Chapter 3221

3221 Naive (1)

Not only could she see him, but she could also hear him speak?

Beiming tan was stunned for a moment. Then, he used all his strength and started to draw a talisman in the air as fast as he could.

“he seems to be drawing talismans!”

When Nangong Nuannuan spoke, beiming Qin sneered.

he had already become this world’s so-called spirit body. no matter how powerful they were, they could only see him but not touch him.

So now that beiming kun had been harmed to this extent, he wasn’t afraid of Chi Yang and Nangong Nuannuan.

“You mortals know quite a lot. I’m drawing a talisman, a teleportation talisman. I’ll find a new body that’s suitable for me to live in. Chiyang, Feng shengxuan, we’ll meet again in the future.”

In order to make his failure less embarrassing, beiming tan even greeted Chi Yang and Feng shengxuan before he left.

because he was talkative, he could finish drawing the talisman in two seconds, but he still wasn’t done after half a minute.

After saying that, beiming kun prepared to concentrate on drawing the talismans and leave.

Who knew that just as he was about to leave, an electric net directly covered him.

battle armors were not conductive, so the huge electric net could not hurt chi yang and the others at all.

As a spirit, darknorth kun wasn’t afraid of explosions, but he was afraid of lightning.

Looking at the huge electric net covering the sky and the earth, surrounding him from all angles, beiming Qin sneered, “ you think you can stop me from leaving with just an electric net? You’re so naive!”

After saying that, beiming kun prepared to leave.

Just as the talisman in the air was completed, it completely covered him at the speed of light.

Light speed!

Although the teleportation talisman was fast, its speed could not reach the speed of light.

However, a company like Chi zeyao, which specialized in high-tech Research, could.

“ah!”

kun of the north deep, who had already turned invisible and was about to teleport away, let out a blood-curdling screech.

However, only Chi Yang and Nangong Nuannuan could hear his scream.

What he didn't know was that other than these two, Feng shengxuan could also see and hear him.

"How could it be the power of the heavens and earth? How could it be celestuality?"

Kun of the northern underworld struggled madly in the electric net, trying to break free.

The teleportation talisman had already been drawn and was floating in the air. The talisman was getting fainter and fainter, but kun of the North deep was still unable to break free from its restraints.

"Chi Yang, let me go! I will never be your enemy again! Let me go and I'll leave this world immediately!"

However, Feng shengxuan was the one who laughed.

"you're the reason why my dad and i can't live at home since we were young. we've been lacking kinship since we were young and you've caused so many troubles. we've finally caught you, but you're begging us to let you go. Feng Luan, beiming Xiao, it seems that you've been Living a Good Life for too long, and your brain must have gone haywire!"

Nangong Nuannuan looked at Feng shengxuan in surprise and said, " "Big brother, you can also hear him speak?"

Feng shengxuan glanced at his sister and smiled. "So, in your eyes, I have always been much worse than Chi Yang?"

Nangong Nuannuan laughed awkwardly and quickly waved her hands. "No, no, no, no!"

Ever since her brother's hypnosis had been lifted, she still felt a little stressed every time she was with him.

In fact, Feng shengxuan was still very good to her even after the hypnosis was lifted. He even doted on her more than before. After all, in the past, he would still be angry because of brother chiyang. Now, even the only thing that would make him angry was gone.

Chapter 3222

3222 dark clouds (2)

that was why he had never rushed to her nose or eyes again. However, he suddenly felt a sense of pressure.

This kind of pressure was not deliberately released by him, but seemed to be innate.

Therefore, in the face of Feng shengxuan's warm smile, Nangong Nuannuan not only smiled awkwardly, but also complimented him with a strong desire to live. "In my heart, big brother and big brother chiyang are both equally powerful."

at first, she had wanted to flatter her brother chiyang and feng shengxuan by saying that they were the best in the world. but looking at her second aunt, who was protecting her children, she was afraid that she would be treated unfairly. So, he changed his mind.

