Chapter 601: (Part Five) Indifference

After all, his Nuannuan used to care so much about her family. To blend into that family, she gave in to Zhong Qianqian all the time even though she clearly did not like Zhong Qianqian. Seeing her like that made his heart ache so much.

Nuannuan only changed after her release from prison because the prison guards bullied her. However, he had immediately sent his men to watch over Nuannuan in the first place, reducing the damage she suffered.

Therefore, where did this frightening indifference of hers come from?

Whenever he thought about his family—that person he called his mother—he loved her so much back then, and yet, he hated her so much after that. Later, when he had completely let go of this person, forgetting her, that he no longer love or hate her anymore. Only then would he possess this indifference toward her.

However, he had been through so much during that time that he could not even hate the woman. This experience was undoubtedly painful.

Looking at Nuannuan, although he did not know what she experienced, his heart ached for her.

“Nuannuan, I found out something.”

Since Nuannuan reached this extent in her indifference toward the Zhong family and her biological father, he felt that there were some things that he should say.

“What is it?”

“You said that Prison Guard Wang bullied you, so I asked someone to investigate her right away. She and a few of her relatives had a total of one million yuan in their accounts when you were in prison. I checked out their ID and addresses, and the person who transferred the money to her was Jiang Shuwan.

“Therefore, I asked someone to take Jiang Shuwan’s hair and your hair for a DNA test. The result shows that you’re not her biological daughter, and Zhong Qianqian isn’t her biological daughter either.

“Rumors have it that Zhong Qianqian is the daughter of Zhong Kuijun and his ex-wife, Pu Yu. Pu Yu left a large amount of inheritance for his daughter, which is the current Cloud Group. Therefore, I’m guessing that you’re Pu Yu’s real daughter. As for Zhong Qianqian, she was probably a puppet that Jiang Shuwan put in place.

“Since I’ve just investigated Cloud Group thoroughly, I just asked Ning Wenhao to send Zhong Qianqian and Zhong Kuijun’s DNA test report to the military base’s hospital this afternoon. The results will only be out tomorrow. However, I feel that Zhong Qianqian and Zhong Kuijun shouldn’t be related. Even if they’re related, she should only be Zhong Kuijun’s relative.

"I heard that Pu Yu left a blood sample before she died, but her inheritance executor team is in S Country. I'm still in contact with them. I'll be able to get Pu Yu's blood sample in three days at most."

"Then... Is Prison Guard Wang under your control?"

Chi Yang was stunned. He did not expect his wife to ask about Prison Guard Wang after hearing so much about her family background.

"Yes, I've already gotten someone to lock her up secretly. I'm prepared to help you vent your anger."

"Big Brother Chi Yang, you're the best!"

At that time, Zhong Nuannuan asked Selina to kidnap Prison Guard Wang only to discover that she went missing. It turned out that she had really fallen into Chi Yang's control. Zhong Nuannuan was very grateful that her Big Brother Chi Yang had done so much for her unknowingly.

Seeing that his wife had nothing else to talk about other than Prison Guard Wang, Chi Yang's eyes instantly darkened. He asked with a heartache, "Girl, you... already know about this?"

Zhong Nuannuan nodded. "So, you don't have to get Pu Yu's blood sample anymore."

"Is Pu Yu really your mother?"

"Mmhmm."

Then, Zhong Nuannuan told him all about how her mother asked Zhong Kuijun for help when she was getting hunted down. However, Zhong Kuijun raped her mother instead...

Chapter 602: (Part Six) You Are Enough

Zhong Nuannuan's mother got pregnant and got married to him. However, he colluded with his wife, Jiang Shuwan, who he married in the countryside and killed her mother. He treated Zhong Nuannuan well in the beginning, but her bone marrow was forcibly removed after Zhong Qianqian got leukemia. That gave Zhong Qianqian and Zhong Nuannuan the same blood stem cells and the same DNA. In the end, she was abandoned when she was three years old. Zhong Nuannuan told Chi Yang everything.

Chi Yang's expression darkened to an extent that he clenched his fists tightly. Everyone could hear the cracking sounds from his fists.

If Zhong Kuijun and Jiang Shuwan were here, Zhong Nuannuan did not doubt that Chi Yang would kick them down from the sixth floor.

"Big Brother Chi Yang..."

Zhong Nuannuan held Chi Yang's tightly clenched fist and rested her chin on his collarbone.

At that moment, she could feel Chi Yang's body tightening. His whole body was tensed up, and cold air radiated from his body. It seemed like Chi Yang was feeling extremely oppressed.

