#### Chapter 651: A Queens Mentality

“You...”

“What? Pay up! If you don’t pay me, I can also apply for the judicial court to carry out this justice. That will be detrimental to you, the Ling family.”

“I’ll pay up!”

After Ling Li recovered his life, he finally thought it through even though he was still angry.

Just like what Zhong Nuannuan said, the Ling family had poor judgment in the sense that they mistook pearls for fish eyes. They placed such a rare imperial jade in a pile of stones meant for wholesale. Even if Zhong Nuannuan did not buy the stone today, someone else would have bought it in the future. All in all, it would have nothing to do with the Ling family anyway.

Ling Li handed the 20 million check to Zhong Nuannuan and said, “Thank you for saving me.”

“You’re welcome. Thank you for your generosity, Mr. Ling.”

When Zhong Nuannuan saw that Ling Li started being polite to her, she reciprocated the same politeness.

“Grandpa, let’s go.”

“Okay, let’s go. Let’s go.”

Not only had Old Master Chi watched a good show where his granddaughter-in-law tore her rival in love apart, but he had also obtained a huge piece of imperial jade. He was in a very good mood.

Zhong Nuannuan pushed the cart with Old Master Chi walking beside her. Both of them carried themselves with such sophistication that Ling Pinyuan’s eyes burned in envy of them.

Compared to the imperial jade, she was more envious of Zhong Nuannuan for obtaining Old Master Chi’s acknowledgment.

Looking at the cart of raw stones, Ling Pinyuan was so angry that she vomited blood.

If the raw stone that Zhong Nuannuan singled out casually turned out to contain imperial jade like she claimed, it would not take much guessing to know that the cart must be packed to the brim with valuable stones!

Based on Zhong Nuannuan’s hatred for her, Ling Pinyuan could guarantee that Zhong Nuannuan must have picked nearly all of the higher-grade jade from Soaring Clouds Pavilion.

Therefore, the more she thought about it, the angrier she got. In the end, she had nowhere to vent her anger, so she yelled at Zhong Nuannuan, “Zhong Nuannuan, you’re not good enough for Chi Yang! Chi Yang’s job is so special, and he has so many enemies around him. It’s not something that a vulgar fan like you can understand. You’ll only be a burden to him if you get together with Chi Yang. Only I’m good

enough for a man like Chi Yang! Don't think that just because Chi Yang's grandfather is on your side, you can be fearless. I'll still go after Chi Yang. Chi Yang will get tired of you sooner or later, you dodder grass!"

Before Zhong Nuannuan could scold her, Grandpa Chi could not take it anymore.

"Say, you're such an immature girl. How is your skin thicker than a city wall? My granddaughter-in-law is prettier than you, has a better figure, excellent medical skills, and is so skilled at stone gambling. Who are you to call her a dodder grass? Have you even seen a dodder grass before?

"You, on the other hand, what do you know? Other than bullying the elderly, being a scheming brat, being a sore loser, and hell-bent on revenge, I don't see a single merit in you! Who are you to say that my granddaughter-in-law is inferior to you?"

"That's right. I don't understand why Miss Ling always says that Miss Zhong is inferior to her. She keeps looking down on Miss Zhong."

"Maybe it's because her family is rich!"

"Miss Zhong earned five billion just by gambling on rocks. Most importantly, she didn't even bat an eyelid when it came to this five billion bucks. She's nothing like Old Master Ling. He even had a heart attack because of that five billion bucks. Therefore, I think Miss Zhong must be much richer than her. You can tell just from her aura."

"That's true! I don't know why Miss Ling keeps saying that Miss Zhong's not as good as her. That's probably a queen's mentality at work, I guess!"

"What do you mean?" One of the onlookers asked.

"In fairy tales, doesn't the queen always think she's prettier than Snow White?"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 652: Sneak Attack**

"Shut up!" Ling Pinyuan could not stand it anymore. She shouted at the crowd and looked at Zhong Nuannuan.

"Zhong Nuannuan, you know the nature of Chi Yang's job. If the enemy discovers you one day and threatens Chi Yang with your life, what will you do then? Won't you become his burden?

"When you're with him, he'll always be the one to protect you. You don't even have the basic ability to protect yourself. If you're not a weak and delicate dodder grass, what are you? What makes you think you are worthy of him? You have no self-awareness at all!"

