Chapter 491: Turf Destroyer

Sure enough, she was his idol; Even if she was going out for a jog, she would bring tools for killing people. Awesome!

The car reached the Azure Dragon Gang's turf after driving for less than a quarter of an hour.

This was a place with good feng shui. It was surrounded by mountains on all sides, and pools of water were situated under the mountains.

There was a secondary purpose to this, as, if anything went wrong, at least the people inside could escape by road and waterways.

"The great elder is inside?"

Lei Peng replied, "You... Didn't you ask me to take you to the Azure Dragon Gang?" Why did she want to see the great elder? Sh*t! Would this devil kill him because he directed them to the wrong place?

Zhong Nuannuan was speechless "The great elder is not at the Azure Dragon Gang's turf?"

"The current leader of the Azure Dragon Gang is the former gang leader's son. The great elder has always wanted to sit in the leader's position, and has a bad relationship with the current gang leader, so he rarely stays with the gang."

This was miserable!

"Forget it, let's go in and have a look."

Yang Yi dragged Lei Peng and got out of the car behind Zhong Nuannuan.

"Hall Master Lei? What's wrong with you? Why are your privates hurt? Are you okay?"

The gatekeeper asked with concern when he saw Lei Peng. After all, Lei Peng had just brought a lot of money to their elder.

When Lei Peng saw the visitor, his eyes lit up. "You're here, so is the great elder also here?"

"Yes." The man looked boastful. "He shouldn't be called the great elder now, but the gang leader."

Seeing Lei Peng's bewildered look, the man looked at Zhong Nuannuan at the side, who was wearing a mask, and explained, "Well, the Azure Dragon Gang is a big gang, so how can a stinky brat be the gang leader?"

"Then take us in now to find your new gang leader."

"Do you think you can meet our gang leader so easily? By the way, who are you? You came to the Azure Dragon Gang wearing a mask... Could you be here to wreck our turf?"

"You're right, I'm here to wreck your turf, will you lead the way or not?"

“Hey!” The man was just about to speak with a sarcastic look when Zhong Nuannuan kicked him aside.

He flew ten meters.

Then he landed.

It was unknown whether he had fainted or died.

Everyone who stood guard at the gate was lost for words.

“If you don’t want to end up like him, show me the way.”

Witnessing Zhong Nuannuan’s strength, the guards no longer dared to look down on her anymore, instead appearing horrified, as if they had just seen a ghost. They glanced at Zhong Nuannuan, then at the seriously injured Lei Peng, then ran ahead dejectedly.

Zhong Nuannuan also swaggered in with the others.

“Gang leader, someone is here to destroy our turf. Hall Master Lei is seriously injured, and Heiwa has also fainted from being kicked just now.”

Only

That person arrived at the square.

At the square, there were clearly two groups of people confronting each other, one of which was obviously weaker than the other.

The leader of the stronger side was the great elder of the Azure Dragon Gang.

After the lackeys made their complaint, the great elder looked toward Zhong Nuannuan.

Seeing Zhong Nuannuan wearing a mask, and Yang Yi following behind while dragging the injured Lei Peng, the great elder’s eyes narrowed unhappily.

Zhong Nuannuan did not change her feminine features, so even if she wore a mask, she was completely beneath the great elder’s notice.

“My friend, I don’t know who you are and what you want to do here, even if you’re here to wreck my turf, please go back to wherever you came from. Today I’m helping the Azure Dragon Gang to do some house cleaning, so I don’t have time to take care of you. I’ll count to three, if you disappear from here by then, I’m willing to turn a blind eye toward you.”

Chapter 492: Stubborn

“However, if you don’t leave, then don’t blame me for being unreasonable to guests and getting rid of you like the other pieces of garbage in the house.”

After he finished speaking, apart from the current Azure Dragon Gang leader and his diehard loyalists, more than one hundred people took a step forward.

Just as they stepped forward, the lackey next to the great elder also started to shout under his signal.

“One, two...”

After saying “two” for a long time, but seeing that Zhong Nuannuan did not have the slightest intention of leaving, the lackey counted, “Three.”

After the third count, the great elder’s people drew all kinds of machetes from their waist.

They did not even have a gun...

The only gun was aimed at the head of the Azure Dragon Gang’s leader.

