#### Chapter 3071

3071 meeting chi yang (1)

Inside, the bride and groom were welcoming the guests. When they saw the president, they came forward to thank him for his support. Li Jingrao personally lit a cigarette for the president. Wu Lingyun immediately grabbed a handful of candy from the plate that Nangong Nuannuan was carrying. Seeing this, the president chuckled and received them with both hands.

The guests saw that the president had such good relationships with the Chi, Nangong, Xiao, and Wu families. On one hand, they were extremely envious, but on the other hand, they were determined to build good relations with the Chi and Wu families.

The Nangong family and the Xiao family's starting points were already too high, but the Chi family and the Wu family still had a loophole to exploit.

On one hand, the Chi family's chi zeyao was still not married. As long as he was not married, there would still be a loophole for them to exploit. On the other hand, although the Wu family was the richest family in Haizhou, their starting point was not as high as these families, so it was more likely that they would be on good terms.

Everyone looked at the most lively place, which was full of flowers, and began to make plans in their hearts.

The president's appearance could be said to be a joke before the wedding, which shocked all the guests.

After chatting with the bride and groom, the president turned to Nangong Nuannuan and asked, "Nuannuan, where's Chiyang? How's his body?"

"You also know about his injury. He won't be able to recover in half a year."

"What's wrong? He didn't come today?"

"They're here. However, his immune system isn't very good and his body hasn't recovered yet. I let him rest upstairs."

The president nodded. Sure. Since he's here today, I'll go up and see him. Which room is he in?"

"Mr. President, Ji Mian and I will take you up." Chi zeyao said.

"Alright, I'll have to trouble you then."

The president politely greeted the main characters and went upstairs.

The only people left were those who wanted to speak to the president but were unable to do so. Everyone could only watch as the president went upstairs.

They would not be able to speak to the president until the wedding.

Today, Nangong Nuannuan was dressed in a simple bridesmaid outfit. At the request of the director of the vinegar factory in chiyang, her bridesmaid dress was a short-sleeved gauze dress.

It wasn't a tube top, hollow cut, or waist-tight dress, but the simplest kind of short-sleeved off-shoulder dress, with only a flower belt around the waist. It looked extremely simple.

However, for a dazzling person, the simpler the match, the more it could highlight her temperament and excellence.

Nangong Nuannuan happened to be such a person.

even the simplest and most low-key gown could make it look the most luxurious. Even though she was only a bridesmaid, she was still shining.

However, Wu Lingyun was also a rare beauty. Her beauty was different from Nangong Nuannuan's ostentatious exquisiteness, Selina's enchanting beauty, and Wu Jingting's pure sweetness. Even in the wedding dress, Wu Lingyun looked like an ink painting, leisurely, elegant, and pure.

Her wedding dress was hand-embroidered, and there were only gray, black, and white colors. The simple and elegant embroidery matched her ink-and-wash painting-like temperament, and she stood there like a peony or Begonia. Even with Nangong Nuannuan and Selena, the two top-class beauties, they couldn't compare to her temperament.

On the contrary, the four girls each had their own strengths, so beautiful that people couldn't look away.

The banquet hall was on the 66th floor, and Chi zeyao brought the president to the lounge on the 77th floor.

"Inside?" the president asked.

"Yes, he's inside,"

"i know. sorry to trouble you. There are still many guests down there, you may leave."

3072 Old King2

Chi zeyao smiled and helped the president open the door that Chi Yang was in. He walked in first, then turned sideways to reveal the space.

The president had wanted to go in and look for Chi Yang himself, but Chi zeyao went in instead. His brows furrowed slightly.

Although he was on good terms with the Chi family, Chi zeyao was still the adopted son of the old master Chi. He would maintain a good relationship with Chi zeyao for the sake of old master Chi, but that did not mean that Chi zeyao could betray the Chi family.

He knew very well what kind of person Feng Ji Mian was.

This woman had caused a lot of trouble for the Chi family in the ten years that he had been the president. Others might not know, but he knew that this woman was actually on the opposite side.