Zhong Nuannuan felt blessed to have a man who could not bear to see her being bullied and wronged.

"I'm fine. I'm really fine. I don't treat them as family, so no matter what they do to me, they won't be able to hurt me."

Chi Yang knew that Zhong Nuannuan was speaking the truth. He could tell from her cold attitude towards Zhong Kuijun.

However, such a thing was still unprecedented; it was unheard of.

Since he was willing to rape and harm an innocent woman for his selfish gains, Zhong Kuijun and Jiang Shuwan were truly jackals of the same tribe. After all, there were many murderers in society. Losing these two would not make much of a difference.

However, his Nuannuan was so cute, and she was Zhong Kuijun's biological daughter.

As the saying goes, even a vicious tiger would not eat its cubs. How cruel must he be to decide to let the two-and-a-half-year-old Lil Nuannuan perform a bone marrow transplant for Zhong Qianqian?

Jiang Shuwan, on the other hand, caused the death of Nuannuan's mother, seized the inheritance that Nuannuan's mother left for her, and even got Nuannuan to give her daughter the bone marrow transplant. No matter what, Nuannuan was her benefactor now. How cruel must she be to abandon Nuannuan after the bone marrow transplant?

14 years passed before Nuannuan returned home, yet this vicious woman kept causing trouble for Nuannuan. She even offered others money to kill her.

This was simply...

Chi Yang couldn't find the right words to describe Jiang Shuwan's malice.

At that moment, he felt the violence in his body boiling madly.

Zhong Nuannuan could feel that Chi Yang's body was getting tenser and tenser, and all the blood vessels in his body were popping out in anger.

Thinking about his affective psychiatric disorder, Zhong Nuannuan was so scared that she kept acting cute.

"Big Brother Chi Yang, now that I have you, it's enough that I have you to dote on me. Actually, I'm very happy every day... I won't let others love me even if they want to..."

To be honest, although Nuannuan was a very capable person, her low EQ made her an easy target for anxious bouts.

After all, if one's EQ was not a cause to worry, how could she get herself trapped in the Zhong family's strange love circle for six years in her previous life?

Therefore, she was anxious and tried her best to comfort him. However, her Big Brother Chi Yang was not comforted by her. Instead, the more he heard her, the more he felt sorry for his little wife. The more he heard, the angrier he became.

Finally, in his fury, Zhong Nuannuan felt something resonating around her.

Looking at the table, sure enough, the three cups of water, notebooks, air-conditioner remote, and the teapot started to vibrate rhythmically.

Chapter 603: (Part One) Nuannuan, Do Not Be Afraid

She looked out of the window in shock...

This was... an earthquake?

Following the cups, even the television and fridge started to tremble.

“Big Brother Chi Yang, don’t be mad. There’s an earthquake going on. At what magnitude of the earthquake will this family residence building withstand? Let’s hurry and see Grandpa.”

As soon as she finished speaking, all the glasses and speakers in the house shattered loudly, scaring Zhong Nuannuan into letting out a scream.

Alright, although she was not as scared as she seemed, this was the first time she had encountered such a situation. Therefore, she could not help but scream in front of Big Brother Chi Yang.

It was not until this scream that Chi Yang’s rage finally subsided.

Looking at the broken things inside the house caused by his special ability, Chi Yang’s first reaction was to lift Nuannuan into his embrace.

He had already picked her up with one hand behind her back and one hand under her knees before asking nervously, “Nuannuan, are you hurt?”

Zhong Nuannuan was captivated by Chi Yang’s handsome face. She gradually peeled off the simple outerwear on her body, and a mesmerizing expression slowly blossomed on her face.

With Nuannuan in his arms, his serious and anxious expression gradually turned hazy and unreadable under the seduction of the little vixen who had unknowingly revealed her true nature.

Zhong Nuannuan subconsciously wrapped her arms around Chi Yang’s neck and said softly, “I’m not hurt, but Big Brother Chi Yang, you scared me.”

Chi Yang, “...”

Looking at the pitiful girl in his arms, Chi Yang’s raging heart was instantly extinguished.

Horrible!

What could he do now that he scared his precious little kitten?

“Don’t be afraid! Nuannuan, don’t be afraid! You know I possess supernatural powers. It was only because I couldn’t control my anger that this happened. Don’t be afraid, okay? I promise I won’t do this again. I’m sorry for scaring you.”

If attracting Big Brother Chi Yang’s attention by acting cute failed, acting in a coquettish manner was the way to go.

If Chi Yang knew what this little pixie was thinking, he would definitely take off her pants and spank her.

How was this acting cute?

She was clearly seducing him!

