Chapter 3381

The 3rd elder was furious because he realized that even he had fallen into the other party's trap. He could no longer see anything.

he had traveled the four seas and could be said to be all-powerful, but he had never thought that one day he would actually sail in a ditch.

Bai Liyue, if you have the antidote, hand it over quickly. Otherwise, the people of my cloud life sect will not let you off even if they become ghosts! The third elder was so angry that he almost roared out those words.

Originally, when he encountered such a thing, he should have directly rushed up and killed Bai Liyue. However, this woman was too strange. They didn't know what it used, but it blinded their eyes.

As a result, it was impossible for him to think normally now that he was blind.

The key was that they were more afraid that this woman had other evil things on her that could not only blind them in an instant, but also kill them here.

"lady feng, what did you do to them just now? If you have the antidote, then hand it over! They are the distinguished guests invited by my flowing cloud sect! It's the eldest lady of Yunsheng gate and their third elder!"

Seeing the confusion on Bai Liyue's face, as if she didn't know anything about Yunsheng sect, tunnel could only explain, "Yunsheng sect is the sect in charge of Yun city, just like the heavenly return sect. they were even stronger than the heavenly return sect! Even if you're the young lady of the heavenly return sect, don't forget who's the sect leader now. you've made such a big enemy for the heavenly return sect. i'm afraid that the heavenly return sect won't tolerate you in the future!"

Just as Baili Yue was about to speak, Lao Ai spoke.

"Ha, what big words. Are you trying to scare a little girl who doesn't understand the world? sect leader qin, why don't you argue with me, from which aspect did you see that yunsheng sect is more powerful than heavenly return sect?"

After saying that, Lao Ai said to Bai Liyue, "young Madam, don't worry." I can guarantee that Yunsheng sect is not as powerful as heavenly return sect. If you don't believe me, you can offend Yunsheng sect to the death and then let them take revenge. At that time, you'll see whether Yunsheng sect or heavenly return sect is more powerful."

Qianqian's words not only shocked everyone, but also angered the people of the flowing cloud sect and Yunsheng sect. Even Baili Yue was shocked.

She knew that the heavenly return sect was very powerful. After marrying here, she had also witnessed the overbearing and protective nature of the heavenly return sect.

However, apart from Emperor Xun, who once stood at the top of glory planet, the heavenly return sect was the second sect she had seen who dared to protect their own people to this extent and be so aggressive.

“son, don’t speak such arrogant words!”

qin feng was simply angered to death. he angrily rebuked, “You’re just a disciple of the heavenly return sect. What right do you have to comfort her like this? You speak as if you’re the sect master of the heavenly return sect and you can make decisions for her. ”

“Although he’s not the sect master of the heavenly return sect, our young Madam is the master of the sect. He’s right, even if our young Madam has offended the people of that sect, if they want revenge, they can come to the heavenly return sect. Since we, the heavenly return sect, have the courage to become the gatekeeper of heaven city, we will not be afraid of the provocation of any power. Those people who humiliated my young Madam, don’t they allow me to slap them in the face? Sect leader Qin had lived in a corner for many years and seemed to have forgotten the foundation of his sect. If you’ve forgotten, I don’t mind teaching sect leader Qin how to be a giant and make your sect flourish.”

Chapter 3382

The second elder spoke in the same way as the third elder, but his strength was clearly much higher than the third elder’s. This was because everyone could feel that this person’s voice was deeper and his internal energy was more profound.

It wasn’t until that person appeared from another direction that everyone could see clearly. Wasn’t that the high and mighty sect leader of the heavenly return sect?

The reason why everyone was so afraid of the heavenly returning sect was not because of the young master who had been in a coma for decades, but because of the so-called second elder, the actual sect leader.

because the heavenly return sect was founded by him, everyone was afraid of the heavenly return sect, but in fact, they were only afraid of the few elders led by him.

Perhaps the young master of the heavenly return sect was a more powerful existence, but this was not important because in their hearts, the heavenly return sect was the second elder’s heavenly return sect.