Even though he had accepted Feng shengxuan because of Nangong Nuannuan, that didn't mean he could accept Feng jimian.

But Chi zeyao had brought Feng jimian in to participate in his meeting with Chi Yang.

However, the moment he opened the door and saw the red sun, the president was slightly shocked.

Earlier, when they were downstairs, Nangong Nuannuan had clearly told him that she had not fully recovered from her solar flare injury and that her immune system was weak, so she had to rest in a wheelchair.

But at this moment, what he saw was a man who was standing upright like a pine tree.

"Chi Yang?"

chi yang turned around, smiled at the president, and saluted him.

"The president."

The president subconsciously glanced at Feng jimian, who was standing behind Chi zeyao, only to see her close the door with a smile.

The president looked at Chi zeyao again and saw that he was still smiling. Finally, he sensed that something was wrong. He looked at Chi Yang with an imperceptible questioning look.

Chi Yang walked in front of the president and introduced him with a gentle look, "President, let me formally introduce you. This is my second uncle, Chi zeyao, and this is my second aunt, Feng jimian.

The president looked at Feng jimian, then at Chi zeyao. He had known these two for a long time. She also heard a rumor that Feng Jiming was Feng shengxuan's mother.

His biological mother!

when chi yang introduced feng ji mian, he introduced her to wufu's second aunt!

Did this mean that the Chi family had accepted Feng jimian's identity?

After all, Feng Ji Mian had been targeting the Chi family all these years, and both Chi Yuan Cheng and Chi Yang were well aware of this.

in such a situation, they still accepted wufu.

"Is it because of little Xuan?" The president asked in confusion.

After all, they already knew that Feng shengxuan was King when he was released from his hypnosis.

Although he didn't trust King, he trusted Nangong Nuannuan.

So now that Chi Yang had introduced him like this, the president's warm but guarded face finally softened.

Hearing the president's words, Chi zeyao smiled and said, " Mr. President, Let Me Reintroduce Myself. I am Chi Yang's second uncle and my father's son, Chi zeyao.

The president's pupils trembled violently. His expression, which had always been calm, changed at this moment. He was so shocked that he could not recover from the shock.

"Yingluo, you're the son of elder Chi? The child who was taken away as soon as he was born?"

"Yes," Chi zeyao nodded.

"You coward!" The president was so shocked that he didn't know what to say. He asked, " "this is a good thing! Why didn't elder Chi reveal this to the public after he found you?"

Chi zeyao reached out and pulled Feng jimian into his arms again. Just as he was about to say something, the president thought of something and his eyes trembled again.

3073 Identity exposed (3)

"You're King! the all-powerful old King who was listed on the red wanted list in many countries?"

It was a question, but the president's words were filled with shock and doubt.

If that was the case, it would explain why Feng shengxuan had helped him after he had been hypnotized. It also explained why Nangong Nuannuan trusted King so much, even though they had always been enemies. and feng jimian was feng shengxuan's biological mother, so it was clear why she hated the chi family.

Because Feng jimian was Chi zeyao's wife, and Feng shengxuan was his son, after Chi zeyao died in that war, Feng jimian had been targeting the Chi family all these years. That was because she felt that it was the Chi family's Hiroshi Chi who had killed Chi zeyao.

As the King, Feng shengxuan had always been at odds with the Chi family and Fei Ying, so it was easy to understand why.

feng shengxuan wanted to avenge his father as well.

But now, Feng shengxuan had followed Nangong Nuannuan to the Nangong family and discovered that Chi zeyao was his father. His father had not died, so he had stopped opposing the Chi family. She even helped him unconditionally.

Feng Ji Mian's situation was the same. She had made a trip to Kamino not long ago.

Seeing that the president was able to analyze his identity so quickly, Chi zexiao sighed in admiration. He was indeed the president. his reaction speed was much more impressive than that old man feng luan.

Chi zeyao smiled and nodded,"yes." I'm Feng Ming, but I'm the son of the Chi family, Chi zeyao."

then, what did ze Hao Do back then? " the president had a good relationship with him back then. Chi zeyao's death had made him sad for many years.