Therefore, the couple that was horribly lacking in EQ complemented each other again amidst their mistakes.

In the past, unless something happened to his grandfather, there was nothing that could make Chi Yang this angry. He was so angry that he could not suppress his emotions.

However, ever since Nuannuan appeared, he realized that this girl could stir up his strong emotions at any time.

That was why he could not control his anger earlier.

Zhong Nuannuan leaned against Chi Yang's chest and said softly, "Yes, I'm not afraid. No matter what happens to Big Brother Chi Yang, I won't be afraid of you because Big Brother Chi Yang is the best man in my heart."

Chi Yang, "..."

A wave of emotions rippled through him. He felt like there was a small feather scratching at his heart. He did not know how to respond to his little wife's romance.

However, Nuannuan's flirting was successful in soothing Chi Yang's roaring emotions.

"Nuannuan, I will handle the matters regarding the Zhong and Jiang families. I'll let them pay the price for hurting you."

Zhong Nuannuan quickly shook her head. "No, no! I have to handle the Zhong family and the Jiang family myself. Big Brother Chi Yang, don't interfere, okay?"

The last part of Zhong Nuannuan's sentence made Chi Yang's heart melt. Before he could react, his mouth responded with an 'okay' before his brain registered it.

After receiving Chi Yang's approval, Zhong Nuannuan was overjoyed. She hooked her arms around Chi Yang's neck and kissed his intricately handsome face.

Chapter 604: (Part Two) Scared Big Brother To Death

"Big Brother Chi Yang, you're the best!"

Chi Yang, "..."

What was that? What did he just say?

"You want to solve it yourself?"

Zhong Nuannuan thought, '...Didn't you just agree?'

“No way! They’re bad people. If you push them too far, you’ll never know what kind of action they will take against you in their desperation! Desperate dogs will jump onto the wall,” Chi Yang said in a severe tone.

Zhong Nuannuan thought to herself, ‘...Is this how a man of his word should act after uttering his promise?’

“Big Brother Chi Yang, that won’t happen! I’m very powerful! If they’re dogs, then I’m a lion! Even if a dog jumps over the wall, do you think it’ll be able to bite the lion?”

As she said that, Zhong Nuannuan even waved her little fists. Which part of her looks like a lion when she bared her teeth? She was clearly a cute little kitten that had not even grown teeth!

Seeing how conflicted Chi Yang was, Zhong Nuannuan wriggled her body restlessly.

He was hugging her, to begin with. When she wriggled her body against his like that, it felt like a matchstick with ten times the sulfur was scraped against a dry matchbox...

Chi Yang instantly felt his body react.

Before he could reject her, Zhong Nuannuan said softly, “I’m really powerful! Just trust me this once! If you’re really worried, you can be the man behind me... Wait, I mean support from the back! If I’m aggrieved, you can always stand up for me, okay?”

She nearly said the wrong thing. Zhong Nuannuan bit her tongue gently and blinked her eyes, looking hopeful.

Although his worries were indescribable, Chi Yang eventually relented.

That was because he could not deal with his wife’s disappointed expression.

“Okay. Then, you have to promise me that if they retaliate and hurt you, I’ll take over in this matter.”

“Okay, okay, okay! I agree! I promise!” Zhong Nuannuan nodded vigorously.

“Then, tell me what you’ve found out about your mother. Your mother must have family, too. I’ll help you find out more about your maternal family.”

“No need. I already know who my maternal family is.”

Chi Yang was slightly stunned. “So fast?”

“Mhmm.”

“Then, do you plan on acknowledging them?”

Zhong Nuannuan shook her head. “There aren’t plans for that for now. We’ll see how it goes!”

Knowing that Nuannuan would only have chosen that because she might be disappointed in her family, Chi Yang kissed her forehead as his heart ached for her. “No matter what decision you make, I’ll support you. No matter what you do, just know that I’m behind you, that’s enough.”

Nuannuan looked at Chi Yang, whose eyes were filled with determination.

“Yes, I will. After all, you’re my future husband! You’re my dearest person and my strongest backer. If I face any difficulties, I’ll definitely come to you.”

After receiving a warm acknowledgment and affirmation from Nuannuan, Chi Yang finally felt relieved. However, in his heart, he decided to quickly figure out the identity of Nuannuan’s maternal family so that he could be her backer.

“Go take a shower, I’ll clean up this place.”

Zhong Nuannuan, ‘...We’re already at this point of the conversation. Why didn’t he ask the most important question?’

Seeing that Zhong Nuannuan did not move and was still looking at him in surprise, Chi Yang, who had just gotten up, sat back down.