Sure enough, Feng Ji Mian glanced at her most impressive husband and thought about Nangong Nuannuan's words, but she didn't say anything.

It was only then that Nangong Nuannuan felt that she was on even ground.

Beiming kun was trapped in the center of the net by the power of heaven and earth. No matter how hard he tried, he couldn't break free.

Seeing that his primordial spirit was getting weaker and weaker, beiming kun's heart was filled with fear.

He absolutely couldn't lose even his original spirit. If he didn't even have his original spirit, he might not be able to return to his planet.

However, when he saw the group of people in armors in the distance, who still had the time to chat, beiming kun's heart was filled with anger.

The power of heaven and earth was destroying his original spirit, rendering him completely immobile. He knew that he would definitely die if this continued.

Moreover, it was completely annihilated.

Feng shengxuan couldn't kill Chi Yang with his own hands, and Chi Yang couldn't kill Feng shengxuan with his own hands, so they wouldn't really die.

But-

Other than Nangong Nuannuan, the rest of them were ordinary people. they could die.

And it was a true death.

Since Chi Yang and Feng shengxuan wanted to kill him, he would drag a few people to hell with him!

No!

He wanted everyone in the city to go to hell with him!

Beiming kun was bound by the lightning of the power of heaven and earth, waiting for his original spirit to be devoured bit by bit.

He gathered all his power in the original Spirit's dantian, and the sea of Qi in the dantian slowly began to surge.

At the same time, although the sky was covered in thick smoke from the explosion, the sunny sky outside actually resonated with the Qi sea in beiming Tan's dantian.

the originally clear sky suddenly began to surge with black clouds.

Very quickly, the churning black clouds became thicker and thicker.

"Big brother chiyang, something's not right."

Chi Yang nodded, " the sea of Qi in his dantian is resonating with the sea of Qi in the sky.

Nangong Nuannuan was taken aback and asked in confusion, " "What do you mean? what does he want to do?"

Nangong Nuannuan couldn't understand it, and neither could the god of science, Chi zeyao. not to mention others.

After all, kun of the North deep wasn't a person of this world. Even if he had the upper hand, he could fall into a disadvantageous position at any time due to carelessness.

For example, at this moment, everyone realized that something was wrong, and their eyes became serious.

Chi Yang looked at the sky, his thin lips tightly pursed, and he didn't say anything.

Feng shengxuan voiced Chi Yang's concern.

"He's trying to self-destruct. If he explodes, the sky that resonated with his Qi sea will also explode."

Everyone was stunned!

"What will happen if the sky explodes?" Nangong Nuannuan had never met one before.

Feng shengxuan's face was grim. if the sky explodes, the entire world will explode as well.

3223 doomsday (3)

"The end of the world?" Nangong Nuannuan could only think of this.

Feng shengxuan shook his head, but Chi Yang replied, " "It's not the end of the world, it's just that the entire Emperor region might disappear in the explosion."

Everyone was speechless.

Nangong Nuannuan:

Hearing the conversation, beiming kun suddenly burst into laughter.

Chi Yang, Feng shengxuan, you only have two minutes. Either you let me go, or I'll let the entire Empire die with you!

nangong nuannuan understood what was being read, and her expression changed at the same time as chi yang and feng shengxuan's.

"what did he say?" Chi zeyao asked with a dark expression.

"He said that either we let him go, or he will make everyone in dizhou die with him in two minutes." Chi Yang said.

"Dad, is there any way to increase the horsepower and make him disappear in two minutes?"

“He can’t do it!” Beiming kun answered without hesitation.

Chi zeyao’s answer was the same as beiming kun’s. his face darkened as he shook his head and said, “this is the lightning that is formed by using solar energy to absorb the lightning from the sky.” This electric net is just to fix the power and time of the lightning here, so we can control it as we wish. However, the lightning in the sky only has this kind of power.”

Beiming Qie also laughed and said, “ “You’re right, cheap daddy! Although I will indeed be killed by the power of heaven and earth, the power of heaven and earth on this trash planet is too small. Even if I’m only a remnant soul now, it can’t kill me immediately. i’ll self-destruct in two minutes, but in less than 10 minutes, the celestialty will definitely not be able to kill me. Hahahahahaha!”

