Chapter 3181

3181 You actually didn't know?

For so many years, no man had ever dared to openly express his feelings for her and pursue her so boldly. This was because everyone in Saibo knew that the families or companies of the people who pursued her had already fallen.

But they were wrong.

After hearing Selina's words, Feng Jimian's smile came from the heart.

Nangong Nuannuan smiled and said, "Selina will come with me. You guys don't have to move." Big brother Chiyang, you and big brother can stay here. I'll really be back soon."

"Do you know who kidnapped them?" Chi Yang asked.

"Li Xiangwang,"

"Who is she?" Chi Yang asked with a frown.

"There's a girl in our dormitory. I don't know what happened to her, but she kidnapped senior and Xiao Li. I suspect that she had something to do with Yu Minzhen's death. She called me just now and said that she was in Chengyue department store, but the encrypted phone location she gave me was in the west of the city. So I'll just go and take a look."

When Chi Yang heard that it was just a student causing trouble, he didn't insist on going. He nodded and said, "then go and come back early." If there's a long delay, just wait for me at home."

"That won't do, I still have to come back. Second uncle said that he would take us to the North Fork Lake to eat fish tonight."

When Chi Yang heard this, his eyes were filled with a smile. He couldn't help but reach out and touch her tall nose and said, "You're just a little glutton."

"Everyone is going to eat, so of course I'm going too."

"Then call your family along." Chi Zeyao interjected.

"Alright," he said.

Nangong Nuan nodded and left with Selina.

After calling Nangong Nuannuan, Li Xiangwang walked to Gu Xiaoli and Wu Lingyun with a smile. She was holding a knife in her hand, spinning it around.

She probably wanted to learn from those people on TV who could swing a knife in a beautiful way. But after all, he was trained to be an assassin by Shi Yalin halfway through his career, so he was still not very good at it.

the knife fell to the ground when he walked in front of Gu Xiaoli.

Li Xiangwang was very dissatisfied with his acting cool. He bent down and picked up the knife.

"Li Xiangwang, why are you doing this to us? Senior Wu and I have never offended you, so why are you trying to harm us?"

"You didn't offend me?" Li Xiangwang's eyes widened. I really didn't expect you to lie with your eyes open. You're saying such shameless words. Don't you know that I'll hate you even more if you act like this?"

"Hate?" Gu Xiaoli couldn't figure it out and was confused. "Aren't we friends? Why do you hate me?"

Li Xiangwang sneered, "how could you forget?" You actually don't know why I hate you?"

He wanted to see Gu Xiaoli kneel down and beg for mercy, just like Yu Minzhen did, but Gu Xiaoli's behavior really made Li Xiangwang angry.

Seeing that Gu Xiaoli was still confused, Li Xiangwang said resentfully, "Since you've forgotten, I'll help you recall.

When I first came to the medical department university, I was clearly the first to arrive. I had already made my bed, but Yu Minzhen came. She saw that the light on my side was better, so she ordered me to move the bed to the other side.

I also like places with good lighting. I just wanted to say that I might as well sleep on the bed above hers. But can you guess what she said?"

Gu Xiaoli:

3182 Speechless (4)

"She said that the seat was reserved for the young miss of the Nangong family. She even asked me if I knew the young miss of the Nangong family. When she saw me shaking my head, she was very disdainful and said that the eldest daughter of the Nangong family was the number one socialite in the state and a top family in the state. The Yu family is also a wealthy family in Dìzhōu. Therefore, Miss Nangong will definitely not sleep with me.

After that, I saw her get her servants to clean the bedroom. She didn't even let go of my table and didn't allow me to put my clothes outside. The table had to be clean too because she said that the young ladies from rich families are more particular."

