#### Chapter 3401:

Baili Ren looked at Baili Yue with a face full of enthusiasm, but Baili Yue said indifferently, "There's no need. We're not from the same sect, so let's go our separate ways."

Ever since Baili Yue ignored Baili Xi, the Baili family could do nothing to her. In the face of her indifference, Baili Ren could only force a smile and say, "Yue 'er, why do you have to do this? We're all family, how could there be any overnight hatred? I've already sent people to inquire about it. That Qin city remains is extremely large. It's said that it's the most dangerous remains in the past few decades. According to the inspection, the remains would only open after a month, but now it was opened ahead of schedule. Great opportunities always came with great danger. With your brothers and sisters accompanying you, when you encounter danger, you can also have help, right?"

At this moment, a group of juniors from the Baili family also followed. Although they all wanted to join the heavenly return sect, some of them still acted high and mighty in front of Baili Yue.

Mr. Baili, "said Baili Yue with a smile, "when you're begging me, please do some homework for your unfilial descendants. At least make them put on a begging face, right? "Look at them, acting as if I, Bai Liyue, owe them a lot of spirit stones. Those who don't know better might think that I've dug up your family's ancestral grave."

"Bai Liyue, what's with your attitude? How can you talk to Grandpa like that?"

The one who couldn't help but speak up was Baili Qian, the legitimate daughter of her third uncle, Baili Yu.

But before Baili Yue could retort, Feng Qinglan had already slapped her across the face.

With a crisp slap, the defenseless Baili Qian's face was slanted.

"Xiaoqian!"

Baili Yu's heart ached as he called out. He then looked at Baili Yue and said with a smile, "Yue 'er, Xiao Qian is still your sister. Aren't you destroying your sister's relationship by doing this?"

"I have feelings for her?" Bai Liyue was surprised, "I thought there was no relationship between us." It's as if you guys didn't take my words three months ago to break off all ties with the Baili family seriously. but it doesn't matter. you guys have your own thoughts, and i have my bottom line. I won't treat a Mad Dog who insults people with her words as one of my kind."

After saying that, he looked at Baili Ren and said, "old master Baili, please look after the creatures in the house. Don't let them bite people randomly." There's a price to pay for biting someone. Think about that Baili something and her mother."

Baili Yue really couldn't remember Baili Jing's name. However, to the Baili family, this was an obvious provocation.

Baili Qian finally recovered from the slap and stomped her feet in anger, but she shut her mouth angrily after being frightened by Baili Yu's gaze.

"Also, although my name is Baili Yue, I no longer have any relationship with your Baili family. Don't try to claim kinship with me, and don't try to bind me with the relationship of brothers and sisters. In case I don't get a share of the good things when we enter the remains, and I have to take care of them in the name of a sister. I'll say the ugly things first, once we enter the remains, I'll let your Baili family see me and make a detour. With their faces, if they see me, I won't show mercy."

after that, baili yue left directly, leaving the baili family with a cold back.

The Baili family's faces darkened with anger.

The fifth elder of the heavenly return sect chuckled at the Baili family. the river flows thirty years East and thirty years West. Don't bully the young for being poor!

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3402:**

with that, he left with the elders.

The Baili family:

"Grandpa, look at her attitude. She doesn't even put us in her eyes!"

Baili Meng looked at Baili Qian's swollen face and sneered, " you're asking for a favor, yet you're still putting on an arrogant face. Who Do You Think You Are? "

baili yu opened his mouth, wanting to reprimand baili meng, but he shut his mouth after glancing at baili shi.

"Baili Yue used to listen to the Baili family's orders because of Baili Xi, but now she doesn't care about Baili Xi's life. She's also the young Madam who returns home every day, and her martial arts are better than yours, so why does she need to listen to you? If you were her, would you look at her face? Don't talk nonsense if you're not in your right mind. Not only did you ruin grandpa's plan, but you also cut off our future. That's stupid!"

"You're so silly!"