In the midst of beiming kun’s wild laughter, the dark clouds between the heavens and the earth began to surge. The sky that had been bright and sunny a moment ago was now covered with dark clouds.

Like an eclipse, the entire dizhou turned dark in half a minute.

“What’s with the weather outside?”

The president stood up from his chair and walked to the balcony. He looked at the dark clouds, his eyes full of worry.

Mr. President, should we start our aircraft? ”

The president saw that there was no reply from Nangong Nuannuan’s message. He frowned and shook his head. “No rush.”

The guard beside him could see that the clouds above his head were getting thicker and thicker. The rolling black clouds in the middle of the distance were surging towards them like a tsunami. In just another 10 seconds or so, the entire office area of the Internal Affairs Bureau was completely covered by the black clouds.

Even from far away, they could hear the unusual cries of animals.

The birds and pigeons in the sky were originally flying in a regular pattern, but when the dark clouds began to cover them, their formation suddenly became chaotic.

Everyone could even see the panic on the birds ‘faces. Some of them fell directly from the air and died, while some hit the telephone poles.

All the people in dizhou ran out of their houses and office areas. They stood on the street and looked at the sky with a serious expression. He looked at the sudden change in the weather that the bird would rather die than face.

Some timid children and women even started crying.

No one knew what had happened after someone said, “ the end of the world is here. many people couldn’t help but hold hands with the people around them.

everyone was looking at the sky, at the dark clouds above their heads.

Chapter 3224

3224 Dumbfounded (4)

The black cloud surged rapidly like an ancient beast that could swallow the entire city and the entire world.

Shi Yalin's expression changed drastically when the black cloud appeared.

"This is bad!"

She shouted and rushed out of the Shi family.

Seeing her like this, the Shi family also rushed out.

Looking at the dense black fog in the sky that churned like a Sea Dragon in a tsunami stirring the sea of clouds, Shi Heng instinctively felt danger. Coupled with Shi Yalin's frightened expression, he couldn't help but ask loudly, "Yaling, what's wrong? What happened?"

the shi family, who were waiting for the news at home, also looked at shi yalin with a serious expression.

Ever since Shi Yalin had been saved and turned back from a vegetable to a normal person, they had never seen such a look of fear on her face.

"Oh no! Godfather is going to self-destruct! The entire dizhou is going to explode!"

Shi Yalin panicked and mumbled to herself, "How could this be? How did this happen? how did they force godfather to make a choice to protect himself?"

Kun of the North Deep's strength was suppressed by the power of heaven and earth. From the moment they entered this planet, they had already discovered that they could not get out.

After staying on this planet for so many years, they had become more and more like ordinary people.

She knew very well that even if beiming Qin's physical body had died, such a phenomenon would not have occurred.

Such a strange phenomenon must have been produced by the primordial Spirit's sea of Qi echoing with the power of heaven and earth. It was either the birth of an expert who stood shoulder to shoulder with the heavens, or the fall of an expert who stood shoulder to shoulder with the heavens.

and in this world, only beiming kun had such strength. even if it was her or a cultivator from another planet, it was absolutely impossible for them to trigger such a heaven and earth phenomenon.

This was a stance that showed that he was going to be destroyed along with the world.

"I don't want to die! Why was it like this? I don't want to die, Yingluo!"

Shi Yalin was so scared that she mumbled to herself.

The Shi family also panicked when they saw her like this.

"The entire di province is going to explode? Why did it explode?"

” yaling, did your master lose? ”

“Why did he choose to explode? didn’t you say that feng shengxuan and chi yang were no match for him?”

“Shut up!”

Shi Yalin suddenly shouted, and the strong pressure from the soul made the Shi family take a few steps back. The old man lost his balance and fell to the ground.

The servants quickly went to help him up, but they could feel that elder Shi’s weight was all on them.

