Chapter 561: Wolf

“Yet, in that situation, your grandfather didn’t allow me to interact with your father anymore. After knowing that I was pregnant, he was even more furious and insisted that I abort you. Tell me, I was a weak woman. What else could I do?”

“Even in such a difficult situation, I insisted on giving birth to you. Although I did not raise you, I gave you your life, didn’t I? Right now, I’m simply asking you to withdraw your revenge on the Gu family. It’s just a small matter, and you’re telling me that you can’t do it. If you’ve not forgotten your roots, then what else can it be?”

Selina actually retained some memories of her mother before she was trafficked at a young age. She simply no idea who her mother was then.

Now that she knew, Selina could only laugh coldly.

She had always felt that the Zhong family was disgusting. It seemed like her family was not any better.

Just as she was about to retort, Leng Qirui could no longer hold it in.

“So, you gave her life, so you can order her around? You gave her life, so she must listen to you when she can finally stand on her own? If she doesn’t listen to you, she’s forgotten her roots. Then, what does it mean when you’d only give birth to your own daughter and abandon her? Does that mean you’re worse than an animal?”

Young Master Leng, who mustered up all his courage to fight Selina, came over only to see a selfish mother as selfish as Gu Mingyan. He could not help but stand in between them.

Seeing Leng Qirui blocking her from Gu Mingyan, a dazed expression appeared on her face as thousands of emotions crossed her mind, mixed up with her nonchalance.

As she could not stand WishYouASunnyDay acting like a b*tch but she could not beat her, she took advantage of Leng Qirui’s school hours today and hacked his account. Then, she killed WishYouASunnyDay until her levels sank into an endless pit.

It was only when the people chasing her came, she realized that she could not beat them anymore. Other than that, she also noticed that Leng Qirui’s fell in his ranks too that she hurriedly logged off.

At the thought of the petty Young Brother Leng’s furious expression—as though someone chopped off his jj¹—when he found out about this, Selina no longer dared to trigger him further.

When she saw Young Brother Leng walk over just now, she thought that he was going to mock her and tease her that it was because she had such a horrible personality that she deserved such a b*tchy mother.

In the end, even though Young Brother Leng was usually a little petty, noisy, and submissive, he was still quite manly at critical moments!

Seeing how Young Brother Leng stood up for her, Selina could not help but let a flirty little smile curl up at the corner of her lips.

Such a domineering little brother! Oh, what would she give to pounce on him right now!

Leng Qirui looked at Gu Mingyan coldly. He let loose of the entirety of his aura, shocking Gu Mingyan so much that for a moment there, she felt guilty and her legs went weak.

What Leng Qirui did not know was that the woman he was protecting behind his back was not some Tyrannosaurus Rex's good friend—but a wolf.

A female wolf of a pervert who had taken a liking to his handsomeness.

Whoever that Gu Mingyan thingamajig was—even though she was standing right in front of Selina—Selina had tossed her out of her mind completely. At that moment, Selina wanted nothing more than to take this innocent Young Brother Leng to her nest and eat him up.

She wondered if the young brother would still like his big boss after getting rejected by said big boss...

To Selina, such a pure and innocent boy who knew how to play games was like a plate of perfectly red braised meat—with the right amount of fat and meat; delicious and succulent.

Leng Qirui felt a chill down his spine, but he did not think much of it.

After all, anyone who met such a mother would definitely exude the kind of chilling anger.

Chapter 562: Abandoned Her Husband And Daughter

Gu Mingyan collected herself. When she finally saw the person in front of him clearly, her eyebrows furrowed deeply into her forehead.

"You're Young Master Leng from the Leng family? Leng Jinpeng's son?"

"That's right."

Receiving Leng Qirui's reply, Gu Mingyan frowned again.

The Leng and the Huang family were both second-tier families in Emperor District. Originally, their strengths were about the same. However, an instructor for the special forces, Leng Jinpeng, was born in the Leng family. He relied on his abilities to hold important positions in the military base.

Although there were political figures from the Huang family in Emperor District too, none could compare to Leng Jinpeng.

Therefore, in front of Leng Qirui, Gu Mingyan's imposing aura was instantly diminished.