"You what?" Baili Ren looked at Baili Qian coldly and said resentfully, " "You can't do anything right, but you can ruin things!"

"Grandpa, it's very dangerous inside the remains. If you and dad can't get in, it'll be very difficult for the Baili family's disciples to get any benefits from it." Moreover, Baili Qian has offended her once again. She won't care about us after she goes in."

"Dad, I don't think Xiaoqian is to be blamed for this. She couldn't bear to see you suffer even a little, right? Moreover, look at how Baili Yue treats you. Where's the attitude of a granddaughter towards her own grandfather? Can't you tell? She's an ungrateful wretch. No matter how kind you are to her, she won't bother with us. Besides, the ruins are so big, we might be able to go in."

Baili Meng had originally planned to defile the third house, but Baili Yu had managed to fool her.

baili ren's face darkened. he knew that baili yue would not listen to him obediently if she was not restricted. she was already like this when she was 13 years old and had nothing, not to mention now that she had the support of the heavenly return sect.

in the end, baili ren ordered,"immediately send someone back to get baili xi." Tell her to give her another chance. If she can make Baili Yue change her mind, the Baili family will continue to give her the best resources."

Baili Meng and Baili Qian sneered at the mention of Baili Xi.

"Grandpa, even if you didn't give the order, Baili Xi would have gone to find Baili Yue. She had heard that in the past half a month, she had gone to look for Bai Liyue three times, but Bai Liyue had not seen her. So even if you don't give the order, you'll definitely meet her in the remains."

Baili Ren thought for a moment, and believed Baili Meng's words without a doubt.

Only then did he instruct the Baili family's disciples to quickly follow.

And just as Baili Meng had said, without the lustful spirit, Baili Xi was no different from a stray dog.

Baili Xi was visibly Haggard during this period of time.

Originally, she thought that with her 3S aptitude, her sweet and pretty appearance, and the more than ten years of being with her, Wei Yunsheng would still like her even without lustful spirit.

at first, she was just worried that qin luo, who had just developed a good impression of her, would be unable to hook up with her because of the loss of lustful spirit.

Who knew that after she lost her desire spirit, she didn't want to stay in the Baili family and went to the Wei family. She was still thinking about how she could gain Qin Luo's favor before the lustful spirit lost its effect. In the end, Qin Luo did not take the initiative to contact her, but Wei Yunsheng had a problem.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3403: (Plot) 117**

Originally, under Wei Yunsheng's protection, she could be said to be living a carefree life in the Wei family. Who knew that just three days after she lost her lustful spirit, Wei Yunsheng would be dissatisfied with her because she lectured a servant of the Wei family.

She felt aggrieved and threw a tantrum. Who knew that Wei Yunsheng would actually send a servant to look for her and tell her that if she couldn't get over it, she could return to the Baili family for a few days so that they could both calm down.

She was so scared that she had no choice but to accept that Wei Yunsheng loved her so much because of lustful spirits. without the desire spirit, it would be difficult to even control wei yunsheng, let alone qin luo.

So, the quarrel that day was the first time she had hit Wei Yunsheng with a stake in all these years.

She had apologized to Wei Yunsheng and even cried in front of him, but to her horror, she found that Wei Yunsheng's eyes did not show any emotion or heartache.

Although Wei Yunsheng did not let her return to the Baili family in the end, ever since that day, Wei Yunsheng said that he wanted to go into seclusion and cultivate.

Then, she realized that even if she was in the Wei family, as long as Wei Yunsheng did not want to see her, she had no way to see him.

The Wei family was not as big as the flowing cloud sect. However, the Wei family wasn't small either. They were considered a famous family in heaven city.

In 20 days, Baili Xi did not meet Qin Luo again. He did not even get to see Wei Yunsheng.

Originally, she thought that as long as she protected herself well and did not let her blood leak to Baili Shi, he would definitely not be able to open her space ring. This way, he would not be able to get the lustful spirit inside.

However, Qin Luo and Wei Yunsheng's attitude toward her had made it clear that since Baili Shi had gone through so much trouble to steal her things, he must have had her blood long ago.

