

Physician Wife 511

[My Sweet Physician Wife Calls The Shots](#)

Chapter 511: Domineering Stage Appearance

However, faced with a person from such a powerful background, she could not raise her voice, and could only try to argue reasonably. "We've also never said that you're a murderer, we've always said that you're only suspected of homicide. The word 'suspected' means that you're under suspicion, but if the suspicions are cleared, it's alright."

"Why did you handcuff me then? Handcuffs are used for criminals, not suspects."

The policewoman was at a loss for words.

The male police officer turned on Zhong Nuannuan's cell phone and returned it to her. "Your cell phone has already been returned to you. We're letting you go now, but if you don't want to leave, it's none of our business anymore."

Zhong Nuannuan took a glance, saw that there was only one missed call from Big Brother Chi Yang, and felt unhappy.

After that, she had turned her phone off.

"Do you think you can declare that it's no longer your business with just a simple announcement?"

Subsequently, Zhong Nuannuan stopped talking again.

"Are you going to leave or not? How can you be like this? Are you blaming this on our police station now?"

"Leave? Where to? You caused my daughter to end up in this state, so do you think you can leave just like that?"

Ou Chenghe's voice was heard before he was seen.

Afterwards, accompanied by a group of administrative staff, Ou Chenghe entered the police station aggressively.

"Zhong Nuannuan, do you think that just because we can't find evidence right now, that it means that you didn't do this? Our Mingxi doesn't have grudges with anyone except you!"

Ou Chenghe was usually elegant and calm, but then he thought of his daughter being messed up to the point that the doctor said her face was deeply disfigured, and the fact that her privates were not only badly injured, but had also been maliciously scratched by something to the point that had to go through a colporrhaphy. Even if she recovered afterwards, that spot would hurt as soon as it was touched, so there was no way for her to have sex in future.

This simply destroyed his outstanding daughter completely.

How could Ou Chenghe control his anger?

On the other hand, when she saw that Ou Chenghe was angry, Zhong Nuannuan was happy.

“Oh, Deputy Governor Ou, can you talk about how I have this grudge with Miss Ou Mingxi?” Zhong Nuannuan spoke calmly and gently, but her aura was no less imposing than Ou Chenghe’s. In fact, it was actually even stronger than his.

Ou Chenghe was choked by Zhong Nuannuan’s question.

He would not jump into a pit like this.

However, his reluctance to answer did not mean that Zhong Nuannuan would stop.

“The Elder Miss of the Ou Family, Ou Mingxi, a person who was going to be my cousin, fell in love with my fiancé, so she threatened me along with Deputy Governor Ou and Deputy Commander-in-chief Wang of the military base...”

“Shut up!” Ou Chenghe shouted angrily.

However, was Zhong Nuannuan the kind of person who would be scared off by an angry shout?

Obviously not.

Only

“Too bad, Deputy Commander-in-chief Wang was unlucky. He threatened me by saying that he was going to mess with my dad and that he would destroy the Cloud Group, but his words were recorded by me, and even overheard by the commander-in-chief. Later, Deputy Commander-in-chief Wang was taken away for investigation. It was originally a very small matter, and Deputy Commander-in-chief Wang would’ve probably just had a demerit on his record, but because he was not a good person, he was sued after he was taken away, and he can’t get out now. Deputy Governor Ou, is it possible that Deputy Commander-in-chief Wang’s incident did not teach you anything?”

Ou Chenghe narrowed his eyes dangerously. “Are you threatening me?”

“Aren’t you threatening me, Deputy Governor Ou?”

“You’re now a criminal suspect, and the police station has the power to detain you for 48 hours. Therefore, I’ll definitely find evidence of you harming my daughter within these 48 hours!”

“Let’s talk after you’ve found the evidence then!”

A voice colder than Ou Chenghe sounded out domineeringly.

The moment this voice rang out, the haze in Zhong Nuannuan’s heart instantly dissipated.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 512: Failing To Appreciate Ki

Earlier, she was still depressed about why Big Brother Chi Yang had only given her one call after he discovered she was arrested. It turned out that her Big Brother Chi Yang had rushed over because he could not reach her that one time!

Leng Jinpeng also came along with Chi Yang.

There was also another person beside Leng Jinpeng.

When Ou Chenghe saw the incoming people, his expression turned extremely ugly.

“Commander-in-Chief Leng, Governor Li.”