“It seems that this friend is a stubborn one! You can put down Lei Peng, so it shows that you have some capability. However, no matter how skilled a fighter you are, can you defeat the 200 men here?”

Zhong Nuannuan ignored the great elder completely, and asked, “Who is the big boss of the Azure Dragon Gang?”

“I am.” The great elder spoke.

“I’m asking for the true leader of the Azure Dragon Gang, before today.”

“It’s me.”

Hou Yunchen, who had a gun pointed at his head, slowly spoke.

This was a man who wore gold wire-framed glasses and meticulously arranged clothes. Compared with the image of the great elder, who had a bald head, fierce expression, broad neck, thick gold necklace, and a string of Buddhist beads on his wrist, the current leader of the Azure Dragon Gang looked just like a gentle scholar.

At this moment, although he had a gun pointed at his head, and his eyes burned with anger, he did not have the slightest bit of fear in him.

Hence, although he looked like a weak scholar instead of someone who was from the underworld, he seemed to be the one most comfortable in this kind of industry.

After all, people in the new era could not just rely on their appearances to convince the public.

Only

Zhong Nuannuan turned, grabbed Lei Peng with her hands, then gently pushed him forward, causing Lei Peng to fall to the ground.

“Did you know that the daughter of Jiang District’s deputy governor, Ou Mingxi, hired your Azure Dragon Gang’s 4th Hall Master Lei Peng and his men to help her commit murder, whereby the job was to rape and kill?”

Hou Yunchen frowned slightly and asked angrily, “Hall Master Lei, have you accepted the order in secret?”

Although Lei Peng was not afraid of Hou Yunchen at all, he was afraid of the devil behind him! Thus, he was particularly careful when he answered, "I told the great elder about this when I took the order, and I accepted the order after the great elder agreed to it. Besides that, half of our orders' rewards are given to the great elder."

When Hou Yunchen heard this, what else was there to say? He sneered and replied, "Dai Zonghan, look at what your motley crowds have done? When my dad was alive, he had already declared the gang rules, saying that we were to refuse money from others to eliminate their problems, and nobody in the Azure Dragon Gang is allowed to take human lives at will. He did not approve of you opening separate branches and halls either. Great, now you've created some mob branches that specialize in murderous acts. You've gathered money for your own pockets, but poured a basin of sh*t on the Azure Dragon Gang's name! Is this what you call 'spreading the Azure Dragon Gang's glory'?"

The great elder was verbally attacked, but he was not ashamed at all. The situation was clear now, as those who were on his side had already formed a team as it was way past the point of no return, so he had nothing to worry about.

"That's right. I just wanted to accumulate money for myself and strengthen my own influence, what's wrong with that? Starting today, the Azure Dragon Gang will be mine. My power has grown, which also means that the Azure Dragon Gang's power has grown."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 493: Ruthless Deflowering

"A person like your dad is simply not suited being the big boss of a mafia gang. As a mafia gang, if we don't even dare to kill people, and can't smuggle arms or drugs, then what are our brothers going to rely on to survive? Your dad's brain is pretty wacky, and you're even more retarded! Our brothers' income is dropping by the day, so if I still don't come to take control of the overall situation, the Azure Dragon Gang will die sooner or later! Everyone, do you agree?"

"Yes!" The great elder's subordinates and people who had betrayed the gang leader said in unison.

However, discordant voices also rang out at this moment.

"Oh, really? I'm an outsider so I definitely won't care about other issues, but my client, Miss Zhong Nuannuan, was almost raped and killed because of your policy of 'taking people's money to eliminate their problems'. Hence, if this matter is not resolved, forget expanding the Azure Dragon Gang, there is something else you have to deal with. A statement that corresponds to 'taking people's money to help eliminate disasters' is——'a debtor must pay his debt; a murderer must pay with his life'. Since you want to engage in such activities, then you also have to shoulder the responsibility of being avenged by others, am I right, new gang leader?"

.....

As soon as Zhong Nuannuan's voice fell, the square became pin-drop silent.

The great elder was completely angered by Zhong Nuannuan's repeated provocations.