But now, the sect leader of the heavenly return sect said that Bai Liyue was their master!

This was completely placing himself in a lower position than Bai Liyue.

Everyone thought that the heavenly return sect had randomly found a woman to marry their young master just to relieve their happiness. But now, seeing the second elder, who seemed to be very slow, “ slowly ” walked more than 20 meters in one step to Bai Liyue’s side and even cupped his hands to salute her, everyone was shocked.

This included the sect master of the flowing cloud sect.

however, the one who was the most shocked was baili xi.

she had never expected that the person who was usually so high and mighty that even the old master of the baili family would not even spare him a glance would bow to her sister who had nothing and knew nothing.

She also wanted to have such treatment and height!

She should have been the one to marry into the heavenly return sect!

“Young Madam!”

Bai Liyue had already gotten used to the second elder’s courtesy in the past two months.

Originally, she thought that the second elder was just putting on an act. She didn’t expect that not only the second elder, but all the elders of the heavenly return sect really treated her as their master.

Therefore, Bai Liyue still had a sense of belonging to the heavenly return sect.

At least, she couldn’t remain indifferent after someone had slapped the heavenly return sect in the face.

Bai Liyue nodded at the second elder. After the second elder saluted, he then looked at the dumbfounded Qin Feng and the stunned Qin Luo with a provocative look.

“Second elder, it’s you. We, the flowing cloud sect, are really wronged! You can ask Lady Feng. We didn’t do anything, but the heavenly return sect won first place today. She was about to leave when the third elder of Yunsheng sect came. Lady Feng had blinded the eldest miss and the third elder of Yunsheng sect just because she had said something unpleasant. They’re guests in heaven city, but if they go back and become blind, how are we going to explain it to Cloud City? If it was just two sects fighting to the death, it would be fine, but if it rose to two cities fighting to the death, then it would be hard on the people! That’s why I’m asking you to hand over the antidote if you have it. Perhaps the way I spoke was a little inappropriate and offended Lady Feng. I ask for second elder’s forgiveness.”

The reason why sect leader Qin dared to be so arrogant in front of Bai Liyue was that he looked down on her. He wanted to take advantage of her low status and high status to step on her.

But he didn’t expect to directly step on the second elder.

Not only that, but even when Bai Liyue got into such a big trouble, he still helped her. This might be a little different from the information she had received.

Chapter 3383

Therefore, Qin Feng quickly exaggerated the matter and at the same time, he could clear himself of his mistakes.

“A war between heaven city and cloud City?” The second elder sneered at the eldest lady and the third elder of Yunsheng sect and said, “I’m afraid Yun Tianyu wouldn’t be so stupid as to start such a huge war for these two troublemakers. However, I’m not afraid of him. Go ahead and complain to your sect leader, I’ll just wait for him in heaven city.”

The third elder's eyes were still in pain. He didn't expect to die before he could even teach his opponent a lesson. Not only did he fail, but he was also threatened. "Feng Luan, don't go too far!" He said angrily.

The second elder laughed, "if you hadn't been the one to bully us first, how could you be blind now?" If you have the guts, then don't stir up trouble. Since you want to stir up trouble, you should know the rules of the martial world. If you can't become a top class, you'll have to pay for it sooner or later. Miss Yun, if you want to blame someone, blame the third elder for not taking good care of you. Our young madam has a bad temper, so don't provoke her again in the future. Otherwise, it won't just be your eyes that will be gone next time."

In any case, no matter how the third elder of Yunsheng sect threatened him, the second elder would stand on Bai Liyue's side no matter what. He didn't show any displeasure or dissatisfaction at the fact that Bai Liyue had blinded him just because he had said two words.

On the contrary, he even felt that Baili Yue had done a good job.

It was all because those people didn't have eyes.

Therefore, everyone had truly witnessed Bai Liyue's status in the Heavenly Return sect after the conversation.

The seventh elder was especially regretful that his son had offended Baili Yue.