One of them was the commander-in-chief of Jiang District’s military base, who was in charge of the teams in Jiang District, Gan District, Wan District, Ji District, and Green District, while the other was the governor of Jiang District, his immediate superior.

Governor Li’s name was Li Yunshen. He walked up to Ou Chenghe and said, “Chenghe, I’ve heard about your daughter. I understand your feelings and I express my sympathy for your daughter’s encounter.

“However, it’s a bit wrong for you to let our comrades at the police station go to Zhong Nuannuan’s school to embarrass her without any evidence, and even bring Zhong Nuannuan to the police station.

“Before I came, I’ve already spoken to Chief Constable Wang, and Chief Constable Wang told me that there’s no evidence that Miss Zhong Nuannuan did this, so I suspect that this will be the case for the time being. If you find evidence proving that Zhong Nuannuan really harmed your daughter, then even if Zhong Nuannuan and Chi Yang are an unmarried couple, the law will definitely obtain justice for your daughter.”

The anger in Ou Chenghe’s heart felt like it was stuck in his throat, and he could not swallow it.

Evidence...

Where was he going to find evidence?

Should he go to find the person who took Zhong Nuannuan’s money to rape and kill Ou Mingxi?

If he went to find them, was it not shooting himself in the foot?

By then, both sides would turn against each other, and Zhong Nuannuan would say that she was defending herself while Ou Mingxi would have to take all the blame.

Yes, at the hospital just now, Ou Mingxi had already told Ou Chenghe everything. Although Ou Chenghe was angry that his daughter did not listen to him and insisted on provoking Zhong Nuannuan, he was even angrier at Zhong Nuannuan’s viciousness!

She clearly did not die, nor was she raped, but she still asked someone to gangrape Mingxi. Not only was she gangraped, but she even deeply disfigured her. This was simply unforgivable!

Therefore, he would never let her go.

This time, the commander-in-chief and governor was around, and he even heard that the governor was also involved in this matter, so he could not do anything to Zhong Nuannuan. However, he would find a chance to avenge Mingxi one day.

Some people were like this, knowing that everything was their own fault, but never bothered to reflect on themselves. They could treat others cruelly, but once the other party fought back, they would then

feel that the other party was behaving unreasonably, and their hatred would escalate to that of fighting to death.

Although he did not feel vindicated, Ou Chenghe could only give up.

“Okay, let’s listen to Governor Li then, let her go for now.” After saying that, Ou Chenghe turned to the two policemen who were handling the case, “Let her go.”

“Yes.”

Only

The two policemen said to Zhong Nuannuan, “Zhong Nuannuan, you should go back first, we will ask you to assist in the investigation again if there are any new updates.”

“Since my fiancée has been so rudely ‘invited’ over by Deputy Governor Ou, let’s investigate the matter before leaving. Otherwise, what will become of my fiancée’s reputation?”

Listening to Chi Yang’s words, Zhong Nuannuan knew that Yang Yi must have done what she had ordered, and the corners of her lips could not help but lift up slightly.

Governor Li frowned and was displeased.

Ou Chenghe was the victim and he had already stopped fussing around, while Chi Yang was just a captain. What exactly was he kicking up a fuss about?

He was just failing to appreciate kindness!

Hence, Governor Li looked at Leng Jinpeng. “Commander-in-chief, look at this...”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 513: I’ll Accompany You

Leng Jinpeng looked serious. “Governor Li, when the two police officers came to the school to arrest her today, they did not care for Nuannuan’s reputation at all. As a student who has not yet stepped out into society, Nuannuan is also a future military wife of our military base, and her dignity and reputation cannot be slandered nor defiled.

“How about this—the ones responsible for going to school to arrest Nuannuan today should be responsible for clearing up the misunderstanding.”

“This...”

Unexpectedly, even the commander-in-chief was agreeing. Governor Li glanced at Chi Yang, and instantly felt that this man’s future was limitless.

This person was either extremely capable and highly valued, or he had an extremely powerful background, such that even the commander-in-chief did not dare to go against his will.

Either way, Governor Li reevaluated Chi Yang’s status and compromised.

"Alright, have the two policemen go to the school again. Who is responsible for taking Zhong Nuannuan away from school today?" Governor Li looked at Chief Constable Wang.

Before Chief Constable Wang had time to speak, Ou Chenghe could not help but say, "Governor, although no evidence has been found for this matter, I'm sure it must've been done by Zhong Nuannuan. Although the evidence has not been found yet, she's still the key suspect, so even if she comes from a good background and doesn't need to be locked up in the police station, we can't just prove her innocence so quickly, right?"

