Chapter 3341

3341 (X) 55

“Before I was 13 years old, it was my father who raised me, and it was also my father who raised the entire Baili family. After I turned 13, I was the one who contributed to the Baili family on glory planet. Every year, I brought back so many spirit stones to the Baili family, but they never gave me anything in return. So, strictly speaking, the Baili family owes me, and I don’t owe them anything.”

Bai Liyue smiled slightly. Her cold and beautiful face was very different from her younger self. That unparalleled beauty directly compared to all the daughters of the Baili family.

“I originally had nothing to do with you, but you sold me out. Although I agreed to come back, I looked at my marriage certificate. The date on it was half a year ago. Half a year ago, you took a large amount of wealth from the heavenly return sect without my consent and then sold me to the heavenly return sect without my knowledge. Baili Ren, do you know that I can go back on my word and report you to the law enforcement Alliance?”

At this moment, Baili Yue no longer called Baili Ren ‘grandfather’, but directly called him by his name. Baili Ren was so angry that his eyes were about to pop out.

“Can you cover up the crime you’ve committed by opening your dead fish eyes?”

Baili Ren: “ Yingluo! You’re a rebellious girl!

“You don’t have to worry about whether I’m an unfilial daughter or not. In any case, I’ve already explained everything in detail today. When I go back later, I’ll send out the document that I’ve severed my ties with the Baili family 13 years ago and let the notary office publish it in the newspaper and inform everyone. I don’t want you to use my name to deceive others even if I warn you.”

“Did you mean that Zhenzhen doesn’t recognize herself as the young lady of the heavenly return sect?” Feng Qinglan asked unhappily.

Baili Yue’s mouth twitched. She looked at Feng Qinglan and said, “ You know best how I got married. It wasn’t my original intention to marry into the heavenly return sect, but since I’m already married, I’ll keep my promise. If I can really wake up your young master, the moment he awakens will be the moment I leave.”

After hearing this, the anger in Feng Qinglan’s eyes finally dissipated. She mumbled, “ this is more like it.”

Baili Yue looked at Baili Ren again and said, “ However, this is the last time I can tolerate your use. From now on, we’ll go our separate ways. If you dare to use my name for your own benefit, don’t blame me for being impolite.”

Feng Qinglan immediately nodded. don’t worry about that, young Madam. You’re already a member of the heavenly return sect. If you dare to do something you don’t like in the name of young Madam, you’ll

be throwing your weight around on the heavenly return sect. Perhaps we have already taken action before the young Madam has even done so."

Baili Yue looked at Baili Ren, whose face was already beyond ugly, and asked, " "Did you hear that?"

She then stood up and said to Feng Qinglan, Yi Yi, and Ming Yue, who had been standing behind her the entire time, " "Let's go," he said.

Seeing that Baili Yue was really about to leave, not only did she not give them a valuable return gift, but she even threatened to cut off all ties with them, Baili Ren blurted out, " "Don't you forget who's been taking care of your sister for the past 13 years! You're so ruthless, don't you care about Baili Xi's life? She's your father's orphan, your biological sister!"

Chapter 3342

3342 (X) 56

Baili Xi was already in tears. She looked at Baili Yue pitifully and asked, " "Sister, why Don't You Want Me anymore? What did I do wrong? Are you blaming me for not coming to see you for the past 13 years? But Yingluo, Yingluo, I can't come to glory planet to see you! Big sister, if you don't want me anymore, what should I do?"

However, Baili Yue didn't pay any attention to Baili Xi's cries, and she continued to walk out of the door without any pause.

Baili Xi was scared out of her wits. Seeing that Baili Yue was about to leave the hall, she rushed forward and grabbed her wrist again.

"Sister, why are you ignoring me? Do you really think I'm the one who caused you to marry into the heavenly return sect? I'm not willing to either! I thought that if I didn't marry, they would let the other girls of the Baili family marry over. Who knew that they would suggest my sister. I don't know either! Wuwuwu Zhenzhen, if I had known that this would be the case, and that my sister had sacrificed so much for me, I would never have let my sister marry into the heavenly return sect. I'll definitely marry him myself."

