Chapter 3061

3061 I'll give you a car 1

Minister Li looked at Yu minzhen and sneered. "I do understand, but I don't know if the Yu family's eldest miss also understands this logic."

Li xiangwang's imposing manner was too strong. Even at this moment, he did not seem to be afraid at all. This made Yu minzhen's imposing manner instantly lower by a notch.

"What do you mean by that?"

"It's nothing," said li xiangwang with a smile. He just wanted miss Yu to be clear on one thing. Even though I'm an outsider, I'm a student at the medical Bureau University. I'm a living person who came all the way from the mall. If something happened to me, do you think the police wouldn't be able to trace it to you? There will be traces left behind if you do it, not to mention that this is the DI province."

hahahahahaha! Yu minzhen laughed as if she had heard a joke."Do you think I'd let you leave a trace if I wanted to kill you? Wake up! Let me tell you, the car you're in has a fake license plate, and it's a scrapped car. I'll be kind enough to let this car accompany you on the road later. so, li xiangwang, you should thank me for giving you these burial objects worth tens of thousands of yuan!

As for these traces, don't worry, there are no surveillance cameras along the way. No one will know where you went after you came out of the mall. Your death will eventually become a mystery."

Yu minzhen chuckled, but her smile looked extremely cruel.

She had thought that she could finally see li xiangwang's fear, but who knew that li xiangwang still did not look afraid at all. Not only that, but after hearing Yu minzhen's words, she even asked with interest, " "Oh, really? There weren't any surveillance cameras along the way. Do you know where I went?"

"Of course." Yu minzhen was obviously angered by her suspicion.

"If you didn't bid for me, then did you? Could they have followed your car and found me?"

Yu minzhen thought that she was really not afraid, but she laughed again after hearing her last question.

"Don't worry. Since I'm going to kill you, I won't expose myself."

"In other words, no one knows you're here."

Yu minzhen smiled and said,"don't worry, i definitely didn't! I didn't even tell my family. A person like you isn't worthy of them knowing."

Li xiangwang's originally nervous expression instantly changed.

"That's good. I'm just afraid that if someone finds out that you're going to harm me, I won't be able to do anything to you. Since you don't know, then it's convenient."

Yu minzhen's eyes narrowed, and she looked a little nervous. She was originally close to li xiangwang, but now she immediately retreated a few meters away.

"What do you mean by that?"

"It means" Yingluo.""

Prime Minister li looked at Yu minzhen but quickly attacked. Before anyone could see what she was doing, his hands were already on the head of the man who had let her out of the car. With a slight turn, the man's neck was already behind his back.

the 180-degree rotation only took less than half a second.

The man's face was still filled with confusion and shock, but he had already turned his head to the back.

"Ah!"

Yu minzhen did not expect such a scene at all. She did not expect li xiangwang to be a martial arts master.

"Bang!"

The man fell to the ground with a muffled thud, and the rest of the people reacted and immediately attacked with sticks.

3062 I'll pay ten times (2)

However, she was clearly just a gentle and weak girl in her first year of University. She clearly had no power to fight back, but her strength was so great that it was shocking.

They hit her with their clubs, but she didn't seem to be afraid of pain at all. The next moment, she had already broken the club into two with a palm.

"Ah!"

How could Yu minzhen not see li xiangwang's hand? How could she not know that the people she had called over were here to deliver their heads?

Although Yu minzhen was a ruthless young lady, she would find a way to get rid of anyone who made her unhappy and became her mortal enemy. But this didn't mean that she could accept being killed.

Seeing that the people she found were being twisted by li xiangwang one by one, Yu minzhen was so scared that she screamed and ran away.

after taking care of all the people, lee xiangwang glanced at his phone, a crazy and cruel smile of pleasure on his lips.

She had also tolerated Yu minzhen for a long time.

Even if Yu minzhen did not do anything to her, she was prepared to do it to her.

After dealing with the seven people sent by Yu minzhen, li xiangwang walked out unhurriedly.

Before they reached the exit, they heard Yu minzhen's tearful complaints halfway through the drive.

"Let me go! I'm the young miss of the Yu family. How much did she pay you? I'll double it, no, I'll pay you ten times, okay? Let me go!"

When Prime Minister li turned a corner, he saw two men in suits with Bluetooth earphones grabbing Yu minzhen.