“What’s wrong?”

“Big Brother Chi Yang, don’t you have any questions for me?”

What a straightforward girl...

Chi Yang sighed.

He did not ask that on purpose!

“Ask what?” Chi Yang asked the obvious.

“Ask me why I investigated this so thoroughly.”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 605: (Part One) Chi Yang's Identity

In fact, between being the world’s top mercenary and a poor student from a farming district, she had another identity. This identity was her second layer of protection. At the same time, that identity was undeniably real. After all, she had utterly destroyed her identity as a mercenary. In this world, other than her five little friends, no one else knew about it.

Perhaps she would never tell Chi Yang the identity that had officially ended, but she could actually tell him about her second identity.

Yet, Big Brother Chi Yang never asked.

Now that Zhong Nuannuan had brought it up, she only received Chi Yang’s confused expression.

“Isn’t this something that I can easily know if I check?”

Zhong Nuannuan, ‘... o (ノ□ノ) o’

Was it something that he could easily know if he checked?

She also agreed that it would be easy to investigate this matter with her identity, but would it be easy for an ordinary person like him?

However, her Big Brother Chi Yang was not an ordinary person either. Perhaps that was why he thought it was easy too.

Alright, since he was not suspicious at all, then so be it.

As for her identity, that would have to wait.

“Nuannuan,” Chi Yang interrupted Zhong Nuannuan’s train of thoughts and called out at her.

“Hmm?”

“You met my grandpa today. Don’t you have anything to ask me?”

It felt like Nuannuan had never asked him what was his family’s trade.

Chi Yang was very depressed whenever he thought about that.

Did his wife not care about matters related to him at all?

Zhong Nuannuan, “...”

Oh, right!

She forgot to ask this question.

Although she knew Big Brother Chi Yang like the back of her hands, he was clueless about that!

Looking at his resentful face, Zhong Nuannuan burst out laughing.

“Big Brother Chi Yang, I know what you’re thinking.”

“Hmph.”

Chi Yang snorted proudly to show his displeasure.

His wife did not care about him at all!

She did not take matters related to him to heart at all!

Ouch...

Looking at this arrogant man, Zhong Nuannuan felt a headache coming on.

She quickly kissed him to soothe his resentment. She calmed his resentment with physical touches and then, reassured him through the heart. She said, “Big Brother Chi Yang, I never ask you because I love you, and I trust you. I believe that even if I don’t ask, you’ll tell me when the time comes.”

As expected, with just one sentence, Chi Yang’s resentment dissipated completely.

He embraced his wife and gave her a deep kiss. Only when he felt that the girl in his arms had collapsed on him and stopped breathing did he reluctantly let her go.

“Lil idiot, inhale.”

Zhong Nuannuan, who had already collapsed into a puddle of water, finally recovered from the extreme lack of oxygen. She inhaled deeply and exhaled.

She looked like a little lamb that had been bullied but did not know how to fight back. Watching her like that, Chi Yang's heart trembled.

He loved her so much that he could not bear the idea of letting go.

"My surname is Chi. Do you know what the surname Chi represents in Emperor District's military base?"

Zhong Nuannuan knew, but she could only shake her head with a confused expression on her face.

"Chi represents absolute authority in Emperor District's military base."

Seeing that his little wife's attractive almond-shaped eyes were wide open and austere, Chi Yang scratched her nose and said, "My grandpa's name is Chi Yuansheng, and he is the only grand marshal in Camino. That places him second only to the president in the entire country. His rank is the highest and most prestigious in Camino's military base. As for me... I did not come to Jiang District to train the special forces team. However, before I complete my mission, due to disciplinary issues, I can't tell you my real identity."

Chapter 606: (Part Two) Uh-oh

"However, I promise you that once I complete the mission, I'll tell you immediately, okay?"

Zhong Nuannuan stared gravely at Chi Yang. After a long while, she reached out and wrapped her hands around his neck, hugging him tightly.

"Big Brother Chi Yang, I don't care what you do or how powerful your family is. I only have one wish, and that is for you to be well."

Chi Yang was completely captivated by Nuannuan's words. He gazed deeply at her before suddenly, he lowered his head to kiss her.

Nuannuan merely registered a handsome face pressing down on her head. Before she could secretly inhale, her lips were blocked.

Uh-oh!

This was the only thought that came to Nuannuan's mind before she found herself floating in the clouds.

Every time Big Brother Chi Yang kissed her, she would feel her vast system of nerves being replaced by tingling sensations. Whether it was her brain or her body, she lost control of herself.

