#### Chapter 3231

3231 Low IQ (3)

“Nuannuan, don’t take it to heart. He’s just an unreasonable person. Otherwise, why do you think we don’t like him even though he clearly went through so much to raise your second uncle and big brother? He didn’t even give him a good look? At that time, we didn’t know we were from the Chi family. Isn’t it because this damn old man is a psychopath? there’s a hole in his brain, and he always has that stupid look that says, “I’m invincible in the world, but I won’t fight with you.””

Beiming kun:

“I’m telling you, why do you think the ko team is so strong? It’s all because of your second uncle’s hard work. He felt that if he wanted to take revenge, he should at least make himself rich. That’s why he invented all kinds of patents and sold them. Then, he designed and researched all kinds of weapons. That’s how the KE group slowly grew.

If we rely on this old man, let alone a KE, we’ll probably starve to death! This damn old man has enjoyed so much of your second uncle’s fortune, yet he still acts as if everything you have today is because I gave you. Who would like it? Let’s not talk about anything else, just this damn old man. He has lived in this world for decades and designed three generations of our family, but in the end, even his Manor was bought by your second uncle. I just have to play a little trick and he can only be a relocated household without any compensation.

Only idiots like the Shi family would treat someone who doesn’t have a house to live in as a guest of honor.”

“Pfft, pfft, hahahaha!” nangong nuannuan really felt that her second aunt had a sharp tongue. It was especially poisonous.

Just by looking at beiming kun’s angry look, if he wasn’t a spirit body now, he would probably be so angry that he would vomit blood.

Nangong Nuannuan said to beiming kun, “you should thank us for blowing up your body. At least, we told everyone that you were still killed by our combined forces.” no loss. At least, you’ll be a high and mighty villain in the eyes of others. if you didn’t die from the explosion, you’d definitely be angered to death by us. it’d be embarrassing if this got out.”

Chi zeyao and Chi Yang looked at each other, and they could clearly see the pampering and pampering in each other’s eyes.

Both of their wives were the kind of people who were astonishingly powerful and had a vicious mouth. However, their wives were the people who treated them the best. He was also the person they loved the most.

Although Chi zeyao couldn’t see it, based on his understanding of kun of the North deep, he could imagine how angry he must be.

Chi Yang could see it, and he admired the way his second aunt and Nuannuan could anger Beiming Kun's soul to the point that it trembled and swayed with just their words.

"Chi Yang, I will only give you one last minute. Do you want to die to save everyone, or do you want these people to follow you and die with you? You have to know that I've already given you the best choice. Either you die, and no one else, including your family and everyone in the Di Zhou, will die. Or, the entire Di Zhou, including your family, will die with you!"

"You're that kind?" Chi Yang asked.

"I've told you, your family and these people in Di Zhou have nothing to do with me. I don't have to force them to die. I just want you to die. Chi Yang, are you really willing to see so many people die with you instead of sacrificing yourself for the sake of your family and the people of the Di province?"

Chi Yang sneered, "Beiming Kun, you're really the least intelligent villain I've ever seen."

"What do you mean?" Beiming Qie's face changed.

3232 We won (4)

"What I mean is that you can always turn a good hand into the worst hand."

Seeing that Kun of the North still didn't understand what he meant, Chi Yang said, if Feng Shengxuan hadn't returned to his family, I would have died by his hands even if you had captured dozens of people and asked him to kill me, not to mention threatening all the people in the Emperor state.

Just now, if you had wanted me to make a choice when victory was in your hands, I wouldn't have had a choice. But you just so happen to enjoy watching me and my true love die. What a pity, Feng Kun, you've missed the best time again."

Second Uncle," Chi Yang turned to Chi Zeyao and said, "continue using your power of the heavens and earth to destroy his soul.

Although Chi Zeyao didn't know what was going on, he trusted Chi Yang. As he nodded, he pressed the button in his hand, and Kun of the North deep began to scream in pain again.

It was not until the button was pressed that Chi Zeyao responded, " "Alright," he said.

