#### Chapter 3331

3331 (X) 45

Now, Baili Yue had married into the heavenly return sect and became their young lady. This position was originally what she wanted to sit in. Even if the young master of the heavenly return sect had been sleeping for many years, she still wanted to marry him.

She had no choice but to express her wish to her father. Her father had also agreed, but the heavenly return sect had chosen Bai Liyue instead of her. She even said that she was not qualified.

Hehe, although she, Baili Jing, was not from the main family, her father was still an important figure in the Baili family.

What did she, Bai Liyue, have? Other than the face that she had hated since she was young, he was just a piece of trash who had stayed on glory planet for 13 years.

A good-for-nothing actually let her dog bite her. It would be strange if Baili Jing didn't hate her.

"Jing Jing, she's Yingluo."

Baili Xi still wanted to introduce people to Baili Jing, but Feng Qinglan was not someone who would be bullied.

she was the second elder's daughter, his only daughter. If it wasn't for the fact that the young master had married Bai Liyue, these people would be lowly commoners to her.

He actually dared to scold her?

Feng Qinglan didn't even think twice before she slapped him across the face.

"Ah!"

Baili Jing had just said one sentence and had not even started the wonderful performance she had thought of today, and she was already beaten.

He wasn't careful, and Feng Qinglan's attack was quite heavy, so he was sent flying.

It didn't matter if he was sent flying. Feng Qinglan also ordered, "Go up and teach her how to spit out ivory from her mouth."

"Yes."

The people from the heavenly return sect immediately rushed forward, held Baili Jing down, and gave her a fierce beating.

Baili Jing cried out in pain.

miss Qinglan, she's my cousin. She's young and insensible. Please be magnanimous and spare her. I apologize on her behalf. Baili Xi anxiously begged for mercy.

However, Feng Qinglan merely sneered. Who Do You Think You Are? I'm the eldest young lady here to teach someone a lesson. What right do you have to beg for mercy on her behalf? "Your face is bigger than your sister's?"

baili xi's face turned red, and her eyes reddened. she ran forward, trying to find baili yue.

"Stop him!"

With Feng Qinglan's simple words, Baili Xi couldn't take another step forward. He could only cry and beg for mercy.

"Sister Qinglan, Jingjing knows she's wrong. Don't let anyone hit her again. Jing Jing, quickly apologize!"

Baili Jing was beaten up like a pig, and her ears were ringing. At this moment, she could only hear Baili Xi begging for mercy on her behalf, asking her to apologize.

Baili Jing was filled with hatred, but these people were merciless. She had no doubt that she would be beaten to death if she continued to be stubborn.

"I was wrong! I'm sorry! I shouldn't have said that! I'll apologize!"

sister Qinglan, Jing Jing has already apologized, " Baili Xi said hurriedly. please forgive her and let her go. She won't dare to do it again."

Feng Qinglan asked the disciples of the heavenly return sect to fight for a while longer before she lazily called a stop.

Baili Jing had been beaten up like a dead dog, lying on the ground and gasping for air.

Feng Qinglan walked up to her and lifted Baili Jing's chin with her foot.

Baili Jing only snapped out of her daze because of Feng Qinglan's rough actions. She looked at Feng Qinglan with fear in her eyes.

"Can you spit out ivory now? Let's see how you spit it out!"

Baili Jing was speechless.

What was ivory?

Did this crazy woman want ivory?

She had a lot of them!

Why didn't she say she wanted ivory earlier?

3332 (X) 46

"Jing Jing, sister Qinglan wants you to put in a good word for her," baili xi was talking to baili jing, but his mouth kept trying to shut her mouth.

Baili Jing finally realized that the woman had just called her a dog.

because only a dog's mouth could not spit out ivory.

Baili Jing felt very aggrieved, but she also saw that the main branch of the Baili family had not come. There was no one else here except Baili Xi, and no one dared to support her.

Baili Jing had no choice but to apologize properly. Feng Qinglan only let her go after she said a lot of good things about her.

