#### Chapter 541: We Got Married!

“Look at you! It’s good enough that you came here. Why did you bring so many things with you?”

“It’s what I’m supposed to do.” Gu Mingzhe was clearly in a good mood too.

“You’re still calling her auntie!” Zhong Qianqian nudged Gu Mingzhe, hinting to him that their relationship was no longer the same.

Jiang Shuwan and Zhong Kuijun were both surprised at Zhong Qianqian’s words.

Gu Mingzhe smiled and called out, “Dad, Mom.”

Zhong Kuijun, “...!!!”

Jiang Shuwan’s eyes widened in shock. “Qian... Qianqian, you two...”

“Dad, Mom, Brother Mingzhe and I are legally married. Today, Brother Mingzhe and I went to get our marriage certificate.”

Zhong Kuijun replied, “What?”

Jiang Shuwan responded, “For real!!!!”

“It’s true. Dad, Mom, from now on, Brother Mingzhe is your son-in-law.”

Zhong Qianqian held Gu Mingzhe’s arm and smiled sweetly, looking more like a bride with every passing moment.

On the other hand, Gu Mingzhe had a gentle smile on his lips and his eyes were filled with affection.

“Dad, Mom, don’t worry. I’ll take good care of Qianqian. I won’t disappoint you.”

Noticing that there was only shock on Zhong Kuijun’s face and not happiness, Gu Mingzhe added, “As for Selina’s sanction on the Gu family, you don’t have to worry about it. Selina is my aunt’s daughter. My aunt is the matriarch of the Huang family, which is a second-tier family in the Emperor District, so we’ll be able to deal with Selina soon. I called my aunt today, and she’ll be here first thing in the morning.”

“Really? That’s great!” Jiang Shuwan was thrilled that she nearly grew wings. However, when she thought about having the Gu family as her in-laws, she asked a little worriedly, “Mingzhe, do your parents know about your marriage with Qianqian? What do they think about it? Qianqian has offended Selina before, will they be resentful at Qianqian?”

“Mom, don’t worry. My parents are open-minded people. Although the Gu family is a super-rich family, we only have my dad, mom, and me. Everyone else doesn’t really matter. Although Qianqian offended Selina, she somehow helped my aunt find her long-lost daughter by accident. Not only are they not resentful toward Qianqian, but they’re also thankful to her. If you don’t believe me, ask Qianqian.”

Zhong Qianqian nodded. "Yes. After we got our marriage certificate, Brother Mingzhe called his parents. I even talked to his parents on the phone. His parents are really kind and they treat me very well. They even lamented that they didn't get to organize an engagement ceremony and that I deserve more. They wanted to buy a villa in the Emperor District for me. Moreover, his mother is really a very straightforward person. An hour ago, I received a call from her, telling me that she bought a villa for me within the range of Second Ring. Mom, look, this is the photo Brother Mingzhe's mother sent me just now."

After she said that, Zhong Qianqian showed Jiang Shuwan the picture of the villa. Seeing such a gigantic villa and eventually, Zhong Qianqian's name as the owner, both mother and daughter were overjoyed.

Meanwhile, Zhong Kuijun's face darkened.

At this moment, he was almost certain that Gu Mingzhe knew Zhong Qianqian's real identity.

A normal person with a shred of intelligence would not do something like this before the problem was resolved.

Was that not akin to cutting off his own life support?

Even if Gu Mingzhe was truly stubborn enough to like Zhong Qianqian... However, the Gu family was once the richest family in Jiang District, Zhong Kuijin still retained some form of understanding about the Gu couple.

#### **Chapter 542: Crisis on Weibo**

Despite not saying it out loud back then, their intentions and actions indicated that they despised the Zhong Family and Cloud Group.

Although they reserved a place for Cloud Group at every Gu family's large-scale gathering, Gu Zhongcheng looked down on Jiang Hanlin. As for Zhong Qianqian, Gu Mingzhe did not even spare her a glance.

Therefore, when Gu Mingzhe came to Jiang District and attended Nuannuan's banquet uninvited, he already had a strange feeling.

After what happened this morning, Selina's words woke him up.

If he was not after something more beyond Zhong Qianqian, how could a man like Gu Mingzhe fall in love with her?

Moreover, the only reason that could lead Gu Mingzhe to get his hands on something more must be Zhong Qianqian's identity.

To put it more accurately, it was Zhong Nuannuan's identity or his deceased ex-wife, Pu Yu's identity.

