Chapter 3081

3081 don't go (3)

"This is the young lady of the Han family, right? How could she be like this? He was not giving the Han family any face at all. Do you really think that you can ignore everything else just because you're with Chairman Chi?"

you're quite bold to cause trouble at the Xiao family's wedding.

A few guests who knew the Han family had already walked over. When they saw han Yunxi, they started to speak up for the Han family before they even understood the situation.

"yunxi, what's going on?" After han yurui heard the guests' words, he once again stood on his sister's side.

He saw the cause of the matter very clearly. It was the other party who was unreasonable first. His sister was beaten up, and she didn't make a fuss even after bleeding so much. Han zhirui immediately felt that his sister's level was higher than Feng jimian's.

"Brother, I'm fine. Perhaps this lady was in a bad mood. It's fine."

After saying that, she looked at the guests and kept nodding. "I'm fine, I'm fine. thank you for your concern. I'm fine."

Firstly, han Yunxi wanted to build up a good image in front of Chi zeyao. Secondly, the drug in her body was about to take effect, so she needed to leave this place before it did.

The guests saw that Han Yun Xi had let it go, and seeing Chi ze Yao's expression, they were ready to leave. In their hearts, they gave Feng jimian a bad review, thinking that Feng jimian was not worthy of Chi zeyao.

Who knew that even the main character was prepared to leave peacefully, but in the next moment, her path was blocked by Feng Ji Mian.

"Don't go! The matter hasn't been cleared up yet, and you're leaving so quickly. Do you have a guilty conscience?"

Han Yunxi's path was blocked. She felt that her body was starting to heat up slowly, and she was a little anxious.

The way they looked at Feng Ji Mian was not so friendly.

"Madam, I just saw that Chairman Chi had run out of wine, so I handed him a glass. You didn't give me a chance to explain and hit me. This is already a very rude thing to do, and now you're still aggressively pestering me. Don't forget, today is the wedding of the Xiao family's young miss. You caused blood to be spilled at the wedding and now you're blocking the way. What are you trying to do?"

Although han chengrui, who was supporting han Yunxi, did not say anything, his eyes said everything.

“What’s going on?”

There were already a lot of people around. Suddenly, a familiar voice passed through the crowd and was heard by everyone.

When the onlookers heard the voice, they quickly made way.

The president walked over with Prime Minister No. 13, Shi maowen.

It was also at this time that Nangong Nuannuan rushed over from the bridesmaids.

The president and Shi maowen were surprised to see that Feng jimian had a conflict with a girl they didn’t know.

After all, Wuwu

Although these two were both guests of the wedding banquet, the difference in status was not just a small one.

Han Yunxi was happy to see the president come to ask about this. “Mr. President, it’s nothing, it’s nothing. I just accidentally slipped and knocked into the table, causing the pastries to fall to the ground,” she quickly said. I’m really sorry.”

Han yurui, who was standing at the side, also felt that his sister’s performance today was really brilliant, so he nodded to the president. He expressed that it was indeed so.

The president didn’t know what had happened, so he nodded and said, ” “be careful, the wedding is about to start.”

The Han siblings were very happy and nodded repeatedly.

Chapter 3082

3082 You’re better than me?(4)

Just as she was about to leave, she was stopped by Chi zeyao.

when feng jimian first heard about the scandal at the xiao family’s wedding, she felt a little guilty. She had already decided to let the two of them go, but seeing her husband stand up for her, even though it was just a small matter, Feng Ji Mian was still very touched.

han yurui, who was stopped, was a little confused. ” chairman chi, this is ran ran. ”

“capture these two.”

The Shengyang group’s security guards immediately came over. Four people, two people each to hold one person.

Because the boss had asked them to catch the Han siblings, the four of them did not dare to let out a single drop of water. They used a lot of force, and the Han siblings both screamed in pain.

“Chairman Chi, why did you arrest us? What did we do wrong?” Han yurui’s face was full of disbelief.