"Deputy Governor Ou, what you mean is to let the person who harmed your daughter never be found, while my fiancée is to take the blame forever, right? As a deputy governor, I think you should understand that sending people to arrest others indiscriminately without evidence and slandering my fiancée like this at school has already constituted defamation and caused irreparable loss of reputation to my fiancée. Since Deputy Governor Ou is unwilling to allow others clear up the misunderstanding for my fiancée, then we won't leave. When there's tangible evidence and the assailant is found, Deputy Governor Ou will go to my fiancée's school personally to clear up the misunderstanding for her!"

At this moment, Chi Yang was a dangerous beauty in Ou Chenghe's eyes. If not for his good looks, Mingxi would not have been starstruck by him, and would thus not have been persecuted by the pair of ragtags in front of him because of the things she did.

Ou Chenghe was extremely convinced that the reason why his Mingxi was so badly harmed was because the deed could never be carried out by Zhong Nuannuan alone. Chi Yang must have also participated!

Ou Chenghe sneered. "Okay, since you're so shameless, stay in the police station then."

Only

Chi Yang ignored Ou Chenghe and looked at his fiancée. "Nuannuan, let's just wait for the evidence, okay? I'll accompany you."

As an extreme wife-protector, when he learned that his fiancée was not only bullied, but was even framed by the other party after being bullied, Ou Chenghe and Ou Mingxi both became non-existent to him.

If he did not bring the father and daughter to justice and ensure that they get their dues, he did not deserve the title of being Zhong Nuannuan's fiancé.

Zhong Nuannuan had long been charmed by her brother Chi Yang's domineering handsomeness, so naturally, she agreed and obediently replied, "Yes, Big Brother Chi Yang, I'll listen to you!"

Leng Jinpeng, who followed Chi Yang to the police station as a passerby, was speechless when he was again caught off guard by their public display of affection.

Of course, Chi Yang did not keep everyone waiting. After all, he did not want his Nuannuan to stay in such a place for long.

Therefore, just as Governor Li was about to find an excuse to depart and leave both sides to slowly tear each other apart, Chi Yang's phone rang.

My Sweet Physician Wife Calls The Shots

Chapter 514: Double Standards

After hanging up the phone, Chi Yang said, "Deputy Governor Ou is very lucky, I think... I already know who the person who harmed Miss Ou Mingxi is."

When Ou Chenghe heard this, his right eyelid twitched wildly several times. There was a bad premonition in his heart.

"Who's the assailant?" Governor Li, who was originally about to leave, asked with concern.

After all, it was Ou Chenghe's daughter who was hurt. Besides, Ou Chenghe got along with people well, and had a good relationship with him. If he could help find his daughter's assailant and calm his anger, he would be willing to help.

"I've asked the witness who had seen the assailant to come over, so he'll come in immediately."

Very soon, Yang Yi walked in.

"Captain!" After saluting Chi Yang, Yang Yi saluted Leng Jinpeng. "Commander-in-chief!"

Leng Jinpeng smiled. "It turns out that it's you, kid!"

Seeing that Leng Jinpeng also knew this person, Governor Li had a good initial impression of this witness.

Governor Li was about to ask about this when his phone rang, and as soon as he saw the name on display, he immediately picked it up excitedly.

"Governor Mu! Yes, yes, yes, I'm in the police station now. ...What? You're outside too? ...Okay, I'll come out to pick you up right now."

After saying that, Governor Li nodded at Leng Jinpeng, then went out to pick him up.

After a while, Governor Mu Xigui walked in with Governor Li.

Mu Xigui and Leng Jinpeng often dealt with each other, so they were not strangers to each other. He had even met Chi Yang a few times before.

Therefore, after he came in, Mu Xigui just glanced at Zhong Nuannuan and nodded at her to let everyone know that he came for Zhong Nuannuan.

Upon seeing this, Ou Chenghe's pupils quickly dilated.

Since when did Zhong Nuannuan have a relationship with the governor?!

"Chi Yang, you called Yang Yi here. What evidence does he have?" Leng Jinpeng asked.

