Chapter 481: Manwh*re

The subordinate whose shoulder was shot fell to the ground, then immediately got up. Gritting his teeth, he returned to his seat.

The group of subordinates was also silent. Faced with such a situation, they did not even dare to make a sound, lest they meet the same fate as their colleague.

Feng Shengxuan was downcast. He turned to the housekeeper, who was standing at attention, and growled, "She fell in love with a manwh*re behind my back and even disposed of our own men for him. Is she still sane? I didn't even flip out, and she literally just hung up on me! How could she do this?"

Housekeeper, "..."

The housekeeper could not help but roll her eyes, slandering him in her heart, "Young Master, why do you have so many questions that you dare not ask Miss Nuannuan herself?"

"All you know is to behave atrociously in front of these subordinates, but in front of Miss Nuannuan, you have always been but a chicken!"

"To put it nicely, it's gentlemanly; but to put it frankly, this is henpecking."

"The thing is, the other party is still not your wife."

Seeing the housekeeper's deadpan face, Feng Shengxuan turned to the group of subordinates again.

The subordinates were shocked, quickly lowering their heads in fear of being shot. After all, the face of the one who was shot had already turned pale from blood loss.

Feng Shengxuan sulked for a long while, but in the end, he was no match for Zhong Nuannuan. He called the other party in submission, but after two beeps, the other party immediately rejected his call.

Feng Shengxuan's sexy lips opened slightly as a look of confusion and incredulity washed over his face. In the eyes of the subordinates, this devil incarnate was actually a little cute.

Ding.

A short message was sent over.

Feng Shengxuan saw that Zhong Nuannuan had sent it and thus quickly opened the message, eager to read its contents.

[The person you're calling doesn't want to answer your call and throws a piece of sh*t your way!]

Feng Shengxuan, "...!"

Feng Shengxuan, who had been in a daze, suddenly laughed, then replied to the other party amusedly.

[The other party catches the sh*t you threw and gets Da Bai to lap it up.]

[Feng Shengxuan, you've gone too far! Da Bai is a lion, not a dog!]

[That makes no difference to me. Pick up the phone or I'll really make Da Bai eat sh*t.]

After sending the message, he called the other party again. This time, the call went through.

The moment the call connected, Zhong Nuannuan's tyrannical roar came from the other end, "Feng Shengxuan, I'm warning you, if you dare bully my Da Bai, I'll fight you!"

"Sure, come on then. I'll wait for you." He looked forward to that happening.

"Hmph, you wish! If I find out that you're bullying Da Bai, I promise I won't even look at you for the next year!"

After hearing this, Feng Shengxuan's smile instantly faded.

Only

However, when he mulled over those words, he held his frustration back. "I was just kidding. Da Bai is yours. Even if I don't want this pet, I'll most certainly take care of it."

Zhong Nuannuan thought, '... can you not flirt with me so provocatively and subtly? These tactics won't work.'

"I was wrong; I shouldn't have talked like that. It's normal for you to doubt me as if I were in your shoes, I'd be doubtful too. But still, I wasn't the one who did it, and if you don't believe me, there's nothing I can do about it."

Zhong Nuannuan was silent for a moment, then grunted to indicate her reluctant trust in him.

Because Zhong Nuannuan trusted him, Feng Shengxuan once again smiled.

No matter how stubborn or violent the girl he raised was, she would continue to side with and believe in him.

After hanging up on Zhong Nuannuan, Feng Shengxuan dismissed everyone before quickly making a call to the Wute Organization.

Chapter 482: A Massive

"Phoenix, hello, I'm glad you called me."

"Big Boss Fujiwara, you don't have to be so happy. I'm calling to tell you some bad news." Feng Shengxuan started slowly and methodically.

"You don't have to tell me, I already know. Our men were wiped out. Chi Yang was unexpectedly powerful. Despite 40 thousand opposition field army troops, in addition to 200 of our organization's killers, he left unscathed."

“There were 40 thousand men, but the field army troops were only slightly over 6 thousand. Moreover, their weapons were obsolete. Considering Badu’s incompetence, it was no wonder he met his downfall.”

Fujiwara sighed, “Indeed! However, it was still a pity. With so many people surrounding him, he could have been killed even through the sheer use of numbers alone, but why did the legitimate military capture Venato? Such a good opportunity...”