Baili Xi gave the servants a look, and they hurriedly carried Baili Jing on their backs and sent her in.

although the baili family couldn't be compared to the heavenly family, they were still a big family on emperor moon. There were at least five hundred servants, and at least eight hundred disciples.

the baili family's disciples didn't dare to do anything to the people of the heavenly return sect, but they reported the matter to the family head, baili ren, in the shortest time possible.

"What? jingjing was beaten up?"

Baili tai stood up from his seat and asked in disbelief, "Did Bai Liyue ask someone to beat him up?"

"It's not Bai Liyue, it's one of her lackeys,"

The Baili family's disciples didn't know Feng Qinglan either. They always felt that even Baili Yue could sit in the palanquin, but Feng Qinglan was just a pawn walking in front. If she wasn't a Lackey, then what was she?

"It's simply rebelling!" Baili tai angrily rebuked and looked at Baili Ren, "Second uncle, you have to stand up for Jingjing! We haven't even shown her our might, and she's already instigating the people below to beat us up."

Baili Ren's expression darkened as he said, "Atai, go out and see what's going on."

"Second uncle, didn't you say that we should still show the Baili family's rules? She's just a little girl returning home, do you really expect me, her uncle, to personally welcome her?"

Baili tai was one of the few members of the Baili family who had become a cabinet elder. Although he was not part of the main branch, he was still a very powerful figure in the side branch.

"She's nothing to be afraid of, but the heavenly return sect has always been strong and your daughter is blind. If she offends a Big Shot, she deserves to be beaten. But if they don't send any important people, then as their uncle, you should still be taught a lesson. After all, your daughter was the one who suffered."

Baili tai thought about it and felt that it made sense.

It was good to vent the anger in his heart on the spot.

"alright, i'll go and take a look."

After saying that, Baili tai brought his men and rushed out valiantly.

In front of them, Baili Xi was so embarrassed that he could die. He and Feng Qinglan looked at each other in the eyes.

“Sister Qinglan, can I go and find my sister now?” Baili Xi asked carefully.

However, Feng Qinglan didn’t even spare Baili Xi a glance. It was Feng Qinglan’s maidservant who said, “how can we do that? Is our young Madam someone you can meet just because you want to? Today is the day that our young Madam returns home, so we should still perform the necessary etiquette. Otherwise, if outsiders see this, they’ll think that our heavenly return sect is shamelessly trying to be relatives with your Baili family.”

The other maidservant asked impatiently, “What the hell is your Baili family doing? Why isn’t anyone here yet? Did he want to make the young lady of the heavenly return sect wait? If you really don’t welcome our young Madam back, then our young Madam will never come back again.”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3333**

Feng Qinglan doted on her maidservant a lot and said, “Then let’s go. after all, a married daughter was like water that had been spilled. Young Madam only needs the heavenly return sect.”

After that, everyone turned around under Feng Qinglan’s command.

Bai Liyue, who was in the palanquin, could see everything clearly. The light in her eyes grew colder.

Now that Feng Qinglan had asked her to go back, she had no objections. If it wasn’t for the fact that she felt embarrassed, she would have left long ago.

By the time Baili tai went after her, he saw Baili Xi stomping her feet anxiously on the ground. Meanwhile, Feng Qinglan had already led her people a hundred meters away.

“stop!” baili tai shouted loudly. however, his voice, which was filled with internal strength, did not stop the mighty crowd in front of him.

Looking at the team of hundreds of people, Baili tai could not help but feel his scalp go numb.

he thought that bai liyue would at most bring a few people back, or at most bring a dozen people back to highlight her aura. he didn’t expect that there would be more than a hundred people in this team.

This number was already a quarter of the Baili family’s disciples.

While lamenting over Yu Tianhui’s generosity, Baili tai still had to stop Baili Yue.

However, no one paid him any attention after he finished speaking.

Baili tai immediately used his sound wave attack. However, the few advanced inner disciples at the back suddenly flew up and easily blocked his powerful sound wave attack.

“Yue ‘er, you’re so arrogant. If we’re a few steps late, you’ll leave?” Baili tai shouted from behind.

however, at this moment, bai liyue was wearing headphones, listening to the new song of a singer she liked in the glory empire. she was half lying on the chaise lounge and humming along.