“Little girl, since today is my first day as a gang leader, I didn’t want to execute anyone except for Hou Yunchen, but you’ve repeatedly challenged my authority, so let me tell you: Yes, when I took the money, I was already prepared for the possibility that their peers might come back to avenge them. However, this vengeful spirit could not be yourself. I don’t care whether that person named Zhong Nuannuan really asked you to come over and wreak havoc, or whether you’re really one of Hou Yunchen’s people, but you’ve annoyed me today. Since you want to stand on Hou Yunchen’s side, don’t blame me for deflowering you ruthlessly. Oh, but you might be a man-eating flower anyway. Otherwise, with your good body figure, why bother putting on a mask — are you too ashamed to meet people?”

“Hahahaha...” The gang members immediately supported their new gang leader by jeering.

“Since this person wants to help Hou Yunchen regain his reputation, then everyone should pay some respect to her too!”

After he spoke, three strong men walked toward Zhong Nuannuan.

Upon seeing this, Yang Yi immediately stood in front of Zhong Nuannuan and kicked the three people in the face with a swift horizontal kick.

Only

Two of the three people fell to the ground, and upon seeing this, the great elder narrowed his eyes slightly and sneered, “I was thinking why you still dared to come forward to die even with so many of us here, it seems that you really have a trick or two up your sleeve. What a pity though, even if you can knock down three people, can you knock down 30 of us?”

After that, he winked again at the people behind him, and after receiving his orders, the people behind yelled——“Go!”

The 30 people who were closest to Yang Yi immediately surrounded him.

Zhong Nuannuan wanted to see how good Yang Yi was, so she observed the battle from the side. She noted his weaknesses and unpolished techniques.

Although Yang Yi was nothing compared to Zhong Nuannuan, this Azure Dragon Gang was just a mafia gang in Jiang District, while on a national scale, they could not even be ranked. Compared with the gang under Xu Feiyang’s command, whom she had saved in prison earlier, they were small-fry.

Therefore, even if 30 people got up to fight, Yang Yi could still deal with them easily.

The 30 people collapsed in less than 5 minutes. However, at the same time, Yang Yi was already starting to run out of breath.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 494: Kill Yang Yi

When the great elder saw that the 30 subordinates could not take Yang Yi down, he felt a little worried. Taking out the pistol from his coat, he quietly shot Yang Yi in the back.

Yang Yi was panting while, unbeknownst to him, the great elder had drawn his gun and had already pulled the trigger. He just stood there panting, looking at Zhong Nuannuan with eyes filled with the expression of a little fanboy asking for praise.

However, when he was met with a sharp, cold gaze instead of appreciation, Yang Yi suddenly felt a chill run down his spine.

“Bang——”

The gunfire rang out, and Yang Yi wanted to escape, but found himself a step too slow.

Only a horrible scream was heard.

The bullet did not hit Yang Yi. Instead, the nerves in the great elder’s hand were directly sliced by a disposable acupuncture needle instead.

The pistol fell to the ground with a thud, and the great elder held his bloody wrist in pain while looking at Zhong Nuannuan with horror.

At this moment, his gaze no longer had any of the previous contempt and ridicule.

They were all from the underworld, and they all had a fighting skill or two, but he only saw the masked woman lightly raising her hand at the moment he pulled the trigger.

There were only two outsiders here, she and Yang Yi, so it was obvious who hurt him.

In fact, he also did not clearly see the moment she had raised her hand; he only knew that she had raised her hand because she later lowered her hand slowly.

Seeing the needle stuck in his wrist and the damaged nerves in his hand, the great elder’s eyes were filled with alarm.

This woman... was even better than the man!

“Although I don’t understand why you didn’t aim at his head and heart, but instead aimed at his shoulder blade, I won’t thank you. This person belongs to me, and anyone who tries to hurt my people in front of me has committed a cardinal sin. However, before we talk about this, new gang leader, can we now talk about your gang taking people’s money to help eliminate their problems?”

The grand elder was shocked! He had clearly been aiming at Yang Yi’s head just now! He wanted a headshot!

Fortunately, the woman found an excuse to help him out, so he deduced that her move earlier was simply a stroke of luck for himself.

Only

However, he also knew that it was not easy to push this woman around, so... Since the other party had saved him some dignity and provided an excuse for him, then he would also do the same!

This was how a wonderful misunderstanding was born.

As for Zhong Nuannuan, after activating her X-ray vision, she would not even make a 0.01 millimeter error. The distance between the head and shoulders, and the heart and right shoulder were all more than 20 centimeters apart, so only a pig could miss. Hence, she did not know that the other party thought she was sparing him some dignity at all.