As he had not been able to seize such a good opportunity and as a result lost tens of billions in goods, Fujiwara was utterly dejected. It was a hard pill to swallow.

“I called you to tell you why Venato was arrested.” Feng Shengxuan spoke nonchalantly.

“Why?” Fujiwara’s gaze sharpened to reveal a murderous gleam.

“Because my sister had rushed there.”

Fujiwara’s eyes, which were glaring dangerously a moment ago, almost bulged out of their sockets.

“Queen?”

“Yeah.”

“Hasn’t Queen left the underworld? Didn’t she call it quits? Why did she come and meddle in our organization’s affairs?” The sound of his frustration was a straight-up roar.

“Don’t you bother with the reason for her actions. Regardless, your men have already offended her. Ahem... it’s best that you leave.”

Fujiwara was alarmed. “I... How did I offend her?”

“She wants to protect Chi Yang, while you want to kill him.”

“What the f*ck! Phoenix, it’s not right for you to say that! You’re evidently the one who wants to kill Chi Yang, while I’m the one who’s helping you, okay? Venato, Badu’s opposition forces, and our organization are all here to assist you, so why am I the one who ended up offending your sister? You’re not being reasonable!”

Fujiwara was evidently incensed.

This was too much, was it not? Fujiwara was handling matters on his behalf, but in the end, the other party returned to say, “You’ve been marked by my sister, so I’ll let you leave.”

How was this reasonable?

Who did his sister think she was?

Only

She was not a bloody damsel in distress, but first on the international mercenary rankings, with someone even placing a 3 billion USD bounty on her head. However, no organization in the entire international mercenary roster dared to f*cking dethrone her!

How could such impudence and shamelessness still exist in the world?

Unknowingly, Fujiwara's temper was still unable to excite Feng Shengxuan's spirit by even the slightest. This was because his energy had all been drained away by Zhong Nuannuan, such that even his stomach was beginning to ache terribly.

Naturally, Feng Shengxuan lazily replied, "That's why I told you from the start that this was bad news. Did you think I was lying?"

Fujiwara, "..."

Well, f*ck!

"Is this bad news? This is a disaster! Phoenix, the Wute Organization is the largest mafia in Yamato, with a 150-year history. This legacy was handed down by my ancestors! You were the one who told me to kill Chi Yang. Now, your sister wants to protect him and take revenge on me. From a humanitarian perspective, you should help me avert this disaster, right? Otherwise you... you're immoral!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 483: A Point of Weakness

Fujiwara did not dare speak too heavy-handedly. After all, Phoenix was also not someone to be provoked.

"Fujiwara..."

Feng Shengxuan ate the medication handed to him by the housekeeper. He was already curled up on the sofa in pain. "If I could cover for you, I wouldn't have called you. If my sister finds out that I was the one who did this, I'm dead meat. Therefore, you alone must deal with this matter."

Fujiwara, "...!"

After a long period of despondence, Fujiwara finally asked, "She's your sister. Do you think she'll still come and kill you after she finds out that you did it? I don't think so."

"She definitely won't kill me, but she certainly won't speak to me ever again. In that case, I might as well be dead."

Fujiwara, "... f*ck!"

"I'm already warning you biw, so you have time to move the hideout. Leave a bit of a scapegoat as penance to my sister so she can rush to Yamato and vent her anger."

"How long till Queen comes seeking revenge on me?"

"I don't know. Even if she doesn't come this week, she'll definitely come sometime soon."

"Okay, I got it. I'll move the hideout."

"You can't move the hideout! I told you: you need to leave my sister a group of men who can pacify her. Otherwise—if all your men withdraw and my sister can't find anyone—she'll call me and have me eliminate all of you... then I'll truly have no choice but to help her annihilate you!"

“...!” Fujiwara was so angry that he couldn’t speak. He screamed loudly, “Phoenix, don’t you go overboard now! You’ve cost me 200 men, and now you still want me to leave more men behind?! Do you think I can do such a thing?”

Feng Shengxuan held the earpiece far away, waiting for the other party to finish yelling before stating, “I’ll give you 40 billion, and didn’t you also lose 10 billion earlier? I’ll compensate you for that in full as well.”

Fujiwara’s small eyes narrowed as he listened.

“That 10 billion was destroyed by a person wearing a mask that bore the Queen of Spades and was done to gain favor with Chi Yang. This person couldn’t be Queen, right? After all, the letter on the mask was Q.”