Zhong Nuannuan laughed and threw her words in Ling Pinyuan's face, "All because he loves me!"

Ling Pinyuan clenched her fists. "But love is not enough between a man and a woman!"

"Love is not enough? Then, what else do I need? Money? Other things aside, just this cart of raw stones is enough to make me richer than you. Martial strength? Hehe, Miss Ling, forgive me for being blunt, but Chi Yang is looking for a wife, not a female bodyguard."

Everyone burst into laughter at Zhong Nuannuan's words.

'That's right. Miss Zhong has everything and not a single hair on her is worse than Ling Pinyuan. In the end, you actually come up with the statement saying that Miss Zhong isn't strong enough.'

The men were all criticizing Ling Pinyuan silently. 'Miss Zhong looks more feminine than you. The captain of the special forces team is already so overpoweringly strong. Did he really need a savage bear of a woman as a wife? What is Miss Ling asking for if not for trouble?'

Anyone who was a man, there was a 100% chance that they would look for a little white bunny like Miss Zhong—an absolutely gorgeous beauty!

"However... what right do you have to say that I'm dodder grass? You don't understand me."

Ling Pinyuan was initially trembling in anger, but when she heard Zhong Nuannuan's words, she sneered, "The people that Chi Yang deals with are all vicious and evil. Even if you claim to know some sort of defense, do you think you'll be able to hide from them?"

"How do you know I can't hide?"

Ling Pinyuan laughed coldly. Her arrogance from before had returned.

She did not believe that Zhong Nuannuan could be more skilled than her in picking raw stones and beat her in martial arts at the same time.

"Then, take one of my attacks. As long as you can take it, I promise to give up on Chi Yang in front of everyone. But if you can't, then we'll compete fairly."

"Miss Ling, I think you're mistaken about something. Firstly, Chi Yang is my man, and I'll never use my man to make a bet with anyone. Secondly, compete? Chi Yang and I are already engaged, so why should I compete with you?"

After saying that, Zhong Nuannuan lost all interest in embarrassing Ling Pinyuan. She turned around, pushed the cart, and called the old master to leave.

The old master watched with relish. He was also wondering if Nuannuan, the little girl, would be able to withstand a blow from a soldier in the special forces. However, since Nuannuan suddenly asked him to leave, the old master quickly followed her.

From the looks of it, Little Girl Nuan's skills in martial arts were really not up to par. In order not to embarrass his granddaughter-in-law, the old master trotted as fast as he could to prevent his granddaughter-in-law from being embarrassed by that horrible woman.

Much to their surprise, as the old master and Zhong Nuannuan walked out, the fuming Ling Pinyuan sent a flying kick toward Zhong Nuannuan's back amidst Ling Li's angry roar.

Of course, Ling Pinyuan did not dare to break Zhong Nuannuan's waist in front of so many people. However, this kick was enough to send Zhong Nuannuan flying and smack her on the ground. She would not suffer any fractures, but abrasions and soft tissue injuries would be unavoidable.

Unexpectedly, just as Ling Pinyuan sent out her flying kick—much to everyone’s shock—a middle-aged man who looked unobtrusive suddenly stood out from the crowd.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 653: All-round Scum Torturing**

This person was none other than one of Old Master Chi’s guards who were even more well-hidden than Old Wu’s bodyguard.

Ling Pinyuan was shocked, but when she saw his leg coming towards her, she could no longer retract her own. She could only brace herself and let her calf collide with his.

It was obvious that the man was the kind who hid his real strength without the need to show off. There was no way to tell if she could withstand that attack from him.

This made Ling Pinyuan increase her strength to the maximum since she could not retract her leg.

This was the only way to ensure that the bones in her leg would not break.

However, just as the clash between Ling Pinyuan and the guard was about to happen, a shadow flashed to their side.

The guard who was wholly prepared for the moment got pulled away at the last moment.

Ling Pinyuan did not even have the time to respond through her expression before clashing into Zhong Nuannuan’s foot.

Yes, foot, not leg.

Ling Pinyuan only felt a shockingly powerful force, and before she could react, she shot backward.

She could only plant her feet onto the ground, scraping against the ground as she struggled to reduce the impact.

However, her opponent’s force was too strong... Too strong. Ling Pinyuan fell backward after taking more than ten steps in retreat. Eventually, she lost her balance and fell into the fish pond with a loud splash.

