Chapter 551: Mastermind

However, just because Zhong Nuannuan did not make a fuss out of this, it did not mean that Zhong Qianqian would sit still.

She had been thoroughly embarrassed online. If she did not make Zhong Nuannuan apologize to her on the internet and resolve the misunderstanding the netizens had on Qianqian, would she not be mocked to death by other wives of the rich after she went to Emperor District?

Therefore, Zhong Qianqian ran to the police in front of all her classmates and reported this.

“So, you will investigate this matter in detail. If you can’t give me a satisfactory answer, I will get the Gu family to personally discuss this matter with you. At that time, I’m afraid you won’t be able to brush me off with a simple slander charge. I’ll get your station chief to personally explain this matter to the Gu family.”

After all, she was already the Gu family’s daughter-in-law—Zhong Qianqian’s tone became arrogant. After all, in a second-tier city like Jiang District, no one could demand more respect than her. She believed that even if the governor stood before her, he would have to be amicable toward her.

However—

Who the hell was the Gu family?

What did it have to do with them?

The two police officers hated people like Zhong Qianqian the most. More importantly, they had just experienced the whole incident with Zhong Nuannuan. Now, another one had come to cause trouble for Zhong Nuannuan. Naturally, the two police officers stood on Zhong Nuannuan’s side.

“Miss, there is no need for you to use your family background to pressure us. We are just low-ranking police officers. We will not be promoted because we helped your family, nor will we be demoted because we did not help you. Therefore, your threat is useless.

“I happen to be proficient in computers. If you don’t mind, I can help you find the person’s ID. If Miss Zhong Nuannuan was the one who did it, you can discuss this and settle it between yourselves. If Miss Zhong Nuannuan wasn’t the one who did it, please apologize to Miss Zhong Nuannuan publicly. Is that okay?”

The male police officer looked at Zhong Qianqian as he spoke but his gaze was on Zhong Nuannuan.

Instead of seeking help from the higher-ups, seeking help from the person who was directly in charge was better.

They were not afraid of the Gu family, but they were afraid of the powerful man behind Zhong Nuannuan. After all, that man's aura was much stronger in front of the governor and the commander-in-chief.

"Okay, as long as she didn't do it, I'll apologize to her immediately."

Of course, Zhong Qianqian refused to believe that it was not Zhong Nuannuan's doing. She just wanted to embarrass Zhong Nuannuan in front of everyone. Of course, she could not ask for more for this to happen.

Therefore, the police officer took out his laptop and logged into Zhong Qianqian's Weibo account. He started to search for the other party's ID using the Weibo account, You're A B*tch.

It was only then that Zhong Nuannuan saw the content posted on Zhong Qianqian's Weibo.

Initially, Zhong Nuannuan had thought that Zhong Qianqian deserved it. However, when she saw the contents posted by You're A B*tch post, she was immediately stunned.

This person was arguing with Zhong Qianqian, and their words made the person sound like an extremely uneducated person. They called Zhong Qianqian a b*tch, and that she would eagerly throw herself at any man who was rich and powerful—she might not even mind getting ridden by thousands of those. However, the further Nuannuan read about it, why did she feel like the person was using her name as a front?

No wonder it made many netizens think that Nuannuan was that You're A B*tch.

She did not mind that someone would use her name to criticize Zhong Qianqian, but to criticize her in such a low and vulgar manner... It irritated Zhong Nuannuan.

Zhong Nuannuan watched as the male police officer worked on the computer. It took him about 20 minutes to finish.

"I got it."

Zhong Qianqian's eyes lit up. "Is it Zhong Nuannuan? Or Chi Yang? Since Zhong Nuannuan has been living with Chi Yang for a long while now."

Initially, she had wanted to take the opportunity to criticize Zhong Nuannuan and make everyone think that Nuannuan had no sense of propriety—she had already been living together with a man even though they were not married. However, after she said that, none of her classmates reacted to that.

Chapter 552: Send Her Flying

"It's not Zhong Nuannuan. According to the ID, it's someone called Ye Mengxi."

Then, the officer turned his laptop around.

The moment they saw Ye Mengxi's ID, their worldview was upturned once again.

After all, Ye Mengxi and Zhong Qianqian used to be famous people in school. Furthermore, they both appeared to be kind-hearted and unbelievably perfect girls.

Who would have expected that after Zhong Qianqian's scandal broke out, Ye Mengxi would be exposed for doing something so dirty?