“I don’t know anything about this, so you can’t blame it on my sister. Also, keep your mouth shut. If I find out from anyone else that you’ve revealed my sister’s secret, you know what I’ll do to you.”

His eerie voice was so chilling that Fujiwara shuddered.

Not many people in the world knew who Queen was.

However, aside from him, Phoenix had taken out everybody that knew this secret on the day Queen left the underworld. The only reason wasn’t dead because he had been obedient to Phoenix all along.

Only

Intuitively, Phoenix was a much scarier being than Queen.

Because of Queen, he had temporarily kept his brutality in his scabbard.

Consequently, he did not doubt for a second that he would not see the light of day if he ever divulged anything regarding Queen, even if he and Phoenix were on better terms.

“Phoenix, don’t worry. I still want to live, so I definitely won’t say anything regarding the matter of Queen. More importantly, you guys have already destroyed the KE organization’s information, especially with regards to matters concerning Queen. The information was wiped spotless from the web and dark web. As such, I don’t think anyone would believe me even if I spoke about it. So... when are you going to transfer the 40 billion to me?”

“Within a week, create a fake Wute Organization and leave about 700 men in that organization. Can you do that?”

“It will be done!”

It so happens there was an elder he had been wanting to take out for a long time. When the time comes, he would bring his men away and leave said elder’s men to guard the Wute Organization’s headquarters.

Chapter 484: Nuannuan’s Ca

Let him endure Queen's wrath. That way, the money can be returned, and the enemy disposed of.

"When my sister gets her anger out of her system, and when she's happy, I will transfer the money over to you."

Fujiwara was exasperated. "Phoenix, don't you feel irresponsible talking like this? What if she's still angry?"

"Then you'll just have to get her to vent more, then."

"You..."

"Compared to the annihilation of the Wute Organisation, you think you still have a chance?"

Fujiwara, "..."

"Alright then, when it comes to that, I'll just transfer 10 billion US Dollars over to your account."

Upon hearing the billion-dollar offer, Fujiwara immediately agreed.

...

After she hung up the phone, she watched the television for a while before the take-out food Chi Yang ordered for her arrived at her doorstep.

Inside the bag, there were four meat dishes, two vegetable dishes, a ginkgo chicken soup, and a big bowl of rice.

Zhong Nuannuan, "..."

Has she completely become a pig in Big Brother Chi Yang's eyes?

'This is definitely an order for two!' Zhong Nuannuan grumbled in her heart.

However, she had no idea that Chi Yang's order was actually for four people. He knew his sweetheart always had an appetite.

Although Zhong Nuannuan was not too happy about that, since it was still Big Brother Chi Yang's love dinner, she would not let the food go to waste, and ate it all. She even drank the soup dry.

Rubbing her little belly, Zhong Nuannuan decided to rest for a while and then go for a jog later.

Goddammit!

She would have to tell Big Brother Chi Yang not to order two portions of food for her in the future; It was too fattening!

After a half-hour's rest, Zhong Nuannuan changed her clothes and headed out.

Yang Yi, in the meantime, fixated on writing an ever poetic and touching note of self-reflection, finally came to his senses long after Zhong Nuannuan left.

Shit!

His thoughts were focused on his rescue yesterday and he had completely forgotten about his duty of protecting Miss Nuannuan.

As soon as these thoughts appeared in his head, Yang Yi grabbed his phone and hurried out the door.

Zhong Nuannuan felt that she was being followed as soon as she stepped out the door.

To give her followers a better opportunity to strike, she intentionally jogged on to a place with less people.

As Yang Yi stepped out of the main gate, he saw Zhong Nuannuan take a right turn into an alleyway.

His brows furrowed, and he pursued her immediately.

As he began to move forward, he noticed a minivan speeding into the same alleyway.

He gawked at the sight before him.

F*ck!

It could not be!

He sprinted to the junction with all the speed that he could muster, and arrived just in time to see Zhong Nuannuan being forced into the minivan.

Yang Yi quickly jotted down the minivan's number plate, hacked the traffic database, and discovered that it was a fake license plate.

Thus, he had no choice but to hack into the security cameras near the alleyway.

Only

Because he knew the general direction in which the minivan was headed, he managed to track down the vehicle, though it was incredibly hard to do so.