Li Xiangwang sneered. "After that, Nangong Nuannuan came. She brought you and your parents to slap Yu Minzhen in the face. She said that she wanted to sleep with you." Even though she had never lived in the school, Gu Xiaoli, Nangong Nuannuan had really given you enough face. Tell me, tell me, which part of you is better than me? Other than your college entrance examination score being slightly higher than mine, is there anything else that you can compare to me in? What right do you have to win Nangong Nuannuan's heart? Why can't I win her heart even though I've been so submissive in front of you?"

gu xiaoli and wu lingyun looked at her, speechless. Gu Xiaoli didn't know what to say.

"You know what? I've never wanted to fight with you for anything, and I know I can't win. I only hope that I can be a good student in school through my own efforts and become a useful person in society in the future. I've never thought of provoking people like Nangong Nuannuan or Yu minzhen. Why can't you just let me off?"

Li xiangwang's voice was a little hoarse as he spoke. Gu Xiaoli was still confused.

it's not Yingluo. Gu Xiaoli felt that she really couldn't understand li xiangwang's point and couldn't help but ask, " "Did I stop you from being a useful person to society? I didn't! although i, gu xiaoli, don't come from a good family, i think i have a very positive outlook on life. how can i help you become a useful person in society? if you're talking about the research institute, you know the points collected there. Nuan Nuan only brought me in after both my and senior's scores met the Research Institute's recruitment requirements. But your score didn't reach that! You haven't reached that level, and you're not even close friends with Nuannuan. Isn't it normal that she doesn't want to bring you in? You're kidnapping me because of this?"

Li xiangwang sneered, "Gu Xiaoli, you're still playing dumb with me." Do you think I won't do anything to you just because you pretended to be innocent?"

Gu Xiaoli:

"Why am I acting dumb?"

"Military training!" Li xiangwang suddenly shouted hysterically, which scared Gu Xiaoli and Wu Lingyun.

"When Nangong Nuannuan ridiculed me, what were you doing? you're looking at me like i'm an idiot. Do you think that Nangong Nuannuan is amazing? She's good at everything she does, right?"

"Isn't that so?" Gu Xiaoli looked at li xiangwang, her face full of speechlessness.

"Nuan Nuan is good at martial arts and has a business mind. Not only does Nuan Nuan come from a good family background, but she has also come up with something that others can't and has attracted the attention of the world. do you think you can be compared to nuannuan?"

Chapter 3183

3183 Do you think I'm afraid of her (1)

"xiao li, don't argue with her. don't you think she's an unreasonable lunatic? Her thoughts aren't even on the same line as yours, so how can you talk to her in the same way?"

wu lingyun couldn't stand it anymore and told gu xiaoli to stop.

Li xiangwang looked at Wu Lingyun and sneered, " "yes, i'm unreasonable. i'm crazy. i've been driven crazy by you! Wu Lingyun, don't tell me you've forgotten that you were actually called Shi Lingyun in the past? Have you forgotten that you were someone who couldn't even afford to study in the past? What's there to be proud of in front of me? "people like you either have a good background, or you've latched

onto a thick thigh, and you don't take people seriously. Come to think of it, what's the difference between the two of you and me?"

Wu Lingyun:

Gu Xiaoli:

"we've never thought of competing with you," Gu Xiaoli was so speechless that she was about to explode. you arrested us because of this? Why did you catch us? You clearly know senior Wu's background and you still dare to arrest her. It can't be that you want to kill us because of such a small matter, right?"

"Such a small matter?" Li xiangwang looked at Gu Xiaoli in surprise. "in your heart, what i've said is just a 'small matter' to you?"

"What else?" gu xiaoli felt that she had really met a lunatic.

"Hehe, illegal? Wu Lingyun, don't tell me that your Xiao family and the Wu family have never touched a human life! In the eyes of the daughters of top sects like you, what is a human life? So, breaking the law is only for ordinary people like us. For example, if you think it's normal for you to kill me, you can kill me as long as you don't like me. Because your family will definitely do a good job for you and won't let you have any worries. But I can't kill you. Why? Because I have no background, I'm just an ordinary civilian in your eyes, so I can't do anything illegal. As the saying goes, one can't be polite to a commoner, and one can't punish a doctor.