“Old man, how is it? Do you want to go in and rest?”

Old master Shi felt a sharp pain in his back, but he could not help but shake his head as he looked at the terrifying sky.

“What do we do? What should I do?”

Shi Yalin was so scared that her face turned pale. She looked at the clouds that were getting darker and darker and the energy fluctuations in the clouds were getting more and more terrifying. She could feel that the entire Emperor province was about to explode.

she didn’t want to die!

Her purpose of coming to this planet was to marry Feng shengxuan so that he could marry her. It would be best if she could get pregnant with his child before Feng shengxuan returned home. That way, she would have no worries for the rest of her life.

However, the strong laws of heaven and earth caused her spirit energy to dissipate rapidly the moment she entered this planet. Now, she had no spiritual power left. Even her physical body had been killed by Feng shengxuan, and all that was left was this shell.

Chapter 3225

3225 Let me go (1)

Her original spirit was almost useless, and if she wanted to grow it back, she could only rely on Feng shengxuan. If she were to die now, she would have no more chances.

However, such an explosion would not kill Chi Yang, Nangong Nuannuan, and Feng shengxuan with her.

She didn’t want to die alone!

Absolutely not!

However, with the current weather, she couldn’t directly teleport herself to beiming kun’s place. She could only watch as the explosion reached its limit.

“20 seconds!”

The look on beiming kun’s face grew gloomier and gloomier.

Even though he was 99.9% sure that Chi Yang and Feng shengxuan would let him go when he ran out of power, and would not let him die with all the people in the Emperor province, he was still confident that he would be able to survive.

However, there was also a 0.1 chance that they would not care about everyone's life. After all, they did not belong to this world. If they had already jumped out of this game, they wouldn't care about the lives here.

"10,9, please let me go!" Beiming Qin roared.

nangong nuannuan and chi zeyao each held a remote control in their hands. their thumbs were already on the open button, ready to release this person who might give them nightmares for decades in the last five seconds.

beiming qie was also anxious. if they still didn't let go of him after five seconds, then even if he withdrew his power, the remaining bit of spiritual power might not be able to control the force well, and his primordial spirit might explode.

"7?6....."

"We'll release!"

Nangong Nuannuan and Chi zeyao spoke almost at the same time.

Beiming Qie quickly retracted his expanding dantian.

Even if the expansion was stopped, the dantian would only be retracted after two seconds.

In other words, the Qi sea in his dantian was only three seconds away from exploding.

That was close!

not only did beiming tan let out a sigh of relief, he was also glad that he had managed to keep his life. nangong nuannuan and the others also let out a sigh of relief.

Although a demon was about to be released, at least the people of the dizhou were saved.

"Let me go!" Beiming Qie said to Chi Yang with a smile.

"I'll let you go if you restore the sky." Chi Yang replied.

"Are you joking? The scene in the sky is one with my sea of Qi dantian. I don't want to die, so if you let me go, I'll definitely leave, and the phenomenon in the sky will also disappear. But if I put it away in advance, I wouldn't be able to keep my dantian this full. Even if you don't let me go, I can't do anything to you. Do you think I would make such a deal? Chi Yang, let me go, or else I will die with the people here."

"Didn't we already let you go? what else do you want?" Nangong Nuannuan asked.

Beiming kun took a look at the invisible net made of the power of heaven and earth above his head. Feng Tan sneered.

"I've already experienced your celestial lightning for such a long time. do you think i can't sense that there's a net placed over my head?"

Nangong Nuannuan:

"Nangong Nuannuan, you weren't even born when I, Beiming Qin, was playing tricks on you! Quickly release me! If you regret it, I'll reconnect my dantian with the power of the heavens and the earth. Once the connection is reestablished, even I won't be able to control it. In three seconds, the entire di province would explode, and all the living beings and houses here would be destroyed. And don't forget, this is the center of the Kamino Kingdom. If this place explodes, the entire Kamino Kingdom will be in turmoil."