Therefore, she could never breathe on her own whenever that happened. She was completely intoxicated in Big Brother Chi Yang's crystalline breath, as though his breath formed a huge bed or a gigantic net for her to sink into...

Chi Yang also realized that every time he kissed her, his little kitten would turn into a puddle of water.

Feeling amused, the corners of his lips could not help but curl up. However, his hands moved as if he was protecting the most precious treasure in the world. He picked up his little wife who surrendered to the weakness and let her sit on his lap. Then, he gently pulled her into his embrace and carefully guarded her.

“Breathe.”

...

“Little girl, inhale,” Chi Yang called out helplessly.

After the second time, Zhong Nuannuan was like a little snail whose consciousness slowly returned to her.

Her face was already flushed red from holding in her breath. At that moment, she looked like a celestial peach that could tempt anyone into committing the crime of picking it.

When Zhong Nuannuan finally came back to her senses and opened her mouth to take a breath, Chi Yang’s patience ended and he kissed her again.

Oh, no!

She had yet to take a breath.

The air in her lungs was gone...

However, in the next moment, a gust of fresh air rushed into her mouth. When the warmth that had been stifling her face finally subsided, she fell into another wave of gentle intoxication.

All Chi Yang could do was to kiss his little wife tenderly while calculating the time. When it was about time, he would pass some air into the little girl—who would lose all her ability to breathe every time they kissed—so as not to suffocate her.

This was probably Chi Yang’s longest kiss in his life.

Ahem. Of course, other than Nuannuan, he had never kissed anyone else.

He used to find himself unable to understand the silly dramas that he watched on television or the youngsters kissing at the side of the streets. It was so dirty and it spread germs. So, why in the world were they kissing?

However, when he met Nuannuan—the girl that he could not and would not run away from; someone he wanted to be with every passing second for the rest of his life; someone he could give his entire life to—only then did Chi Yang realize how wonderful kissing was.

It could fully immerse yourself and convert all of your emotions to fully enjoy it...

However...

Not long after they started kissing, a fellow started to get restless.

Chi Yang opened his eyes and looked at the girl who had already collapsed in her arms. She probably did not even remember what day it was today. His heart was filled with love, but there was also a hint of helplessness. He relented and picked her up before walking to the bathroom.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 607: Part Three) Little Koala

Although he really, really wanted to eat up the little girl on the spot...

He raped her the first time, and their second time happened in the car. There was not a time where he truly did it for her.

Even though he did not have much experience in that aspect, he still knew basic physiological hygiene.

Girls were especially sensitive and fragile at that spot, so great care should be taken. If they were accidentally infected by bacteria, there would be all sorts of gynecological infections in the future, or worse, cervical cancer.

Forget cancer, the moment he thought of the possibility that his wife might get inflammation because he did not take good care of her, his heart would probably die from the heartache.

Even though Chi Yang felt like he could not hold it anymore, he still carried Nuannuan into the bathroom and turned on the shower.

It was not until the water rushed down that Nuannuan opened her eyes in a daze.

She...

How did she come to the bathroom?

However, she was still in Big Brother Chi Yang's arms.

The little girl opened her eyes to take a look before leaning back into his embrace.

Chi Yang could not help but smile bitterly.

If he had known earlier, he would have installed a bathtub or tub in the bathroom.

At the time, he thought that he would not stay for too long. Since he was alone, there was no need for him to install things like this. Therefore, it never occurred to him to install a tub or bathtub.

The little girl was like a little koala bear, clinging onto him without any intention of getting off. Yet, if she did not get off of him, how would they shower?

Not even a mission would cost him that much brainpower!

Chi Yang carried Princess Nuannuan in his arms and stretched out one hand to feel the temperature of the water. After confirming that the water temperature was alright, he hooked a stool over with one leg and sat down in the bathroom.

Previously, during one of the missions, one of his team members failed to follow orders. To save him, Chi Yang took a bullet in his stead. Since it was inconvenient for him to bathe with his injury, he asked them to buy him a stool without a backrest. It came in handy now.

Chi Yang sat on the stool while his little wife was still carefully enfolded in his arms like a precious jewel.

He moved the stool. After the water from the shower splashed onto his back, he waited until the temperature in the bathroom had risen before he started to undress Nuannuan.

At this point, Nuannuan had already snapped out of her daze. However, she was too lazy and had no energy left in her body. Hence, she refused to get off Chi Yang's body.

She did not expect Big Brother Chi Yang to suddenly have the thought of bathing her in his embrace. Internally, she was rather anticipating this too. Thus, she kept her eyes closed and enjoyed this unique service from the beautiful person.

However...

Big Brother Chi Yang made her feel ticklish...

