#### Chapter 3251

3251 Don't worry and go 4

"Two of his guards are his own, and the other two are from the Nangong family. The four of them have already committed suicide."

"How do you know? They're not bugmen, they're just experimentals." Shi MAODE asked.

"Because I have their soul orbs."

Shi Yalin had been holding a velvet box since the beginning. When she opened the box, the four beads inside were all broken.

"Although they're not bugmen and we can't control them completely, I told them that once the president is killed, they won't be able to escape death. Instead of betraying me, it's better to let their families leave safely and they commit suicide. So, after killing the president, they committed suicide.

This was a soul Pearl, and it contained a trace of their soul power. When they die, their souls will no longer be able to guide this power, and their soul pearls will be extinguished and shattered."

"I've heard that the Nangong family used this before. It's said that everyone in the Nangong family has a soul Pearl. I didn't expect you to have one as well, Yaling."

Shi Yalin smiled and said, "because of Nangong Nuannuan's x-ray vision, the bugmen can't be used anymore." Even though drug men are harder to control than insect men, they can still determine some things."

is it possible that the president didn't die, but the four of them? " Shi maowen could not help but ask.

"That's possible." Shi Yalin looked at Shi maowen and nodded.

everyone in the shi family was on high alert.

"Then what about Yueyue?" Shi maowen asked, a little dumbfounded.

"If that's the case, then it doesn't exist. No one from the Shi family will have a good ending."

Everyone was stunned!

Could they say that if Yingluo had known this earlier, they wouldn't have asked Feng Kun to hypnotize the president?

They couldn't!

After knowing Feng Luan's power and her ability to hypnotize the president, they agreed to Shi Yalin's plan without hesitation.

now that the truth was out, it seemed like wufu and the others could not blame anyone.

One could only say that the Shi family was really unlucky.

Perhaps the Shi family really didn't have that fate.

"Then what do we do?" Shi maowen asked the same question.

Shi Yalin was extremely calm.

"Fourth uncle, if the Shi family doesn't advance, they'll fall behind. In every choice, the Shi family has chosen to advance. And entering required taking risks. Before this, I thought that my master would definitely be fine, but he died. However, this was just an accident. I believe that no one knows about the president's hypnosis, so we have a good chance of winning. But if we're really unlucky and something unexpected happens, the president will definitely not let the Shi family off. So, go ahead and be brave. Either you keep your safety and continue to fight, or our whole family will accompany you to hell."

Shi Yalin's words shocked everyone in the Shi family.

But when he thought about it, it made sense.

"Alright, fourth bro, you can go. no one in the shi family could escape. But just as Yaling said, we've done this very discreetly, so no one will know."

Shi Yalin saw that the entire family was scared out of their wits, so she said, " "And this soul Pearl only shattered some time after fourth uncle called. That period of time would be enough for them to accept orders, kill people, and then commit suicide."

His words finally calmed Shi maowen down a little.

##### 3252 Capturing Shi maowen (1)

"Where's Guangsheng? To ask Guangsheng about the situation!"

Shi maowen was shocked and quickly called Lu Guangsheng.

The call went through. Lu Guangsheng said something to him using the secret code they had agreed on. alright, " he said, " I'll stop talking. I still have something to do.

lu guangsheng hung up the phone.

"How is it?" Everyone from the Shi family looked at Shi maowen nervously.

Shi maowen let out a breath of air. there's no problem with Guangsheng.

"That's good, that's good!" "If there's no problem on his side, then there won't be any mishaps on the president's side. Otherwise, he would be the first person to be controlled." Shi Heng nodded.

Shi maowen nodded and felt that it made sense.

"Then I'll go to the Internal Affairs Bureau."

"Let us know as soon as you're there." Shi Heng nodded.

"I know,"

Shi maowen left the Shi family and got into his personal car.

As he watched the Shi family's main gate gradually move further and further away from him, he had an inexplicable thought that he might never return here again.

Once this thought arose, the bad feeling in her heart grew like weeds.

His sixth sense had always been strong, so once this thought appeared, he felt that today was probably a disaster.

"To the villa on Sihai road." shi maowen ordered.

The driver-cum-bodyguard was stunned for a moment, but he immediately agreed.

The four Seas road villa wasn't far from the Shi family's house. There was a man he had raised there who looked exactly like him after the operation.

Usually, he would teach him how to imitate his actions, to understand the relationship between the people in the Internal Affairs Bureau and their families, as well as various current affairs.