“He’s my older brother. Ever since we met, we’ve never turned against each other. In order to save me, he was killed by Feng Luan.”

The president was shocked for a long time before he could not help but ask, “ then why didn’t you look for shengxuan and his mother all these years? ”

If they found it, at least Eagle would have less trouble for the next 17 years.

I lost my memory, ” Chi zeyao said guiltily. I only remembered it a few years ago.

The president was suddenly enlightened. Everything made sense now.

“So Yingluo is one of us?” Looking at Feng Ji Mian again, the president’s fake smile had turned into a sincere one.

Feng jimian, who was standing beside him, was also smiling brightly.

“Mr. President, I’m really sorry to have caused you so much trouble. However, zeyao and I will definitely make up for Kamino in terms of finances in the future.”

The president didn’t refuse and laughed. although I was no longer the president by then, I still want to thank you both on behalf of Kamino nation.

“You’re welcome. We’re kaminos to begin with, so it’s only right for us to contribute to our country.”

Feng jimian was an expert in diplomacy. With just a few words, not only did she make the president one of her own, but she also made him laugh.

Even Chi zeyao, who was watching from the side, could not help but have a deeper look in his eyes.

Perhaps it was because the president had always been meticulous, or perhaps it was because Chi zeyao’s gaze was too direct, but the president finally realized the displeasure of a certain jealous person. He quickly coughed twice, looked at Chi Yang, and asked, “ “So, you really didn’t hurt your heart or lungs at the time, and Nuan Nuan made up your injury?”

“I did hurt my heart, but fortunately, Nuannuan was there and saved me.”

“Then how did you recover so quickly?”

3074 I have an idea (4)

“You know that my recovery ability has always been better than that of ordinary people.” Chi Yang replied.

“So you’ve fully recovered now?”

chi yang nodded.

The president nodded in understanding.

“President, I have an idea.” chi yang said.

“Go ahead,”

\*\*\*\*\*

As it was getting closer to 12 o'clock in the afternoon, most of the guests had already arrived.

Although Li Heyi and Shi Maowen were competitors, it would not be good if the Xiao family did not join the Shi family on such a day.

Hence, when Shi Gen, the old man of the Shi family, appeared in front of everyone, it caused quite a stir.

After all, the election for the Prime Minister was about to begin from the 12th to the 20th. Although everyone knew that these 10 officers would be the next batch of peak figures in Kamino, the difference between the President and Vice President was still very big in Kamino.

Now that the Ning family had completely disappeared, the Shi family was the only exception among the top families in Kamino.

After all, the Nangong family, the Xiao family, the Ning family, the Shengyang group, the Hawkeye group, and the Disheng group, which had just moved to Kamino, were the top tycoons.

However, Shengyang group was actually owned by Chi Zeyao. Since the two vice chairmen of Hawkeye group were Xiao Shenbin and Ning Wenhao, it was not difficult to guess who the real leader of Hawkeye group was. And Disheng group was Nangong Nuannuan's.

As for the Xiao family, Wu Lingyun was brought back by Nangong Nuannuan. Not only had she saved Wu Lingyun's life, but she had also helped the Wu family a great deal.

The Xiao family and the Wu family were practically worshiping Nangong Nuannuan like she was a God, so there was no need to mention their relationship.

Therefore, the Shi family was the only one isolated from the rest of the aristocratic families. In the past, there was still the Nings who could compete with the Nangong family, but now, everyone had a feeling that the Shi family would be forced out of the stage soon.

The looks from the guests made the Shi family very uncomfortable.

Only they themselves knew how powerful the Shi family was.

Lu Guangsheng, the son-in-law of the Shi family, had been reporting to the Battle Bureau these days after he returned from the Southeast War Department.

After the Shi family's mediation, Lu Guangsheng finally had a chance to take up a position in the general administration of warfare, and it was even a deputy position. This was definitely good news for the Shi family.