“My little friend, I didn’t expect your ability to be this strong. Well, since you spared me from shame, I’ll also do the same. We did receive the order from Deputy Governor Ou’s daughter and got 5 million yesterday. I can return that 5 million back to you, and the 5 million with Lei Peng will also be returned to you. Regardless of what happened to Miss Zhong Nuannuan, we’ll not interfere with each other’s business from now on, and if anyone tries to use the Azure Dragon Gang to kill her or rape her, we will promptly turn them away. What do you think?”

“Haha.”

Zhong Nuannuan coldly gave the great elder a cold laugh.

“How shameless can you be to think that I’m sparing you from shame? Who do you think you are, thinking that you can gain some dignity from me? I’ve already said that since you think it’s natural and righteous to accept people’s money to help them eliminate their problems, then paying your debts and paying for it with your life is also justified. Regardless of whether Zhong Nuannuan was harmed or not, my debt collection today is justified.”

Chapter 495: Please Help

“Miss, I promise you, as leader of the Azure Dragon Gang, we vow to never do anything like this from now on as long as you can help me get through today. As for the deputy governor’s daughter, Miss Ou Mingxi, who tried to hire murderers, we’ll apprehend her and leave her at your disposal despite her title. From now on, I, Hou Yunchen will recognize you as my superior. And if you wish, the entire Azure Dragon Gang belongs to you.”

“You promise? You’re not the gang leader anymore! What the hell are you promising?! Believe it or not, if you speak again, I’ll shoot you!”

Zhong Nuannuan sneered. “You’re very proud of holding a fake gun, aren’t you?”

Hou Yunchen was speechless.

The person threatening Hou Yunchen thought, ‘F*ck!’ How could this woman tell that he was holding a fake gun? This was something he had bought at a high price!

Hou Yunchen was about to move when the man holding the gun tightened his grip. “A fake gun is still a gun, and it also contains bullets. Do you believe that I can still kill you with a single shot?”

Unexpectedly, Zhong Nuannuan spoke again, saying that he could move however he liked, his gun was already broken.

“You’re the one that’s broken! I’ll let you witness whether it’s broken or not!”

After saying that, he pulled the trigger without hesitation.

Crack crack crack...

He pulled the trigger several times, but it seemed that something was stuck in the barrel, and the sand bullets could not come out at all.

Everyone was at a loss for words.

Hou Yunchen took the opportunity to reveal the blade in his pocket and sliced open the man's neck artery with one swift slash.

The man still held onto his gun, and could not process why the gun that was working yesterday could not be used today. How did the woman know that the gun was fake and that it could not fire any bullets?

Zhong Nuannuan had only taken a glance with her X-ray vision, and she decided to give a kind reminder when she saw that the bullet inside was stuck. Unexpectedly, this person did not believe her.

"Charge, all of you! Kill Hou Yunchen and this woman!"

As the great elder gave his order, the Azure Dragon Gang instantly fell into chaos.

Now that they saw their gang leader had broken from his shackles, the subordinates of the Azure Dragon Gang who had to stop to protect Hou Yunchen earlier also began to resist.

Zhong Nuannuan did not know who was on which side, so she could only walk toward the great elder.

When the elder saw Zhong Nuannuan walking toward him, he picked up the gun and began firing it with his left hand.

Bang bang bang bang bang—

Only

Several bullets were fired, but none of them landed an accurate shot at Zhong Nuannuan. Naturally, she did not dodge as well.

When the great elder saw that she did not even dodge the bullets from the gun in his hand, he knew that he had stumbled upon a hard-headed person. He quickly let the people around him deal with Zhong Nuannuan instead.

Although she had come out for a jog and only brought three bags of needles with a hundred needles in each, this was already enough for Zhong Nuannuan.

Facing the people who were charging toward her, she directly stabbed these silver needles into the acupuncture points on their heads.

Unharmd, subordinates have become inferior to normal people. Apart from doing some basic tasks, they could no longer think about killing anymore.

Seeing all the subordinates fall one after another as they approach Zhong Nuannuan, the great elder began to panic. Especially when he still could not tell how she was doing it without hurting them or even using her hands.