However, the fact that Leng Qirui was so protective of her own daughter meant that he had taken a liking to her. It made her happy because that meant she would be able to obtain help from the Leng family. She also felt more confident now.

"I'm not sure who are you to her to say that. If you're saying that as the young master of the Leng family, then I have no comment. If you're saying that as Selina's friend, then let me ask you, is this how the Leng family teaches you to talk to your elders? Don't you know that I'm Selina's mother?"

In the Leng family, Leng Qirui was the devil incarnate. He was the darling of his grandparents whom no one could control. He was not someone a mere mistress of the Huang family could scare into submission.

Not to mention that he and Selina were not even friends yet. Even if they were, he would not show any respect to such an elder like her.

"Selina doesn't even want to acknowledge you. Even if she did, do you think someone like you is worthy of me treating you as an elder? What right do you have to make noise here as someone who abandoned her husband and daughter?"

Gu Mingyan, "...!!!"

She did not expect Leng Qirui to disregard her of the most basic respect. Hearing his words, Gu Mingyan was now angry at him too.

"Young Master Leng, the Huang and Leng family are both second-tier noble families. I hope you can be more polite when you speak. Otherwise, when we meet again in the future, the Huang family and the Leng family will lose face."

"If you treat Selina like this, I won't even let you off right now, what more in the future. You're just a second-tier family that barely made it. How shameless can you be? When hasn't your husband bow to the members of the Leng family every time he sees us?"

"You...!!!"

Since she rarely received insults like this, Gu Mingyan was so pissed off, especially since someone young insulted her. However, she could not do anything to Leng Qirui. Therefore, she could only vent her anger on Selina.

"Selina, look at the kind of friends you've made. As your mother, let me tell you, not everyone from these noble families has manners. You're from a noble family in Luntan too, so you should have some understanding of these things.

"Now that you're back, it's a good thing that your mother is also a wife of a second-tier noble family. There are many single young men with talents that I can introduce to you. When do you think you're coming home? I'll introduce you to talented young men from wealthy families in Emperor District. Oh, and your grandparents miss you too. It's perfect timing for me to bring you back to acknowledge your ancestral family.

"By the way, stop going to school, okay? Speaking of which... What were you thinking? You're the precious daughter of the Duke of Luntan. Even if you've come to Camino, you should study in Emperor

District. Why did you come to Jiang District to study in a university located so remotely? Honestly, what were you thinking?”

Leng Qirui could not stand it anymore. He snorted, “Mrs. Huang, you’re really thick-skinned, aren’t you? Did Selina say that she wanted you to be her mother?”

Chapter 563: Attack

“You’ve never cared for her, so why are you criticizing her life choices? Also, didn’t your old man and his wife abhor Selina and insist that you abort her? Weren’t they unwilling to raise her even after she was born? Then, what justifies them wanting Selina to return to the family now that she’s the duke’s adopted daughter? They even claim to miss her... For you to be so shameless, do all of you seriously think that the most detestable people are the most invincible?”

“Young Master Leng! Don’t think that just because you’re from the Leng family... Argh— Selina, how dare you hit me? I’m your mother! How could you treat your biological mother like this? You’re simply—”

Gu Mingyan was speaking in a haughty manner befitting an elder. Yet, Selina, who was blocked by Leng Qirui, was already boiling with rage. Now that her mind was focused on making this cute and arrogant Young Brother Leng hers, how could she tolerate Gu Mingyan sprouting nonsense before her?

If it was not for the fact that Big Boss wanted to play the Zhong Family to death that he gave them more time to bounce around, she would have long exterminated them if she bumped into such a person. Otherwise, why would she give them time to sprout nonsense like this?

Therefore, to Gu Mingyan, even if she was really Selina’s biological mother, she could not be Selina’s family simply because Selina refused to acknowledge her.

How dare she caused such a ruckus if she was not Selina’s family? After enjoying Young Brother Leng’s protection, Selina punched Gu Mingyan’s nose without hesitation.

This punch was neither light nor heavy—It was not powerful enough to knock her out but enough to make her spin around in pain. That would teach her to remember.