To be honest, if Zhong Nuannuan was behind this, their classmates would understand the motive. After all, not only was Zhong Qianqian always thinking of snatching Zhong Nuannuan's boyfriend, but she was also the real mastermind behind the hired murder. It was only because of Gu Mingzhe that she was able to get out of the military court.

Therefore, if Zhong Nuannuan wanted to mess with Zhong Qianqian, it was still understandable.

Yet, Ye Mengxi...

Was she not on extremely good terms with Zhong Qianqian? Moreover, Ye Mengxi's mother and Zhong Qianqian's mother were besties, no?

Sure enough, these days, people did not just have to be careful of fire and robbers, they also had to be careful of their besties!

When Zhong Qianqian saw Ye Mengxi's name, she was so angry that her eyes were spitting fire. She was about to rush out of the classroom to argue with Ye Mengxi when Zhong Nuannuan stopped her.

"Zhong Nuannuan, why are you pulling me back?"

Zhong Nuannuan smiled lightly and asked, "Where's your apology?"

Zhong Qianqian glanced at her, clearly not intending to apologize anymore. She broke away from Zhong Nuannuan and scolded, "You're crazy."

After cursing at Zhong Nuannuan, Zhong Qianqian ran away.

Much to her unexpected dismay, Zhong Nuannuan mercilessly tripped Zhong Qianqian's leg and sent her flying as she stepped off the podium.

If it were not for the fact that it was currently winter and she was wearing too many layers of clothes, she would have fallen and hurt herself quite badly.

Zhong Qianqian nearly died from the pain. She glared at Zhong Nuannuan with a pair of eyes that were spitting fire.

"Zhong Nuannuan, you've crossed the line!"

"You're the one who went too far, aren't you? You came looking for trouble so early in the morning, saying that I was trying to slander you, and you even went to the police to report me. You were the one who said in front of the police that as long as they found out that it was not me, you'd apologize to me publicly. I asked you to apologize, and you called me crazy. Which one of us crossed the line?"

"That's right. Do you think you don't need to respect anyone after marrying into a rich family?"

"You still want to be the young mistress of a wealthy family? Be careful not to be kicked out of the house and become a mistress."

"I really don't understand how Gu Mingzhe likes someone like that."

...

The students' gossiping embarrassed Zhong Qianqian extremely. It made her hate Zhong Nuannuan even more.

She swore that once the matter with Selina was resolved, she would make Zhong Nuannuan, the b*tch, disappear forever.

In the world where Zhong Qianqian lived, Zhong Nuannuan must not exist.

Zhong Qianqian got up and was about to leave, but Zhong Nuannuan blocked her again.

"Apologize."

Zhong Qianqian, "...!!!"

After taking a few deep breaths, Zhong Qianqian swallowed her anger and spat fiercely, "I'm sorry!"

"Are you apologizing to me or telling me to kill you? Why do I feel like you're going for the latter?"

"Zhong Nuannuan, don't go overboard. I'm your elder sister!"

"Tsk, ts. I don't even acknowledge your mother. Do you honestly think I'd acknowledge you? Apologize."

To Zhong Nuannuan, Zhong Qianqian was like a living dead person. Why should Zhong Nuannuan spare her any embarrassment?

Zhong Qianqian was rendered speechless by Zhong Nuannuan's words. However, when she saw the look on Zhong Nuannuan's face that implied, 'If you don't apologize properly today, you won't be able to leave the classroom,' she relented.

For some reason, she felt that Zhong Nuannuan was especially scary today.

Chapter 553: Dog Fight

"I'm sorry, I misunderstood you. I thought you were the one slandering me and that's why I accused you. Since it's not you, then forget this happened."

With that, Zhong Qianqian was prepared to leave.

However, Zhong Nuannuan stopped her again.

"That's it?"

"Zhong Nuannuan, don't push your luck!" Zhong Qianqian was about to cry from anger.

“So what if I want to push it? If you think you can make it, then try to get past me! See if I can cripple you.”

Zhong Qianqia was speechless. Internally, she thought, ‘...So what if you’re a buffoon who grew up eating spinach?’

The police officers thought, ‘...Hey, we’re still here!’

Zhong Qianqian was a coward.

In the past, when Zhong Nuannuan was nice to her, she would come up with all sorts of things. However, now that Zhong Nuannuan treated her horribly, Zhong Qianqian surprisingly lost her courage to do anything rash.

“Then, what do you want?”

“Bow three times to me, and this matter is over.”

Zhong Qianqian, “...”