It was said that soldiers were trained for a thousand days to be used in a single moment.

Back then, he had taken a fancy to this person so that one day, he could become the person who would take a bullet for him.

He had a really bad premonition about today's matter. He didn't dare to go to the Internal Affairs Bureau himself, so he could only let this person go in his place.

If the president was really dead, it would not be too late to go to the Internal Affairs Bureau tomorrow. However, if the president was not dead, there would be a substitute at the villa on Sihai road and a secret passage that could lead to another place.

This way, he could also quickly escape.

As the saying goes, a cunning rabbit has Three Burrows. Shi maowen was extremely glad that he had prepared a substitute for himself in advance. At that time, he was thinking that if he became the president in the future, someone could help him issue an alibi for some inconvenient things.

When the car arrived at the Sihai villa, Shi maowen asked the driver to wait for him outside while he quietly entered the villa area.

He didn't come here often, so no one knew.

There were only his substitute and two women who were watching over him. After entering the house, the two women quickly stood up and looked at Shi maowen in fear.

"Where is he?" Shi maowen asked with a frown.

The two women were very nervous. Their nervous appearance made Shi maowen have an even worse thought, and his face turned pale.

He stood rooted to the ground, staring at the two women in a daze. His face was full of shock, but he did not dare to speak.

At this moment, the door upstairs was opened. Shi maowen's expression turned even uglier when he heard the sound of footsteps coming from the corridor.

Because Yingluo

He heard the footsteps of at least four or five people.

Soon, people appeared at the stairway. Shi maowen looked at them in a daze. They were all wearing Eagle battle uniforms.

at this moment, shi maowen suddenly felt dizzy, and his eyes turned black.

3253 You don't understand? 2

He tried his best to stabilize his body and his mind worked quickly. He wanted to figure out what was going on and whether he still had room to turn around.

However, Shi maowen felt that his mind was completely blank at this moment. He could not think of anything.

flying eagle's men walked up to shi maowen and handcuffed him.

Shi maowen's eyes instantly widened. He then struggled and scolded angrily, "What are you guys doing? Why did you capture me? I'm your number 13 officer!"

"we only have one senior officer, and that is our supreme commander chi yang. As for whose orders our commander takes, we'll take. shi maowen, you know very well what you've done all these years, so let's not talk about it. Now, come with us."

"What did I do? Do you have any evidence for what you're saying about me? I'm the No. 13 Prime Minister, after all. You can't just arrest me as you wish. even if you want to arrest someone, i should be arrested by the judicial department, not by your eagle clan."

"The judicial Department?" The leader of the Eagle team sneered, "Who doesn't know that your Shi family has many disciples and branch families in the judicial Court? I'm sorry, we don't trust you! So please, Prime Minister No. 13, please stay in our Flying Eagle prison for a while, and wait until we have arrested all the people who should be arrested! Let's go!"

"You guys are simply preposterous! This is illegal detention! Do you still have the law in your eyes?"

"Whether or not there are laws in your eyes is not something you can control, officer No. 13. However, we feel that officer No. 13 doesn't seem to care about the law."

"What's the meaning of this?"

what do you mean? don't you understand, officer No. 13? "Hurry up!" The leader sneered.

A group of members of the Eagle gang rushed over and started to take off Shi maowen's clothes.

"What are you guys doing? Let me go!"

However, no matter how much Shi maowen shouted, no one paid him any attention.

Another member of the Eagle team scanned Shi maowen from head to toe and found an inconspicuous camera on him.

The leader of the Eagle squad waved the camera in front of Shi maowen. commander No. 13, our actions are being monitored!

Shi maowen knew who was behind this the moment he saw the camera. His expression darkened.

He still wanted to say something, but he saw his own substitute walking down the stairs, and the other party was putting his clothes on his substitute.

After changing the two of them, the leader of the Eagle team ordered his men to take Shi maowen away.

Shi maowen thought that these people would take him out from the main entrance, but to his surprise, Flying Eagle's men even knew where his secret passage was and took it directly.

Shi maowen's heart, which had already turned cold, was completely cold at this moment.

They had lost!

And he had lost completely.

"Where's the president?" Shi maowen could not help but ask.

"The president? Isn't No. 13 the one who knows the best?"

This time, Shi maowen's heart was completely cold.

He believed that whether the president was dead or not, whether the Shi family was destroyed or not, Fei Ying had everything under control.