Yu minzhen was like a weak little chick under the hands of two bodyguards who were 1.85 meters tall. No matter how she struggled, the other party held her down tightly and did not give her any chance to escape.

Seeing li xiangwang, Yu minzhen knelt down without any hesitation.

"Li xiangwang, I was wrong! I know I was wrong! Can you let me go? I won't dare to do it again! I beg you, on the account that we're classmates and we're from the same dormitory, please spare me this once! I really won't dare to do it again."

Seeing that Yu minzhen knelt down in front of li xiangwang, the two bodyguards no longer restrained her.

Yu minzhen quickly crawled to li xiangwang's feet.

She didn't feel that li xiangwang wouldn't kill her. After all, she had seen with her own eyes how li xiangwang had killed the people she had hired.

when li xiangwang was killing, she didn't even blink.

this was not normal.

Even the H nation people would be cautious when killing people. However, li xiangwang was only a first-year student, and she did not even blink when she killed.

her people had not arrived yet, which meant that all the people she called had been killed by li xiangwang.

thinking of this possibility, yu minzhen's scalp went numb.

She didn't understand how things had developed to this point. She couldn't understand how a child from an ordinary family like li xiangwang could have such a hand and such a powerful bodyguard.

These bodyguards were obviously different from the ones she had paid to hire.

these bodyguards were all professional.

Minister li looked at Yu minzhen kneeling in front of him. His eyes were filled with fear, but he laughed happily.

However, her voice was extremely horrifying. Yu minzhen was so frightened that she could not help but tremble.

Li xiangwang stepped on Yu minzhen's hand. As Yu minzhen screamed, li xiangwang could hear the sound of bones breaking under her foot.

3063 Let me go, will you 3

Yu minzhen was in so much pain that she almost fainted. In a situation worse than death, she shouted, "Li xiangwang, let me go! I'm warning you, let me go! Otherwise, the Yu family will not let you off! ah, li xiangwang!"

"Yu clan? Do you know whose family I'm from?"

Yu minzhen raised her head at li xiangwang's words. Li xiangwang smiled and squatted in front of Yu minzhen. After seeing her pain, hatred, and fear, he said with satisfaction, "I'm from the Shi family."

yu minzhen:

"You didn't expect this, did you? I'm from the Shi family. So do you think that the people behind you would be afraid of you, a mere miss Yu who came out of some unknown corner?"

"No, no, no, no, impossible! how can you be from the shi family? You don't have a good relationship with miss Shi. You also often criticize miss Shi because of Nangong Nuannuan. you!!!"

"That was just for Nangong Nuannuan to see! If we're on good terms, how are we going to cause trouble in the future?"

"Miss Li, you're talking too much," The bodyguard behind him stopped him.

"What are you afraid of? she's going to die anyway, so let her die with an explanation so that she won't have to die an unjust death."

As soon as she heard that she was going to die knowing why, Yu minzhen started to tremble and retreat.

His family background, which he had been so proud of, was of no use in front of li xiangwang.

She was just a young lady from a third-rate wealthy family, yet she did not care about the life and death of a person like li xiangwang.

Now that li xiangwang had become a member of the Shi family, how could he care about the life of an ant like her?

"Xiangwang, can you let me go? I was wrong! I'm really wrong!"

This time, Yu minzhen really knew that she was in the wrong. She was really afraid.

Li xiangwang sneered, "it's too late to know now!" yu minzhen, i just wanted to stay in school. you were the one who ostracized me from the beginning and hurt my self-esteem. If it wasn't for miss Shi, I would have been dead by the end of the first day of military training. you rich young ladies who live a good life never know how tiring it is to struggle alone in this world. It wasn't easy for me to get into college, to get one step closer to my dream, and to establish my life's ideal. However, it's because of the existence of

scumbags like you and Nangong Nuannuan that I feel that it's unfair between people. So what if I tried? no matter how much effort i put in, i won't be able to have the same starting point as you and nangong nuannuan!

Actually, what does it matter to me how high you stand? But why do you have to drag me down? Don't you feel a special sense of accomplishment by pulling me, a person who lives at the bottom of life, into it and making you all look great?"

Looking at the madness in li xiangwang's eyes as he spoke, Yu minzhen realized that this woman had gone crazy.

At that moment, Yu minzhen felt her heart turn cold.

Wasn't this what people said, "the barefooted aren't afraid of those who wear shoes"?