"Report, Commander-in-Chief. Actually, when Deputy Governor Ou tried to introduce Ou Mingxi to Captain through Deputy Commander-in-Chief Wang, Captain felt that Deputy Governor Ou and Deputy General Commander-in-chief Wang were hostile toward Miss Nuannuan, so he sent me to follow Miss Nuannuan just in case. Sure enough, in order to be with Captain, Ou Mingxi found Lei Peng, the fourth

hall master of the Azure Dragon Gang, and gave him 10 million in an attempt to have him rape and kill Miss Nuannuan.”

Only

Ou Chenghe flushed red with anger, and shouted angrily, “That’s a dirty lie!”

“Deputy Governor Ou really has double standards. There was no evidence when I was arrested, and I had to be the assailant just because you said so, even though I was not. Now that people are telling the truth, you’re immediately dismissing them as liars. On the other hand, not only did you spit dirty lies at me, but you also let others arrest me, what is this then? Isn’t this an abuse of power?”

Ou Chenghe was speechless.

Yang Yi continued solemnly, “Deputy Governor Ou can rest assured, since I’m here as a witness, I’ll definitely produce evidence. I just hope that you won’t continue to argue for your daughter’s sake after I produce the evidence.”

Yang Yi took out a USB flash drive from his bag and plugged it into a computer. It immediately projected a clear image onto the wall through the projector on the desk of the police station.

“Everyone can look at this, the date marked on the screen is yesterday morning. This person is Ou Mingxi, and the person next to her is Lei Peng, the fourth hall master of the Azure Dragon Gang. They’re at the Real Estate Bureau, and Ou Mingxi is transferring a villa property on Good Fortune Road to Lei Peng.”

“Just because Mingxi sold a house to Lei Peng doesn’t mean that Mingxi and Lei Peng are making a private transaction to rape and kill Zhong Nuannuan. This is nonsense.” Ou Chenghe hurriedly interjected.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 515: Please Get Out

“Deputy Governor Ou, if you stop Yang Yi from providing evidence again, please get out.” Mu Xigui, who was listening carefully to the discussion, said with displeasure.

Yang Yi glanced at Ou Chenghe and said, “Deputy Governor Ou, if you think this doesn’t explain anything, then please look at this. This is a bank statement; I found out that your daughter, Ou Mingxi, not only transferred a house to Lei Peng yesterday morning, but also transferred 3 million yuan to him. Although it was a hidden account, the ID was traced, and in the end, we found that the account holder was Ou Mingxi.”

“So what? Does this prove what Mingxi did?”

“The daughter of a deputy governor and a mafia hall master had done such a large transaction, yet this can’t explain anything? Deputy Governor Ou, don’t you know that the person who tried to rape and kill Miss Nuannuan was Lei Peng?”

Ou Chenghe's expression was already quite ugly, and finally, he uttered, "What I want is evidence! Please speak with evidence. You talk about rape and murder, but has she been raped and killed?"

"Oh, it turns out that it only counts if you succeed. I see. If Deputy Governor Ou feels that this is not enough to constitute as proof, then I still have more here."

After saying that, Yang Yi pulled out the dialogue between Ou Mingxi and Lei Peng, which had been hacked and extracted by Zhong Nuannuan.

The dialogue between the two clearly stated that Ou Mingxi had previously tried to kill Zhong Nuannuan with a 1-million-yuan bounty. After that failed, she called Lei Peng again and offered him a fee of 10 million to rape and kill Zhong Nuannuan.

When she spoke of Zhong Nuannuan through gritted teeth, the few powerful men present started to frown.

The person who felt the most furious was Chi Yang.

Ou Mingxi asked someone to kill his fiancée, and even tried twice! He did not even know about this!!!

At this moment, a black storm had completely engulfed him, and seemed as if it was about to attack Ou Chenghe at any moment, swallow him, and turn him to ash.

Ou Chenghe's face flushed as he paused for a while. Just about to speak, Yang Yi said again, "Deputy Governor Ou, I'm the person responsible for protecting Miss Nuannuan, and I was the one who got rid of Lei Peng and his men. Lei Peng and his men did not manage to hurt Miss Nuannuan, so after I forced him to hand over the evidence, I let him go."

At this moment, Commander-in-chief Leng, Governor Mu and Governor Li's gaze toward Ou Chenghe changed completely.

Ou Mingxi's viciousness was simply outrageous!

Only

"This is your so-called proof that Zhong Nuannuan is not a murderer? You know, my daughter Mingxi is the one who's hurting now, not Zhong Nuannuan! Who knows where you found these things! If you really fought against Lei Peng, knowing that he was here to harm Zhong Nuannuan, why didn't you detain him and hand him over to the police? It's obvious that this is nonsense, meant to confuse the public!"