As for who was shouting at her, she was not prepared to care at all.

When Baili Xi saw that something was wrong, he had already gone back to report as fast as he could.

When Baili Ren heard that more than a hundred people from the heavenly return sect had come, and that she had turned around and left after offending Baili Yue, he was shocked.

At this time, he couldn't care about his manners or his prestige. He quickly led all the people from the main branch of the Baili family out.

Even at the fastest speed possible, when old man Baili caught up with Baili Yue's return team, the team had already left the Baili family's territory.

This place was already very close to the bustling city of heaven city, so when old master Baili brought a group of people to intercept them, many people were watching from the side.

"yue 'er, stop!"

Although old master Baili was old, he was still the strongest in the Baili family. He brought along his two sons and a few elders from the side branches as he chased after them.

In Bai Liyue's eyes, this group of people were just jumping around. Basically, one jump would cover a distance of over a hundred meters. Although it was far, it was still a jump.

However, when old man Baili wanted to cross the heavenly return sect's team and directly press on the top of Bai Liyue's palanquin, Mingyue, Qingfeng, Chimei, and wangliang, who were protecting the palanquin on both sides, moved at the same time. The powerful pressure directly forced old man Baili and his people to retreat.

Otherwise, how could the heavenly return sect be the Overlord of Tian city?

So many wealthy families of Tian city had tried to join forces to destroy the evil foreign cult, the heavenly return sect, but they had failed and suffered heavy losses.

mingyue, qingfeng, and the other three were merely the disciples of the fifth elder, but they had already forced baili ren to retreat. this was enough to show the gap between the baili family and the heavenly return sect.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3334**

baili ren slapped ming yue, thinking that he could push her back. who knew that he was the one who was pushed back, and he even fell a few meters back before stabilizing his body.

His two sons, Baili Shi and Baili Yu, were even smacked to the ground.

Although he wasn't injured, he had lost a lot of face.

Baili Ren's face darkened and he said to Baili Yue in the palanquin, " "Yue 'er, now that you've married into the heavenly return sect, don't you take your family seriously? Even when grandfather personally came out to welcome you, you still want your people to attack grandfather. Is this how you should be a granddaughter?"

Feng Qinglan couldn't stand this kind of white Lotus the most, especially an old one. It was no different from giving her a slap in the face.

"Hehe, Baili Ren, don't be so ungrateful. Our young Madam is giving face to your Baili family by returning home. To put it bluntly, for granddaughters like you who abandoned her at the age of 13, who didn't care about anyone other than accepting her spirit stones for the past 13 years, and only acknowledged her when she married into the heavenly return sect at the age of 26, why should our young Madam give you any face?

Besides, although I, Feng Qinglan, don't appear in heaven city very often, who in heaven city wouldn't be very polite to me when they hear of my name? 'Look at you guys. That Baili Jing from your family is just a member of the side family. Is she encouraged by you or Baili Xi? how dare she call me a dog slave in front of everyone in the heavenly return sect?'

Old man Baili, there are many people on the road now. Tell me, what misunderstanding do you have about me or the heavenly return sect that makes you think that your granddaughter can insult me as a dog slave at will?"

Baili Yue felt that Feng Qinglan had really been gentle to her that night.

Baili Yue felt that this kind of man, whose mouth was as strong as Nuannuan's, was awesome from the bottom of her heart.

When Baili Ren saw Mingyue, Qingfeng, and the other two, he already felt that the heavenly return sect's lineup was very strong. Now, he saw Feng Qinglan and Yi Yi coming from the front and heard Feng Qinglan's words. He immediately felt that something was wrong.

"Is miss Qinglan's words true?" he hurriedly asked in shock.

"You think I want to joke with you?" Feng Qinglan asked in return.

Baili Jing doesn't know the immensity of heaven and earth.

Then, he said to Baili tai, "how do you usually educate your daughter?" He had actually taught her to be like this! Hurry up and bring that wretched girl to apologize to miss Qinglan!"

