Chapter 501: Disfigured

However, she could not process so much right now. At this moment, she only felt terrified; she could not understand how she got disfigured.

After calling out for a long time with no one answering her, she saw a cellphone beside the wall on the ground. Hence, Ou Mingxi mustered a lot of courage before turning herself over on the wooden board.

Ou Mingxi's legs gave way as she landed, so she fell to the ground. She had not expected to fall, so she landed directly on her face, the pain of which caused Ou Mingxi to scream again.

"What time is it already? Why are you playing outside all night again? Do you still care about your health?"

"Ah—— Dad, help! Dad... Boo hoo... Dad... Help..."

Ou Mingxi's cry for help awakened Ou Chenghe and his wife at the same time, and they instantly sat up.

"Mingxi, where are you? What's the matter? Don't scare your mother, daughter. My dear daughter, what happened to you?" Madam Ou immediately started to cry in shock when she heard her daughter's voice.

"Mom... I... Will I die... Boo hoo... Will I die? I don't want to die... Dad save me... Save me!"

"Mingxi, don't cry! Quick, tell Dad where you are!"

"I don't know where I am, boo hoo... Dad, I've been disfigured. Ah—— I want to kill Zhong Nuannuan! I must kill Zhong Nuannuan!" Ou Mingxi screamed hysterically on the other end of the phone.

"Okay, don't be afraid, don't hang up, Dad will have someone locate you right away."

After that, he handed the phone to Ou Mingxi's mother while he used his house phone to quickly call the police. He forced them to locate Ou Mingxi as fast as possible.

To be honest, although Ou Chenghe was a sensible person, he was a slave to his daughter.

He only had one daughter, and all his struggles and hard work now was all done to pave the way for his daughter.

Therefore, although he was willing to teach Ou Mingxi a lesson, and even scold Ou Mingxi when she tried to confront Zhong Nuannuan, but if Ou Mingxi was ever in any real danger, he was definitely the kind of person who would sacrifice his life for her.

The police learned of Ou Mingxi's whereabouts and reported it to Ou Chenghe, and when Ou Chenghe and his wife rushed to the scene of the incident, they saw an embarrassed police officer.

Ou Chenghe's face sank and asked, "What's going on? What happened?"

Only

“Where is Mingxi? Where is Mingxi?” Madam Ou asked anxiously.

All the police on the scene were males, and they all looked embarrassed. When they heard the question, their eyes flickered. “Report, Deputy Governor Ou, your daughter is inside. The ambulance will arrive in three minutes.”

Ou Chenghe and his wife hurriedly ran to the abandoned tin house and opened the door. When they saw Ou Mingxi naked, her hair messy, and bloody face slashed to pieces, Madam Ou immediately passed out. Even Ou Chenghe’s legs weakened, as the huge blow from the sight caused him to fall to his knees.

Looking at his daughter’s face, which had flesh hanging from it and the whites of her skull exposed, Ou Chenghe knew that the daughter he had once been so proud of had been completely destroyed.

Early the next morning, Zhong Nuannuan received a call from Zhong Kuijun.

“Nuannuan, let me ask you, who is that person called Selina? Why did you let her bully your sister, let her threaten the Gu Family, and let her disrupt the Gu Family’s business? Nuannuan, I know you don’t like Qianqian because of your mother, but she’s still your biological sister, and the Gu Family are her future in-laws. If you allow people to harm the Gu Family like this, forget your sister’s troubles in the Gu Family, even our Zhong Family will be too embarrassed to see anyone.”

Chapter 502: Adding Fuel To The Fire

“Nuannuan, Dad knows you’re a good child, go and talk to that Selina. Have her let up her sanctions against the Gu Family!”

At this moment, Zhong Nuannuan had already woken up and was eating the buns that Chi Yang had made for her.

The buns were very fragrant and delicious. Zhong Nuannuan warmed up 10 big buns, and as she ate the buns while drinking milk, she pressed the loudspeaker button...

Zhong Nuannuan felt very happy when she heard Zhong Kuijun’s anxious voice; He wanted to be angry at her but was not in the position to yell at her. Meanwhile, there was the sound of Zhong Qianqian sobbing by the side.

As she focused on eating the buns, she wondered if ten buns were enough to satiate her appetite...

“Dad, that is Selina’s decision, not mine. How can I look for Selina so shamelessly?”