He had always thought that Pu Yu was not an ordinary person. Now, for Gu Mingzhe to make such a drastic move to marry Zhong Qianqian despite the risk of offending Selina, that must be because Pu Yu's status was much higher than Selina's.

Zhong Kuijun was appalled when he thought of that.

The inexplicable uneasiness in his heart intensified.

At this moment, he regretted agreeing to Jiang Shuwan's suggestion—letting Zhong Qianqian put on that necklace every time she attended a banquet.

Although the exposure of Zhong Qianqian's identity would allow the Zhong Family to instantly reach the pinnacle of glory—so glorious that they might be able to look down on the Gu family—

He was afraid that...

If Zhong Qianqian's identity was exposed, Zhong Nuannuan's identity would also be exposed. What was most frightening was the fact that the cause of Pu Yu's death would also be exposed.

In that case, what they were about to face was not extreme glory, but complete destruction.

"Dad, why aren't you saying anything? Are you unhappy that Brother Mingzhe and I are getting married?"

As they were done looking at the photo, Zhong Qianqian and Jiang Shuwan still thought it was not enough. Initially, they wanted Zhong Kuijun to say something nice, yet he was spacing out.

Zhong Kuijun laughed when his thoughts were interrupted by Zhong Qianqian. He said, "Why would I?" Then, he fell silent.

Zhong Qianqian had always felt that Zhong Kuijun was biased towards Zhong Nuannuan. Every time Zhong Nuannuan brought Chiyang home to show off, Zhong Kuijun would laugh until his face was rotten. However, she was already married to Gu Mingzhe, a young master from a third-class rich family. She had brought glory to the Zhong family, but Zhong Kuijun was busy getting distracted instead.

Zhong Qianqian swore to herself that when Zhong Kuijun begged her one day, she would definitely not help him. She would reciprocate all the unjust she had suffered at home.

Therefore, Zhong Kuijun's attitude did not matter to Zhong Qianqian anymore.

From today onward, she would be the Gu family's Young Lady. She no longer needed to rely on the Zhong family.

From now on, she could straighten her back and show off in front of her classmates.

At this thought, Zhong Qianqian was overwhelmed with excitement.

Currently, Jiang Shuwan was able to walk if someone held her. Thus, Gu Mingzhe found a good restaurant and invited his parents-in-law to dine together.

While eating, Zhong Qianqian took a few photos and posted them on Weibo.

At this point, WeChat was still in its testing phase, thus, very few people knew WeChat. Most people liked to browse Weibo, and everyone would add everyone no matter how close they were.

Hence, Zhong Qianqian took a photo of the four of them picking up food with their chopsticks and...

#### **Chapter 543: Showing Off**

Together with the photos of the two red booklets, the diamond ring on her and Gu Mingzhe's fingers, as well as the photos Mrs. Gu sent her—what was now hers—of the photos of the villa located on Second Ring Road of Emperor District, they formed a beautiful nine cut grid. She posted those photos on Weibo.

Zhong Qianqian V: [From now on, we are family. Please take care of us! [Heart] [Heart] [Heart] @Gu Mingzhe V]

Zhong Qianqian V: [I am especially thankful for the wedding gift that my mother-in-law gave me. She said that she would give me something in the morning, but it was already registered under my name in the afternoon. This speed! [Happy [Happy] [Happy] Even though I only saw the photo, I'm already in love with it. We're definitely not staying here after our wedding. Tell me, what should I do with such a big house? [pleading] [pleading] [pleading]]

Although Zhong Qianqian was not a famous person, she was a vain person. That was why when she started using Weibo, she had created a V account for herself through Cloud Group. Then, she spent money to buy herself a million followers.

However, there were only about two hundred people who knew Zhong Qianqian personally. After all, she was a mere student. Although Cloud Group was considered a rising star in Jiang District, it had no influence in Camino at all.

Therefore, after Zhong Qianqian posted on Weibo and finished her meal for half an hour, only Wu Wenqian, Li Shanshan, and a few other classmates who liked sucking up to her responded.

She wondered if Ye Mengxi and those young ladies who descended from rich families had seen her Weibo post. She also knew that even if this group of people saw it, they would pretend that they did not see anything. However, marrying into a third-class wealthy family in Camino and becoming the wife of a wealthy family was such a big deal. Yet, only two people gave her attention. Zhong Qianqian was extremely depressed.

Zhong Qianqian then sent a message to Jiang Hongyang and Jiang Hongyi, asking them to go on Weibo.