"Come on! A White Lotus!" Feng Qinglan said in disgust, 'compared to your grandfather's profit-seeking face, your face is even more disgusting. Why do you think the heavenly return sect wanted to take you away from the start? Isn't it because you're always making use of everything you can? Don't talk about our heavenly return sect, just that stupid son of the SU family wanted to find a wife and came to your Baili family to ask for your hand in marriage. Didn't you recommend your sister to your grandfather in fear at that time? You even said that your sister and the SU family's foolish young master are a match made in heaven?"

Baili Xi looked at Feng Qinglan in horror, as if he had seen a ghost. He then explained in a panic, " "No, she's lying! I didn't! Sister, I didn't!"

However, Baili Ren stood up immediately and looked at Feng Qinglan angrily. He couldn't take it anymore and scolded, " your heavenly return sect is really preposterous. How dare you spy on my Baili family!

Feng Qinglan smiled and looked at Baili Yue. there, young Madam. You heard me. I didn't lie to you. It's this White Lotus who's lying to you."

Ignoring Baili Xi's pale face, Feng Qinglan turned to Baili Ren and said, " "Old man Baili, why are you so excited? When you were eating, you were outside, and there was a whole family of su family. There were too many people, so how could it be that my heavenly return sect was monitoring you?"

Baili Ren thought about it. The two families were indeed having a gathering outside. Therefore, it was normal for Baili Xi's words to be spread.

however, when he thought about how baili yue might no longer be so true to baili xi and no longer be used by the baili family, his heart ached.

"Yue 'er, although it was your second uncle's fault for kicking you out of the Baili family 13 years ago without my knowledge, you're still a daughter of the Baili family to me. You're still my granddaughter," he said. You!!!"

"Stop." Bai Liyue was about to leave, and she didn't want to listen to these fake affection and pretentious bickering anymore. She said, " "When she's useful, she's my biological granddaughter. When she's useless, she's not a member of the Baili family. Since you've already put on such an ugly face, why do you still need to play the emotional card with me? Or is it that in your eyes, I, Bai Liyue, am that kind of person who is as stupid as a pig?"

"Then you're not going to care about your sister?"

Chapter 3343

3343 (XV) 57

all these years, in order to thank you, our Baili family has given her the best cultivation conditions and raised her to be so outstanding. If you really draw a clear line with the Baili family, the Baili family may not care about your sister's side.

bai liyue was really amused, and she said sarcastically, " "I've only heard that parents are obligated to take care of their children, but I've never heard of an elder sister taking care of her younger sister. All these years, I've been working as a Porter for the Baili family, and I've even lost my marriage. I don't blame you. After all, who doesn't go blind a few times on the road of growth? who doesn't meet a few scumbags?"

'But I have such a good figure and a beautiful face. Now I'm married to the heavenly return sect, a place where I have all the resources, secret manuals, and spirit stones I want. Instead of improving myself, I'm taking care of my sister. Is there something wrong with my brain?'

As for my sister, even my mother doesn't care about her, so there's no reason for me to care. It's not like she's missing an arm or a leg, nor is she underage. Why should I sacrifice my own interests to help her?

So, don't try to kidnap me with morality. Not to mention that I don't have any morality, even if I were to talk about morality, you guys wouldn't be able to reason with me, right?

If you don't want to support her, then sell her as well, just like you sold me. After all, my little sister is a 3S grade talent, and she's also very pretty. You've raised her for so long, and without a good price, I don't think you'll sell her. I don't need to worry about this. Children and grandchildren have their own fortune, not to mention the younger sister. To be honest, it doesn't have much to do with me. "

After saying that, Bai Liyue took off a ring from her finger and said, " "there are 1000 purple spirit stones and 10000 blue spirit stones in the ring."

baili ren's eyes widened.