"You look down on me. You think that I should be bullied by you and not fight back. You can hit me with a flower pot, but I can't hit you. You're going to kill me. Yu minzhen, you were the one who found this place today. I want to thank you for helping me find such a good place."

3064 Destroyed (4)

yu minzhen shook her head and retreated, but she was stopped by two bodyguards.

"Miss Li, do you need us to do it?"

Li xiangwang nodded. there's a van and a small car over there. Let's cremate them separately."

Yu minzhen's eyes widened when she heard the word "cremation."

"Yes."

The two bodyguards obeyed the order and lifted Yu minzhen up.

"Let me go, Yingluo, let me go!"

Yu minzhen screamed loudly, but the bodyguards ignored her.

Yu minzhen was being dragged on the ground like a garbage bag. Her beautiful legs, which were as white as Jade, were quickly dragged on the ground, leaving wounds one after another.

However, it was as if she was not afraid of pain. She kept struggling on the ground, trying to break free from the shackles. However, even when she was dragged to the front of the black car, she could not break free.

No matter how much she cried and begged for mercy, the two bodyguards did not make an exception. they stretched out their hands and crushed yu minzhen's joints. after she could not move at all, they put her in the car.

after feeling the pain of her finger bones being crushed bit by bit, yu minzhen felt that she could actually adapt to the pain. The great fear made her forget the pain and only knew how to call for help.

However, this was a remote place, and she had prepared this place for a long time. There was no one, no signal, and no one would save her even if she screamed until her throat was sore.

she regretted it so much.

He regretted making a move on li xiangwang over a small matter.

Yu minzhen was stuffed into the car by two bodyguards. The bodyguards fastened her seatbelt and made her sit there. At most, she could only sway left and right.

After that, he took out some of the gasoline from the mailbox and poured it into the car.

After that, the bodyguards moved the bodies into the White van.

li xiangwang used this opportunity to slowly walk to yu minzhen's side and said faintly, " "Didn't you say you were going to give me this car? I'll give you this car now. Just look at how lucky you are! Other people could only walk to hell, but you still have a car to drive. Yu minzhen, rest in peace. If you can be reincarnated as a human in your next life, remember to treat people better. the heavens were watching. You brought this upon yourself."

Yu minzhen was crying so hard that she could not make a sound. She knew that li xiangwang would never forgive her.

When she saw the two bodyguards rushing towards her with lighters, she cursed madly, " "Li xiangwang, do you think you will be rewarded if you follow Shi Yalin? if you go against nangong nuannuan, you won't even know how you'll die! I'll be waiting for you down there! I'll be waiting for you downstairs. Even if I have to be reincarnated, I will be reincarnated with you! I'll always be entangled with you! I'm not Yu minzhen if I don't kill you with my own hands!"

Li xiangwang had never been afraid of Yu minzhen, but at this moment, she was frightened by her words.

for a long time after that, she would not be able to sleep well. she would constantly dream of what yu minzhen said to her and the scene of yu minzhen being burned alive.

she also did not expect that in the near future, her ending would be exactly the same as what yu minzhen had said.

but now, as li xiangwang looked at the burning car, she felt an unprecedented sense of satisfaction.

It had always been other people bullying her, and she had never bullied anyone.

That was why she had been working hard to make herself more outstanding. now, with shi yalin's help, not only did she gain strength and connections, but she also had money that she might not have been able to earn in her previous life.

3065 Face slapping (5)

The feeling of being able to do whatever she wanted was great.

Looking at the burning fire, the bodyguard suggested to take li xiangwang away.

“will the matter here be leaked?” Li xiangwang was still very worried.

“don’t worry, with us here, nothing will be leaked out.” The bodyguard replied.

“That’s good.”

Today was the first time she had actually killed someone. Before this, she had used a machine that Shi Yalin used to simulate killing people. Li xiangwang realized that this feeling was very good.

Yu minzhen disappeared on the weekend when she returned to school. The Yu family called the police and even went to the school to look for her.

the head of the yu family, yu minzhen’s grandfather, remembered that nangong nuannuan was in school, so he turned around and went to nangong nuannuan’s bedroom.

Because he had heard about Nangong Nuannuan’s daily routine from Yu minzhen, when old master Yu brought the Yu family and a group of police officers to Nangong Nuannuan’s dormitory, Nangong Nuannuan was preparing her books and was about to head to the research room.