The two brothers went onto Weibo to take a look and were very happy for Zhong Qianqian. They immediately spread the news of Zhong Qianqian's marriage.

After twenty minutes, there were still very few people commenting on her Weibo post. There were only about twenty messages.

Zhong Qianqian was unhappy.

After all, this was such a big deal. Other than her family, she felt like no one else was envious of her.

Previously on Weibo, did those young masters from wealthy families not made it grand when they got married?

Even the entertainment industry would be affected, let alone the financial industry.

Why in the world that none of Jiang District's newspapers and magazines bothered with the news when she had already tagged Gu Mingzhe?

Eventually, Zhong Qianqian could no longer sit still. She said to Gu Mingzhe coquettishly, "Brother Mingzhe, I posted on Weibo. Go take a look."

Gu Mingzhe had been chatting with Zhong Kuijun and his wife the whole time, trying to build a good rapport with his parents-in-law. When he heard Zhong Qianqian's words, he smiled and said with an amicable attitude, "Okay."

After he logged into Weibo, Gu Mingzhe realized that he had never followed Zhong Qianqian, so he followed her first and reshared her post—

Gu Mingzhe V: [You can use the house to raise kittens and puppies. In short, I'll be happy if you're happy. Please take care of me in the future, Mrs. Gu! [Heart] [Heart] [Heart] [Heart]]

Although Gu Mingzhe only had about ten thousand followers—which was only one percent of Zhong Qianqian's follower count—when Gu Mingzhe reposted it on Weibo, Zhong Qianqian realized that her follower count had started to soar, and the reposts had also gone viral.

Therefore, every half a minute into her meal, she would open up her Weibo.

Meanwhile, most people who reposted Gu Mingzhe's Weibo post were the editor-in-chief of many major newspapers and magazines.

#### **Chapter 544: Internet Sha**

Knowing that Young Master Gu had gotten married without a word, they all wanted to interview him so that he could introduce his wife.

Zhong Qianqian saw these Weibo posts and quickly asked Gu Mingzhe to reply.

Gu Mingzhe could not help it. Therefore, he reposted the previous Weibo post and replied—

Gu Mingzhe V: [Mrs. Gu is still young, just turned eighteen. But she is great, I like her very much. Imma let everyone in on a little secret—she's my first love. @Zhong Qianqian V]

That fed Zhong Qianqian's vanity a great deal and she immediately reposted it—

Zhong Qianqian V: [[shy] [shy] [shy]]

Financial Daily V: [Mr. Gu, other than being your first love, and that she's newly eighteen, is there anything else that you can tell us about Mrs. Gu?]

Emperor District People's Network V: [Mr. Gu, you are from Jiang District. If Mrs. Gu is your first love, can we take it that Mrs. Gu is also from Jiang District?]

Emperor District Headlines: [Mr. Gu, congratulations on your marriage to Mrs. Gu. Can you tell us which wealthy family Mrs. Gu is from?]

...

Initially, everyone was congratulating them. Yet, slowly, everyone turned their attention to Zhong Qianqian. This made her feel very awkward.

Even though she had become a member of a wealthy family, even the media would look down on her due to her unsophisticated background. After all, the media had always been asking about which family she was from.

When she saw Zhong Qianqian's Weibo post, Ye Mengxi was so jealous that she almost went crazy. She could not hold it in anymore, so she registered a Weibo name. Soon, an account called 'You're A B\*tch' started to spit hate.

You're A B\*tch: [Hehe, what a promiscuous b\*tch. You couldn't manage to seduce your own brother-in-law, nor someone from a wealthy family at the international level. So, you settled for the next best thing and hooked up with someone from a third-class wealthy family in Emperor District instead? How long have you and Gu Mingzhe been dating? Has it been a week? Previously, you didn't have much contact with each other when the Gu family was in Jiang District. Now, you're married within a week, and calling it your first love? Tsk tsk, what kind of first love that you have that made you get married when you had basically no contact with each other before? Mr. Gu, are you sure Zhong Qianqian's your true love? If it's true love, I can only say that your love is cheap and biased!]

Your Love Dirties Me: [Wow wow wow, I think upstairs dropped a big piece of news there. Seducing her brother-in-law? So, Mrs. Gu likes her own brother-in-law before this? Who's that wealthy person at the international level that she tried to seduce? It seems like our Mrs. Gu must be a beauty! Please show us a photo!]

Cool Breeze Buttocks V: [Smells like a two-faced snake to me... Waiting for updates! Waiting for photos!]