Nangong Nuannuan saw the look of surprise on Beiming Kun's face and couldn't help but continue to say venomously, " "Beiming Kun, learn well from my second uncle. You're someone who watched my second uncle grow up. He's so outstanding, why can't you learn from him? My second uncle is a typical ruthless man who doesn't talk much. He would always do things first and talk later. Unlike you, you're the villain. You haven't even done anything, your enemies haven't been destroyed, and you've already completely betrayed your allies. I really feel sorry for Shi Yalin.

Although I knew that Shi Yalin was Wen Wan from the start and I even tampered with her research team, I also knew that before victory was in my hands, even if I looked down on Shi Yalin, she was still an enemy of mine.

Beiming Qie, your failure is neither regretful nor unjust. Your brain isn't even working properly, yet you're talkative and like to lecture people. You must know that the best way to teach an enemy a lesson is to kill him directly. There's nothing better to educate and convince people than to kill him."

Nangong Nuannuan was in her lecturing mode.

Although beiming kun was screaming, he could still hear Nangong Nuannuan's words.

Feeling the pain coming from the depths of his soul and the weakening of his soul power, beiming kun shouted, "Chi Yang, don't think that I don't dare to self-destruct. If you don't let Feng shengxuan kill you, I'll self-destruct immediately. I swear I'll drag you to hell with me!"

"Ten, nine Suan ni!" Beiming kun began to count again.

"Three, two, one, zero." Nangong Nuannuan didn't like to hear the countdown and immediately helped beiming kun count the rest.

"Go ahead and explode! Go ahead and explode! I told you, you can expose whatever you want!"

"nangong nuannuan! You selfish woman, what did you say to Chi Yang just now?" Beiming Qie still didn't give up. He didn't want to die while Chi Yang and Feng shengxuan were still alive.

He was unwilling to accept this!

"She didn't say anything to me. I told her that as long as she could hold on for ten minutes, we would win. It had been exactly 10 minutes since he had last seen beiming kun. we've won."

Beiming Qie was startled. He suspiciously glanced at the sky, which was still covered with dark clouds, but he didn't feel anything wrong.

After that, he quickly used his sea of Qi dantian to feel it again. His face changed color.

"How could this be? How did this happen?"

#### **3233 Daughter-in-law meeting in-laws (5)**

Beiming Qie's face was filled with disbelief, and he kept trying to use the Qi sea in his dantian to connect with the Qi sea in the sky.

However, he realized that other than the black clouds that he could no longer control, his dantian could no longer form a connection with the sea of Qi outside the black clouds.

"darknorth kun, my father has arrived. And if I'm not mistaken, the one beside my father should be my mother. Since you hate me so much, why don't you tell us in front of all of us how my father, Hiroshi chizawa, has offended you?"

Everyone was shocked by Chi Yang's words. They all looked around them, but they didn't see anything.

At this moment, two figures suddenly appeared in the Black Sea of clouds.

They were like the immortals in the mythological dramas who flew down from the dark clouds.

Everyone present was stunned.

Nangong Nuannuan had already seen her in-laws through the dark clouds after brother chiyang's explanation, but when she saw her in-laws flying down from the sky like Immortals, and with looks that were comparable to Immortals, Nangong Nuannuan still felt a little nervous.

"big brother?" Chi zeyao's eyes were wide open, his face full of surprise, shock, and joy.

For someone who had not cried in a long time, the moment he saw Hiroshi chizawa, his eyes turned red and a tear fell.

Feng jimian had also met Hiroshi chizawa before, but every time they met, she had wanted to kill him. Now that she suddenly saw Hiroshi chizawa, Feng Ji Mian felt warm and fuzzy, like an ugly wife meeting her in-laws.

Hiroshi chizawa flew down from the black clouds with Lin Siqian. When he saw his family, he was not as calm as he appeared to be.

Lin Siqian could even feel her husband's hands shaking.

Their hands that were already intertwined were now held tightly by her, giving him strength.

"They're all fine."

As she spoke, Lin Siqian's eyes were fixed on Chi Yang.

Her son!