“What did you do wrong? you can ask your sister to tell you.” chi zeyao said coldly. he did not want to let this matter rest.

Han Yunxi was not stupid. When she heard Chi zeyao’s words, her heart skipped a beat, and her face turned pale with fear.

But now, in front of the president, how could she admit it?

Her body was getting hotter and hotter. At this moment, han Yunxi’s face began to blush. Although she was frightened, as a doctor and a professor, she would never admit it first. In short, before things developed to the final step, although she was afraid, she would still try her best to redeem herself.

Under the doubtful eyes of han yurui and everyone else, han Yunxi said pitifully, “I didn’t do anything. I really didn’t do anything. I just heard that Chairman Chi just had an operation. I’m a medical professor in rehabilitation, so I wanted to suggest to Chairman Chi to come to our hospital for a regular rehabilitation test. This way, we can help him determine his recovery plan based on his assessment.”

“My second uncle is undergoing surgery at my angel research Institute. After the surgery, the people taking care of his body are all Level 5 clinical Medicine and Rehabilitation professors. You think your family’s Hospital is better than my angel Medical school?”

At this moment, Nangong Nuannuan’s eyes were cold. Although she didn’t know what had happened, she had a rough guess.

This woman must be someone who didn’t understand the situation and wanted to snatch her second uncle from her second aunt.

Therefore, Nangong Nuannuan knew that she had already finished speaking. She added, “Besides, even if my second uncle’s body hasn’t recovered yet, he has my godmother to take care of him. If something really happened to second uncle, my godmother would naturally tell me. Don’t you feel embarrassed recommending yourself to my second uncle like this?”

Everyone knew about Nangong Nuannuan’s identity.

everyone had heard it clearly. nangong nuannuan had actually called chi zeyao’s girlfriend her godmother?

Everyone thought about the relationship. If this woman was Chi zeyao’s girlfriend, Nangong Nuannuan should call her second aunt. However, Nangong Nuannuan was calling her godmother?

what kind of person was nangong nuannuan? That was the chairman of disheng group, and even Nangong Nuannuan was willing to call her godmother. Was this woman really just an ordinary nurse?

Nangong Nuannuan’s way of addressing Feng Ji Mian had successfully changed the way everyone looked at her.

Just then, Feng shengxuan and Shi Yalin walked in from outside.

3083 She wouldn't dare (5)

Seeing his parents' dark faces and the two people who were being held up, Feng Shengxuan walked to Feng Jimian and asked, "Mom, what happened?"

When Feng Shengxuan called out "mother", everyone couldn't help but gasp.

Even the ordinary people knew about Feng Shengxuan, let alone the elite circle.

After all, he was the nation's best Actor before he retired.

Even if outsiders did not know about it, the people from the elite circle in Kamino knew about it.

Even though Feng Shengxuan was only the vice-chairman of Disheng Group, no one dared to provoke him. It was because he was the Crown Prince of Cybernation's NS Group.

NS Group was the world's number one financial magnate. Even Nangong Nuannuan's Disheng was only ranked third.

The NS Group's boss was a woman, but Feng Shengxuan was calling her 'mother' at this time.

In that case, everyone instantly knew who this woman was.

Feng Ji Mian!

The Super strong woman who had shocked the world!

A representative of cyber country!

Wasn't the reason why Feng Shengxuan was able to live so confidently all because of his mother? No one dared to provoke him because his mother was powerful. That was why Di Shi had been able to walk so steadily when it was first created (everyone thought so).

After all, Nangong Nuan Nuan had called Feng Ji Mian her godmother!

This made sense.

Under Feng Shengxuan's persistent questioning, Feng Jimian looked at Han Yurui, whose face had turned completely pale, and then at Han Yunxi, whose face was so red that she looked like she was about to be cooked. She said, "It's nothing, it's just that there are women who are particularly shameless. They clearly know that someone else already has a girlfriend, but they still want to lick their face and chase after him. Seeing that he had no feelings for her, she drugged him in order to get him. You've been caught red-handed, yet you're still pretending to be a White Lotus, attracting the sympathy of a group of fools."