She thought that the woman would shut up after one punch, but Gu Mingyan still wanted to continue talking all that nonsense about how Selina was her daughter et cetera after sitting on the ground. Thus, Selina walked up to Gu Mingyan and lifted the back of Gu Mingyan’s legs with one hand. Selina lifted Gu Mingyan effortlessly as though she was lugging a chicken.

Gu Mingyan was wearing a dress that looked very fairy-like. After all, Gu Mingyan was beautiful and maintained her looks well. Even though she was in her forties, she still looked like a fairy-like elder sister to many.

Yet, being carried upside down like this...

Leng Qirui covered his eyes.

Everyone could see her white underwear, oh lord!

Selina was holding Gu Mingyan by one foot. Since Selina could not be bothered with Gu Mingyan's feelings, she lifted Gu Mingyan so high up that Gu Mingyan kept scraping the ground with her head and chest.

Gu Mingyan could only scream with all her might as she used her hands to support herself on the ground, preventing her face from being scratched.

Even so, due to Selina's walking speed, Gu Mingyan's chin, neck, and chest were injured to varying degrees from the friction and impact.

Gu Mingyan's shout was heard by the driver of the Huang Family, who ran over in a hurry. When he saw the madam of the house being picked up by Selina like trash, he had an impending sense of doom.

"How dare you! Put the madam down this instant!"

The driver was used to abusing the power of the Huang family. Therefore, he charged at Selina while barking orders at her.

However, while looking cool in his charge, a long leg kicked him when he was about half a meter away from Selina.

Selina's kick was not fast at all, and the driver saw it coming clearly. He even reacted by reaching out a hand to grab Selina's foot, ready to avenge Madam.

Although this was Madam's biological daughter, she had been abandoned years ago. Therefore, the driver had no qualms about attacking Selina.

Chapter 564: The Tragic Tale of Mrs. Huang

At that moment, all he could think about was taking revenge for Mrs. Huang. He wanted to lift the girl's feet and parade her around the neighborhood twice.

Who knew—

When the driver's hand came into contact with Selina's flying leg, he felt an unstoppable force.

Then, her leg flung his hand away and landed on his face. With the sharp pain on his face, the driver felt like he was staring into the night sky before he even looked up.

With a dizzying 360-degree turn and a dull thud, the driver was sent flying into the trash can five meters away. Like a football, he was unhesitatingly kicked into the goal post.

Clang—

After receiving the football at a great force, the lid closed.

Leng Qirui, "..."

“Ah—”

Gu Mingyan screamed in fright.

“Selina, put me down! If you dare hurt me, you’ll be struck by lightning!”

Initially, she had planned to drag Gu Mingyan to the trash bin before throwing her away. However, after being scolded by her like this, Selina no longer wanted to walk that extra five meters.

With a burst of force from Selina’s hand, Gu Mingyan was thrown out mercilessly.

“Ah—”

With a tragic scream, Gu Mingyan was shot like a basketball—a perfect three-pointer.

Bang!

Gu Mingyan, who had been thrown into the rubbish bin, landed head first. One of her legs was still hanging on the edge of the trash bin. She did not stir for the longest time.

Leng Qirui, “...”

He gaped at Selina, who was as strong as Zhong Nuannuan. All of a sudden, he did not feel like he was wronged when he got caught and beaten up in the woods that day.

As expected of Tyrannosaurus Rex’s friend.

So OP!!!

Suddenly, a man pushed open the door and a handsome man leaned against it.

Was this Selina’s brother?

Leng Qirui felt a little guilty when he saw this man.

He did not even know where this sense of guilt came from.

He thought the man was going to say something, but he bent down and dragged out an unimaginable amount of trash from behind the door.

He dragged the trash all the way to the trash bin. Then, he opened the trash bag and dumped all the trash inside.

This included soup with strands of instant noodles, rotten vegetable leaves mixed with raw eggs, and...
Ahem, indescribable things.

Since Gu Mingyan fainted from the fright, she regained consciousness very quickly.

However, as soon as she woke up, she moved and straightened her body. Her hands moved to the edge of the trash can and she was ready to stand up, only to receive a shower of more trash from above her.

“Argh—

Gu Mingyan once again let out an extremely tragic scream. She did not faint even after the trash had been dumped.

Just as she was about to curse, a handsome foreign man appeared beside the rubbish bin. Gu Mingyan was delighted and wanted to ask for help.