There is a trend among jewelry stores to raise koi fish in front of their storefront to attract good luck in business, and Lingyun Pavilion was no exception. There was a very big and beautiful pond at the entrance of the store, and there were many koi fish in it. Since Ling Pinyuan reached the edge of the pond and failed to balance out the strong force, she fell backward and plunged forcefully into the pond.

“Eldest Miss!”

“Pinyuan!”

The people from Lingyun Pavilion and Luo Mengying quickly pulled Ling Pinyuan up.

When she stepped out of the pond, she was completely drenched.

At that instant, she looked at Zhong Nuannuan in a daze.

Not only Ling Pinyuan, but even Old Master Chi and the onlookers were also stunned.

So...

Did Zhong Nuannuan kick Ling Pinyuan into the pond just now?

Right?!

“Zhong Nuannuan!”

Ling Pinyuan was furious.

This woman actually sent her flying into the pond when she was distracted.

Ling Pinyuan, who was utterly embarrassed, self-hypnotized herself to forget the fact that she increased her strength to the maximum level when she saw someone rush out to block her kick at Zhong Nuannuan.

“Since you’re still so shameless after I gave you so many chances, you can’t blame me.”

“You were the one who attacked Miss Zhong first!”

“That’s right! You can’t afford to lose and even tried to attack her sneakily. After getting sent into the pond, you still wanna accuse her of being shameless after giving her chances...”

“Shut up!”

After receiving Ling Pinyuan’s lioness roar, the onlookers did not dare to speak anymore.

“Zhong Nuannuan, I didn’t expect you to be so capable. Since you can fight too, prove to me that you’re not dodder grass with your real strength!”

After saying that, Ling Pinyuan charged toward Zhong Nuannuan. When she was two meters away from Zhong Nuannuan, she raised her leg and aimed her kick at Zhong Nuannuan’s face.

If this kick landed, not only would Zhong Nuannuan’s face be deformed, her nose would definitely break.

However, Zhong Nuannuan remained unmoved in the face of a strong enemy. The guards wanted to step forward to help but Old Master Chi stopped them.

Currently, the old master looked at his granddaughter-in-law with a burning gaze.

With regards to his granddaughter-in-law, the old master was overflowing with confidence. He felt that his granddaughter-in-law was omnipotent—someone who could stand shoulder to shoulder with his grandson.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 654: Cool!**

Old Master Chi just wanted to see his granddaughter-in-law trample on the so-called pride and honor of the woman who proclaimed that she would come between a happy couple.

Just as the old master stopped the guard, Ling Pinyuan kicked Zhong Nuannuan in the face. Even though it seemed like the kick was about to land on her face, Zhong Nuannuan did not budge.

The crowd screamed and thought that Zhong Nuannuan would get sent flying by Ling Pinyuan's kick.

When Ling Pinyuan's feet were less than five centimeters away from Zhong Nuannuan's face, Ling Pinyuan had a gleeful smile on her face. Suddenly, Zhong Nuannuan reached out at the last moment and grabbed Ling Pinyuan's ankles, giving them a gentle tug.

Ling Pinyuan was shocked. Zhong Nuannuan pulled both Ling Pinyuan's legs into a 180-degree line.

That was not the point.

The point was that with this pull, Ling Pinyuan's body and head approached Zhong Nuannuan at a dangerously high speed.

Ling Pinyuan had yet to come back to her senses when Zhong Nuannuan's punch landed on her nose bridge.

Ling Pinyuan only felt a sharp pain before her body was lifted into the air.

Amidst everyone's cries of surprise, Ling Pinyuan, who received one merciless punch from Ling Pinyuan, got flung out like a sandbag by Zhong Nuannuan. It was followed by another plop...

Ling Pinyuan plunged into the pond again.

This time, she did not lose her balance and fall in. Instead, she was thrown in by a huge force.

More than ten koi fish flew into the air from the pond and landed on the ground, flapping their fins vigorously.

Whoosh—

The whole crowd screamed excitedly.

Too cool!

She was so cool it was beyond describing!

Previously, everyone thought that Ling Pinyuan was valiant and heroic, but now, compared to Zhong Nuannuan...

Alright, there was no harm if there was no comparison.

The two of them were definitely not on the same level.