Although Chi Yang had seen his parents a long time ago, he was still very excited to see his father, who had been dead for 17 years, suddenly appear. He also saw his mother, Lin Siqian, who looked very similar to him.

"chi yang!"

Lin Siqian was still comforting her husband a second ago, but in the next second, her tears kept falling. As soon as she landed on the ground, she ran straight to her son.

Chi Yang stared at his mother, his heart trembling. His lips moved, but he didn't say the word "mother."

He just looked at his mother with an indescribable emotion in his eyes.

After Chi zeyao called him "big brother", Chi Zeyu's face was initially filled with excitement and joy. But just as he was about to agree to Chi zeyao's request, he saw his wife crying. His son, that blockhead, did not even greet his mother after seeing her.

Hiroshi chizawa's expression changed. He quickly walked up to Chi Yang, frowned, and said, "Are you dumb? Or Do you not know how to be a person? Since you already know to introduce us as your parents to your enemies, why don't you call out to your mother when you see her?"

Nangong Nuannuan subconsciously wanted to defend her husband. Her mouth was already open, but she suddenly remembered that this was her real father-in-law, so she closed her mouth again.

### Chapter 3234

3234 little yang yang (1)

nangong nuannuan, who was usually unafraid of anything, had instantly become a complete daughter-in-law in front of her in-laws. She only dared to lower her head and hold her brother chiyang's hand, advancing and retreating with him.

it wasn't that chi yang didn't call him.

It was just that Zhou ruxue's death-seeking actions had caused him to lose his respect for his mother.

So now that he suddenly saw his mother, Chi Yang didn't know how to react.

After being told off by his father, Chi Yang hurriedly shouted, "Xuxu's mother! Dad!"

Although it was just a simple "mom, dad," it was the voice that Lin Siqian had been looking forward to for 26 years.

Lin Siqian had been crying silently, but when she heard "mom," she burst into tears.

Chi Yang:

Nangong Nuannuan:

"Can I hug you and cry? Wuwuwuwu!"

Just as Hiroshi chizawa was starting to get a headache and was thinking about how to comfort her, Lin Siqian suddenly spoke to him pitifully.

"huh?"

Chi Yang was stunned as he looked at his mother, who was as cute as a little girl.

She was too different from Zhou ruxue, and she looked like she had been frozen in age. She looked like a girl in her 20s.

So when he was asked this question, Chi Yang didn't know what to do. In the end, he actually looked at his wife a little awkwardly.

Lin Siqian's mind was very active. As soon as she heard this, she quickly cried and looked at her wife.

"Yingluo, are you my son's girlfriend? Can I borrow your boyfriend's shoulder to lean on?"

Nangong Nuannuan felt as if her brain had exploded with a boom.

Her mouth couldn't help but Twitch. Then, she nodded her head mechanically, raised her hand, and pointed at Chi Yang's shoulder, "then, yingluo, yingluo, you can do whatever you want!"

Lin Siqian still looked aggrieved as she thanked him. "Thank you! You're really a good and understanding girl."

After complimenting her son, Lin Siqian threw herself into Chi Yang's arms and gave him a big, fragrant bear hug.

Then, she burst into tears.

Chi Yang:

Nangong Nuannuan:

Hiroshi chizawa:

Everyone was speechless.

beiming kun was stunned.

"Wuwuwu, my little yang yang, mommy misses you so much! You're the person I love the most in my life, you're my life! Mom gave birth to you but didn't raise you. Do you blame mom?"

"I'm Yingying!"

"Mother was taken away by them after she gave birth to you. I wanted to take you with me, but I was afraid that your father would have nothing left to think about and would break down on his own, so I left you with him. Little yang yang, I'm sorry, I didn't mean to abandon you! Mommy loves you! In the past 26 years, 10 months and 3 days, mom has been thinking about you every day. Every day, I'll fold a thousand paper cranes for you to pray for your safety and happiness.

Mom wants to see you every day, but I can't come. You don't even know that your father is still alive. Fortunately, something happened to you this time, so we were able to teleport here directly according to the signal ring we left here.