“miss nangong!” as if he had found his pillar of support, old master yu rushed toward nangong nuannuan, tears streaming down his face.

Nangong Nuannuan’s face darkened as she looked at the old man who was crying in front of her.

old master Yu, I’ve heard about Yu minzhen’s disappearance, but I don’t have any interactions with her in school. You’ve brought a large group of people to my dormitory to block me. Don’t tell me you think that I’m involved in her disappearance? ”

Old master Yu had only come to get close to Nangong Nuannuan, but he did not expect Yu minzhen’s best friend to say such things to her. He was stunned.

When he came back to his senses, he quickly said in fear, ” “miss nangong, you’ve misunderstood! I’ve heard minzhen mention you before. She said you’re her good friend. Now that minzhen has been missing for so many days, our Yu family is really powerless. We thought that minzhen still has a good friend, so we couldn’t help but come to find you.”

“I’m good friends with Yu minzhen?” Nangong Nuannuan thought that his words were a little funny.

beside him, li xiangwang didn’t mind blowing the matter up and said righteously, ” “Grandpa, are you mistaken? nuan nuan doesn’t even live on campus. she usually doesn’t even speak more than ten sentences to yu minzhen.”

old master yu was stunned. he looked at nangong nuannuan’s expressionless face and believed her.

he was stunned that he had been tricked by yu minzhen!

After all, he was also the head of a grand family. It was too presumptuous and presumptuous of him to appear like this. Old master Yu’s face instantly turned red.

“Old master Yu, I’m not familiar with Yu minzhen. Of course, I don’t have any grudges with her. If you really can’t find the murderer, you can take this opportunity to visit the campus and see who she usually has a grudge against.”

Nangong Nuannuan was usually more tolerant of the elderly. Even though it was a little rude for the Yu family to come to her like this, Nangong Nuannuan still gave old master Yu a way out.

Hearing this, old master Yu immediately said gratefully, “ “Alright, thank you.”

“You’re welcome,” Nangong Nuannuan nodded. If there’s nothing else, I’m going to the Research Institute.”

seeing that nangong nuannuan was about to leave with her books, old master yu didn’t want to give up such a good opportunity and immediately said, “ “Miss Nangong, do you know who minzhen usually has a grudge with?”

3066 Is there anything else I can help you with (1)

Nangong Nuannuan turned around, her attitude still relatively good. She shook her head and said, “ I’m sorry, because I’m a day student, I usually just come to the dormitory in the morning to put or take some things. So far, I don’t know who the students in my class are, so I’m not sure if your granddaughter is on good or bad terms with anyone. You can ask someone else.”

“good, good, good. He knew. Thank you, miss Nangong.”

“you’re welcome. Is there anything else?” Nangong Nuannuan asked all the questions in one go, in case the other party called out to her again.

Old master Yu was about to shake his head. After all, old master Yu was the head of the family, and those who had a good sense of judgment would no longer have the face to continue talking to Nangong Nuannuan. Father Yu, who was at the side, quickly said in order to secure his position, “ “miss nangong, our minzhen has been missing for three whole days. we’ve used the power of the clan, but we still can’t find her. i’m afraid that minzhen is probably dead.”

Mr. Yu’s eyes were filled with regret, but Nangong Nuannuan couldn’t tell how sad he was.

So, Nangong Nuannuan just stood there and looked at Mr. Yu, not saying anything.

Mr. Yu thought that Nangong Nuannuan would say a few words of comfort, but after a long pause, she only looked at him. The atmosphere instantly became awkward.

“we want to hold a memorial service for minzhen this weekend. all the guests are family and friends. if you have time, can you come and attend the memorial service?”

“Jicheng!” Old master Yu called out to his son unhappily.

Even though they had come here to get close to Nangong Nuannuan, she had already expressed her relationship with Yu minzhen. Although old master Yu was angry, he did not have any intention of continuing to drag Nangong Nuannuan along.

now that his son had said it out loud, old master yu felt embarrassed.

There were many other families like the Yu family who wanted to get close to her. However, she was a businessman and had no personal interactions with Yu minzhen, so she could not accept this kind of closeness.

