Chapter 611: Big Fish

Zhong Qianqian and Jiang Hongyi, these two idiots! He could not find one solid entry point to be furious at them for!

How could any living human being be so stupid in this world?

“Brilliant? Brilliant my ass! Hurry up and tell that idiot Jiang Hongyi to stop!”

Gu Mingzhe was utterly defeated by Zhong Qianqian and her cousin’s emotional intelligence. He was so angry that he lost his ability to speak for a while. Eventually, it was Zhong Kuijun who reacted first and shouted at Zhong Qianqian.

Sure enough, like mother like daughter. How the daughter was raised was synonymous with the rest of the family. The Jiang family, this group of idiotic teammates, were all freaking stupid.

Zhong Kuijun instinctively categorized Zhong Qianqian and Jiang Shuwan into the Jiang family. To him, these two belonged to the Jiang family.

Zhong Qianqian was stunned. “Why?”

“If a fool like Jiang Hongyi could handle Selina, Mingzhe and his aunt would have done it long ago!”

“How can you say that about Hongyi? Hongyi is very smart.” Jiang Shuwan was displeased.

Zhong Kuijun could no longer bear talking to the mother and daughter. Instead of explaining to them, he decided to call Jiang Hongyi himself.

However, when Zhong Kuijun called him, Jiang Hongyi did not answer.

On the other hand, Jiang Hongyi had organized his men to intercept Selina on her way home.

There were a total of ten people in the group of hooligans. Each of them had a hammer on their waist and a dagger in their hands.

It could be said that they paid quite a large sum of money for their equipment. Once they caught their prey, even if it were an armed criminal, it would not be an exaggeration to say that they could kill them on the spot if they resisted.

After fumbling around for information for the past few days, Jiang Hongyi figured out Selina’s address and decided on a small road that Selina would pass by on her way home.

Selina had been coming home with Leng Qirui after school recently. Therefore, Jiang Hongyi thought that he could scare Leng Qirui as well.

Seeing so many people wielding knives and hammers, Leng Qirui would never have the guts to help Selina, no matter how capable he was. That way, he could kill Leng Qirui when he leaped out for the rescue.

After all, there was no way for him to showcase how outstanding he was without comparison.

That way, he could win Selina's favor and defeat Leng Qirui, killing two birds with one stone.

"Is the spray ready?" Jiang Hongyi asked in a low voice.

"Young Master Jiang, you don't have to worry about us. We're ready. When the time comes, we'll definitely be able to send Miss Selina into hallucinating."

"Okay, once this is done and over with, there will be another reward other than the one given to all of you."

"Thank you, Young Master Jiang."

"Stop talking, they're here."

Jiang Hongyi immediately hid to the side and drew a clear line with this group of people.

At that moment, he received a call from Zhong Qianqian. After hanging up the call, he sent her a text message, and his lips curled into a smile.

However, when he raised his head after replying to the message, a soldier dressed in battle attire appeared before him. His face instantly paled.

Just as he was about to say something, the soldier slashed at his neck.

Then, Jiang Hongyi knew nothing anymore.

Therefore, when Zhong Kuijun called Jiang Hongyi, no one picked up the phone that was originally on silent mode.

Of course, Selina realized that someone had been following her for the past few days. Her hands were already itching for a fight and she wanted to give those minions a good beating. Therefore, she did not make a move and cast a long fishing line instead for the big fish...

Chapter 612: Part One) Dominance

Detecting a bunch of underlings in hiding, Selina glanced at Leng Qirui, and the smile on her face widened.

Leng Qirui's hair stood on their ends when he saw Selina smiling so broadly for no reason. It reminded him of a Tyrannosaurus Rex that found food.

"What's with that creepy smile of yours?"

Selina looked at Leng Qirui and cooed in a spine-tingling tone, "Young Brother Leng—"

Leng Qirui shuddered.

God save him! Why did it feel like the lute spirit calling out to Tang Sanzang? He growled in frustration and panic, "Speak properly!"

Selina giggled in the same creepy tone. "I have something to tell you."

After saying that, she tiptoed and whispered into Leng Qirui's ear, "There are 10 people in front, holding hammers and daggers, ready to kill you!"