Although Zhong Qianqian felt humiliated by Zhong Nuannuan’s request, when she saw Ye Mengxi frantically running away with her bag through the window, Zhong Qianqian could not care less. After bowing to Zhong Nuannuan thrice, she hurriedly chased after Ye Mengxi.

Just as Ye Mengxi thought that she had escaped, Zhong Qianqian caught up to her just as she reached the field.

“You b*tch! Go ahead and run! Run, you!”

Although Zhong Qianqian was no match for Zhong Nuannuan, it was still easy for her to deal with Ye Mengxi, this weak and fragile two-faced snake.

With a strong push from Zhong Qianqian behind her, Ye Mengxi let out a shriek and fell to the ground. Zhong Qianqian then knelt on one knee on Ye Mengxi’s back, forcefully pinning her to the ground. With one hand, Zhong Qianqian grabbed Ye Mengxi’s hair and pulled her up.

Ye Mengxi’s hair was pulled tightly to the back, and she screamed as she lifted her body backward. Accompanied by her screams were a series of slaps that landed on her face.

“Zhong Qianqian, you’re going overboard! How dare you hit me!”

“Me? Overboard? You registered a smurf account and defamed me online, humiliating me before I even cross the threshold to his household. And you said I’m going overboard? Ye Mengxi, you b*tch, you two-faced snake! You deserve it even if I hit you until you die!”

Ye Mengxi had always had a weak and small constitution. After being hit by Zhong Qianqian’s well-trained hands, she was covered in wounds and was already on the verge of death.

“What? What are you two doing? Let go of Lil Xi now!”

Ye Boyan rushed over after hearing what was going on and pulled Zhong Qianqian away.

Zhong Qianqian's eyes had already turned red from the fight earlier. Now that Ye Boyan pulled her away, he suddenly realized that Ye Mengxi's face had nearly been dug out by her, leaving behind a bloodied face.

"What are you shouting for? Ye Mengxi, that b*tch, registered a smurf account to defame me on the Internet. She said such nasty and vulgar things about me. Are you going to say that she doesn't deserve this? Ye Boyan, I'm already married to Gu Mingzhe. If you dare to touch me today, would you believe me if I say that I'll let the Gu family wipe out the Ye family tomorrow?"

After all, she had the support of the Gu family now. Therefore, when dealing with the snobbish Ye family, Zhong Qianqian still had some confidence.

Ye Boyan looked at his daughter, who was crying while covering her bleeding face, and felt extremely disheartened. After all, he had always wanted Ye Mengxi to learn from Zhong Qianqian and Zhong Nuanuan and marry a man who was richer or more powerful than the Ye family. Now that her face had been dug up to this extent, he wondered if it would leave permanent scars in the future...

However, even though Zhong Qianqian was still a student in Jia Yong, she was no longer someone he could afford to mess with.

After calming himself from his anger, Ye Boyan sounded more composed.

"You've already clawed her to this extent. That should be enough, right?"

Chapter 554: Heavier Price

"Let's not push anyone into a corner here. Although she made a mistake, her crime is not at all unpardonable that she deserves to be disfigured. Can we put this matter behind us now?"

Seeing Ye Mengxi wailing with her hands covering her face, Zhong Qianqian was overwhelmed with satisfaction.

If Slutty Nuannuan could be disfigured like this, how perfect would this world be...

"Alright, then I'll let this matter go for Director Ye's sake. But if Ye Mengxi still dares to plot against me behind my back, I'll make her pay a heavier price!"

With that, Zhong Qianqian turned around and left like a proud peacock.

Looking at her leaving figure, everyone could not help but purse their lips at her.

Among those families that were not in Jiang District—whom Zhong Qianqian's influence had no effects over—there were a few girls who abhorred Zhong Qianqian asked, "Hey, Mrs. Gu, does your Mr. Gu know about your fantastic bouts of arrogance?"

"Mrs. Gu, you're causing trouble everywhere and threatening others. Will you meet another tough nut to crack?"

"Mrs. Gu, has Selina been taken care of?"

“Mrs. Gu, when are you going to do your live-stream? Remember to send us a message when the time comes!”

“Get lost!”

Zhong Qianqian was angered to death by these people.

The expected congratulations, compliments, requests for her autographs, or people begging to ride her tailcoat did not happen at all. On the second day of the wedding, Zhong Qianqian was swarmed with mockery from her classmates. She felt f*cking ridiculous.

After being bullied by her classmates, the first thing Zhong Qianqian wanted to do was to call her husband and cry.