Nangong Nuannuan smiled. Mr. Yu, you've said it yourself. You've only invited your family and friends. My relationship with Yu minzhen isn't good enough for us to be friends. besides, she's only missing. you haven't even found her body or the murderer, and you want to hold a memorial service for her. isn't that a little inappropriate? I'm in a hurry, excuse me. "

Nangong Nuannuan left after she finished speaking.

Gu Xiaoli, who was behind her, was already prepared and followed her out.

Previously, the Yu family had really thought that Yu minzhen and Nangong Nuannuan were friends, but their relationship had not reached the level of besties. Now that she had been slapped in the face by Nangong Nuannuan, she resented Yu minzhen for being such an idiot.

Now, she was dead, but Nangong Nuannuan could not be friends with her. The Yu family's finances were in an unprecedented crisis. Where were they going to find someone to rely on?

At this moment, only li xiangwang was left in the dormitory. Although li xiangwang was bold when he killed Yu minzhen, he was still a little scared when he saw Yu minzhen's family.

When she killed Yu minzhen, her heart was filled with hatred. Furthermore, Yu minzhen was the one who had attacked her first. Therefore, she felt that she was standing on the side of self-defense. however, when he saw yu minzhen's family, li xiangwang felt that he needed to improve his mental quality.

she picked up her book and said to the group of people in the dormitory, "Everyone, class is about to start. I have to go."

She had thought that these people would leave after Nangong Nuannuan left. however, yu mixi's father looked at her and asked, " "You're li xiangwang, right?"

li xiangwang's heart thumped, but his expression remained unchanged, " "Uncle, what's the matter?"

"Our minzhen doesn't have any enemies in school or outside. We only had a conflict with you before, and you even injured our minzhen. Now that minzhen is missing, I suspect that you have something to do with it. Go to the police."

although li xiangwang was a little apprehensive deep down, the yu family's attitude towards nangong nuannuan was completely different from how they treated her. this made li xiangwang very angry. Anger made one bold. Therefore, li xiangwang sneered and commented without any trace of politeness, " "You people from the Yu family are even more despicable than dogs. I really want to give you guys a mirror to show you how you treat Nangong Nuannuan and how you treat me. I admit that I don't come from a good family, but your faces are too disgusting!"

Although the Yu family was very angry, li xiangwang did not do anything to them. Old master Yu could only endure these extremely insulting words.

The anger in li xiangwang's heart had reached its peak. She said, " "Mr. Yu, I'm a university student from the medical department, not a village woman. I know the Basic Law and procedures. If you have any evidence to prove that I'm related to Yu minzhen's disappearance, please show us the evidence and contact our principal. as long as the principal agrees, i'll leave with you immediately. but it's a pity, yingluo. you said that i'm related to yu minzhen's disappearance. i'm afraid you're just guessing, right? If you are, then please get out of our dormitory and investigate your case properly. After the investigation is done, we will carry out the procedure."

Li xiangwang packed his books and pushed Yu's father away. He walked to the door and said, " "it's true that the daughter is like the father. They're both equally disgusting!"

"Mr. Police, they won't leave our dormitory, so I'll leave the rest to you." He said to the police. I'm sure the police won't let them rummage through our dormitory. i've brought the key, so you just need to close the door when you leave."

With that, Prime Minister li left without looking back, leaving the Yu family members who were so angry that their chests were heaving.

he never thought that an ordinary college student would have such a sharp tongue!

officer Fang, " old master Yu looked at the police officer and said, " you have to help the Yu family investigate this matter.

after the police officers saw the yu family's face, they were still a little disdainful. after all, they were ordinary people like li xiangwang.

previously, she thought that old master yu would always be arrogant and bossy towards everyone. however, she could tell that he could actually be friendly when she saw him talking to the young lady of the nangong family.

They had been investigating the Yu family's matter every day, but not only did they not say a word of thanks, it was as if it was the police's fault.

"We'll do our best, old Mister Yu," officer Fang said politely. But whether it's the other party or miss Yu herself, they've been avoiding us on purpose, which has brought us a lot of trouble."

“So, if we can find out, we will definitely do so. If we can’t, we hope that you can use some of your personal connections to help us, elder Yu. by the way, miss nangong, who was talking to you just now, has a very strong tracking and anti-tracking ability. with just a word from miss nangong, she can help you find a very powerful hacker. As long as the hackers were involved, miss Yu’s case would be solved immediately. In any case, once we find the murderer, we’ll definitely bring him to justice.”

