### Chapter 35: Who Said There's No Love Between Us?

But Zhong Qianqian went all out to let Chi Yang see Zhong Nuannuan's real intentions. She was not afraid of Zhong Nuannuan's taunts.

"Who said that there's no love between me and Chi Yang? The reason I was so against Chi Yang before was that big sister also liked him. You even asked me to give up on him while crying uncontrollably. You told me not to fight you for him. You told me to pretend that I hated him and was annoyed by him to make him stop pursuing me so that you'll have a chance, right?"

4Everyone's expression changed after hearing Zhong Nuannuan's words.

Zhong Qianqian's face turned pale with a disbelief expression as she looked at Zhong Nuannuan who had completely betrayed her.

At that moment, she could not meet Chi Yang's burning gaze on her.

She felt like she was locked down under his gaze as if she was trapped under an iceberg in the North pole while at the same time, she was being burnt with fire in the 18th level of hell. She felt uneasy. She almost burst out in tears.

2When Zhong Nuannuan noticed that Zhong Qianqian was at her breaking point, she stopped and explained, "But after being imprisoned, I realized that Chi Yang is someone that I could trust and love with my whole heart. That's why I decided not to hide my fondness toward him anymore and to do whatever I want.

Why should I give up Chi Yang and my aspiration just for yours, big sister? At the end of the day, there's nothing between you and Chi Yang. Chi Yang doesn't like you, and you can't force something like that to happen. So please stop going after Chi Yang. Isn't it shameful going after someone like that even though he made it clear that he doesn't like you? You're someone who grew up in the riches of the Zhong Family."

1Zhong Nuannuan retorted back.

"...!!!" Zhong Qianqian's face turned green but she could not bring herself to say anything back.

Jiang Shuwan wanted to scold Zhong Nuannuan for going too far, but she did not have the guts to do so and could only say, "Nuannuan, do you hate your sister because we didn't go and visit you? You can't blame your sister for this.

Your grandmother was sick, so I asked your sister to take care of her, that's why we didn't visit. You two were so close. Don't treat your sister as the enemy just because of something so minor. Chi Yang has nothing to do with this. You can't give up your happiness just to piss off your sister. Being in a relationship is a serious thing."

“Mom, you’re overthinking this. We’re just sisters with the same father but with different mothers. If there’s mutual affection, we can continue our relationship; if there’s none, then we’ll just be strangers. Why would I give up my own happiness just to piss her off?”

My attitude towards Chi Yang changed because I think he’s someone that I can give my life to. Plus, I like him from the start. So, from this day on, I won’t hide my feelings anymore and that’s it.”

“Listen to yourself! You only like Big Brother Chi Yang because you’re angry with me. It was so obvious that you hated Big Brother Chi Yang, how is it possible that you liked him in secret? Nuannuan, if you wanted to make me angry, then it’s better if you scold me or hit me. I can take it. But please give up on Big Brother Chi Yang. He deserves to be treated better and more sincerely,” Zhong Qianqian said, acting upon what was being said. Teardrops formed in the corner of her eyes. She looked like she was willing to risk everything for Chi Yang.

### **Chapter 36: Can’t Eat Anymore**

“Big sister, you’re hilarious. Chi Yang is so handsome, and he has a good body. Plus, he’s the most excellent officer in the military base. He’s also so good to me. Tell me, how stupid and blind I would be if I don’t like a man like that. Oh, it’s okay if you like Chi Yang, but it’s forbidden if I do? What logic is this?”

1Chi Yang’s perturbed heart was calmed down with the two sisters’ argument. He was not dreaming. It was because of Zhong Qianqian that Nuannuan did not accept him.

His actions finally touched Nuannuan’s heart, that was why she decided to get rid of Qianqian’s hold on her and opened her heart to him.

Chi Yang was initially unhappy with the Zhong family, but now he was satisfied.

He would be the only one to love and cherish his wife in the future.

Zhong Kuijun was looking at Zhong Qianqian like he was looking at a chess piece that had lost its function. His eyes grew darker and said in a deep voice, “Alright! Chi Yang is the husband of your younger sister. You should be happy for them since their relationship is going steady. Look at yourself now. You’re such an embarrassment!”

1“Alright, alright, let’s eat. Nuannuan, since you like Chi Yang with your whole heart, mom hopes that you would stay together forever. If not, you would hurt Qianqian and also Chi Yang.”

“Don’t worry, mom. No one’s more important than Chi Yang to me.”

“I’m full. You guys take your time.”

Zhong Qianqian could not stand it any longer. She had lost all of her dignity and now she had to look at the both of them being lovey-dovey in front of her.

2After Zhong Qianqian left, the dinner table was peaceful once again.

“Uncle Zhong, when do you plan to hold a banquet for Nuannuan?”

"Hmm? What?" Zhong Kuijun thought that he had misheard. Why would they hold a banquet for Nuannuan when nothing was going on?

1 "Don't you have anything in mind for this, Uncle Zhong? The Zhong family's name was dragged through the mud after Zhou Jinhui's death, and what affected the most was Nuannuan was accused of wrongly. Although the law has acquitted Nuannuan, other people won't know about this. Don't you want to hold a banquet and let other people know so that they won't gossip about this, Uncle Zhong?"

Chi Yang's words alarmed Zhong Kuijun.

As a father, he should be the one who had thought of this, but who knew Chi Yang was the one who suggested it.

He chuckled dryly and said, "Ah, you meant this! Of course, we'll plan a banquet. Today's Sunday, Nuannuan would only go back to school after one week, so I'll hold the banquet during the next weekend. What do you think?"

Chi Yang nodded, "Okay."

"Yeah. When the time comes, I will invite the ones that I am close with from the business industry and the military base, since there was quite a ruckus before."

Chi Yang nodded after contemplating for a bit. The grander the banquet, the better.

Zhong Kuijun felt pleased but did not show it, he continued with a look of concern on his face, "It's just that, when that thing happened to Nuannuan, I was reporting my work with the commander in chief, so the commander in chief knows about this as well. But I am just a mere commander, and I'm not that close with the commander in chief. I don't think I am at the position to invite him to the banquet, but if I don't invite him..."

"I'll invite the commander in chief."

2 Even though he knew what Zhong Kuijun had in mind, but he was willing to be in deep waters for him.

This was because Zhong Nuannuan was not only Zhong Kuijun's daughter, but she was also his fiancée. He would not let his wife be unjustly accused.

When he heard that Chi Yang would invite the commander in chief for him, Zhong Kuijun was so excited that the veins on his neck were showing.
