#### Chapter 301: Flip The Table

Mu Qingxuan flashed a somber smile. "Maybe I really mistook him for someone else."

At first, everyone still wanted to ask her about her childhood sweetheart, but when they saw that Mu Qingxuan was sad, they gave up on the idea.

This incident passed very quickly. This was because everyone's attention was diverted to Young Master Leng's handsome figure.

"Hey, Nuannuan, how does your Big Brother Director-General know Young Master Leng? Why is Young Master Leng so obedient toward him?" Yan Fangfang could not help but gossip.

Leng Qirui cleaned the place despondently while looking at Yan Fangfang with an unkind gaze. However, the object of Yan Fangfang's gossip was Zhong Nuannuan, so she did not detect his intimidation at all.

"It's because his father is the commander-in-chief of the military base, and my Big Brother Chi Yang is the commander-in-chief's apprentice. He basically watched him grow up, so..."

Zhong Nuannuan gave Yan Fangfang a look that said "You know". Yan Fangfang understood what she was trying to say.

She remembered Young Master's happy expression, which looked as if he was about to swallow the whole heaven and earth, when he was thinking about having a meal at Nuannuan's place earlier. When she compared it with his resentful appearance now, despite the fact that he dared not look like he was slacking off, Yan Fangfang felt that her impression of Young Master Leng's arrogant and cool persona had completely collapsed.

Sure enough, Nuannuan's Big Brother Director-General was still the most handsome!

Leng Qirui did not dare to struggle and complain. After he quickly and efficiently cleaned the area, he ran to place the broom back in its place. Then, he spoke to Chi Yang, "Big Brother Chi, I've finished cleaning. I still have something to do first, so I'll leave now."

Chi Yang ignored him and continued to fry the ribs in the pan. However, without Chi Yang's approval, Leng Qirui dared not leave after speaking.

After the red pork ribs were placed into the pot, they were quickly dyed red by the sweet and sour condiments inside. The rock sugar, which had melted into the dish, added a certain brightness to the sweet and sour ribs. The slightly viscous sweet and sour sauce wrapped each rib, making it look as if it had been brushed with a layer of honey.

The sweet and sour scent assailed one's nostrils, and instantly opened Leng Qirui's taste buds, who was standing at the door, such that he could not help but silently swallow a mouthful of saliva.

It was not until the sweet and sour ribs got out of the pot, and Chi Yang had poured the ribs onto the plate that he finally raised his head.

“What did you say?”

Looking at the shiny sweet and sour ribs in front of him, Leng Qirui held himself back fiercely and repeated what he had said earlier.

However——

“What is more important for you than to stay here and help me?”

Leng Qirui was speechless.

The usually arrogant and cool Young Master Leng was a kitten in front of Chi Yang. He was abused since he was young, but Young Master Leng, who could even get angry at his own dad, simply did not dare to cause trouble with Chi Yang.

Leng Qirui did not dare to speak after being questioned by Chi Yang like this, and he began to help Chi Yang in a proper manner.

“Leng Qirui, go and wash some green onions.”

“Go and peel five cloves of garlic.”

“Scrape me a piece of ginger and cut it into slices.”

...

The three big men were busy in the kitchen, while the four girls sat in the living room outside eating snacks, watching reruns of variety shows, and gossiping. All the while they were laughing happily.

Only

It was soon dinner time.

Leng Qirui was relieved. He had just sat down next to Zhong Nuannuan and stretched his waist when he heard Ning Wenhao call out, “Lil Rui, have you wiped the table?”

Leng Qirui was at a loss for words.

He felt like flipping the table!

When the three girls heard that they were about to eat, they consciously put down the snacks in their hands. After washing their hands, they got ready to help serve the dishes. However, Chi Yang and Ning Wenhao stopped them at the same time.

“You’re guests, just sit and wait to eat.”

Leng Qirui, who was serving the soup, was dumbstruck again. Was he not a guest too?

**Chapter 302: Does It Hurt?**

“Just sit back and wait for dinner, it’s enough to have three people working in the kitchen.”

Zhong Nuannuan handled her three slightly bewildered roommates, then turned to enter the kitchen.

Although he said so, Big Brother Chi Yang was tired after working in the military base all day, and she could not bear to see this. Although she did not know how to cook, at least she could help to serve the dishes.

However, she had only just gone in and reached out her hands when Chi Yang stopped her.

“Don’t move!”

Chi Yang held Zhong Nuannuan’s hands with one hand as he brushed her tender little hand with his fingertips.

“The dishes have just come out of the pot, so watch out or you’ll get scalded.”

“I won’t get scalded, don’t worry.”

“No.” Chi Yang refused. “Girls should live a pampered life. The kitchen fumes are so thick, it’s not good for you.”