“The thing is, your sister said that Selina recognizes you as her big boss, and that you’ve saved Selina’s life before. Hence, she targeted Qianqian so much and did all this because of your fallout with Qianqian.

“Nuannuan, you’ve already missed 14 years of family affection, don’t you want to make up for it? Even if Qianqian has a conflict with you, she’s still your sister. Are you this cruel that you’d push her into the

fire? Besides that, Qianqian is also Dad's daughter. Now, as your father, I order you to ask Selina to revoke her sanctions against the Gu Family immediately!"

"Dad, is this what Zhong Qianqian told you? Did she say that Selina sanctioned the Gu Family because of me?"

Zhong Kuijun frowned. "Is that not the case?"

"Of course not. Dad, after Zhong Qianqian got engaged with Brother Mingzhe, she became very arrogant. She said that Selina looked like a sl*t, and no matter how good she was at climbing onto the beds of others, that she would never be able to climb onto the position of principal wife. After that, Selina became angry, and that's why she punished her. This has nothing to do with me at all!"

Gu Mingzhe had not been aware of this. At this moment, Zhong Kuijun was using his dedicated hands-free kit from the military base, so Gu Mingzhe heard everything.

Zhong Qianqian's face turned pale with fright, but when she recalled that she already had s*x with Gu Mingzhe yesterday, she felt a little calmer, and immediately cried, "Nuannuan, you're spouting nonsense! How could I say such things? That's what Wu Wenqian said. What does this have to do with me? Boo hoo... I was wronged."

"Oh, you didn't say anything? Then when Selina said at the time that she would destroy the Gu Family Enterprise and make you lose your position as Young Lady Gu, who was the one who taunted her, showed off to others, allowed her to wreak havoc on Gu Family Enterprises, and even said that she would broadcast herself eating sh*t on live if Selina succeeds in destroying the Gu Family Enterprise? Now, Selina and the whole class are waiting for you to start your live broadcast and start eating sh*t."

Zhong Qianqian and Gu Mingzhe were lost for words.

Only

Meanwhile, Zhong Kuijun had reached his limit, and he immediately slapped Zhong Qianqian in the face.

"You stupid fool, you never do anything right!"

Listening to Zhong Qianqian crying on the other end of the phone while quibbling, saying that everything was because of Zhong Nuannuan and that Selina was just avenging her, Zhong Nuannuan could not help but sneer before triumphantly screaming into the receiver,

"Dad, hit harder. Zhong Qianqian needs a lesson! She's so arrogant in our class, she even claimed that since she's already the young lady of the Gu Family, if anyone dares not compliment her or support her, she would show her fangs and destroy them."

Zhong Qianqian was furious when she heard the voice on the hands-free.

"Zhong Nuannuan, you're talking nonsense! You're slandering me! When did I say this? Brother Mingzhe, don't believe her, she just can't bear to see me doing well!"

As she pictured Zhong Qianqian's livid face, wanting to tear her to pieces after her slanderous remarks, Zhong Nuannuan was happy.

Chapter 503: Conjugal Felicity Forever

“You’re clearly the one who’s being moronic, okay? Brother Mingzhe, you be the judge, how can a fiancée go around threatening people? She even claimed that if others successfully brought down your family, that she’d broadcast herself eating sh*t live? Brother Mingzhe, I suspect that Zhong Qianqian has a grudge against you—even a mentally retarded person wouldn’t do things that can hurt themselves and others!”

Gu Mingzhe’s face darkened to an inky black. Gu Mingzhe felt that he really had nothing left to say to the idiotic Zhong Qianqian.

After sowing discord, Zhong Nuannuan hung up the phone in a good mood.

As for how Zhong Qianqian would be punished, she could not care less.

There would only be more trouble waiting for her in the future anyway.

Since she was the one who ordered Selina to mess with the Gu Family, it would be against her values if she did not watch Zhong Qianqian eat sh*it.

If she did not eat sh*t now, there would be even more sh*t for her to eat in the future.

They wanted to kill her even before she was born, and left her mother and herself to die. They took her bone marrow at the age of 2 and a half, sold her at the age of 3, took possession of her mother’s property, and once when she had returned, forget not treating her well, all of them looked at her as if they were looking at an enemy.

If she did not have them kill themselves by swallowing faces, she would not feel avenged.

When Zhong Nuannuan got to school, Zhong Kuijun had already arrived. Behind him was Gu Mingzhe and Zhong Qianqian, whose eyes were swollen from crying.