Chapter 3226

3226 Changed her mind (2)

After Beiming Kun had finished speaking, Nangong Nuannuan and Chi Yang did not speak.

"Hurry up, I'm not very patient." Beiming Qie urged.

"Darknorth Kun, I have a question to ask you."

"If you have any questions, you can ask after you let me go."

"I let you go and you ran away. Where are we going to ask?" Feng Shengxuan retorted.

Seeing that Beiming Kun didn't say anything, Chi Yang asked, "Why do you have to make me and Feng Shengxuan kill each other? We've analyzed it before. If the Chi family has wronged you and you have a grudge against them or the Nangong family, you can kill them after you kill my father. Then, you can destroy the Chi family when they're old and young and can't fight back.

If you only have a grudge against me, I was only 9 years old 17 years ago. If you want to kill me, it's too easy. At that time, my second uncle was already dead in your eyes, and Feng Shengxuan was only 11 years old when he was by your side. If you wanted to kill him, it would be as easy as moving a finger. why did you spend so much effort to make us kill each other?"

"Why? Of course, it's because you're the closest people to me in this world, so I want you to kill each other. This way, your family members will feel real pain. I'd like to see the pained expressions on your family's faces after you kill each other."

As Beiming Qie spoke, his eyes looked into the distance, the hatred in them unable to dissipate.

Although his words were hard to believe, his eyes made people believe him.

then, our families were right in front of us. If you killed any one of us in front of them, they would be very sad. Why didn't you kill me? why did you let Feng Shengxuan kill me with a knife? "

"Your question has changed my mind." Beiming Qie didn't reply, but suddenly said.

Nangong Nuannuan's heart skipped a beat as she listened.

In fact, she had already thought of this problem.

Although beiming Qie was very powerful, his brain wasn't very good. In fact, if she were in beiming Yin's position, she would definitely make use of brother chiyang and Feng shengxuan's sense of justice and mission to make them kill each other, then let the people of the Emperor province go. If they didn't kill each other, she would die together with the people of dizhou.

It was obvious that darknorth kun had not thought of this.

That was why Nangong Nuannuan had wanted to let beiming kun go as soon as possible.

However, brother chiyang stopped her with his eyes.

She believed that big brother chiyang must have his own reasons, but if Yingluo really made this request, then the whole situation would be irreversible, and it would directly lead to the worst outcome.

What Nangong Nuannuan had thought of, Chi zeyao and the others had also thought of it at the same time. After all, darknorth kun's reflex arc could already be considered one of the extremely long ones among experts. Now that even beiming kun had realized it, it was impossible for the others to not have thought of it.

However, they couldn't see beiming kun, nor could they hear his words. Therefore, they had no idea that the situation had changed. They could only guess what had happened from the changes in Chi Yang, Feng shengxuan, and Nangong Nuannuan's expressions.

However, it was clear that they had guessed correctly just by looking at their expressions.

"What did you change your mind about?" Chi Yang asked.

"Chi Yang, you're the chief commander of the Eagle Special Forces. You're carrying the burden of the lives of all the Kamino citizens on your shoulders."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3227

3227 Not doing it (3)

"Although I can't blow up the entire Kamino kingdom, I can blow up the entire Dizhou. Therefore, if you can exchange your life for the lives of all the people in Dizhou, you will die a worthy death!"

"You're dreaming!" Nangong Nuannuan immediately rejected the idea. Then, he felt terrible.

Although she also wanted to accumulate good deeds and work hard to be a good person, she still wanted to be a good person. However, all of this was definitely built on the foundation of the red sun.

She had said from the start that she was not that great. Her change was only because of Chi Yang. Even if she was asked to use the red sun to exchange for the lives of all the people in the Kamino Kingdom, she would not do it, let alone the lives of everyone in the Imperial province.

That's right, she was such a selfish, narrow-minded woman who didn't see the big picture.

To her, everyone was alive, but if he died, the world would no longer have light.