If your life was in danger, we wouldn't have come over! But that's great, you're fine! You're all fine! It's good that you're fine! Wuwuwuwu, little yang yang, mommy misses you so much, did you miss mommy?"

3235 Biological mother (2)

In Nangong Nuannuan's heart, her mother-in-law, Lin Siqian, whom she had never met before, was definitely the kind of person who was beautiful on the outside but intelligent on the inside, reasonable, noble, and gentle.

However, now that she had seen the real Lin Siqian, her mother-in-law, she immediately understood why the powerful Lin Siqian had been so easily fooled by a woman like Zhou ruxue.

This mother-in-law of hers was clearly a single-cell brain girl. Yingluo, yes, a woman!

However, compared to the shameless Zhou ruxue, Nangong Nuannuan felt that her current mother-in-law was simply too adorable.

"qian qian, it's done."

“F \* ck!”

Hiroshi Akazawa originally wanted to pull his wife out of his son’s arms. The main thing was that she had already started crying before she could even say anything, even though she was such an important character. The enemy was still alive. Hiroshi Chizawa felt a little awkward.

Moreover, Chi Yang had a girl by his side.

However, as soon as he pulled Lin Siqian, she pushed him away. And she had been hugging Chi Yang all this time.

Most importantly, she was hugging him with both her arms, causing Chi Yang’s entire body to be so stiff that he didn’t even dare to move his hands.

However, the strange thing was that apart from Nuan Nuan, he was allergic to the touch of all women, including his aunt Zhou Ruxue.

However, his mother was still his mother. Although Chi Yang’s body was stiff and he didn’t dare to move, he realized that Lin Siqian’s approach and hug didn’t make him feel nauseated or itchy. He didn’t even feel like he was going to break out in a rash.

“You’re Nuan Nuan?”

Seeing that his wife was still holding his son, Hiroshi Chizawa had no intention of letting go. Furthermore, with his wife’s personality, with this hug, Beiming Qin would probably disappear into thin air, and she wouldn’t even give him a glance.

Hence, Hiroshi Chizawa could only take a roundabout way to save the country. He looked at Nangong Nuannuan and asked her a question.

Nangong Nuannuan was taken aback by her father-in-law’s question. She asked, “how do you know my name?”

Hiroshi Chizawa smiled slightly, a rare gentleness flashed across his handsome face.

“I heard your conversation from above. Your surname is Nangong? I only know that Nangong Yu was kidnapped and lost contact with the Nangong family. If you’re Nangong Nuannuan, then what’s your relationship with Nangong Yu?”

“She’s my mother,” Nangong Nuannuan replied with a smile. “I’ll follow the Nangong family’s surname.”

Hiroshi Chizawa nodded in understanding. I see.

Seeing that his wife was still sticking to his son like a piece of sticky candy, Hiroshi Chizawa continued to ask, “Your root bone doesn’t look that big. Are you and Chi Yang a couple, or are you already engaged?”

Nangong Nuannuan was a little embarrassed to be asked this question by her father-in-law. She was about to speak when Chi Zeyao, who had been ignored for a long time, spoke.

“Big brother, Chi Yang and Nuannuan are already married. Nuan Nuan is now the granddaughter-in-law of our Chi family.”

“oh?”

Hiroshi chizawa’s eyes lit up when he heard the words “ granddaughter-in-law “. He had only wanted to separate his son from his wife.

“What? You’re already married to our little yang yang?”

Lin Siqian, who had been crying in Chi Yang’s arms, suddenly got up. Her big, watery eyes scanned Nangong Nuannuan from head to toe like a Searchlight.

Nangong Nuan Nuan’s face turned red from Lin Siqian’s stare. She also stared at her mother-in-law with her big, watery eyes. She didn’t know if her mother-in-law didn’t like her.

After all, Zhou ruxue didn’t like her in the past and wanted her to break up with brother chiyang.