Zhong Nuannuan had an appointment with Selina, but they both happened to bump into Gu Mingzhe.

It had to be said that Gu Mingzhe’s eyesight was very sharp, as the moment he saw Selina, his eyes widened. It was possible that at this moment, he had already thought of Selina’s biological mother, who was his aunt, Gu Mingyan.

Selina ignored Gu Mingzhe and walked past him without even a glance, then smiled at Zhong Qianqian, and jokingly said, “Oh, the future Young Lady Gu! Are you here to tell me that you’re finally ready to broadcast yourself eating sh*t?”

Zhong Qianqian saw that Selina remained arrogant even in Gu Mingzhe’s presence, and instantly transformed into a pitiful and innocent young girl.

Only

“Selina, I really know that I was wrong. Can I apologize to you? Don’t attack the Gu Family Enterprise anymore. It’s all my fault, I’ll do whatever you want me to as long as it’s within my power.”

“Broadcast yourself eating sh*t live! Haven’t I already told you?”

“You... Your request is too much! I can’t do it!”

“You can’t do it? If you can’t do it, why did you challenge me to destroy the Gu Family? By the way, Young Master Gu, what’s the secret in Zhong Qianqian that makes you, a third-grade aristocratic young master from the Gu Family, fancy a piece of trash like her who doesn’t have good looks, figure, or brains; She likes to fight maliciously with others, and pretends to look pitiful and innocent after losing the fight. Tell me this secret, and maybe I will let go of the Gu Family in return for this valuable bit of information.”

Selina’s words caused Zhong Kuijun’s eyes to narrow slightly. Gu Mingzhe silently thought to himself that things were not going well, but he did not show any changes on his face. Instead, he said elegantly and sincerely, “I admit that there are many girls out there who are better than Qianqian, but there something called first love. Qianqian is the first girl who made me feel touched, so even if she’s lacking in certain aspects, I don’t want to be separated from her.”

When she heard his words, Zhong Qianqian was so moved that she did not even remember Selina’s obvious provocation.

“Wow, I can’t say that you’re very good at making the right choices. Okay then, I wish you and your first love conjugal felicity forever.”

Chapter 504: Recognized

“Remember, you two have to stay together forever! No matter what difficulties you encounter in the future, you must never give up on your first love!

“Nuannuan, it looks like you’re still busy at the moment. I’ll come to you again after you finish your next class.”

After Zhong Nuannuan nodded, Selina turned to leave, but was stopped by Gu Mingzhe.

“Wait!”

“Young Master Gu, you don’t need to tell me anything else. If you want me to end my sanctions on the Gu Family, either make this woman broadcast herself eating half a pound of sh*t live on Sina Weibo, or break up with her. Nothing else will be considered.”

Gu Mingzhe’s expression turned dark, and he said, “Miss Selina, I’d like to ask you, where are you from? Your mother is...”

Selina smiled gently. “Why, do you want to know whether my family background is good? Whether I can really destroy the Gu Family? Then let me tell you, I am the daughter of Duke Eton from Luntan. I’m from an aristocratic royal family. Do you think your meagre, third-rate aristocratic Gu Family from Emperor District can compete with me?”

“Miss Selina, I am Zhong Qianqian and Zhong Nuannuan’s father. I’m really very sorry that our Qianqian doesn’t know how to speak properly and ended up causing you trouble. Since you and Nuannuan are

good friends, can you spare Qianqian this time for Uncle's sake? She'll definitely not dare to do such a thing again in the future." Seeing that Gu Mingzhe's request was ignored, Zhong Kuijun immediately put on the airs of an elder.

"Who are you? Why should I spare you some dignity?" Selina's reply was like a tight slap to his face.

Thinking that Zhong Kuijun would definitely drag her big boss out again, she continued, "You don't have to use Nuannuan's position to threaten me. Yes, she saved me, but that is my friendly relationship with her. Why should I spare Zhong Qianqian for Nuannuan's sake? Who does she think she is?"

When she thought of Zhong Kuijun and his wife taking her big boss' bone marrow to treat Zhong Qianqian when she was just two and a half years old, Selina could not hold back her hostility.

"Let me tell you, I, Selina, have never even been yelled at even once by Her Majesty the Queen of Luntan since birth. Who the h*ll is she? Why should she not be responsible for saying such insults to me? Let me tell you, I want her to pay the price. I want everyone around her to know that whoever is close to her will end up with an unfortunate fate."