Unexpectedly, the handsome foreign man reached out to grab the lid of the trash can and slammed it shut.

Bang! He covered the trash can.

The lid that he forcefully smashed onto the trash can landed on Gu Mingyan's hand.

Gu Mingyan screamed in pain. When she pulled her hand back forcefully, she realized that her fingers had already gone limp—they were broken.

The worst had yet to come.

What was worst was that after the trash can was forcefully shut, it was kicked over violently and rolled on the ground continuously.

Gu Mingyan did not know how long the trash can had been rolling for. Then, she felt a strong force lift her up and throw her down heavily. Initially, she thought that she would be crushed to death, but it was soft beneath her. It was not painful at all.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 565: Rough and Straightforward

After a long time, when Gu Mingyan's throat was about to explode from all the shouting, a strong force lifted the trash before crashing down heavily.

Losing track of time, as Gu Mingyan felt like she was about to die from the horrible stench, someone finally removed the lid of the trash can.

After that, an overwhelming stench came wafting into her nose. Her driver pulled Gu Mingyan up.

Looking at the endless trails of trash, it finally dawned on her that they had been taken to the dump.

The person who treated her like this was none other than her biological daughter.

"Did you see that? When dealing with a b*tch, you should be rough and straight forward. There's no need to keep talking to her. If talking was useful, she would not turn out to be such a b*tch in the first place."

Leng Qirui, "...!!!"

He had been scolded.

So, what was he here for?

Recalling his purpose, Leng Qirui snapped out of his trance and shouted, "Selina, you're too much! You stole my account and used it to kill people! You even caused me to drop two levels! If you're so good, why didn't you use your own account to kill people?"

In the face of Leng Qirui's fury, Selina reciprocated with a pitiful look. She was no longer as domineering as she had been when she was dealing with her mother.

The words 'Young Brother, I'm sorry' were written all over her bewitching face, implying that Leng Qirui was permitted to bash her head, slap her, and give her a beating.

After telling her off, Leng Qirui felt so good. Until the moment he started to feel embarrassed for himself, he stopped talking. Something was off here.

Damn, that was not how the Tyrannosaurus Rex usually acted!

Why did she suddenly become so gentle?

Leng Qirui felt a chill run down his spine when he saw Selina acting like a demure little housewife.

"Young Brother Leng, I know I was wrong. I'm sorry, I'm sorry!"

As she spoke, Selina had already walked to Leng Qirui's side and held his arm.

In that instant, Leng Qirui felt at least 6,000 goosebumps rise all over his body, including his scalp.

"Uh, well... If you know you're wrong, then I'll forget about it. You're not allowed to use my account anymore. Anyway, since nothing is going on with you anymore, I'm leaving."

Leng Qirui was about to remove his arm from Selina's arm while simultaneously avoiding her chest that he was not very sure if he had accidentally touched.

Yet, Selina felt Leng Qirui's attempt, and her grip on his arm tightened even more. It was so tight that nearly her entire body was against his.

Feeling something soft against his arm, Leng Qirui's face instantly turned red.

This woman has no shame at all. Could she not respect the fact that there were differences between men and women?

How could she squeeze his arm with her murder weapons¹?

"Young Brother Leng, you rarely make this trip over to our place. Don't you wanna come in?" Selina begged.

Aiden walked over after dumping the trash and arrived less than 20 centimeters away from Leng Qirui.

Seeing that they were about to crash into each other, Leng Qirui was so scared that he wanted to raise his hands in surrender and tell Aiden that he and Selina were innocent.

Before he could start, her brother's arm was already on Leng Qirui's shoulder.

"Leng Qirui, right? I'm Aiden, Selina's brother. Selina has mentioned you before, and I wanted Selina to invite you to our house as a guest. Since you're already here today, don't go back."

With that, he led Leng Qirui inside.

'Don't go back???'

Leng Qirui shuddered.

Looking at the huge five-story villa before him, why did it feel like this was the lair of a spider spirit?

Chapter 566: Scared

Meanwhile, he was the fair and tender Tang Sanzhang[1].

If he went in today, he would have been gotten cleaned to his bones.

Seeing how nervous Leng Qirui was, Selina pushed Aiden.