Everyone including Leng Qirui, who liked Zhong Nuannuan, was at a loss for words.

The wave of affection caught everyone off guard. Leng Qirui, who was trying to quickly scoop the white rice dessert from the small steaming pot with his bare hands, paused for a moment, causing the piping hot dish to instantly burn his hands.

Leng Qirui screamed in pain, and the steaming bowl fell back into the pot again.

Chi Yang turned to look at Leng Qirui. Under his ferocious gaze, Leng Qirui weakly stammered, “It’s too hot.”

He was really not to blame.

Who told them to show such public displays of affection everywhere they went?

However, Chi Yang still did not pull back his gaze.

“It’s really hot, I said that it was scalding, but you didn’t believe me. Look at my hands!”

After saying that, Leng Qirui showed his fingers to Chi Yang, which were red from the light burn and were slowly starting to swell.

Zhong Nuannuan also saw this from the side. “Oh my, it’s really quite red. Is there any cooling oil at home?”

Zhong Nuannuan’s concern for Leng Qirui caused a wave of jealousy to soar in Chi Yang’s heart. Although he knew that his fiancée did not like men like Leng Qirui, he just could not bear to see his fiancée care for any other men other than him.

“Blame him for being stupid. There’s no need to apply medicine for such a small burn.” After that, he comforted Zhong Nuannuan and said, “It’s nothing, men have rough skin, so you don’t have to care for such a minor burn.”

Leng Qirui cursed to himself.

Enough was enough!

“What do you mean I’m stupid? I already said that I needed something to take it out. You don’t have any tongs in the house, and you made me hold it with my bare hands. Do you know how hot this is? You were even acting all lovey-dovey when I was picking it up, and that’s why I got scalded! If you have the ability, try holding it in your hand for three seconds without moving!”

Leng Qirui’s face was filled with indignation and resentment.

That T-Rex, Zhong Nuannuan only reached out to pick up a dish, but Chi Yang was already afraid that she would be scalded. He on the other hand, was clearly already burned, but Chi Yang not only insulted him, he also refused to give him any medicine.

What a stingy man!

Without warning, as soon as Leng Qirui said this, Chi Yang walked over, calmly took out the bowl of white rice dessert from the pot, and held it in his hands for one second, two seconds, three seconds, four seconds, five seconds...

It was not until Zhong Nuannuan screamed anxiously in distress that Chi Yang finally put the bowl down.

As soon as he put it down, Ning Wenhao walked over.

“Is it really that hot?”

After that, he picked up the bowl, tested the temperature, and said——

“You call this hot?”

Only

Subsequently, he walked out, carrying the bowl lightly, before placing it on the dining table.

Leng Qirui was shocked!

“Are your hands alright?”

Zhong Nuannuan hurriedly took Chi Yang’s hands and flattened his palms. When she saw his fingertips redden slightly, she lowered her head and blew at his hands in slight anguish.

“Does it hurt?”

Ning Wenhao came in after serving the dishes, and picked up another bowl of cold dishes to be served. When he heard Zhong Nuannuan’s question, he smiled.

He was just about to tell her that his big boss had superb endurance, and that such a minor scalding did not even amount to an itch to him. As a result...

### **Chapter 303: Did You Enjoy That Display Of Affection**

The moment he was about to say something, he heard his big boss say, "It hurts a little, but it's fine."

Splat!

The tray Ning Wenhao was carrying slipped from his hands, causing the bowl to crash onto the ground, spraying food everywhere.

Zhong Nuannuan, "..."

Chi Yang, "..."

Leng Qirui, "Hahahahaha... Big Brother Ning, did you enjoy that display of affection?"

Ning Wenhao, "...!!!"

He watched himself destroy his big boss' efforts. Ning Wenhao silently groaned as he quickly ran out of the kitchen and toward the balcony to look for the broom, all the while trying his best to avoid being beaten up by his big boss.

"I'll get some medicine for you to apply."

Zhong Nuannuan continued her previous conversation, clearly prioritizing Big Brother Chi Yang's hands over the broken plates. Those fallen dishes were not that important.

"Okay."

Chi Yang had been prepared to punish Ning Wenhao, who had the gall to ruin his wife's favorite dish of marinated carrots, cucumber, and rice noodles. However, the moment he heard that his wife wanted to help him apply some medicine, his unhappiness disappeared.

Chi Yang nodded as he followed obediently Zhong Nuannuan as she pulled at his hand and led him out of the kitchen. Compared to the joy of his little wife helping him put medicine on his hand, that lost plate of marinated carrots, cucumber, and rice noodles was nothing.

Leng Qirui, "..."

Leng Qirui's hand was burnt as well. It was even swollen from it!