Yunsheng sect's eldest miss and third elder were so angry at Feng Luan's words that they didn't know what to say.

'So they just think that you deserve to be blind, who asked you to have a cheap mouth?' Even if Yunsheng sect wanted to take revenge on them, they wouldn't think much of it.

No matter how powerful the third elder was, could he defeat the sect master of the Heavenly Return sect? Could he be the master of Yunsheng sect?

Obviously not.

After the second elder finished speaking, he looked at Bai Liyue and asked, "Young Madam, are you leaving?"

Yes. Bai Liyue nodded. The Heavenly Return sect won first place. We're about to leave.

"Then let's go." The second elder nodded.

"Yes."

Bai Liyue only turned to look at Qin Feng after she had walked a few steps away with the second elder. She looked at Qin Feng until his scalp turned numb. Then, she said to the third elder of Yunsheng gate, "That thing doesn't need any antidote at all. It will only make you unable to open your eyes for 10 minutes. This thing was called a teardrop, and it only stimulated the eyes without causing any harm. It's been nine minutes. In about one minute, your eyes will be fine.

There's no shortage of people in this world who love to install pens, but before you install pens, you should still judge the situation. Don't install all kinds of pens. If you install too many, you might lose your life."

After that, Bai Liyue was ready to leave.

When she heard that she wasn't blind at all and was just provoked, the Missy of Yunsheng gate lost her temper.

A strong sense of anger, as if he had been played.

"Baili Yue, what's so great about you? she's just a young lady from a small family who was chased out since she was young. she's just a wild woman who grew up outside for more than 10 years."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3384: [fan] 98

"Now that you've come back, you're capable of anything. You're relying on the heavenly return sect to bully others. If you have the ability, when my eyes recover, come and fight me!"

Bai Liyue stopped again and turned to look at the young lady of Yunsheng gate.

"You're relying on the heavenly return sect? To be honest, the hidden weapon was invented by the humans on planet glory that you looked down on. I, Bai Liyue, never bully others. I just like to slap the face of despicable people.

And who are you? Why do I have to compete with you just because you want me to? this lady, do you have some misunderstanding of your identity? you're the young miss of yunsheng sect, not my young miss."

"then you just don't dare to compete with me! I'm the same age as you, but I dare to compete with you, and you don't dare to compete with me. You're a coward! You're just afraid of losing! A young lady of the heavenly return sect who doesn't even dare to admit defeat, what a disgrace!"

The woman's words successfully made Bai Liyue stop.

The second elder said to Bai Liyue, "young Madam, ignore her." It's not up to them whether you will bring shame to the heavenly return sect, but us."

after saying that, the second elder looked at the ten people behind baili yue and asked, " "did young madam embarrass us?"

"No, I didn't!" The ten of them said in unison.

Then, the second elder rewarded the ten people with a look of satisfaction.

Baili Yue:

Everyone was speechless.

actually, it's not about me being embarrassed or not. Since this girl still doesn't realize who's the one who's embarrassing herself, I don't mind letting her experience it.

At this moment, Bai Liyue was still wearing glasses, so she could clearly see all the weaknesses and strengths of the other party.

Although this young lady was arrogant, it had to be said that at her current age and the height she had reached, no disciple of the heavenly return sect could reach it.

those who were more powerful than her were older than her. The one who was the same age as her was only a junior inner disciple of the heavenly return sect. It was just like Wu ni.

This woman must have reached the initial stage of the advanced inner sect of the heavenly return sect.

However, compared to her, he still seemed to be a little lacking. Therefore, Bai Liyue didn't feel any burden.

Previously, Qin Luo and the others were indeed a little different from her, so she didn't want to show off. Now that the other party had come to slap her in the face, she had no reason not to help the other party retreat from the divine light.

"How do we compete?"

Seeing that Baili Yue had actually agreed to compete with her, the eldest miss's face revealed a triumphant smile.

This young Madam probably saw that she was of the same age as her, so she thought she was no different from those idiots, or even weaker than them.