Yang Yi hurriedly hailed the next taxi, grabbed his phone, then called Chi Yang.

However, Chi Yang's phone was in airplane mode, and the watch that they had used specifically for communications had been taken away by Viper.

With that., Yang Yi had no other option—he had to pursue the minivan himself.

Yesterday's events had taught him a good lesson, which was to never underestimate the enemy, and to not act rashly as to alert them.

With that said, he could not follow too closely as it would raise suspicion. Hence, he would have to arrive at the place and assess the situation then. Even if he could not execute the rescue by himself, and he could not contact the boss, he could at least call the police.

As Yang Yi analyzed the situation in his head, he became calmer.

Chapter 485: The Screen of Mu

He surmised that Zhong Nuannuan was troublesome. If she continued to stay by his boss' side, she would become a burden.

Meanwhile, Zhong Nuannuan had no clue that Yang Yi was in pursuit, since she paid close attention to Yang Yi's movements right before stepping out of the house, she was sure that he was not following her. This was why she was so bold in setting up her own capture.

The minivan drove until it arrived at an isolated car service center.

The center looked simple on the outside; with bricks and roof tiles, it did not look impressive. However, around the back, there was a manufacturing plant, complete with cars and the like.

After the minivan pulled over at an open area, all of the crooks and ruffians came over, surrounding the area. Altogether, there was a little more than 30 of them. The doors to the van opened up, and everyone looked at Zhong Nuannuan seated between the two brothers, with a look of embarrassment on her face.

The one sitting closest to the door got out of the car first, while the other one in the back pushed Zhong Nuannuan forward. He roared at her with rage, "Get out of the car!"

"Hey, Zhao Laosan, be gentle, will you? That's a pretty lass that we have here. She can't be treated that harshly, can she?"

"Xu Si, do you wanna f*ck her so much that you've gone f*cking insane? Don't forget we have seven brothers who suffered by her hand!"

"Zhao Laosan, I know that you're still grieving your brother's death, but it's not her doing, so why are you taking it out on this lady over here? Right? In fact..."

"Boss Lei!!"

Xu Si was still talking, but when he saw Lei Peng coming, he wiped the lewd smile off his face and immediately stood in attention.

"Boss Lei, I've already interrogated this woman while we were in the car, and she had no idea that anyone was looking for her. She said that her boyfriend was worried about her safety, and let her sleep in the place opposite to the apartment, while her boyfriend's lackey stayed in their own apartment."

Lei Peng walked over to Zhong Nuannuan with the ruffians close by his side. He was only half a meter away from her when he stopped.

To get to their hideout, she pretended to be afraid. However, now that she was already at the location, she no longer had to maintain her facade.

A moment ago, she looked like a lonely flower battered by a maelstrom, but now her lips curled into a mocking smile. "Are you the leader of the Azure Dragon Gang?"

Lei Peng froze for a while as his eyes squinted.

Despite him being this close, this woman was not afraid. In fact, she had a condescending look on her face.

No, she was not just patronizing him, but the whole of the Azure Dragon Gang,

After all, she assumed that he was the leader of the Azure Dragon Gang.

Who was this woman anyway?

Everyone was deep in thought, and they could not help but notice that the boss had a semblance of a cave-man as he stood off against a woman like Zhong Nuannuan.

Only

Lei Peng realized quickly that his aura was diminishing and he quickly emanated a murderous air around him. As a matter of fact, everyone in his line of work, even the lowly henchman, possessed a deadly aura.

Most women, when faced with such an adversary, would usually scream in terror and faint.

However, Zhong Nuannuan was as calm as a millpond.

Lei Peng did not say a word, and Zhong Nuannuan asked, "Was it Ou Mingxi who ordered the lot of you to kidnap me? What will she have you all do to me?"

Lei Peng did not answer Zhong Nuannuan's first question. Instead, he answered the second question.

"She told us to first f*ck you, and then slit your throat!"

Lei Peng then pointed at a camera off to the side with a sinister smile on his face, "You see that? We have the gear ready, all we need is the star actress and the actors on set."

Chapter 486: Who Goes First?

As he finished his sentence, his followers burst into laughter.

Zhong Nuannuan laughed along with them.

She looked beautiful when she laughed, but at the same time, she resembled a demoness which had just emerged from a painting.