When people from Soaring Clouds Pavilion helped Ling Pinyuan out from the pond again, she had completely calmed down.

The bridge of her nose and brow were swollen, blocking her view. Her head was spinning, and she could not stand properly without help.

At that moment, the disdain in Ling Pinyuan's eyes when she looked at Zhong Nuannuan was gone. She was full of wariness.

Zhong Nuannuan's lips curved into a small smile—

“Dodder grass? Heh, luckily he isn’t blind enough to choose you!”

Then, she looked at Old Master Chi and smiled sweetly. “Grandpa, let’s go!”

“Alright!”

Then, Old Master Chi chuckled and followed Zhong Nuannuan. On the cart that Zhong Nuannuan pushed, a huge imperial jade sat on the pile of rocks and passed through the door.

\*\*\*

On Zhong Qianqian’s side, no matter who it was—whether it was Zhong Kuijun, Zhong Qianqian, Jiang Shuwan, or anyone from the Jiang family—who called Jiang Hongyi, nobody answered. Everyone from the Jiang and Zhong family was panicking at this point.

Jiang Hongyi, on the other hand, had been awakened by an itch.

When he woke up, he realized that he was lying naked on the bed. His arms and legs were tied up. Standing around him were five oily-faced middle-aged men. It was important to note that these middle-aged men were completely naked.

When they saw Jiang Hongyi wake up, the five men laughed suggestively.

Before Jiang Hongyi could figure out what was going on, the five men pounced on him.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 655: End**

For an entire hour, Jiang Hongyi received the cruelest treatment that existed.

One hour later, the five disgusting men left with their pants in their hands. A man in black walked in, pinched Jiang Hongyi’s mouth open, and placed something inside.

Jiang Hongyi knew that he must not eat it, but the man was very skilled. With just a slight push, Jiang Hongyi felt like his tightly shut throat had been forced open, and the drug slid down his throat.

Jiang Hongyi was just a young master from a wealthy family. Although he liked to act tough, he did not dare to say anything when faced with such a brutal man in black—it felt like something that could only appear on television.

After being tortured for an hour and being forced to consume the poison, he could only cry.

“What... What did... You give me?”

Thinking about how cowardly Jiang Hongyi was, the man in black asked in disdain, “Do you know why you ended up like this?”

Initially, Jiang Hongyi’s mind had been in a daze. However, when he heard the word ‘end’, he suddenly understood.

He did nothing. The only thing he wanted to do was to make his move on Selina.

“You... You work for Selina?”

The man in black stood up and punched Jiang Hongyi's liver.

Although his skin was only slightly red, the punch caused Jiang Hongyi to spit out several mouthfuls of blood. His eyes were filled with fear, and he started to cry again.

"You dare to call her Selina? You should call her Miss Selina."

Seeing that Jiang Hongyi did not answer, the man in black raised his fist and prepared to land another punch.

"Got it! Got it! Miss Selina! Miss Selina!"

He really regretted it now. If he had known that Selina was such a vicious woman, he would not have dared to take his side at her bed even if she offered herself naked, let alone try to get her.

"You're mistaken. I didn't mean to harm Miss Selina. I... I just wanted to pursue her, so I hired someone to scare her so that I can save the damsel in distress. I really didn't want to kill her."

The man in black sneered in disdain. "Kill her? Have you overestimated yourself?"

Jiang Hongyi, "..."

"Save her. Are you sure you're not going to drug her after you save her and then harm her?"

Jiang Hongyi, "..."

"Jiang Hongyi, that idiot Zhong Qianqian has already offended our Young Miss. This matter hasn't even been resolved, and here you came. Your Jiang family is truly capable! Our Miss Selina is currently aiming for the Gu family only. For you to climb up the ladder so quickly, do you want our Miss Selina to crush the Jiang family that you're from as well?"

"No... No..." Jiang Hongyi cried in snot and tears as terror filled his heart to the brim.

"The drug you just took is poisonous. This is a new drug developed in Sab that won't be exposed to the world. Congratulations on tasting it."

Jiang Hongyi, "!!!"

"No, no! Please! I know I was wrong, don't..."

"You need to experience the effects of this drug first before we can continue talking."

"No... No... I don't want to experience it... Please..." Jiang Hongyi was so scared that he was incoherent.

The man in black looked at the time. "Two more minutes."