The people who were originally attacking Yang Yi and Hou Yunchen now turned to attack Zhong Nuannuan with all their strength. She only crossed her hands in front of her chest, and then spread her arms out with a striking “swoosh”. Countless silver needles were then pierced into the acupuncture points on those people’s heads accurately.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 496: Disdain

The moment the silver needles hit them, they lost the strength to stand up as everyone fell to the ground.

There were too many people falling, such that those behind them became afraid. As long as they were within 5 meters of Zhong Nuannuan, she would target them.

The great elder saw that Zhong Nuannuan was getting closer and closer to him, but no one was approaching him to help him. Hence, he shouted in shock, “Throw knives at her! Hit her with bricks! As long as your distance between her is more than five meters, she can’t hurt you!”

The great elder and everyone had forgotten about Zhong Nuannuan slicing his hand when he was more than ten meters away.

Those with weapons in their hands used their knives as darts in an attempt to throw them at Zhong Nuannuan.

However, Zhong Nuannuan seemed to have eyes on her back, and she directly fired the needles into their brains.

She had already let them go once or twice, but they still wanted to tempt death. Therefore, unfortunately for this wave, Queen Nuannuan went berserk; compared with the previous group of people who could still pull out the silver needle after it was inserted, but simply could not stand up, this batch of people could no longer open their eyes again after they were hit by the silver needles.

The rest of the people who were carrying bricks nearby in an attempt to use them as grenades quickly threw away the bricks in their hands, squatted down with their hands over their heads, and begged for forgiveness.

In the blink of an eye, only the great elder remained standing in the square.

The great elder was appalled!

Seeing the woman approaching him, the great elder knelt on the ground desperately. “Goddess, Your Majesty the Queen, I was blind to your capabilities and offended you. Just let me go this time! I promise that I’ll be absolutely loyal to you in the future, and that the entire Azure Dragon Gang will also be loyal to you!”

Zhong Nuannuan sneered. "He's the leader of the Azure Dragon Gang, not you, so how can you give me a guarantee?"

"I... I am the current leader of the Azure Dragon Gang."

"Are you the only member of this gang? Ask them if they acknowledge you. If they do, I'll acknowledge you!"

After saying that, Zhong Nuannuan glanced at the gang holding their heads, begging for mercy, and the gang standing behind Hou Yunchen.

However, no one dared to respond.

After all, this woman was here to find faults. Besides that, the reason for the incident was because the great elder took the hitman job, so it was likely that this woman would never acknowledge him.

"Goddess, please spare me! Please treat me as a fart and let me go!"

"Let you go? Didn't you say that you were ready to receive retaliation back when you accepted other's money to eliminate their problems? Why is it that when revenge is here, you're kneeling and begging for people to let you go?"

After that, Zhong Nuannuan was too lazy to speak with him any further. She kicked the knife on the ground, causing the knife to fly up, directly stabbing into the great elder's heart.

Only

The great elder's eyes widened as he looked at the knife stuck in his heart in disbelief. He was dazed.

At this moment, he finally regretted not listening to the words of his former gang leader; He had always felt that since there were so many people in the Azure Dragon Gang, even if he were arrested, he would not be the one who would end up in jail nor bear the repercussions. In his mind, all he needed to do was collect the paychecks.

However, now he knew what it meant to pay for a life with a life.

Only...

It was too late.

The great elder soon died, and Zhong Nuannuan looked at Hou Yunchen. "I disdain small gangs like the Azure Dragon Gang, but since I saved you, apart from giving me the Azure Dragon Gang, you have to fulfill your other promise."

"Miss, apart from being a mafia gang, our Azure Dragon Gang also has many other properties, so if you take over the Azure Dragon Gang, you will not only take over the gang's members, but also all the industries under the Azure Dragon Gang's name."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 497: Evidence

"It's okay, I already said that I'm not interested in this."

Zhong Nuannuan waved her hand, she really was not interested in this. After all, if she had not retired, the entire international mercenary world would be under her jurisdiction now. However, these people were now under Feng Shengxuan's jurisdiction, so if she wanted to mobilize them, she could still do so at any time.

Hou Yunchen was speechless. He really did not expect to give their big Azure Dragon Gang away one day, and even more so that the other party would not want it.

Nevertheless, he did not dare to refute Zhong Nuannuan, so he could only respond immediately, "Yes, then please tell me whatever you'd like me to do, Miss. If it's within my power, I'll definitely get it done for you."

