracking sound, Duke clutched his right wrist and let out an earth-shattering howl.

Felix took out his gun and fired at Feng Ji Mian, but who knew that a blue light barrier would appear in front of her.

"boom!"

No one saw Chi zeyao's movements clearly. They only saw him raise his hand, and then a house about a kilometer away from them exploded.

The flames soared into the sky, and many fully armed men were also blown away.

Everyone's eyes widened, and the bodyguards of the nice family were also dispatched at the first moment.

Following that, Chi zeyao's hand was still moving. Every time he moved, a part of his body exploded. the other party was clearly prepared as they fired at them.

But no matter if it was aimed at Feng jimian or the members of the nice family, it was all protected by a blue barrier.

At first, the people from the nice family were screaming and preparing to find a place to hide, but after a few rounds, they found that no matter how many people the other side had, it was impossible to hit them. and no matter where they hid, chi zeyao would find them without any difficulty.

This was a one-sided slaughter. The other party had no power to attack at all, no power to resist, no power to fight back.

Everyone was shocked!

At first, they had thought that Chi zeyao looked very ordinary, and everyone was very puzzled as to how such a person could earn the appreciation of their master.

However, after this man calmly revealed his tricks, everyone was completely dormant.

Although he looked ordinary, his strength was not inferior to that of the amazing person from before!

To be more precise, although his strength might not be comparable, what was that thing on his hand? It could actually launch such a powerful attack and provide such extensive protection?

if such a thing was used in the military industry, it would definitely cause a sensation in the entire world.

On the other side, Feng jimian had knocked Anthony, Felix, and Duke to the ground in a few moves.

Although Fan Xi was not beaten up, he understood what was going on when he saw the formation. looking at his parents who had lost all hope, fan xi was so scared that he fell to the ground, his face pale.

#### **Chapter 3007**

3007 scared to death (1)

Compared to Francis' pale face, Anthony's face was ashen.

Not to mention Anthony, even the family members who were close to her had ashen faces. They didn't think that Anthony would be so bold as to fight with the family master.

Seeing that Anthony didn't say anything, Feng jimian patted the dust off her hands and said, "Yingluo, since we've been sisters for 29 years, I could have spared your life and asked you to get lost. But since you don't know how to appreciate my kindness, then don't get lost.

Anthony, I remember that when I was the head of the family, I made a rule for all of you. That is, everything in the nice family is mine! If I give it to you, you can take it. But if I don't give it to you, you can't snatch it.

All these years, I know that you've been doing things with some people behind their backs, but I, Feng Jimian, have never been short of money, and I'm not someone who values money. That's why I can tolerate your little tricks. However, you seem to have forgotten my words, and you seem to have forgotten how grandfather and father died."

Feng Jimian laughed coldly. Back then, I was able to deal with them without any psychological burden. You're just my half-sister from a different mother. Do you really think that I'll dote on you so much that I can't do anything to you? "

Anthony was already scared out of his wits.

She was simply too regretful.

If she had known Hunter was so useless, she would not have worked with him.

Over the years, Feng Jimian's methods had become gentler and gentler. She thought that her sister had already washed her hands of the matter.

As the nice family grew stronger and stronger, and as her life became better and better, she wanted more and more.

Seeing that Feng Jimian was getting older and older, and that Feng Shengxuan didn't care about the nice family at all, she had always wanted her son, Duke, to be the next commander of the nice family.

However, Feng Jimian didn't seem to have that intention. She kept trying to get Feng Shengxuan to help her manage the nice family.

Feng Shengxuan already had such a powerful di gang, but her son had nothing.

She had already swallowed her anger and become Feng Jimian's loyal servant for 29 years. For the past 29 years, she had been wagging her tail in front of her like a dog.

At the same time, she was the young lady of the nice family. How could she let her son follow in her footsteps?

That was why she wanted Duke to take over the family.

It just so happened that the leader of the Ryan family, Hund, hated Feng Jimian, so she decided to work with Hunter.

She immediately snatched it away.

"Sister, let me explain Yingluo."

"Alright, I'll give you a chance to explain."

Anthony thought that Feng Jimian wanted to give her a chance to start over, and his eyes lit up. He quickly explained, "I didn't want to, I didn't want to do this. I'm just blinded by greed. Sister, the person I admire the most is you. I've always wanted to become an outstanding person like you. But I'm too stupid, I can't do anything better than you. But Duke was different. He was smart, and not only could he control the company, but he was also a hacker. He's a hacker who joined the hacker Alliance and is ranked 62."

hearing the words “hacker alliance,” many members of the nice family slightly narrowed their eyes.