This was a huge fortune on Emperor moon.

A wealth that could be used to establish a sect.

when she saw that everyone's eyes lit up, baili yue said, " "This ring was given to me by the second elder, and he said that I should deal with it myself. I originally wanted to give you one last gift before drawing a clear line between us. However, Baili Jing had offended Feng Qinglan first, and that Mad Dog at the entrance had offended me later. That's why I don't think you guys need it. "

After saying that, under the heartbroken gazes of the Baili family, he handed the ring to Ming Yue and said, take this and distribute it to the disciples and servants who accompanied me to the Baili family today.

Ming Yue took the spatial ring with a smile and said,"Then I'll thank you on behalf of my brothers, young Madam!"

Bai Liyue revealed an alluring smile and said,"it's what I should do." You all know that I've always been very good to my subordinates."

"That's right, that's right!" After all, his young Madam was at the top of the human race in that world.

ming yue took the interspatial ring and left. baili ren was completely enraged by baili yue's actions. he also knew that baili yue's wings were fully grown now, and she no longer needed the baili family.

He was filled with regret, annoyance, and anger.

Looking at Baili Yue's back as she left, he said to Baili Xi, " "hurry up and find your sister. If you can't find it, don't come back! she was a useless thing! You can ruin such a good relationship!"

Baili Xi was like a frightened little rabbit. She was so scared that she jumped and quickly went out to look for Baili Yue with a pale face.

However, the people from the heavenly return sect blocked Baili Xi from getting close to her sister.

Chapter 3344

3344 (X) 58

Seeing that Bai Liyue was about to sit in the sedan that had already been carried into the door, Baili Xi shouted from behind, " "Sister, I didn't betray you! I really never said it! Father is dead. If you don't even care about me, what should I do? Sister, Sister Yingluo, sister, please take me away! I'll go back to

Tianhui with you, okay? From now on, I'll be by your side, okay? Even if you have to sell me, I only want my sister to sell me!"

However, Bai Liyue did not have the slightest desire to talk to her and directly got into the sedan.

The palanquin rose, and the disciples of the heavenly return sect carried Bai Liyue out with great momentum.

After all, it was 1000 purple spirit stones and 10000 Blue Spirit stones. If they divided it among them, each of them would get 10 purple spirit stones and 100 blue Spirit stones, which was equivalent to the income of an ordinary disciple of the Baili family for more than ten years.

Baili Yue's generosity not only made the disciples of the heavenly return sect have a good impression of her, but also made the Baili family jealous.

"Wastrel! This wastrel!"

"Dad, that must be a gift from the second elder. How could a wastrel like her give a gift to a servant of the heavenly return sect? What right does she have to make this decision?"

Baili Shi and Baili Yu's eyes were red.

a thousand purple spirit stones, what kind of concept was that?

Among the direct descendants of the Baili family, only those who had reached the 35 level could enjoy 35 purple spirit stones. So far, only Baili Xi and Baili Yu's illegitimate son, Baili nuo, had the right to enjoy 35 purple spirit stones a year.

Even Baili Shi's legitimate son and Baili Yu's legitimate daughter were not qualified to enjoy it.

Moreover, these 35 purple spirit stones were also taken from the Baili family's savings. They were doing this to ensure that the Baili family would still have a top-notch expert after a hundred years.

However, Bai Liyue had given away 1000 purple spirit stones and 10000 Blue Spirit stones without even blinking!

Baili Ren was so angry that he almost vomited blood.

In the end, Baili Xi couldn't say a word to Baili Yue, and could only stammer back alone.

Baili Ren already knew about Baili Xi's encounter outside.

Not only did Baili Ren know about it, but even the other young masters and young ladies who had not appeared knew about it. hence, when baili xi returned, not only did she have to face her grandfather and two uncles, but she also had to face her siblings.

"Xixi, didn't you say today that your sister listens to you? Did you get the spirit stones back?"