Don't Look Back Even In Tears: [Waiting for updates! Waiting for photos! +1]

Homo Bandit: [Waiting for updates! Waiting for photos! +2]

...

Very soon, the entire Weibo post aggregated at the same comment thread.

Seeing the 'Waiting for updates! Waiting for photos!' comment thread had accumulated one hundred and two replies, Zhong Qianqian felt discomfort overwhelm her.

"Zhong Nuannuan, it must be Zhong Nuannuan! Back then, my father was the one who introduced Chi Yang to me, but she had an affair with Chi Yang behind my back. I saw that Chi Yang had already fallen in love with her, so I gave up on him, didn't I? Did she really have to burn the bridge with my mother for a man and slander me in front of the whole world? This is slander! Mom, Zhong Nuannuan has crossed the line. Aren't you going to do something about this?"

Jiang Shuwan, who had been paying attention to Weibo the whole time, was also indescribably furious.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 545: Dan Qi**

“She, she, she... She’s going way overboard! Kuijun, I’m done dealing with this daughter. It’s your turn to deal with her now. Even if I call her now, she wouldn’t even pick up my calls. How would she listen to me telling her off?”

Zhong Kuijun also felt that Zhong Nuannuan had gone overboard. However, when he recalled the way she had spoken to him over the phone, for some reason, he started to feel stifled again.

“Hello.”

Zhong Nuannuan was busy with her work. While Chi Yang was not around, she had to hurry up and deal with the matters required of the president. When she saw Zhong Kuijun’s call, she picked up the call rather impatiently.

“Nuannuan, are you ‘You’re A B\*tch’?”

Zhong Nuannuan thought, ‘...F\*ck! Is everyone in my family rabid dogs? How dare they call me a b\*tch! Do they have a death wish?’

Zhong Nuannuan was really infuriated. After two seconds of silence, she decided to hang up.

However, Zhong Kuijun spoke again.

“It really is you?”

“You... I’m really disappointed in you as your father. Your elder sister’s marriage is a good thing for our Zhong family. How can you smear her reputation like this?”

Zhong Nuannuan, who was about to hang up the phone, was stunned for a moment before beaming.

“Zhong Qianqian is getting married?”

Zhong Kuijun was on the loudspeaker, so Zhong Qianqian and Jiang Shuwan heard it.

It was obvious that Zhong Nuannuan did not know about this, but to them, it sounded like she was pretending.

Jiang Shuwan grabbed the phone away and cursed, “You’re such a harbinger of bad news. Are you trying to destroy Qianqian? Are you happy now that Qianqian and Mingzhe are humiliated? You...”

Beep beep beep...

Zhong Nuannuan did not want to listen to the b\*tch’s nonsense and hung up the phone.

She had been waiting for so long—Had Nuannuan not finish off Zhong Qianqian and Jiang Shuwan all this while just so she could wait for the day Zhong Qianqian got married?

Now that the two of them had registered their marriage, her revenge could begin.

Just as she was about to call Selina, Dan Qi called.

Zhong Nuannuan smiled and picked up the phone. “Lil Dan Qi!”

“Big Sister, I’ll be seventeen in half a month. I’m not young anymore. You’re only half a year older than me, so why must you add the word ‘Lil’ when you call me?”

A boy’s dissatisfied voice came through the phone.

Dan Qi was 17 years old. Like Aiden, Selina, Feng Shengxuan, and Bai Liyue, he was one of the members of the biggest mercenary group in the world, KE, who was on her side since the beginning. He was also a Rank-3S mercenary.

Although among the six of them, Dan Qi was the weakest in terms of combat ability, he was a very adept computer genius. He could even hack into Sab’s top-notch military intranet without much effort.

Therefore, on the Assassination Network, the price of Dan Qi’s head was ranked number two.

“Lil Dan Qi, it’s been a few days since you got back to me. Have you forgotten how to do your job after binging your television series again?” Zhong Nuannuan had no intention of paying attention to Dan Qi’s complaints.

She finally met someone younger than her. How could she not bully a junior like him?

Dan Qi’s embarrassed voice came through the phone.

“I’ve been watching The Legend of White Snake for the past two days, and I’ve finally finished watching it. Although the special effects were done very badly, it was still considered good for that era. And the content was really good. It’s just a pity that Lil White Rabbit died later on, or else she and Xu Shilin would definitely be together... blah blah...”