However, once he joined the Battle Bureau, he would have to let go of the War Department in the Southeast. After all, he was in charge of the War Department there. Lu Guangsheng felt that it was a pity.

Today, knowing that the President would be coming, he had come with the Shi family.

his purpose was to talk to the president about this. If he could hold the position, that would be the best thing.

However, when they heard that the president went to look for Chi Yang, although the Shi family didn't show it on the surface, they all looked at Shi Yalin, intentionally or otherwise.

After all, Shi Yalin had told them that her master had already hypnotized the president.

Since she was hypnotized, why did the president still favor the Chi family so much?

Shi Yalin was also confused.

based on her observation of the president, he had not been looking for nangong nuannuan recently. He must have hated Nangong Nuannuan to the core.

since he hated nangong nuannuan, he should definitely push chi yang aside.

But why did the president go to see Chi Yang now?

At this moment, Chi zeyao and Feng Ji fell asleep.

3075 Hooking up with Feng Ji Mian (1)

Shi maowen also knew who Feng Ji Mian was because he had seen her in cyber country when he was on an overseas visit with the president.

Back then, she already knew that Feng Ji Mian had an inexplicable hostility towards the Chi family. it was only after shi yalin's explanation that they finally found out that feng jimian's husband was the old King. She and Feng shengxuan both hated the Chi family for killing Feng Ming back then.

The two of them were here for revenge.

Now that they saw Feng Ji Mian at Wu Lingyun's wedding, the Shi family was shocked.

One had to know that this person was a very difficult and powerful character to deal with. whoever was entangled by her would be skinned even if they didn't die.

Shi maowen's eyes suddenly brightened, and he couldn't help but walk towards Feng Ji Mian when he saw her.

"Miss Feng, how are you? i really didn't expect to see you here."

Feng Ji Mian gave Shi maowen a mature woman's charming smile. When Shi maowen reached out his hand, she also extended the back of her hand to him.

Shi maowen held the back of Feng jimian's hand and was about to kiss it, but Chi zeyao came over in time and held her hand.

Shi maowen was already holding Feng jimian's hand, but he was being pulled away by Chi zeyao. This was very impolite, but Chi zeyao did it smoothly and smoothly.

"My dear, it's popular to shake hands here in Kamino, not to kiss."

Feng Ji Mian laughed in her heart at her husband's constant jealousy for her, but on the surface, she was really happy. She smiled and said, "I'm sorry, my dear. I forgot."

Feng Ji Mian then shook hands with Shi Maowen and said, "Mr. Shi, it's a pleasure to meet you,"

Shi Maowen suppressed the shock in his heart from the way they addressed each other. He smiled and asked, "You two, this is Yingluo."

Chi Zeyao smiled and pulled Feng Jimian into his arms, introducing her, "This is my girlfriend, Feng Jimian."

Chi Zeyao's words were like a bomb, blowing up the entire Shi family. For a moment, he didn't know what this meant.

"Ji Mian, do you know officer number 13?" Chi Zeyao asked.

Yes, I saw Mr. Shi and Mr. President together in cyber country.

"So that's how it is." Chi Zeyao nodded. He had already declared his sovereignty, so he left when someone was looking for Chi Zeyao.

Feng Ji Mian was the only one left, shaking hands with the Shi family members with a smile.

The Shi family didn't know what kind of attitude they should have towards her. He didn't know if Feng Ji Mian was a friend or foe.

It was not until Lu Guangsheng was introduced that Feng Jimian asked, "Mr. Lu, you are the General Director of the War Department in the southeast?"

Ms. Feng is from Saibo," Lu Guangsheng chuckled. But you are very familiar with Kamino.

"Hehe, isn't that so?" Feng Ji Mian laughed. My useless son ran to Kamino and never returned. The daughter-in-law I've set my mind on has married someone else. As a mother, my husband is not by my side, and my son is not by my side either. Isn't it all I can do to understand Kamino more?"

When the Shi family heard Feng Ji Mian mention her husband, they had their own plans.