Otherwise, Wei Yunsheng wouldn't have given her the cold shoulder all of a sudden.

Back then, Wei Yunsheng was the kind of person who would always think that she was good and right no matter what she did. He would even risk his life to be with her.

However, if Baili Shi had really taken the lustful soul, he would never return it to her. What should she do?

Baili Xi thought about it for a long time, and could only go to find Baili Yue. She hoped that Baili Yue would stand up for her, or at least get her things back.

However, Bai Liyue really didn't want to talk to her anymore. She had been to the heavenly homecoming party three times in a row during this time, but Bai Liyue didn't come out to see her.

Baili Xi was helpless. She couldn't see Baili Yue or Wei Yunsheng, and the Baili family couldn't take her in. Wei Yunsheng had to calm down and let her go back.

At that moment, Baili Xi felt as if he was a beloved child of the heavens who had suddenly fallen into the mud and was abandoned by the world.

Originally, she had planned to look for Baili Yue and Wei Yunsheng after the remains opened, but the Baili family had actually not invited her to participate!

Baili Xi had no choice but to hurry and sneak to the Wei family.

However, other than her mother, Liu susu, Wei Yunjie had left the Wei family that very night.

The remains had just suddenly risen from the ground and appeared in front of everyone. It had not officially opened yet, and even if it did, it did not mean that the first person to enter would have a great fortune.

However, the Wei family still left that very night.

Baili Xi could only wipe his tears and chase after her alone.

On the way, she actually met people from the flowing cloud sect.

Baili Xi's heart skipped a beat, and he quickly walked over to greet Qin Feng and the rest.

"Greetings, sect leader Qin." After greeting Qin Feng, Bai Lixi cupped his fists at Qin Luo with a cute and heroic look. "greetings, young lord qin."

#### **Chapter 3404:**

There was too much desire in Baili Xi's eyes. After all, Qin Luo had protected her many times in the past. Although Baili Xi knew that this was the effect of the lustful spirit, she had always believed that even without it, with her 3s-level qualifications and beautiful looks, other men would like her.

Qin Luo was immediately displeased when he saw Baili Xi.

After the match that day, his father had given him a good scolding. At that time, he even quarreled with his father as if he was possessed. His father was so angry that he made him face the wall and reflect on his mistakes for three days.

In the end, before three days had passed, Qin Luo felt that his brain might have gone haywire.

Thinking back to Baili Xi's low-level White Lotus behavior, he usually hated White Lotus the most, but he had actually repeatedly opposed Baili Yue because of her.

During this period of time, Qin Luo and Qin Fang were very regretful. One was that he regretted opposing Baili Yue in order to protect Baili Xi. The other was that he was so bold that he wanted to have an affair with Baili Yue even at the cost of offending the heavenly return sect.

Especially when he saw Baili Yue's brutal abuse of Yunsheng sect's eldest miss, Qin Fang felt his legs go soft.

F \* ck!

If he had really used force on such a woman, he would have lost his third leg.

And all of this was Baili Xi's fault.

Qin Luo was attracted to Baili Xi, and he could tell that Baili Xi was only concerned about her sister on the surface, but in reality, she was not. That was why he was being presumptuous.

Therefore, in front of Baili Xi, Qin Luo only glanced at her out of courtesy, while Qin Fang couldn't help but sneer, " "Oh, isn't this the Baili family's young lady? Why are you alone? Don't tell me that you offended your sister last time, and now the Baili family is ostracizing you?"

Baili Xi did not expect Qin Fang's mouth to be so annoying. Although he did not say what happened, he said the results. He could only explain, " "i've been staying at my mother's place all this time, and i haven't returned to the baili family's house."

“So you’re living in the Wei family. Then you should be with your fiancé, why would you be alone? Oh, I remember now. Your mother was a concubine of the Wei family, right? It’s no wonder that the Wei family is unwilling to take you with them. A concubine definitely doesn’t have the right to enter the ruins, let alone a concubine’s daughter.”