Leng Qirui, "..."

"Why kill me and not you?" Although Leng Qirui asked this, his heart was bulging with bleakness. After all, he had gone through an assassination attempt by Ye Hai's men before.

"Because the person hiding behind that wall is your brother, Ye Hai! He can't be targeting me, can he?"

Leng Qirui, "...!!!" His expression darkened completely. He felt that Ye Hai had gone crazy. He just attempted to kill Leng Qirui for a short while back and nearly got himself exposed. Instead of keeping up the appearance of a good son in front of his father, he actually had the mad thought to attack Leng Qirui in daytime. Was he that desperate?

He was clearly fighting to become their father's favorite! Seriously, was there a need for that?

Hiding behind the wall in the far back, Ye Hai—who was decently skilled—decided to wait until after Selina and Leng Qirui suffered a little before swooping in for the rescue. That way, he could win over Selina's heart and kill Leng Qirui instantly.

Of course, Ye Hai could not hear what Selina said to Leng Qirui.

If he could hear her, he would run away immediately.

Unfortunately, like a mantis stalking a cicada and unaware of the sparrow behind it, he was currently coveting the same dreams as Jiang Hongyi.

"What do you think? Want me to save you?"

Looking at Selina's cheeky smile, Leng Qirui felt that his sense of dominance had been dealt a heavy blow.

Damn! He was the school bully before the two Tyrannosaurus Rex, Zhong Nuannuan and Selina, came to school!

"You can defeat 10 people armed with hammers and knives?"

"Small matter. So, do you want my help?"

"Isn't that obvious?!" Leng Qirui spoke gloomily.

"Then, I'll help. You owe me a favor, okay?"

Looking at Selina's bright eyes, Leng Qirui felt more depressed than before.

"Selina, why are you like that? When I saw you getting bullied that night, I stood up for you without hesitation. Now that I need help, you're offering me conditions? I've treated you like a friend! You've never treated me like a friend, have you?"

"Of course not!" Selina answered without hesitation.

Leng Qirui, '...Critical Hit.'

"I've always thought you're going to be my boyfriend!" Selina smiled. Her scheming and seduction were written all over her fairy-like face.

"..." Leng Qirui's face inevitably burned red at her pick-up line.

"Isn't it popular in your country to save the damsel in distress and the damsel will give herself to her savior to return the favor? If I save your life, why don't you repay me with your body? Look at me. I'm beautiful, gentle, and have a good figure. I can even help you beat up bad guys. You'd need to pay someone to be your bodyguard, but if I become your bodyguard, I'll serve you 24 hours a day. I can even protect you in bed. That's a once-in-lifetime deal!"

"I. Am. A. Man!" Leng Qirui interrupted Selina through gritted teeth.

Chapter 613: Part Two) Another Tyrannosaurus Rex

"In my eyes, a good-looking man is a beauty."

After all, she was a woman with a man. Her man was nobody else but her boss. Her man was super aggressive. If she gave away her man's position to Leng Qirui, she would be beaten to death!

No, her man would not be able to bear to hit her, but he would definitely despise her. There was no way she would want to be despised by the dominant one in her family.

"Fine. If you don't want to save me, then just watch me die."

Leng Qirui felt that although he could not defeat these two Tyrannosaurus Rexes, he still had to uphold basic integrity. He was the school bully after all; he would rather die than admit defeat!

Actually, Leng Qirui was unconvinced that Selina would really ignore him.

Of course, Selina would not ignore him.

It never occurred to her that the Almighty Leng would turn out to be such a spineless man.

She spoke so much to him simply because she wanted to be a good person to the end. Like the group of companions who escorted Tang Sanzang all the way to the West, she wanted to take advantage of this event to give Leng Qirui a present. After all, he accompanied her and Aiden to KO many game bosses last night.

Therefore, while they were talking, Selina retrieved a mini camera from her bag when Leng Qirui was not paying attention.

This was the latest technology from Sab. It possessed the shape of a fly with a speed similar to that of a fly too. Once it ascended into the air, it could shoot photos from the sky.