Baili Yue has already given it away in front of Feng Qinglan. How could she possibly get it back? "

"Then why did she say that Baili Yue would listen to her every word?"

“Hehe, I guess Bai Liyue just wants to set up a trap so that she can successfully marry into the heavenly return sect! After all, without our Baili family, would she have been able to marry into the heavenly return sect? Now that her status is too high and her wings have hardened, how could she possibly care about us?”

Xixi, it seems like you don’t hold much weight in your sister’s heart!

The Baili family’s young masters and young ladies usually couldn’t stand Baili Xi’s 3s-level aptitude and wanted to step on her. however, because of her talent, her grandfather and father did not allow them to go against her. they did not want her to have any bad thoughts about the baili family. After all, in the future, the Baili family would still need to rely on such people to carry forward its development.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3345

However, things were different now.

Seeing that the old master and the whole family were so angry, they also took the opportunity to vent their usual grievances.

“Xixi, you said it yourself that if your sister could marry into the heavenly return sect, she would definitely earn more spirit stones for the Baili family. If it wasn’t for what you said, Grandpa would never have let your sister marry into the heavenly return sect. Now, the heavenly return sect gave it to your sister. It’s like throwing a meat bun at a dog, never to return. If I knew this would happen, why didn’t grandfather marry someone else?”

Baili Xi looked at them one by one, his heart filled with hatred.

To be honest, in this generation of the Baili family, other than her, Baili Xi, the daughter of the first wife, who was a 3s-level genius, only her third uncle’s illegitimate son was a 3s-level genius.

The most powerful offspring of the other legitimate sons and daughters were only S-Class.

Looking at these people who were eager to see the world in chaos, Baili Xi could only cry to Baili Ren, who had a dark face, “Grandpa, you know how good my sister is to me. she could go to glory planet to deliver spiritual stones for me, and she could also marry into the heavenly return sect for me. who knew that she would suddenly ignore me? I’m also very puzzled, could it be that someone bad-mouthed me in front of big sister, causing big sister to dislike me?”

Baili Ren immediately looked at his grandchildren.

those who had been badmouthing baili xi just now were all silent. baili meng was the first to speak, “Grandpa, you know that I can’t do such a thing.”

“I can’t do it either!” Baili Qian immediately added.

The other siblings also said that they could not do such a thing. Baili Ren’s expression turned slightly better, and he said to Baili Xi, “Although the Baili family has always been competitive, everyone still hopes that the Baili family can be better. Although Bai Liyue is your sister, it’s a good thing for everyone that she can earn more spirit stones. They don’t have to defame you behind your back.

This matter should have been caused by the people of the heavenly return sect in order to make Baili Yue give up the idea of working for the Baili family in the future. But no matter what, the Baili family raised you and your sister, not for you to turn your back on them. the cultivation resources that you've obtained in the baili family all these years are things that meng 'er and qian' er can't get.

If you want better resources in the future, you'll have to persuade your sister to send at least 100 purple spirit stones or 1000 Blue Spirit stones every month. If you can't, I'm afraid I'll give you a huge discount on your future cultivation resources."

Baili Xi looked at Baili Ren in disbelief and cried, " "Grandpa, I don't know which bitch made my sister dislike me. My sister has always been an opinionated person. She has already made up her mind about me, so how could she easily change her mind?

Besides, no matter what, I'm a 3S grade talent. Even without my sister, I can still support the Baili family in the future!"

Baili Ren shook his head. you have to know that we've invested so many resources on you for the past 13 years. It's because Baili Yue can bring at least spiritual stones to the Baili family every year. The spirit stones we've bet on you were all obtained by Bai Liyue from outside.

Although you have a high aptitude and are a legitimate son, but after all, the eldest brother has passed away many years ago and your mother has remarried. It is difficult to guarantee that you will not have second thoughts in the future."

Chapter 3346

3346 (X) 60

"Just like your sister. Therefore, rather than raising an ungrateful person in the end, it's better to give up now."