Nuannuan could feel Brother Chi Yang's calloused fingers sliding across her clothes. Initially, they did not feel like much, but because the calluses on his fingers were rather thick, she would feel a tingling sensation every time he accidentally touched her skin.

The already limp Nuannuan felt like she might as well melt into a puddle of water and evaporate.

Meanwhile, Chi Yang was extremely nervous.

Although he went through a good experience with his wife in the car that day...

His wife initiated it.

Although Chi Yang was stern and knowledgeable, he was an idiot when it came to relationships.

This was also the first time he took the initiative to remove his wife's clothes.

Thinking of the lively little white rabbits, Chi Yang felt his fingers tremble.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 608: (Part Four) The Little White Rabbit's Metamorphosis

It was clearly buttons that were easy to undo, yet he still had to put in so much work.

His hands that were shaking from nervousness and excitement would occasionally touch her.

This caused quite some unspoken contempt in Nuannuan—

Big Brother Chi Yang was so naughty. He deliberately undid the buttons so slowly to tease her.

Her initially limp body started to tense up because of his seemingly non-existent touches.

The energy that she was sapped of was quickly recovering.

Nuannuan could feel her raging blood boiling inside of her...

What the heck?

After all this while, he only managed to unbutton three of them?

Nuannuan The Heroin could no longer hold it in anymore and opened her eyes.

Wah—!

What was this that she was seeing?

Water sprayed down from the shower and landed on Big Brother Chi Yang's head, flowing down his slender neck and his broad back...

Large drops of water dripped down from his head onto his tall nose.

Before the water droplet could drip off the bridge of his nose, water droplets rolled down one after another to merge into a water stain that slid down along the bridge of his nose. It brushed past his firm chin and dripped on her body.

Countless streams of water drenched his body and his. The olive-colored shirt clung tightly to his body, outlining his perfect curves.

In the dense steam, Big Brother Chi Yang seemed to have walked out from a fairy tale to control time and space. He had an irresistible magic power that threatened to suck her soul away.

Perhaps it was because of his special power, the color of his pupils would turn red whenever he was overwhelmed with lust. It was like a brightly lit hellfire that wanted to burn the whole world to ashes.

Huh?

Why did she feel that it was hellfire?

Even if her Big Brother Chi Yang started a fire, he would still be a warm little sun!

Just as Nuannuan was lost in her thoughts, she did not realize that her buttons had been undone. Chi Yang's eyes gleamed red.

His Nuannuan was like a piece of delicate porcelain that could be easily molded. No matter the angle or position, she was the most beautiful thing in the world. She was like a work of art from God.

Finally, Chi Yang could not take it anymore.

"Ah—"

Nuannuan was admiring the unrealistically charming Big Brother Chi Yang and was completely taken aback. However, Big Brother Chi Yang had already kissed her in a way so good it should be illegal.

Nuannuan could not help but yelp.

Her cry almost made Chi Yang explode with excitement.

If that was the case, it would be really embarrassing.

Looking at the pitiful and adorable little girl, Chi Yang gritted his teeth.

She was clearly a succubus, but why did she have such pure and clear eyes?

What should he do?

At that moment, Chi Yang felt that giving his life to this girl would never be enough to express his love for her.

An intense battle exploded in the bathroom.

...

After a relentless fight, Chi Yang relieved Nuannuan of the seemingly endless energy in her body before they turned off the tap.

Chi Yang hugged Nuannuan and looked at the destroyed bathroom in shock. "...!!!"

At this moment, after the succubus was exhausted of all her charms, she fell asleep in his arms.

Yes, she was sound asleep.

Yet, what should he do? Her hair was still wet...

Therefore, it was up to Big Brother Chi Yang again.

After carrying Nuannuan out of the bathroom, he quickly turned on both the air-conditioner and heater that had not been in use for thousands of years. Then, he wiped her clean. After covering her with the blanket, he quickly retrieved the hairdryer.

With Big Brother Chi Yang around, Nuannuan felt safe and secure. Even though she felt all the movements and was aware of what Big Brother Chi Yang was doing, she slept on soundly.

The hairdryer was silent and operated at a very soft volume. As the buzzing sound rang in her ears, Nuannuan felt as if she had stepped into a mythical land, and she transformed into a helpless baby.

In her hungry, she kept crying but her cries were not loud at all.

Meanwhile, Big Brother Chi Yang held her in his arms like this, coaxing her as he went around asking for milk to feed her.

Eventually, she got her milk, and she was very happy after having her fill.

However, she wanted to pee again.