Ye Hai, the preying sparrow who was waiting patiently for the rascals to make their move on Selina before swooping in for the rescue, had no idea what was going on. Meanwhile, Selina had already taken a clear picture of him.

It was only after she was satisfied with the photos she took and Leng Qirui had already left in a huff that Selina followed after him with a cheeky smile.

For some reason, she adored seeing Young Brother Leng's angry look.

Seeing him so angry made her want to throw him onto the bed and shower him with love.

With one of the duo falling behind the other, it gave the rascals the misconception that they just quarreled. The situation had gotten better for the ten rascals.

When the two of them got close enough, the ten rascals split into two groups. Seven of them charged at Leng Qirui, and three charged at Selina.

What the seven people did not know was that as they charged at Leng Qirui, Selina already launched her attack on the three people who charged at her.

With a swing of her long and slender legs, her whole body leaped into the air and made a horizontal split that landed on the shoulders of two of the hooligans. With a slight kick, the two hooligans' heads crashed into each other.

Their groans were not loud, but that collision sent them falling to the ground without getting up again.

The last person standing was still in a daze. As Selina's legs stopped on the two previous men's shoulders, she leaped into the air, somersaulted, and sent a flying kick to the back of the man's head.

The man felt a sharp pain in his head and lost consciousness.

The moment he fell to the ground, Selina pulled out the hammer from his waist during a backflip and flung it without another glance.

It was as if the hammer had eyes. After flying out of Selina's hand, it hit the back of the knee joint belonging to the person closest to Leng Qirui. Then, with a ricochet, it landed on the back of another person's knee joint, and ricocheted again...

Just as the bunch of hooligans climbed each other like a ladder to hit Leng Qirui, they felt a sharp pain in their feet and crashed facedown to the ground.

Leng Qirui, on the other hand, was stunned by Selina's strength.

Since he was anticipating Selina to make a move, he focused all his attention on Selina.

Chapter 614: (Part Three) Professional Brawler

Leng Qirui simply wanted to see how powerful this Tyrannosaurus Rex—who could easily defeat him and send a nearly 180cm burly man flying into the trash can—was.

As he witnessed her prowess, Leng Qirui was completely stunned. Countless 'f*ck's exploded in his heart.

This awesome way of fighting was on the same level as the other Tyrannosaurus Rex!

All ten of them were defeated in the duration of a single roll on the ground.

Her combat strength could not even be described as off the charts now.

Damn, this... should be a professional, right?

Ye Hai, who was still waiting to be the hero who saved the damsel in distress, was equally dumbfounded.

Ever since Ye Hai heard that Selina was Duke Eton's daughter that night, he searched for all the information about Selina online.

Although she was not a celebrity, she starred in Vampire 3 before. Therefore, the information about her on the Baidu page was very comprehensive.

Selina was indeed Duke Eton's daughter.

Although she was adopted, Duke Eton was all alone and bore no children in his life. Hence, he adopted two daughters from an overseas orphanage. The elder daughter was called Selina, and the younger one was called Sunny.

This Selina was the Selina before his eyes.

Her status as the Duke of Luntan's adopted daughter was already respectable enough. However, just a few years ago, Duke Eton had directly included the names of his two daughters in the Luntan royalty's genealogy book. He even declared that after he returned to dust, his adopted daughters would inherit all of his inheritance.

The duke's inheritance!

How much would that be?!

So, how did such an outstanding woman fall into the hands of a useless moron like Leng Qirui?

Ye Hai was used to robbing Leng Qirui of his belongings since a kid. After learning about Selina's impressive background, he instinctively placed Selina into his category of possessions.

Therefore, Ye Hai openly decided to steal Leng Qirui's woman.

Leng Qirui's things were Ye Hai's things.

Since Selina liked Leng Qirui, that meant she should like Ye Hai too!

Well, in short, this formula had been deeply rooted in Ye Hai's mind since he was young. It was potent and utterly reasonable to him.

He discovered Jiang Hongyi's motives when he was investigating Selina. That was the reasoning behind his coming over and becoming the finch waiting for the mantis to secure its prey.

However, Selina's martial arts was even more professional than that of a professional. Even he had to admit that he could not achieve the same.