Baili tai already knew that his daughter had caused trouble. He quickly said, " "Miss Qinglan, I'm really sorry! My daughter has been raised in the boudoir since she was young. She has a simple character and doesn't know many people, so she doesn't know you. You don't know this, but you're her idol in this life. She's always said that she wants to be a heroine like you."

"Stop!" Feng Qinglan laughed coldly and said, " After all, I'm just a dog slave of your family's unwanted orphan girl. I can't compare to her noble status." Feng Qinglan didn't give in.

This made Baili Ren extremely anxious.

He had never expected that an orphan from their family, who was not well-liked, would be treated even better than Feng Qinglan when she married into the Baili family.

At first, he thought that the heavenly return sect had just helped Bai Liyue on a whim that day. Now, he really had to reconsider Bai Liyue's position in the heavenly return sect.

"No matter what, this is our fault. Please calm down, miss Qinglan. This old man will definitely give miss Qinglan an explanation for this. Miss Qinglan, please come to the Baili family. Please!"

### My Sweet Physician Wife Calls The Shots

#### **Chapter 3335**

Baili Ren's attitude was very good, so Feng Qinglan just let him be.

A sneer flashed across Feng Qinglan's eyes. She didn't call for the heavenly sect's team, but instead followed Baili Ren.

In the palanquin, Bai Liyue softly instructed Mingyue, " "Back to the heavenly returning sect."

Ming Yue accepted the order and continued to lead the team forward.

Everyone in the Baili family only had eyes for the daughter of the Tianhui sect's substitute sect master. After walking for a distance, Baili tai could not help but say, " "Second uncle, Baili Yue has left."

What?

baili ren turned around and saw that the heavenly return sect's main team had already walked more than ten meters away in the opposite direction. he quickly ran forward and shouted, " "Yue 'er, what are you doing? Do you have to make Grandpa kneel down and beg you before you'll condescend to go home?"

grandfather, you're overthinking things. I'm going back home, and you let the dogs take charge. Now, you only want to talk to Feng Qinglan. I've known since I was a child that after my father died, I wasn't well-liked, and the Baili family didn't like me. So, from now on, we'll go our separate ways, so that I don't bring shame to the Baili family. Take care, grandfather.

Baili Ren was almost angered to death. He angrily said, " "Stop it!"

However, Bai Liyue didn't say stop. The people of the heavenly return sect wouldn't say stop.

When Feng Qinglan saw this, she grinned like she was eating a melon.

"Oh, old man Baili, our young Madam has left, and I don't have any friendship with your family, so I won't go. Anyway, I've already taught that Jing Jing a lesson. I'm sure she'll be able to say the most beautiful words in the future. You'll live a long and healthy life!"

After saying that, he jumped to the front of the team.

Baili Ren didn't expect that Baili Yue would really become the leader of the heavenly return sect. At this moment, he was so angry that his intestines turned green.

In front of so many people, he chased after the group and shouted, " "Yue 'er, stop! It was grandpa's fault! I shouldn't have neglected you, I shouldn't have only let your sister come to pick you up, and I shouldn't have allowed your sister to bring Jing Jing, who speaks without thinking. Your sister didn't handle this matter well, and neither did grandfather. But we're family, so don't be angry. You've come all the way back, so why don't you go home and have a seat?"

"Sister, I was wrong! I know I'm in the wrong. I shouldn't have brought Jingjing along. But she said she was coming. I thought she was happy you were back, but I didn't expect her to be so arrogant. Big sister, please don't go. If you leave, Grandpa will not let me off. I'm begging you, sister!" Baili Xi knelt behind him with a plop.

Previously, Baili Jing had offended Feng Qinglan without any explanation. Later on, Baili Tai had blamed her for it. He didn't expect that his grandfather would come over and push the blame on her as well.

Baili Xi was so aggrieved that her tears were not fake at all.

Bai Liyue's eyes were cold. She looked at the family's hypocritical faces, and her heart was full of mockery.

They had seen all kinds of pretentious women by Nuannuan's side.

Why didn't she notice Baili Xi's acting skills back then?

He actually went to Planet Glory alone for her!

However,

Bai Liyue had no regrets knowing Feng Shengxuan, Nuannuan, and so many other friends.

"Stop."