Big Brother Chi Yang was a very good-looking man. She did not want to pee on him and dirty him. After all, the baby felt like she should act like a proper lady.

Therefore, she kept struggling until her face was red.

Later, Big Brother Chi Yang realized what was happening and brought her to pee.

She liked to stay in Big Brother Chi Yang's broad and safe embrace. Even though Big Brother Chi Yang handed her over to her parents later. It was a couple who looked as good as Big Brother Chi Yang but resembled more of immortals you find in paintings.

They were very gentle to her, and she liked them. However, she did not want to leave Big Brother Chi Yang's embrace...

Then, she wanted to pee again.

This time, it was her father who wanted to bring her to pee.

However, her father made her uncomfortable, and she did not want to pee with him helping.

However, she really wanted to pee!

What should she do? She could not hold it in anymore...

In the end, Big Brother Chi Yang swooped in for the rescue. Then, she peed comfortably.

Nuannuan, who was lying on the bed, suddenly opened her eyes.

Chi Yang, who was drying her hair, was stunned as well. He immediately turned off the hairdryer.

“Nuannuan, what’s wrong?” Chi Yang asked concernedly.

Nuannuan, who just forced open her eyes, blinked in a daze.

She opened her eyes and stared at Chi Yang for a long time before finally waking up completely from the dream.

She murmured...

“I need to pee.”

Chi Yang, “...”

Nuannuan got up from the bed and ran to the bathroom to pee. When she saw the state of the bathroom, she came back to her senses and blushed.

She...

What did she just do?

She could only vaguely remember that her whole body melting in Big Brother Chi Yang’s arms. Then, she instinctively wanted to cling onto him, make him stay, and engulf him into the very essence of her body.

Chapter 609: (Part Five) Her Ears In Labor

However... How did the screws on the bathroom door break and the door no longer close?

The door, “...” It hung diagonally, speechless at Nuannuan’s dilemma.

She looked up at the mirror...

It was shattered.

The toothbrush fell to the ground, the cup holding onto the toothbrush cracked, the toothbrush...

Where did the toothbrush go?

After looking around for a long time, she realized that her toothbrush had disappeared without a trace.

The toothbrush resting in the darkness under the sink, “...”

Nuannuan sat on the toilet bowl, blushing as she recalled her ridiculous dream.

Later, she brooded on it. Perhaps it was because she was too reliant on Big Brother Chi Yang and added to her wanting to pee, a dream of her wanting to pee was formed.

After flushing the toilet, Nuannuan was getting ready to clean up but was stopped by Chi Yang who strode over.

“Nuannuan, go sleep. Be a good girl, okay? I’ll clean up here.”

Before Nuannuan could retort, Chi Yang picked her up and carried her to the bed.

After tucking her in with the blanket, he continued to blowdry her hair.

“Big Brother Chi Yang, it’s so cold. Put on your clothes quickly. Be careful not to catch a cold.”

Chi Yang, who had already spent all of Nuannuan’s energy, remained wildly energetic. He reached out to scratch Nuannuan’s nose. “I’m not cold. My body is fine. Haven’t you noticed?”

Eh...

Looking at his perfect figure covered in smoothness that lined his toned muscles, tinged with some lustful redness, Nuannuan blushed and quickly covered her face with the blanket.

Although she did it with Big Brother Chi Yang thrice, every time she saw his body that was a perfect combination of strength and beauty, she could not help her heart from palpitating and her face from blushing.

Seeing that, Chi Yang let out a low chuckle in spite of himself.

His pleasant voice resonated from his chest and lingered in this quiet space...

Ahhhhhhh—

If being mesmerized by such melodious beauty could impregnate her, then, the amniotic fluid in Nuannuan’s ears and eyes was about to burst!

Afraid that she would suffocate, Chi Yang helped her blowdry her hair while reaching out to help her remove the blanket from her face.

However, the little girl refused to budge.

Chi Yang had no other choice.

Seriously...

Now, she was embarrassed. Who was the one who pinned him against the wall, stopped him from moving, and forcefully saddled herself in just now?

Who was the one who grabbed him around the waist and spun so crazily that the door broke?

Who was the one who hung her feet on the towel rack and went upside down for 69 but broke the rack instead? Eventually, who made him stand upside down without being able to lean against the wall?

Was that an imposter Nuannuan then?

What a fickle little girl!

When the little girl ran amok, she would really go through everything to torture him. Chi Yang must agree that the girl was the perfect match for him. Otherwise, who else could handle her demanding requests?

Her single attempt to love him would probably end up giving him a fractured waist.

However...

When it came to the sensation and feelings they shared, he believed that most people in this world would not be able to achieve such perfect compatibility.