Baili Xi kept shaking his head, his face full of fear.

Her current strength was much higher than her two sisters, but if she didn't have the Baili family's support in the future, she would soon fall behind without the cultivation resources.

"No, no, no! Grandpa, I'm not an ungrateful person! Don't worry, I won't betray you or the Baili family. I'm different from my sister! Please believe me!"

baili qian said viciously, " "What's the Difference? You and your sister are both ungrateful!"

"no, i'm not!" Baili Xi retorted angrily.

"Why not? We're not blind, we can all see how well your sister has been treating you since you were young. She gave up her cultivation for you and went to glory planet. Now, she gave up her life on glory planet to get married for you. She was just incited to have a grudge against you, and you immediately betrayed her. You even betrayed your biological sister who was so good to you without any desire. How can Grandpa expect a person like you to remember the good that the Baili family has done for you in the future? Come on, when someone like you gains power, the Baili family will definitely be the first to be destroyed by you."

Baili Qian shut her mouth at Baili Ren's glare.

However, Baili Ren had also thought of Baili Qian's words.

He sighed and said, "Xi'er, don't blame your sister for looking at you like that." We've always been doing an equivalent exchange, as long as you can convince your sister to pay spirit stones to the Baili family every year. I don't need much, just enough cultivation resources for you and your brothers and sisters. In our Baili family, the strong are respected. If you can continue to cultivate until you become a top expert of the Baili family, then it's not impossible for you to surpass your second and third uncles and hand over the entire Baili family."

Baili Shi and Baili Yu's eyes darkened. They were detailed, and Baili Ren was a man of his word.

Baili Xi's mood improved slightly after hearing this.

"So, I don't care what you think of Baili Yue. Either you find a way to make her continue to work for you, or you find a way to make Baili Yue valuable to the Baili family. before that, the baili family will stop supplying you with spirit stones."

Baili Xi burst into tears again when she heard the last part.

She was going to create value?

She was only a 23-year-old child. How could she create value for the Baili family?

In the end, there was no other way. Baili Xi could only resign himself to his fate and go to find Baili Yue.

However, Baili Yue was not a fool. After severing ties with the Baili family, she did not meet Baili Xi again even when he came to look for her.

The days in the heavenly return sect were actually very relaxed and comfortable.

She loved martial arts, so even if the daily training was very tiring, Bai Liyue still enjoyed it.

The only thing she had to do for the heavenly return sect was to bathe Feng yanyue.

Because Feng Jiyue and Feng shengxuan had the same figure, Baili Yue treated him as Feng shengxuan. She didn't feel so awkward anymore.

However, Bai Liyue soon discovered something.

She had always thought that the reason why her strength had increased so quickly was because of the abundant Reiki in Moon House. Later on, she gradually discovered that there were thousands of purple spirit stones under the Super big bed and the floor of the moon House. It was also thanks to the spiritual power of the purple spirit stone that Feng Longyue had not aged for so many years.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3347

In order to improve her strength quickly, Baili Yue didn't let herself suffer at night. Since Feng Jiyue was in a vegetative state and had a quilt over her, she slept on the other side of the bed.

However, what made Bai Liyue feel strange was that the effect of these spirit stones during the day did not seem to be as great as the effect at night!

Moreover, Bai Liyue realized that if she dreamed of Feng shengxuan at night, her strength would definitely increase by a lot the next morning.

This also made Bai Liyue think to herself that Feng shengxuan was really her enemy. She had already arrived at Emperor moon, but she could still dream of him almost every night.

In just a short time, Bai Liyue had cultivated from a low-level inner sect disciple's mental cultivation method to a high-level intermediate mental cultivation method.

Even the high-level intermediate disciples were no longer Bai Liyue's opponent after half a month.

Other people used more than ten years, or even decades of time to cultivate, but it could not compare to Baili Yuehua's half a month of cultivation.