Without warning, Chi Yang suddenly turned his head around to look at him. "Leng Qirui, bring the other dishes out to the table quickly."

He followed Zhong Nuannuan out after saying this.

Leng Qirui, "..."

He felt like his chest had been stabbed by ten thousand knives.

Leng Qirui was almost going to cry from being bullied. He watched as Chi Yang casually walked out while Zhong Nuannuan held his hands. Leng Qirui could almost see a happy tail wagging behind Chi Yang's back.

One was a T-Rex who transformed into a kitten in front of her boyfriend.

The other was a T-Rex who transformed into a loyal dog in front of his girlfriend.

Both were extremely vicious characters, yet were so gentle when facing each other. They were really made for each other.

Chi Yang sat inside his bedroom, enjoying the fact that Zhong Nuannuan was applying medication to his fingertips.

There was a buzzing sensation coming from his fingertips and Chi Yang could not help but close his eyes.

His little wife's hands were so soft. It was so comforting to feel them caressing his fingertips...

On the other hand, Zhong Nuannuan knew Chi Yang was doing this on purpose.

He had suffered far more serious wounds than this before. When Chi Yang went through that terrifying surgery, he claimed to not be in pain on the few occasions she had dropped by to see him. Moreover, he would head back for duty at the military base before his wounds had fully recuperated every single time he was injured.

So, why would he be in pain with just this little bit of redness, without any sign of his finger being swollen?

However, her heart softened at his very mention of pain.

What could she do when she was so willing to spoil him?

She felt happy at the satisfied and satisfied look in his eyes.

Only

This was her man. If she did not pamper him, who would?

Zhong Nuannuan put the ointment on every finger for him, rubbing it in one by one. After coating each finger, she would massage it for him, blow on it, then give it a gentle rub.

It did not take long for Chi Yang's little buddy to have a reaction.

The dishes were already set on the table. As a laborer, Leng Qirui was finally able to sit down and have a meal, but unfortunately, the two people in the bedroom had been in there for five minutes now, and it did not look like they were coming out.

Leng Qirui's tummy was so empty that he could almost feel his stomach touching his spine. This was because he had eaten quite a lot for breakfast and did not take any lunch. In addition to that, he had just finished exercising and his eyes were turning dark because of hypoglycemia.

As he watched the others sitting around the table with him, waiting to start the meal, Leng Qirui knew that there was no point in trying to get Ning Wenhao's help. The same applied to the three uptight girls. Thus, Leng Qirui had no choice but to personally get those two to come out and begin the meal.

The door to the bedroom was only half-closed as both of them had merely entered the room to put on medication. Because of this, Leng Qirui did not think much of it as he casually pushed the door open.

#### **Chapter 304: A Waterfall Worth Of Affection**

"Are you guys done with..."

The words were on the tip of his tongue, but he could not continue.

Chi Yang was holding onto Zhong Nuannuan's hand, while his other hand was gently cupping the back of her head. From where Leng Qirui was standing, he could see the shadows on each other's well-defined faces, looking like a beautiful paper-cut silhouette.

Zhong Nuannuan's pulled back her head a little when she heard the sound of Leng Qirui opening the door, but Chi Yang had no intention of pulling his hand away from the back of her head. Not only that, when Leng Qirui was standing at the door, Chi Yang changed the angle of his position and covered Zhong Nuannuan's face with his head. He did not want another man witnessing the coquettish actions of his little wife, much less the man who was casting his greedy eyes on his little wife's beauty.

Leng Qirui was not prepared to be hit by this much affection between the couple, which poured onto him like a waterfall. It hit him so bad that he got confused and disoriented. Thus, all he could do was stare at them bug-eyed as he took in their overwhelming affection for each other whilst forgetting to look away.

Zhong Nuannuan wanted to back away, but Chi Yang stopped her. It did not take long for her to once again submerge into Chi Yang's cool, clean kiss.

A translucent drop fell from the corner of Zhong Nuannuan's lips. The lights were dim, yet to the eyes of Leng Qirui, the scene was extremely bright and clear.

Young Master Leng may be a douchebag, but when it came to matters of the opposite sex, he was just a naïve little boy. His eyes could not move away when he saw the translucent droplet fall from the corner of Zhong Nuannuan's lips. He wanted so badly to inform Chi Yang that something was flowing out...

Without realizing it, his mouth fell agape. He saw Chi Yang's lips move to another position as his determined, thin lips gently pressed down. Then, there was the sound of water being sucked.

The translucent droplet on the corner of her mouth was sucked away...

Chi Yang's patience ran thin under Leng Qirui's continuous stare. Hence, he slowly stopped the kissing.

Both of them raised their heads and looked at Leng Qirui, only to see him lick his lips and swallow some saliva.