"You... You're just too much!" Zhong Qianqian began to cry again.

She was really scared this time.

Only

If she had known that Selina had such a tyrannical background, she would only allow Wu Wenqian to scold her at her own expense.

However, there were so many "if only's" in this world.

"Miss Selina, if I may I take the liberty to ask you... You said that you're the daughter of Duke Eton from Luntan, then... Are you his biological daughter?"

Selina looked at him for a long time, then suddenly smiled enchantingly. "This has nothing to do with you!"

Even in the face of Selina's hornet-like stings, Gu Mingzhe maintained his gentlemanly demeanor.

"Actually, my aunt gave birth to a girl 21 years ago, but the girl was later taken away by her father. Because of this, my aunt was sad for a long time. When I saw you just now, I thought of my aunt, my poor cousin and myself.

"To be honest, Miss Selina, although you're of mixed race, your features are really similar to my aunt's. Although I was still young at that time, I especially liked my little mixed-race cousin. I remember very clearly that my little cousin had a red mole on her neck, just like you do."

Chapter 505: Stop Overthinking

“Miss Selina, tell me, if Duke Eton is your father, is he your biological father? How about your mother? Have you never had a mother since you were a child? Do you still remember me? I’m your cousin, you used to call me Big Brother Zhe, do you still remember?”

When Zhong Qianqian heard this, her expression instantly changed from despair, to shock, then happiness. The faint smile on her face, matched with her red and swollen eyes, made Zhong Nuannuan want to laugh.

At this moment, anyone who was not mentally disabled would let Gu Mingzhe take care of the situation. After all, you were the one who had a conflict with the other party.

However, when Zhong Qianqian heard that Selina was Duke Eton’s daughter, and that the royal family of Luntan turned out to be her future sister-in-law, wow, her expression was so happy that she had completely forgotten her situation, and went straight up to say, “Brother Mingzhe, is this true? She’s actually your cousin? Oh my god, how can there be such a coincidence? Selina, sorry, I didn’t know you were Mingzhe’s cousin before, so I offended you. It’s fine, we’re a family now, so please take care of me in the future.”

Gu Mingzhe, Zhong Kuijun and Selina were speechless.

Zhong Nuannuan could not hold herself back. “Pfft——”

When she saw Zhong Nuannuan spraying her saliva towards her, Zhong Qianqian instantly became upset. “Zhong Nuannuan, you...”

Just as she was about to scold Zhong Nuannuan, Zhong Kuijun shouted, “Shut up!”

Zhong Kuijun could not understand; they were both his daughters, why were the two sisters’ IQ never on the same level.

Back then, Pu Yu’s brains were not as good as Jiang Shuwan.

Selina felt that her IQ and EQ had been seriously insulted, and she did not want to be entangled anymore, so she said contemptuously, “Please don’t try to claim kinship. If I really have relatives like you, I’ll definitely cut off all relations with my family. After all, this disease of stupidity is contagious.”

After saying that, she turned around and left.

“Miss Selina, please stay!”

Selina had already taken a few steps before Gu Mingzhe suddenly rushed up. As he attempted to stop her, he touched her back.

However, upon seeing that Selina was insistent on leaving, he decided against stopping her, and allowed Selina to leave.

Selina took a few steps, then turned to look at him and walked back.

“Miss Selina!” Gu Mingzhe’s eyes lit up slightly, thinking that she had changed her mind.

Unexpectedly, Selina stretched out her hand and twisted his wrist.

“Ah!”

Gu Mingzhe could not help but exhale in pain.

“Brother Mingzhe!” Seeing that Gu Mingzhe was injured, Zhong Qianqian felt terribly distressed, so she quickly rushed up and tried to push Selina away.

“What are you doing? Let go of Brother Mingzhe!”

Only

However, how could a rich family’s daughter like her push Selina?

Selina remained still, stretched out her hand and tore off the few strands of hair hidden between Gu Mingzhe’s fingers.

“You want to do a DNA test?” Selina sneered. “I advise you to stop overthinking. Even if you’re really my relatives, I won’t acknowledge poor people like you.”

After that, she turned her slender waist and left loftily.

Zhong Nuannuan got what she wanted, and watched another good show, so she returned to the classroom in satisfaction.

“Dad, look at Zhong Nuannuan’s attitude! Does she still consider me as her sister?”