"Same as before, a group arena." "regardless of life and death," he added.

Just as the second elder was about to speak, Bai Liyue interrupted, " "So you might as well say you want to beat me to death in the arena."

even the third elder by her side said in disagreement, " young miss, although Lady Feng is unreasonable, Yunsheng sect shouldn't be too aggressive. We can just teach her a lesson. You don't have to fight Lady Feng with your true strength. Lady Feng might not be able to take a real hit from you.

The young lady's eyes flashed with mockery. "Alright, for the sake of peace between the two sects, I'll take it easy and fight. I'm afraid that heaven city will launch an attack on our Yun city if we injure the young mistress of the heavenly return sect. "

Chapter 3385: [fan] 99

Now that 10 minutes had passed, the discomfort in everyone's eyes had slowly improved, and they could see things more clearly.

She had not seen Bai Liyue's appearance in the forest before, but now that she had seen her, a touch of deep hatred flashed in the eyes of the young lady of Yunsheng gate.

Although she thought that she had concealed it very well, Bai Liyue had caught it in an instant.

Bai Liyue glanced in the direction of Baili Xi.

Baili Xi, who was watching from the side, felt her heart skip a beat when she met Baili Yue's eyes.

She could feel her heart skip a beat.

This feeling ...

it was as if his secret had been peeked at.

Baili Xi's head felt numb and his ears buzzed from the look that seemed to have a deeper meaning.

But she still pretended to be calm and looked over, trying to look very concerned and worried.

Baili Yue's cold gaze swept past her and then turned back.

"since this young lady from yunsheng sect is so confident in herself, then come and try. In any case, you and I are about the same age, so even if there is a gap, it shouldn't be too big."

everyone was about to die of laughter from bai liyue's words.

Emperor moon was now divided into four sects, eight families, and 72 factions.

The four gates were the sects that controlled four important cities. For example, the heavenly return sect was one of them, and so was the cloud life sect.

The only ones that could be compared to the "four gates" were the "eight". These "eight families" were all families, but they were the top families on Emperor moon. The Baili family and the Wei family could only be ranked in the hundreds.

Under the "four sects" and "eight families" were the "72 sects".

as one of the top sects in heaven city, the flowing cloud sect was ranked among the 72 sects.

Of course, among the sects that were invited today, other than the flowing cloud sect itself, which was among the 72 sects, the other sects were not among them.

It wasn't that heaven city didn't have any sects that could be ranked among the 72 sects, but those sects that could be ranked among the 72 sects had very sensitive relationships with flowing cloud sect. In order to not get involved with these relationships and achieve the two sects' common development, flowing cloud sect generally wouldn't provoke these sects.

But then again, the flowing cloud sect didn't even dare to provoke the other 72 sects, but they went to provoke a behemoth like the heavenly return sect. They didn't want to go against the heavenly return sect either.

The reason why sect leader Qin Feng invited the heavenly return sect with great hospitality but also slapped the heavenly return sect's face was entirely because Yunsheng sect had gone crazy and had to provoke the heavenly return sect.

Although the flowing cloud sect was located in heaven city, it was a sect that was supported by the cloud city's cloud life sect. if yunsheng sect wanted to use him to deal with heavenly return sect, he really had no way at all. he could only brace himself and do it.

Therefore, a sect that could be compared with the heavenly returning sect had strength and the martial arts moves and secrets that were absolutely impossible for ordinary sects to have.

yunsheng sect's young miss and tianhui sect's young madam, although they were equal in status, the young miss must have received the sect's greatest cultivation since she was young. how could a person who had just married into the tianhui sect for two months be compared to her? Not to mention that Bai Liyue had spent 13 years on glory planet, neglecting her cultivation.

they were not on the same level at all.

However, Bai Liyue actually used her age to make a comparison, thinking that the eldest miss might be about the same age as her.

What was she thinking?

Chapter 3386: [x] 100

When the eldest miss Yun Miaomiao heard Baili Yue's words, a mocking smile appeared on her lips. She nodded, " yeah, we're about the same age. Maybe you're even better than me.