Zhong Nuannuan, “...”

Chi Yang, “...”

Leng Qirui, who was caught peeping at the embarrassing act, “...”

Leng Qirui had never felt so embarrassed in his life.

He turned to leave with a bright red face.

Zhong Nuannuan was about to say something when Chi Yang stopped her. “There’s no need to comfort him. Do you know that the best way to reject someone who likes you is to be cruel to him just once? There’s no need to go after him. He’ll figure things out on his own.”

Zhong Nuannuan was bewildered. She did not believe Leng Qirui truly liked her. She felt that Leng Qirui idolized her and did not think that he liked her in that way.

“I’m not trying to comfort him. I wanted to tell him that the way he walked out with his hands in sync with his feet made him look really silly.”

Chi Yang was stunned.

The guy was just forced to watch them being intimate with each other, and now, he had to listen to Zhong Nuannuan poking fun at him. Leng Qirui felt like he had just been forcefully stabbed by ten thousand pairs of knives. “...”

Later, when everyone finally sat down at the table to begin the meal, Leng Qirui felt absolutely full.

Only

“Big Brother Chi, Nuannuan, thank you for the invitation.”

“Today has been an exhausting day for Big Brother Chi and this soldier brother.”

Yan Fangfang and Gu Xiaoli expressed their gratitude toward Chi Yang and Ning Wenhao.

“This is Ning Wenhao, he is a close brother-at-arms to my Big Brother Chi Yang. Big Brother Ning, these are my roommates Mu Qingxuan, Gu Xiaoli, and Yan Fangfang.”

Ning Wenhao smiled as he greeted the three girls. There was not much difference in how he treated Mu Qingxuan compared with the two other girls, Gu Xiaoli and Yan Fangfang, who were sitting opposite him. Mu Qingxuan felt disappointed.

The three girls wanted to help clear the table after the meal, but was once again rejected by Chi Yang.

Instead, Chi Yang got Ning Wenhao to take the three girls home after getting Leng Qirui to wash the dishes.

**Chapter 305: Childhood Sweethearts**

The ride home was silent. When they reached their destination, all three girls thanked Ning Wenhao as they prepared to get out of the car.

Ning Wenhao then opened the door for the three girls. Yan Fangfang and Gu Xiaoli got out first while Mu Qingxuan was the last one out as she was seated the furthest from the door.

Mu Qingxuan went into a daze as she watched the tall, towering figure right next to her. Lost in thought, she forgot about the difference in height between an SUV and a normal car, causing her to miss her step.

“Be careful.”

Ning Wenhao was quick to react as he reached out and scooped Mu Qingxuan into his arms.

She felt herself land against his sturdy chest as Mu Qingxuan’s eyes glazed over a little.

She remembered how she used to play in his arms, refusing to leave, when she was younger.

He was also a child back then. His chest might not have been sturdy when they were younger, but it was warm and fuzzy.

Every time she lost her temper, he would give in to her and let her sit in his arms as he read out loud a comic book for young girls that proved to be obscure and difficult for him to understand. Every time Ning Wenhao encountered a word he did not recognize and tried to skip it, he would flip through the dictionary patiently, insisting that the sentence be completed. After that, he would read the story again for her.

Back then, she wanted to marry him when she grew up.

Now...

As Mu Qingxuan fell into his arms in a daze, Ning Wenhao actually did not want it to end as he took in her fragrance.

He did not want to push her away from him.

He stood tall while his hand wrapped around her waist, allowing her to quietly rest in his arms. She did not remove herself from the embrace, while he similarly remained quiet.

It was not until Yan Fangfang let out a soft cough that Mu Qingxuan awoke from her reverie, only to realize she had been burying herself in Ning Wenhao’s arms whilst daydreaming. Her face turned red quickly.

“I’m sorry, I’m sorry! I’m so sorry, Big Brother Ning, I... I must have lost my head!”

Mu Qingxuan felt embarrassed to death.

She had actually stayed in Ning Wenhao’s arms without moving an inch like a sappy girl.

It was just too...

Mu Qingxuan was a girl who had been brought up well, and this situation made her want to crawl into a hole.

Ning Wenhao thought she looked adorable when he noticed how coy and silly she appeared in her embarrassed state.

"It's no problem, anyone will occasionally experience be absent-minded. Don't worry about it."

His words were like magic as Mu Qingxuan's embarrassment instantly disappeared.

He knew that Mu Qingxuan might have mistaken him for someone else. He wanted to find out more about that person, but it was inconvenient for him to ask her about this when Yan Fangfang and Gu Xiaoli were around.

"Big Brother Ning, thank you for sending us home. Goodbye."

"You're welcome, goodbye."