Then, how should he save the damsel in distress and gain Selina's favor?

Ye Hai thought for a long time but could not come up with a solution. In the end, he decided to leave first.

He would rather avoid going for wool but come home shorn. He did not wish for Selina to find him and saw through his intentions.

However, Ye Hai still underestimated Selina's cunningness.

Just to cheer her darling Almighty up a little, as Ye Hai turned to leave, Selina picked up a random hammer from the ground and swung it.

Leng Qirui only heard the sound of the hammer tearing through the air as it flew towards the small path. Just as it was about to reach the end of the wall, the hammer turned a corner as though it had eyes. Then, a tragic cry rang from the corner.

As for the scream, Leng Qirui could recognize this voice even if it was turned into ashes.

"Ye Hai!"

Frankly, Leng Qirui did not fully believe Selina when she said that Ye Hai hired someone to kill him. After all, he believed that even though Ye Hai was a bad person, he was still—fortunately—a coward.

Therefore, the number of assassinations Ye Hai attempted could still be counted with the fingers.

Now that he heard Ye Hai's voice, the only emotion Leng Qirui had was uncontested disgust.

Chapter 615: (Part Four) Charmingly Stupid Young Brother

(Part Four) Charmingly Stupid Young Brother

Leng Qirui followed Selina to the corner of the alley and saw that Ye Hai had been knocked out.

Seeing the coldness in Leng Qirui's eyes, Selina was slightly stunned. "Did he really send someone to kill you?"

This question made Leng Qirui's expression turn even colder.

"Ha, normally, he acts like a good brother in front of me and appears as though he'll never get angry at me, but behind my back, he's always doing such things."

Selina, "..."

Just because she noticed that the Almighty Leng disliked Ye Hai and that Ye Hai harbored ulterior motives, she deliberately messed with Ye Hai and framed him. Who knew that this wretched man really tried to kill her Young Brother Leng! That was unforgivable!

"F*ck! Did he really try to kill you? Are you dumb? He wanted to kill you, but you still keep him by your side. Why didn't you kill him? Or you could have asked your father to send him to prison and give him a death sentence. Even if he didn't get a death sentence, he could stay in prison for the rest of his life!"

Leng Qirui sneered. "He's as cunning as a fox. He also knows how to pretend to be a good son in front of my dad. Every time I make my dad angry, he acts even better. He's an orphan, and his dad is my dad's benefactor. Do you think my dad will believe my nonsense?"

“Why not? Commander Leng is the commander-in-chief of the military base, okay? Even if he doesn’t believe you, he will still investigate!”

Selina’s eyes twitched when she saw the uneasiness on Leng Qirui’s face. “Don’t tell me that you’ve experienced becoming ‘the boy who called wolf’ before?”

Leng Qirui glared at Selina. “Didn’t you grow up abroad? You sure know a lot!”

Selina said, “Hahahaha... You’ve really experienced it? Hahahaha... Young Brother Leng, you’re so adorable!”

Emmm...

What she should have said was that her Young Brother Leng was charmingly stupid!

“Hey hey hey, quickly tell me about your past!”

“Selina, is something wrong with you? There are so many people on the ground, and instead of calling the police, you want me to tell you a story!”

Selina was hungry for gossip. “Do tell me! As long as you tell me the story, I’ll give you the evidence of Ye Hai harming you. Even without your father’s help, he’ll definitely go to jail. Pretty please?”

Leng Qirui instinctively wanted to retort. However, due to his admiration for the Tyrannosaurus Rex, he held back his words and asked doubtfully, “Really?”

“Really! I’ll be a puppy if I lie to you!”

Although he thought it was too good to be true, Leng Qirui still told her the story.

“It’s nothing. It’s just that when he was young, he was very annoying. He always pretended to be a good big brother in front of me. At first, I didn’t dislike him much, and I even treated him like an older brother. However, after getting the short end of the stick a few times, I discovered his true colors. I wanted to expose him, but I failed every time.

“There was one time when we went to the river together. He pushed me down knowing that I couldn’t swim. Then, when he saw my father coming, he jumped down the river to save me and almost lost his life too.