“Go away, don’t scare my fam, my Young Brother Leng, away.”

She did not just fail in pushing Aiden away. Instead, Selina’s push propelled Aiden even closer to Leng Qirui.

“What fam? Isn’t your family my family? That means your Young Brother Leng is also my Young Brother Leng, right?”

With that, Aiden winked at Leng Qirui with his flirty eyes shaped like peach blossoms petals.

Oh, Leng Qirui’s heart...

The instant horror he felt tore him apart like falling petals from a flower.

F*ck!

What were these siblings up to?

Why did he feel that not only was there a female vixen eyeing him covetously, but also a male vixen doing the exact same thing?

Did he make a mistake?

Definitely!

“No... No... There’s really no need!”

Leng Qirui had never been so afraid in his life. At this moment, he felt his anus tighten.

Seeing Leng Qirui’s discomfort, Selina was infuriated by Aiden, this idiotic teammate of hers. She slapped his hand away from Leng Qirui’s shoulder.

“What do you mean my family is your family? Don’t talk nonsense. You’ll scare Young Master Leng.”

“...” Leng Qirui was speechless.

He was already scared, okay? What was going on? This man should have made ugly faces the moment he saw Leng Qirui, like any brother-in-law would, should he not?

Urk, this was not how an older brother should behave when he saw his sister bringing a boy home! No matter what the relationship between the boy and his sister was, Aiden should not be like this, right?

Aiden looked at Leng Qirui with a fawning smile on his face.

“Young Master Leng, make yourself at home. My sister and I are the only ones at home right now. Since I heard my younger sister talk about you in the past, I’ve been really excited to get to know you. Since you’re already at my doorstep today, you should go in and sit for a while.”

“Yeah, Young Brother Leng, come over to my place and sit for a while!”

Selina held Leng Qirui’s arm with both hands, showing no intention of letting go.

Just like that—forced to walk by Selina’s murder weapons—Leng Qirui entered the largest mansion in the district while trembling in fear.

True to his words, Selina and Aiden were the only ones in the mansion.

However, even Leng Qirui, who was born in a rich family, was shocked when he saw the army of 20 chefs.

This...

This was too much, was it not?

Moreover, they were all foreign chefs.

“These... Could they be from overseas?”

Selina nodded matter-of-factly. “Yeah. I was afraid that I wouldn’t get used to the food here, so I brought some chefs over.”

Leng Qirui thought, ‘...some? Just how many are there? There are a few dozens of them!’

However, as the young master from a second-tier super-rich family, Young Master Leng was also someone who knew how to react accordingly.

After enjoying the black truffle beverage that the chef made, Leng Qirui announced that he was going back.

“Hey, hey, hey, don’t be in such a hurry. I even asked them to make Kobe beef. The beef was only flown over from Yamato this afternoon. I’ll get them to make it for you right away.” Aiden was more anxious than Selina, afraid that Leng Qirui would leave just like that. It was not easy for him to meet a living Almighty.

“No need, I’ve already had dinner.”

Selina and Eden said in unison, “It’s supper!”

Finally, Leng Qirui could not take it anymore.

“What do you guys want?”

Selina had just done something bad today and was too embarrassed to say anything. In the end, it was Aiden who spoke...

My Sweet Physician Wife Calls The Shots

Chapter 567: Get Ben

"It's like this... Previously, Selina boasted in front of her friends, saying that she was going to beat up our enemies tonight. But that group of people was too strong, and we couldn't beat them at all. Originally, she was going to look for you today and ask you to help us through the ordeal but she bumped into WishYouASunnyDay in the afternoon. Since she had a grudge against that woman, she couldn't help but use your account to kill her 18 times, turning your name red."

Leng Qirui finally knew what the siblings were up to.

"What's wrong with that? As long as you're not afraid that I'll attract other people to come after you because of my red name, that's fine."

"Of course not! We're not scared!" Selina responded obsequiously.

"At most, we'll just start leveling up again. It's no big deal. As long as you take care of those few, I don't mind getting killed by someone else." Aiden was very happy that he could finally form a team with the Almighty for his kills.

Even if the Almighty merely gave him a glimpse of his technique, Aiden would be glad, not to mention being able to actually befriend the Almighty.