"Aunt Feng and uncle Chi are such a good match," Shi Yalin complimented with a smile.

Feng Ji Mian's smile deepened. "Right? I also think I'm a good match for Zeyao."

"How did Ms. Feng end up with Zeyao? I feel like Ms. Feng and Zeyao are from two different worlds." Shi Heng could not help but ask.

"Ah, I'm here because I'm very interested in an energy project of Zeyao."

**Chapter 3076**

3076 I'll introduce you to a boyfriend 2

"After getting to know him, I realized that zeyao is a very good man. I've been single for too long, and I need a man like zeyao who Pamper women."

"so that's how it is." Shi maowen was even more certain of Feng Ji Mian's goal.

just as he was about to test feng ji mian again, she spoke.

"Yalin is really pretty. Do you have a boyfriend? if you don't, are you interested in getting in touch with that kid of mine?"

Shi Yalin's eyes widened.

After all, her biggest wish in this life was to be with Feng shengxuan. It would be best if she could get pregnant with Feng shengxuan's child before everything ended.

In the past, Feng shengxuan had rejected her and wouldn't allow her to get close to Feng jimian. There were a few times when she finally managed to get rid of Feng jimian, only to find that Feng jimian rejected her very much. She did not know why.

after 20 years of hard work, she had already given up on feng ji mian.

However, he didn't expect that the flowers that he planted didn't bloom, and the Willows that he planted unintentionally grew into shade.

Now that she had become Shi Yalin, Feng jimian had actually taken the initiative to speak to her.

Shi Yalin suppressed the joy in her heart and said shyly, " brother Feng is the nation's idol. Only an outstanding person like miss Nangong is worthy of him. Why would he like me? "

Feng Jiming sneered and looked at Shi Yalin with undisguisable mockery in her eyes. "Some people are ungrateful. Eating and using the Feng family's money, but in the end, he stepped on the Feng family behind our backs. Does she think that the Feng family is easy to bully? Hehe, she had really misunderstood her! One day, I'll let this kind of person truly taste the consequences of being a White Lotus."

if one didn't know better, they would think that feng jimian was scolding shi yalin. However, only the Shi family knew that Feng Ji Mian and Shi Yalin had never crossed paths. Therefore, her sneer and mockery were definitely directed at Nangong Nuannuan.

Shi Yalin nodded slightly. She was smart enough not to refute Feng jimian's mockery.

"Little sister Shi, do you have any feelings for our Xiao Xuan?"

Shi Yalin was now the real decision-maker of the Shi family. Even Shi maowen, who had always been a strategist, was now willing to listen to her.

Therefore, now that Feng jimian had raised this question, even though the Shi family hoped that Shi Yalin would agree, they still looked at her and let her make her own decision.

Shi Yalin nodded.

alright, just you wait. I'll get my little brat to sit with you later.

Shi Yalin's eyes widened as she looked at Feng Jimian. She didn't expect her luck to be this good.

Shi Heng was even happier when he heard this and said, "Chairman Feng, thank you for your help. It's an honor for the Shi family, no matter if this matter is successful or not."

Feng Jimian smiled, looked around, and then turned to Lu Guangsheng. "Mr. Lu, are you interested in being the Commander-in-Chief of Eagle?"

Feng Ji Mian's voice was soft, but everyone in the Shi family heard her. They didn't show it on their faces, but they were all shocked.

"Miss Feng, I don't quite understand what you mean."

Let's not beat around the bush. How about you be the Commander-in-Chief of the flying Eagles?"

Feng Ji Mian's words were as domineering as her NS group, so much so that even the Shi family couldn't hold their ground.

If it wasn't for the fact that Feng Ji Mian was extremely powerful, they would have thought that this woman was crazy.

Lu Guangsheng laughed awkwardly. Thank you, Chairman Feng, for thinking so highly of me. However, the Chi family has always been in charge of the misty Flying Eagle, so I'm afraid I can't do it.

##### 3077 Seduced (3)

Feng Ji Mian smiled and said in an even smaller voice, "Why don't you ask your president?"