Baili Xi:

He had just lost his lust spirit. She only asked the two people to treat her a little better when it came to lustful spirits. Why did she feel that the whole world was full of malice towards her without lustful spirits?

At this moment, Baili Xi’s eyes were filled with tears. She looked at Qin Luo pitifully, trying to use the good feelings Qin Luo had for her to make her stay in the flowing cloud sect.

She felt that even without the lustful spirit, she could continue to deepen Qin Luo’s affection for her. maybe qin luo would be hers.

However, Qin Luo noticed the way she was looking at him and asked in a very unmanly manner, ” “Miss Baili, why are you looking at me? Even the Wei family didn’t bring you, do you think the flowing cloud sect would?”

Baili Xi’s eyes widened at Qin Luo’s words, and his face was filled with disbelief.

this man clearly had a good impression of her before. even if he didn’t have a lustful spirit, he shouldn’t despise her so much, right?

After all, she was a 3S grade talent, and she had a good appearance. In addition to her pitiful appearance, did he not have any compassion at all?

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3405:**

Sect leader Qin was very satisfied with Qin Luo’s reaction. He felt that the three days of reflection had not been in vain.

alright, let’s go. Since it’s someone unrelated, just ignore them.

Although Qin Feng looked down on Baili Xi, he was afraid that his son would suddenly go crazy like last time. At first, he thought that his son had not found a woman for so many years because his son had a big heart and high standards. However, after the previous incident, Qin Feng no longer dared to think this way.

Although his son’s eyes were normal now, there was no telling when they would go wrong again. Hence, Qin Feng looked at Baili Xi as if he was looking at a virus. He quickly left with the people of the flowing cloud sect.

Seeing that Qin Luo did not even look at her, and that the entire flowing cloud sect did not care about her at all, and even ridiculed her, Baili Xi felt cold from head to toe. His entire body was so cold that it felt as if he had been frozen.

Why?

She just didn't have a lustful spirit, so why were these people treating her like this?

At that moment, Baili Xi's hatred for Baili Shi and the Baili family had reached its peak.

Also, in Qin city, the heavenly return sect had to take care of other disciples who were not strong enough. Therefore, they arrived in Qin city five days later.

On the third day of their journey, they heard that the ruins had been opened.

It was said that anyone under the age of 100 could enter.

The elders of the heavenly return sect were all shocked.

"Is it unbelievable that someone Under 100 years old can get in?" Bai Liyue had also heard about the remains when she was a child, but she had never been in it, so she didn't know much about it.

Fifth elder explained, " young Madam, you may not know this. In the past hundred years, although there were 34 ruins of all sizes, one appearing almost every few years, those ruins were all small ruins and not big ruins. There was almost nothing in the smallest of the ruins, and only martial artists under the age of 10 were required to enter.

As for the disciples and branch family members under the age of 10, they didn't find any danger inside, but they also didn't find any fortune."

"So the age allowed to enter the remains is directly related to the size of the remains," Bai Liyue nodded.

"yes, i am."

then what kind of ruins is the estimated age of 100? "

"The biggest relic in the last hundred years," the fifth elder replied.

that's right. Bai Liyue nodded. does that mean there are many opportunities inside? "

"The heavenly return sect gained a lot of benefits from the opening of the remains in 1985," the fifth elder chuckled.

after I enter, do I have to hand over the treasures I get to the heavenly return sect? "

"Of course. It's always 20 – 80 after we come out."

"You two, and disciple eight?"

"No, no, no, it's the sect that's number eight, and the disciple number two."

"He's really a capitalist." Bai Liyue smiled.

"Hehehe, how can you call yourself a capitalist? Many disciples grew up in the heavenly return sect. The sect provided them with food, clothing, and martial arts. They could make money now. They would give 80% to the heavenly return sect and keep 20% for themselves. This was a business without cost! Many

sects couldn't even do this. That's why the heavenly return sect has such a good reputation and so many people want to join them."

Bai Liyue thought about it and felt that it was true.