Ning Wenhao almost called out to Mu Qingxuan when he saw her disappointed figure walk away, but he held it back.

He found himself feeling concerned over this girl who had suddenly appeared in his life and whom he had no previous connection to at all.

However, he quickly shook his head, getting rid of any thoughts of a personal relationship.

Relationships were a burden to him. What he needed to do now was to train properly under his Big Boss and complete every mission handed to him, achieving the best results in the shortest time.

...

Leng Qirui could not wait to leave after he was done with the dishes.

He had to endure so much labor over a meal, and was even forcefully fed a scene of a couple being loving to each other. It was like being stabbed in the heart with numerous knives. Worst of all was that he did not even eat much at dinner.

It was like a double penalty, which also meant double the loss. He told himself he would never do such a thing again.

This was entrapment.

Chi Yang and Zhong Nuannuan were the only ones left in the condo after Leng Qirui took his leave.

One of them had worked the whole day while the other had spent the full day studying. Thus, Chi Yang got Zhong Nuannuan to take a shower immediately after Leng Qirui left.

There were three rooms—two living rooms, and two bathrooms—in this house Chi Yang had bought. It was a high-end condo that was in move-in condition. Naturally, it was much nicer than the accommodation at the military base.

Chi Yang took his shower while Zhong Nuannuan had hers.

By the time Zhong Nuannuan was done, Chi Yang had already finished washing the dishes and was tidying up the house.

“Done with your shower?”

“Yup.”

Chi Yang took the dirty clothes from her hand when Zhong Nuannuan replied. He then walked towards the bathroom.

“Big Brother Chi Yang, let me wash them.”

Zhong Nuannuan ran after him and tried to take her clothes back from Chi Yang’s hands, but Chi Yang would not allow her to do so.

“No. A girl’s hands will become rough if they handle detergent too often.”

This was how her Big Brother Chi Yang was. He was a man who, once in love, would pamper his lover to no end.

Her heart must have been smeared and blinded by lard in her last life to have rejected such a good man and pushed him away.

Zhong Nuannuan accompanied him while Chi Yang washed the clothes in the bathroom. This made Chi Yang feel happy, even though he was the one doing laundry.

“Did she cause any trouble when you visited her at the hospital yesterday?”

“Of course she did. She caused a lot of trouble.”

Only

Zhong Nuannuan could not stop talking at the mention of Jiang Shuwan.

She happily told Chi Yang about how she had used Jiang Shuwan’s money to bribe the nurse taking care of Jiang Shuwan to lay a trap, about how Jiang Shuwan defected all over the bed in order to malign her, and how her grandmother had arrived and tried to play devil’s advocate. She also went on to tell him about how Zhong Kuijun had solved everything in the end.

Zhong Nuannuan was in a jovial mood when she talked about it, but the more Chi Yang listened, the deeper he frowned. The more she told him, the deeper his heart ached for her.

Even so, he tried to hold it all in while he finished hanging up the laundry. By then, Zhong Nuannuan was also done with her gossiping.

Once he was finished, Chi Yang turned to see the smiling girl who had gone through such intense humiliation. It made his heart ache terribly and he finally reached out toward her...

Nuannuan loved this feeling. She tip-toed to accommodate him.

Chi Yang’s eyes turned dark as he lifted his little wench up against his waist and quickly walked into the bedroom.

Once he was finished, Chi Yang turned to see the smiling girl who had gone through such intense humiliation. It made his heart ache terribly and he finally reached down towards her and kissed his girl on the lips.

It was nearly always Chi Yang who took the initiative. Zhong Nuannuan was initially surprised by the kiss, but her hands later caressed Chi Yang's cheeks as she maneuvered into another angle and kissed him back.

Previously, when they were about to have dinner, Chi Yang's tongue had reached into her. Even though it had been just a brief moment before things ended when Leng Qirui suddenly appeared, Zhong Nuannuan had nevertheless still loved the feeling.

She loved the feeling of his warm tongue intertwining with hers.

Now, Zhong Nuannuan took a leaf from Chi Yang's books and moved her tongue about, attempting to move her way through his jaws.

Only

It was clear that there was no need for her tongue to fight its way in. The moment her tongue slid into action, he obediently allowed her entry.

Chi Yang's breathing got heavier as he felt his little wife's warm silky tongue, accompanied by a fragrant taste, in his mouth.

He reached out and gently pulled her legs up to his waist, lifting his little wife up with complete ease.

Zhong Nuannuan was intoxicated by the sweetness of it all. She was like a child exploring a brave new world as she let herself go inside his mouth, seeking adventure in this strange civilization.

Her tongue moved along his upper jaw before brushing against the back of his teeth.