Shi maowen was taken away, and the fake Shi maowen was wearing the same clothes as Shi maowen. He carried the same handbag as Shi maowen, opened the door, and walked into the car.

"Internal Affairs Bureau."

3254 The fake Shi maowen (3)

"Didn't fourth brother want to go to the Internal Affairs Bureau? what is he doing here? yaling, did you put a tracking device on fourth?"

Shi Yalin's face darkened as she saw the screen suddenly turn black.

"Grandfather, Nangong Nuan Nuan and Chi Yang are cunning. We need to be on guard. No matter what, the Shi family is still a top noble family with countless disciples. If we really fail this time, fourth uncle might not be able to return from the Internal Affairs Bureau. If we had known about it in advance, we

could at least have thought of a strategy to deal with it or escape. So, I secretly placed a surveillance camera on fourth uncle. I'm doing this for the sake of all of us."

"Then why is the screen black now?" shi heng was puzzled.

"This should be one of fourth uncle's Secret hideouts. He should have come here to make preparations. The house didn't look like much, but it was blocked from the satellite. it's fine, let's wait for fourth uncle to come out."

After 15 minutes, the door opened. Shi maowen looked around and walked out cautiously with his briefcase.

"I'm out. What did he do in the room?" Shi MAODE could not help but ask when he saw Shi maowen looking around.

"Fourth uncle might be a little scared. There was probably something in the house that could help him escape. anyway, let's see if he's going to the administrative district. if he's doing well, we don't have to leave. If the situation doesn't look good, we'll immediately leave through the secret passage." Shi Yalin said.

Everyone was more obedient to her now, and they all nodded in agreement.

"How's Nangong Nuannuan?" Shi maocheng could not help but ask when he saw that Shi Yalin was looking at the surveillance footage on her laptop from time to time.

"When the phenomenon occurred just now, her car immediately turned back."

shi maocheng nodded. "although your master is dead, he's still in a normal condition. "

Shi maowen was invited in after he arrived at the Internal Affairs Bureau. He was directly brought to a room specially for questioning.

"Wait," Seeing that the person who had led him into the room was about to leave, Shi maowen called out to him.

"Sir, do you have any orders?"

"I'm still recuperating, but you guys called me to the Internal Affairs Bureau. If you don't want to tell me what's the matter, what am I waiting for?"

"Sir, I have some questions that require your cooperation. Please wait a moment, the comrades from the judicial Department will come to find you."

The Secretary's expression was very serious, and so were the Shi family's expressions. Everyone was extremely nervous.

Finally, the people from the judicial Department came in.

There were a total of four people. One was in charge of asking questions, one was in charge of recording, and the last was in charge of checking Shi maowen's micro-expressions.

Opposite Shi maowen was a camera.

After entering the house, the staff member who was responsible for observing Shi maowen's micro-expression walked to his side and said, " "Officer Shi, please stand up for a moment. Before we ask you anything, we'll scan your body for any items that might appear on you."

Shi maowen frowned and said unhappily, "you've already taken away my briefcase when I came in just now, and my phone is still in it, Yingluo."

"officer shi, please cooperate with our investigation. This is our investigation order."

The man then showed the investigation order to Shi maowen.

Shi maowen glanced at the investigation order and kept quiet.

"Yaling, your camera is useless." Shi Heng said nervously.

"Don't worry, Grandpa. My camera is a secret one. I got it from KE. I won't be discovered."

##### 3255 Lurking (4)

As expected, the person scanned Shi maowen's body but did not find the camera that Shi Yalin had placed.

"What the hell are you guys doing? Did I do something wrong? why am I being interrogated like this?" Shi maowen asked in displeasure.

"Officer Shi, this is just a routine inquiry."

The interrogators were still doing their job.

After he sat down, the person in charge of asking questions asked, " "The president was assassinated, and officer Shi fought against Wanwan."

"What?" Shi maowen was shocked, and his impatient tone was instantly replaced by surprise.

The person who asked the question was interrupted and calmly said, " what do you think of the president's assassination, officer Shi? "

After a long time, Shi maowen repeated in surprise, " "what did you just say? The president was assassinated? When did that happen?"

"Officer Shi, you know nothing about this?" The person who asked asked asked.

Shi maowen exploded in anger.

"What do I know? when did the president get assassinated? It wasn't! Why are you here to interrogate me when the president was assassinated? You think I sent someone to assassinate the president? This is ridiculous!"