Feng Ji Mian had never been an easy person to get along with. She was only kind to those she loved and those who truly loved her.

When she thought about how the guests didn't know her identity and were all standing on the Han siblings' side, Feng Ji Mian cursed at them all.

Hearing Feng Ji Mian's words, those people wanted to find a hole to hide in.

They silently prayed that Feng Ji would not find trouble with them after she fell asleep. The people working in the Internal Affairs Bureau were slightly better off, but those in the business field were almost scared to death by Feng Ji Mian's identity and words.

The most frightened person was Han Yurui.

He just wanted his sister to hook up with Chi Zeyao and stabilize their status as a second-rate wealthy family.

He had no idea that Han Yunxi was bold enough to drug Chi Zeyao.

"No, no, no, Chairman Chi, my sister definitely wouldn't dare to do that. She definitely wouldn't dare to drug you! She just met you and hasn't even had a glass of wine. How could she drug you?"

"Ha, so you're saying that I'm spouting nonsense? I'm a Mad Dog, beating up your innocent little sister?" Feng Ji Mian laughed coldly.

Han Yurui was already covered in sweat and quickly shook his head. "No, no, no, Chairman Feng, I definitely didn't mean that."

"Then what do you mean? You won't admit that your sister drugged you, and you don't think I'm talking nonsense. Then tell me, what do you mean by that?"

Feng Ji Mian walked up to Han Yunxi, whose entire body had gone limp, either from fear or from the drug.

Chapter 3084

3084 We're finished (1)

Feng Ji Mian didn't even bother to use her hands. She extended her leg and turned her face left and right, saying, " " tsk, tsk, your face is redder than a cooked shrimp. don't tell me that you're blushing because you're embarrassed. "

Han Yurui pursed his lips. He wanted to explain, but when he saw that Han Yunxi was still in a daze even in such a terrible situation, the words were stuck in his throat.

A single thought of heaven and a single thought of hell.

At this moment, he felt the true meaning of these words.

The Han family was definitely done for!

Not only did he become a second-rate rich man, but he also offended the chairman of the Shengyang group, the chairman of the NS group, the Chi family, the Nangong family, and the Feng family.

Han Yurui wished that all of this was just a dream.

"There's a video to prove whether she was drugged or not. However, Mr. Han, you siblings and the Han family may not be able to continue to attend the Xiao and Wu family's wedding."

because the matter here was too big, old master xiao, old master wu, officer number 12, li heyi, and haizhou's governor, wu jingzhong, were all here.

Old master Xiao did not expect the guests invited by the Xiao family to do such a disgusting thing, and instantly excluded the Han family from his circle of friends.

The head of the Han family was originally in another small hall discussing some matters. When he heard that something had happened here, he quickly ran out. who knew that he would see the scene of his son and niece being taken out.

the head of the han family wanted to go forward and ask more questions, but he was held back by the security guards. then, he threw him out.

as for his son and niece, they said they were going to the police station to record their statements.

This matter passed very quickly, but after such a ruckus, the wedding was about to begin.

The guests were preparing to go to another banquet hall to sit.

Those who didn't know Feng Ji Mian's identity before all knew now. While they were shocked by Feng Ji Mian's identity, they also sighed at how lucky the Nangong family was.

In the previous contest, the Nangong family had gradually lost to the Shi family. However, because Nangong Nuannuan had been found, not only did they find the Chi family as their in-laws, but they were also on the same boat as the Shengyang group and the Eagle Eye group. Nangong Nuannuan had even brought her own disheng group and Tian Heng di.

and now, nangong nuannuan had introduced her godmother, the chairman of NS group, feng ji mian, to chizeyao.