#### **Chapter 3236**

3236 Don’t worry, granny (3)

However, Zhou ruxue had betrayed Chi Yang’s father, so the Chi family didn’t acknowledge her. That was why she had the confidence to treat Zhou ruxue like that.

But this was brother chiyang’s mother!

If her own mother-in-law didn’t like her, what should she do?

Just as Nangong Nuannuan was thinking about what to do, Chi Yang was about to pull his wife into his arms and use his actions to show his decision.

Whether it was his biological mother or a fake one, he had lived all these years by himself. Perhaps the woman in front of him was his father’s favorite, but if she couldn’t even respect his wife as a mother, then he might have to adjust his attitude towards his parents.

however, the next moment, lin siqian gave nangong nuannuan a bear hug.

“That’s great! That’s great! Nuannuan, thank you! Mom thanks you for marrying our little yang yang.”

The corners of Nangong Nuannuan’s mouth twitched as she listened to her mother-in-law calling her little sunny.

After all, under normal circumstances, little Yangyang was a form of address for her brother chiyang.

However, her mother-in-law kept calling her little yang yang, which made her want to laugh.

“After mom gave birth to little yang yang, she didn’t even take care of him for a day before he was taken back. 17 years ago, in that explosion, I was also teleported here and saved your father because his life was in danger. However, he was seriously injured at the time, and the medicine here couldn’t save his life at all. It was an emergency, so I could only leave little yang yang and bring his father back to our side.

But after that incident, I’ve been feeling very sad. In the past, little yang yang still had his father to accompany him, but after I took his father away, he’s all alone there. It’s a pity that our little yang yang didn’t have a mother since he was young, and he didn’t even have a father when he was nine. His life

must have been very lonely. His father's personality is very stubborn. I even suspect that if his father didn't meet me back then, he would definitely be single for the rest of his life.

I heard from his father that little yang Yang's character is very similar to his. I know that this is a problem that was brought up from the mother's womb. Although I am worried, there is nothing I can do. Every day, we've been worried that little yang yang won't be able to find a wife.

Now that you've told me that you're married, my heart is completely at ease. even though i've never lived with our little yang yang before, you have to believe that mother and son are connected by heart. i understand him. he must love you very much for him to marry you."

Lin Siqian fired off a series of questions.

In the face of such a mother, Chi Yang simply couldn't get a word in.

Hiroshi chizawa, who was standing at the side, couldn't interrupt either.

after all, hiroshi chizawa's personality was very similar to chi yang's.

However, even Chi zeyao and Feng jimian did not know what to say to the talkative Lin Siqian, let alone Hiroshi and Chi Yang.

"Don't worry, big brother chiyang is very good to me, and I love big brother chiyang very much. there are many people in our nangong family, and i have six older brothers. the chi family is also very prosperous now, and big brother chi yang is very happy to live with us."

Nangong Nuannuan said to Lin Siqian.

Even though she didn't have a mother, she could tell from Lin Siqian's words that Lin Siqian was worried and loved Chi Yang.

After getting Nuan Nuan's promise, Lin Siqian nodded vigorously.

"That's good! That's good! Thank you, Nuan Nuan!"

"Chi Yang, let me go! Let me go!"

#### **Chapter 3237**

3237 Chi Yang's ring (4)

Feeling that his power of the original spirit was getting weaker and weaker, and the Qi sea in his dantian was completely unable to connect with the power of heaven and earth in the sea of clouds, beiming kun screamed and begged for mercy.

He was very regretful.

He was extremely regretful.

just as nangong nuannuan had said, he should not have given his opponent so many chances when he was in power. He should have just killed them, completed his mission, and then left.

This time, it was great. Hiroshi Chize and Lin Siqian had arrived.

Lin Siqian was the Apple of the Lin family's eye and there were many treasures in that world. The reason why Chi Yang was stalling for time was probably to let Hao Chi ze and Lin Siqian use their magic tools to take away the Qi of heaven and earth.

Although he didn't understand why the power of heaven and earth had been reduced to such a superficial state in such a short time, he knew that it definitely had something to do with the appearance of Hiroshi chizawa and Lin Siqian.