"isn't this how it should be?" After saying that, Baili Yue turned around and walked toward the ring with a confident look.

Not to mention anything else, just in terms of imposing manner, he had already surpassed Yun Miaomiao by quite a bit.

yun miaomiao couldn't help but chuckle. she simply didn't know what to say to this ignorant woman's stupidity.

It was only when Yun Miaomiao was already standing on the stage that he said, " Bai Liyue, I know that glory planet is a planet that likes to use external forces, but this is an arena. You have to rely on yourself to fight in the arena. There are so many martial artists here as witnesses. Don't even think about using any hidden weapons.

"Don't worry. I don't need to use my weapon to fight you."

yun miaomiao sneered. " did you know? underestimating your enemy is often the most fatal thing. "

After saying that, Yun Miaomiao had already soared into the air and kicked Bai Liyue with lightning speed.

The power of that kick was accompanied by a strong wind as it swept towards Bai Liyue.

This kick was very simple, and there was no technique to speak of, but it carried the power to break through an Army of ten thousand. Even Qin Luo could not help but widen his eyes.

Baili Xi looked at the kick nervously, his face anxious, but his eyes excited.

If this kick had landed, Bai Liyue wouldn't have been able to do anything.

Bai Liyue had already seen the direction of the flow of the spiritual energy in the other party's body through her glasses before he even moved.

in other words, when the other party had just made such a plan, bai liyue had already known that the other party was going to use his leg, which leg. After using her leg, she would attack where her weak spot was.

"Be careful!"

The second elder didn't expect that Yun Miaomiao from Yunsheng sect would use so much spiritual power even though she agreed to spar on the surface. Although she had confidence in Bai Liyue, she was afraid that Bai Liyue would be injured if her kick landed.

However, just as he said "be careful," the third elder of Yunsheng gate had already blocked him.

Did this idiot think that he was going to save someone?

in a battle between martial artists, even a slight delay would delay the entire battle.

seeing that the second elder had lost the best opportunity to save bai liyue, the third elder of yunsheng gate moved aside and let the second elder save her.

from such a long distance, even if he flew over to save her, bai liyue would be kicked.

However, the second elder only rushed to the front of the third elder and blocked his view. He did not move.

just when everyone thought that bai liyue would be kicked to death, bai liyue's body just slightly tilted when the kick came. she hugged the other party's right leg and used her momentum to move to the right and kick.

With a crack, Yunsheng gate's young miss let out a scream and was kicked in the butt by the other party, sending her flying.

when the third elder of yunsheng gate heard the shout and looked at the ring in shock, he found that his eldest miss had been kicked off the ring by bai liyue.

"Young miss!"

The third elder let out a cry of surprise and flew up. After catching Yun Miaomiao in mid-air, he landed.

"Ah, it hurts!"

Seeing Yun Miaomiao's pale face, third elder took a look and realized that her eldest young miss 'right leg was bent at a strange angle.

The third elder looked at Bai Liyue in shock. At this moment, Bai Liyue was standing high up in the arena, like a queen.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3387: (Plot) 101

he said, "we agreed not to kill, but the eldest miss of Yunsheng sect seems to be going back on her words." Originally, I was only planning to kick you off the stage, but because of your actions, I'll break one of your legs. You can feel the pain, and next time, remember to forgive people when you can."

With that, under everyone's shocked gazes, he jumped off the ring and walked to the second elder's side, saying, "Second elder, let's go."

"Yes," the second elder responded respectfully with cupped fists.

Then, under everyone's surprised gaze, Bai Liyue and the heavenly return sect gradually faded out of sight.

"Xi 'er, didn't you say that your sister only has the strength of an [S] class?" Wei Yunsheng asked in surprise.

Baili Xi was dumbfounded. He stared in the direction of Baili Yue's message, his face full of disbelief. He did not hear Wei Yunsheng's question.