The person in charge of asking the questions kept looking at Shi maowen, not giving up on any of his expressions.

The Shi family's people looked at the people interrogating them and their hearts clenched.

they didn't want to know if the president was assassinated, but whether he was dead or not.

"What's with your expressions? do you really think i did it?"

Under Shi maowen's angry questioning, the person in charge of the interrogation finally said, " "We're only responsible for questioning. All the people we question have the obligation to cooperate with us. Officer Shi, please cooperate with us."

Shi maowen exhaled a mouthful of foul air. After a long time, he said, "What do you want to ask? go ahead."

Next, the other party asked Shi maowen about his daily routine, about the four security guards around the president, and where he was when the incident happened.

After the interrogation, the person in charge of the interrogation stood up and prepared to leave.

"Wait a moment." Shi maowen called out to the other party.

"Is there anything else, officer Shi?"

"What happened to the president? He was attacked by the guards around him?"

"The president is dead. The initial judgment is that he died when the phenomenon in the sky started to disappear today. The murderer is not clear, but from the death scene, it should be related to the four guards. Officer Shi, we will continue to investigate this matter. Please cooperate with our inquiry at any time."

Shi maowen was shocked for a long time, and his eyes were wide open.

"Dead? The president is dead?"

In the Shi family, Shi Gen was lying on the sofa, unable to sit up. He could only lie down and watch the situation on the television. He smiled and said, as expected of the fourth brother. Your reaction is just right.

Shi maocheng also nodded. the people from the judicial Department really live up to their reputation. In order to detect micro-expressions, they said so much information in one breath. If fourth brother had told them directly about the security guards, I'm afraid these people would have immediately listed fourth brother as a key surveillance target.

"Who said it wasn't?" Shi MAODE sighed as well. it's a good thing fourth brother reacted quickly.

Shi Yalin's heart, which had been in her mouth the whole time, finally settled down. "Dad, second uncle, Grandpa, shouldn't we be more concerned about whether the president is dead or not?" As long as the president is dead, no one will ever find out that we colluded with my master to hypnotize him. At least our Shi family will be able to hide again."

3256 Miss Shi (1)

Everyone let out a breath.

“yup,” “Yalin, the Shi family will be relying on you in the future,” Shi MAODE said as he looked at Shi Yalin. Come up with more new drugs, and take care of Feng shengxuan’s side!”

“I’ll definitely continue my research,” Shi Yalin said. The genetic Medicine that Nangong Nuannuan has developed will be available one day. When it’s available, I’ll go buy some. I’ll definitely find out what elements she used in it. ”

“Alright, alright!” Shi MAODE and Shi maocheng nodded vigorously, as if they had seen hope again.

“As for Feng shengxuan, I need to find him first. He had been hypnotized by Feng Kun before. Now that he was exposed to hypnosis, he realized that the person he loved was not Nangong Nuannuan but Baili Yue. However, Bai Liyue had already returned to that world. If there were no special circumstances, they would never meet again in this life.

It’ll take them some time to find the murderer, and Nangong Nuannuan’s research will also take some time. My next priority will be Feng shengxuan. He’s ...”

While Shi Yalin was still talking, a secret alarm device on her waist suddenly rang.

Shi Yalin quickly turned off the alarm and turned on the laptop that was shut off at the side. She quickly entered the code that only she knew and quickly contacted the other party.

“What are you calling me for at this time?”

A foreign mercenary appeared on the other end of the video. He said to Shi Yalin respectfully, “ S, the headquarters just received news from King.

“where is he?” shi yalin’s eyes lit up.

“He’s still in dizhou, about five kilometers away from the incident. The Eagle team is conducting a thorough search now. King’s situation is urgent. He doesn’t even dare to use voice to contact us, so he can only use the weakest signal to contact us.”

“i know. I’ll think of a way to save King.”

“What about us? Do we need to come over?”

“No, don’t move. Also, don’t let anyone else know my identity, not even the King.”

“Yes! Don’t worry S, I’ll do it. ”

“From now on, I’m no longer S. Call me miss Shi.”

“Yes, miss Shi,”

After the call was connected, Shi Yalin entered a series of codes and gave an order to the other party- bring everyone and gather at the Ding family Village outside the city’s Southern Highway.

After receiving the correct code from the other party, Shi Yalin stood up.

"I'm going out for a while. there shouldn't be anything else at home, so let's do what we should be doing. Grandpa, you fell just now. You should go to the hospital now."

what about you, Yaling? where are you going now? " Shi MAODE asked.