“...” Zhong Nuannuan was speechless.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 546: Addicted to Drama**

The good-natured Nuannuan listened to Dan Qi as he complained about “The Legend of White Snake” for ten whole minutes with a smile before replying, “Lil Dan Qi, don’t you think you’re getting ahead of yourself after me not checking in on you for three days?”

“Sis, I’m calling you now, no? After Selina told me, I immediately went to investigate! However, the Nangong family’s super careful. They deleted nearly all the messages about your mother and even shredded the images that had been deleted countless times.

“Y’know, it’s really hard to recover those files that have been deleted the more times they got shredded. I only managed to watch the finale when I was waiting for the files to recover.”

Dan Qi was afraid of being scolded and he hurriedly acted coquettishly to beg for forgiveness.

Upon hearing that her mother’s information had been deleted, Zhong Nuannuan’s gaze turned cold.

Why did the Nangong family delete the messages about her mother? Moreover, why did they delete them by shredding them over and over again?

Was it the Nangong family who had chased after her mother back then?

If it was them, then why did they treat Zhong Qianqian so well when she returned to the Nangong family? Or did they have other intentions for Zhong Qianqian?

In short, Zhong Nuannuan did not have a good impression of the Nangong family.

After all, one or two elder brothers in the Nangong family had a sister complex. In order to help Zhong Qianqian, they caused Nuannuan a lot of trouble back then.

“Why did they shatter my mother’s messages? Who was the one who chased after my mother? Was it the Nangong family?”

“Sis, you’ve misunderstood the Nangong family. Your mother is the most precious little princess of the Nangong family. The Nangong family treats all boys roughly, but they treasure this daughter very much. Even when she goes out, she always wears a veil.”

Zhong Nuannuan frowned and asked, “Why?”

“I don’t know. In any case, the videos and images that I’ve found show that your mother always wears a veil. I finally managed to get a picture of your mother when she was young, and I’ve already sent it to your email. Boss, you really look like your mother.”

“Keep talking.”

“Perhaps it was because the Nangong family was too powerful and had offended too many people that your mother got kidnapped when she was thirteen years old. Although it only took the Nangong family two days before locating your mother, they brought your mother to change her appearance once she got home. They even announced to the public that she had been killed by the kidnapper.

Since she changed her looks—and how she lived a low-profile life in the Nangong family—there was not much turbulence in her life after that. Long after that, your mother fell in love with the son of the Nangong family’s butler. The two of them were super close to each other. Since the Nangong family was happy to see that development, both your mother and the butler’s son got engaged.

“However, not long after the engagement, there were more assassination attempts on your mother. The images I found were limited. I could only see that your mother escaped twice after she was captured. The first time was in the outskirts of the Emperor District, and the second time was at Jian City, which was three hundred kilometers away from Jiang District.

“However, after her second escape, both her brain and face were injured. It was Zhong Kuijun who sent her to the local hospital. The diagnosis was that she had amnesia due to blood clots in her brain. She suffered some moderate damage on her face but it could be treated with delicate cosmetic surgery on her face.

“Since her face was injured, she went to a beauty salon for facial beautification after following Zhong Kuijun to Jiang District. Therefore, after two major facial changes, you no longer resemble her.”

Zhong Nuannuan narrowed her eyes and asked, "Zhong Kuijun saved her, so she fell in love with him. Is that right?"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 547: Conspiracy**

"No." Dan Qi directly denied it. "Right after your mother recovered from her injuries and was discharged from the hospital, the amount in Zhong Kuijun's bank account increased by five million. At that time, Zhong Kuijun was only a platoon leader of recruits. He was born in a village, and both his parents died. Therefore, your mother must have given this five million to him. It should have been an equivalent exchange between them. Your mother gave him money, and Zhong Kuijun protected and took care of her.

"Since then, Zhong Kuijun clung onto your mother. When she entered Jiang District for her cosmetic surgery, he used visiting as an excuse to... rape her."

Zhong Nuannuan, "...!!!"

"Your mother wanted to lodge a report against him at the police station, but he knelt in front of your mother and proposed to her. However, it seemed like your mother refused.

"There was a period longer than a month where your mother did not see Zhong Kuijun. Yet, Zhong Kuijun came to visit your mother with his thick-skinned face every day. When she was discharged from the hospital, your mother realized that she was pregnant."

Zhong Nuannuan was speechless.

"Your mother went to the hospital for a checkup. After confirming her pregnancy, she thought for a whole month before finally agreeing to Zhong Kuijun's proposal.