Although the fifth elder knew that Bai Liyue was not only a genius who had broken through to the SSS Level, but also a genius who had broken the testing device, he was also dumbfounded after seeing Bai Liyue's real cultivation speed.

young Madam, your mother is here with your brother and Baili Xi.

On the training field, Bai Liyue had just defeated another intermediate disciple when a servant came to report.

The fifth elder waved his hand and dismissed the disciple, " get down, get down. Any Tom, Dick, or Harry is here to disturb young Madam. Young Madam still has to practice martial arts.

Baili Xi had been here so many times, but Baili Yue had never seen him before. The fifth elder was still chasing him away.

The fifth elder didn't like the Baili family. As for Baili Yue's mother, the fifth elder disliked her even more.

"Yes." The disciple was about to go down, but was stopped by Bai Liyue.

"Let them wait at the foot of the mountain."

"Yes," the disciple replied.

Just as he was about to go down, Bai Liyue ordered, " "i'm going to prepare some snacks for the child."

"Yes."

The disciple left, but the fifth elder frowned.

"young madam, why are you still paying attention to them? Both your sister and your mother are vampires. You should cut off all ties with them as soon as possible."

Bai Liyue smiled,"I know very well how to treat them." However, I've never seen my younger brother before, so I'm going to meet him this time."

the fifth elder wanted to say something but stopped and sighed.

“Young Madam, if you’ve been bullied, or if you’re feeling uncomfortable, you can tell me.”

“I know,” Bai Liyue nodded. Thank you, fifth elder.”

initially, he had only wanted to help his young master find his wife. however, after spending some time with her, the fifth elder felt that he had started to love this girl more and more.

“I should. Who asked you to be the young Madam of the heavenly return sect?”

Bai Liyue continued to practice martial arts with the intermediate disciples of the high order of the inner sect. After defeating the remaining two people, she finally completed the learning of the high order intermediate cultivation method.

Tomorrow, he would be able to successfully start learning high-grade cultivation techniques.

Half a month’s life was enough for Baili Yue to easily jump between the iron chains of the heavenly return gate. Her jump had also increased from the initial 10 meters to 50 to 70 meters. One could see how freakish his growth rate was.

At the foot of the mountain, Liu susu frowned and asked the servant at heavenly Homecoming, ” “why isn’t she here yet? We’ve already been waiting here for an hour! Is she trying to intimidate us?”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3348

“Young Madam told the three of you to wait here for a while. She didn’t give any other instructions.”

“Mom, don’t be impatient. If sister finds out, she’ll ignore me even more.”

Just as Liu susu was about to explode, she was stopped by a serious-looking boy, ” “Mom, since sister said that she would come out, she will definitely come out. Sister Xi was in the wrong in the first place, and you’re here to help her. If you don’t even know how to put on a front, then what are you here for?”

Liu susu usually doted on her son very much. Even though she had a lot of dissatisfaction with her eldest daughter, her son had managed to calm her down with a few words.

that’s right, mom, ” said Baili Xi. it’s all my fault. Don’t be angry with sister. She’s only doing what she should do to me.

As she spoke, she was like a mistreated wife.

After all, Baili Xi was her daughter, and she was a 3S grade talent. Compared to Baili Yue, who was only an s-grade talent, Liu susu naturally preferred Baili Xi.

seeing that her younger daughter had been mistreated, she was even more unhappy. however, for the sake of her son, she was not biased.

“The young mistress has arrived.” Bai Liyue and her servants finally arrived.

Baili Xi had been going up the mountain every now and then for half a month, but he had never seen her. Now that he finally saw her, his eyes lit up.

“Sister, you’re finally willing to see me!”

Baili Xi hurriedly ran to Baili Yue’s side, trying to reach out to pull her, but she was shocked by the other party’s gaze. She could only say, ” “Sister, you’ve really wronged me! You haven’t been back for long, and you don’t know much about the things here. In addition, some people can’t bear to see us sisters being close, so they deliberately said bad things about me in front of you. Their goal is to sow discord between us. Sister, please don’t be angry with me, okay? Don’t ignore me, okay? i’m scared!”