In addition, the Xiao family and the Wu family were indebted to Nangong Nuannuan.

it could be said that no one could shake the nangong family's position in the entire top floor.

Everyone would want a granddaughter like her even if they had a 10% discount.

During the banquet, the president sat together with a group of senior officials of the Internal Affairs Bureau. What was worth looking at was that Feng Ji Mian and Chi zeyao sat at the same table with the president.

However, Chi Yang was sitting in a wheelchair and was being protected by the young masters of the Nangong family. His table was filled with men. It was very eye-catching.

Due to his injuries, Chi Yang was not only in a wheelchair, but he was also wearing a mask when Nangong Nuannuan pushed him down.

before this, everyone already knew that chi yang's injuries were very serious. now that more than two months had passed, he still could only sit in a wheelchair. it looked like he was still eating liquid food. the chef had specially made it for him, so everyone knew how serious his injuries were at that time.

However, everyone was very confused. Logically speaking, the president had a very good relationship with the Chi family. Why did the president sit with Chi zeyao and Feng jimian in the end and not with old man Chi and Chi Yang?

master chi also kept a low profile today. he didn't even touch a glass with the president.

Not only old man Chi, but even old man Nangong didn't offer a toast.

The wedding banquet was very lively as almost all the important figures from the Internal Affairs Bureau, the combat Services Department, and the various aristocratic families had been invited. When everyone saw the president, as long as they had a bit of face, they would go and toast him. But everyone realized that other than Feng Ji Mian, who was happily talking to the president, the Chi and Nangong families didn't go and toast the president. It was unknown if they were trying to avoid suspicion.

On the other hand, the Shi family that no one paid much attention to now, from old master Shi to Shi maowen, then to Lu Guangsheng, and even Shi Yalin, all went to propose a toast.

However, the people of the Nangong and Chi families remained unmoved.

In the beginning, no one could tell, but later on, everyone slowly began to see something.

although chi yang had always been very calm, just like his usual style of doing things, old master chi's face had always been very serious. Even when others went to propose a toast to him and he drank tea, he would at most nod at them.

Others might not understand what was going on, but the Shi family was very clear.

Especially Shi Yalin, because she knew Feng jimian's feelings for Feng Ming all too well. A woman with such a strong will would most likely be very determined in love.

for the past 17 years, she had only had feng ming in her heart. after feng ming's death, she had always treated the chi family as her enemy. now, it was absolutely impossible for her to have any relationship with chi zeyao.

Now that there was one, and it was such a high-profile involvement, it was obvious that he wanted to mess up the Chi family.

It was a pity that Chi zeyao had endured for so many years and finally became a normal person. He was still feeling proud of himself, but he did not expect that he had already been set up.

But then again, Xuxu was right.

Old man Chi was so angry, Chi Yang didn't say anything, and even the Nangong family had quieted down. But Chi zeyao could still be so lovey-dovey with Feng Ji Mian. Perhaps Chi zeyao wasn't a good person either. Now that his wings had hardened, who knew if he would be disloyal to the Chi family?

Lu Guangsheng went to the president again. After all, the president was the Commander-in-Chief of the general Administration of warfare, and Lu Guangsheng had to come back to do a report. He could use this opportunity to ask the President about something and reach an agreement with him.

Lu Guangsheng was about to leave when the president suddenly said, "Come to my office at 9 am tomorrow."

Lu Guangsheng paused. He remembered what Feng Jimian had told him and suddenly felt excited.

"Alright. I'll be there at 9 am tomorrow."

The president nodded and didn't say anything else.

The Xiao family's wedding was very successful. Other than the small interlude at the beginning, everything went according to plan. Shengyang group's security work won everyone's praise again.

Not long after the wedding, Chi Yang was brought home by Nangong Nuannuan. The Chi family and the Nangong family had also left.