"Li xiangwang, Nuan Nuan and Xiao Li have never begged you to be their friend. If you don't like them, you don't have to be friends with them. You can apply for a change of dormitory with the teachers. You can even badmouth them and complain about them behind their backs, like many students in the medical department who didn't know Nuan Nuan. Although it wasn't good to gossip behind people's backs, at least it was illegal. Do you know what you are doing now? You're breaking the law now!" Wu Lingyun said with a cold face.

"Hehe, illegal? Wu Lingyun, don't tell me that your Xiao family and the Wu family have never touched a human life! In the eyes of the daughters of top sects like you, what is a human life? So, breaking the law is only for ordinary people like us. For example, if you think it's normal for you to kill me, you can kill me as long as you don't like me. Because your family will definitely do a good job for you and won't let you have any worries. But I can't kill you. Why? Because I have no background, I'm just an ordinary civilian in your eyes, so I can't do anything illegal. As the saying goes, one can't be polite to a commoner, and one can't punish a doctor. It was like this in ancient times, and it's still like this now."

Wu Lingyun and Gu Xiaoli didn't know what to say when they saw li xiangwang talking.

Seeing that they were not speaking or asking her, Minister li felt particularly bored. It felt like he had punched cotton.

Left with no choice, she could only ask herself, " however, do you know why I could kidnap you and bring you here when I couldn't stand you? am I not afraid of Nangong Nuannuan? "

Seeing the two of them looking at her without saying a word, which was completely different from Yu minzhen's reaction before, li xiangwang revealed a cruel smile and said, " "Because I have the Shi family

behind me. do you know why i'm not afraid of nangong nuannuan even though the shi family is not as powerful as the nangong family? Because today, Nangong Nuannuan, not just Nangong Nuannuan, but Chi Yang and the entire Chi family can't even protect themselves."

3184 Perverted enough (2)

"So if Yingluo can't even protect herself and her family, don't expect her to come and save you."

The words had come to this point, but the two of them still looked at her coldly without any expression. Li xiangwang sneered and clapped his hands. A few burly men walked in.

these people were all foreigners. one look and one could tell that they were the kind of foreign mercenaries that could only be seen on television.

Li xiangwang said to Wu Lingyun and Gu Xiaoli,"Do you know who they are? They were the top mercenaries from Saibo. The Shi family has put in a lot of effort for the two of you. Later, I'll let them have their fun with you guys. If you're still alive by then, I'll end you with my own hands. After all, we're classmates. Since you look down on me so much, I'll let you understand one thing before you die, and that is Yingluo shouldn't look down on others."

"you're sick!"

Wu Lingyun and Gu Xiaoli didn't make any eye contact, but after li xiangwang finished speaking, they all complained in unison.

whether it was wu lingyun or gu xiaoli, they both thought that li xiangwang was crazy.

"You killed Yu minzhen, right? After all, you said just now that Yu minzhen was the first person who had a conflict with you. We're just people who make you feel uncomfortable, yet you want to rape and kill us. Wouldn't yu minzhen have died a worse death?" Wu Lingyun could not help but ask.

Gu Xiaoli laughed sarcastically."Senior Sister, do you still need to ask? It was definitely her! After Yu minzhen's death, her body had not been found. The Yu family is an influential family, after all, and they have some means and connections. In the end, after investigating for so long, they couldn't find anything. Other than the Shi family, who else can help her?"

"Your reasoning is amazing." li xiangwang did not feel ashamed and instead felt honored, " "That's right. I did kill that b * tch, Yu minzhen. she deserves to die more than you. That b * tch, I only taunted her with a few words and she wanted to find someone to kill me. He even said that he would find me a car for my funeral. Hehehe Yingluo "

Thinking of the scene of Yu minzhen's tragic death, li xiangwang felt very happy.