Zhong Nuannuan asked Hou Yunchen's subordinates to retreat, and then told him her request.

Seeing Hou Yunchen's mouth twitching, Zhong Nuannuan felt unhappy. "Why, can't it be done?"

"What are you talking about, Miss? Just leave such simple matters to me." Hou Yunchen quickly expressed his sincerity.

"In that case, I'm guessing the police will arrive at your door tomorrow. When the time comes, hand over the things to Yang Yi."

"Yes."

After that, Zhong Nuannuan and Yang Yi exchanged phone numbers with Hou Yunchen before parting ways.

It was already 2 o'clock in the morning when they returned after dealing with the Azure Dragon Gang.

Zhong Nuannuan told Yang Yi to go back first, while she went to the Zhong Family's house herself.

Yang Yi now admired Zhong Nuannuan very much; Since she was his big boss' fiancée too, he basically did whatever Zhong Nuannuan asked him to do now.

Although Zhong Nuannuan felt that her mother's will might have already been destroyed by Zhong Qianqian and Jiang Shuwan, she still wanted to look for it.

Under the moonlight, Zhong Nuannuan looked like a ghost in the dark night. She easily avoided all the cameras in the community, then took out the key, opened the back door and returned home gracefully.

A colorless and odorless gas spread throughout the Zhong Family's house. This was similar to the time when she had collected the DNA of everyone in the Zhong Family—once the medicine was released, it would start to disperse in large quantities. Within 5 minutes, these gases would pervade every hole and enter every room in the Zhong Family's house.

This medicine would not make people feel any different, but would cause them to fall into an extremely deep sleep.

The entire Zhong Family was soon silent.

Zhong Nuannuan walked to the door of Zhong Qianqian's room, pulled out a silver needle from the bracelet on her wrist, and gently inserted it into the door lock. The door lock was picked without even making a sound.

When the door was opened, there was an indescribable smell in the room.

Looking at the two people lying naked on the bed, Zhong Nuannuan was sickened by them to the point that she almost threw up.

Gu Mingzhe was really willing to go all out!

Even in the face of such a disgusting, two-faced person like Zhong Qianqian, he could still have an erection.

Only

Amazing!

Even as Selina had already begun to suppress the Gu Family, he did not give up on Zhong Qianqian. His dedication to the Nangong Family could clearly be seen from this.

He really was a tragic figure who would not hesitate to dig his own grave for profit.

There were two safes in Zhong Qianqian's room. One was for her pocket money and jewelry, while the other was for her to store special valuables.

The safe for storing valuables was situated behind the dressing table, build into the wall.

Since she had never opened this box before, Zhong Nuannuan activated her X-ray vision. There was a push pulley inside the wall, which Zhong Nuannuan reached out to press.

After pressing once, the box did not come out, so she pressed it twice. With that, the box was immediately ejected.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 498: The Zhong Family's Secret

This safe seemed to have been around for many years, and its locks were of an old-fashioned style from more than ten years ago.

For an old-fashioned safe like this, even if she did not have X-ray vision, she could still open it within 30 seconds.

Hence, as if she was opening the door to her own bedroom, Zhong Nuannuan's slender fingers fiddled with the safe, and the box was opened effortlessly.

After cracking the safe, Zhong Nuannuan saw the crescent-shaped jade pendant that would appear on Zhong Qianqian's neck at every banquet.

This was an emerald green jade pendant, and because she was also in the jewelry field, she took a quick glance at it and found that even a small piece like this was worth hundreds of millions.

This had been worn by Nangong Yu in the past, and since Zhong Qianqian had the same DNA in her blood as her, Jiang Shuwan had been trying to look for Nangong Yu's family to pave a better future for Zhong Qianqian.

However, it was a pity that this safe only contained top-grade jade, US dollars and gold bars—no documents were found.

Moreover, these things were not attractive to Zhong Nuannuan at all.

After restoring the items to their original locations, Zhong Nuannuan was ready to leave. However, when she thought of the two disgusting people in bed, Zhong Nuannuan took out her cell phone patiently and took a few indecent photos of them before leaving.

There was no one in Zhong Kuijun and Jiang Shuwan's bedroom. Jiang Shuwan would definitely not be back since she was in the hospital, but this was not normal for Zhong Kuijun, who returned home almost every day.