Originally, Zhong Kuijun was also very anxious and worried. After all, the Gu Family’s collapse would not do him any good. However, thinking of Selina’s words just now, he also began to wonder whether or not Gu Mingzhe knew something about Pu Yu.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 506: Marriage Proposal

He had discovered something, and that was why he had approached Zhong Qianqian. Thus, even when the Gu Family was in trouble, this explained why he was unwilling to give up on Zhong Qianqian.

Zhong Qianqian was his own daughter, so Zhong Kuijun still had an idea of what type of person she was. If Gu Mingzhe’s mind was a little clearer, he would realize that he should not put the Gu Family into a disadvantageous situation just because of Zhong Qianqian.

Therefore, he suspected that Gu Mingzhe had approached Zhong Qianqian with an ulterior motive.

This motive was probably related to Pu Yu.

Zhong Kuijun, who originally wanted to help Gu Mingzhe deal with the situation, decided to let go at this moment.

If Gu Mingzhe still did not give up on Zhong Qianqian under such circumstances, it meant that he was casting his eyes on Pu Yu’s hidden identity.

That also showed that the secret of Pu Yu he had hidden for 20 years was finally surfacing.

At this moment, Zhong Kuijun was very nervous and excited.

If Gu Mingzhe really came because of Pu Yu's identity, then Pu Yu's identity was probably more powerful than that of the Gu Family.

Much higher as well!

If this was really the case, then he must make good use of Zhong Qianqian as the key to elevate the Zhong Family to a new level.

Hence, Zhong Kuijun said dejectedly, "Take care of the trouble you caused yourself, I don't care anymore."

After that, he turned and left, leaving Gu Mingzhe alone to face the silly Zhong Qianqian.

"Dad, Dad—— Boo hoo... Brother Mingzhe, can you tell me what I said wrong? I just wanted to get close to her for your benefit! Why are they both disgusted with me?"

Gu Mingzhe thought, 'I feel like chopping someone up, what should I do? This is urgent, I'm waiting for answers online.'

"Brother Mingzhe, will you also abandon me like they did?"

Gu Mingzhe restrained the violent impulses in him, reached out his hand, wiped the tears from her face, looked at the woman he wanted to choke to death, resisted the annoyance and anger deep in his eyes, then said, "Qianqian, marry me."

Zhong Qianqian was lost for words.

She had never thought that Gu Mingzhe would propose to her during such a bad situation.

This was like a pie falling from the sky.

"I... Did I hear you correctly?" After all, he just said yesterday that if this matter could not be resolved, he would break up with her.

Only

"Qianqian, let's get married. Marry me. It's now morning, and we can still get our marriage certificate. When we get our marriage certificate, we will be husband and wife. Even if my parents disagree with us being together, you will still be my wife, and the Gu Family's daughter-in-law. Okay?"

"Ming... Brother Mingzhe!" Zhong Qianqian did not think that there was anything wrong with Gu Mingzhe's attitude at all. At this moment, she only felt extremely happy.

Tears ran down her cheeks, and she was just about to agree when she suddenly thought, what if Selina really destroyed the Gu Family after she married Gu Mingzhe?

If the Gu Family was really destroyed, why would she still marry Gu Mingzhe?

On the other hand, Gu Mingzhe could easily read Zhong Qianqian's thoughts. Although he felt that this woman was extremely disgusting, he still coaxed her sweetly, "Don't worry, you can relax about the Gu

Family's affairs, I can handle everything. I already have a way to get Selina to remove her sanctions against the Gu Family."

Zhong Qianqian's eyes lit up. "Really? How?"

"Actually, I've already recognized that she is my aunt's daughter. Even if she doesn't want to do a paternity test, she can't change the fact that she's actually a member of the Gu Family. Thus, as long as I call in my aunt, this matter should be resolved."

Chapter 507: Nuannuan Is Arrested

"Really? That's great!" Zhong Qianqian snuggled into Gu Mingzhe's arms. "Brother Mingzhe, you don't know how much pressure I've been under these two days. I was really afraid that your family will suffer irreversible damage because of me. I feel so guilty... I feel so stupid!"

Gu Mingzhe smiled gently. "I like your silly appearance. You know what, those women are too good at being calculative, but I don't want to have a calculative woman in my home. If that was the case, I'd be constantly tired."

At this moment, Zhong Qianqian was so happy that she almost felt disoriented. She was already thinking about her and Gu Mingzhe's wedding being a sensation in Jiang District, no, a sensation in half of Emperor District.