The hacker Alliance was the world’s top hacker Alliance. previously, the hacker alliance was on the red list of all countries. it was an existence that the whole world wanted to eliminate.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3008**

3008 Impulsiveness is the devil (2)

later, the hacker alliance signed a non-interference agreement with countries around the world, which made the hacker alliance an unofficial, recognized, but also doubted and feared existence.

On one hand, it was because the hacker Alliance had a very clear system. Once a hacker broke the system, the Alliance would take action directly. There would be no hacker in the future, or there would be no such person.

However, if anyone dared to hurt the people of the hacker Alliance for no reason, they would definitely suffer the crazy revenge of the hacker Alliance.

one had to know that hackers were the last people to be offended in this world. once you’ve offended them, your company will no longer be a secret to the outside world.

therefore, most people would treat hackers as their guests. Not to mention the hacker Alliance.

“sister, you know that the hacker alliance has always valued hackers within the top 100. these hackers are the key protected targets of the hacker alliance. duke is an organization. if you can spare me this time, i’ll make sure duke will help you with all his heart. It’s better to have your own nephew as a hacker to protect the nais family’s secrets than to hire outsiders, don’t you think? I didn’t mean to betray you. It’s Hunter who hated you because he lost the West Coast project. That’s why Qianqian caught me and threatened me. I only told him where you were.”

anthony’s words made everyone shake their heads. they felt that this woman deserved to die.

however, when they thought about the hacker alliance, they were still a little afraid.

Feng Ji Mian looked at the crowd. She glanced at the people who spoke up for Anthony and asked, “what do you think of what she said? should i let her go? Second elder, you go first.”

the two elders who had already shrunk into the crowd were the first to be called out.

He regretted his impulsiveness and scolded the Grand Elder for being a selfish bastard who had not helped him up when he was standing next to him. However, the second elder did not shiver at all as he said, “Master, when I spoke up for Anthony just now, I really thought that she only offended you. I didn’t expect that Anthony would be disloyal to you. The nice family has a family motto, and I think Anthony’s problem can be solved with that.”

Anthony’s eyes widened. He didn’t expect the second elder to want him dead.

felix was so scared that he knelt on the ground, begging for mercy with snot and tears. ” “Patriarch, we were forced to do this. Anthony and I are willing to take our things and leave. We will never step into

the nice family again. Please have mercy and spare our lives, master! No matter how wrong Anthony was, he only revealed your whereabouts. He never thought of killing you!"

Looking at the crying Felix, Chi zeyao couldn't help but shoot him in the face.

The shot grazed through his teeth and completely tore off the skin on the left side of his face. it was so painful that felix cried out, unable to say a word, and could only roll on the ground.

Anthony and Francis had never seen anything like this before. Although they had seen dead people, and even their own hands had been stained with blood, it had all been other people's blood. It had nothing to do with them.

#### **Chapter 3009**

3009 Am I stupid?(3)

If Felix had already become like this, what about them later?

The mother and daughter were so frightened that they screamed.

Especially Fan XI, because he couldn't take it anymore, he actually ran out.

Bang! Another gunshot was heard.

chi zeyao fired again.

He didn't care if Fan XI was involved or not. As far as he was concerned, there was no need for the entire family to stay.

At this moment, the members of the nice family were also as silent as cicadas in winter, not daring to say a word.

In just a few minutes, the nice family had entered a state of first-degree alert. The bodyguards stood far away and surrounded everyone. If anyone dared to make a move, Feng Ji Mian would give the order and these people would shoot.

ah! fanxi let out a blood-curdling screech. He lost control of his body and fell to the ground, face-first.

At this moment, Anthony was so scared that he peed himself. A pool of water appeared on the ground where he had fallen.

Feng jimian laughed coldly,"you want to kill me with that little bit of courage?" You're so sure hunt will succeed, right?"

"No! It wasn't! Sister, I really never wanted to harm you, I really did!"

"So those who were blown up just now weren't your men? They were hiding in nice Manor on their own without your permission?"

" it's not yingluo, it's not yingluo. " anthony shook his head desperately. " i'm yingluo. i'm just afraid that you'll find out i did it and want to kill me. I'm only protecting myself."

“self-preservation?” “Anthony, you’ve always thought that I’m stupid, right?” Feng Jimian sneered.

“No, I didn’t.”