Jiang Hongyi, "... He did not want this! Boohoo... Please, no!!!

"Jiang Hongyi, our Miss Selina wants to ask you a question..."

[My Sweet Physician Wife Calls The Shots](#)

**Chapter 656: Elder Miss Drugs**

“Why is everyone from the Jiang family so stupid? Not only are they stupid, but they also like to be unreasonable. When they meet a tough nut to crack, they’re so soft that it makes people want to kill them. People like you should just lower your heads and be a good person. Why do you always have to jump out and make your presence known?”

“I...”

Jiang Hongyi was about to reply when he was interrupted.

“You don’t have to tell me, and I don’t want to listen to your nonsense. This is what our Miss asked me to tell you and your younger sister. She has no intention of listening to your answer. You are not worthy.”

Jiang Hongyi, “...”

What did they want with him? Boohoo...

After their short exchange, the poison in Jiang Hongyi’s body acted up.

Instantly, he felt like ten thousand ants were gnawing at his body. It was painful, itchy, and uncomfortable.

The pain almost suffocated him into instant death.

Jiang Hongyi struggled with all his might on the bed. Only then did he understand why these people kept him tied there.

He dared to guarantee that if the rope did not hold him in place, no matter how afraid he was of death, he would definitely end himself.

Jiang Hongyi screamed in pain, but the man in black was unmoved.

He was in so much pain that he could not take it anymore. He steeled his heart and prepared to bite his tongue to commit suicide.

Unexpectedly, the man in black seemed to have known what he was going to do. He shoved the large cloth that he used to casually wipe his shoes as they were talking just now straight into Jiang Hongyi’s mouth.

“Planning to bite your tongue to commit suicide? Do you think this is a period drama? If you bite your tongue to commit suicide, you will only pass out from pain or blood loss. If you destroy your tongue, how are you going to return home?”

He did not want to go home; he did not want to go home; he could not go back!

At that moment, Jiang Hongyi really felt that he would die of agony.

“This is a drug that our Elder Miss created personally. Once you take it, you’ll become addicted. Normally, it will act up once a month.”

Devil!

Selina was the Devil!

“Look at your expression. It wasn’t created by our Miss Selena. It was created by our Elder Miss. It’s your honor to be able to take the medicine that our Elder Miss created, understand?”

Jiang Hongyi, “...!!!”

Jiang Hongyi felt like he could not withstand this more another half a minute more, but the man in black made Jiang Hongyi suffer in living agony for half an hour. Amidst his torture, the man kept chatting with him, claiming that he wanted to share the load on his pain with Jiang Hongyi.

When the man in black finally sent the antidote into Jiang Hongyi’s mouth and the pain slowly subsided, Jiang Hongyi felt like he had become a human again.

When he was in pain earlier, he felt like he was in hell. The pain was indescribable.

“What do you guys want? Sob... I just wanted to pursue her love. Even if I used the wrong method, it’s because I like her. Why are you so cruel... Sob...”

“Are you just mean to our Miss Selena? You’re not nice to Miss Nuannuan either!”

Jiang Hongyi thought, ‘... What does this have to do with Zhong Nuannuan?’

“Miss Nuannuan is Miss Selina’s Boss. Since you treat our Boss so badly, don’t you think punishing you a little to warn you of the greater danger is in order?”

What kind of little punishment was this? They were literally trying to kill him!

“Actually, after you take the antidote, even though you’ll feel uncomfortable every time it acts up, it will still be bearable. However, you must understand that if we can make you take it the first time, we can make you take it the second time.”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 657: Contract Killing**

“If you take the drugs a second time, the effects of the toxin will deepen. If you can’t get the antidote, you’ll suffer like this every month. Do you think you can take this?”

Jiang Hongyi’s eyes were filled with fear.

“I was wrong! It was wrong of me! I won’t pursue Miss Selena anymore, and I won’t treat Zhong Nuannuan badly anymore.”

“Mm? What did you call Miss Nuannuan?”

The man in black needed only to grunt once before scaring Jiang Hongyi so much that he trembled. Jiang Hongyi quickly said, “Miss Nuannuan! I’ll never treat Miss Nuannuan badly again. I’ll be good to her.”

“Who asked you to be nice to her?” The man in black looked disgusted.

Jiang Hongyi, “...” What exactly did he want Jiang Hongyi to do? Sobs...