Bai Liyue's voice finally came faintly again. The people of the Heavenly Return Sect stopped and turned around.

"Young Madam, are we going to the Baili family's house?" Ming Yue asked.

"The others have already knelt down. If I don't go, wouldn't I be the subject of gossip?"

Ming Yue held back her laughter and said, "That's not necessary. There are many people who come back to talk. It doesn't matter if there are a few more."

Feng Qinglan chimed in, "That's right. The Heavenly Return Sect doesn't have a good reputation anyway." On the surface, people call me a heroine, but behind my back, they call me a witch or an unmarried tigress."

Ming Yue and Feng Qinglan's words made Baili Yue laugh.

"I know. Then I don't need to worry about the reputation of the Heavenly Return Sect in the future, right?"

"Yes, young Madam. The reputation of the Heavenly Return Sect is earned with strength, not by selling the character of a White Lotus." Feng Qinglan's reply was loud and clear.

Baili Xi knelt on the ground, his face pale.

She was where she was today because of Baili Yue's annual spirit stone tribute to the family, and her excellence over the years. It was not easy for her to gain a firm foothold in the Baili and Wei families.

But her sister just said that she was "someone else"!

How could she do this to her?

She was his only sister!

Baili Xi felt extremely aggrieved. After not seeing her for 13 years, she felt that her sister seemed to have changed into a different person.

She had become high and mighty.

Bai Liyue had been in the palanquin the whole time, and she didn't even have the awareness to get off the palanquin and walk with her grandfather.

The servants of the heavenly return sect carried Baili Yue back to the Baili family.

This time, under the old master's burning gaze, under Baili Shi and Baili Yu's smiles as if they were welcoming distinguished guests, and under Baili Xi's self-aware sadness that was worth several times that of her sister, Baili Yue walked down with Yiyi's help.

"Miss Yiyi, let's do it! we'll do it!"

Baili Yue didn't know Yi Yi's background, but old master Baili and the others did.

She was the orphan of the third elder of the heavenly return sect and the niece of the fifth elder. Her status wasn't any lower than Feng Qinglan's.

However, when Baili Shi and Baili Yu were about to reach out to help her, they were rejected by Yiyi.

it's improper for men and women to touch each other. Young Madam is already our young master's woman. Other men can't touch her.

Baili Shi and Baili Yuyu smiled awkwardly and retracted their hands.

Baili Xi looked at Bai Liyue, who was being surrounded by the crowd, with envy.

Her second uncle and third uncle were people she had tried her best to curry favor with, but now they were trying to curry favor with her sister.

And,

he still couldn't curry favor.

Accompanied by Baili Ren, Baili Yue leisurely walked toward the main living room.

As they walked, Baili Ren personally introduced some of the Baili family's situation to Baili Yue.

The Baili family's house was quite large. They had walked for almost 10 minutes and still had not reached the main hall.

Just as they were walking into the garden, a woman suddenly rushed out.

“Bai Liyue, you cheap hussy, look at what you’ve done! our jingjing’s face has been disfigured by you! You b \* tch who has no mother, can you afford to compensate?”

The woman cursed as she rushed forward. When she was five meters away from Bai Liyue, she raised her hand and was about to slap her face.

“Bastard! Quickly retreat!”

Baili Tai saw that the situation was not good and shouted. He wanted to reprimand his wife, but before he could finish his sentence, he was kicked away by Ming Yue and Qing Feng.

Although Ming Yue Qing Feng had held back, the strength of his kick was not something Baili Jing’s mother could withstand.

The woman sprayed out a mist of blood in the air and fell heavily to the ground. There was no sound after that.

The Baili family was shocked.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3337**

the veins on baili ren’s head were bulging.

“Don’t worry, he’s not dead. However, this kind of woman should be disciplined more in the future. Those who understand her will think that she’s a woman, but those who don’t know her will think that she’s possessed by a vicious dog.”

Baili Ren:

After hearing this, Baili Ren could not hold back his smile anymore.

This was simply a slap to his old face!

Although the heavenly return sect was powerful, and the Baili family had not provoked them for more than ten years, it did not mean that he was afraid.