Beiming Qie tried his best to use the power of heaven and earth, but no matter what he did, he couldn't find a way.

There was not much celestuality left. Even if he self-destructed, the effect it produced would only be a little lightning strike to the people here. There was no explosion at all.

But then, beiming Qie realized that he, the villain, had become an extra at this moment.

Because no one cared about his pleas.

"Chi Yang, let me go. Otherwise, I'll make you regret it! I will send all of you to hell!"

Beiming kun's words were like a fart, drifting away with the wind.

On this side, not a single person actually paid him any attention.

"Then you should call me mom!" lin siqian looked at nangong nuannuan. the more she looked at her daughter-in-law, the more satisfied she was with her.

"Xuxu's mother." Even though it was a little awkward to say, Nangong Nuannuan felt that calling her 'mom' was quite a warm and fuzzy feeling.

So after calling out "mom", she looked at Hiroshi chizawa and called out, "dad!"

"Al! Good daughter-in-law! Mom and dad were teleported here, and they didn't know what happened here, so they didn't bring any gifts."

Nangong Nuannuan quickly waved her hands. it's okay, mom. I don't lack gifts.

"How can we do that? no matter how rich you are or whether you lack money, as in-laws, this is the first time we've met. i can't treat my daughter-in-law like this."

With that, Lin Siqian took off the ring on her finger and put it on Nangong Nuannuan's finger without a second word.

When Hiroshi chizawa saw the ring, his pupils shrank slightly. However, he didn't say anything and indulged his wife in everything.

Nangong Nuannuan looked at the ring on her finger and realized that the ring had tightened on her finger. He was a little curious.

Even though she had seen countless treasures, this was the first time she had seen a ring that could be extended and retracted at will.

"The patterns on this ring are so ancient. What was it made of? Why can it be retracted?"

Lin Siqian was extremely satisfied with her daughter-in-law. "We have this kind of material everywhere in our world, and it's not something expensive. In the future, if you have the chance to come over to our side, I'll give you a dozen!"

Hearing this, Hiroshi Chizawa's mouth twitched.

Chi Yang had seen his parents' attitude and instantly understood that this ring might not be an ordinary item, so he said, "Since it's a gift from mom, you should accept it."

It just so happened that Nangong Nuannuan also liked the ring, so she thanked Lin Siqian.

3238 An amazing daughter-in-law (5)

"Yao, is dad here?" he asked.

After all, it had been 17 years since he last saw his father, and he missed him very much.

No. Chi Zeyao shook his head. Today is our battle with our enemy. He's currently in charge of Eagle.

Hiroshi Chizawa was a little disappointed as he nodded and asked, "Is dad alright?"

"Father is fine," Chi Zeyao nodded. Previously, he had some old illnesses, but Nuannuan is a miracle doctor. She has already cured all of dad's illnesses."

Hiroshi Chizawa's eyes lit up. He looked at Nangong Nuannuan and sincerely thanked her, "Nuannuan, thank you!"

Nangong Nuan's face reddened and she quickly said, "I'm already big brother Chiyang's wife, and grandfather is very good to me. We're a family, you don't have to thank me, dad."

Hiroshi Chizawa was very satisfied with his daughter-in-law. She was pretty and a godly doctor, and it seemed like her son liked her very much. The knot and worry that had been rooted in his and his wife's hearts for years had finally been untied.

Hiroshi Chizawa once again looked at Akira Chizawa and asked with concern, "You must have been seriously injured in the explosion back then. How are you now? Your sister-in-law has some medicine for internal injuries. Take it. Although it can't completely cure your internal injuries, it can at least extend your life by 10 years."

After saying that, Hiroshi Chizawa took out a porcelain bottle from his pocket. It was just like the bottles of pills in the historical dramas.

"This medicine will lose its potency if it's placed in a plastic box, so it's usually placed in a porcelain bottle. Because of its strong medicinal properties, it's only taken once every half a month."

Chi Zeyao did not decline and directly took it.