“I was especially angry. I told my father that he was the one who wanted to hurt me. My father nearly believed me at first, but Ye Hai ran away from home to prove his innocence. This matter was left unsettled.

“Later, to prove that he wanted to harm me, I arranged for a few incidents to happen. I had people beat me up and even attempt to kill me. In the end, Ye Hai found evidence of that. When my father saw that it was not Ye Hai who wanted to kill me but me who wanted to frame Ye Hai, not only did he beat me up, he also stopped believing me.”

Chapter 616: (Part Five) Utterly Lost

Selina looked at Leng Qirui with sympathy. Then, she said in a manly voice, "Forget it. Don't be angry. It's all in the past. Don't take it to heart."

After saying that, she summoned the tiny drone back with a remote control...

After that, she fumbled around on her phone and photoshopped Jiang Hongyi's figure on the ground out of the scene before sending the video to Leng Qirui.

"There, hand this over to the police. Ye Hai probably won't be able to argue his way out of this even if he has ten mouths."

Leng Qirui watched the video. Ye Hai was secretly hiding in the alley. When Ye Hai saw someone out there was about to attack Leng Qirui, there was an obvious evil smile tinged with abhorrence at the corner of his lips. Noticing that sent a chill down Leng Qirui's spine.

To be honest, although Zhong Nuannuan assisted him in catching Ye Hai last time, Ye Hai was a very discreet person. Therefore, not only were the police unable to know that Ye Hai was the culprit, even the hooligans he hired did not know who employed them.

Yet, this time...

Seeing Ye Hai's creepy smile, Leng Qirui felt nothing but satisfied.

After so many years, he finally had something on Ye Hai.

Looking at the happiness in Leng Qirui's eyes, Selina was like a weak and beautiful snake spirit. Her arms twined around his shoulders.

Just as Leng Qirui was about to shout at her to stand properly, his eyes stared straight into Selina's seductive eyes, and his words were stuck in his throat.

Frankly, Leng Qirui was convinced that Selina must not be a good person. He understood that he should be getting too close to such a bewildering girl.

However, when he met Selina's vixen-like gaze, he could not bring himself to say anything.

"How's that? Are you happy?"

Leng Qirui recollected his calm. "When did you take that?"

"When I was talking to you!"

"So, you stalled for time just to help me record this scene?"

Any ordinary girl would have blushed when put in such a situation, right? They would probably claim that it was nothing, right? Or perhaps, they would come up with some other explanation?

Yet, Selina quickly nodded.

"Of course! Look at how good I am. Not only did I do my best to help you get rid of this group of murderous hooligans, but I've also helped you obtain evidence that Ye Hai intends to kill you. Young Brother Leng, are you sure you can't give your life to me on account of me saving your life? As long as

you follow me, I promise you that you will live a good life in the future. If anyone has a grudge against you, I'll help you torture them to death immediately."

When Selina spoke, she winked at him again and again as if she were a spirit that wanted to absorb the essence of men, making them willingly give themselves to her.

Leng Qirui's heart was pounding.

To be honest, he imagined that his future girlfriend might not be the kind of socialite that his family would choose for him—an obedient girl, or a Cinderella. Instead, she would be the kind of girl who was a little domineering and a little heroic. Even a Tyrannosaurus Rex like Zhong Nuannuan would do.

However...

He had never thought of dating a succubus!

"Don't you just want me to play games with you? Since you saved my life and helped me find evidence of Ye Hai harming me, as long as I have time in the future, I'll play games with you unconditionally. How about that?"

He thought Selina was going to argue with him. After all, how could that be compared to becoming a couple?

However, Selina glanced at him and threw him a wink. "Deal!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 617: (Part Six) Tomboy

With that said, Selina immediately retracted her hands from Leng Qirui's shoulder.

"You said so yourself! As long as I'm free; as long as I summon you, you have to play games with me. You have to carry me in all sorts of games. Also, I will join the competitions that you join too."

"Got it."

In truth, he started to consider Selina's offer seriously, but he was a little embarrassed to agree so quickly. Plus, Selina was such a terrifying presence that he was not sure he was confident enough.