After all, he was the head of a wealthy family in Tian city. He might be afraid of the elders of the heavenly return sect, but he wasn’t too afraid of Ming Yue and the others.

“yue ‘er, she’s still your second uncle’s wife and your aunt. how can you indulge your subordinates in running wild in your own home? Do you think it’s a wise move to belittle your own mother’s clan in front of your husband’s family?”

Feng Qinglan was about to flare up, but Baili Yue had already spoken.

“Behave atrociously?” “Grandpa, you really have a good eye,” Bai Liyue praised.

“Don’t tell me you think that you’re not being atrocious by allowing your subordinates to knock out your own family?” Baili Ren frowned.

then, if I let a dog with rabies bite Grandpa, should Grandpa let the dog have a perfect mouth addiction on you? ”

Everyone’s eyes twitched.

Feng Qinglan’s eyes twitched the most.

He had thought that Bai Liyue was a steamed bun, but he did not expect her mouth to be so vicious!

Feng Qinglan glanced at Yiyi.

After all, Yiyi also had a poisonous mouth.

However, she found that Yiyi was very calm when facing Baili Yue at this moment.

Feng Qinglan’s eyes darted around, and she secretly elbowed Yi.

“Hey, have you ever suffered a loss in her hands?”

Yiyi glanced at Feng Qinglan and ignored her. feng qinglan knew that she had indeed suffered a loss.

To think that she had been helping Baili Yue, that steamed bun, to fight for justice, but in the end, he had a poisonous tongue that would not suffer a loss.

I’m so angry!

He felt like he had been played.

Old master Baili’s eyes were about to pop out of their sockets from Baili Yue’s venomous tongue. He looked at her in disbelief.

Baili Xi, who was following behind the crowd, was also very surprised. She had never expected that her sister, who had once brought her along to submit to adversity, would only jump out to protect her like a female Wolf when she was bullied, and say such disrespectful words to her grandfather.

She had treated her grandfather like this, but had she ever thought about how she would live in the Baili family in the future?

“Yue ‘er, you’ve gone too far! How could he speak to his grandfather like that? Do you still want my Baili family’s upbringing?” Baili Shi was also very unhappy.

Bai Liyue, who used to be submissive, had long become an Overlord-like woman on planet glory.

In this life, other than that nemesis, Feng shengxuan, no one could fool Bai Liyue.

Although she didn’t like to talk, it didn’t mean that Baili Yue couldn’t speak.

On the contrary, after being influenced for so many years, Bai Liyue either didn’t speak, or the words she said were poisonous.

Bai Liyue was like a female boss inspecting her surroundings. She walked forward gracefully with her head held high. She didn’t feel any burden in her heart, nor did she feel any displeasure. Without any emotion, she said, ” “So I’m from the Baili family? Then, all these years, as the legitimate young lady of

the Baili family, you should give me the cultivation techniques and spirit stones that I should have enjoyed!”

Baili Shi:

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3338**

3338 (X) 52

as the young lady of your Baili family, not only do you not get any glory, but you also need me to keep working for you and protect your face and upbringing. How big are your faces? ”

Baili Ren was speechless.

“don’t give what you don’t want to others. That Mad Dog came here of her own accord, not killing her is already giving you all the last bit of face for the sake of my dead father, don’t be so ungrateful.”

Everyone was speechless!

“You coward! Is this how you’re taught?” Baili Ren was so angry that he stopped walking.

Baili Yue also stopped and looked at Baili Ren, saying, ” “Upbringing? The Baili family taught me? You raised me?”

“I didn’t teach you, I didn’t raise you, how did you live to 13 years old?” Baili Shi was very unhappy.

“Second uncle, please calm down. His sister must have been in a bad mood to talk back to everyone like this. I’ll apologize on behalf of my sister.”

Baili Xi couldn’t stand it anymore. She felt that if Baili Yue continued like this, the 13 years of hard work she had put into the Baili family would be in vain. She quickly pulled Baili Yue and said, ” “Sister, don’t blame grandfather and the others. They didn’t do it on purpose. even i didn’t know that jingjing would treat sister qinglan like that. Grandpa and the others are really looking forward to your return. They’re all very happy that you’re back.”