"Many thanks. However, Yingluo, my injuries have been completely healed by Nuannuan. She changed four of my internal organs at the same time, and I'm completely recovered now. So I don't need this medicine for the time being. However, I'm sure you'll be giving me something good, so I'll take it."

Hiroshi Chizawa looked at Nangong Nuannuan in shock, his eyes full of admiration.

After all, he knew how serious Chi Zeyao's injuries were, but his daughter-in-law had actually cured him?

"My daughter-in-law has actually cured you? Your brother said that your injuries would be very serious, and even my medicine might not be able to completely cure you." Lin Siqian said with her eyes wide open.

Feng Jimian smiled, "sister-in-law, your daughter-in-law is a real treasure." She was indeed the one who cured Zeyao's injuries. Furthermore, it was a complete recovery! So, eldest brother and eldest sister-in-law need not worry."

Feng Ji Mian had a generous appearance, and she looked like a particularly forthright type. Lin Siqian had a carefree personality. Since the two men didn't introduce them to each other, Lin Siqian started to chat with Feng Jimian as if they were close.

"That's right! Little Yang Yang is my and Ze Hao's genes, how could his eyesight be bad? Although I've never seen Nuannuan treat people, I know that she must be very powerful. By the way, I'm Lin Siqian. You must be Ji Mian, right?"

"Sister-in-law, you know me?" Feng Ji Mian asked happily.

"Of course! Ze Hao only had one younger brother, Ze Yao. Although they broke up not long after they met, he told me a lot about Zeyao in the past 17 years. I also know that I have a nephew Yingluo."

Then, Lin Siqian looked at Feng Shengxuan and greeted him with a smile. "Xiao Xuan, you knew that your uncle and I were here?"

3239 A ring was lost (1)

Although Lin Siqian was asking a question, her tone was certain.

"Just now, when Chi Yang called Nuannuan to leave, I saw that you were very cooperative and were talking to Beiming Kun. Fortunately, you diverted his attention. Otherwise, if he had found out, he would not have asked Chi Yang and Nuannuan to stall for time."

Feng Shengxuan smiled and greeted, "Hello, first aunt."

"Hello, hello!" Lin Siqian then took out a ring and put it on Feng Shengxuan's finger.

Looking at the ring on his finger, Feng Shengxuan raised an eyebrow.

"I didn't bring anything out, so you can just wear this Yingluo! When you're free, get a drop of your blood on the ring. You'll be surprised!"

"Many thanks, eldest aunt!" Feng shengxuan expressed his thanks.

"You child, what are you thanking me for! I'm your closest aunt."

then, he walked to chi zeyao's side and said, "Come, come, zeyao, this is a gift for you, don't dislike it! It's used in the same way as little Xuan's."

After stuffing the ring into Chi zeyao's hand, Lin Siqian gave another ring to Feng jimian.

After that, Selina, Aiden, and the others were there as well. Nangong Nuannuan introduced Lin Siqian to her friends, and then she realized that her mother-in-law looked like a street vendor. Her bag seemed to be full of rings.

her friends selena, aiden, and danqi, brother chiyang's friends xiao shenbin and ning wenhao, and feng shengxuan's men, stephen and wayne, all had a ring.

Everyone had seen good things before. What kind of rare material had they not seen before? The ring was nothing special to them.

However, it was precisely because they had seen everything before that everyone was very curious when Chi Yang's mother suddenly gave them a ring.

He decided to go back and see if the ring would change shape if he dripped his blood on it.

Chi zeyao took the ring and studied it for a moment, but he could not figure out what it was. He raised his eyebrows slightly.

after all, there weren't many materials in this world that he didn't know about.

"you guys let me go! Look at me! Chiyang Pixiu, if you let me go, I promise that I will never harm you again!"

Beiming Qie was so scared that he couldn't take it.

this was because his soul body was becoming more and more transparent in the seemingly endless power of the heavens and the earth.

He knew that if this continued, he would completely disappear in less than ten minutes.

At this moment, he could no longer remember what his great ambition of killing Chi Yang was.