"In the end, that bitch didn't expect that I was already a member of the Shi family. Provoking me is the same as provoking the Shi family. so, i gave that car to that b * tch yu and buried it with her in the sea of fire."

“She wanted to kill you, and you took revenge on her. At least this makes sense. At least it proves that both of you are perverts. But we didn’t want to kill you, and we’ve always treated you as a friend, yet you want to kill us? And it was the kind of rape before killing. Li xiangwang, don’t you think you’ve gone too far?”

“I’m too much? Do you know that if it wasn’t for miss Shi, I would have killed myself when the instructor humiliated me in front of all the students that day, saying that I was not as good as Nangong Nuannuan? My life is no longer mine, it belongs to miss Shi. She saved me, gave me a new life, and even allowed me to live a life with dignity. As for you lackeys of Nangong Nuannuan, do you think I’ll let you go if you fight with miss Shi? It was impossible! Even without miss Shi, I would have killed you all. because only when you die will i not remember the humiliation i suffered.”

When li xiangwang was speaking, his eyes were filled with madness.

Chapter 3185

3185 Face-smacking came without warning (3)

Wu Lingyun and Gu Xiaoli looked at each other. They felt that li xiangwang was extremely twisted and perverted.

They had nothing to say to li xiangwang.

“What, you don’t have anything to repent for when you’re about to die?”

When li xiangwang saw that there was nothing but speechlessness and contempt in their eyes, he was driven mad.

This was because she couldn’t accept others looking at her like that. this would make her feel bad. she would never allow anyone to look at her like that.

“Repent? Li xiangwang, I think you’re a pervert. You said that the instructor humiliated you that day, and because Senior Sister and I are Nuan Nuan’s friends, you think that we deserve to die. That way, you won’t feel humiliated when you see us in the future? Then what are you going to do when you see the instructor? Besides, I wasn’t the only one who saw it on the day of the military training. All the students in our grade saw it too. Do you want to kill everyone to vent your anger?”

Li xiangwang:

“Since you feel that you don’t need to repent to me, then you can go and beg for mercy. Perhaps they’ll be kind enough to leave you with an intact corpse.”

You know that we’re Nuan Nuan’s friends, and my husband is from the Eagle Special Forces. Aren’t you afraid that they’ll come and avenge us? ” Wu Lingyun asked.

“Hehe!” Li xiangwang sneered, “by the time they come, you’ll all be dead. What am I afraid of?” Nangong Nuan Nuan and Chi Yang couldn’t even protect themselves, and the Chi and Nangong families would definitely collapse. Without the Chi family and Xiao family, the Shi family could easily kill Li Jingchen, alright? Furthermore, this place was blocked by the satellite. Even if Nangong Nuannuan wanted to find this place, it would not be easy. besides, there are also people who tried to kill her on the way, so don’t

worry. whether it's nangong nuannuan or your li jingchen, neither of them will be able to come to this place."

at this moment, li xiangwang's entire face was contorted and twitching.

She wanted to see Wu Lingyun and Gu Xiaoli begging for mercy in front of her. She also wanted to be a high and mighty person.

However, the situation changed all of a sudden.

The face smacking came without warning.

Just as they were about to approach Wu Lingyun and Gu Xiaoli, the sound of a helicopter suddenly came from outside.

"Bang!"

Before they could react, the ceiling of the abandoned factory was smashed by something.

Li xiangwang was injected with a newly developed drug by Shi Yalin, which enhanced his physical strength and gave him a more powerful primary superpower than ordinary people. But in general, li xiangwang was just a student. Although he was ruthless and could kill others without blinking, such a big scene was enough to shock her and shock her mind.

Li xiangwang screamed almost subconsciously and went to find a place to hide instead of rushing to Gu Xiaoli.

Due to li xiangwang's momentary distraction, Wu Lingyun, who had already secretly taken the knife on the table and Cut the Rope on himself and Gu Xiaoli, directly teleported the knife in his hand to the heart of one of the men.