Big Boss had always said that he and Selina would die in the game due to their stupidity. However, Aiden still retained his opinion that Big Boss would not understand.

The game world was as exciting as the mercenary world.

The difference was that they were already the creme de la creme in the mercenary world. To be bossing around in the game world, they were still as useless as dried shrimp no matter how diligent they were.

Unconvinced that they would fail, the duo intended to break through all the obstacles and stand at the peak of the gaming world. Previously, they were troubled by the fact that no one could carry them. Yet now, not only did they find someone, they found the number one Almighty in the entire server. In an instant, Aiden and Selina felt as though they had seen their shining light of beacon—their Big Boss. Oh, how they revered Leng Qirui.

Just like that, Leng Qirui's honor prompted him to stay under Selina and Aiden's request. Not only did he help them finish off their opponents, but he also led them on a rampage in the world.

After all, Leng Qirui's battle with UnrulyTempest had caused a huge uproar in the World channel today.

That was why when Aiden and Selina joined Leng Qirui online that night, they had the full experience of being respected by the whole world while no one dared to kill them.

Leng Qirui stayed long into the night and wanted to leave. The two sycophants, Aiden and Selina, were ready to send Young Master Leng off.

Aiden asked, "Almighty, are you dating Selina?"

Selina answered, “Not yet. Didn’t I tell you that we’re still getting to know each other?”

Leng Qirui was dumbfounded.

When did this happen? How could he not know? It felt like they were talking about someone else...

Just as he was about to speak, Aiden’s handsome face inched over.

Leng Qirui had often felt that he was doing alright at the height of 183. However, when faced with the 190cm Aiden, he felt like a miserable quail.

He instinctively shrank, but Aiden inched closer than before.

Just as Leng Qirui thought that their lips were about to touch, the other party stopped in his tracks. His handsome face was huge in front of him, and this man—who had always known to be pleasing to the eye—said something deranged.

“While you’re considering Selina, please consider me too. I know that love between men is gaining popularity in your country recently. Even though I’m straight and I still like women, I feel like I’m ready to cross over to the other side after hanging out with you. So, if it’s you, I can put our gender aside. As long as you’re willing to accept me, I’m willing to get bent for you.”

Leng Qirui, “...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 568: Rip-off Chi Yang

Aiden might not mind, but Leng Qirui minded that a lot, for God’s sake!

Leng Qirui was scared out of his wits. He was about to say something when Selina spoke first.

“Shoo, shoo, shoo. My Young Brother Leng is obviously a straight man. How could he be bent by you? You’re such a shameless person. Just because you want to play games with Young Brother Leng, you’re trying to make him yours. How can you be so shameless, so despicable? Right, Young Brother Leng?”

Leng Qirui threw Selina a mechanical glance and suddenly felt that this Tyrannosaurus Rex was much better than Aiden.

If he had to choose, he would 100% choose Selina, no doubt about that.

However, Aiden possessed a dignified sense of superiority. Although Leng Qirui did not know what, his sixth sense told him not to offend Aiden.

Leng Qirui laughed dryly. He had never rejected a man before.

Just as he was trying to figure out how to speak without offending anyone, and how to nip this creepy thing in the bud, the doorbell rang.

The butler opened the door. Outside the door, Ye Hai—who had gone away for a long while—appeared at the door fully clad in his military attire. He stood in the same posture that Chi Yang usually had when he was relaxed.

Aiden and Selina did not feel that anything was off when they saw Ye Hai, but Leng Qirui felt like vomiting.

Ye Hai had admired Chi Yang since he was young and liked to imitate Chi Yang in everything he did.

He imitating Chi Yang's choice of words and actions, along with Chi Yang's sense of superiority. This f*cker even imitated his speech and standing postures.

It was disgusting to the core.

Most importantly, Chi Yang was also Leng Qirui's idol.

Yet, Ye Hai was the person who disgusted him the most in the whole world.

According to the butler, Leng Qirui had gotten entangled by a rich lady recently. The lady even lived behind the Leng residence—in the largest villa in the district with the best Fengshui.

Initially, Ye Hai was just here to take a look. If he liked the lady, he would snatch her from Leng Qirui.