As long as he could live and keep his original spirit, he didn't care about anything else.

as expected, a crown prince like chi yang was not someone he could shake. It was as if the heavens were subconsciously on his side.

He was a person who was so much stronger than him, but in the end, he had ended up like smoke and dust.

Even if he had been seriously injured and defeated by his father, he still had a life!

at this moment, when the gifts were almost all delivered, chi yang finally asked, "Dad, mom said that you were sent here because I was in danger?"

yes. Hiroshi chizawa nodded. do you still remember the two rings I gave you before? I asked you to wear them around your neck.

Chi Yang nodded and hesitated for a moment before saying, I thought my mother was Zhou ruxue, so I took off that ring.

After saying that, Chi Yang pulled out the chain that he had been wearing around his neck. There was a ring on it.

“What about the lady’s one?” Lin Siqian asked, her eyes twitching.

“I’m throwing it away.”

Lin Siqian:

Hiroshi chizawa:

“what’s the matter?” Chi Yang’s intuition told him that the ring might be of great use.

“That ring is your mother’s and my wedding ring. As long as you are in trouble, the power of the two rings can be combined to teleport us here. i know that your work is dangerous, so your mom and i have been worried about you. we were afraid that you would take the ring. Otherwise, there hasn’t been any news of US being teleported here for so many years.”

“You can only be teleported here?”

hiroshi chizawa nodded,”the two worlds are connected, but they can’t coexist.” They have their own rules. I won’t have the right to come back after I go there.”

“So do you guys have time to go home together later?” Chi zeyao asked.

Hiroshi chizawa and Lin Siqian’s eyes flashed with regret.

“Because there is only one Ring, we can only stay here for half an hour.”

Chi zeyao and Chi Yang both nodded in understanding.

“That year, you kicked me out and took beiming kun down with you. Was it sister-in-law who saved you?” Chi zeyao asked.

“Yes,” Hiroshi chizawa nodded. at that time, your sister-in-law was also teleported here through the ring. she could have stayed for a while, but in order to save me, she could only rush back as soon as possible. we thought that we would have a chance to come back here soon, but who knew that it would be 17 years later.”

Chi zeyao glanced at Chi Yang. Chi Yang also knew that it was because he had lost the ring, and his usually calm expression became a little awkward.

Lin Siqian saw that her son was embarrassed and quickly said, "It's fine. Mom still has a ring."

After he said that, he took out a ring and put it on Chi Yang's finger as if he was performing magic.

"Don't throw away your dad's ring. Put these two rings together. If you're in any danger in the future, the Rings can teleport us here."

Chi Yang looked at the ring and nodded, "I know."

"By the way, father, what kind of enmity do you have with beiming kun?"

Finally, Chi Yang thought of beiming kun.

However, when everyone turned around, only Chi Yang, Feng shengxuan, Nangong Nuannuan, chizawa Hao, and Lin Siqian could see them.

"Eh? Big brother chiyang, his body has become a lot fainter. Is his energy almost used up?" It was Nangong Nuannuan's first time seeing such a spirit, so she was rather curious.

Chi Yang nodded. this is the lightning that second Uncle Drew in from the heavens and earth. It's said that under such a dense amount of lightning, it can consume any kind of energy.

Nangong Nuannuan nodded and turned to Chi zeyao. "Second uncle, you're really amazing."

this is the law of conservation of energy, " Chi zexiao smiled. you'll be able to apply it if you learn physics well.

At this moment, beiming Qie was so transparent that he didn't even have the strength to speak. He also knew that these people would definitely not let him off.

He just stood there listlessly, his eyes completely ashen.

when he heard that the group of people had finally noticed him, he raised his eyes and looked at the man who looked almost identical to his enemy.

The thing he hated the most in his life.

Hiroshi chizawa took a few steps forward and looked at Kuai beiming, saying, "to be honest, i don't know him."

As soon as Hiroshi chizawa finished speaking, everyone looked at him in surprise.

After all, everyone had seen the way beiming kun had looked at the Scarlet sun as if he had killed his father.

"Darknorth kun, my father said that he doesn't even know you."