Old master Yu could tell that officer Fang was dissing him. He knew that it was not right of him to treat her differently, but his granddaughter was missing and he could not hook up with Nangong Nuannuan. This really put him in a bad mood.

“Then I’ll have to trouble officer Fang. After all, it’s your responsibility to handle the case. You’ve seen miss Nangong’s side. She’s not friends with my daughter, so I’m afraid she won’t help. However, you can focus on the person called li xiangwang. She’s the only one who has a grudge against our minzhen.”

“Alright, we’ll investigate. as long as we find the murderer, we’ll definitely inform you at the first moment.”

The Yu family could not continue to stay in Nangong Nuannuan’s dormitory, so they could only leave. after they left, officer fang also left with his men.

The weekend more than a week later was li jingrao and Wu Lingyun’s wedding.

Wu Lingyun had suffered a lot since he was young. Because of the Zhou family, the young lady of the Xiao family had led an extremely miserable life.

However, Wu Lingyun’s luck had now become a legend in the entire top circle.

After all, not every kidnapped daughter could meet a young master from a top family, and not every innocent daughter could have her status.

Not only was his mother the daughter of the Xiao family, but his father was also the governor of Haizhou. His mother’s family was one of the most powerful families in the Emperor state, while his father’s family was the No. 1 family in the Ocean State.

not only that, but the person she had unintentionally saved was her husband, the adopted grandson of the xiao family, who was also prime minister no. 12.

The winner in life, the body of a koi fish, was not enough to describe Wu Lingyun’s cheating life.

However, Wu Lingyun remained calm.

She didn’t ask for much. When she didn’t have a real family, she just wanted to grow old with the person she loved.

Now that she had a family that truly loved her, she only hoped that all of them would be safe and healthy.

She would not look forward to a wedding that would not only shake the entire di province but also the whole of Renton. She only hoped that everything would go well.

Especially her husband, Li Jingchen. Because he was a Special Forces member of Eagle, she only hoped that he could be safe and healthy and accompany her until she grew old.

the most eye-catching thing about Wu Lingyun's wedding was that there was a particularly important person in her bridesmaid group—Nangong Nuannuan.

Today, Nangong Nuannuan had gotten Selina to be her bridesmaid.

What was a wedding with the chairman and vice-chairman of Disheng as bridesmaids like?

The Xiao family and the Wu family had only invited a limited number of people. However, people from all over the world who wanted to make connections had surrounded a seven-star hotel developed by the Nangong family in Dizhou.

Due to Wu Lingyun's wedding, the hotel had been vacated for the day before and the day before. The entire seven-star hotel only received guests from the Xiao family and the Wu family for the past two days.

3069 the woman by Chi Zeyao's side (4)

A black car slowly drove over and stopped at the entrance of the hotel. The security guards of Shengyang group immediately went up to him.

Countless onlookers outside were already tired of this scene.

It was because the security guards of Shengyang group would come out to welcome almost all the guests when they arrived.

However, this time was different.

After the black car stopped, not only did the Shengyang group's security guards come out to greet them, but even the chairman of the Shengyang group, Chi Zeyao, also came out.

The moment everyone saw Chi Zeyao, they knew that the person in the car was not an ordinary person.

The car door opened and a bodyguard came out to welcome the person inside.

Although it was only the side of the person's face, or even only a small part of it, for people who were used to seeing the president on the news, this person's figure, aura, and side profile were no stranger to everyone.

This person was ... The president!

Although everyone had expected that today would be the wedding day of the 12th Prime Minister, Li Heyi's son, and that the president might come, they were not sure if they would come. However, when they saw the president with their own eyes, the crowd could not help but be excited.

After all, this was Kamino's President! He was the most loved and respected person!

The president's bodyguards flanked him on both sides and handed the president over to Chizawa Masahiro.

Chi Zeyao looked at the president, who was the first to reach out his hand to him.

Chi Zeyao also extended his hand at the same time and shook her hand.

"Hello, Mr. President."

"Zeyao, is your body alright?"

"Thank you for your concern. I'm much better now."

"That's good."

"please come in."

It was only when Chi Zeyao personally led the president inside that Li Heyi, the Xiao family, and the Wu family immediately stepped forward to welcome him.

Seeing the president talking and laughing with Chi Zeyao, the onlookers outside and the guests inside who had already entered but could only stay in the periphery were all shocked.