However, her laughter elicited an unexplainable sense of fear. Lei Peng and the ruffians of the Azure Dragon Gang's laughter slowly died down, and the air in the room became eerie.

"Aren't you curious as to where your lackeys have disappeared to?"

Lei Peng grinned. "Since we fell to your capture, we prepared for the worst. However, this doesn't mean that our brothers died in vain; We will use you, as a tribute to them. We will have our way with you, and then we'll send you down below to them for another round. With such a beautiful lady like you to keep them company, I believe that my brothers will rest in peace in the underworld."

There was a sense of coldness in Zhong Nuannuan's eyes and laughter. "How many of them are you going to sic on me?"

Lei Peng scanned the room. "Who wants a piece of her?"

"I do!"

A little more than 30 men echoed.

Lei Peng cackled. "Did you hear that? Every one of my brothers wants their turn, I hope that your underside can handle it. I hope you can satisfy them all, as you're no good to me dead.

"My brothers, get the camera ready, I'll go first, then you all can have your fair share later."

"Thank your Boss Lei!"

Lei Peng grinned and walked over to Zhong Nuannuan with his arm outstretched, wanting to grab her.

At that very moment, Zhong Nuannuan executed her attack.

Nobody saw exactly what she did, but a poker card instantly whooshed from under Lei Peng, and with it spewed a stream of fresh blood. A second later, an unmentionable lump of substance dropped onto the ground.

Due to her incredible speed, Lei Peng froze in shock, when he came to his senses and looked down, his crotch was nothing more than an empty space.

It was at that moment, a violent, intolerable pain struck him.

"AAAAAAHHHHHH!!!!!!!"

Lei Peng howled and shrieked like never before. Then, he stumbled back a few steps, fell on his butt, and clenched the barren wasteland which was his crotch as he rolled on the floor. He glared fiercely at Zhong Nuannuan like he wanted to rip her apart. The savage anger within him was imbued with stinging humiliation, which made him lose his mind. Because of this, his brain failed to consider the immense speed at which Zhong Nuannuan had struck him.

"KILL HER! KILL THIS BITCH! No, don't kill her just yet, I want to watch her raped! F*cked over!!! Go... go fetch the Tibetan mastiffs from the backyard!"

"Boss Lei!"

The henchmen reacted in shock, some of them went to fetch the dogs, and the rest charged directly at Zhong Nuannuan.

They only felt something flying towards them. Just before they could make out what it was, they were cleft in twain from the waist.

Only

The speed was so incredible that not a soul in the room could react to it.

Boss Lei was initially holding his groin, screaming with all the madness in the world, but when he witnessed the sight before him, his screams dissipated.

The fury in his eyes was gone in an instant, and all that was left was bewildered horror.

His brothers, who had all charged at her, perished in the blink of an eye.

The deceased were left with intact upper bodies and eyes gaping wide. None of the dead knew that they were even dead, while the ones still breathing showed nothing but angst, dread, and fear.

This form of death would seem frighteningly bizarre to the living.

It was nighttime, and the dim light from a few street lamps lit up the room. The floor was strewn with dismembered bodies and the gaze of unliving eyes. Those who were still alive gulped in terror, their faces pale as death itself as they all stumbled backward.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 487: The Lowest of

At this moment, the men who had left to get the Tibetan mastiffs returned. Seeing a floor full of corpses, they were scared witless. Before they knew it, they had let go of the ropes in their hands.

From the mastiffs' throats came a low and angry growl; They looked ready to pounce at Zhong Nuannuan.

Zhong Nuannuan killed people, but she did not kill dogs.

After all, these people not only wanted to take turns raping her but also to murder her. However, the dogs were innocent, and she liked animals.

Seeing that the mastiffs were already baying and bounding towards her, Zhong Nuannuan unleashed a murderous aura. Instantly, the mastiffs—who were almost upon her—pawed at the ground, their claws carving a long gash in the concrete floor. They finally came to a halt at a distance of less than one meter away from Zhong Nuannuan.

The mastiffs stared at Zhong Nuannuan's eyes with a look of terror. This was somewhat expected as animals had an innate sixth sense for powerful enemies.

Although Zhong Nuannuan seemed less than half as strong as the mastiffs' usual opponents, her body exuded a sense of dread that they found unbearable.

Frightened, the Tibetan mastiffs' deep growls turning into whimpers of submission.