Before Viper died, he had said that there was a commander here to help them. Moreover, Zhong Kuijun's expression had been so ugly after he saw Chi Yang at the hospital today... Could this commander be Zhong Kuijun?

If really Zhong Kuijun was, then it would mean he had matchmade her with Chi Yang while joining forces with the enemy to harm Chi Yang. If this was the case, even if he was her biological father, Zhong Nuannuan would not acknowledge him. Those who dared to kill Chi Yang were all her enemies.

In the master bedroom, Zhong Kuijun and Jiang Shuwan also had two safes, but apart from real estate deeds, Swiss bank books and gold bars, she still could not find what she was looking for.

Finally, Zhong Nuannuan went to Zhong Kuijun's study and opened the safe there.

In reality, when she saw Nangong Yu's will in the safe in the study, her gaze became completely cold.

No wonder Zhong Kuijun and Jiang Shuwan kept this suicide note so well!

This was the truth behind the matter!

Apart from the suicide note, Zhong Nuannuan also searched for information on the Cloud Group.

The more she read, the more she sneered.

Suddenly, a beam of light shone in from afar, and Zhong Nuannuan sighed despondently in silence.

Only

However, she remained calm. She did not turn off the lights nor hide, but took a photograph of all the important items, and then one by one placed the items back to their original place in an orderly manner.

As soon as Zhong Kuijun's car turned a corner, he saw that the lights in his study were on.

He was shocked, and cold sweat broke out all over his body.

However, he was still a soldier, and although he was not a part of the special forces, his reflexes were still very swift.

Therefore, when he saw someone in the study, he did not even step on the brakes, and drove the car directly past the entrance of the Zhong Family's residence.

This way, the other party would think that this was just another car in the community passing by the area.

After he drove the car away and parked it elsewhere, he immediately took out a pistol from the car's secret compartment, then rushed toward the back door of the Zhong Family's house as fast as he could.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 499: Chi Yang's Love

He did not choose to go through the main entrance, but instead chose to go in through the secret back door.

After entering, Zhong Kuijun lightened his footsteps, gently walked to his study on the third floor, and then kicked open the door vigorously.

There was a muffled bang—

The door did not open.

The quality of a solid wood door was indeed different.

Zhong Kuijun's feet hurt so bad...

He felt as if the bones in his leg were about to break.

Enduring the pain, Zhong Kuijun stretched out his hand to open the door, pushed it, and found that it was locked. After that, he took out the key, opened the door, and fired a shot before entering the room to deter the people in it.

Next, he gripped his pistol tightly and wandered around the room.

Behind the door, under the ceiling and table, behind the cabinet and curtains...

Zhong Kuijun looked around, but nobody was there.

After confirming that there was no one else in the room, he suspected that the other party must have ran away. Instantly, his face turned pale.

He then went to look at the window, but found that the window had been closed from the inside.

With that, he hurriedly investigated the things he had set up in the study.

However, he discovered that everything was exactly the same as before, and that there was no trace of anything being moved.

After that, he hurriedly opened the safe and found that its contents were still intact; even the items he had placed in a specific position had not been shifted. With that, Zhong Kuijun finally breathed a sigh of relief.

Could he have forgotten to turn off the lights when he went out?

Subsequently, he looked around the room again.

The housekeeper and babysitter were both sleeping soundly, and when he entered Zhong Qianqian's room, he even saw two naked people.

Although the scene was hard on his eyes, he was still happy to see Zhong Qianqian and Gu Mingzhe in bed together. After that, he confirmed that there was absolutely no one hiding in the Zhong Family's house, and that all the windows were locked from the inside; Even if a few windows were open, there was absolutely no way for anyone to enter or exit from such a small gap. Once he saw this, he assured himself that he must have been careless and had forgotten to turn off the light before he left.

When the crisis was averted, he finally felt his tiredness strike. Therefore, he went into the bedroom and fell asleep on the bed with his clothes still on.

As for Zhong Nuannuan, due to the torturous training in her early years, she had already mastered the art of contortionism, and she had squeezed herself through the small window above her room that was normally impossible for anyone to fit through.