Wu Lingyun had already carefully observed this group of people when they entered. This person was here, so he should be the most powerful person. In order to prevent these people from harming her Jingtian, Wu Lingyun did not hesitate to use his ability to stab the knife directly into the heart of the other party, even though it was his first time.

Chapter 3186

3186 Going all out (4)

She was so fast that she made her move almost at the same time as the sound from the ceiling.

All the mercenaries did the same thing when they heard the sound from the ceiling. They aimed their guns at the ceiling and were ready to shoot at any moment while looking for an escape route to cover themselves.

Although they had all been injected with drugs, their levels had greatly improved compared to before, and they had a certain ability. however, no matter how powerful the medicine was, they were just flesh and blood.

However, before the person who looked down on the Eagle arrived, he was already stabbed in the heart. What did this mean?

Feeling his life quickly slipping away, the mercenary didn't even know what had happened when he fell to the ground.

Since they were only here to kidnap Wu Lingyun and Gu Xiaoli, in order to not attract attention, there were only six mercenaries here.

In the end, the most powerful mercenary had died just like that.

The other five didn't even feel their leader struggle before he fell to the ground.

The sudden turn of events made everyone's hearts tighten, and they immediately scattered in all directions.

One of the mercenaries was running towards Gu Xiaoli and Wu Lingyun.

After all, the two of them were tied up as hostages. Even if they weren't tied up, the mercenaries wouldn't feel anything, not to mention that they were still tied up. He was so weak that he could not even truss a chicken.

"Huala-"

The ceiling finally broke, and the mercenaries began to fire wildly at the place where the broken debris had fallen, trying to kill all the people who fell from the sky in front of them at this moment, saving them from the fight later.

The mercenary who had tried to use Wu Lingyun and Gu Xiaoli as hostages had already arrived in front of Gu Xiaoli. He was about to pull her up when he suddenly felt a pain in his heart.

He lowered his head and looked-

F * ck your mother!

What was going on?

Why was there a knife in his heart?

The mercenary looked at Gu Xiaoli in surprise. Gu Xiaoli blinked and looked at the mercenary in surprise too.

It was obviously not Gu Xiaoli who stabbed him.

Then who the f * ck plotted against him?

The mercenary fell to the ground with a loud thud, his huge body smashing into the ground and raising a thick layer of dust.

Gu Xiaoli:

Li xiangwang:

The remaining mercenary:

Although the window at the top was broken, no one came down from the top. It was just a smoke bomb.

The mercenaries immediately tried to point their guns out of the window.

However, it was too late. At this time, the bullets outside the window were already shooting at them, and they turned around.

On one side were the top international mercenaries, and on the other side were the Kamio nation's Eagles that struck fear into the hearts of the world.

A battle between expert teams would only take place overnight.

Whoever could fight for the first moment would be able to fight for the initiative in this battle.

A few bullets flew over, the kind with extremely strong penetrating power, and two of the remaining four people instantly fell.

The remaining two were also slightly injured, and Eagle had already rushed in.

At least dozens of people rushed in from all directions and in the sky.

"Don't move!"

After all, they were from the combat Services Department. When they encountered these desperate international mercenaries, they would first protect themselves. When they were certain that the battle situation was under control, they would then threaten the other party to surrender.

Of course, the other party did not have to surrender.

For example, these people.

They were already under Shi Yalin's complete control. Without the antidote, they would die.

Instead of surrendering and dying in pain, it was better to fight to the death with Flying Eagle's men.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3187

3187 That's enough (1)

However, just as they were about to make a move, they found that each of them had a sharp knife stabbed into their hearts.

Where did this sharp knife come from? how did it stab into their hearts? they still hadn't come back to their senses.

Out of the six international mercenaries, four of them were inexplicably stabbed in the heart by a knife, and no one knew who did it. He died in an extremely aggrieved manner.

As for li xiangwang, who was weak even after using potions, he couldn't even react to how they died.