As a result of the aura, one mastiff was even scared to the point of urinating, after which both mastiffs tacitly turned around, fleeing with their tails tucked between their legs.

Zhong Nuannuan regarded Lei Peng with a slight smile. Her schoolgirl innocence from before was thoroughly replaced by a mature voluptuousness. Coupled with the aura of hostility, her frightening demeanor horrified Lei Peng, who uncontrollably yelped in terror. Forgetting about his pain, he crawled away from her to the point of exhaustion before collapsing on the floor.

“All that talk about changing lodgings was a lie. I lied and you guys believed it. How stupid.”

Lei Peng, “...”

Members of the Azur Dragon Gang, “...”

At this moment, they all felt the same way in their hearts, which was—

That they beheld a true monster.

Zhong Nuannuan glanced at the video camera, asking Lei Peng, “Is this live?”

Lei Peng had already wet himself. The thought of revenge and killing people on Ou Mingxi’s behalf had completely left his mind. He did not even care that his genitals had been cleaved off—all he wanted now was to leave.

Lei Peng quickly shook his head. “N-N-No it’s not! It’s just for recording a-and we haven’t started.”

Zhong Nuannuan nodded. “That’s good.”

She too felt that it was not a live broadcast. If it was, she would also have to kill everyone who watched it, lest it be discovered by Big Brother Chi Yang.

Everyone thought that this would spell the end of their nightmare, that this demoness would let them go because they had not begun recording.

Unknown to them, this indicated the start of a slaughter.

They attempted to murder her, planned to gang-rape her and even set dogs on her. On top of it all, they had even wanted to record the entire thing.

Simply put, they were a bunch of scum who deserved to die!

Only

Within two breaths, the remaining dozen or so people were eliminated. Not a person was spared, save for Lei Peng.

From Lei Peng’s perspective, he only saw a blur in front of him, after which all his men were dead.

What the hell...

What kind of monster had he provoked?

At this moment, Lei Peng truly regretted taking on Ou Mingxi’s job.

He knew his own life was at its end.

When Zhong Nuannuan eliminated all his subordinates and turned to face him, Lei Peng screamed, “It wasn’t me, it wasn’t me! It had nothing to do with me! We were only hired to do these things on someone else’s behalf!”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 488: Trouble Is Comi

“Ou Mingxi made us do all of this! That woman relies on her status as the deputy governor’s daughter and often asks us to help her out. Ou Chenghe frequently helps our Azure Dragon Gang as well, which is why I accepted this job.”

In his panic, Lei Peng’s speech became more fluent.

Suddenly, thinking of something, he added, “I’m also not the leader of the Azure Dragon Gang, this really has nothing to do with me! Goddess, you... Just have mercy on my wretched life! I really won’t dare to do such a thing ever again!”

“Mercy?” With a cold expression, Zhong Nuannuan kicked Lei Peng five meters away. His body only stopped when it slammed into the van behind him.

“If I wasn’t capable enough, I would’ve been raped and killed by you today. Would you have mercy on me just because I asked you to spare me? You even said it’s none of your business... Didn’t you accept the money? Was your lewdness just now out of desperation? If you’re mixing around in this field, you must be prepared for death.”

Seeing that Lei Peng’s face had become lifeless from fright, Zhong Nuannuan added, “However... You said that you’re not the big boss of the Azure Dragon Gang?”

Lei Peng shook his head with tears and snot streaming down his face. “No! Our Azure Dragon Gang is a big gang in Jiang District. There are five to six hundred gang members scattered across all walks of life in Jiang District, and they’re considered as official gang members. As for me, I’m considered part if a side branch, which means that I’m affiliated with the Azure Dragon Gang only after paying my membership fees. Apart from myself, none of my subordinates are official members of the Azure Dragon Gang.”

“Then does the Azure Dragon Gang know about Ou Mingxi paying you money to rape and kill me?”

If they knew, she would definitely destroy them.

There was no one who would survive after having thoughts of killing her.

“The... The person who knows about this is the great elder of the Azure Dragon Gang. I have a good relationship with him, so I share half of my accepted jobs with him. As for whether the Azure Dragon Gang’s leader knows about this, I’m not sure.”

After listening to Lei Peng, Zhong Nuannuan stopped talking.