"How much do I have to hand over then?" Bai Liyue asked.

The fifth elder blinked. young Madam, the entire heavenly return sect belongs to you and the young master. Are you going to hand it over or not? "

The other elders were also looking at Baili Yue, their expressions showing their disapproval of her lack of sense of belonging.

Baili Yue:

3406 120

At night, Bai Liyue went to find the fifth elder and asked again, "Fifth elder, what happened to Feng Jiyue?"

The fifth elder thought that Bai Liyue was going to ask something mysterious, so he said, "didn't you already ask about this, young Madam? "

"But you didn't tell me anything at that time."

"I told you, I told you. The young master is in a deep sleep."

"But you didn't tell me why he fell into a deep sleep." Even snow White fell asleep because she ate the poisonous Apple the Queen gave her.

"There's no why!" The fifth elder said very righteously, "The young master is only in a deep sleep. He wasn't unconscious, but in a deep sleep. One day, after he fell asleep, he didn't wake up the next day."

Baili Yue:

"Don't you think it's strange? Didn't they investigate what happened?"

the fifth elder shook his head. "before he fell into a deep sleep, the young master said that he would fall into a deep sleep for a period of time. he told us not to investigate the cause because he told us the time he would be awake. so after he fell into a deep sleep, we only need to guard the heavenly return sect."

"Then, when did he say he would wake up?" Bai Liyue was stunned and asked quickly.

The fifth elder chuckled and looked at Bai Liyue with joy.

"The young master said that as long as we follow his request and find him a wife, he will definitely wake up within a year. So, young Madam, you won't always be alone. You've been married to our young master for almost three months. At most, wait for nine more months and our young master will definitely wake up."

Baili Yue:

“Young Madam, what’s with that look?”

“It’s nothing,” Bai Liyue shook her head. I just want to ask, why do you have so much confidence in your young master?”

“that’s for sure! Our young master is not an ordinary person. Since he has said it, he will definitely do it.”

Bai Liyue nodded. She also believed in this without a doubt.

After two days, they finally arrived at Qin city.

From a distance, Bai Liyue saw a huge semicircle covered by a black air shield.

This semi-circle was almost half the size of Qin city.

“Is the relic inside?” Bai Liyue was shocked by the color of the ruins, which was obviously different from the ordinary sky and earth.

It was clearly daytime, but the ruins were filled with black mist. One didn’t need to go in to know that it must be dark inside.

yes, this is it, ” the second elder replied to Bai Liyue as he looked at the ruins shrouded in black fog in the sky with a serious expression.

the ruins weren’t in the center of qin city, but in the outskirts. When they were about to reach the outskirts, they saw many tents set up on the road.

The tents were all colored and categorized so that the martial artists would know where their base was.

As they walked forward, they were getting closer and closer to the ruins. There were already tens of thousands of people surrounding them.

Tens of thousands of martial artists, in a world like Emperor moon where the entertainment industry was not developed, was simply a Grand occasion.

Except for Baili Yue, everyone in the heavenly return sect, including the second elder, wore the same uniform. Therefore, when the people from the heavenly return sect appeared around the ruins, everyone’s eyes were on them.

Although there were three layers of people surrounding this place, Bai Liyue only needed to follow the second elder, and the crowd would naturally give way to a wide path.

3407 (XV) 121

“sect leader feng, long time no see.”

The second elder looked in the direction of the voice and saw a man dressed in black walking over with a group of people wearing black martial arts uniforms.

Although Baili Yue had never seen this man before, she was very familiar with the woman next to him and one of the people walking behind him.

they were Yun Miaomiao and third elder, who had been slapped in the face by her before.

Therefore, it wasn't hard to guess who the leader of the group was. He was the boss of Yun city, the sect leader of Yun Sheng sect, Yun Tianyu.

"Sect leader Yun."

the second elder did not give Yun Tianyu a good look. After all, the third elder and Yun Miao had offended Baili Yue before. although he was taught a lesson by Bai Liyue, he had still offended her.