After drying her hair, Chi Yang wiped his body dry and lay down too.

The little girl was already sleeping soundly while snuggling under the blanket.

Sensing that Chi Yang lay down, she was like a little koala that had been found home and immediately clung to his body. Then, she nuzzled for the spot where she could hear his heart beating... And stopped moving completely.

Chi Yang looked at Nuannuan with eyes full of gentleness. He reached out and gently stroked her soft hair. His eyes were filled with great love that could not easily dissipate...

After a night of intense battle, Chi Yang was now certain that Nuannuan was Q—the person who rushed to B City in Mustapha in the middle of the night and rescued him on the plane in the flashiest manner.

This was because the strength and flexibility she displayed in the cramped bathroom were all too impressive.

Chapter 610: Ingrate

This was not a skill that an ordinary girl from the mountains could possess.

Therefore, before they were married and everything was set in stone, he was afraid of knowing her real identity.

After all, he was a soldier, and it was because of this identity that he was bound by many restrictions.

Hence, he was afraid that she possessed an identity that was considered unacceptable by the military.

If that was the case, he would be at a loss of whether he should report this information to the military base.

Therefore, he would rather stay in the dark forever.

If he must know, he would wait until they got married first...

After the driver rescued Gu Mingyan from the garbage dump, she fell ill immediately after suffering from physical damage, mental trauma, and stinky stench—the three blows came crashing down on her all at once. She called the Gu family and told them that she could not do anything to Selina for the time being. Then, she took a private plane that flew straight back to Emperor District.

The head of the Gu family immediately called Gu Mingzhe and informed him that the Gu family would not be able to hold their ground any longer, requesting him to come up with another way as swiftly as possible.

At this moment, the entire Zhong family was down in the dumps. Jiang Shuwan was so mad that she kept slamming her cup onto the table while directing a continuous bunch of curses toward Zhong Nuannuan.

She basically called Zhong Nuannuan a slut, an ingrate, a traitor, a bastard who abandoned her family after getting a man et cetera. Gu Mingzhe frowned as he listened to her.

“Mom, isn’t Zhong Nuannuan your biological daughter?” Gu Mingzhe asked. In truth, he had yet to understand what kind of role Jiang Shuwan had in Zhong Nuannuan’s life.

Zhong Qianqian was Nangong Yu’s daughter, and Zhong Nuannuan was Jiang Shuwan’s daughter. Yet, why in the world that it felt like Zhong Qianqian was really Jiang Shuwan’s daughter?

Jiang Shuwan coughed out a dry laugh and retained the same disgusted tone when she spoke about Zhong Nuannuan. “She’s my daughter? Does she acknowledge me as her mother? Who accompanied me when I was hospitalized? Mingzhe, let me tell you, although Zhong Nuannuan is my daughter, I don’t think she can compare to Qianqian at all. She’d think of me as her mother only if I was still breastfeeding her. She’s an ingrate who forgets her family once she has a man!”

Gu Mingzhe thought, ‘Really?’ Why did he feel that Zhong Qianqian was the one who could not come up to par with a single strand on Zhong Nuannuan’s hair?

“Brother Mingzhe, what did your aunt say?”

Gu Mingzhe frowned. “Selina is too stubborn. She’s vengeful at my aunt for abandoning her, so she threw my aunt into the garbage can and sent her to the dump.”

Zhong Qianqian, “...”

Zhong Kuijun, “...”

Jiang Shuwan, “...”

“Now we can only rely on your elder brother. If your brother can’t handle it, you’ll immediately come with me to Emperor District. Once we get to Emperor District, there will be a way.”

Zhong Qianqian nodded. “Alright, I’ll give him a call and see how he’s doing.”

Then, Zhong Qianqian called Jiang Hongyi.

Jiang Hongyi hung up as soon as the phone rang. Soon, a message came.

[Still working on it.]

Zhong Qianqian glanced at Gu Mingzhe. Gu Mingzhe frowned. "Didn't you say you wanted to confess? Why doesn't this look like a confession?"

Zhong Qianqian answered gleefully, "My elder brother's confession failed. Why would he do that again?"

"Then, what does he mean when he said he's working on it?" Gu Mingzhe's eyes widened. A sense of impending doom washed over him.

"My brother found someone to attack Selina on the street. If they can subdue Selina, my brother will rush out to save the damsel in distress. What do you think? It's a brilliant idea, isn't it?"

When Gu Mingzhe heard Zhong Qianqian's words, his mouth could not help but twitch violently.

His twitching got so out of hand his eyes started twitching too.