"Why should I hand him over to the police? I saw that Lei Peng was angry at Miss Ou after being apprehended, so I purposely let him go."

Ou Chenghe was lost for words.

"Oh, I also have a video sent to me by Lei Peng. He asked me to pass the video to Miss Ou."

After saying that, Yang Yi played another video.

In the video, a naked man and woman were entangled with each other, undergoing some extremely intense exercises in bed.

The man was Lei Peng, who had previously accepted Ou Mingxi's payment, and the woman was Ou Mingxi.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 516: Nuannuan's Tri

At this moment, her face was flushed; she had a crazed look in her eyes, and she kept screaming things like "Yes, yes, I want it..."

Lei Peng teased Ou Mingxi maliciously, the more Ou Mingxi shouted, the more he refused to give it. He pulled out Ou Mingxi's wallet, took out her cards, and insisted Ou Mingxi say out the passwords of her bank cards one by one before inserting his member into her.

In the heat of the moment, Ou Mingxi did not even struggle, and blatantly told Lei Peng the passwords. Only then did Lei Peng start having s*x with her. While doing it, he beat her, scolded her, and humiliated her.

He scolded her for being a sl*t, in order to get someone else's fiancé. She tried to assassinate Zhong Nuannuan twice, so he had to flee his hometown after the incident was revealed, forcing him to give up such a good future.

After the man had his fill, Ou Mingxi was still shouting for more. The man then scolded her for her request, and not only did he not give her more, he even slashed Ou Mingxi's face in a rage.

When Ou Chenghe saw this video, his eyes went red with anger, and his tears fell.

That man was obviously unable to go around Camino any longer after the incident was revealed, and he hated Ou Mingxi for this. He put on his clothes and pants, and then smiled sinisterly. "B*tch, you said that you hate Zhong Nuannuan so much, so how about I send a video of you being raped and disfigured to the bodyguard next to her? That way, she can watch the whole thing; When she and her fiancé sees you, how do you reckon they'd feel? You ruined me, and I only made you pay this small price, so consider yourself lucky!"

After he finished speaking, the screen turned black.

A discerning person could understand at first glance that Ou Mingxi had been jealous of Zhong Nuannuan and attempted to hire a murderer. However, after the murder failed and the assailant was caught, he became angry and not only stole Ou Mingxi's card, but also raped and disfigured her.

Therefore, Chief Constable Wang immediately ordered someone to check Ou Mingxi's card to see if her card had been swiped.

"Report, we just found that Ou Mingxi's bank cards have been spending wildly overseas since last night." A police officer reported.

"In which country?" Ou Chenghe asked with an unhappy expression.

Only

“Naboo.”

Ou Chenghe was speechless.

“Deputy Governor Ou, you’ve been biting my fiancée like a mad dog from the beginning. Now that the truth has finally been revealed, what else do you have to say?”

Ou Chenghe snorted coldly. “Who knows if you sought someone out to fake this video? Who knows whether this person is really Lei Peng? Maybe you asked Lei Peng to do all of this! Zhong Nuannuan, Chi Yang, both of you are so cruel! Also, Chi Yang, my Mingxi likes you so much, but you helped Zhong Nuannuan treat her like this, you... Are you even worthy of her love?”

“Haha, you’re so funny. If he doesn’t help me, his fiancée, then is he supposed to help your daughter to harm me? Deputy Governor Ou, your values are seriously twisted, it’s no wonder that you raised Ou Mingxi, such an evil daughter with a vicious mind. Since she likes Chi Yang, am I supposed to just lay back and die? Since she likes Chi Yang, must Chi Yang accept her?”

Yes, she did these things. She had Dan Qi, who was far away in Sab, digitally alter the appearance of Lei Peng, after all, the real Lei Peng was already dead.

Dan Qi was a super hacker, and was much better than her, Aiden and Selina. After being digitally altered by him, she dared to say that no matter who Ou Chenghe sought out to scrutinize the video, it would be impossible to determine that the man in bed with Ou Mingxi was not Lei Peng himself.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 517: Chi Yang’s Reveng

As for the overseas credit card records, they were even simpler for Dan Qi.

Hence, this was her fully-packed revenge.

If Ou Chenghe had the ability, he should try to crack the operation apart.

Ou Chenghe glanced at the governors, who had ugly expressions on their faces, and felt depressed but unable to say anything.