Her naughty tongue had her way with his mouth as she moved about unrestrained, without realizing her cheeky kissing was causing a fiery passion to ignite within Chi Yang.

Chi Yang did not want this little wench to realize what was happening, and he could only carry her on his waist before quickly heading for the bedroom.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 307: Foolhardy Fel**

Zhong Nuannuan was lifted up high by Chi Yang. She lowered her head slightly, her lips challenging his in a passionate fight. Chi Yang did not want her to find out about what was going on with the foolhardy fellow, Lil Yang, below his waist. And he did not dare to let her butt go any lower, instead making sure she was kept high above his waist.

He lifted his jaw slightly to welcome the kiss from his little wife.

His handsome, resolute features looked incredibly gentle under the warm light.

This eagle-like man in front of her had put aside every single bit of hard-headedness within him, displaying only the most gentle side of himself to her.

“Girl, take a breath.”

Chi Yang could not help reminding her as he could sense his little wife almost stop breathing.

It was only then that Zhong Nuannuan moved away from his lips. She took in the fresh air in big gulps.

The look in Chi Yang’s eyes darkened as he watched her little cherry lips open and close as he wished her lips were still on his.

This silly little thing did not know to breathe!

Once he was sure she had enough air in her lungs, Chi Yang placed her on the bed as his handsome face pressed onto hers forcefully.

However, the moment he touched her, the little thing flipped to the side and casually tripped him with her leg. Chi Yang had not expected her to do this and was not prepared as he swiftly fell onto the bed.

Nuannuan took the opportunity to flip onto him and take the upper hand with her entire body. A simple move had got her what she wanted, causing Chi Yang to subtly raise an eyebrow.

She continued sitting on his waist while he laid down, willingly allowing her to mount him. He was prepared to give her anything she wanted.

Their positions were like that of a vision of a male lion grazing on a vast, grassy field with a proud, coquettish little kitten riding on it.

It felt for Zhong Nuannuan as she sat on Chi Yang’s waist.

This action was strong and forceful, yet was not tiring.

Soon enough, she could not help... grinding her butt against his waist as she sat there.

Chi Yang was so aroused by her movements that he almost went down on her.

Zhong Nuannuan had no idea at all what her playful movements were doing to Chi Yang. She twisted about for a moment more, and right before Chi Yang wanted to have his way with her, she finally stopped moving her butt.

She bent down, slowly getting closer until her face was right up against Chi Yang’s. Their noses were almost touching when she suddenly kissed Chi Yang on his eyelids.

Only

When she got close to him, he complied by shutting his eyes. Thus, her kiss fell on his thick dark eyelashes.

She kissed him on his deep, mysterious eyes, she kissed him on his wide forehead, she kissed him on his sharp nose, she kissed him on his determined, thin lips, she kissed him on his steadfast jaw...

Zhong Nuannuan turned to target his face, kissing him on his sensitive earlobe.

When she had massaged him the day before, her hands had accidentally touched his ears, which caused him to tremble slightly. The moment her lips kissed him on the earlobe, Chi Yang's body could not help but respond with a minor tremble.

Chi Yang stared intently at Zhong Nuannuan. The deep look in his eyes was like an infinite void, seemingly going on forever.

As for Zhong Nuannuan, she had no idea what was going on with Chi Yang. She was just like a playful little kitten playing atop a lion who was about to demonstrate his prowess to her. As Chi Yang's eyes opened to look dangerously at her, she moved her lips and started kissing him on his Adam's apple.

Chi Yang's neck was long, which made him look exceptionally handsome when he put on his military uniform and buttoned up his collar. Those with shorter necks could not hope to compare.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 308: This Is Fun**

The Chi Yang who buttoned up his collar was a God of War level Chastity Type Adonis. He was so handsome it was difficult to resist him.

Zhong Nuannuan had noticed his sexy Adam's apple the first time she saw him after her resurrection. She had promised herself she would find out what it felt like to kiss his Adam's apple once they had gotten closer in this life.

It turned out that kissing it felt much more wonderful than she had imagined.

This felt especially so when his body trembled slightly at the touch of her lips on his Adam's apple, causing it to move slightly. It was so sexy that Zhong Nuannuan wanted to scream out loud.

Zhong Nuannuan could not help lowering her head to give him another kiss as she watched the man lying on the bed, looking like a piece of art.

To be honest, Chi Yang had never thought his little wife would be so... passionately forward after accepting a man wholeheartedly.

He was moved by this passion, and felt truly happy about it.

However, it was also too much for him to take.

His little brother, Lil Yang had never slipped up once in all the years they had been together. Lil Yang had been so obedient and treasured that even Chi Yang himself had thought that there was a problem with him. Yet, at this moment, Lil Yang was about to explode because of his little wife's passion.