Baili Yue looked at Baili Xi. Seeing her crying like a Pear Blossom with tears, she suddenly thought of the little white Lotus, Zhong Yingying.

Although Baili Xi was not the same kind of person as Zhong Qianqian, she would still think of Zhong Qianqian whenever she saw her ever since she returned.

Bai Liyue smiled. it’s not like you’re a child that no one wants. What’s there to be afraid of? ”

Baili Xi shook his head desperately. no, no! I won’t! I want my sister! Sister, our Father died early and mother remarried. We’ve been relying on each other. Even if you want to blame me, you have to show evidence. You don’t even have any evidence, yet you just listen to other people’s rumors and beat me to death with a stick. I’m not convinced!”

Baili Xi’s voice was very loud, and there was a strong sense of grievance in his voice.

However, Bai Liyue just looked at her and said lightly, ” “Relying on each other? But I wasn’t in Emperor moon for 13 years, and you’re still alive and well, aren’t you?”

“I’m living so well because my sister gave the Baili family spiritual stones on glory planet! if you don’t give them the spirit stones, they won’t care about me at all!”

“So, what you mean is that I’ll continue to take care of you. For the sake of your good life in the Baili family, I’ll continue to take care of the Baili family?”

The young man, who had been silent all this while, couldn’t help but tease her, making Bai Lixi blush.

“sister, i didn’t mean it that way. i’m yingluo.”

“if that’s not what you mean, then what do you mean? You’re already so old. The other girls from poor families go out on missions to earn spirit stones, but you’re just sucking your sister’s blood.”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3349

“Now that big sister is ignoring you, you’re still acting like you’ve been greatly wronged. What right do you have to be so aggrieved? Were you the one who’d been out there trying to earn spirit stones for the past 13 years?”

The young man continued to argue.

Tears welled up in Baili Xi’s eyes, but Baili Yue couldn’t help but smile and ask, ” “Do you understand? Even a 12-year-old boy can see things more clearly than you, so how can you still have the face to cry in front of me?”

baili xi's face was pitiful. seeing that baili yue's face was still cold, she turned around and shouted at the young man, " "Wei Yunjie, are you here to help me or to sing a different tune? I'm despised by my sister, and she's been angry at me and ignoring me. You're happy, aren't you?"

Liu susu, who had been in shock since Baili Yue's appearance, snapped out of her daze and said to Baili Xi unhappily, " "You child, how old are you and you're still so fierce to your brother? Doesn't your brother treat you well?"

Baili Xi hated her mother's bias to death, and her tears kept falling.

"Did you hear what he said about me just now? What are you guys here for? Are you guys here to help me or to mock me? What did I do? I was so happy to see big sister come back, but big sister just ignored me for no reason. I invited you guys to help me persuade, but in the end, you guys ridiculed me. Are you going to be happy if I get kicked out of the Baili family by Grandpa? Wuwuwuwu!"

baili xi looked at baili yue and said pitifully, " "Sister, will you come back to the Baili family with me? Grandpa said that if you don't return to the Baili family, they won't care about me anymore. I'll f * ck you!"

when I was chased out of Emperor moon by the Baili family, you weren't even born yet. At that time, mom had just gotten pregnant with you. You should be 12 years old now, right? "

Baili Yue didn't listen to Baili Xi's crying complaints anymore. While she was still talking, Baili Yue looked at Wei Yunjie.

Wei Yunjie had never met Bai Liyue before, and he had rarely heard her mother and second sister talk about her. This time, they talked more about it. The mother and daughter also thought that eldest sister suddenly stopped working for second sister. The two felt that she was not loyal. After talking at home for a long time, they had a preliminary concept of eldest sister.

However, the moment he saw his sister, Wei Yun Jie immediately became a little fan.

what s-class trash?

How could an [S] class trash have such bright eyes? To be able to have such a strong aura in a sect like the heavenly return sect?