On the contrary, even if everyone in the world died, as long as he was alive, she would feel that there was hope.

however, she knew very well that her man's thoughts and awareness were much higher than his. He was someone who would rather get injured to protect a stranger who had nothing to do with him. On his shoulders was his original heart when he first entered the combat service department. It was his dream, and it was also his responsibility and mission as a prostitute.

after nangong nuannuan's objection, the entire place fell silent.

Beiming Qie looked at Chi Yang and Nangong Nuannuan happily. He was touched by his sudden increase in intelligence.

"Chi Yang, have you made your decision? I'll count to ten, and if you can't decide, I'll help you. Let everyone in the dishou go to hell with me! Hahahahaha!"

After laughing, beiming kun began to count down, " "Ten, nine, eight, seven Luan Luan"

"How long can you give me?" Chi Yang asked.

"I said, I'll give you ten seconds, no more!"

"That's impossible!" Chi Yang immediately objected, " you have to at least give me a chance to say goodbye to my wife.

"I won't! I don't want to hear it!" Nangong Nuannuan responded angrily, then turned to Feng shengxuan and said, " "If you kill him, I will never forgive you!"

Feng shengxuan didn't respond to Nangong Nuannuan.

he was not willing to do such a thing.

After all, in terms of moral values, he was more similar to Nangong Nuannuan. After all, he was the one who had raised Nangong Nuannuan.

Looking at Nangong Nuannuan's tears, Feng shengxuan held back the pressure and said, " "Don't worry, I won't kill him. At most, we'll die together. There's no reason for us to use our lives to save everyone. if we all die, we won't be able to see the others live."

After hearing Feng shengxuan's words, Nangong Nuannuan finally heaved a sigh of relief.

This was the last thing beiming Qie liked to hear. And based on his understanding of Feng shengxuan, he felt that Feng shengxuan was completely capable of doing that.

"Give me some time, I'll convince him. However, it's impossible to do it in less than five minutes."

"Then I'll give you five minutes, no more. If you still can't convince him in five minutes, then it'll be just as Feng shengxuan said, you'll all die together."

after fighting for five minutes, chi yang looked at nangong nuannuan with an apologetic look in his eyes.
" nuan nuan xuanji. "

Nangong Nuannuan glared at him angrily. "I don't agree."

“Let’s go to the side and talk.”

“I, won’t, go!” Nangong Nuannuan enunciated each word clearly.

3228 The final battle (4)

Chi Yang cleared his throat, thinking about how he should get his wife to go to the side with him.

The way his wife was looking at him now, he was afraid.

“Warm, warm, warm.”

Before he could say anything, Nangong Nuan continued, ” “Chi Yang, if you try to persuade me, I will hate you!”

Looking at his wife who was crying non-stop, Chi Yang felt as if his heart was being corroded by acid. He was in so much pain that he quickly went up to hug his wife. He gently pinched the flesh on Nuan Nuan’s waist in a place where beiming kun couldn’t see.

Nangong Nuannuan was stunned.

“I’m not going to persuade you, Nuannuan. I’ll f * ck you!”

“If you don’t persuade her, I’ll self-destruct now!” Beiming Qin was afraid that Chi Yang wouldn’t try to persuade him anymore, so he quickly threatened him.

“You shut up!” Chi Yang, Feng shengxuan, and Nangong Nuannuan shouted at beiming tan in unison.

Beiming kun:

He was a villain after all, and a very difficult villain. Even though he couldn’t be compared to Chi Yang’s arrogant father, he was still a very powerful villain.

Why did he feel that he was unnecessary at this moment?

“nuan nuan, can we go over there and have a chat? I promise I won’t try to persuade you, and I also promise that if you don’t agree after five minutes, we’ll just die together, okay?”

Nangong Nuannuan thought about it for a moment before she nodded.

After that, Chi Yang left with Nangong Nuannuan.

Where they were going to talk and what they were going to talk about, beiming kun didn’t know.

However, he said to Chi Yang and Nangong Nuannuan’s back, ” “You only have five minutes. After five minutes, I’ll self-destruct.”