The Xiao family had a good relationship with Nangong Nuannuan. Even if Chi Yang was not feeling well, he could have stayed in the hotel and not left so early.

However, the Chi family and the Nangong family left after lunch.

3086 Leaving early (3)

They even left before the president did.

Only Chi Zeyao was left to accompany Feng Ji to sleep at the banquet.

Feng Jimian was a parliament member of cyber country and had a lot of power, so the president was very friendly to her, especially when he heard that NS group was preparing to cooperate with Shengyang group on an energy project. He was very excited.

The president only left after he was almost done talking to Feng Jimian.

All the guests could tell that Feng Jimian's arrival was very welcomed by Kamino. No wonder he was the chairman of the world's number one corporation and a representative of cyber country. The treatment he received was different.

While the president was talking to Feng Jimian, the Shi family also joined in.

Because the difference in the number of people was too great, they were unable to join in the conversation. However, as the regional Chief executives, Mu Xigui and Wu Jingzhong still joined in.

The president asked about the details of the cooperation between NS group and Shengyang group. He asked if there was anything that the Internal Affairs Bureau could provide support to the two leading enterprises. After learning about Chi Zeyao's general idea, the president was very supportive of Chi Zeyao's idea of converting light energy into kinetic energy and replacing chemical energy with light

energy. He also said that such research would benefit the people, so he had to support the Shengyang group.

After that, the president heard about Shi maocheng's recent research on the medical Association, and the topic of conversation shifted back to Shi Yalin.

When they found out that Shi Yalin was in the Research Institute of the medical science University and was working with the director of the genetic research Institute on major projects that involved cells and nerves, and that she had even been shortlisted for the world Medical research Competition, they praised her without restraint.

After that, the president moved on from these topics to the development of mankind and the war.

The president sighed and said that Chi Yang was seriously injured and had not recovered for two months. A country couldn't go a day without a ruler, and neither could a Flying Eagle.

Lu Guangsheng was quite suitable for the job. He was transferred to the battle Bureau and could temporarily replace Chi Yang in managing the Eagle.

When these words were said, mu Xigui and Wu Jingzhong, who were sitting at the side and listening without interrupting, were greatly shocked.

the flying eagles were the heart of kamino. as long as the flying eagles were still around, kamino would still be around.

His loyalty to this elite troop was the highest in the hearts of the people.

Because for so many years, Flying Eagle had been managed by the Chi family. At first, some people might raise objections, but after a long time and after countless sacrifices and achievements, everyone had accepted the fact that the Chi family was in charge of Flying Eagle.

But now, the president had suggested that Lu Guangsheng take over Eagle temporarily.

Everyone knew that a team could only have one decision maker, especially for a team like Eagle. If another decision maker appeared, the entire team's thinking and fighting mode would change.

In addition, there would definitely be changes in personnel, which would inevitably lead to problems within Flying Eagle.

Mu Xigui and Wu Jingzhong didn't understand why the president would make such a rash move. They could only look at each other and suppress the shock in their hearts.

Mr. President, although I am a businessman and do not know much about the deployment of personnel in the combat service department, Chi Yang has always been in charge of the bi an Eagle. He has been doing a good job. Now that there is a sudden change in personnel, bi an ...

3087 Her heart has only been warm for Feng Ming (4)

As Chi Yang's second uncle, Chi zeyao raised his objection in time, but before he could finish, he was pulled back by Feng jimian.

Chi zeyao obviously wanted to say more, but Feng jimian stopped him in the end.

Seeing Chi zeyao and Feng jimian's actions, the Shi family's initial fear of Chi zeyao was suddenly put to rest.

After all, a boss behind the scenes who had been in hiding for more than ten years was worthy of admiration and attention. However, it was said that heroes could not overcome beauties, and beauties could not overcome heroes. It was not an exaggeration to say this to Chi zeyao and Feng jimian.