He watched as his little wife kissed him on his Adam's apple and continued moving downward, unbuttoning the first button on his shirt. It looked like she was about to kiss him on the collarbone when Chi Yang suddenly flipped over and pinned his little wife under his body.

The look in Zhong Nuannuan's eyes was one of intoxication. A foggy look seductively tinted her big, watery eyes. It was clear she had not noticed that her position had just shifted from being on the top to

being pinned on the bottom. She blinked in a daze, looking like a lost little deer. One could not help but instinctively want to protect her.

By the time she recovered from her daze, she attempted to flip back up, but Chi Yang did not dare allow her to do so.

She felt her arms pinned down by Big Brother Chi Yang. Zhong Nuannuan could not stop repeating with a look of dismay, "Big Brother Chi Yang, I want to be on top!"

It could be her lying underneath him or it could have been Chi Yang's extremely sexy appearance that had gotten Zhong Nuannuan to head-over-heels lustful over him, but her voice suddenly became incredibly seductive.

Just her voice had Chi Yang's little fellow down below vigorously waving its white flag in surrender.

It was totally defeated by this little lusty seductress!

Chi Yang tried his best to control himself. It took him everything to hold back, but Zhong Nuannuan suddenly kicked off her slippers as she gently caressed his naked ankle with her toes.

As she caressed him, she ordered him with utter dominance, "I want to be on top!"

Chi Yang was so turned on by her, he wanted to roar at the sky to release the lust and passion built up within him. For a moment, there was a look of violent rage on his face as he suddenly came close to her face, clenching his teeth as he asked, "Do you think this is fun?"

If it were somebody else, she would have been scared to death by Chi Yang's murderous expression.

Only

However, Zhong Nuannuan felt no fear at all.

She knew Chi Yang loved her so much that he would even give his life for her. As long as she did not cheat on him, Zhong Nuannuan could do whatever she wanted in front of Chi Yang.

Armed with this knowledge, Zhong Nuannuan did not have the slightest ounce of dread in her being when facing the Big Brother Chi Yang who was about to erupt.

She was still giggling when confronted with his gnashing teeth. A light fragrance wafted toward Chi Yang's nose and face. There was a brief sweet scent which was immediately accompanied by a burning sensation.

"Heehee, this is fun! I want to play some more!"

His little wife appeared to him as a seductress who had just walked out of a painting. She was so beautiful it was almost surreal.

Chi Yang realized that his threat was useless against his little wife who had no fear. It was a tragic discovery for him when he understood the fact that not only were his threats ineffective, but he also did not have the power to reject her when faced with his little wife's coy expectations.

### **Chapter 309: Buddhist Tiger**

Big Brother Chi Yang felt devastated.

“Big Brother Chi Yang, I’d still like to continue playing the kissing game.”

Zhong Nuannuan’s sickly sweet yet sexy voice rang out once again like a seductress. Chi Yang could not even attempt a rejection as he immediately surrendered, falling under her alluring spell. He could only accept his fate as he laid spread out on the bed, giving in to his little’s wife’s every whim.

At the same time, he prayed silently for his little brother down there to hold on.

His body had always been sensitive to her, and now, with her igniting the flames of passion burning within him, he could not be blamed if he were unable to withstand it. This could only be blamed on an enemy who was too powerful, and who wielded overwhelming firepower.

Zhong Nuannuan was having too much fun teasing Chi Yang’s body.

She grew up overseas and had always been taught to express herself freely whenever she saw something she liked. As such, Zhong Nuannuan was never one to shy away timidly.

She liked Chi Yang, the way he looked, his personality, and his body.

This was why when faced with the unknown, or rather something she had only tried once in her last life but never really took the time to get to know, Zhong Nuannuan was filled with a sense of curiosity and enjoyment.

However, after undoing two buttons, she stopped moving her hands.

This was because she realized there was a change in Big Brother Chi Yang.

Even when in a casual t-shirt, Big Brother Chi Yang had always been a Chastity Type Adonis. So, why was there a nefarious look on his face after she had released two of his buttons?

Sideburns that looked neatly trimmed, eyebrows which looked like they were painted on, lips like peach petals, and eyes like autumn flowers.

Especially...

Were Big Brother Chi Yang’s eyes not black? Could it be a lighting issue? Why did his eyes look reddish-brown from where she was sitting?

The color of his eyes coupled with his alluring face, and the way he casually laid down on the bed, allowing her to have her way with him, made Zhong Nuannuan feel like she was staring at an enchanting field of poppy flowers slowly in bloom.

He was like an incubus, so good looking it was almost sinful, seducing the hearts and souls of all those who saw him.

Chi Yang had completely given up struggling as he laid there with a peaceful heart, prepared to be served up as a meal, waiting for his fate to befall him and to be picked clean.