However, the moment Ye Hai saw Selina, he could not take his eyes off her.

When he had first met Zhong Nuannuan, he had already been stunned by her beauty. He felt that there would never be another woman in his life who could make him feel more at ease than Zhong Nuannuan.

Unfortunately, Zhong Nuannuan was Chi Yang's woman. If there was one person in the world who he would never provoke, that would be Chi Yang. Therefore, even though she was stunning, he suppressed the fondness in his heart.

However, as for Selina—someone close to Leng Qirui—Ye Hai did not have any psychological barriers.

After all, he had loved to steal from Leng Qirui since he was young, and he had done it many times.

Therefore, the moment he saw Selina, he did not bother hiding the admiration and amazement in his eyes.

"Why are you here? Who asked you to come here?" Leng Qirui felt disgusted and angry when he saw Ye Hai looking at Selina. He was clearly a straightforward and easy-going person, but because of Ye Hai, he instantly became a porcupine.

Ye Hai had always ignored Leng Qirui's anger.

There was still sadness in his heart. He had a feeling that ever since Zhong Nuannuan appeared, his father was no longer as close to him. This time around, he had even sent him out for such a long period of time. At the same time, he was not allowed to score any form of contribution.

Therefore, Ye Hai was prepared to snatch what he deserved from Leng Qirui at double the rate.

Ye Hai smiled warmly.

Ye Hai was not ugly to begin with, and his height was basically the same as Leng Qirui's. Coupled with the military attire that embodied steadiness, responsibility, and trust, Ye Hai looked really eye-catching at that moment.

My Sweet Physician Wife Calls The Shots

Chapter 569: Rich Family

“Lil Rui, I haven’t seen you in such a long time. When I returned home after my mission, I rushed over as soon as I heard that you’re visiting the neighbor. Don’t you miss me at all? You don’t feel welcome at my return at all?”

“Ye Hai, that’s enough! You’re disgusting, you know that, right? Do you know that you’re making me nauseous?”

Ye Hai ignored the angry Leng Qirui. The angrier Leng Qirui got, the more mature and gentle Ye Hai would look. Any woman would fall for Ye Hai and give up on Leng Qirui.

Therefore, Ye Hai gave Selina an apologetic smile.

“I’m sorry, my younger brother is a little impatient, but he has a good character. Oh, I haven’t introduced myself yet. I’m Ye Hai, Lil Rui’s elder brother.”

With such display of his horrible temper, how good could his character be?

Most people would agree, right?

Yet, who did Ye Hai think Selina and Aiden were?

Even though they were idiots in the gaming world, that did not mean they were idiots in the real world!

In front of them, Ye Hai’s tricks were so amateur that even children could do it.

To support the Almighty, Selina was the first to trouble Ye Hai.

Coincidentally, she was just worrying that it would be difficult for her to woo Young Brother Leng—afraid that he would rather die than give in—that he would reject her. Even though this possibility became very small after she claimed that she would beat him up, she still did not want to lose such a great opportunity to pursue the Almighty. Therefore, when would be a better time than now for her to make her move?

Selina grabbed Leng Qirui’s arm and leaned her head on his shoulder lovingly. Seeing her flirty yet coy demeanor, Ye Hai was so jealous that his heart raced.

“Right? I think so too! I just like Young Master Leng’s character. Also, I don’t think he’s impatient at all. He’s opinionated. If a person doesn’t even basic opinions, what kind of principles do you think they’d have? What’s the difference between them and trash, then? Am I right, Young Master Leng’s elder brother?”

Ye Hai smiled.

Was she talking about him?

There was no way she was talking about him, right?

“Your name is Selina, right? I heard from the butler that you and Lil Rui are studying in the same school. One could not help but wonder the nature of your father’s metier?”

Afraid that Selina would misunderstand him, Ye Hai smiled and continued to backstab Leng Qirui with his gentle smile—

“Please don’t misunderstand me. It’s mainly because my grandparents are from a second-tier wealthy family in Emperor District. They want Lil Rui to marry a girl from a wealthy family of equal social status in the future. After all, they only have Lil Rui as their only paternal grandson for now. The rest of them are grandchildren from their daughters, so they inevitably expect more from him.”