" i have news of feng shengxuan. he's still alive, but the people of feiying are searching for him. i'm going to get him. "

The Shi family became nervous again.

"Then will Yingluo be encountered by the people from Eagle? Will our Shi family be dragged into this?"  
As a businessman, Shi MAODE was truly afraid of Nangong Nuannuan.

Shi maocheng was also afraid.

After all, there was something even more terrifying in his heart, and he couldn't help but say it.

"The medical Association still owes those drug dealers a lot of compensation, which is a compensation contract signed in black and white. yaling, this is a crucial matter that we'll have to face in the future. you can't cause any more trouble now!"

Shi Yalin was not happy to hear that.

3257 Saving Feng shengxuan (2)

"Second uncle, we did talk about Yingluo before."

"I know, I know, I know, this is the Shi family's decision, it has nothing to do with you! I know all of this. I'm just reminding you that in the future, our Shi family will be treading on thin ice in everything we do, and we must strive for progress in stability. As long as there's anything that might harm the Shi family, we can't do it!"

Shi Yalin looked at Shi maocheng and asked, " according to what second uncle said, the future research of the chinese medical association will definitely clash with the medical department university. nangong nuannuan is from the medical department university, should we go all out? "

Shi maocheng,

"We owe close to 20 billion. If we don't look for Feng shengxuan and save him immediately, who's going to pay for us? Was the Shi family really going to sell everything they had to gather the 20 billion? then the family will become a third-rate family."

Shi maocheng,

then, second uncle, you can make the decision. I can choose not to save Feng shengxuan.

Shi maocheng was speechless for a while before he said,"We don't have to save them. He might be able to escape. Didn't Feng Ji Mian ask him to date you? didn't you say that he listens to feng ji mian? He's ..."

"You think Feng Ji Mian is still alive?"

“.....”

“It’s already a miracle that Feng shengxuan is still alive. There’s no way that Feng jimian is still alive. Now that Feng jimian is no longer around, I’ve already told you that when Feng shengxuan comes back to his senses, he’ll realize that the person he loves is Bai Liyue. By then, what right do you have to make him marry me? and why should he help the shi family tide over this crisis?”

“Alright, that’s enough!” Shi Heng stopped the conversation between his son and grandson and said, “Yaling, go find Feng shengxuan. But remember, you must be careful.”

don’t worry, grandfather, ” Shi Yalin said with a smile. in Nangong Nuannuan’s eyes, I’m just a useless, good-for-nothing daughter. She’ll only be able to find a sense of existence in me. I don’t think she’ll even think of killing me.

“That’s good. Then you should hurry and save Feng shengxuan. After you save him, I have a house in the south of the city with a secret passage.”

Shi Heng immediately got someone to get a pen and paper and wrote down the address.

Shi Yalin took a look and realized that she was not far from where Feng shengxuan was hiding.

“Thank you, Grandpa.”

After that, he left without looking back.

Shi Yalin drove the carriage to ding village and told her subordinates to secretly head in another direction to a small plot of land in the south of the city that was under construction. After attracting Chi Yang and the others ‘attention, she secretly drove to the place where Feng shengxuan had sent the signal.

After parking the car not far from the signal, Shi Yalin quietly walked in.

This was a pork processing plant, and Shi Yalin could hear the screams of the pigs as they were slaughtered.

After the pigs were cleaned, they were placed in an automatic pig processing turntable, which was connected to another room with the words “ unmanned operation room ” written above.

Shi Yalin’s appearance attracted the attention of a worker. He saw that Shi Yalin was beautiful and well-dressed. He walked up to her without any guard up and was about to ask her what she was doing and what she was doing here. In the end, Shi Yalin’s palm hit his neck and he fainted.

Shi Yalin stood at the door and paused for a moment before pushing the door open.

However, the moment the door was pushed open, a black muzzle was pointed directly at her temple.

3258 Still pretending (3)

Shi Yalin had already made all the necessary preparations. However, when she lost her abilities and became the most ordinary person with only one life, she still felt an instinctive fear in her heart when facing this man who had killed her once without saying a word.

There was a strong smell of blood on Feng shengxuan's body. It was the blood he had vomited when he fought Chi Yang.

"Brother Feng, it's me! I'm Yaling!" Shi Yalin said anxiously.

Feng shengxuan slowly moved in front of Shi Yalin. He looked at her with narrowed eyes.