As Lei Peng was wondering whether this woman would let him go or kill him, Zhong Nuannuan took out the essential travel product for a murder spree—— body-decomposing powder from her bag.

The bottle was not big, and Zhong Nuannuan only scattered a little powder on a corpse before putting the bottle away.

“You, if you don’t want to die, pile these people’s bodies onto this corpse.”

“Sure, of course!”

Even though Zhong Nuannuan had turned him into an eunuch, Lei Peng was still happy when he heard that he did not have to die.

At this moment, his face had become pale due to excessive blood loss, but he still endured the severe pain and began to move his subordinates' corpses.

Still, he did not understand why he had to move the corpses.

Since the corpse that had body-decomposing powder was in the center and was relatively close to almost all the other corpses, Lei Peng did not notice anything out of place when he piled the second corpse on top.

It was not until he piled up the fifth body that he suddenly discovered...

'Huh? Why are there only three corpses?'

He quietly glanced at Zhong Nuannuan and thought to himself, did this woman want to torture him such that she deliberately removed two corpses?

What a pervert!

Only

However, what could he do?

He felt hopeless!

Even if she wanted to prank him to death, he still had to take orders from her in exchange for that slightest hope of living, right?

Therefore, Lei Peng continued to move the bodies.

Even so, what in the world...

The woman stood in place and did not move much at all, so why was the number of corpses that he was piling on the ground still the same?

He moved a few more bodies as the body-decomposing powder below had spread onto the corpse, and the corpses were close together.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 489: Is She Human?

Therefore, that little bit of body-decomposing powder began to increase exponentially. Like the plague, it quickly swept through the stacked-up corpses.

Lei Peng opened his eyes wide and watched the corpses dissolve at an extremely fast speed without leaving any stains or odors behind. This was just...

Just...

It was just impossible to describe his horror at that moment.

This woman... What kind of person was this???

The point was, was she really human???

“Hurry up! If you waste my body-decomposing powder, and haven’t got a new corpse by the time these corpses are completely gone, I’ll push you in.”

Lei Peng was so frightened that he fell to the ground.

Even though his wounds that were slowly killing him, he endured it, and hurriedly crawled around to pile up his subordinates’ bodies.

As the coverage of the body-decomposing powder increased, more corpses got into contact with the body-decomposing powder, causing these corpses to start melting as well.

Very soon, the bodies of more than 30 subordinates were gone.

Lei Peng was flabbergasted!

No wonder the people who went out yesterday never returned.

He finally knew the reason.

Lei Peng’s tears fell when he discovered the truth.

At this moment, there was someone else who was as shocked as Lei Peng, and that was Yang Yi, who was lying by the door and had witnessed the whole scene.

From the moment Zhong Nuannuan whipped out a card to cut off Lei Peng’s privates, he already knew Zhong Nuannuan’s identity.

Queen of Spades!!!

The man who had saved him!

Unexpectedly, she turned out to be Zhong Nuannuan, who was disguised as a man!!!

He had to be honest, before this, he had felt that Zhong Nuannuan was not worthy of his big boss at all. How could his big boss like her and care about her so much?

It turned out that Zhong Nuannuan was that super handsome man!

His idol!!!!

Huh? Where was his idol?

Yang Yi was still thinking to himself when suddenly, someone behind him asked, “Are you done watching?”

Yang Yi was aghast!

Turning around abruptly, he was faced with Zhong Nuannuan’s beautiful, soul-stirring face.

“Idol?!”

When did she come out?

When did she notice him?

“Idol?” Zhong Nuannuan raised her eyebrows.

Yang Yi hurriedly nodded like a chicken pecking on rice. “I know, you’re the Queen of Spades! The person who saved me!”

Back when she had unleashed her special ability to kill those people, she had spotted Yang Yi lying outside behind the gap in the door.

However, it was already too late by then, so she did not stop.

“Yes, I’m the Queen of Spades.”

The sparks in Yang Yi’s eyes exploded, and happiness covered his face.

Only

“However, you shouldn’t know my identity. After all, it’s a secret.”

Yang Yi was startled, thinking that Zhong Nuannuan approached his boss with such a weak identity, but was actually such a powerful person in reality.

Suddenly, an unimaginable thought flashed through his mind. Yang Yi opened his eyes wide and pointed at Zhong Nuannuan. “You... Are you going to harm my big boss?!”