However, what Zhong Nuannuan did not know was that when she had gone to cause mischief and thought that she was having fun in secret, her Big Brother Chi Yang had been driving from the military base back to the apartment in the city because he had missed her too much. This was despite the fact that he had busied himself into the late hours of the night.

When Chi Yang got back, it was already 1am.

Only

He originally thought that when he entered the house, he would see his fiancée sleeping soundly like a cat. However, when he opened the door, Chi Yang frowned.

This was because the smell of his fiancée was absent.

Although he had not even walked through the door, he could always sense his fiancée's breath, so he was very sure that his fiancée was not home at this moment.

This cozy home was much deserted than usual, compared to when his fiancée was here.

Chi Yang just stood outside the door and stared at the empty house in a daze.

Nuannuan's identity was not far from his guess, but whenever he recalled the fact that Nuannuan was abducted by traffickers at the age of 3, came back powerfully at the age of 17, had unfathomable skills and also such a strong background, Chi Yang could not help but feel his heart ache.

What had she been through?

Chapter 500: Discovered

What happened to his Nuannuan after she got abducted by the traffickers?

He really wanted to ask her, but...

He did not dare to.

This was because he was afraid that their true identities would conflict with other. He was even more afraid that once he asked, Nuannuan would distance herself from him.

Chi Yang just stood at the door for a long time in the middle of the night, neither going in nor closing the door to leave. Until— —

Yang Yi came back contentedly after spending a long time with his idol, the Queen of Spades.

As soon as the elevator door opened, he saw his big boss standing at the door.

Instantly, there was loud thumping in his heart.

‘Oh no, I’ve been discovered by Big Boss.’

However, Yang Yi was not nervous.

This was because his big boss really only asked him to protect Miss Nuannuan; he did not ask him to monitor her, let alone report all her affairs to him.

They have always performed tasks according to instructions, and outside of these instructions, they had the right to do things as they saw fit.

“Big Boss.”

“Where is she?”

Chi Yang’s gaze was still aimed at the house. If Yang Yi knew where she went, he would definitely have followed her. Now that Yang Yi had returned so peacefully, it must mean that she was fine.

Yang Yi struggled with what to say. After all, he had promised Miss Nuannuan not to tell anyone about her. However, seeing his big boss look so down, Yang Yi felt that his big boss was really pitiful for being kept in the dark about everything.

Just as Yang Yi was looking for an excuse, preparing to compromise and tell Chi Yang that Zhong Nuannuan had gone home, Chi Yang spoke up.

“Is she alright?”

“She’s fine.” Yang Yi answered immediately.

“It’s good that she’s fine, you’re doing very well. Keep protecting her.”

If she was really the Queen of Spades, someone who could perform a headshot with her gun at such a great distance, then Yang Yi’s existence would definitely not escape her attention.

Since she was willing to let Yang Yi follow her, it meant that she had accepted his protection.

His Nuannuan used this method to tell him discretely that no matter how powerful she was, she was willing to accept him monitoring her. If this was the case, what other reason did he have to doubt her?

The only thing he could do was allow Yang Yi to stay by her side and have him reassure him that she was safe.

As for the rest...

He believed that as long as Nuannuan was willing to speak up, she would tell him everything. She just had not said it because the time had not come yet.

Yang Yi did not expect his big boss not to ask anything, and was stunned for a long time before replying, "Yes!"

"Don't tell her that I returned before she got back."

"Yes!"

Chi Yang turned to leave, then drove back to the military base.

With that, Yang Yi stood alone between the two doors.

He felt that this couple was really strange, since they loved each other so much, why could they not just explain their identities clearly? He believed that even if Zhong Nuannuan had a shady, hidden identity, as long as she stopped doing anything illegal from now on, with his big boss' love toward her, not only would he not leave her, he would even help her conceal her previous identity.

Only

Ou Mingxi was in a very good mood today as she thought that Zhong Nuannuan must have been killed, so she drank too much in a fit of happiness. She did not even know how she left the house.

When she sobered up, she felt a searing pain all over her body, especially her face, which had a fiery sensation to it. When she opened her mouth, her whole face felt as if it was about to fall apart.

She reached out to touch her face, but what she touched was bloody flesh.

Ou Mingxi froze for a long time before letting out an earth-shattering scream.

"Come... Come... Is there anyone around? Help... Help..."

Ou Mingxi was lying on a wooden board as her whole body seemed to be falling apart in pain.