After that, he turned around and left under Lu Guangsheng's shocked gaze.

At this moment, Chi Zeyao was surrounded by a group of middle-aged men, and all of them were accompanied by young and beautiful girls.

These men took the opportunity to talk to Chi Zeyao, trying to introduce their daughters or younger sisters to him.

They had indeed been blind before, which was why they had not discovered the hidden boss, Chi Zeyao. Now that they knew, how could they give up?

Although Akira no Masaka already had a girlfriend, who knew if they would be able to make this "girlfriend" into their own if they worked hard enough?

Even if it didn't work out, it wouldn't be a loss for them to introduce their daughter to this Big Boss. If they could be friends, they wouldn't lose out!

As for those girls, their hearts were even more tempted.

After all, other than his ordinary looks, every part of this man exuded the scent of a mature man.

He was almost better than all the men present.

“Chairman Chi, I heard from my brother that you were ill and had a major operation, right? How’s your recovery going?” A mature and charming woman who looked to be in her 20s was the first to break the conversation between the men and ask Chi zeyao in private.

“thank you for your concern. i’ve recovered.”

Just as he was about to excuse himself from this group of people, the woman said, “I’m a professor of Rehabilitation Medicine at dizhou’s first hospital. I have some insights in the medical field. If Chairman Chi doesn’t mind, you can come to our hospital for a rehabilitation examination. After the operation, it will affect your health. If you don’t mind, I can give you rehabilitation therapy to ensure that your body and bones will be more healthy.”

How could Chi zeyao not understand what these people were trying to do?

However, years of forbearance had made him a truly refined person. Chi zeyao smiled at these women who harbored evil intentions and said, “Many thanks. The professor from the angel research Institute said that I’m recovering well and don’t need to do any more health tests. Please excuse me.”

once again, chi zeyao was about to leave, but he saw the woman turn her body slightly to block his way. if chi zeyao had not controlled his body very well, he would have been stomped on by her.

Seeing that Chi zeyao had actually retracted his foot, a flash of disappointment appeared in the woman’s eyes. She raised her head and said apologetically to Chi zeyao, “I’m sorry, I almost hit you. Chairman Chi, I know that miss Nangong is the chairman of disheng. The angel research Institute will definitely give you the best treatment. However, treatment is treatment, and rehabilitation is rehabilitation. These two concepts are different.”

The people who had gathered here were all from the second tier of the rich and powerful. Of course, there were also some from the Internal Affairs Bureau. Although Chi zeyao did not want to make things ugly, he did not have to blindly accommodate these people.

Seeing Chi zeyao’s face fall in an instant, the woman’s elder brother was so frightened that he leaned forward to stop his sister. At this time, Feng Ji Mian walked up and held Chi zeyao’s arm, giving the woman a flirtatious smile.

After all, she had been in a high position for more than 30 years, and the aura she exuded was not something an ordinary woman could have.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3078**

##### **3078 Enraged (4)**

From afar, they only felt that although Feng Ji Mian was beautiful, she was definitely over 30 years old. After they went up, everyone whispered to each other for a long time, but no one knew her background. Everyone thought that this woman was someone Chi zeyao found when he was at the lowest point of his life.

What’s more, no one knew who said that Feng Ji Mian was Chi zeyao’s personal nurse.

After all, only by taking care of him personally would she have a chance to get close to him. As for a refined man like Chi zeyao, he must have developed feelings for her after being in contact with her for a long time. That was why he brought an unknown woman with him and even introduced her to the president.

This made everyone's eyes red.

This was especially so for the unmarried socialites. Everyone was jealous that if they became the female owners of the Shengyang group, if they were introduced to the president, if they became members of the Chi family, if they became Nangong Nuannuan's aunts, they would become the most powerful ladies in the world. The world would be trampled under their feet.

Under the temptation of such a huge profit, even though Feng Ji Mian's presence was very strong, making the other party feel inferior, the other party still smiled at her under her smiling gaze.