Chi zeyao seemed to be completely attracted to Feng jimian. Of course, Feng jimian was indeed a woman worthy of being treated with care.

but unfortunately, no matter how much effort he put in, feng jimian would never fall for him. Because this woman was able to make a group to its current level by relying on her brain, and at the same time, she had a cold heart.

Her heart had only been warm for Feng Ming.

Seeing that Chi zeyao did not continue, the president chuckled and said, " "Commander Lu is only temporarily taking over Chi Yang's position. After he has fully recovered, the Eagle will naturally be managed by Chi Yang."

The president's words were very honest and there was nothing wrong with them. Chi zeyao could only nod.

But mu Xigui and Wu Jingzhong, who were at the side, were frowning. After all, as long as this person was placed in the organization, there would definitely be a change in personnel. What if Lu Guangsheng got some of his own people in the company and replaced them with some of the management level staff?

The news that Fei Ying wanted Lu Guangsheng to take over the position of Commander-in-Chief spread like wildfire at the wedding.

Everyone finally understood why elder Chi and elder Nangong had looked so upset at the wedding.

Why did the Chi family and the Nangong family leave before the president at the wedding?

After figuring it out, everyone felt a little awkward.

Something was going to change.

As expected, the transfer order was issued on the afternoon of the second day of the wedding.

The president appointed Lu Guangsheng, who had become the Deputy commander of the military campaign Bureau, as the acting commander of the Eagle Group.

The moment the order was given, the entire combat Services Department, including the Internal Affairs Bureau, were shocked.

He never thought that the president would actually let Lu Guangsheng be the chief coach.

Eagle!

Those were the hearts of Kamino's vanguards!

What was the difference between this and stabbing the hearts of these vanguards?

Because Chi Yang wasn't here, the person who replaced him at this meeting was ning Wenhao.

He had already heard about this matter yesterday. When he heard it, he had scoffed at it. After all, this was impossible.

However, at the battle Bureau meeting today, when the president personally suggested it, ning Wenhao immediately rejected it.

He stood up from his chair and stared at the president in disbelief.

"Mr. President, Flying Eagle has always been managed by the Chi family. Three generations of their family have sacrificed a lot for Kamino and Flying Eagle. In order to save someone, our Supreme Commander was trapped under the ruins of a ten-story building and almost lost his life. He's so selfless and dedicated, but in the end, he got nothing. Now that he's recuperating, you've even sent someone else to replace him as the Supreme Commander. Won't you make the hero feel disappointed?"

"Ning Wenhao! He's overstepping his boundaries!" Nangong Shu, the Supreme Commander of the Imperial province, couldn't help but scold ning Wenhao.

3088 Ning Wenhao resisted (5)

However, anyone could see that Nangong Shu's expression was not any better than ning Wenhao's.

Lu Guangsheng was overjoyed, but he didn't show it on his face. Not only did it not show. On the contrary, he looked very calm and composed, as if he would listen to any Order no matter what you did to him.

"Ning Wenhao." The president's business wasn't big, but he had brought Wei Yan with him.

"Yes," Even though ning Wenhao was angry, he knew that the president was the Supreme Commander of the War Department. Everything they had now was arranged by the president. He had no right to attack the president.

However, he just couldn't help it.

"Why don't you take over my position as the Commander-in-Chief of the general Administration of warfare?"

The president's simple words had completely stunned ning Wenhao.

Kamino had a rule. The president was in charge of the War Bureau, and the president was elected by everyone. The Internal Affairs Bureau and the court of judicial were in charge of this.

Every president needed to go through a long time to count the votes and even give a speech in every city. He wanted everyone to believe that he had the ability to govern Kamino.

although it was not easy to become the president, once he became the president, everyone would support him, and the president would also have enough power.

This included the authority to appoint and dismiss personnel from the War Bureau and Internal Affairs Bureau.

in other words, chi yang's position as the commander-in-chief of the flying eagles was up to the president to decide.