Therefore, that was him simply throwing in random promises to brush her off because he was too embarrassed to agree.

If Selina continued to pester him, he would reject her again. If she continued to pester him after his second rejection, he would agree.

However, Selina removed her hands from his shoulders.

Instantly, Leng Qirui felt a little empty inside.

This woman...

Could you not hold on a little longer?

What kind of attitude did she have toward love?!

The arrogant Young Master Leng did not realize that when he was with a Tyrannosaurus Rex like Selina, he had somehow painted himself a sub.

He planned to agree only after rejecting her twice! He really thought that a bandit from the mountains would decline three times before he forcefully ascended the throne as the emperor, huh?

Seeing that Selina stopped talking about it, Leng Qirui looked at her bitterly like a lost soul.

Selina thought, '...What now? What did I do?'

How could this man be so arrogant?

What a tsundere[1]!

If not for the fact that he still had the heart of a masochistic man, she would have already pounced on him and raped him, okay? Why would she still let him sprout such nonsense here?

Unbearable!

Leng Qirui suppressed the sadness in his heart, looked over at Jiang Hongyi, and asked, "Why is he here?"

"He was trying to woo me a few days ago, so I'm guessing that he probably found out that Ye Hai wanted to kill you. Since I was with you, he probably wanted to send some intel. It's fine, I'll get someone to take him away immediately to prevent any misunderstanding."

"He wants to pursue you???" Leng Qirui's eyes bulged.

Did this fool want to die?

Selina completely misinterpreted Leng Qirui's meaning. She pushed her pride and joy that hung on her chest forward and stabbed them directly at Leng Qirui's arm.

She glared. "This woman here has all the talent, the looks, family background, and martial strength. Why can't anyone else like me?"

Leng Qirui blushed when the murder weapons[2] struck him. He looked at Selina, whose beautiful eyes were wide open, and all the explanation that was already at the tip of his tongue came out wrong.

"A fierce tomboy like you? Are you sure he's here to woo you? Are you sure you're not mistaken?!"

"Hyaaah!!!"

Selina was furious.

"A tomboy? Leng Qirui, do you know what a tomboy is? How am I related to a tomboy? Huh? Tell me! Tell me!"

Leng Qirui had no choice but to retreat as he watched Selina fight him with her pride and joy.

Since Leng Qirui did not intend to criticize her like that, he felt that he had gone overboard too.

However, what else could he do? He was feeling very awkward too!

If he kept getting rubbed against her breasts that he would love to have a handful of, his brain would totally short-circuit, alright?

Once his brain short-circuited, he would not be able to speak anymore.

“That’s enough with you. I’m calling the police.”

Selina pouted at Leng Qirui angrily. Initially, she planned to help him call the police and wait with him for the police to arrive...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 618: Way Out

Eventually, Leng Qirui’s nasty attitude ruined Selina’s mood. She snorted and left.

Leng Qirui wanted to stop Selina, but he could not come up with anything nice to say. Thus, after giving it some thought, he gave up.

Who told her not to be persistent?

She claimed that she wanted to be his girlfriend, but she gave up immediately at the instant he offered to play games with her?

Did that mean that he could not play games with her after becoming her boyfriend?

He would be penny-wise and pound-foolish.

The more Leng Qirui thought about it, the angrier he got. Therefore, he chose to ignore her.

After calling 110, before the police arrived, two foreign men in black suits arrived and took Jiang Hongyi away.

Looking at how Jiang Hongyi was getting taken away, Leng Qirui had a feeling that they were not planning on thanking their benefactor.

When Ye Hai woke up, he realized that he was at the police station, surrounded by police officers.

Meanwhile, standing smackdab among the police was...

“Dad!”

When he saw Leng Jinpeng, Ye Hai’s groggy mind cleared up instantly.

When he saw Leng Qirui’s cold smile next to Leng Jinpeng, his heart skipped a beat.

However, after thinking about it, he could have just pretended that he failed to step out and help Leng Qirui in the nick of time. There was nothing wrong with protecting himself against so many rascals with weapons. Besides, Selina was so strong that there was nothing for him to help with.