"After talking for so long, do you want to marry me and be my wife?"

"Yes! Yes! I want to!!!" Zhong Qianqian nodded quickly, for fear that Gu Mingzhe would change his mind.

"That's good. I bought a house in Jiang District before this, so I have my household registration book with me. Now, I'll take you home, and you can bring your household registration book there. Shall we go and register our marriage in secret?"

"Why should we do this quietly?" She was so anxious to tell the world about this.

She wanted to make everyone who once looked down on her admire her and envy her.

She wanted to let all the aristocrats in Jiang District know today that she, Zhong Qianqian, was married to the sole heir of the Gu Family in Emperor District.

"Silly, don't you think it's a pleasant thing to get our certificate quietly, and then give everyone a surprise? Think about it, if your parents found out that you married me and became my wife, how happy would they be?"

When Zhong Qianqian thought about the scene, her heart burst with happiness.

"I'll go home and look for the household registration book now. Brother Mingzhe, accompany me home."

The corner of Gu Mingzhe's lips raised into a smile. "Sure."

After that, Zhong Qianqian did not go back to class. After taking a leave of absence from the school, she and Gu Mingzhe quietly went to get their marriage certificate settled.

Zhong Qianqian did not know that as she ran to get her marriage certificate, she coincidentally missed the scene where Zhong Nuannuan was arrested, which was the one thing she most wanted to see.

This incident happened during the second period.

It was politics class at the time, and halfway through, the principal suddenly came in with some police officers behind him.

As one was the fiancée of the Emperor District's Gu Family, and the other was the fiancée of a captain in Jiang District, the principal was already too familiar with the two sisters, so he directly walked up to Zhong Nuannuan and said, "Officers, this is Zhong Nuannuan."

Upon seeing this, the police took out their police ID and said to Zhong Nuannuan, "Zhong Nuannuan, you are suspected of raping and attempted murder of the deputy governor's daughter, Ou Mingxi. The victim has given your name, so please come with us to the police bureau for investigation."

When their voice fell, the class was in an uproar.

Murder again!

Moreover, it was rape and murder this time!

Only

Not long ago, Zhong Qianqian was suspected of rape and murder, and only a few days later, Zhong Nuannuan was suspected again...

These sisters were just too scary, right?

"Impossible! It's impossible for Zhong Nuannuan to murder others. Where did you come from? Are you sure that the investigation was done properly?"

Leng Qirui was the first to stand up.

"Yes, it's impossible for Nuannuan to murder people, let alone rape and kill. You must be mistaken!"

"So just because the deputy governor's daughter said that the murderer was Nuannuan, you believe her? Are you sure this is not her revenge or her trying to maliciously pin the blame?"

"Exactly, Nuannuan is still a student. You came in so certain that Nuannuan is the murderer; Are you not afraid of ruining a student's reputation?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 508: Looking For Trouble

Zhong Nuannuan's three roommates also stood up after Leng Qirui.

There were also some classmates who were Zhong Nuannuan's good acquaintances, and they too felt that Zhong Nuannuan was not that kind of person. They all stood up to speak up for Zhong Nuannuan whilst accusing the police handling the case of talking nonsense and damaging Zhong Nuannuan's reputation.

In reality, Zhong Nuannuan never bothered about how the world viewed her, because she never really cared.

However, even when she had not spoken yet, so many friends and classmates had devoted themselves to defending her, so to be honest, she was a little touched at this moment.

She looked at the policeman. "Are you hearing what everyone is saying? As a policeman who is handling this case, you're trying to arrest a minor under the age of 18. Did the police department educate you on how to take a suspect away with such methods?"

"Investigate this properly. Forget the fact that I've not touched Ou Mingxi, even if you have evidence that I did it, you should not treat me like this if I'm under 18 years old."

The police's faces turned red from the questioning, and they got angry.

"Why are you saying so much nonsense? So you know that you're still a minor, right? You dared to do such vicious things before you're even an adult, yet don't you think you should be treated this way? To put it plainly, without our police protection, the victim's family would've pounced on people like you and torn you to pieces already; Think about whether they would tolerate you yelling at us here. We're taking you away because you've broken the law. If we don't treat you like this, should we treat you like a VIP? Move!"

After saying that, a policewoman tried to reach out to pull Zhong Nuannuan.

"I'll see who dares to arrest her!"