Therefore, ning Wenhao's rebuttal was rendered speechless by the president's simple sentence.

reporting to the president, I dare not.

"You don't dare? I think you're very brave." the president looked at him and chided, " "sit down," he said.

Ning Wenhao had no choice but to sit down.

After that, there would be a series of transfers, but that was no longer important. The most important thing was that Lu Guangsheng had really become the acting commander of Eagle.

The previous acting Commander-in-Chief of Flying Eagle, Leng Jinpeng, was sitting next to Nangong Shu, but the president did not let Leng Jinpeng take over temporarily. This was something worth thinking about.

However, after they came down, the Shi family, who were still happy, was reprimanded by the president on the spot because of a mistake made by their number 13 officer, Shi maowen.

Everyone was a little confused.

Those who had planned to curry favor with the Shi family stopped in their tracks and decided to wait and see.

Now, No. 12 and No. 13 had already started their speeches. They would go to each state and stay there for a while before they called for everyone's votes.

Of course, before the actual voting, they would also launch a preparatory voting project for the citizens. They were only allowed to stay in each state for three days. This would depend on whether they could capture the hearts of the people within these three days.

Three days later, they had to go to another state and couldn't stay for long.

After one person left, another person would give a speech. There were a total of five people participating in the election.

After the citizens had heard all of their speeches, they would cast their votes in the voting box set up in the administrative office.

The voting box was initiated by the administrative office, but it was under the supervision of the judicial Department.

After the votes were calculated, the Internal Affairs Bureau would have a summary of the number of votes each candidate received from each city.

in conclusion, there was still some time before the real election. they could use this time to attack some weak links and cities and improve their position in the hearts of the voters.

Chapter 3089

3089 I don't mind if Feng shengxuan likes it (1)

In fact, at the beginning, the voters did not know much about many of their superiors. They were only familiar with them from the news.

Therefore, the first election was mostly just a preliminary impression. Therefore, the second attack was the most important. This was because the voters' votes would raise some questions they were concerned about, and they would calculate and answer these questions.

voters would definitely vote for someone who could solve their problems. however, if the problem they agreed to solve couldn't be solved in the end, it would directly affect the subsequent credibility.

Therefore, it was time for these governors to show their personal charm and intelligence on how to answer and how to make the voters trust them.

The Shi family received the news that after the battle Bureau meeting ended, ning Wenhao, Leng Jinpeng, even mu Xigui and Wu Jingzhong went to the Nangong family one after another.

However, it was said that when everyone came out, their expressions did not look good.

After the Shi family found out about this, they were all in a good mood.

Grandpa Shi laughed. they don't know that the president has been hypnotized by your master. Although he won't side with our family, as long as he hates the Nangong family and wants to make them a figurehead, that's right.

With that, Shi Heng looked at Shi Yalin and asked, yesterday, Feng jimian introduced you to Feng shengxuan. Did he say anything to you? "

Shi Yalin was already in a good mood, and when she heard Feng shengxuan's words, her mood became even better.

" it's not the first time that feng shengxuan has liked nangong nuannuan. now that nangong nuannuan is married and baili yue has disappeared from the face of the earth, he's in a bad mood. if he were to treat me well, i'd be suspicious. "

Shi MAODE frowned and asked, "then he's not good to you?" No feelings? Then why don't you guys do it?"

As Shi Yalin's father and the chairman of the time Fortune Group, Shi MAODE was the one who wanted to see his daughter with Feng shengxuan the most.

Yesterday, he had specially tried to strike up a conversation with Feng Ji Mian, but she had ignored him completely. He also understood that Feng Ji Mian was only looking for Chi zeyao because she wanted to lay her hands on the Chi family. The reason why she helped the Shi family was probably because she heard that the Shi family and the Nangong family had a bad relationship. It wasn't that she really liked the Shi family and was willing to cooperate with them.

However, the time group was almost unable to make ends meet. The medical Association had invested too much into it. The time group's bottomless investment during this period of time had put the entire group on the edge of danger.