At this moment, Qin Luo also walked to her side. On one hand, he was really confused. On the other hand, he wanted to get closer to her. "Miss Baili, hasn't Lady Feng been staying on planet glory? Why was her skill so profound that she was able to knock miss Yun off the stage with just one move? Was her aptitude Grade S? Or did she not go to glory planet all these years, but learned from an Almighty?"

Many people knew the strength of the eldest miss of Yunsheng sect.

Not only did she have 3S level strength, but she was also the daughter of Yunsheng sect's leader. The things that one could learn from a young age were completely different from that of ordinary people. Therefore, Yun Miaomiao's strength was not something that Qin Luo could compare to.

However, such a person couldn't even last one move in the hands of Bai Liyue.

So, where did Baili Yue learn martial arts? Who was her master?

It was originally a rookie selection competition held once every ten years by the flowing cloud sect to compete for the top ten of the rising stars of heaven city.

At the same time, Yunsheng sect provoked the heavenly return sect again.

In the end, not only did their provocation fail, but everyone was also shocked by Bai Liyue's kung fu.

No wonder Baili Yue had said at the beginning that no one was worthy of competing with her.

It turned out that this was not an excuse that he did not dare to compete, but the truth.

Bai Liyue's appearance had left an indelible impression on all the rising stars of heaven city.

Baili Xi was Baili Yue's younger sister, and many people who were familiar with the Baili family knew that Baili Yue was kicked out of the family after her father's death because of her poor aptitude. She was paving the way for her sister with SSS aptitude.

In the end, after 13 years of paving the way, his sister only got third place with the support of the Wei family's young master, but Bai Liyue directly surpassed the first place and beat up the eldest miss of Yunsheng gate.

Yun Miaomiao let out an angry roar after Bai Liyue left. She glared at the place where Bai Liyue had left.

The third elder quickly got someone to help the eldest miss up while he said to Yun Miaomiao, " "Young miss, I'll knock you out first, then help you suppress your bones."

Yun Miaomiao was so angry that she angrily said, " "I don't want to be knocked unconscious. You just have to suppress my bones like this!"

"Eldest miss, why do you have to do this?" third elder said, his heart aching.

Looking at the people who were looking at Bai Liyue's back, the third elder couldn't help but ask, " "What kind of deep hatred do you have with the young lady of the heavenly return sect? you just had to drag me here to kill baili yue. Fortunately, she didn't die today. If she had died, I would have lost a layer of skin! Young miss, what kind of enmity do you have with her that can't be resolved? you can tell the sect leader directly. It's really not good for us to just waste time like this!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3388:

"Before, I also thought that Bai Liyue was arrogant. We hadn't even appeared and she had already injured us with hidden weapons. But you clearly tried to kill her just now, and she only broke your leg and kicked you. I think if Yingluo didn't have a grudge against you for killing her father and snatching her husband, we really don't have to do this."

"You shut up!" Yun Miaomiao was so angry that she cried, and even her eyes turned blood red from hatred.

The third elder had watched Yun Miaomiao grow up. Although she was the eldest miss of Yunsheng school and was appreciated by the sect leader, Yunsheng school had more than one legitimate child. The eldest miss had two younger brothers, one of whom also had 3S grade aptitude.

In addition, the relationship between the three siblings was getting more and more delicate. He really didn't want anything to happen to the eldest miss.

Most importantly, the young miss was not usually such an irrational person!

ai!

with a miserable cry, third elder fixed yun miaomiao's broken bones.

Bai Liyue followed the second elder back to the heavenly return sect in a good mood.

If it wasn't for the sake of saving the face of the heavenly return sect, she could have fought with the young lady for a while longer. After all, she was the young lady of Yunsheng sect, so the martial arts and mental cultivation methods she used were definitely different from those of ordinary Yunsheng sect disciples. Although her current strength could not be compared to those elders, it was still very good to learn some mental cultivation methods from the eldest young miss.

However, she did not regret it.

The heavenly return sect made her, who was isolated and helpless, feel at home. She was also a protective person, so no one was allowed to speak ill of the heavenly return sect in front of her.