No one was allowed to enter today, no matter how noble their status was. Shengyang group's security team would be fully responsible for the safety of all the guests.

The Xiao family had also spent a lot of money to invite them.

Ever since Chi Zeyao had recovered, he no longer avoided anyone or anything. The news that the real Chairman of the mysterious Shengyang group was Chi Zeyao had also spread in the circle in an instant.

Everyone had always looked down on him and thought that he was a freeloader of the Chi family. Now, they realized that not only was he able to stand up, but he was also dignified and dignified. He was even the descendant of the chairman of the Shengyang group. The regret in their hearts was so great that they almost slapped themselves and made themselves deaf.

this was especially so for the socialites from the prestigious families. previously, their families had asked them to seduce Chi Zeyao, but they had despised him for being disabled, old, and merely a cheap son that old master Chi had picked up. they felt that he was not worthy of them, so they had refused to go.

Now, when they saw the man who was as elegant as the bright moon in a hand-made haute couture suit, the group of socialites almost broke their heads.

Even the socialites who were lucky enough to be brought in by their elders were trying to stand in front of Chi Zeyao to make their presence known.

So, naturally, Feng Ji Mian's appearance became a thorn in the eyes of many socialites.

this was because they realized that while Chi Zeyao was talking to the president, he had actually introduced a woman who had been sticking close to him and was very close to him to the president.

It was obvious that this woman was Feng Ji Mian.

However, Feng Jiming was a famous person in Saibo, and not many people in Kamino knew her.

however, the president, who often visited saibo country, had seen her before.

And more than once.

So, when he saw Feng Ji Mian here, the president was very surprised.

miss Feng?!

Feng jimian smiled and shook the president's hand.

"Hello, Mr. President."

Chi zeyao, who was standing at the side, smiled with a gentle and refined look on his face. "Mr. President, let me introduce you. This is my girlfriend, Feng Ji Mian. You guys should know each other."

"I know him! Ms. Feng is a famous person in cyber country, I've seen her a few times. If I'm not mistaken, she's Sheng Xuan's mother, right? She's your girlfriend?"

although he was the one who introduced her as his 'girlfriend', chi zeyao was very sensitive to the word 'girl'.

She was clearly his wife, but in front of the public, she could only be called his girlfriend. He was not happy.

Feng Ji Mian was also grinning from ear to ear as she cursed in her heart. She was already the mother of a 28-year-old child, yet she still had to live with such an unfair reputation. However, she had to hold back her anger.

Chi zeyao immediately reached out and pulled Feng jimian into his arms in front of the president. He smiled at the president and said, "yeah, girlfriend." If the president needs any help in the future, Shengyang group and NS group will fully cooperate."

Feng jimian immediately nodded. After all, he had caused trouble for the Chi family many times in the past. She was afraid that the president would be unhappy with him. yes, Mr. President. Zeyao and I are currently working on a new research project. We will be staying in Kamino for a long time. If you need anything from us in the future, Feng jimian will not hesitate to do so.

"you're welcome, you're welcome," the president laughed. I've watched over zeyao. It hasn't been easy for him all these years. I've always hoped that he could find someone he likes. Now that I can see him so happy, I can rest assured."

Chi zeyao and Feng jimian smiled back at him.

The guests who were watching the president's arrival all gathered around him.

After finding out Chi zeyao's true identity, everyone wanted to re-establish their relationship with him. But when these people came over with their daughters or sisters, they saw Chi zeyao half-hugging Feng Jimian.

seeing that the president had such a good relationship with chi zeyao, she felt even more regretful.

How could they have been wrong about such a good cabbage for 17 years? Actually, they could only blame themselves. If he wasn't an outstanding person, would old master Chi treat him like his own son?

The people who walked over to talk to the president were all envious of Feng Ji Mian for taking away such a high-quality cabbage.

Chizawa Masaka was a perfect man, both in terms of social status and figure. Other than his ordinary looks, what was wrong with a man's ordinary looks? Putting everything else aside, as long as Chi zeyao smiled, that gentle and elegant temperament that exuded from the inside out, who would not praise him as the best in the world?

Old master Xiao and old master Wu came up to greet the president and thank him for coming.

The president responded to the two elders one by one. Then, he exchanged a few pleasantries with officer number 12, Li Heyi, and Haizhou's Governor, Wu Jingzhong, before walking in.