Feng Ji Mian spoke up at this moment, "I know my Dear's health best. I don't think he needs any rehabilitation tests, especially in your hospital.

his words made the other party's face turn red. Just as she was about to speak, Chi zeyao spoke up. I think so too. Please excuse me."

With that, Chi zeyao took Feng jimian away.

After that, because Feng jimian had established a good relationship with the Shi family, the Shi family also took the initiative to greet Chi zeyao. In the eyes of outsiders, it was Chi zeyao who had introduced Feng jimian to the Shi family.

At this moment, the president had not come down yet, and Prime Minister No. 12, Li Heyi, was busy greeting the guests. Therefore, Shi maowen's rank was the highest in the entire scene.

Shi maowen brought Feng jimian to meet the people from the Internal Affairs Bureau and Judicial Court who he had a good relationship with. The female guests were all envious.

Especially the female professor just now. She was from the Han family, a second-rate wealthy family. The Han family had risen to become a second-rate wealthy family this year, but their Foundation was not yet stable. If the young lady of the Han family could be together with a man like Chi zeyao, the Han family would definitely rise from the bottom of the second-rate wealthy family to the top. This gap was definitely not ordinary.

As for Miss Han, because she was the youngest, she was more than 20 years older than her brother. She was only in her early 30s this year.

In the beginning, in order to let their family have more power, Han Yunxi's parents had always asked the daughter of the top student to study more. Knowledge could change one's fate. This saying was still useful in the wealthy.

So, Han Yunxi had been studying all this time, which led to her missing out on many things.

Now that she was a professor, she often came into contact with people who were of higher status than the head of the family, so she naturally began to think highly of herself.

She had already determined that Feng Jimian was just a good-looking nurse who could not be compared to her. So, after Feng Jimian's rebuttal, even though Chi Zeyao had left, obviously uninterested in her and had failed to seduce her, she still did not give up.

Seeing that her sister was about to rush over, the older brother of the eldest branch, Han Yuerui, pulled her back.

"What are you doing?"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3079**

##### 3079 Materials (1)

"Brother, that woman is too rude!"

"No matter how impolite she is, she is still Chi Zeyao's girlfriend. Han Yunxi, don't be too stubborn. A man like Chi Zeyao has seen all kinds of women. He doesn't like you, so you don't have to go."

Han Yunxi's face was full of disapproval. She asked, "Brother, don't you want to see me with Chi Zeyao? Which part of me is worse than that woman? We're both medical students, and even if she's a professor, I can guarantee that I'm younger than her. Although she's beautiful and elegant, I'm not bad either. If it were you, would you rather accept a woman like me or a woman like her?"

Han Yurui was silent.

He was definitely looking for the little one. But,

I've just observed Chi Zeyao. He doesn't have any feelings for you.

Han Yunxi smiled and said confidently, "Although Chi Zeyao looks like he's in his 30s, he's actually in his 50s. How could he fall in love with a woman at first sight at this age?"

Han Yurui frowned and thought about it. It seemed to be the case. Take him for example. At most, he would be fooling around with girls in their 20s. It was absolutely impossible for him to divorce a woman because he loved her so much.

So Han Yurui finally said, "Then you should pay attention to the way you get along. Although you're young, there are plenty of people younger than you in this place. Don't be too overbearing."

"I know."

Han Yunxi was speechless.

Did he really think that she was that strong? It was only because she hadn't met someone who could move Hong Luan's heart. Ordinary people would not be able to control her, but a mature man like Chi Zeyao would definitely be able to.

The wedding was going to start in half an hour, and the last of the guests were coming.

As the chairman of the Shengyang group, Chi Zeyao was responsible for all the security today. Although the security was a heavy task, they did it in an orderly manner. In addition, for so many years, Chi Zeyao

had always been forgotten and abandoned by people. now that he had suddenly become the real chairman of the shengyang group, it was natural that many people came to negotiate with him.

Feng Ji Mian was also very busy, so the couple quickly separated because of some trivial matters.

seeing this, han yunxi took a glass of wine from the waiter, then walked to a place where no one was around, and quietly took out a bag of medicine from her bag.

the medicine was colorless and odorless, and there was only a little bit of it. it did not affect the taste of the red wine at all.