She thought that the Eagle Special Forces had killed them with their advanced weapons, so her first reaction was to abduct Wu Lingyun.

At this moment, li xiangwang was already scared out of his wits. All the blood in his body had turned cold.

She just wanted to leave. As long as she could leave, Shi Yalin would definitely find a way for her.

hence, she subconsciously tried to hold wu lingyun hostage.

However, just as she moved, her wrists, knees, and ankles were stabbed with six knives.

“Ah!”

ah! li xiangwang screamed and fell to the ground with a “ bang ” as usual.

The knives in her hands and legs caused a second injury, and she couldn’t help but let out a terrible scream again.

She had never felt such pain before. The sudden pain caused all her nerves to quickly wake up.

What had she encountered?

What did she do?

“Ling Yun, are you alright?”

Li jingrao was the leader of the Eagle squad. Although this mission was considered to be the easiest among all his missions, li jingrao was extremely nervous the entire time because the hostage was Wu Lingyun.

“I’m fine. I’m doing great.” Facing li jingrao’s nervous and concerned eyes, Wu Lingyun was a little embarrassed. didn’t I say before that I can deal with li xiangwang? not to mention six people on her side, even if it’s ten people, as long as you bring me enough knives and guns, I can deal with them.

“Senior Sister, you’re so awesome! Nuannuan told me about it before, but I didn’t believe her. You’re so gentle, so how can you be so powerful? I feel like there’s a huge gap between us! All of you are so powerful!”

Gu Xiaoli had seen a knife suddenly appear on the mercenary’s heart before he died, as if it had been photoshopped.

The speed was faster than the blink of an eye because she didn’t even blink at that time. She didn’t know how the knife had stabbed into the mercenary’s heart.

Wu Lingyun looked at Gu Xiaoli and patted her shoulder. “It’s almost done!”

Gu Xiaoli burst out laughing.

He looked at li xiangwang. At this moment, li xiangwang’s face was full of fear and despair.

It was only at this moment, when the Flying Eagle Special Forces member pointed a gun at her head, that she was really afraid.

she had never expected shi yalin to tell her that nangong nuannuan and chi yang’s men would never find their way here, and the flying eagles would never appear.

And the result?

So many members of the Flying Eagle Special Forces were pointing their guns at her.

After all, li xiangwang was still a student. It was only because Shi Yalin was backing her up that she suddenly did not care about anyone or anything.

Now that he was pointed at his head, he finally remembered the law.

“Are you shocked? why did Eagle suddenly come here to save us?”

Chapter 3188

3188 Can you compare to 2

“You’re telling me that you’ve received the news in advance?”

I don’t have any news about you, but my Nuannuan is more sensitive, so she told me that there was something wrong with you early on and told me to be on guard against you at all times. Gu Xiaoli sneered, “li xiangwang, I really did think of you as a friend.” I treated you as a friend, but you wanted to scheme against me from the beginning, even to kill me. If it wasn’t for the fact that Nuannuan had given me something that could locate me, and if senior didn’t know that you were going to catch me and decided to go shopping with me, I can’t even be sure if I would still be alive today.”

Li xiangwang looked at Gu Xiaoli in a daze, feeling that he didn’t quite understand what she was saying.

“You knew I was going to deal with you? So, you’ve never treated me as a friend?”

“What’s with that expression? You’ve never treated me as your friend, so why should I treat you as my friend? Are you a celestial immortal?” Gu Xiaoli sneered, “to tell you the truth, I’m tired of being friends with Shi Yalin’s Lackey.” However, I’m also very happy to be able to help Nuannuan confuse you. Li xiangwang, your failure is not unjust.

Today, I told you on purpose that I’m going shopping with senior. I also deliberately asked you to ask me out. Of course, senior and I deliberately let you catch us. Because if you don’t arrest me, Shi Yalin will become suspicious, and all of their activities today will not be carried out. so, thank you for your cooperation. Now that you’re done acting, you can get your lunch box. Farewell!”