"However, your mother didn't know that Zhong Kuijun was a scumbag. Although they did not have a marriage certificate, he had already married a wife. They organized a banquet and everything. That was Jiang Shuwan. When Zhong Kuijun's parents passed away, it was Jiang Shuwan who begged her parents to pay for Zhong Kuijun. Zhong Kuijun was able to join the army in the city because Jiang Shuwan's parents pulled some strings for him. At that time, Jiang Shuwan was already seven months pregnant and was about to give birth."

Zhong Nuannuan listened in utter silence.

"When Jiang Shuwan found out that Zhong Kuijun was about to marry someone else, she came to cause trouble. Yet, Zhong Kuijun refused to admit that she was his wife. He only said that Jiang Shuwan was engaged to him when his parents were still alive. It didn't count."

"Since they organized a banquet, there will be people from the village who attended it. How did it all wash over just because he didn't admit it?" Zhong Nuannuan asked.

"That's what I thought as well, so I went to investigate his bank account. I realized that he had lost five hundred thousand yuan. I suspect that he had paid the villagers some hush money. After that, your

mother followed Zhong Kuijun to their village. Not long after they returned, your mother registered her marriage with Zhong Kuijun.”

“Jiang Shuwan suffered such a great loss. How could she just let it go like this?”

“Of course not. Initially, I couldn’t understand why Jiang Shuwan stopped causing trouble after that first time. It was much later when I found out that Jiang Shuwan was planning something big instead. When your mother gave birth, she exchanged your mother’s anticoagulant medicine with coagulant medicine.”

“Yeah, I know. Selina has found the nurse who made the exchange.”

“But Zhong Kuijun was the one who gave Jiang Shuwan the medicine.”

Zhong Nuannuan thought, ‘...Indeed, there won’t be a person who can be considered most dastardly—only more dastardly than the next.’

“That means my mother was actually murdered by the conspiring duo?”

“At that time, your mother hired a nanny to take care of her. Our men had already found the nanny. She said that she saw your father putting poison into your mother’s medicine one day.”

“How did she know it was poison?” Zhong Nuannuan asked for every single detail. After all, one of them was her biological father.

“Because she told your mother that she found out that Zhong Kuijun had put poison into her medicine. Then, your mother came up with an excuse to send her out on an errand. It was then that your mother had her secretly send the medicine for tests.

“After she came back, she told your mother the results. Your mother knew that she wouldn’t be able to live for long, but she was afraid that Zhong Kuijun would harm you if the truth were to be exposed. So, she found a professional team of lawyers from the Swiss Bank and came up with a detailed will.”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 548: Counterattack**

“In that case, even if Zhong Kuijun and Jiang Shuwan don’t like you, they must treat you well for the sake of the money. This is the only way your mother could protect you after losing her memory and unable to find help.

“What she didn’t expect was that Zhong Qianqian had leukemia when she was three years old. To save Zhong Qianqian, Jiang Shuwan didn’t even care about money anymore. She directly extracted your bone marrow. In the turn of events, they managed to obtain your DNA.”

After Dan Qi finished speaking, Zhong Nuannuan remained silent for a long time.

She knew that her father was a selfish person, and she had seen it in her previous life. However, she really did not expect that not only was her father a scumbag, but he was also an ultimate platinum-level scumbag.

In her previous life, her beautiful memories of her family before she was three years old were indeed misleading!

Although she had never met her biological mother in her entire life, Zhong Nuannuan was very touched that Nangong Yu was willing to use money as a guarantee for Nuannuan's survival when she was young.

Thankfully, in this world, she still had a family member that truly loved her.

Her thoughts shifted. It occurred to her that soon, she would become Chi Yang's wife and Chi Yang would become her husband. They would become the closest people in the world; the people dearest to each other. Thinking about that, the hatred in Zhong Nuannuan's heart was instantly soothed.

Initially, she was torn thinking about how Zhong Kuijun would criticize her when she dealt with Jiang Shuwan, the Jiang family, and snatched Cloud Group back.

Everything fell into place now. When the time came, she could deal with Zhong Kuijun too. It would be convenient and fast.

"Okay, I got it. Continue watching your shows. I'm hanging up."

"I've already finished watching The Legend of White Snake," Dan Qi added intentionally.

"So..."

"So, I'm coming to Camino! Big Brother and Luna are no fun at all. So, I'm coming to spend time with you."