"It's you?"

His mouth was filled with doubt as he asked, "Why is it you?"

Shi Yalin quickly told him everything.

"Brother Feng, I, Huahua, know that Feng Yao is your uncle."

Feng shengxuan squinted his eyes again and looked at Shi Yalin, his eyes full of scrutiny.

"Actually, ran ran, I've also taken Feng Kun as my master."

"You acknowledged him as your master?" "Why?" Feng shengxuan asked coldly.

"Because Yingluo, because I was once in danger, it was master who saved me. After that, he taught me some self-defense skills. I've been his disciple for a long time."

"So, you know the secret signal I gave KE!"

Hearing Feng shengxuan's terrifying tone, Shi Yalin trembled in fear. She quickly said, "Yingluo was given to me by master. He said that this thing was very important and gave me a series of commands."

feng shengxuan put away his gun and kept it in his pocket.

Seeing this, Shi Yalin knew that he had let go of his murderous intent and became more obedient.

She had been trying to figure out why Feng shengxuan was still so special to Bai Liyue even after he was hypnotized. Later, she concluded that she was not as gentle as Bai Liyue before.

After all, at that time, she only knew how to study bugmen and wanted to help him to create a momentum of a ko during his duel with Chi Yang.

As a result, as his bodyguard and assistant, Baili Yue only cared about him every day whether he had taken his medicine, eaten, taken his medicine on time, and if he was feeling unwell today.

So, even if Feng shengxuan didn't like Bai Liyue, he would still treat her well.

At this moment, Shi Yalin could feel Feng shengxuan's approach. He was breathing his unique scent on her face. Shi Yalin felt extremely warm.

but she knew that he had not completely let down his guard against her.

Therefore, when Feng shengxuan reached out his hand to hold her chin and slowly lifted it up, Shi Yalin was extremely docile.

With a shy look unique to young girls, she moved her eyes up until they met Feng shengxuan's.

However, what she saw was not suspicion or probing eyes, but a teasing look.

A mocking gaze.

"What a good method! How did you do it?"

Shi Yalin thought that he was talking about how she gained Feng Kun's trust and became his disciple. She said weakly, "I don't know. Maybe Yingluo, maybe master found me pleasing to the eye. In short, I'm very happy to be master's disciple."

"Still pretending!"

Feng shengxuan's words weren't heavy, but they were heavy and terrifying in Shi Yalin's heart.

Shi Yalin didn't understand why Feng shengxuan said that she was pretending. Just as she was about to ask him a question, she felt the hand that was pinching her jaw suddenly tighten.

In the next moment, her entire jaw had already shattered.

Shi Yalin let out a blood-curdling screech and tried to stop him. However, she realized that her hand was like a heavy weight and she could not lift it at all.

#### 3259 getting the chip (4)

It wasn't just her arms, but her body as well. She tried her best to stand up and leave, but her mind was in a daze. She had no idea what had happened. She didn't understand why she had come to help Feng shengxuan, but he had treated her like this.

She stared at Feng shengxuan in shock and disbelief.

Although Feng shengxuan was strong, she knew exactly how strong he was. After all, they had been together for more than 20 years.

Why did his strength suddenly become so terrifying?

When did he improve himself?

She wanted to speak, but her heart was filled with confusion. However, her lower jaw had already been completely crushed, and many of her teeth were already gone. He couldn't even speak.

Under this suffocating pressure, Shi Yalin's legs were bound by a powerful force. She could only lie down on the ground, her face full of shock, accusation, and grievance.

But the next moment, when he saw what Feng shengxuan was holding, all his doubts disappeared.

Shi Yalin's eyes widened as she looked at the tooth that Feng shengxuan took out from her mouth. She felt disheartened when she saw the disgust in his eyes.

He knew!

He knew everything!

"Do you know why we still have to put on such a show for you after beiming Qin's death?"

As soon as she asked the question, someone pushed the door open and entered. Shi Yalin endured the pain in her jaw that almost made her faint and looked at the person who had come.

When she saw who it was, Shi Yalin's eyes closed in despair.

They were Chi Yang and Nangong Nuannuan.

"Come, take out the fuse inside."

Feng shengxuan showed the tooth to Nangong Nuannuan.

Just as Nangong Nuannuan was about to reach out to receive it, Chi Yang stopped her.

"What's wrong, big brother chiyang?" nangong nuannuan asked in confusion.

"Dirty."