Li xiangwang looked at Gu Xiaoli in disbelief, his eyes wide open, “ “You know? You know everything?”

“yes, i know everything. i never intended to be friends with you. it was nuan nuan who told me that you had ulterior motives for getting close to me. she even said that you had contact with shi yalin. that’s why i became friends with you. I’ve been waiting for so long just to see what you’re going to do to me. nuan nuan had me swallow a pill that can locate me at any time without being discovered by you. the pill can stay in my body for a month, so even if i don’t know what you’re going to do to me today, as long as i don’t follow the intended route, nuan nuan’s people will find out immediately. so, li xiangwang, you have no chance of winning no matter what.

Didn’t the instructor say before that you can’t compare to Nuannuan? you were still unhappy. Now that we’re competing with real strength, do you feel like you’re just throwing money away?”

Li xiangwang's face was twisted. you know! You know everything, but you don't tell me, and you even lead me to commit a crime? Gu Xiaoli, how could you do this? Wuwuwuwu!"

She thought about how she was about to be arrested and that she would inform her parents. Her relatives and friends who were already flattering her family would also know that their family would become a laughing stock and be looked down upon by others. Li xiangwang felt unusually desperate.

He felt that the reason why he was where he was today was all because of Gu Xiaoli.

"I led you to commit a crime?" Gu Xiaoli was also speechless.

"li xiangwang, if you were a positive, sunny, and optimistic person, why would you compare yourself with nuan nuan? Not to mention the fact that she was destined to win at the end of her life, just her ability to remember everything she saw, do you have it? although he's only a first-year student, he's already known as the world's most mysterious genius pharmacist. can you compare to him?"

My Sweet Physician Wife Calls The Shots

Chapter 3189

3189 Aren't you not afraid of death (3)

"Whether it's background, entrepreneurship, martial arts, or knowledge, you're more than eight levels lower than Nuannuan. You compare yourself with others, hate those who think you're troublesome and sinister, and even kill others. You think this is my fault?

Li xiangwang, people like you shouldn't go to jail. You should go to a mental hospital. Didn't anyone say that your personality was twisted to the point of insanity?"

At this moment, li xiangwang's phone on the table rang. everyone looked at the phone. the next moment, the phone on the table disappeared and appeared in wu lingyun's hand.

Li xiangwang's eyes were as wide as copper bells, his face full of shock and disbelief.

After following Shi Yalin for so many days, she already knew that there were very few people in this world who were born with special abilities. For example, Nangong Nuannuan and Chi Yang.

However, she had never expected that this unremarkable Wu Lingyun was also an ability user.

wu lingyun took off the shapeshifter from his clothes and put it on his lips. li xiangwang's mouth was covered by the flying eagle special forces member's thing, so he couldn't make a sound at all.

Li xiangwang listened to Wu Lingyun's voice in despair. It was the same voice as his.

"Hello," he said.

li xiangwang, don't stay here any longer. Nangong Nuannuan's car is already on the highway. She's heading straight to the West instead of the East. She should be able to locate your location. Kill them immediately and retreat."

"Alright, I'll kill them immediately." then, wu lingyun looked at li xiangwang and said, " "did you hear that? it's time for you to be on your way."

With that, Wu Lingyun hung up Shi Yalin's phone and put away the voice changer.

Wu Lingyun looked at Li Jingrao. I don't think the voice can be used as a basis in court, right? "

Li Jingrao doted on Wu Lingyun completely. After all, he was the one who had raised her. He was very pleased that she could grow up to be like this.

"I can't. But don't worry, she won't be able to escape."

"That's true," Wu Lingyun nodded. With Nuan Nuan around, with her low IQ, she'll be played to death."

Li Jingrao smiled and nodded. Whatever his wife said was right.

"Take him away." Li Jingmo glanced at his brothers, indicating that they could take Li Xiangwang away.

however, after the thing on his mouth was removed, Li Xiangwang immediately started shouting again.