Gu Mingzhe could no longer bear to listen to Zhong Qianqian’s story amidst pitiful sobs. It was only the first day of their marriage, but Gu Mingzhe was already so sick of her. Merely listening to Zhong Qianqian’s voice disgusted him.

“Qianqian, you don’t have to say anything anymore. Leave the Ye family to me. I promise that the Ye family will never exist again. Where are you now?”

“At school.”

“How about this? Why don’t you apply for a long leave and come back to Emperor District with me?”

“Huh?” Zhong Qianqian was confused. “Aren’t we supposed to wait until the end-of-semester exam before going to Emperor District? Is there anything urgent?”

“I have some work to do at my company, but I can’t bear to leave you here alone. I’ll help you apply for leave from your school. After we go to Emperor District, I’ll arrange a school for you there. That way, we won’t have to live separately for a long time.”

Hearing that Gu Mingzhe wanted to bring her because he could not bear to part with her, her bad mood immediately improved.

“Okay, I’ll listen to everything you say, Brother Mingzhe.”

“Okay. Since you’ve been bullied, come back quickly.”

“Okay.”

Zhong Nuannuan, who was sitting by the window, witnessed the scene of Zhong Qianqian hitting Ye Mengxi.

Then, she picked up her phone and did her magic with it. Less than half an hour after Zhong Qianqian left the school, an extremely indecent video played on every LED screen in the school field and on the television in the classroom. It instantly caused an uproar.

In the video, the director of the school board, Ye Boyan, was talking to the Luntanese teacher in Ye Mengxi’s class. At the same time, she was also Ye Mengxi’s younger aunt, Lin Ran, who was madly absorbed in making love with Ye Boyan.

To make things worse, they were making love in Lin Ran's office.

The two of them said horrifying things as they made love.

"Boyan, when are you going to divorce my elder sister? Lil Ran has already grown up. If you don't get a divorce now, how will she get married in the future?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 555: Superfluous Punishment

"Lil Ran is only 13 years old. What are you so anxious for? Haven't I already transferred 25 properties to you? With these 25 properties, what are you afraid of?"

"But if Lil Ran doesn't have a father, she'll end up as everyone's subject of gossip."

"That's enough. Don't keep mentioning Lil Ran when we're doing things like this. Lil Ran is my daughter. How could I ever mistreat her?"

"In any case, you're just biased toward Ye Mengxi. You're a man, too. Can't you see that other than her pretty face, Ye Mengxi is useless? Why would any man with a sense of decency marry such a woman in the future? Rather than marrying her, they might as well find another man to be gay with."

"..."

"Look at our Lil Ran. Even though she is only 13 years old, not only is she beautiful, but she's also in better shape than Ye Mengxi."

"Alright, alright, I got it."

"Give me another year, and I promise to get divorced before Lil Ran turns 15, okay? You have to give me time to move my assets! You understand very well that your sister is not a pushover either. If I do anything too often, she'll notice."

"Okay, that's settled then."

Piak! Ye Boyan slapped Lin Ran's butt, causing the flesh on her butt to tremble.

Although they were born from the same mother, Lin Ran's figure was much better than her sister, Lin Xin's.

Meanwhile, Ye Mengxi had obviously inherited her mother's flatness, but Ye Mengran inherited Lin Ran's impressive figure. She was only 13 years old, but puberty gave her an 18-year-old body.

"You little vixen, how do you keep your body so springy?"

"If I lost that springiness, how would I still be able to keep an ass like you?"

"Yet, with you like this, I'll die in your hands one day. You vixen!"

“Hmph, you belong to me when you’re alive, and you belong to me when you’re dead. That old hag, Lin Xin, keeps bragging to me all day. One day, I’m going to let her know that even if you die, you will be buried with me.”

Piak!

Another slap to the butt.

“What dead or alive? You jinx! Tell me, I’m good at this, aren’t I? Are you satisfied?”

“Yes, I’m most satisfied.”

“That didn’t sound sincere at all! How dare you be insincere to me!”

After saying that, he sped up...

Then, the video ended.

This video was like a huge bomb exploding across the entire campus.

To ensure that Ye Mengxi’s wounds receive treatment as soon as possible, Ye Boyan did not send her to the hospital but brought her to the infirmary.

After leaving the infirmary, the father-and-daughter duo was about to go to the hospital when they received everyone’s finger-pointing.

Directing their gazes toward the source of the commotion, Ye Mengxi saw the shameful scene between her father and her younger aunt playing on the biggest LED screen on the field.