After Chi Yang and Nangong Nuan Nuan left, Feng shengxuan walked up to beiming tan and asked, ” “Chi Yang and I are cousins. Why do you always want me to kill Chi Yang, and not Chi Yang to kill me?”

Chi Yang and Nangong Nuannuan had already left, and Beiming Qin was planning to wait quietly for the five minutes to pass. But Feng Shengxuan's words forced him to face it.

Although he didn't intend to tell the truth, he still had to lie. And so, Darknorth Kun's mind began to work quickly.

Feng Shengxuan asked Beiming Kun a lot of questions, such as why he wanted to take his father away when he was one month old. Why did she put in so much effort to raise him up and make him so outstanding? Why didn't his father kill him after he died? Why did he have to kill Chi Yang?

Beiming Kun's head was filled with Feng Shengxuan's one hundred thousand whys.

But he could still calculate the time.

"Five minutes is up! Where are Chi Yang and Nangong Nuannuan?"

Feng Shengxuan looked around but didn't see the two of them.

"You're playing me, aren't you? Do you believe that I will self-destruct immediately?"

"Don't worry, they probably didn't pay attention to the time. I'll give them a call."

"You hit him, immediately!"

Feng Shengxuan took out his phone and gave Chi Yang a call. Beiming Tan was afraid that they were playing tricks on him, so he immediately said, "I want to listen to the loudspeaker."

Feng Shengxuan glanced at him and put the phone on speaker.

The phone rang four times before it was connected.

"Hello," he said. Chi Yang's voice was a little low, and Nangong Nuannuan's cries could be heard from the side.

Beiming Qie immediately felt at ease.

"How's your talk with Nuannuan?" Feng Shengxuan asked.

Beiming Qin furrowed his brows and shouted impatiently, "Let him out, I don't have time to waste with him! Don't even think about delaying it!"

Feng Shengxuan looked at Beiming Kun coldly, then said, "Beiming Kun asked you to come out. He said that the five minutes are up."

"Alright," he said.

Chi Yang answered and hung up the phone.

3229 Do you still remember Wen Wan (1)

This back and forth, a minute had already passed.

When Chi Yang came out with Nangong Nuannuan, whose eyes were swollen from crying and filled with hatred, Beiming Kun's mood immediately improved.

Now, not only did he not have to die, but he could also let Feng Shengxuan kill Chi Yang.

he felt that he was a genius!

finally, chi yang was going to die!

The matter that he had been fighting for hundreds of years was finally coming to an end.

"Chi Yang, how is it? You're a cop and the Commander-in-Chief of Flying Eagles. You should know how to use the smallest sacrifice in exchange for the best ending."

Chi Yang looked at Beiming Kun, his stoic face devoid of any emotion. He nodded, "i do know."

"Then, it's time for you to show off. Give the dagger in your hand to Feng Shengxuan, and let him stab it into your heart. All our grudges are written off."

"How do I know if you're telling the truth? What if I die and you still come out to do evil?"

Beiming Qin sneered, "you think too highly of yourself." chi yang, to be honest, i have no grudges with anyone here. I only have grudges with you and your father. That's why I'm determined to kill you. as the saying goes, a son pays his father's debt. your father isn't here anyway, so you don't have to ask me what debt i owe you that you have to die. You just need to die now and let Feng Shengxuan kill you. I only want results. As for the rest of the people, you can rest assured that I don't care about them. I should have known that all my schemes were for Feng Shengxuan to kill you! If I could have thought of such a simple plan earlier, I would have captured more people and let Feng Shengxuan kill you before he could even acknowledge his roots and ancestors."

Beiming Qie was filled with regret.

Because he didn't think of this earlier, he even caused so much trouble.

In the end, he realized that it was so easy to make Chi Yang die in peace.

It had caused him to be left with only a primordial spirit that had almost no spiritual power.

"I have one last question." Chi Yang said.

"You have too many questions. I will not answer them."

"if you don't answer, you can self-destruct. why should i satisfy an enemy who can't even answer my questions before i die?"