Therefore, Ye Hai pretended to be confused. “Dad, what happened? Why am I here? Why am I locked up?”

Leng Jinpeng, who usually treated Ye Hai amicably, had a dark expression on his face. Instead of answering, he asked, “Don’t you know why you’re here?”

Ye Hai was completely unprepared against such a cold and callous Leng Jinpeng.

He pretended to think about it for a while before saying, "Dad, when I was walking down the alley, I saw a group of hooligans trying to kill Lil Rui. I was about to call the police when I was struck in the back of the head. Then, I fainted."

After saying that, Ye Hai looked at Leng Qirui and said to Leng Qirui in his usual two-faced manner, "Lil Rui, I know you must be blaming me for not rushing out to protect you on the spot. But think about it, they had so many people at that time. All of them were holding hammers and daggers. Although I'm rather skilled, two fists are no match for four hands. Even if I want to save you, I can only do that after calling the police, right?"

Leng Qirui sneered. "Oh, did you call the police then? Don't tell me you did. The police station keeps call records."

"I didn't even have time to call the police before Selina beat up all those people for you, did I? I didn't expect Selina to be able to take down ten armed men in a second.

"Lil Rui, you seem to like Selina a lot, but she's from overseas, and she's so good at fighting. I suspect that there is more than meets the eye about her identity. You're always hanging around dangerous crowds. Don't forget that Dad's the commander-in-chief of the military base. Don't let the wolf into your hen house."

Although he liked Selina a lot, it was more important for him to find a way out of this mess without arousing his father's suspicion. Therefore, Ye Hai betrayed Selina immediately.

If his father knew that Leng Qirui was close to Selina and that Selina was so good at fighting, he must think that Selina had ulterior motives for getting close to Leng Qirui.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 619: Suspicion

As long as his father redirected this dissatisfaction to Leng Qirui, Ye Hai would be fine.

However, Ye Hai was thoroughly mistaken this time.

Ever since Zhong Nuannuan warned Leng Jinpeng, Leng Jinpeng started to pay close attention to Ye Hai. Even if Leng Qirui did not have any evidence this time, Leng Jinpeng would have some suspicion on Ye Hai first.

Not to mention the solid evidence that they had in this matter.

After Ye Hai finished speaking, he realized that Leng Qirui, who would usually stomp and leap around in anger, was actually extremely calm today. Leng Qirui's unusual coolheadedness surprised Ye Hai.

"Ye Hai, you've been in our family for 15 years. I don't think I've ever mistreated you all this while. You have everything that Lil Rui has. You've received all the education that Lil Rui received. You can even say that I treat you like my own son. Yet, why do you hate Lil Rui so much? Do you hate him that much that you want him dead?"

Leng Jinpeng's words sounded like a fatal disaster to Ye Hai.

That was because his wings were not strong enough yet for Ye Hai to leave Leng Jinpeng and the Leng family. To him, Leng Jinpeng was like a mountain, or even his sky.

Without Leng Jinpeng, he was nothing.

Therefore, when Ye Hai heard Leng Jinpeng's words, he was utterly dumbstruck and his face paled.

The corners of his lips twitched as he said in a trembling voice, "Dad... Dad, why would you say that?"

"You understand what I just said perfectly, don't you?"

Leng Jinpeng did not miss the look of guilt that flashed across Ye Hai's face alongside the hurt expression that he donned on.

This made Leng Jinpeng even angrier.

Without Zhong Nuannuan, without Selina, he might have lost his son.

Ye Hai did not understand. "What did I do? Just because I did not step forward when there were ten armed criminals? Just because I did not exchange my life for Lil Rui's?"

The more Ye Hai spoke, the more aggrieved he became. He started to wail.

"I've always admired and respected you. Not only do I treat you as my biological father, but you're also my idol and my everything. I've always cherished everything that you've given me. Even though Lil Rui is sometimes insensible and treats me like an outsider, scolding me and beating me up, I really treat him like my own younger brother.

"Could it be that because you've raised me, I should use my own body to block the dagger for Lil Rui even though I know I'm no match for the criminal? Or do you think that just because my father saved your life back then, so as his son, I have to save Lil Rui's life? Isn't our family your benefactor?"