Feng shengxuan:

seeing that nangong nuannuan was also looking at him with disdain, feng shengxuan said, " don't look at me. I'm wearing gloves. They're made of human skin.

Nangong Nuannuan smiled at Feng shengxuan and said, " "No wonder you didn't feel disgusted."

"I feel disgusted. But what can we do?" Feng shengxuan looked at Chi Yang unhappily and asked, "

"You're just going to let me keep holding onto it like this?"

Chi Yang looked at the disdain in Feng shengxuan's eyes, and he couldn't help but smile.

"Hold it well."

Feng shengxuan:

"Hold it vertically." Chi Yang ordered.

Even though Feng shengxuan's personality had changed, becoming more reserved and much better, he still couldn't help but want to complain.

But in the end, he looked at the two people in front of him. One was his younger brother, and the other was his younger sister.

Forget it, who asked him to be the Big Brother?

Didn't big brother deserve to be unlucky and should share the burden with his sister-in-law?

Who asked him to inexplicably look at these two people, and the more he looked at them, the more pleasing to the eye?

Although their relationship was still the same as before, Feng shengxuan felt that he had become closer to Chi Yang and Nangong Nuannuan after the hypnosis was lifted.

He let out a breath, suppressed the disgust in his heart, and straightened his teeth.

Very quickly, under Chi Yang's control, the tip of the tooth was opened, revealing a small pile of sophisticated chips.

3260 A private chat (1)

This seemingly complicated chip was a piece of cake for Chi Yang, Nangong Nuannuan, and Feng shengxuan.

So, very quickly, when Chi Yang pulled out a hair-thick silver wire, Feng shengxuan couldn't wait to throw it away.

Not only did he lose his teeth, but he also took off his human-like leather gloves and threw them on Shi Yalin's face.

Shi Yalin kept staring at Feng shengxuan in horror and kept making "ah ah" sounds.

She wanted to speak and ask questions, but she couldn't say anything.

Feng shengxuan couldn't be bothered to talk to her. After he threw the gloves away, he didn't even look at her and said to Chi Yang, "It's too smelly inside, I'll go out first. Hurry up and come out."

After she said that, she looked at Nangong Nuannuan, a little speechless but full of love. "I really don't understand why you're looking for such a broken down place."

"Because this is a pork factory. I want to tell Shi Yalin, Qianqian, no, I should tell Viper that without Beiming Kun, she's no different from a pig waiting to be slaughtered in my eyes."

Wen Wan's already shocked eyes widened even more as she looked at Nangong Nuannuan in disbelief.

"You made me stay in the pork factory for an entire hour just to tell her this?"

Feng shengxuan was already at the door when he suddenly heard Nangong Nuannuan's words. His face was filled with disbelief.

Nangong Nuannuan looked at Feng shengxuan and said, "Big brother, don't you think this place is very artistic?" After all, we've been opponents for so long, shouldn't we still give our opponents the most basic respect?"

Feng shengxuan looked at Nangong Nuannuan's self-righteous expression and felt helpless.

He nodded and didn't comment on her method of killing three thousand enemies and injuring eight hundred of her own.

"I'll go out first, call me if you need anything."

After smelling the raw meat for such a long time, he decided to go out and vomit.

Feng shengxuan left just like that, without even looking at Wen Wan.

Wen Wan sat on the ground in shock, her face dazed.

She had been so nice to Feng shengxuan for the past twenty years, but he had never even looked her in the eye.

She had been so nice to Feng shengxuan, but he had shot her to death without hesitation or a word because of Bai Liyue.

Her Yuan Ling true body was gone just because of that spear.

But he had only told beiming kun that she was disobedient when she had fallen in front of him. Disobedient dogs should be killed.

That's right, she stayed by his side, accompanied him, and helped him, all so that she could become his woman one day. However, he had only treated her as a dog from the beginning to the end.

She had been hiding in Shi Yalin's body for so long, thinking that she could be with Feng shengxuan through Feng jimian. After beiming Tan's death, she thought that she could see Feng shengxuan's true love in times of need.

However, she didn't expect Feng shengxuan to do the same thing as before. He didn't even greet her before he destroyed her entire lower jaw.

She was disfigured.

Now, they were saying that they treated her like a pig!

Hehe, this was really ironic!

Wen Wan glared at Nangong Nuannuan. Feng shengxuan had left, and the heavy burden on her body was gone. She could have stood up, but in the next moment, she realized that a new force was restraining her.