Yun Tianyu looked older than the second elder, but Bai Liyue knew that the age of the people on this planet couldn't be judged by their appearance.

For example, the second elder was obviously very old, but he couldn't tell. He looked like he was only forty or fifty years old. however, even though the remains allowed people under the age of 100 to enter, they still couldn't enter.

Yun Tianyu cupped his fists at the second elder and then at Bai Liyue. " "Lady Feng."

Bai Liyue glanced at Yun Miaomiao, who was standing beside him, and nodded at Yun Tianyu.

at this moment, Yun Miaomiao stood up and said to Bai Liyue, " "Lady Feng, I was wrong that day. I didn't know what was wrong with me at that time, but I wanted to make things difficult for you the moment I saw you. If it wasn't for you showing mercy at that time, third elder and I would've probably been blind.

Also, regarding the martial arts competition, I admit defeat because I'm not as good as him. Lady Feng, you're the most outstanding woman I've ever seen in my generation. Thank you for showing me mercy."

She had already known the reason why Yun Miaomiao was hostile to her before she went to the flowing cloud sect. That night, she had seen Baili Xi put Yun Miaomiao's name on the black crystal with her own eyes.

Now that she had gotten the crystal and erased the name on it, she believed that Yun Miaomiao, as the eldest miss of Yunsheng gate, would not have the personality of a Mad Dog.

just as she was about to speak, the man beside Yun Miaomiao stood up and said, " Mrs. Feng, the second elder called my father before. He said that Yunsheng sect never wanted to be enemies with heavenly return sect. I hope you can let bygones be bygones, Mrs. Feng. After saying that, he took out a dagger from his spatial ring and presented it to Baili Yue, saying, " this is a dagger that I've always cherished. The crystal essence of the dagger is made of purple spirit stone and has its own spiritual power. I hope Lady Feng will like it.

This man's words made it clear that everything that had happened before was Yun Miaomiao's personal action and had nothing to do with Yunsheng gate. And he was obviously a person of higher status than

Yun Miaomiao. He could represent Yunsheng sect, so even if Yun Miaomiao caused trouble, he would still be the one paying in the end.

“How should I address this brother?”

Bai Liyue’s question made the other party’s eyes Twitch.

Lady Feng, brother chengkai is the eldest young master of Yunsheng sect. He’s the son of my eldest uncle. A sweet-looking girl walked out and said with a smile.

Yun Miaomiao glanced at the girl, her eyes filled with ridicule and disdain.

Bai Liyue smiled politely, but anyone could hear the disdain in her words for the girl. She asked, “Who are you? Who is your uncle?”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3408: 122**

3408 122

The girl reacted and her face turned red.

“Jiaxuan, stand down.” Yun Chenkai glanced at Yun jiaxuan disapprovingly and cupped his fists at Baili Yue. “My name is Yun Chenkai, and my father is the sect leader of Yunsheng sect.”

Bai Liyue nodded.

Yun chengkai was about to continue giving gifts when he was interrupted by Bai Liyue. “So it’s young master Yun, nice to meet you. Thank you for the dagger, but the person who had a conflict with me was miss Yun. It doesn’t make sense for you to give me something. As for miss Yun, as the saying goes, out of blows, friendship grows. I don’t even know you, and I don’t have any deep hatred for you. Since you’ve already apologized, then let’s just forget about it.”

Yun Miaomiao’s eyes lit up when she heard that.

Only God knew how badly she had been scolded after she had called her father that day.

To be honest, after she calmed down, she really felt that she might have seen a ghost. Not only did he inexplicably hate Bai Liyue, but he was also beaten up and even threatened to kill her.

During this period of time, she had been eating vegetarian and praying to Buddha. She felt that she was possessed.

Seeing that Bai Liyue didn’t care about her previous mistakes, she was deeply touched.

He immediately rushed up and grabbed Bai Liyue’s hand, saying, “Madam Feng, to be honest, I think I was possessed that day. I don’t know why, but I just want to kill you. But now that Buddha is protecting me, I’m fine. that whatever yingluo, this is my interspatial ring. you can take a look inside and see if there’s anything you like. as long as you like it, you can take it.”