“From now on, you stay far away from Miss Nuannuan. Do you know how much heartache she feels whenever she sees the bunch of people from the Jiang family?”

"I... I got it!"

"Also, someone asked you to deal with Miss Selina and Young Master Leng. You don't know who this person is, but you accepted the two million bucks he gave you. Do you understand?"

Jiang Hongyi knew that Selina was trying to frame someone else through him.

While he felt that Selina was ruthless, he also warned himself not to provoke her ever again.

"I know, I understand. Someone gave me two million to hire someone to do this, but I don't know who the person is. I just know that I have two million more in my account. I like Selina anyway, so I did it."

"When you did this, you were knocked out, and then you didn't know anything. You don't even know who knocked you out, understand?"

"Understood! Understood!"

The man in black patted Jiang Hongyi's cheek. "It's good that you know. If you don't know or forget, our Miss Selena doesn't mind giving you two more pills."

Jiang Hongyi shuddered and shook his head vigorously.

"I won't spout nonsense, and I won't forget. Believe me!"

"Okay. Get up and get dressed."

After saying that, the man in black loosened Jiang Hongyi from the ropes. He even said considerately, "There's a bathroom inside. Go take a shower and put on your clothes. Get lost quickly."

"Yes... Yes!"

Jiang Hongyi had been dealt with until he had lost any form of temper. He bowed and hurried into the bathroom.

When he came out, the man in black had already left, and he was in a three-star hotel not far from his home.

Walking out of the hotel, Jiang Hongyi felt like he had just walked past the gates of hell.

Just then, another call came. It was from his mother, Xie Congrong.

Just as he was about to answer the call, a police car suddenly appeared before him.

"Are you Jiang Hongyi?"

Jiang Hongyi, "..."

"Someone is suing you for a murder case. Please come with us to the police station."

With that, he handcuffed Jiang Hongyi's hands.

Jiang Hongyi, "..."

He thought that this matter would be over, but he did not expect that there were still legal sanctions waiting for him.

Although it did not count as contract killing for him, he could not brush off the fact that he was the one who hired a group of ruffians just to go after Selina. Also, since Selina was trying to frame someone, it was obvious that she was trying to condemn this person thoroughly even though he did not know who she was trying to frame.

He had clearly heard the police mention 'contract killing'.

It was not an improper romantic pursuit, nor was it a street brawl, but contract killing.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 658: Blacklisted**

In that case, the other party was the main culprit while Jiang Hongyi was the accomplice.

Jiang Hongyi felt like his entire life was ruined.

However, when he thought about the medicine earlier, he would rather spend the rest of his life in prison than try the medicine again.

"Can... Can I make a call?" When he said that, Jiang Hongyi was almost in tears.

He really missed his family, really missed home...

"No. When you enter the police station, we will answer your immediate family's call for you."

Then, the police confiscated Jiang Hongyi's phone.

After three hours of phone calls between the Zhong and Jiang families, their phones turned off automatically as they ran out of battery.

The two families finally could not sit still anymore and went straight to the police station to lodge a report. They were only notified when they arrived that Jiang Hongyi had been arrested for a case of contract killing. Now that the evidence was conclusive, he was detained and was about to contact his family after his phone was charged.

Since his family was already here, it was a good time to inform them about this.

Although Xie Congrong had three sons, they were all her precious children. How could she bear to see her son destroyed just like that? Hence, she insisted on seeing him, whatever it took.

The police station said that it was possible to see Jiang Hongyi, but the person was already sent to the detention center. If they wanted to see him, they needed to hire a lawyer, and the lawyer would meet Jiang Hongyi on their behalf.

Then, Xie Congrong fainted from anger.

After they went back, Gu Mingzhe glared at Jiang Shuwan and Zhong Qianqian coldly as they cursed Selina a heartless woman, and scolded Zhong Nuannuan a heartless ingrate.

Then, Madam Jiang took the lead and called Zhong Nuannuan. Her intention was to give Zhong Nuannuan a good scolding and then have her negotiate with Selina to get Jiang Hongyi out. After all,

Jiang Hongyi was her cousin. If she did not help at this critical moment, they would ruin Zhong Nuannuan's reputation in Jiang District and the military base.

Unexpectedly, after a long discussion, they called Zhong Nuannuan, only to realize that the line was busy the whole time.