However, the little wench stopped after releasing two buttons. She did not move for a long time.

“What’s wrong?”

Chi Yang voiced out, sounding extremely husky. It was a voice that expressed his casual laziness and a reckless need to corrupt the pure.

Zhong Nuannuan’s red lips opened slightly as she looked at Chi Yang in a daze, mumbling, “Big Brother Chi Yang, do you know how handsome you are right now? You could consume one’s humanity with that look.”

Chi Yang was taken aback but was quickly cheered up by his little wife’s words. His resolute blood-iron eyes now looked like blooming peach blossoms as he kept giving Zhong Nuannuan signals with them.

“Do you like it?”

“Yes, I do,” Zhong Nuannuan did not expect her voice to become husky when she said this.

Chi Yang reached out as he slowly placed his hand on his Nuannuan’s exquisite face. He caressed it gently.

“As long as you like it,” he was afraid she would be displeased and push him away.

Only

Zhong Nuannuan could not stop herself howling like a wolf as she watched the casual yet sinful Big Brother Chi Yang sexually enticing her.

She could not stop that feeling of joy in her heart, and the next thing knew, she had bent down once again to kiss him.

Chi Yang, “!!!”

He gasped as he was surprised by the sudden show of force.

This little thing was truly...

Could she be any rougher with him?

Chi Yang was supposed to be the one with all the power, but he was just a Buddhist tiger in front of his little wife. Even when things had developed like this, he chose to lay there without moving.

#### **Chapter 310: A Man With Upright Value**

It was not that he did not want to move. Rather, he could not move.

He was afraid that any slight movement would make him lose control and he would end up having his way with her.

Zhong Nuannuan suddenly became agile as she quickly flipped away from him and sat up. There was a look of guilt on her little face.

She, she, she... What was she sitting on just now?

Zhong Nuannuan's gaze travelled down Chi Yang's body.

All she did was give him a kiss and unbutton two buttons on him. His chest was not even fully revealed, yet Lil Yang was looking like it wanted to have action immediately?

"Big... Big Brother Chi Yang!"

Zhong Nuannuan gave Chi Yang a sorry look as she suddenly remembered he had allodynia!!!

"Hmm."

Chi Yang grunted as he lay still on the bed.

Zhong Nuannuan felt extremely guilty as she saw Chi Yang sweating from trying to hold himself back.

Even though she was a little shy about the situation as she often believed that girls should not be the one to propose this sort of matter, at things stood, Zhong Nuannuan felt that she should take responsibility for what she had done. She was the one in the wrong, and she should make amends for it.

"Big Brother Chi Yang, I.... can do it."

There was already a dark look in Chi Yang's eyes, but after hearing her words, the deep vortex once again reappeared within his eyes.

Zhong Nuannuan crawled toward him when Chi Yang said nothing. She nuzzled into his arms like a kitten, obediently curling up her body without moving.

The vortex in Chi Yang's dark eyes was quickly replaced by adoration when he saw her placing her head obediently on his chest, not moving an inch.

The strange reddish-brown dark light in his eyes started to diminish as well. Soon, there was only a gentle look left in them.

Chi Yang continued lying down as he tried to calm the tumultuous emotions within him while gently playing with Nuannuan's soft hair.

"I promised your father not to touch you before we're married."

Zhong Nuannuan immediately removed herself from Chi Yang's arms when she heard this.

"What era do you think we are in? Why are you acting like an antique? We did it together quite a while ago. Is there a difference between one time and a hundred times?"

Only

Chi Yang felt happy when he saw his little wife acting out over this injustice. He could not help reaching out as he gently flicked her on the forehead as a soft 'thud' was heard.

However, he got worried he had hurt her when he saw her shoulders shrink back. He quickly touched her on the area where he had flicked her with concern, and only felt better when he confirmed that he had not left a mark on her.

Zhong Nuannuan did not feel pain from the flick, instead, it tickled her. Despite this, when she saw the concern in Chi Yang's eyes, she felt quite happy. She loved seeing him treating her with adoration; she liked it when he pampered her. The look in his eyes could almost drown her with love.

"You're still young, so of course there is a difference between once and a hundred times. Even though the promise was made so your father would not worry about this matter, it is also my decision."

Only heaven knew that it was because he had fallen into Zhong Qianqian's trap that he ended up raping Nuannuan...

However, Zhong Nuannuan was not aware of Chi Yang thoughts. She shook her head vigorously. "I don't agree! Just look at the women in olden times. They could start giving birth at the age of 15. I'm almost 18-years-old. I'm considered mature."

"That is because people back then had shorter lives. Girls are allowed to marry only at age 18 in modern society. There must be a good reason for that."
