

Physician Wife 39

Chapter 39: You're Still A Student

"There are a lot of similar faces in the world. You can't prove that you're mother and daughter just because you look the same. Plus, aunty doesn't look that similar to Nuannuan, and she doesn't even look like you, Uncle Zhong.

"If she really is your daughter, why would you let her sleep on the second floor with the sundries and servant when you have a better room on the third floor? Uncle Zhong, could it be that Nuannuan really isn't your daughter?"

1Jiang Shuwan was so startled that she could not speak. Zhong Kuijun's heart was also beating like drums in his chest. He laughed reluctantly and said, "Chi Yang, you're joking. Nuannuan was found through that Internet platform 'Baby Come Home'. When that platform contacted me, the first thing we did was to test Nuannuan's DNA with ours. Even though Nuannuan doesn't look like me, but she inherited the looks from my wife and also my dead mother, who is also her grandmother. So, she really is the daughter of Zhong Family. There's no doubt about this.

1"And why is she staying on the second floor? It's all my fault. When I knew that Nuannuan was sold into the mountains, I was afraid that she would be clumsy and break the valuable items on the top floor since she used to live in the mountains and that's why her room is on the second floor. I plan to move her to the third floor once she gets used to everything."

After a while of silence, Chi Yang asked, "Since I'm the guest, it won't be appropriate for me to stay on the same floor with Uncle Zhong, aunty, and Zhong Qianqian. I'm sorry aunty, but could you please clean the room next to Nuannuan's for me?"

"Um..." Jiang Shuwan's face looked annoyed. She did not want to move.

Zhong Qianqian was standing there biting her lips. Her small action showed that she was extremely furious and aggrieved at that moment.

The corner of Zhong Nuannuan's lips curled up into a smile and said to Chi Yang, "Why don't you go back to the military base?"

The whole house went quiet after she said that.

Chi Yang looked at Zhong Nuannuan. His eyes filled with reluctance and grievance. He was like a giant puppy that had been abandoned by his owner. He looked so hurt that it would make one want to hug and pet him to soothe his broken heart.

2Zhong Kuijun rejected this suggestion immediately. "How is that appropriate? Chi Yang drank alcohol, and there's no security guard with him. It's an hour and a half drive from here to the military base. How can you let Chi Yang go back alone at this time?"

"I'll drive him! Dad, you know I know how to drive. No one will check my driving license since it's so late at night."

"You're driving him? And then coming back alone? It's so late, and you're a girl. How is that appropriate?" Zhong Kuijun's face became stern.

“Why would I come back after sending him? I don’t need to go to school tomorrow anyway. I can stay at the military base tonight.”

Chi Yang’s dark face immediately lighted up after hearing what Zhong Nuannuan said. His blood started boiling when he thought about how amazing it would be to be able to sleep while cuddling his soft little wife. He was more looking forward to sleep at the military base than in the Zhong Mansion!

1Chi Yang was ecstatic. However, on the other hand, Zhong Qianqian was furious. Her face was red from rage.

What a shameful thing to say! She did not know how Zhong Nuannuan could say that out loud.

1“Nuannuan, you’re still a student! How could you...”

Jiang Shuwan looked at Chi Yang with her face in a hurt expression and apologized, “I’m sorry, Chi Yang. Nuannuan was kidnapped by those damn human traffickers when she was three. She was only reunited with us when she was 17. She had been living on a farm all these while.”

Chapter 40: Compromise

“You’re aware as well how many blind spots the farming district has when it comes to the law. There are more men than women in the farming district. Many of the girls there get married at 14 or 15 years old to satisfy the men. Some of them have even given birth to children at 14-years-old. Besides, just look at how pretty Nuannuan is... Please don’t think that she is an easy girl just because of the way she expresses herself. You can’t blame her for it, she’s a victim too.”

Zhong Nuannuan, ‘... Hoho.’

Was this biological mum of hers trying to highlight to her fiancé that she did not cherish her body while in the farming district?

“Aunty, I know my girl best. She gave her first night to me, which is why what you said does not apply to her at all. Besides, I’ve already submitted my marriage report with Nuannuan to my superiors and the military base has already approved it. This means that I will definitely marry Nuannuan. Even though we have yet to apply for our marriage license, she is now considered a future military wife. The military base will allow her to stay in the same room as me. Uncle Zhong should also know my character well. If you are still worried, I will guarantee you that I won’t touch Nuannuan before we obtain our marriage license.”

Chi Yang was normally a man of few words, but right now, he was trying his best to fight for his benefit.

If there was an opportunity to bring Nuannuan with him to the military base, there was nothing he would not do. He could sleep well every night purely by hugging her to sleep.

Jiang Shuwan was unable to rebut him. Chi Yang next looked over to Zhong Kuijun, “Uncle Zhong, if it’s that inconvenient for you to arrange a room at home, then do allow Nuannuan to return with me to the military base. She can skip school tomorrow.”

“No, you can’t!”

Zhong Kuijun was still considering the suggestion when Zhong Qianqian shouted out anxiously.

“Even if Nuannuan is a future military wife, she is still a high school senior who is not yet 18-years-old. She hasn’t even graduated from Year 3 Senior class, how can she do something so shameless?”

“Qianqian, be careful with your words,” Zhong Kuijun reminded her grimly.

“There’s nothing wrong with what I said! She really isn’t 18 yet. How can she stay at Big Brother Chi Yang’s hostel? Isn’t it shameless to be staying together when they’re not even married?”

Zhong Qianqian’s eyes went red with anger.

If Zhong Nuannuan and Chi Yang were to live under one roof together, then it would no longer be possible between her and Chi Yang.

She had only wanted to arrange Chi Yang to be in the room next to her for convenience’s sake. She had not anticipated for things to turn out so serious.

Zhong Qianqian felt so much regret. It was like she went for wool but came home shorn.

“Big sister, I know that I can’t get married before I turn 18, but it’s not that I can’t date nor live together with someone. I’m Chi Yang’s fiancée and I’m confirmed to become a military wife. How is it shameless for me to live at his place? Oh, are you continuously trying to plot against your sister’s relationship by arranging your brother-in-law’s room next to yours even though you are aware that Chi Yang is my fiancé? How is this a proper act of a lady?”

“Okay, stop this. What is wrong with you two sisters? You used to be so close, yet now you’re arguing every time you see each other. Nuannuan, Chi Yang is an outstanding military man of rank. As his fiancée and future military wife, you should be a good example to others. Even if it might not be easy to run into traffic police on this road, you’re still without a driving license. I won’t allow you to drive Chi Yang back. Auntie Zhao, quickly tidy that room on the second floor. Chi Yang will sleep there.”

“Yes!”

Auntie Zhao glanced at Zhong Nuannuan. She did not hide the look of despise in her eyes, and Zhong Nuannuan caught her glance. It shocked Auntie Zhao enough to quickly lower her head and she went to clean up Chi Yang’s bedroom.