Initially, they scolded Zhong Nuannuan for not focusing on what was important at such a young age and kept sending sweet nothings through her phone.

It was only when Gu Mingzhe could no longer stand these idiots that he picked up his other phone and called Zhong Nuannuan.

The call connected instantly.

"Hello, who's this?"

Zhong Nuannuan's voice came through the phone.

The Jiang family and the Zhong family, "..."

Grandma Jiang snatched Gu Mingzhe's phone away and scolded the person on the other end of the phone, "You jinx, it's all because of you..."

Before she could even finish her sentence, the line went dead.

"Heh—she's got guts. She doesn't respect me, and how dares she hang up on me?!"

After saying that, she called Zhong Nuannuan again.

However, the line was now busy.

Grandma Jiang was furious. She used Xie Congrong's phone to call her. Again, line busy.

After that, Jiang Shuwan called Zhong Nuannuan. Awkwardly, Jiang Shuwan pouted and said, "She has blacklisted me long ago."

When Zhong Kuijun saw how troublesome and brainless this family was, he took out his phone and warned them, "Ever since Nuannuan gave up on her mother, she stopped treating you as a family. Haven't you realized it yet? I hope you understand the current situation. Jiang Hongyi is in there now. The only way to save Jiang Hongyi is to make Selina withdraw the lawsuit. Selina isn't related to you in any way. Right now, the only person who can help is Nuannuan."

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 659: Slap In The Face**

If you still want to talk to Nuannuan in your current attitude, she has all the reason in the world to ignore you. If she ignores you, she won't lose anything. The one who's at the short end of the stick is Jiang Hongyi, who is in the detention center!"

Zhong Kuijun hit the nail on the head. Everyone in the Jiang family fell silent.

"I'll do it. I'll talk to her. I'll talk to her nicely!" Xie Congrong was eager to save her son. She snatched the phone from Zhong Kuijun and called her.

[Sorry, the number you have dialed is currently busy.]

Xie Congrong, "..."

The Jiang family, "..."

Zhong Kuijun, "...!!!"

"Dad, it looks like Zhong Nuannuan has grown bold. Even you are on her blacklist."

Zhong Qianqian looked as if she was gloating over their misfortune. This immediately caused Zhong Kuijun and Gu Mingzhe to look at her as if she was crazy.

It was only then that Zhong Qianqian remembered that the only person Zhong Nuannuan would be willing to talk to in this family was her father. However, now that Zhong Nuannuan was ignoring her own father, there was no turning back for Jiang Hongyi and the Gu family.

Selina even disowned her mother and thrown her into the garbage dump. Now that Zhong Nuannuan disregarded them, would... Would that not mean the Gu Family Enterprise was on the verge of bankruptcy? Then, what was the point of her becoming the Gu Family Enterprise's young lady?

At that thought, Zhong Qianqian paled.

"Mingzhe, do you have a solution for this? Hongyi is still young. If he is really sentenced for contract killing, even if he's just an accomplice and won't be sentenced to death, his life will be ruined. Please save our Hongyi!" Xie Congrong felt terrible just thinking about her son wallowing in prison.

"Aunt, it's not that I don't want to help you, but you know that our Gu Family Enterprise is being held back by Selina. If Hongyi told me about this beforehand, I definitely wouldn't have let him do it.

"After all, Selina was now the daughter of Duke Eton of Luntan. Just by looking it up on the internet, you'd know Duke Eton's status in Luntan—he was second only to the Queen of Luntan. Duke Eton did not have any biological children and only adopted two daughters. He even announced that he would give them all his assets to share after he passed away.

"Selina is one of them. Think about it. She's the daughter of a duke. How could she not have bodyguards?"

Xie Congrong, "..."

"What gave Jiang Hongyi the confidence to have such malicious thoughts about Selina when he knew that she was the daughter of Duke Eaton? The wealthy Jiang family in Jiang District?"

The Jiang family, "...!!!"

"So, I'm sorry. If Selina recognized me as her cousin, I'd definitely help Hongyi. But the Gu Family Enterprise is in danger right now. Even if I want to help, I have to solve the crisis in my family first."

Then, Gu Mingzhe looked at Zhong Kuijun. "Dad, I want to bring Qianqian back to Emperor District."