When he returned to the heavenly return sect, the fifth elder was already waiting at the door with a smile.

Seeing the fifth elder's smiling appearance, the corners of Bai Liyue's lips, which usually didn't like to smile, couldn't help but hang a smile.

young Madam, did you learn anything good from the rookie selection competition today? "

"I've benefited a lot," Bai Liyue nodded.

After that, Bai Liyue told the second elder about what had happened in the flowing cloud sect today to the other elders.

the elders frowned when they heard this.

"Cloud City and heaven city are close to each other, and the relationship between the two sects has always been good. yun tianyu is a good man. why would he suddenly target our heavenly return sect?" The sixth elder couldn't understand.

"Does Yun Miaomiao eat too much? our young madam didn't provoke her, and she wants our young madam to die? Do you think the heavenly return sect is a pushover? Feng Kun, send a letter to Yun Tianyu immediately. No, call him immediately and ask him if he wants to start a war with the heavenly return sect. If that's the case, I'll go to Yunsheng sect tomorrow and turn it upside down!" The fifth elder had already held a grudge against cloud life sect and was planning to cause a scene there.

The other two elders' expressions were not too good either. Looking at the second elder's expression, it seemed that he really intended to agree with the fifth elder's approach.

He thought for a moment and then nodded. "Alright, then I'll run!"

Seeing this, Bai Liyue quickly stopped him.

"Second elder, elders, I have something to say."

"young madam, if you have any suggestions, please tell me. The young master said that his wife is the ruler of the heavenly return sect. "

Baili Yue,"Yingluo is here again."

"I want to say that I have never met the young miss of the Tianhui sect, so she has no need to hate me. I guess she hates me so much because we didn't meet in the right way. Maybe it will be better the next time we meet?

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3389: (X103)

Although I've been on glory planet for 13 years, I've heard of Yunsheng gate. After all, it's a sect that is on par with our heavenly return sect. We shouldn't offend them. I've also taught that young miss a lesson today. I don't think she'll come looking for trouble with me in the future."

None of the four elders agreed with Bai Liyue's words.

"Young Madam, the kind are often bullied!"

"Fifth elder, do you think I'm the kind of person who would be easily bullied?"

"No," the fifth elder shook his head.

"But young Madam, Yun Miaomiao is testing your bottom line! you don't even know her and she came to provoke you. if we let her go, they might go even further next time."

the sixth elder agreed with the eighth elder and nodded, " "This is no longer a matter of your honor, young Madam. This is a matter of honor for the entire heavenly return sect. if they bully you, it's equivalent to slapping the heavenly return sect in the face. For so many years, the heavenly return sect has been pursuing the principle that whoever slaps our face, we will return it ten times. That's why there aren't many sects that dare to mess with us."

The second elder also nodded,"that's right." Young Madam, don't worry. Although you're already learning the high-level inner sect cultivation methods of the heavenly return sect, after you've finished learning the high-level cultivation methods, there are still the inner force cultivation methods of the personal disciples. Our heavenly return sect is definitely not something those broken sects can compare to."

Bai Liyue nodded and said,"I understand, elders." " the heavenly return sect has such a strong style and perseverance among the four major sects that other sects and families don't dare to provoke us. we must have the capital to establish our sect. however, i really don't think it's as serious as everyone thinks. Why don't we wait for Yunsheng gate's reaction in a few days? A few days would not delay much. Perhaps this wasn't Yunsheng sect's sect master's idea?"

Since Bai Liyue had said it again and again, the elders couldn't say anything, so they could only agree.

On the way out, fifth elder had even said that she was too kind.

After they left, seeing that there were only the two of them, Bai Liyue asked, " "Fifth elder, did you manage to steal the thing I asked you to steal?"