She had already seen clearly that Chi zeyao knew how to drink red wine.

And today, she had already made all the preparations to find a partner for herself in this wedding.

After the medicine was administered, han Yunxi paced back and forth beside Chi zeyao. Seeing that he had just finished the red wine in his hand, she immediately walked over to him.

at this time, the first group of people had finished toasting and left, while the other group had not yet arrived. chi zeyao turned around and was about to get another glass of red wine when he saw another glass of red wine placed in front of him.

He raised his eyebrows. Wasn't this the female professor who was much younger than him and still had designs on him?

Han Yunxi was not only a professor. The reason she was so confident in herself was because she was very beautiful. She was also very concerned about her figure.

#### **Chapter 3080**

3080 raging (2)

Chi zeyao looked at the woman who had blocked his way once again, and his expression turned ugly.

Han Yunxi raised her glass in front of Chi zeyao, her charming peach-shaped eyes wide open, and her smile a little pure.

“are you looking for wine? I have it. But you’ve just recovered, so it’s not good for you to drink too much.”

Han Yun Xi’s gaze was very straightforward and honest. If Chi zeyao had not been wearing glasses, if the glasses had not shown that there was a drug in the glass of wine, or even the name of the drug was shown through the molecular structure of the drug, perhaps he would have forgotten about this woman who had just made his wife unhappy in a few days.

However, this woman had already made his wife unhappy just now, and now she wanted to use such a despicable method. He couldn’t bear it anymore.

Chi zeyao sneered. His gentle and elegant eyes suddenly felt as if they had been injected with an ice knife. Han Yunxi was so frightened that she shivered.

Just as she was thinking about what that sneer meant, a tigress-like woman suddenly appeared in front of her. She snatched the wine from her hand and pinched her face.

Han Yunxi only felt a sharp pain in her cheek. Before she could come back to her senses, her mouth was pinched open. Then, a sweet red wine gushed into her mouth, down her throat, into her esophagus, and into her stomach.

“What are you doing?”

Han yurui had been paying close attention to han Yunxi’s situation. Seeing that Chi zeyao was not angry, Feng jimian, who was beside him, immediately got violent and rushed over.

After all, it was Feng jimian’s fault. She was the one who started it, so as an older brother, he had to help his younger sister hold up the Han family’s front.

A mere caregiver dared to treat his sister like this. If he still didn’t stand up, wouldn’t the Han family lose all face?

Who knew that before he could even get close to Feng Ji Mian, Chi zeyao’s cold glare would scare him into swallowing all his words.

Chi zeyao’s gaze was simply too terrifying.

By the time Chi zeyao had scared han chengrui, Feng jimian had already pushed han Yunxi to the ground.

Han Yunxi did not expect Feng jimian to be so strong. She wanted to push her away, but instead, she was pushed down by her.

There was a table with many desserts behind her. With such a strong push, han Yunxi hit the table.

After knocking down many cakes, he bounced back and fell to the ground.

there were already a lot of guests who were paying attention to chi zeyao’s side, and those who were not paying attention to him were now paying attention to han yunxi’s scream and the sound of the desserts falling to the ground.

However, Feng Ji Mian still did not give up. After Han Yun Xi screamed and fell to the ground, Feng Ji Mian directly smashed the empty cup in her hand on Han Yun Xi’s forehead.

Suddenly, the cup broke, and han Yunxi’s forehead immediately flowed with red blood.

“Yunxi!” han zhirui was shocked by feng jimian’s savagery and couldn’t help but cry out.

Han Yunxi finally recovered from her daze.

She reached out and touched the blood on her eyelashes. When she saw that her hand was covered in blood, not only did she not scream again, but she quickly came back to her senses and looked at Feng Ji Mian, asking pitifully, “Yingluo, why are you doing this to me? Did I do something wrong?”

With just one sentence, many of the guests looked at Feng Ji Mian in a different light.