Ye Mengxi could not accept this at all. She screamed and shouted, “Zhong Qianqian, I will kill you—”

Then, she ran away.

Ye Boyan’s face was deathly pale as he watched Ye Mengxi’s figure leave. He hesitated for a moment before running towards the school building where the classrooms were located.

After all, Lin Ran was still there.

If he really had to lose something, he definitely could not afford to lose the little vixen who had charmed him for 14 years.

Zhong Nuannuan happily stowed away the hacking software on her phone and continued to cram.

Ye Mengxi had defamed Zhong Qianqian online. After finding out, Zhong Qianqian did not just disfigure Ye Mengxi’s face, but she also uploaded Ye Boyan’s video onto the school’s website. Zhong Qianqian did that to embarrass Ye Mengxi so much that Ye Mengxi could not see anyone with her head held high in the future.

Chapter 556: Destruction From Tyrannosaurus Rex

Well...

She really wanted to know whether Zhong Qianqian and Ye Mengxi—these two-faced snakes—would continue to keep up their innocent appearances and lie to others when there was nothing left, or whether they would continue to fight each other to death.

Previously, Ye Mengxi had gone behind Zhong Nuannuan's back to seduce her Big Brother Chi Yang. She had even forgotten to settle this score with her. Who would have expected that this woman had the nerve to use Nuannuan's name to send such despicable messages.

Therefore, spreading the video was a little lesson from Zhong Nuannuan to Ye Mengxi.

(Ye Mengxi whose entire life was ruined, '...')

As for why Zhong Nuannuan only released the video half an hour later, it was so that she could frame Zhong Qianqian. This made Ye Mengxi feel that Zhong Qianqian had sent these videos to take revenge on her.

Just as such shocking events were happening at school, a stylish woman dressed like a rich lady came to the Computing Department to see Selina.

However, Selina had nothing to do today. To improve her gaming skills, she stayed at home with Aiden the entire day and did not come out at all. Therefore, the woman did not get to see Selina at all.

On the other hand, Leng Qirui had no idea that Selina had not come to school.

Leng Qirui wanted to avoid being caught by this tyrannosaurus that would come up with all sorts of excuses to go to his house to freeload off his food and drinks, along with his gaming account. As soon as the school bell rang, Young Master Leng snatched up his bag and fled.

Zhong Nuannuan, who wanted to speak to Leng Qirui, "..."

The normally arrogant Young Master Leng did not even dare to get his driver. He discarded his image of a school bully and rushed out of the school in an extremely low-profile manner. He jumped into a taxi and went home quickly.

Only after he reached home that he called the butler and told him that he was home. Leng Qirui also instructed the butler that if he ran into Selina, he would tell her that Leng Qirui would be spending the night at the military base.

After doing all that, finally, Young Master Leng had a relaxing evening to himself.

After happily eating dinner, he remembered that he had promised his teammates that he would fight the ultimate boss today, so he turned on his computer and logged in.

However, when Leng Qirui entered the game, he was stunned.

His name was red!

What did he do?

Why would his name be red?!

At another glance...

F*ck! He actually dropped a level.

At this moment, his world exploded.

[World] JealousPrince: [Wow wow wow wow, what did I just see? Our god is online again!]

[World] RedPlumThousandBlood: [Heyya, are you really going to make Almighty Tempest reforge himself, Almighty?]

[World] CompanyInFallingBlossom: [Oh, ho ho! There's going to be a good show today! I think the Almighty is going to lose to Tempest. After all, Tempest had always been two levels lower than him. Now that they're on the same level, I feel that Tempest will definitely not let go of this opportunity. It's hard to say who will beat who up.]

[World] UnderwearlessSuperman: [Bullsh*t! How can Tempest be compared to our Almighty? Let alone the fact that the Almighty is now on the same level as Tempest. Even if our Almighty has a lower level than Tempest, he can easily defeat Tempest. If you haven't seen how the Almighty works, don't spit all this nonsense.]

[World] CompanyInFallingBlossom: [I only said that because I saw what he did. If he's really powerful, he should still be able to maintain his reputation despite having a red name. How could he drop two levels in such a short time? Are you blind?]

[World] UnderwearlessSuperman: [So many people are bashing our Almighty. If it were you, you probably wouldn't even be able to wear your underpants. Our Almighty has only dropped two levels, so what?]

[World] CompanyInFallingBlossom: [Hehe, a pig-headed fan. I'll sit and wait for your Almighty to be tortured by the Almighty Tempest, then.]