Beiming Kun:

"What do you want to ask?"

"Is Shi Yalin one of your people? Why do you like her? As long as you answer my question, I will know whether you will take revenge on my family and threaten me with the lives of the people in the DI province after you leave."

Beiming Qie had thought that he was going to ask something, but in the end, he had asked such an insignificant question.

Although Wen Wan had been adopted by her, he had only accepted her because she could be used. otherwise, he would have killed her when he found her.

Seeing that his revenge plan was about to succeed, it would be her honor to betray her.

“Do you still remember Wen Wan?” beiming kun asked Feng shengxuan.

feng shengxuan was silent for a moment before he replied, as if he was explaining to nangong nuannuan, “She is the venomous snake.”

Nangong Nuannuan was stunned for a moment before she squinted her eyes. He expressed his understanding.

“Shi Yalin and Wen Wan are both your people?” Feng shengxuan asked.

“Shi Yalin’s so gentle,” beiming tan chuckled.

After saying that, Chi Yang and the other two were surprised.

“As you can see, my body has been blown up by you, but I still have my soul. Wen Wan and I came from the same place, so even though her body was shot to death by you, her soul is still there. As long as you can find her a body, even if her strength can’t be restored to the past, and even without your so-called special abilities, she will still be much stronger than ordinary people and even ordinary top mercenaries with the power of her soul.”

“So what does she want to do in the Shi family?” Chi Yang asked.

“Of course, she used the medical Association to create medicine for me. In the past, she had created bugmen, but because of Nangong Nuannuan’s ability to see through things, the bugmen could not be used anymore. however, ever since she obtained chi yang’s blood and made it into an antidote, her research on the drug was successful.”

“Drug men are people with special abilities?” “What’s the difference between him and the Bugman?” Chi Yang asked.

“Chi Yang, are you interrogating me?”

Chi Yang sneered, “since you hate me so much, then I think my life can be exchanged for some information from you. Only when my people are truly safe can I die in peace, right?”

If beiming kun still had his body, he would have been so angry that he couldn’t even breathe.

Why are there so many questions?

She’s too naggy!

in order to make chi yang die quickly, beiming kun could only say,"A drug man is a mutant. This was because their bodies contained things from another cultivation world. In addition, your blood is very pure, so it can easily fit with these things, so the medical Association has made many of these medicinal people. Drug men and insect men were different. Bugmen are made from the Gu that we raise. The Gu can control the human body. When the Gu worm is powerful, the human's strength will also increase. Bugmen were easier to control. However, when it comes to people like Nangong Nuannuan, there's nothing we can do. We can only find another way."

"Who are the medicine men? Do you have a name list?"

"Chi Yang, don't go too far! You talk too much! In your language, it's time for you to get your lunch box! I won't answer any of your questions. I'll count to ten, and if you don't die, I'll self-destruct."

Nangong Nuannuan, who was originally in grief, looked at Chi Yang. Chi Yang sneered and said, "then you can self-destruct."

beiming kun:

Thinking that he had heard it wrong, kun of the North deep looked at Chi Yang and his eyes narrowed dangerously,"Chi Yang, what did you just say?"

chi yang continued what he had just said, and said with a good temper,"I said, then you can self-destruct."

Beiming Qie looked at Chi Yang in shock, his face filled with disbelief as he angrily shouted,"Chi Yang, I didn't expect you to be so despicable! As the Commander-in-Chief of the Eagle Clan, you don't care about the lives of millions of people! For the sake of your own life, you actually disregarded the safety of others! How can a person like you say that you're serving the people? What right do you have to shoulder the responsibility of protecting the people?"

Beiming Qie's face was filled with anger, as if he was a man of great righteousness.

"Hehehe, darknorth kun, are you mistaken about your own role? You're a rebel, yet you're here to blame my big brother chiyang for being forced, and you're even questioning how he serves the people? Are you trying to be funny?" Nangong Nuannuan could not take it anymore.

When Feng Ji Mian heard Nangong Nuannuan's retelling, she also burst out laughing.