"Let me go! let me go! I'm still a student, Yingluo, so please let me go!" Towards the end of his sentence, Li Xiangwang started to cry loudly, as if he had suffered a great grievance.

"Li Xiangwang, aren't you not afraid of death? Didn't you say that if Shi Yalin didn't save you, you would have gone to seek death after the instructor told you off? Since you're not even afraid of death, why are you begging for mercy when you're just being caught?" Gu Xiaoli sneered.

"Xiaoli, I was wrong! I really know I was wrong! I can't let my mom know that I've done such a thing. If they know, they'll definitely scold me. They won't care about me anymore."

Then, he looked at Wu Lingyun and begged, "Senior Sister, please spare me on account of this being my first offense. I really won't dare to do it again."

however, Wu Lingyun did not even spare her a glance.

"Li Xiangwang, not every mistake can be forgiven," said Gu Xiaoli, who was kind.

Chapter 3190

3190 graduation today (4)

"Besides, this isn't your first offense. Did you forget about Yu Minzhen? There are too many bad people out there who look down on you. In order to prevent you from having a mental illness again, don't worry about your parents. You'll either be sentenced to death or given a life sentence. Your parents won't see you after the conference, so they won't scold you."

The pain from the few knives in his body could no longer resist the despair and fear that welled up in Li Xiangwang's heart. Thinking that no matter whether Nangong Nuannuan won or Shi Yalin won, she would still have to go to jail, Li Xiangwang instantly woke up.

It was only then that she realized that if she was caught doing something like this, she would not be able to go to school anymore.

It was not easy for her to get into the medical department University, but because of some trivial matters, she ended up on a path of no return.

before she came to school, her parents had repeatedly told her that she was competitive and that dizhou was a place with hidden dragons and crouching tigers. they told her to calm down and not to fall out with others over such a trivial matter.

at that time, she thought her parents were annoying and didn't take it to heart at all.

Now that he was caught, he might have to spend the rest of his life in prison. If he was unlucky, he might even die. Li xiangwang was in despair.

she didn't even know how she had gotten to where she was today.

If she had not commented on Nangong Nuannuan's performance during the military training, would everything have been different?

If Gu Xiaoli could hear her inner voice, she would definitely reject her.

No matter how good or bad a person's results were, the most important thing for them was their mental health.

Because a person with a twisted mind, no matter how good his grades were, would not be able to make true friends and have a foothold in society.

Shi Yalin hung up the phone and was in a good mood.

The Shi family sat up straight. Shi maowen asked nervously, "How is it? Did Nangong Nuannuan go to the mall?"

"How can we go to the mall?" "she's a top-class hacker, and she has danny behind her," shi yalin said with a smile. She was now walking straight to the location of the kidnapping. I'll let li xiangwang settle the two of them and leave."

"Li xiangwang, what are you doing?"

"my people will make her 'commit suicide'."

"I think so too." Shi maowen nodded. Li xiangwang could be used, but he could not be put in an important position. After all, she's just a student, and it's not appropriate for her to do anything."

"I know, fourth uncle."

after saying that, shi yalin sent a text message to her subordinate. "By the time Nangong Nuannuan finds the body, it'll be impossible to come back," she said with a smile.

"Can your master really take care of so many people by himself?"

"How could it be my master alone? Brother Feng and Feng Ji Mian were clearly there as well. Big brother Feng is in charge of Chi Yang, and Feng jimian is in charge of the others. My master doesn't even need to go up. He was only there to supervise the battle. Unless it's difficult for brother Feng to win, my master will not go to help."

"Is there any chance of failure?" Shi maowen asked, still a little worried.

“how is that possible? He was a person from another world. although he had almost no strength left, his strength was not something that chi yang and the people around him could compare to. Moreover, Chi Yang and Chi zeyao had brought old master Chi with them today. At the critical moment, he could even use old master Chi as an example. In short, today’s matter will definitely succeed.”