Meanwhile, it was totally different for him. Ye Hai was adopted. Even though his grandparents treated him well on the surface, he knew that he was still an outsider. That was why his grandparents did not require him to find someone with good qualities. In fact, deep down in their hearts, they probably never wanted him to find someone good. This was to prevent Ye Hai’s future glory from overshadowing Leng Qirui’s.

At a glance, Selina must be from a rather good family, in addition to the fact that she was from a foreign country. If he could date such a woman—not only was she beautiful, have a good figure, and pleasing to the eyes—she might even be of help to him.

Therefore, in Ye Hai’s eyes, Selina was simply someone from a family beneath a second-tier rich family, but silly, naive, rich, and easy-game for him

However—

Selina smiled and leaned closer to Leng Qirui.

“Is that so? That’s great. My father also wants me to find someone of equal social status. Although Young Master Leng’s status is... vastly different from mine, my father will definitely support the two of us on account that he’s from a second-tier rich family.”

Chapter 570: Prey

Ye Hai, who thought that Selina was just a rich girl from abroad, was stunned.

“You... You are...”

Just as Ye Hai was about to ask them who they were, Aiden interjected, “That’s right. With your status, it’s sufficient for you to marry into the Leng family of Emperor District. Moreover, you’re marrying into a family of lower prestige. I’m sure the in-laws in the Leng family will treat you well.”

Ye Hai’s attention was completely on Selina the entire time just now. He had thought that everyone else was either Selina’s butler or chef, but it was only now that he began to size up Aiden.

Ye Hai’s eyes almost popped out of his head when he took a closer look. His eyes widened greatly and said excitedly, “Are you Mr. Aiden, the vice president of Tianheng Holdings?”

“Yes, I am.”

“Then... Selina is...”

“She’s my younger sister.”

“Is she your biological sister?”

“Adopted. She’s Duke Eton’s daughter, I’m not.”

Ye Hai widened his eyes at Aiden again.

“May I ask if the Duke Eton you’re talking about is the Duke Eton, the richest man in Luntan?”

Leng Qirui was in a daze too. No wonder Aiden was not acting like a brother-in-law— God no, like an elder brother. He even wanted to snatch a man from his younger sister. After all this time, they were not even related by blood!

“That’s right.” Aiden’s lips curled into a teasing smile. “It seems you’re quite well-informed.”

Ye Hai suppressed the shock in his heart, along with his determination to win Selina over. He returned to his scholarly and calm state.

He thought that no one could detect his shock at this moment. Little did he know that Aiden and Selina were watching him like he was a clown.

“Mr. Aiden is one of the top ten most eligible bachelors in the world. Your photos and updates on your activities are on the cover of online or international business magazines every few days. It’s hard for me not to know! As for Duke Eton, only the daughter of Duke Eton of Luntan is worthy of getting acknowledged as your sister, Mr. Aiden. I didn’t expect to meet such noble guests like you and Selina. It’s such an honor.”

“What kind of dumb honor you’re crapping about just because she’s Duke Eton’s daughter? You can’t be targeting Selina, can you? Ye Hai, you have to know your limits. I advise you to put away your dirty thoughts as soon as possible. Otherwise, if you get slapped in the face, not only will you ruin your reputation in Emperor District, but you’ll also lose your reputation overseas.” Leng Qirui mercilessly showered Ye Hai with metaphorical slaps to the face.

As Leng Qirui saw through him, Ye Hai’s face turned red when he heard that.

Selina joined in with her godly force. “Don’t fall for me. I have someone I like.”

Seeing Selina holding Leng Qirui’s arm tightly, Ye Hai’s pupils constricted in anger.

How he hated this!

If his father had not sacrificed himself to save Leng Jinpeng, he would have been the current commander-in-chief at the military base.

He was living under someone else’s roof. Although his skills were obviously much better than Leng Qirui’s, everyone’s first thoughts would go to Leng Qirui whenever there was anything good.

Today, he had finally met such an outstanding and attractive girl, and because of Leng Qirui's identity, she had abandoned Ye Hai, Leng Qirui's military brother. She and chose him, Young Master Leng, who had nothing but status.

At that moment, Ye Hai thought about how unfair everything was. He swore to himself that he would make Selina his no matter what.