After saying that, Yun Miaomiao opened her space ring.

Bai Liyue smiled. there's no need. I'm the young mistress of the heavenly return sect after all. The heavenly return sect has treated me well, so I don't lack anything. Let's just forget about this matter."

The sect leader of Yunsheng sect chuckled. Lady Feng is a righteous and extraordinary person. She's also skilled in martial arts at such a young age. The younger generation of Yunsheng sect should learn from Lady Feng.

"Sect leader Yun is too serious."

After completely resolving the previous unpleasantness with Yunsheng sect, the second elder acted as if nothing had happened and asked, "so many people have already gone in. Why doesn't sect leader Yun let his own disciples in?"

"We knew that the heavenly return sect would come from the South, so we were waiting for you here, sect leader Feng," Yun Tianyu said. It's dangerous inside, and you and I can't go in. It's important family and disciples who go in, so one more enemy is one more wall, one more friend is one more life."

"Hehehe, don't worry. Our heavenly return sect always doesn't attack unless attacked. Since young Madam and your daughter no longer have any grudges, I'm sure this trip will be quite pleasant."

a hundred-year-old relic is really rare. Even you and I haven't seen many of them. The young mistress of your sect is highly skilled in martial arts. I hope you can take care of her after entering.

"Young Madam?" The second elder looked at Baili Yue.

Seeing that the second elder had to seek Bai Liyue's opinion on such a small matter, Yun Tianyu had a better understanding of her position in the heavenly return sect.

"I heard that Yunsheng gate is also one of the four gates and eight houses. Who knows who will take care of who after entering."

"if other sects provoke the heavenly return sect and deliberately make things difficult for their disciples, our yunsheng sect will definitely not stand by and watch." Yun Tianyu said.

"The heavenly return sect as well," Bai Liyue nodded.

"thank you for taking care of me, young mistress," yun tianyu said with a satisfied smile.

"Sister!"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3409: (XV) 123**

3409 (XV) 123

In the crowd, Baili Xi had heard the entire conversation between the two sects.

in his heart, he hated baili shi for being such an idiot. He could have just erased the name in the red crystal. Why did he have to erase the black crystal as well? Could it be that Baili Yue, who had the heavenly return sect, would take the Baili family seriously? If Baili Yue didn't die, the Baili family would suffer in the future.

But now, Baili Xi couldn't find Wei Yunsheng, and the Baili family wouldn't bring her to play. If she wanted to go into the ruins to find some good fortune, she could only rely on Baili Yue. After all, someone had found the lustful spirit in the ruins. It was just that she had seen the scene of the person being killed. After the person died, she had gone to pick up his things.

Now that the spirit was gone, Baili Xi felt that she could definitely find something similar to the spirit in the ruins.

So, when she walked in front of Baili Yue, Baili Xi quickly put on a pitiful look and begged, "Sister, uncle Wei didn't bring mom out, and the Baili family didn't bring me either. Can I go into the remains with you? I'm really just following you into the remains. After entering the remains, I'll obediently follow you and definitely won't mess with you."

Bai Liyue was listening attentively to the second elder and Yun Tianyu's discussion about the possible problems in the remains when she saw Bai Lixi walking over.

"Obediently follow me and won't cause trouble?"

"Yes, yes! I definitely won't cause you any trouble. Sister, believe me, I will definitely be good. I beg you to take me in."

"I'll bring you in, protect you, and share the treasures with you, is that what you mean?" Bai Liyue asked.

Baili Xi's face instantly turned red.

"Sister, I'm your sister, your biological sister! You used to love me so much, why have you changed now? not only did he ignore me and refuse to listen to my explanation, he didn't even give me a chance. If I enter the remains alone, I'll be in danger! We're sisters, could you bear to see your own sister die in front of you? can you be indifferent?"