Jiang Shuwan, who had been quiet the whole time, stood up at once.

“Why must you bring Qianqian to the Emperor District? Qianqian can’t help much. You should settle this matter first before coming back to fetch Qianqian!”

After all, if Selina was really that powerful, the Gu family would be in danger. If the Gu family collapsed, then what’s the point of marrying into the Gu family? She might as well stay in Jiang District and wait to divorce her husband secretly. Then, she could find someone better.

Gu Mingzhe understood what Jiang Shuwan was thinking.

(From now on, the Jiang and Zhong families are prepared to suffer one by one. Bad luck comes like a falling mountain! o (´□` ) o)

#### **Chapter 660: Dog Fight**

Gu Mingzhe really wanted to snap at Jiang Shuwan. If it was not because he had more use for Zhong Qianqian, he could kick Zhong Qianqian and Selina would cancel her attack on the Gu family immediately.

Damnit, he wondered who was the reason the Gu family became like this!

“Mingzhe, you should bring Qianqian to Emperor District.”

Zhong Kuijun told Gu Mingzhe that, as though he finally understood something behind that decision.

Currently, only the Gu family knew Zhong Qianqian’s identity. That was why they rushed to collect the marriage certificate like herding ducks. However, if they stopped Zhong Qianqian and Gu Mingzhe from getting together right now, Zhong Qianqian’s identity would probably be lost forever once Gu Mingzhe let go.

Therefore, Zhong Kuijun could only let Gu Mingzhe bring Zhong Qianqian to Emperor District.

The Gu family was a third-tier wealthy family and had no way of dealing with Selina.

Gu Mingzhe’s aunt, Gu Mingyan, married into the Huang family. Even though she was now in a second-tier wealthy family, she still could not deal with Selina.

At this time, if Gu Mingzhe and Zhong Qianqian were to get married, and he wanted to bring Zhong Qianqian to Emperor District. That meant...

Zhong Qianqian’s mother... No, it was Zhong Nuannuan’s mother. She must be the daughter of a second-tier or even first-tier wealthy family.

There were only four first-tier families in Emperor District. With the Nangong family taking the lead, the Ning family was ranked second, followed by the Xiao family in third place and finally, the Shi family.

These four families could be said to be the hegemony of the entire Camino. They controlled the political, economic, and even the lifeblood of the military base. They were afraid that there were other hegemony in Sea District even richer than these four families. However, just having money was not enough to establish a foothold in a country.

Therefore, whenever Zhong Kuijun thought about how Pu Yu could be from one of the mentioned four major families, it made Zhong Kuijun's scalp tingle.

Yet now, he had a feeling that the military base had started to suspect him. Even though he destroyed all the information that could threaten him the very next day he felt something was off, his sense of impending doom that had been ruminating at the back of his head exploded ever since he called Zhong Nuannuan on his phone and realized that he had been blacklisted.

At that moment, Zhong Kuijun had no time to complain about Zhong Nuannuan anymore. He only felt that it would be a good thing if Zhong Nuannuan and Chi Yang could stay away from him forever.

However, he was afraid...

Zhong Kuijun did not dare to think about it.

Thus, while initially unhappy with Gu Mingzhe's thief-like behavior, he could not be more impatient for Gu Mingzhe to help Zhong Qianqian find her true identity now.

Only when he got himself connected to those big families would someone come to save him.

Otherwise, based on what he had done over the years, receiving the death penalty was not far from unattainable.

Gu Mingzhe looked at Zhong Kuijun with a thoughtful gaze. The moment Zhong Kuijun returned his gaze with equally unreadable eyes, Gu Mingzhe understood that Zhong Kuijun knew his strategy.

In this family, only Zhong Kuijun was the smart one.

"Don't worry, Dad. I'll take good care of Qianqian. My parents will like Qianqian too."

"Kuijun, how could you let Qianqian go to Emperor District at this time? No matter what, this has something to do with Qianqian. What if Mingzhe's parents blame Qianqian and treat her badly?"

Gu Mingzhe was angry to death at Jiang Shuwan. He was about to say something in reply but Zhong Kuijun interrupted the conversation.

"Shut up! What do you mean that this has something to do with Zhong Qianqian? This happened because of Zhong Qianqian! If it wasn't for Zhong Qianqian, would the Gu family get treated like this? That's utter bullshit!"