[My Sweet Physician Wife Calls The Shots](#)

Chapter 557: World-shaker

[World] UnderwearlessSuperman: [F*ck, I'm an idiot? You're the idiot, aren't you? I'll bet you ten new types of medicine produced by a max-level Apothecary—if our Almighty loses to Tempest, I'll give these medicines to you. If our Almighty wins, you'll give me ten types instead. How about that? What say you?]

[World] CompanyInFallingBlossom: [I don't have that many herbs, but I can use equipment of equivalent value to exchange with you.]

[World] UnderwearlessSuperman: [Okay, deal.]

[World] LilYellowOne: [Come, come, come, place your bets! Our Almighty versus Tempest, the odds is 1 to 1 if the Almighty wins; it's 1 to 3 if Tempest wins. Hear ye, hear ye! Don't miss out, everyone!!!]

[World] A bet between CompanyInFallingBlossom and UnderwearlessSuperman has been struck.

[World] InfatuationWithoutRegrets: [F*ck! Just how much do you look down on Almighty Tempest? He is at least the second-best player, after all!]

[World] LilYellowOne: [Stop talking! Do you wanna bet or not?]

[World] InfatuationWithoutRegrets: [Why the hell not? It's a waste not to bet! I bet that the Almighty will win!]

[World] PainBalls: [I'm betting that Almighty Tempest will win!]

In an instant, everyone in the World channel was in turmoil. All kinds of heroes came to watch, and some even placed bets.

As the male lead of this whole incident, Leng Qirui looked at the World channel that had exploded the moment he appeared and was dumbstruck.

So... Someone stole his account and used it for a massacre, causing his account name to turn red, and now he was being hunted down?

Who?

Who would do such a crazy thing?

Leng Qirui immediately thought of Selina.

Other than that shameless, thick-skinned Selina—whose hobby was to squeeze him dry—he really, really could not think of anyone else who could do such a despicable thing.

There he was, wondering why she did not approach him today.

It turned out that she had caused such trouble!

At this moment, Leng Qirui was so angry that he had forgotten about Selina's superb fighting ability.

Damnit, he really wanted to take off her pants and spank her!

She was too annoying!

At that point, Leng Qirui made up his mind to do that.

Just as he was about to log out, two people appeared on his screen.

A man and a woman.

The man was the Almighty that they were talking about in the World channel—the second most powerful player in the entire server, UnrulyTempest.

The woman was UnrulyTempest's wife, WishYouASunnyDay. Rumors had it that she was a very beautiful young model.

Initially, Leng Qirui had thought that the woman was there to accompany Unruly Tempest, but the woman unexpectedly exploded into a rage when she saw him.

"Tempest, that's him. See, his name has turned red."

Leng Qirui thought, ‘...What’s going on?’

“When my girlfriend told me about this, I didn’t believe her. Hey, SuperBeech, we’ve always minded our own business. Why did you call my girlfriend a b*tch for no reason? You’d even kill her so many times that she lost all levels?”

Leng Qirui, “...”

Now, he realized that his red name was not because he had gotten into a fight with UnrulyTempest, but because he had gotten into a fight with his girlfriend instead.

So, he insulted Tempest’s girlfriend, and he even made her lose her all levels. That was why they sought him out?

At that moment, Young Master Leng felt that he probably deserved this.

Just as he was thinking about how to compensate the other party, UnrulyTempest grabbed the chance to speak again after receiving no response.

“SuperBeech, I respect you as the number one player in this server. This is why I usually give in to you. Yet, now, your pretentious act actually landed square on my head.”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 558: Cool

UnrulyTempest: [Since you have the guts to act cool in front of me, don’t blame me for putting you down.]

WishYouASunnyDay: [Tempest, why are you still talking to him? This is a motherless bastard. Look at his equipment. One look and I can tell he’s broke. Take out your new equipment. If you don’t kill him today, I’ll delete the game and never come back again.]

At first, Leng Qirui was prepared to apologize and offer them some top-notch equipment.

Eventually, when he saw what WishYouASunnyDay said about him being a motherless bastard, he was instantly enraged.

His mother died early as she was killed by their enemies.

This was an eternal pain for him and his father. Until now, no one had dared to mention this in front of his father.

Now, seeing others bring this up so blatantly... Leng Qirui, who was about to apologize and offer his equipment as compensation, sent his fingers flying across the keyboard. The character named WishYouASunnyDay turned black.

Leng Qirui typed in disdain: [No wonder she called you a b*tch. You are indeed a b*tch.]