There were tens of thousands of people here. Although Baili Xi's words could not be heard by everyone, there would definitely be people who heard it. When that time came, word would spread from one person to ten, ten to ten thousand, and soon everyone would know that she was a person who did not care about her own life.

What did Nuannuan do to such people?

Oh!

you mean, I have to give up on cultivation to earn spirit stones to support you? " Bai Liyue laughed. only then can I be a good sister? " Or should I continue to give you spirit stones after the Baili family expelled me from the genealogy, but you're not willing to marry back to the family and sent me in exchange for spirit stones? I don't want to walk with you, and I don't want to take you to the remains to play. It's a great sin for me to leave you in the lurch. You're a god, so I have to worship you. If I can't do what you want, then I should die a thousand times? "baili xi, it's been 13 years since we last met. you've grown a lot, but your brain hasn't grown!"

His words not only dissed Baili Xi, but also let everyone know the situation. In an instant, the crowd looked at Baili Xi in a different light.

This was simply too shameless!

However, many people didn't know about the Baili family, nor did they know who Baili Xi was. They only knew about the heavenly return sect. They couldn't criticize the person who could speak to the heavenly return sect, but today's gossip was quickly spread by many people.

3410 (XV) 124

Before the Wei clan entered through another crack, they had heard the rumors about Baili Xi. Wei Yunsheng's already unsightly expression became even more unsightly.

"Sheng 'er, it's not that we're trying to stop you, but Baili Xi isn't a good match for you. Putting aside the fact that she's your aunt's daughter and doesn't deserve you, let's talk about her attitude towards Baili Yue.

Bai Liyue had sacrificed 13 years for her. No matter what kind of opportunities or fortunes she had encountered in the past 13 years, she had gone to glory planet for her. There was no doubt about it. But look at how she treated Baili Yue.

She was like a vampire. If she could continue to suck blood, she would recognize people as her sister. If she could not continue to suck blood, she would defame them in public. One sentence was begging others, and the next sentence was to use the public's saliva to drown and force others. Such a person had no gratitude in her heart. She always felt that others should serve her or even die for her. Others had to think for themselves. If they made her unhappy, she would turn against them. This kind of person was a typical ungrateful Wolf!

For such a person, when you were worthy of her use, she would make good use of you. When you were completely drained of your value, she would immediately abandon you. Don't forget, when you went to the flowing cloud sect that day, you were her boyfriend, did she give you any face?

Although you didn't mention this when you came back, I heard about it from the other disciples of the family. They said that Baili Xi was shy when he was with Qin Luo. Do you know what that means? That was to refuse and welcome! Sheng 'er, you're dad's only son. I hope you can open your eyes. A matriarch is very important to the development of a family."

Wei Yunjie was right behind them when Wei Tianjin spoke. As a bastard son, his status in the Wei family was not much higher than that of ordinary direct disciples.

At this moment, his thin lips were tightly pursed and his fists were clenched. Outsiders might have thought that he was speaking up for Baili Xi, but only he knew that he was angry at her.

Although he had only met Bai Liyue once, he was sure that Bai Liyue must be a very good sister, even though she looked cool on the surface.

As for his second sister Wanwan's request for her to marry into the heavenly sect, it wasn't as if he didn't hear what she said.

That was why she still had the face to look for her sister. Wei Yunjie felt that Baili Xi was really shameless.

Baili Xi had no idea that Wei Yunsheng had already heard about her being too smart for her own good. At that moment, she was just anxious to find someone to take her in.

Therefore, even though she was rendered speechless by Bai Liyue, she still said shamelessly, " "Sister, I really won't take anything from you. I just want to go in and take a look and learn. I promise you, as long as it's something that you're interested in, I'll definitely avoid it. Please take me in, okay?"

Baili Xi started crying in front of Baili Yue, even holding onto the sleeve of Baili Yue's martial arts suit. It was as if he was going to either kill him here or bring him in.

Bai Liyue was so angry that she laughed. She looked at her and asked, " "You won't interfere with anything that I take a fancy to?"