Zhong Nuannuan thought for a moment and nodded. "Alright. But I'm about to take my gaokao soon and will be going to Emperor District after that. You're such a homebody. Can you bear to move twice within half a year?"

"Yes! As long as I can follow Big Sis, I'm willing to move house no matter how many times it takes."

"You're so sweet. Fine, come over and stay with Selena. With Aiden around, you and Selina can have a place to eat, at least."

"Alright!"

Dan Qi howled in happiness. Before Zhong Nuannuan could come up with some sort of agreement with him, Dan Qi had already hung up.

She shook her head dotingly and helplessly. After she hung up the phone, the corners of Zhong Nuannuan's lips slowly descended into a downward curve.

He raped her mother, cheated her into marriage, drugged her mother when she was giving birth, poisoned her mother to death within a few months of her birth, then seized her assets, extracted her bone marrow, and abandoned her again.

Besides, in her previous life, Jiang Shuwan drugged Nuannuan five years into Nuannuan's marriage, making her unconscious. That led to their enemies from organizations discovering her that eventually, led to her death and Chi Yang's death...

Zhong Nuannuan let her mind run wild on revenge ideas on Zhong Kuijun, Jiang Shuwan, and Zhong Qianqian.

However, no matter how much she planned, she could not help feeling that it would not be enough for them to die once in this lifetime!

No matter how they died, it would not be enough to appease the anger in her heart!

After more plotting, she called Selina and told her to increase the pressure exerted on the Gu Family Enterprise.

Once Gu Mingzhe could no longer stand it, he would definitely make his way to the Nangong family. At that time, the Nangong family would find out that their 'little princess' had been found...

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 549: Looking for Trouble**

She must be extremely doted on. The entire Emperor District would probably know Zhong Qianqian's identity very soon.

When she, Jiang Shuwan, and Zhong Kuijun reached the peak of their lives, Zhong Nuannuan would topple them and continue torturing them.

She guessed that she could only calm the fire in her heart after witnessing the whole family being driven mad.

\*\*\*

The next day, Zhong Nuannuan went to school as usual.

After arriving at school, she was instantly showered with attention and concern from her classmates.

After all, Zhong Nuannuan had been taken away by the police the day before under the accusation of murder and rape.

Everyone crowded around Zhong Nuannuan to find out more about the situation.

Faced with everyone's concern, Zhong Nuannuan felt a surge of warmth in her heart, and she told everyone that she was fine. As for what happened yesterday, there would be police officers coming to clear her name later.

News of Zhong Nuannuan's acquittal spread like wildfire. Soon, Zhong Qianqian stormed into the classroom and rushed to Zhong Nuannuan.

"Zhong Nuannuan, I know that you've always been jealous that I've gotten Mom's love that you hate me. You even snatched the boyfriend Dad introduced to me. Even so, I gave up on Chi Yang and avoided you like the plague. Now, I'm even married to Brother Mingzhe. There is nothing between us anymore. Why did you maliciously hurt me on Weibo? You said that I couldn't snatch your fiancé, I failed to try to hook up with an internationally wealthy family, and eventually, hooked up with Brother Mingzhe? You even called me a promiscuous b\*tch. Don't you know that you've gone overboard?"

“No matter what, I’m still your elder sister. I’ve already accepted the fact that you’re not helping me in the whole Selina shebang. Yet, I’m already married; I’m far away from you and your Big Brother Chi Yang. Why are you slandering me in front of all the netizens in the country? How can you be so evil?”

Zhong Qianqian rambled on, leaving Zhong Nuannuan confused.

The students knew that the sisters, Zhong Qianqian and Zhong Nuannuan, had a grudge against each other. Therefore, at this moment, as they listened to Zhong Qianqian’s accusation, they agreed that Zhong Nuannuan had gone overboard, too.

Regardless of who was right and who was wrong in the Chi Yang incident, Zhong Qianqian was now together with Gu Mingzhe. She was no longer a threat to Zhong Nuannuan. If Zhong Nuannuan still maliciously attacked Zhong Qianqian on Weibo, it would be a little inappropriate. After all, Zhong Qianqian’s husband was Gu Mingzhe, a wealthy family in Emperor District. In the future, Zhong Qianqian would be considered a public figure.

To put it bluntly, she was totally trying to destroy Zhong Qianqian.

Zhong Qianqian stood menacingly in front of Zhong Nuannuan as if she would not give up until Zhong Nuannuan gave her a satisfactory answer.