Thus, he simply snorted and said, “Anyway, you’re still the key suspect, before Lei Peng is found, stay in the police station!”

“You’re really unreasonable!” Governor Li could no longer stand it anymore, and rebuked coldly.

“This matter was your daughter’s problem from beginning to end. After all, your daughter only has herself to blame for her experience. However, not only did you not apologize to the victim, you’re even acting so domineering. Ou Chenghe, you’ve really let me down!”

“Ou Chenghe, now that the facts have been made clear, so let’s follow the legal procedures. I want to sue Ou Mingxi for attempted murder on behalf of my fiancée. As for you saying that Lei Peng was bribed by us to treat your daughter like this, I don’t deny that there is indeed a possibility that this is the case. However...

"The suing party should provide evidence; this is basic knowledge. We're suing Ou Mingxi after having produced our own evidence, so if Deputy Governor Ou wants to sue my fiancée, please provide us with substantial evidence to back up your claim too. Also, there is a history to the relationship of this matter, so even if you do come up with real evidence, don't you think that my fiancée is only defending herself?"

Ou Chenghe was speechless.

Chi Yang said, "Immediately arrest Ou Mingxi for—— attempted murder."

"Yes!"

"Stand right there!" Ou Chenghe yelled, but the policeman quickly strode away after seeing Chief Constable Wang gesture with his eyes.

Ou Chenghe yelled with anger, "Chi Yang, you're totally mad! Didn't you see how Lei Peng treated Mingxi? She has suffered such cruel revenge and her life is already ruined. Now that she's lying sick in bed, can't you have a little compassion? Can't you let her go?"

Chi Yang looked at Ou Chenghe. Although his face was expressionless, his whole body was surrounded by a strong, coercive aura, causing Ou Chenghe's breathing to feel choked.

"Let her go? Why? In my opinion, the revenge she has received is far from enough."

"You..."

"Ou Mingxi's suffering in bed now is only the revenge from Lei Peng, with my Nuannuan's revenge via the judicial system coming next. As for my revenge... It's coming soon, I hope you're capable enough to withstand it."

Ou Chenghe was shocked!!!

Only

Governor Li thought, '...I'm still here... How dare a mere captain threaten people like this?'

Governor Mu thought, '...He's quite domineering! Too bad he's not my son-in-law.'

Commander-in-Chief Leng stood by the side calmly, acting dutifully as an onlooking passerby.

Governor Li wanted to say a few words to Chi Yang, but when he saw that the two leaders did not say a word, especially Chi Yang's direct superior, Leng Jinpeng, who was still very calm, as if it was normal for Chi Yang to say such things, he bit his tongue.

Later, when the insiders in Jiang District were eliminated and Chi Yang's identity was known to Governor Li, he was covered in cold sweat...

He felt very fortunate that he did not speak at this time and avoided making this big shot unhappy.

Meanwhile, Ou Mingxi's face was wrapped up like a glutinous rice dumpling...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 518: Seriously Disfigured

At this moment, her eyes were full of resentment, and she stared at the ceiling with bloodshot eyes while Madam Ou wiped tears from her cheek.

Until now, the two of them were still unwilling to believe in the fact that she was “seriously disfigured”.

The doctor said that even if she had a cosmetic repair operation in the future, because the skin texture of her face had been completely damaged, no matter how it was repaired, her face would not return to its original state. Even if a new patch of human skin was grafted, the damaged skin inside would still deteriorate again in a short time due to the pathological contraction of her skin.

As for her privates, even after a restorative operation was done, she could no longer have s*x again, otherwise she would die of pain.

Ou Mingxi knew that she was destroyed.

She was completely ruined by that b*tch, Zhong Nuannuan.

She felt so wronged.

She was clearly better than Zhong Nuannuan, but Chi Yang liked Zhong Nuannuan instead of her.

She clearly occupied the right time, place and social conditions, yet it was not Zhong Nuannuan who suffered in the end, but herself.

“Ah—— Ah—— Ah—————”

Ou Mingxi screamed fiercely again, frightening Madam Ou beside her.

She had already heard such screams many times before, and every time, her daughter’s cry was like a pair of scissors piercing and stirring her heart.

Madam Ou rushed over and hugged Ou Mingxi, crying and begging, “Stop screaming Mingxi, stop screaming! Boo hoo... Mom promises you, I won’t let that b*tch go! Absolutely not! Don’t be sad anymore, okay? Mom promises that she’ll definitely die a gruesome death! Don’t move, don’t move! The doctor said you can’t move after the operation!”