"Hehe." Leng Qirui was amused by Ye Hai.

Leng Jinpeng did not look like he was taking it too well either.

Standing on the side, Station Chief Wang and the police officers could not help but look at Ye Hai with disdain too.

If they did not see the video Leng Qirui gave them beforehand, they would have really believed Ye Hai.

After all, people tended to sympathize with the weak.

After listening to Ye Hai's narration, they might really believe that Ye Hai was a child who had been raised by Leng Jinpeng but had been abused. Or rather, a child who had been wronged his entire life.

However, just by looking at the screen, one could tell that this was an ingrate under a sheep's skin!

"There's one thing that I haven't told you because I don't want you to feel burdened. But since you think your father is my benefactor..."

Chapter 620: Do Not Want To Hear It

“...and that I should treat you well unconditionally, indulge you, and even tolerate you hurting my son, then I’ll tell you the real reason behind your father’s death.”

“No, I don’t want to hear it!” Ye Hai rejected Leng Jinpeng instinctively.

“Actually, strictly speaking, your father didn’t save my life. He was a military officer under me. Unable to withstand temptation, he engaged in illegal activities with a criminal syndicate in Yamato. He stole military secrets and committed a severe crime. Initially, I set up a trap to capture him and the criminal syndicate in Yamato in one fell swoop, but I accidentally stepped into their trap instead. At the very last moment of his life, he finally returned to his senses and took a fatal shot for me.

“You are also a soldier, so you should know that the consequence of a soldier’s betrayal to his country and the military is a death sentence. Therefore, even if he did not take the bullet for me, what awaited him was death. Your mother couldn’t accept that he was a traitor and committed suicide by jumping into the river. Your family’s illegal income was also confiscated.”

“At the time, you were still young. You had no parents, and you had no source of income, so I took you in on account of him taking the bullet for me.”

Ye Hai, who stood up in agitation, heard the real reason behind his father’s death. When he saw the contemptuous gaze from the police officers around him, he felt like all the energy in his body was sucked out of him. He fell back into the chair with a thud.

“The reason I took you in was—firstly, because I felt sorry for you. Seeing the way you begged me, I couldn’t bear to send you to an orphanage or SOS Children’s Villages. Secondly, it was indeed because your father begged me to take care of you after he saved me. Therefore, I took you in and raised you like my own son. I wanted you to become talented and not become as crooked as your father. But Ye Hai, you disappoint me.”

“No... I don’t believe it! You must be lying to me. You’re just on Lil Rui’s side to stand up for him, so you’re purposely defaming my dad!”

“You can go to the HR department to find out if I’m defaming him or not. Personnel information can be found there.”

With that, all of Ye Hai’s doubts disappeared.

Simultaneously, that meant that whatever Leng Jinpeng said was the truth.

If he still thought that he could claim to be the son of Leng Jinpeng’s benefactor in the past to attempt moral coercion, then he just lost that position.

“Dad! I know I’m wrong! Can you forgive me, please? I didn’t know that my biological father was such a person. If I knew, I would definitely be grateful. Dad, I’ve truly understood that I’m in the wrong. If Lil Rui encounters such a situation again, I’ll definitely stand up and protect him even at the cost of my life, okay?”

“That’s enough. You’re still pretending even though things have already progressed to this point. The commander-in-chief is such a kind person. How did he raise an ingrate like you?”

Ye Hai, “...” What did he do?

“Hehe, can’t believe you’re still acting in this manner. Ye Hai, you won’t confess until we hand you the evidence, will you?”

Station Chief Wang and one of the police officers could not take it anymore. They shouted at Ye Hai angrily.

“Confess? Confess about what? I didn’t break the law, and Lil Rui is fine. What do you want me to confess to?”

Ye Hai said that just to receive Leng Jinpeng’s extreme look of disappointment.

Ye Hai thought, ‘...What’s going on?’

“Ye Hai, truly, the military base has taught you many things! You should be an officer with outstanding results in the military base, right? In the face of kinship, 15 years of raising you, and the law, you still manage to be oblivious. You... really did it!”