Zhong Nuannuan slammed the things in her hands onto the table and placed one hand on the back of the chair. Her beautiful and exquisite face was tinged with a slight hint of coldness.

It was this little bit of coldness that sent Zhong Qianqian a chill down her spine. She could not help but take a step back.

After retreating, Zhong Qianqian shockingly realized that she felt an involuntary weakness before Zhong Nuannuan even said anything.

What was going on?

What she did not know was that no matter how much she bullied Zhong Nuannuan in the past, it had never occurred to Zhong Nuannuan to kill her due to the pitiful idea called family.

However, Zhong Nuannuan was determined to kill them now. That was the reason why even though she had only released a small amount of murderous intent, Zhong Qianqian could not withstand it.

She looked at Zhong Qianqian and recalled that Zhong Qianqian’s mother was the reason behind Zhong Nuannuan’s mother’s death. Also, it was for Qianqian’s sake that Jiang Shuwan did it...

#### **Chapter 550: Indebted**

Not only did her father take over her mother’s inheritance, he even abandoned Nuannuan when she was only three years old for Qianqian’s sake and sold her to a place like that.

The corpses of thousands of children appeared before Zhong Nuannuan’s eyes again.

If her special abilities had not awakened at the most critical moment and allowed her to see the weakness of the other party's body—at the same time, allowing her to move faster than ordinary people—she would have become one of the thousands of corpses.

As she watched, the murderous intent in Zhong Nuannuan's eyes started to seep out in small amounts.

"Why... Why are you looking at me? You slandered me in front of all the netizens in the country, and you're trying to appear righteous?"

Zhong Qianqian took two more steps back.

The spine-chilling aura that emanated from Zhong Nuannuan was getting more and more overpowering.

"Zhong Qianqian, do you think Chi Yang is the only thing that came between you and me? You don't think you're indebted to me at all?"

Looking at Zhong Nuannuan's clear and sharp gaze, Zhong Qianqian panicked even more.

"What... What do you mean?"

The corners of Zhong Nuannuan's lips curled into a somewhat bewitching smile. This sudden smile took the entire class by storm. Everyone felt that there was something different about Zhong Nuannuan, but they could not pinpoint the exact difference.

"You know very well what I mean."

Zhong Nuannuan was talking about how Jiang Shuwan killed her mother 18 years ago and abandoned her 14 years ago. However, Zhong Qianqian thought that Zhong Nuannuan was talking about her becoming the scapegoat for Zhong Qianqian in Zhou Jinhui's murder.

Zhong Qianqian consoled herself that this matter had already passed and Zhong Nuannuan had no evidence. So, was there to be afraid of?

"I don't know what you're talking about. I don't owe you anything. Zhong Nuannuan, don't beat around the bush. If you don't remove the comment and apologize to me publicly, would you like to bet that I can get the police to arrest you?"

"The police will be here soon. If you want to make a report, you can do it in person."

"Fine, that's what you said. Don't regret it."

After saying that, Zhong Qianqian did not want to argue with Zhong Nuannuan anymore. She felt that standing in front of Zhong Nuannuan was too much pressure.

Zhong Qianqian was currently studying in Ye Mengxi's class. Thus, she returned to her own classroom for the self-study session.

Before the first period started, the police arrived.

It was the two policemen who had taken Zhong Nuannuan away yesterday—a man and a woman.

Following the two police officers were the principal and teacher-in-charge, Teacher Liu.

This ordeal turned out to be depressing to the principal and the class teacher.

It was such a good school. Yet, Zhong Nuan and Zhong Qianqian made everything feel like they were in a crime thriller set. One moment, the police came; the next, the military officers came. It had only been a short while, but there were already three cases of first-degree murder. What a mess.

After what had happened the day before, the two police officers were well aware of Zhong Nuannuan's background. Therefore, they arrived today in a sincerely amicable mood.

They explained that the reason they took Zhong Nuannuan away yesterday was that Ou Mingxi had made a false accusation. They also clarified that Zhong Nuannuan was not the mastermind of the rape. On the contrary, she was also a victim. They then told everyone that the evidence was conclusive and that Ou Mingxi had been arrested. At the same time, they apologized to Zhong Nuannuan for their rash actions yesterday and hoped that she would forgive them.

Although Zhong Nuannuan could not stand the fact that these two police officers had come to the school to put her in her place so that they could curry favor with Ou Chenghe, such things were common in this society. Therefore, as long as they realized their mistakes and eliminated the aftereffects of their actions, Zhong Nuannuan did not intend to pursue the matter.