Even if his big sister was only an [S] class, he still felt that she was extremely powerful.

Now that his sister asked, Wei Yunjie immediately jumped up.

"Hello, big sister. I'm 12 now, and I'll be 13 next month. I'm Wei Yunjie. Thank you, sister, for having people prepare so many delicious foods for me. These are all my favorite snacks. Sister, how have you been on glory planet all these years?"

A smile finally appeared in Baili Yue's eyes.

After so many years on glory planet, neither Baili Xi nor her mother had asked her how she was doing. Instead, it was the younger brother who she had never met who asked her for the first time.

"Not bad," Bai Liyue nodded.

"I heard that even though the spirit Qi there isn't as abundant as ours, the technology there is quite advanced. You can blow up an entire city with just one bomb?"

"Yes, I am. Not only can it destroy a city, but it can also blow up all the people inside, even the people around it, or the future generations of the city may also suffer from serious radiation and suffer from blood diseases."

"What kind of disease is it? what are the symptoms?"

for example, leukemia is a disease where the blood flowing in the body can't be regenerated. A slight touch or even no touch will cause the bleeding to stop, until the internal organs completely fail due to blood loss and the patient dies.

"heavens! it's that powerful?"

Bai Liyue nodded.

"Then why did they call glory planet a trash planet? In my opinion, the glory planet is also a very powerful planet! Even though the humans there don't think about cultivation, they're living in a different way."

"Well said," Bai Liyue nodded. She had never thought that glory planet was a trash planet.

"Since weapons are so powerful, isn't it also powerful for humans to kill each other? If a bomb could kill an entire city and harm their descendants, did that mean there were very few people on glory planet? Reproduction is very difficult?"

Bai Liyue shook her head. that won't happen. The weapons used on glory planet are powerful, so there are conventions and laws between countries and within each country. No one dared to use such a weapon without permission.

Glory planet is much bigger than Emperor moon planet, and Emperor moon planet is only one-tenth the size of glory planet. Those bombs are not only powerful, but they also have a long range. For example, if you want to blow up heaven city, the range of the bomb can fly to and from heaven city twice."

Lil 'brother Jie was like a curious baby, his eyes were wide open and his face was full of interest. As he listened, his mouth formed an O shape and he couldn't help but say, " "Heavens! This was too heaven-defying! Even the devil cult's Cult Master and the immortal sect's immortal Governor couldn't do this!"

"Yeah," Bai Liyue nodded. Besides, your country has such a bomb, and my country also has such a bomb. So, are we going to use it or not?"

"If you dare to use it, I dare to use it too." Lil 'Jie nodded. However, this would result in both sides suffering. Under everyone's restrictions, no one dared to use it. "

"Yes, that's the logic."

From the moment Baili Yue appeared until now, she didn't say hello to her mother, nor did she pay attention to her sister. Instead, she chatted happily with her half-brother.

Liu susu didn't think much of the two's conversation. She was happy to see her elder daughter treat her son well. After all, her elder daughter had a great fortune in the heavenly return sect.

However, Baili Xi was not happy.

"Wei Yunjie, are you here to chat with your sister?"

Wei Yunjie heard about all kinds of cars from bombs, then from cars, he heard about ships with a large capacity. Then, he heard about all kinds of combat planes in the air, even nuclear submarines, and all central control satellite engines.

Just as he was engrossed in the conversation, he heard Baili Xi's question, and his face turned blank. "If I'm not here to chat with my sister, then what am I here for?"

"You're here to speak for me!" Baili Xi stomped her feet in anger. you're here to help me tell my sister that i've never betrayed her, so she'll believe me. "

Wei Yunjie looked as if he had seen a ghost.

"How do I know if you've betrayed my sister? Why should I help you? you only looked for mom, so mom should be the one to persuade you. what does it have to do with me?"

Baili Xi looked at his underling in shock. "Wei Yunjie, are you crazy? Do you even know what you're saying?"