Although he knew that Zhong Nuannuan's combat strength was very high, and would definitely not be injured by this pulling, Leng Qirui still stood in front of Zhong Nuannuan.

"Are you sure you want to obstruct investigators from carrying out their duty?"

"I've obstructed you already, so what?"

"Then you shall go to the police station with us."

After saying that that, the policeman handling the case was about to arrest Leng Qirui, but before his hand touched Leng Qirui, he was grabbed by Zhong Nuannuan.

The policeman's face changed immediately.

He did not expect Zhong Nuannuan's energy to be so great to the point that he almost screamed out in pain.

"Don't embarrass him, I'll go with you. However, you have to think this through, it's easier to invite the devil in than to send him away. If you embarrass me thoroughly in school today, when you want to go back on your actions, you'll have to pay the price."

The policeman was amused. "Oh, you're even threatening me now. Sure, I want to see how it'll be easier to invite the devil in than to send him away when you get to the police station."

Zhong Nuannuan did not argue any more. Instead, she stood up, then got ready to follow the police.

Meanwhile, the police took out some handcuffs and was about to put them on Zhong Nuannuan when he was frightened by Zhong Nuannuan's deadly glare.

Only

"Don't you know who handcuffs should be used on? There are so many on-looking eyes here; Are you sure you want to cuff me?"

The police snorted, especially the policewoman, who even pushed Zhong Nuannuan, as they took her away.

Upon seeing this, Leng Qirui and Mu Qingxuan called their parents immediately.

In the police car, the policewoman immediately put the handcuffs on Zhong Nuannuan.

"There are not that many eyes watching you now.

"I've seen arrogant murderers, but I've never seen one as arrogant as you. Young girl, your arrogance is out of this world! Do you think that you don't have to pay for your crimes just because you're under 18?"

Zhong Nuannuan rolled her eyes at the two policemen. She felt that she had nothing to say to these low-ranked policemen who had no-doubt been bribed.

Chapter 509: The Chief Constable Calls

When they arrived at the police station, Zhong Nuannuan was taken to the interrogation room, and all her belongings were confiscated.

The two police officers who took her in were also responsible for recording her confession.

"Tell us, why did you want to see Ou Mingxi raped and killed?"

.....

"What is Ou Mingxi's gripe against you? Why did you have to treat her like this?"

.....

"Do you think that everything will be fine if you don't speak? This matter was personally testified by the litigant, so you can't shake this off even if you want to."

.....

"Our people have already gone to the crime scene to collect evidence, so even if you don't say anything, we can still convict you."

.....

“Bang——” The policeman angrily slammed the table. “Zhong Nuannuan, please cooperate with the police in handling this case! If you don’t say anything, we will convict you of homicide!”

Zhong Nuannuan shot them an idiotic look.

The police were speechless.

In short, no matter how they asked, Zhong Nuannuan did not say a word, and ignored them completely. The two young policemen who had just entered the police force were extremely despondent by this.

The policeman who was handling the case already felt his saliva running dry, and yet Zhong Nuannuan did not even let out a fart. He sneered with anger and said, “Okay, well, you’re good. It’s your right not to speak, but I’ll wait and see whether you’ll still be this tight-lipped when our evidence surfaces, and when you’re faced with a sentence!”

.....

“Zhong Nuannuan, you may not know this yet. During sentencing, the court will consider whether to reduce the sentence based on the prisoner’s confession in the public safety agency. If you’re not even admitting to the basic parts of the crime, when we submit this to the procuratorate for public prosecution, we can apply to the court to increase your sentence. Knowing this, are you still not going to say anything?”

.....

The low-ranked policeman nodded in anger and went out.

After going out, the male police officer started to work at the office desk outside the interrogation room. After a while, the phone rang, and the policeman picked up.

“Have you found the evidence?... That’s great. She was still being stubborn just now. Bring the evidence back!”

The phone rang again shortly after he hung up——

“Have you found Zhong Nuannuan’s call records? Okay, let’s wait for Old Li to come back and we’ll talk about it later.”

After hanging up the phone, the phone rang again——

Zhong Nuannuan could not help rolling her eyes in the interrogation room.

‘It’s not easy to be a policeman now, you even have to be a part-time actor.’

The policeman handling the case answered the phone again and immediately said, “What? There’s security footage available? That’s amazing...”

Halfway through the conversation, a dissatisfied voice came from the other end of the phone. “What security footage? What nonsense are you saying?”

Upon hearing this, the policeman was stunned for a moment. “Chief Constable Wang???”