Before she could finish, Feng Jimian continued, “you saw Feng Ming that year and you knew his identity. You knew my husband’s true identity, so you wanted to harm me, but at the old master’s birthday banquet, you exchanged the gift I gave him for it and returned it. You think I don’t know anything?”

Anthony’s eyes widened. He did not expect her to know about what happened 30 years ago.

Back when she found out that Feng Jimian was going back to the nice family, she had planned to kill her before she knew that Feng Jimian wanted to take the family head position by force. She had secretly exchanged the blood jade that Feng Jimian had given to the old master of the nice family, their grandfather, for a bronze artifact that had been stolen from the cemetery and carried a murderous aura.

However, just as the banquet was about to begin, they saw a group of top-tier mercenaries in full gear. More importantly, the mercenaries called her brother-in-law ...

King!

She knew who King was. After all, she was the young lady of the nice family.

While she was shocked, she also knew that her grandfather was no match for Feng Ji Mian.

Therefore, she made a tactical adjustment at the first moment. When everyone was still not optimistic about the illegitimate daughter of the nice family, she, the daughter of a legitimate wife, had already stood by her half-sister’s side and become her Qianqian’s right-hand man.

All these years, she had been secretly glad that she had found out about Feng Ming’s identity in advance and changed her strategy. All these years, she had kept Feng Ji Mian in the dark.

He didn’t expect Feng Ji Mian to have known about it.

“My dear sister Yingluo!” Feng Ji Mian walked in front of Anthony. “If I can deal with such a big family like the nice family, I can also deal with those coquettish b\*tches who want me dead. Do you think I don’t know what you’re thinking?”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3010**

3010 I want my opinion (4)

“Then, Yingluo, how did you Yingluo?”

“Why didn’t I expose you back then? And he’s so good to you?”

Feng Jimian sneered, “because I don’t even care to expose you.” To me, you can’t even be considered an enemy. To me, you’re just a dog. If you’re obedient and sensible, I can take care of you. If you bite me one day, I don’t even need a stick to kill you.”

Seeing that Anthony still had something to say, Feng Jimian helped her, " "Are you trying to say that all these years, you've never really been content? All these years, you've been thinking of killing me all the time. If I die, your son will be able to become the rightful heir of the nice family? You even got your son to track me down every day just to kill me, right?"

Anthony's eyes widened again.

Even Duke's eyes widened in shock.

Feng Jimian knew!

She had known all along!

" hmph, i didn't set up any encryption on my whereabouts for one day, and duke sold my whereabouts to hunter. You guys are really good at finding opportunities!"

everyone looked at Anthony in shock. they didn't expect her to be so vicious.

To tell the truth, Feng Ji Mian had been really good to her all these years.

"anthony, for so many years, i've been very tolerant of you, considering that you're still a loyal dog on the surface and can help me take care of many things. If it wasn't for the fact that you're no threat to me at all, I'd have killed you long ago. but i let you go again and again, but you sharpened your head and wanted to hit the muzzle of my gun. You didn't even want the chance I gave you just now. since you don't want it, then don't."

after saying that, he took out his gun and took care of Felix with a bang. Then, he pointed the gun at Anthony.

sis-" Anthony let out a scream of extreme fear. I was wrong! I was wrong! I really know I was wrong! It was my fault in the past. I shouldn't have had such thoughts. Can you let me go? i'll take duke and Francis as far away as i can."

"Bang!"

"ah!"

Looking at Anthony, who was apologizing one moment and was now lying in a pool of blood the next moment, Francis screamed in fear. However, her leg was hit, and she could not run away. They could only scream.

The next moment, Feng Jimian slowly aimed her gun at Duke.

Duke's eyes widened. you can't kill me. Yingluo, if you kill me, the hacker Alliance will definitely avenge me!"

"Revenge? Who is it?" Feng Ji Mian asked sarcastically, " wei ni? "

duke's eyes widened.

Wayne was a legendary figure in the hacker Alliance. He was the founder of the hacker Alliance, but he didn't really participate in the management.

However, Feng Ji Mian immediately said Wayne's name.

"if you think wayne would make an enemy out of me for you, the 62nd ranked hacker, then you're underestimating me. Wayne would definitely not come to kill me for you."

After all, Wayne was the network Manager of the club, his son's subordinate.

"bang!"

there was another gunshot, and the once all-powerful miss of the nas family, anthony, as well as her husband and son, died just like that.

Even until her death, Feng Ji Mian didn't show anyone any evidence.

in her heart, they were not family at all. they were just members of the NS group. she would never show any mercy to any of them just because they had the same blood as her.