[World] UnderwearlessSuperman: [Wow, wow, what am I seeing here? So, the person who killed WishYouASunnyDay was someone else and not the Almighty?]

[World] InfatuationWithoutRegrets: [I knew it! Our Almighty is so pro! How was it possible that he got hunted down so badly and dropped in his level? Turns out it wasn't our Almighty behind it!]

[World] LilYellowOne: [The final battle is about to start. Hurry up and place your bets!]

At that moment, another ruckus took the World channel by storm. Countless netizens ran over to watch the battle.

UnrulyTempest: [Superbeech, how dare you kill my wife in front of me?]

SuperBeech: [Are you sure you want this b*tch to be your wife? I bet she can give you a dozen free sons even before you bed her.]

Leng Qirui's words were extremely heart-wrenching.

WishYouASunnyDay stood up with great difficulty, but before she could say anything, Leng Qirui attacked her again.

WishYouASunnyDay's character darkened again.

WishYouASunnyDay: [...]

She did not even have time to speak!

"You have a death wish!"

UnrulyTempest shouted angrily and charged at SuperBeech.

Very quickly, the two best players in the server started fighting.

In everyone's eyes, they only witnessed waves of dazzling attacks before seeing UnrulyTempest's profile picture turning dark.

The World channel exploded again.

No one had expected SuperBeech to be so powerful. Even though they were at the same level and SuperBeech's equipment was not as good as UnrulyTempest's, he was able to defeat UnrulyTempest effortlessly.

Before everyone managed to lament, a surprising scene unfolded before their eyes.

They saw their Almighty transform and an extremely cool set of equipment appeared on his body.

[World] UnderwearlessSuperman: [What in the world did I just see? I'm going blind!!!]

[World] InfatuationWithoutRegrets: [Wow... F*ck! This equipment is simply... F*ck! This armor alone costs 200 thousand, right? One gem on the armor costs 170 thousand, right? Can someone help me see how many diamonds are on this armor?]

[World] LilYellowOne: [There's no need to count anymore. With max level gems, plus the armor itself, total up to 10.2 million.]

...

The netizens were all shocked.

[World] UnderwearlessSuperman: [Which b*tch said that my Almighty is broke? Come on out! I will use the gems on our Almighty to blind your eyes!]

As he spoke, UnrulyThunder revived. Just as he was about to go offline, his figure was frozen in place. Again, he suffered another excellent kill. Before he could react, his profile picture turned black once more.

Chapter 559: Massacre

WishYouASunnyDay could not stand it anymore. As she just typed: [Wait, I have something to...]

Before she could finish her sentence, she was instantly killed again.

UnrulyTempest revived once again and was defeated again.

Again, he revived and got knocked down. Rinse and repeat.

The netizens felt like they were watching gore. They watched as the second most powerful player in the game, UnrulyTempest, and his wife—who was also his girlfriend in real life—were killed by the number one player in the game. They were killed so quickly that they could not even log out of the game.

Every time they stood up, the Almighty would kill him instantly.

Once he got to his feet after reviving, he would find himself on the ground again.

[World] AbsoluteDeathblade: SuperBeech, I'm UnrulyTempest's real-life friend. Just now, he called me to tell you that he's not someone that a person like you can afford to offend. No matter how rich you are, you still can't compare to him. Therefore, he advises you to stop getting yourself into deeper trouble.]

As soon as he finished speaking, AbsoluteDeathblade felt his vision blur, and his health bar started to decrease rapidly.

[World] AbsoluteDeathblade: [F*ck]

He could only type out those letters before his profile picture turned black.

Initially, SuperBeech merely massacred the UnrulyTempest couple. Eventually, Superbeech ended up massacring the UnrulyTempest couple and his friends.

SuperBeech: [Who else is friends with him here? Those who want to avenge or speak up for him, step forward now.]

The World channel instantly lapsed into silence.

[Come on out, let's talk about that matter of 'getting into trouble.']

The World channel was dead silent.

[Those who are on UnrulyTempest's side and expect him to win, you can all come out here and seek justice for him.]

Those who were betting in [World] disappeared instantly and went offline. If they were so beaten up that they could not log out, that would be terrible.

[UnrulyTempest, you coward. And here I thought how powerful you were. After all, you're the number two player in the whole server. You don't even have a friend who can speak up for you. Do you know why? That's because only dogs can be so cowardly.]