Only

"Let me ask you, did you arrest a student named Zhong Nuannuan this morning?"

"Yes. She's suspected of the rape and murder of Deputy Governor Ou's daughter, and is now being questioned at the police station. However, this female student's psychological condition is not so good, and she's not cooperating at all. Having said that, Chief Constable Wang, you can rest assured that we'll definitely hand in satisfactory answers as soon as possible."

There was silence for a while, and then the other man asked. "You say she killed the daughter of Deputy Governor Ou? Do you have any evidence?"

"We went to rescue Deputy Governor Ou's daughter with him today. His daughter was raped, and before she fell into a coma, she claimed that she did it."

"Have you found any evidence then?" Chief Constable Wang asked again.

The policeman glanced at Zhong Nuannuan and lowered his voice. "Not yet."

Chief Constable Wang exhaled angrily on the other end. "Hence, you arrested this person with just the word of the Deputy Governor Ou's daughter and no solid evidence?"

Chapter 510: Not Leaving

The policeman handling the case replied, "...Yes."

"Just now, Governor Mu Xigui of Union District called the governor personally to talk about this matter, and his words were full of concern for Zhong Nuannuan. He said that no criminal should be spared, but good people cannot be slandered as well. Governor Mu instructed that we must place great importance on this matter, so that we can give justice to the daughter of Deputy Governor Ou, and make sure that good people are not wronged at the same time."

The policeman handling the case was aghast!

Thus, what this meant was that Zhong Nuannuan was a good person?

What should they do then?

He originally wanted to forge evidence to swindle Zhong Nuannuan, but now, should he continue with that plan?

The governor and deputy governor were not people he could provoke, he was just a low-ranked policeman handling this case!

After hanging up the phone, the expression of the policeman handling the case became ugly. He called over the other female police officer who was handling the case, and the two of them went out.

The two of them came back inside after exchanging some words. Their expressions were very ugly, and they looked at Zhong Nuannuan with an added sense of fastidiousness and fear.

At this moment, the phone rang again.

It was once again from Chief Constable Wang.

“Chief Constable Wang, do you have any more instructions?”

Chief Constable Wang’s voice was very low on the other end of the phone.

“You... Did you treat Zhong Nuannuan well?” After all, she was only a 17-year-old girl.

The policeman handling the case was shocked!

“Just now, the commander-in-chief of Jiang District’s military base called the governor again, saying that Zhong Nuannuan was his niece, and went on to say that he believed that with Zhong Nuannuan’s personality, she would never do anything like that. If she really wanted to punish Ou Mingxi, she would never use such methods. Moreover, she would never be able to harm Deputy Governor Ou openly. Hence, it’s definitely not Zhong Nuannuan.”

The policeman handling the case was flabbergasted!

“Therefore, if you can’t find any conclusive evidence, let her go as soon as possible. With Governor Mu and Commander-in-chief Leng’s acting as her guarantors, this matter was probably not done by Zhong Nuannuan.

“Also, I heard that Deputy Governor Ou’s daughter is very strong-headed. She has always liked Zhong Nuannuan’s fiancé, and in order to get someone else’s fiancé, she did not hesitate to look for Deputy Governor Ou and the military base’s deputy commander-in-chief to threaten her family. Now that she has been disfigured and raped, it’s possible that she wants to frame her viciously. Hence, if you have no evidence, let her go.”

“Yes!”

The policeman handling the case really felt like he was about to collapse!

He thought that he could flatter the deputy governor, but ended up offending big bosses like the governor instead.

No wonder Zhong Nuannuan was so confident.

He asked if there was anything found on the scene by the investigation’s first division, and then asked the second division if they had discovered anything on the call records.

Only

After confirming that there was no evidence, the two police officers entered the interrogation room.

“Zhong Nuannuan, the evidence of your homicide is insufficient to convict you, so you can leave now.”

Zhong Nuannuan sat in the interrogation room calmly, glanced at the two policemen, and ignored them.

“Zhong Nuannuan, the evidence of your homicide is insufficient to convict you, so you can leave now.”

The police repeated themselves again.

“Oh, when you arrested me, you said I was a rapist and murderer, and now that you know you’ve arrested the wrong person, you want me to leave just like that?”

“Zhong Nuannuan, it’s the duty of every citizen to cooperate with the police in handling the case, and I hope you can understand this.” The policewoman was a little unhappy.