Zhong Nuannuan was speechless. “How can that be? He’s the person I love the most in my life, and I’ll harm anyone except him.”

Yang Yi breathed a sigh of relief. “That’s good! Don’t worry, you’re my savior. Without you, I wouldn’t have survived that day, so as long as you don’t hurt my big boss, and won’t do anything that might harm him, I’ll pretend that I don’t know anything about you. After all, big boss only asked me to protect you, and didn’t ask me to monitor you.”

She originally thought of knocking Yang Yi out, and then try to use silver needles to destroy his memory neurons and wipe out this part of his memory from him.

However, her current X-ray vision had not reached the level in her previous life, and there was no way to accurately erase the other party’s memory.

If she acted, he would definitely suffer massive memory loss.

Now that she had Yang Yi’s assurance, Zhong Nuannuan felt relieved.

“Well, I’ll believe you then.”

Yang Yi’s eyes lit up, and he immediately seized the opportunity to ask questions.

“Thank you, idol. Idol, how did you become so powerful? What was the thing you poured on the corpse earlier?”

Yang Yi, who was still an arrogant little brother a few days ago, had instantly transformed into a little fanboy now. He really admired Zhong Nuannuan to the point of no return.

“Didn’t you already hear everything just now?”

Yang Yi smiled in embarrassment, and continued to ask, “Where did you buy this body-decomposing powder from?”

“Why, do you want to buy it?”

Yang Yi nodded quickly. “Sometimes I have to help big boss handle some matters too, and some people’s bodies are not easily disposable. I think that your body-decomposing powder is very useful, so I was wondering if I can...”

“It’s not sold outside. However, I can make some for you if you want.” Zhong Nuannuan’s attitude was considered quite good towards Big Brother Chi Yang’s loyal subordinate.

“What? You made it?” Yang Yi’s eyes brightened even more.

At this moment, he felt that his big boss was really skilled at finding a wife.

No wonder he treasured her so much.

If his future wife was that powerful, he would treasure her too!

When Lei Peng saw someone following Zhong Nuannuan, with that person looking like a martial practitioner, he knew that he was in for it.

Even if Zhong Nuannuan was not a devil, their affairs would definitely be exposed.

In any case, he had been really badly sabotaged by that b*tch, Ou Mingxi this time.

“Did you drive here?” Zhong Nuannuan asked Yang Yi.

“I didn’t drive, but I requisitioned a car and parked it outside.”

“Okay, go and drive the car in.”

That van was too shabby, so she did not want to sit in it.

Yang Yi hurriedly left to drive the car in.

Lei Peng was already trying his best to minimize his presence at this moment, hoping to escape a catastrophe, but when Zhong Nuannuan’s eyes were cast on him, he was still shocked.

“Can you locate the Azure Dragon Gang’s territory?”

“Yes! Yes!” Lei Peng nodded quickly.

“Then get in the car and take me to the Azure Dragon Gang.”

This issue was caused by the Azure Dragon Gang, so the Azure Dragon Gang had to give her an explanation.

Otherwise, there was no need for this gang to exist any longer.

If they could not even manage their subordinates properly, how could they still form a proper gang?

What nonsense was this?

“Yes!”

Lei Peng did not dare to be negligent, so he hurriedly got into the car.

Yang Yi drove, Zhong Nuannuan sat in the passenger seat, and Lei Peng sat in the back seat alone.

Yang Yi was troubled.

Even cats would scratch people when they felt anxious, what more a small mafia boss in the back seat.

“Idol, isn’t it bad for him to sit in the back seat alone?”

“I don’t want to sit with him. He’s dirty.”

Only

“How about... I’ll go sit next to him, it’s safer.”

“What are you afraid of? If he dares to move around, I’ll slice off whichever body part he dares lift!”

Yang Yi and Lei Peng were speechless.

Along the way, apart from moving his mouth to tell Yang Yi where to go, Lei Peng simply covered his wound with his hand and sat still, not daring to move an inch.

He was just a eunuch now. If he could survive, he would at least retain the ability to take care of himself. He was afraid that if he moved the slightest bit, he would not even have the ability to take care of himself after all this was over.

On the way, Zhong Nuannuan took out a foldable mask from her running bag and put it on her face. However, this time, she did not bring a Queen of Spades mask, but the mask of a smiling Maitreya Buddha.

Yang Yi was lost for words.