"Of course!" With that, the fifth elder took out three space rings from his own space ring and said, " "According to the information you provided, there really are three. But you only asked me to steal this. Without her help or her blood, this thing can't be opened."

bai liyue smiled. " it doesn't matter. i just want her to be aggrieved. i don't care about the things inside her, so i'm sorry. "

bai liyue threw the ring in her hand directly to yue feng.

Under the moon peak was the water current. If he threw it away, he would probably never find the three rings again.

"young madam, you asked me to steal things just to throw them away?" the fifth elder's mouth twitched.

"You know that I don't like her, so I'm just making things difficult for her," said Bai Liyue with a smile. The main reason I invited you is that it's the Baili family's house. Baili Ren's martial arts is strong, and I'm afraid that others will find out. If people find out that the heavenly return sect went to steal from the Baili family, wouldn't that bring shame to the heavenly return sect?"

Seeing that the five elements elder still felt that he was wasting his talents, Bai Liyue smiled and said, "Fifth elder, when I was learning high level mental cultivation techniques and moves, I also found a loophole."

Chapter 3390:

"How is that possible? This was impossible! The high-level mental cultivation method and technique were created by me. Unless I use force to break it and meet an even more powerful opponent, this technique of mine has no flaws."

"Then I'll tell you the flaws later as a thank you."

"Is there really a flaw?" the fifth elder's eyes widened.

Bai Liyue nodded with a smile.

"How long will it take you to tell me?"

The fifth elder was a martial arts fanatic. The cultivation method he created, after computer analysis, had the least flaws. However, humans were not computers, so there would always be flaws.

"I'll give it to you after I go back and change my clothes."

"Good, good, good!"

The fifth elder was also very happy when he heard that he would be able to find out the flaws of the cultivation method he had created. Although what he had done for the young mistress today was a little damaging to his identity as the fifth elder of the heavenly return sect, it was all worth it.

baili yue quickly returned to the moon house and went to her and feng longyue's bedroom. then, she took out the thing that fifth elder had given her, held it in her hand, and lay on the bed.

Feng Longyue was still the only one lying quietly on the bed.

Baili Yue first checked his physical condition, then lay down beside him.

Over the past two months, fifth elder had told her many times that Feng Jiyue had nothing to do with Feng shengxuan. They had bragged about Feng Jiyue and belittled Feng shengxuan, saying that Feng shengxuan couldn't be compared to their young master at all. They even said that the fifth elder would be unhappy if Bai Liyue mentioned Feng shengxuan in front of him.

However, recently, seven days ago, Bai Liyue finally confirmed one thing ...

Feng xuyue had a relationship with Feng shengxuan!

And it was a very big relationship!

although feng shengxuan didn't admit it himself, he did tell her to protect feng jiyue. He also said that he didn't have enough spiritual power, so if he wanted to dream of him, he had to lie next to Feng Longyue. That way, he could contact him once every seven days.

Every time they met in the dream, he said that he would tell her everything when he came to find her.

That was why Bai Liyue firmly believed that Feng Jiyue was Feng shengxuan.

Although she didn't understand why Feng Jiyue and Feng shengxuan had the same body, they were two different people. However, she knew that they had the same soul.

It was because her soul had gone to Feng shengxuan's body that Feng yanyue had become an empty shell.

In the past two months, Bai Liyue had also asked the fifth elder when Feng Jiyue had fallen into a coma.

The fifth elder told her that Feng Jiyue had fallen into a coma 67 years ago.

Although Feng shengxuan was only 28 years old, Bai Liyue still believed that Feng Jiyue was Feng shengxuan.

After all, Wuwu

She knew his body very well.

Besides, if Feng Jiyue had nothing to do with Feng shengxuan, he would never let her lie next to her. even if she could see him in her dreams by lying next to feng jiyue, feng shengxuan would never agree to it if they had no relationship.

Even though she had never really dated Feng shengxuan, he just knew it.

In the same way, if Feng Jiyue had nothing to do with him, he would never allow her to marry Feng Jiyue.

He wasn't surprised at all by her presence in Emperor moon when they could talk in their dreams without being affected. This meant that Feng shengxuan knew she had returned.