Baili Xi’s words gave Baili Ren a way out, and his expression was much better than before. “Yue ‘er, we know that you’ve suffered for the past 13 years,” said Baili Ren. But wasn’t this your own choice back then? You go to glory planet, and we’ll treat Xi ‘er better and give her resources. Look at Xi ‘er, she’s one of the best in our Baili family’s direct line of descent, and she’s going to take part in the rookie competition on Emperor moon in a month. We’ve done what we promised you.”

“Grandfather, are you trying to tell me that I’m working for the Baili family, but in the end, my sister is the one enjoying the good fortune? But what does this have to do with the upbringing I received? It’s not like I’m the one who received the Baili family’s education, why should I have one?”

Baili Ren:

“I’ve been on glory planet for 13 years, and I’ve learned one thing: I’ll treat others the way they treat me. That person just now was like a Mad Dog. You also said that she was the second aunt of the Baili family. Then, did she have any manners just now? Grandpa, I’m a member of the heavenly return sect

now. If they're not satisfied with my upbringing, they'll naturally raise their opinions with me. You should take care of your own people first. Otherwise, people will think that the Baili family raises Mad Dogs."

Feng Qinglan chimed in from the side,"that's right!" Was this person Jingjing's biological mother? She didn't kill her own daughter when she bit her, but she had to reason with the person who was bitten. It would be an honor to call them Mad Dogs. This was simply insane! Old man Baili, is this how the Baili family is taught to let dogs go?"

Baili Ren's face turned green and white, and he had no room to refute. Flustered and exasperated, he could only shout at the servant, "Hurry up and carry it down. What an embarrassing thing!"

After he finished speaking, he angrily rebuked Baili tai, "I told you a long time ago that women can't just look at their faces and figures, they must have brains! Divorce her within a week!"

Baili Tai's wife and daughter had been beaten up, and his heart was burning with anger. Now, Baili Ren wanted him to divorce his wife! Not to mention whether he was in love with his wife, divorcing his wife under such circumstances was simply a slap in the face.

#### **Chapter 3339**

3339 (X) 53

Baili Ren looked at Baili Yue and no longer feigned civility. He said directly, "Follow me to the main hall."

Baili Yue was about to leave when she realized that Baili Xi was still holding her arm.

Baili Xi was about to leave when she saw Baili Yue looking at her. She then reached out and removed her hand from her arm.

While Baili Xi was still in a daze, Baili Yue had already left.

"Big sister Yingluo"

Baili Xi moaned, tears streaming down her face.

"Sister, what did I do wrong? Why Don't You Want Me anymore?" Baili Xi stood behind and cried. Her voice was soft and pitiful.

However, Baili Yue ignored her and followed behind Baili Ren. Her aura was not inferior to Baili Ren's at all, and it was even far better than her two uncles.

Baili Shi and Baili Yu could not help but be shocked when they saw Baili Yue in this state.

In their hearts, glory planet was a trash planet that couldn't cultivate. Trash planets and trash humans could not be compared to the humans on Emperor moon.

After they followed Baili Ren into the main hall, the guards outside only let Feng Qinglan and Yi Yi in, while Ming Yue and the other three were stopped outside.

“Let them in,”

Baili Yue ordered, but the guard at the door was old master Baili's. If he didn't say anything, the guard wouldn't let him go.

However, there was no need for them to do so, because in the next moment, Ming Yue's group of four had already used their strength to knock the other party back. Then, the four of them walked into the living room.

“Yue 'er, you're returning to your home. It's not good to call in so many outsiders, right?” Baili Shi asked.

“They are not outsiders. They are my protectors.”

Baili Yu couldn't stand it anymore. why? do you think you're not safe in the hall? ” Everyone here is your family!”

“From the time my father died to the time before I left, I encountered many assassinations in this house. Third uncle, do you think that this residence is very safe?”

Baili Yue's faint smile made Baili Yu's heart throb, and he could only shut his mouth resentfully and not speak anymore.

“Yue 'er, I can also see that you are not close to the Baili family. After living on glory planet for so many years, you seem to have forgotten that you're from the Baili family.”