UnrulyTempest was furious. He had finally come back to life, but this time, UnrulyTempest did not even have the mood to fight with SuperBeech. His fingers flew across the keyboard as he utilized another round of death and level-drop to converse with SuperBeech.

[World] UnrulyTempest: [Stop.]

[World] UnrulyTempest: [Kill me again, and believe it or not...]

However, before he could finish his sentence, his portrait turned black again.

After that, UnrulyTempest and WishYouASunnyDay picked up wherever they left off every time they came back to life once.

As for the general meaning, everyone understood them very clearly.

UnrulyTempest meant to say that his elder brother was a mafia boss, and even the police were afraid of him. There was a computer expert in their gang who could easily find out where Leng Qirui lived and all of his family. Therefore, if he did not want his family to suffer because of him, he must stop immediately. Otherwise, UnrulyTempest would let Leng Qirui know that there were people in this world that he could not mess with. In other words, it would not be nice if he lost his family over a game.

However, even after the threat was over, they were still being endlessly massacred.

After hacking at the other party for two whole hours, Leng Qirui's anger was finally vented.

Afterward, everyone in [World] realized that SuperBeech had brought out even more impressive equipment and a mount.

From clothing to weapons to mounts, everyone calculated that the total cost of this set of equipment was about 12 million.

[World] Netizens: [...!!!]

Was this him trying to kill UnrulyTempest and WishYouASunnyDay at a much greater speed to stop them from making noise?

Chapter 560: Forgetting One's Ro

The Almighty was indeed not to be provoked. Otherwise, anyone who dared defy the Almighty might find their hard-earned cultivation flushed down the drain.

Therefore, even though SuperBeech's name was still red, no one dared to kill him or provoke him.

However, in reality, after Leng Qirui fished out his best equipment, he asked his butler, Wen Yi, to help him kill.

After all, he still needed to deal with the initiator of evil.

Selina's house was behind the Leng residence. He had no idea why the daughter of a duke would come to live in an insignificant place like Jiang District. Moreover, she brought him so many catastrophes, of all people.

In short, Leng Qirui planned to vent all of his pent-up anger at her the moment he saw her.

Before he reached the door, he heard an angry and shrill voice telling someone off.

"Selina, take a good look at my face and yours. Do you think anybody's fooled? I'm your mother, and there's no doubt about that! I've taken the initiative to acknowledge you as my daughter; what right do you have to deny me? If I didn't give you life, would you have come to this world and become the duke's adopted daughter? You've forgotten your roots!"

Leng Qirui heard the string of curses and stopped in his tracks.

Leng Qirui frowned at the woman who had scolded Selina.

He knew this woman. Gu Mingyan was the matriarch of the Huang family, a second-tier aristocratic family in Emperor District. The reason behind how the Gu family spread their influence from a lowly Jiang District to Emperor District. It even became a third-tier aristocratic family in Emperor District all thanks to this lady from the Gu family that they were able to climb up the ranks.

Leng Qirui had never associated Gu Mingyan with Selina before, but now that they were facing each other, he realized that although Selina was mixed, her facial features were shockingly similar to Gu Mingyan's if one isolated her facial features.

So, Selina was Gu Mingyan's daughter!

However, Gu Mingyan only had a daughter and a son, right? When did she give birth to Selina? Did the head of the Huang family know that Gu Mingyan had a daughter before she got married?

"I forgot my roots? What's my root? The Huang family? Did you feel guilty at all when you said that? Don't you dare think that I didn't know anything because I was still young then. You thought that my father was poor and that I was a disgrace to you.

"If my dad didn't insist on protecting me—that if you did not give birth to me, he would have gone to sue you, not allowing you to marry that man with the surname Huang. If it's not for that, I'm afraid you would have induced yourself into labor long ago. As for an executioner like you, you're talking about forgetting my roots here? Do you really think I don't know what that means just because I grew up overseas?"

Instead of turning red with anger, Gu Mingyan was glad that Selina said that.

A victorious smile appeared on his face. "So, you're still admitting that you're my daughter, right? I knew you were already five years old then. You already have memories and thoughts. How could you not recognize me?"

"Selina, I didn't break up with your father because he was poor. If I really disliked him because of this, I wouldn't have fallen in love with him at all. I broke up with him because he was evil! If he was a kind-hearted man, he wouldn't have come to me when he knew that I was married. He wouldn't have said bad things about me not wanting to give birth to you and wanting to abort you when he knew that I couldn't afford to raise you.

"I am your mother. Which mother in this world did not love their own children? You are my daughter; the closest person to me in this world. How could I not love you?"