However, Madam Ou’s promises did not do anything to silence Ou Mingxi, and she yelled louder instead.

“I want her to die! I want her to die now!”

“Okay, okay, she’ll die now! Die now!” Seeing that the blood that had hardly solidified on her face was starting to seep into her bandages again, Madam Ou was so frightened that her legs went weak, and she quickly coaxed, “Mom will get someone to kill her now, so don’t cry anymore, okay?”

“Go! Quickly go then! Why are you still staying here? Go find someone to kill her! That b*tch should’ve died when I spent 1 million, but why isn’t she dead yet after I spent 10 million? Tell me, why isn’t she dead, while I became like this instead? Boo hoo... I was ruined by her! I was ruined by her——”

Only

Ou Mingxi became angrier and angrier, thinking that her future glorious life was inexplicably ruined by a country bumpkin whom she had never taken seriously before. She could not get past this hurdle in her heart, and she roared out everything she on her mind.

After all, this was the VIP ward of the best hospital in Jiang District, and most people did not come here. Therefore, Ou Mingxi and Madam Ou did not think there was any danger in speaking their minds here.

Especially Madam Ou, who even continued to comfort Ou Mingxi by playing along with her words in order to calm her insuppressible anger.

Unexpectedly, the conversation between the two was heard word for word by the police outside.

They even recorded it.

After the two had finished scolding Zhong Nuannuan, the two policemen walked into the ward.

“Ou Mingxi, you’re suspected of attempting to rape and kill Zhong Nuannuan, and now that the evidence is conclusive, so we will arrest you. Since you’re seriously injured, the arrest will be postponed until after your recovery. However, from now on, the guards here will be replaced by police officers. Madam Ou, from now on, Ou Mingxi is a prisoner, and you cannot enter this room without special permission.”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 519: Arrested

After saying that, the two police officers walked up, took out their handcuffs, and handcuffed Ou Mingxi’s hands.

This incident caught them off guard, and Ou Mingxi and Madam Ou were still stunned when Ou Mingxi’s hands were handcuffed.

By the time they recovered, Ou Mingxi realized that she had already been handcuffed to the hospital bed.

“Is there something wrong with you? Why are you handcuffing me? Shouldn’t you go to arrest Zhong Nuannuan? Why are you letting the assailant roam free while coming to arrest me instead? Let go of me! Let me go! Let go of me——”

Ou Mingxi glared at the police with such incomparable spite that the policemen she was staring at felt a chill run down their backs.

Madam Ou, who was on the side, could not hold herself back anymore, and she ran up to push the two policemen while shouting hysterically, “Are you guys crazy? You’re arresting my daughter instead of the real assailant. Do you know who she is? On what basis are you arresting her? Zhong Nuannuan caused my daughter to end up like this but you didn’t arrest her; have you accepted a bribe from her? Do you believe that I can go to the procuratorate to sue you?”

“Unlock these! Open up my daughter’s handcuffs! I order you to open them up!”

At this moment, the police's reinforcements arrived.

There were four police officers, with two of them being responsible for guarding the VIP ward, while the other two carried Madam Ou out.

The police were very upset at Madam Ou's scolding, so their attitude toward her became rougher.

"Madam Ou, you must've clearly understood why we arrested Miss Ou Mingxi. Otherwise, it'd be impossible for you to talk to Ou Mingxi the way you did just now."

"Let me make this clear, my daughter is the one who's seriously injured now, not Zhong Nuannuan! My daughter is the victim! All this must be part of Zhong Nuannuan's scheme! Why aren't you arresting her, but arresting my injured daughter instead?"

"Madam Ou, the law is fair and just. Just because Miss Ou committed a crime and did not harm the other party does not mean that a crime was not committed. If Miss Ou is injured instead of the other party, it doesn't mean it's the victim's fault either.

"In this matter, Miss Ou is the offender and wrongdoer, and Miss Zhong Nuannuan has already provided clear evidence on this matter. The first people to check the evidence included the commander-in-chief of the military base, Leng Jinpeng..."

"He's Chi Yang's superior, so of course he'd side with Chi Yang. That Zhong Nuannuan is Chi Yang's girlfriend, so of course he'd side with Zhong Nuannuan!"