Once there was a shortage of funds, the entire time group would face a disastrous result.

Hence, Shi MAODE immediately became nervous.

shi yalin was well aware of shi maode's company's operations and knew what he was thinking. she smiled and said, "Don't worry, brother Feng is a filial son. Although he doesn't usually come home, he is very filial to his mother. Even though he still had lingering feelings for Nangong Nuannuan, he had already seen Nangong Nuannuan and Chi Yang get married. He would not think about Nangong Nuannuan anymore.

Therefore, to him, the best way to forget someone was to start a new relationship. He definitely doesn't have any feelings for me right now, but in order to forget Nangong Nuannuan as soon as possible, he'll contact me according to Feng Ji Mian's request."

Just as she finished speaking, Shi Yalin's phone rang.

3090 Shi Yalin's spring (2)

shi yalin couldn't help but smile when she saw the caller id. she showed it to her family.

When the Shi family members saw the name " Feng shengxuan " on it, they couldn't help but smile. They all urged Shi Yalin to go on a good date.

Although Shi Yalin knew that Feng shengxuan had only asked her out because Feng jimian had forced him to, wasn't this already good enough?

When she was still a venomous snake, she could only report to him as a subordinate. At that time, she had been so envious of Nangong Nuannuan for being able to obtain his love. how envious was he of bai liyue? even if she annoyed him every time, his attitude towards her was always different?

Feng Kun, that old thing, had always thought that by raising her soul, he would be able to control it completely. However, he had forgotten that they both came from the same place. The laws of this world had restrictions on the strong, but not on the weak.

Therefore, she still did not forget her goal.

Her goal wasn't to kill either Feng shengxuan or Chi Yang. Of course, she was happy to see Chi Yang die. But her ultimate goal was to stay by Feng shengxuan's side. Whether he loved her or not, she had to think of a way to get pregnant with his child first.

A month later, in the beauty research room of the medical department University.

After professor Wei Yan's exclamation, Wu Zhi and Zhang Fang saw Nangong Nuannuan, Wu Lingyun, Wei Yan, and he Zhi all smile.

Nangong Nuannuan smiled faintly. Although Wu Lingyun was very happy, his eyes were filled with confidence. It was as if although today's happiness was not easy to come by, she knew that it would definitely come with A Certain Smile.

As for Wei Yan and he Zhi, their eyes were filled with disbelief, surprise, and even fanaticism.

"It should be a great achievement." Wu Zhi and Zhang Fang had always been in this laboratory outside because they were only in charge of sorting out the data and could not enter. Therefore, when he saw the smiles of the group of people inside, Wu Zhi also became happy.

Zhang Fang also laughed.

After all, Qi Meixin had been urging him many times. It was only a week before he had to go to cyber country, and Shi Yalin had yet to come up with a solution. Even Zhang Fang was getting nervous.

However, if no one could figure it out and there was no suitable formula, it was fine. At most, they would suffer losses together. However, Shi Yalin was certain that Nangong Nuannuan would be able to figure it out, so Qi Meixin felt that he had not given it to her in time.

Gu Xiaoli had already stood up happily and walked to the door. Out of the three of them, she was the only one who had the key to the research room.

She opened the door and asked happily, "nuannuan, did the verification succeed?"

Nangong Nuannuan looked at Gu Xiaoli and smiled. "Yes."

"that's great, i knew you're the best. If those people who love to gossip know that you've developed something, let's see if they'll still dare to talk about it in the future."

Gu Xiaoli had always been one of the most spicy people in the dormitory. In the past, if anyone dared to bully the people in their dormitory, Gu Xiaoli would definitely be the one who jumped the highest. Although she had restrained herself after entering University, Gu Xiaoli had always held back her anger towards those who criticized Nangong Nuannuan behind her back. She was ready to jump up and slap those people in the face at any time.