“I'm from the Baili family?” Baili Yue was surprised.

Baili Ren's eyes twitched. He had almost vented all his anger on Baili Yue this year.

“If you're not from the Baili family, what are you doing back home?”

“I went back because you asked me to. After all, my father used to be a member of this family. As for me, I remember that after my father died, you didn't want to see me. When you drove me away, I had already been expelled from the Baili family. Did I make a mistake? But I still have the removed Wenluan. Grandpa, do you want to see it?”

Baili Ren was stunned, and his expression turned ugly in an instant.

“Removed from the list? Who removed you from the list? How come I didn't know about it?”

Baili Yue looked at the embarrassed Baili Shi and said, ” “Second uncle. When I was about to leave the Imperial Moon Dynasty, my second uncle found me and said that my talent was not good enough, and I was going to glory planet. In order to not drag the Baili family down, he wanted to cross my name from the family tree. How come Grandpa didn't know about it after so many years?”

Baili Ren was so angry that he almost spat out a mouthful of blood. He scolded Baili Shi angrily, ” “Why didn't you discuss with me about removing Yue 'er from the list?”

Baili Shi was dumbfounded. He had clearly told his father that! His father had also said that there was no need to report such a small matter to him.

At that time, Baili Yue wasn't good-looking, and her aptitude wasn't good. Her father had also died, so she was of no use to the Baili family and only a burden.

That was why they left Bai Lixi, who had a 3S grade aptitude, and let Bai Liyue go to glory planet to serve the Baili family.

In fact, with Baili Xi's talent, even if she didn't go to glory planet, they would still take care of her.

As for Bai Liyue's S-Class, although she was a rare genius compared to the cultivators outside, she could not be compared with a top genius like Baili Xi.

With the same training, Baili Xi only needed twice the effort, but Baili Yue needed thirty times the effort. This was the difference between an S class and a 3S class.

If they had to spend so much time and effort, they would rather raise other disciples in their clan. At the very least, he was not born of the direct line of descent, not even from the Baili family, so he would not take up the resources of the direct line of descent.

This was the reason why they had driven Bai Liyue out.

However, the decision that seemed to have no harm at all back then was like shooting himself in the foot.

He could not embarrass his father on the spot.

Baili Shi could only bite the bullet and say, "Yue 'er, look at you, why are you so vengeful? back then, second uncle removed you from the baili family's genealogy because you had already decided to go to glory planet. You said that you went to glory planet and are no longer in Emperor moon. If others ask about you, our family can't say anything, can we?"

We asked the heavenly return sect to help you go to glory planet. If someone asks about you and implicates the heavenly return sect, it won't be good. Wasn't second uncle doing this to shut everyone up? But in fact, you're still the noble second miss of our heavenly return sect. "

"Is that so?" Bai Liyue smiled.

"Yes!" "Of course!" Baili Shi quickly nodded.

then, as the legitimate young miss, where are the 30 purple spirit stones, 100 blue Spirit stones, and 500 green spirit stones that I get every year? "

Baili Shi opened his mouth but could not say anything.

Bai Liyue took a sip of the tea. The spirit herbs in the tea could not be compared to the heavenly return sect's. She put down the teacup in disgust and said, " "So, since second uncle has already expelled me from the genealogy, no one in the Baili family can play the family card with me in the future."

Baili Yue's merciless words made Baili Ren so angry that he smashed the extremely heavy table in front of him into pieces.

The Baili family was afraid that Baili Ren would lose his temper, so they were all scared to the side.

however, bai liyue was extremely calm, as if she couldn't hear him.

"you unfilial daughter! Since you don't want to acknowledge the Baili family and want to fall out with them, why did you come back today?"

"Today, I came to the Baili family for the sake of my dead father. After all, this is my father's home, so I can't be too harsh without telling him. so if you say this is going home, then just take it as going home. He went back to the door and settled it. After all, 13 years ago, all you did was secretly expel me. "

baili ren's face was red with anger.

"Grandpa, you really don't have to put on an expression like I owe the Baili family. You were the ones who chased me away, not me. "