Only

"Madam Ou, please stay calm. The first people who checked the evidence also included Governor Mu Xigui, Governor Li Yunshen, and your husband, Deputy Governor Ou Chenghe. We came to arrest Miss Ou after the agreement of several governors. Hence, if you say that this incident was planned by Miss Zhong Nuannuan, please provide substantial evidence before the court. Otherwise, Miss Ou will be convicted as the mastermind behind this case."

When Madam Ou heard that there were so many big shots involved, she also knew that this matter was doomed.

Listening to Ou Mingxi's hysterical screams from inside the ward, Madam Ou said with embarrassment, "Comrade police, since my Mingxi's injuries are not yet healed, how about you let me take care of her, and I'll promise not to let her leave the ward, is that okay?"

Madam Ou felt that as long as the police could be dismissed, she could say anything.

However——

"I'm sorry, Madam Ou, Miss Ou Mingxi is a prisoner now, and she should've been arrested immediately; since Miss Ou is injured, we've merely sent someone to guard her ward. However, from now on, this is a detention center, so everything must be carried out in accordance with the rules of a detention center. Please don't interfere with official duties."

Madam Ou was lost for words.

My Sweet Physician Wife Calls The Shots

Chapter 520: Support

Listening to Ou Mingxi's screams inside, Madam Ou felt powerless at this moment.

She originally thought that her disfigurement and severe damage to her privates was the worst news, but did not expect that there was still such a thing waiting for them.

At this moment, she really regretted allowing Ou Mingxi to mess with Zhong Nuannuan.

If she could have persuaded her and disallowed her from doing so, her Mingxi would not be hurt, let alone be arrested!

No, she had to find her husband. She felt that she could not let that b*tch Zhong Nuannuan get away unharmed after hurting her daughter.

Even if her daughter went to jail, she wanted this b*tch to accompany her daughter inside the cell.

However, what Madam Ou did not know was that Ou Mingxi's affairs was not the worst news, and the worst news was still yet to come.

After being driven out of the hospital by the police, Madam Ou called Ou Chenghe with the intention of filing a complaint and having Ou Chenghe deal with these low-ranked policemen.

However, the phone got through but no one answered.

Madam Ou made countless calls, but Ou Chenghe never answered, which made Madam Ou, who was worried about Ou Mingxi, furious.

Out of desperation, she could only go to the City Administration.

She entered the City Administration's office building and went to the deputy governor's office on the third floor, but found that the door was closed.

The staff at the City Administration were also very confused about Ou Chenghe's absence from the office. After all, he called the heads of eight departments including construction, transportation, and urban management to convene a very important coordination meeting at 10.30 in the morning. This had already started and the department heads had already arrived, but he on the other hand could no longer be reached.

When she called his secretary, she found that his secretary's cell phone was also connected, but that no one was answering, just like his.

"Could... Could something have happened to him?"

When Ou Chenghe was nowhere to be found, Madam Ou suddenly had a very bad premonition.

This premonition made her legs go weak.

It was the type of panic that would be felt before one suffered complete annihilation.

“Don’t worry, Madam Ou, there should be nothing wrong. I heard that Deputy Governor Ou went to the police station this morning, so I’ll call Chief Constable Wang at the police station now.”

A section chief of the City Administration who had just returned from outside heard that Madam Ou had arrived to look for her husband, and immediately informed her of the updated situation.

Madam Ou quickly thanked him and asked the section chief to call Chief Constable Wang.

Only

The call went through.

“Hello, Chief Constable Wang, I’m Tan Dan, the section chief of the City Administration’s third office... Deputy Governor Ou’s wife is unable to contact the Deputy Governor, and I know that he went to the police station today. May I ask if he’s still at the police station?”

The previous sentences were spoken clearly and steadily, but after the other party answered Deputy Director Tan’s question, the deputy director’s expression changed instantly.

“What... What happened?” Madam Ou asked in panic when she saw Deputy Director Tan’s expression change.

Deputy Director Tan glanced at Madam Ou, but did not answer her immediately, and continued listening to Chief Constable Wang on the other end of the phone.

A few minutes later, the person on the other end of the phone finished talking, and only then did Deputy Director Tan ask, “Has this matter been confirmed then? So, Deputy Governor Ou will not be back for the time being? ...Okay, I see. Okay, let me speak to Madam Ou. Thank you, Chief Constable Wang.”

After Deputy Director Tan hung up the phone, Madam Ou quickly asked, “Is our old man Ou alright? I heard you say that our old man Ou will not return for the time being. Is he going on a business trip to settle some issues?”
