### Chapter 661: Between A Joyous Occasion And A Funeral

“Mingzhe is Qianqian’s husband now. How can he not think for Qianqian’s sake? Not giving on Qianqian at this crucial moment proves his feelings for Qianqian. As a mother, instead of giving them your blessing, you choose to drag them down. Don’t you feel guilty?”

Then, he looked at Zhong Qianqian. “Qianqian, I believe that you’re a good girl. For him to not give up on you at this time, he must have a solution. Don’t worry and follow Mingzhe to Emperor District. Call me if you need anything, okay?”

Although Zhong Qianqian was very unwilling to go to Emperor District, she had no choice but to nod.

Zhong Kuijun took out a card and handed it to Zhong Qianqian. “There are 10 million bucks inside. Take it. If there’s anything that you need to spend on, spend it.”

Zhong Qianqian, Jiang Shuwan, and the Jiang family were all stunned.

Zhong Kuijun had always been stingy. It was the first time he had offered 10 million bucks.

“Dad, all this is for me?” Having never seen so much money before, Zhong Qianqian’s eyes lit up.

“Mmm, this is your first time meeting your in-laws in Emperor District. You have to be polite and magnanimous, okay?” Zhong Kuijun’s austere face, coupled with the card containing 10 million bucks, made him the epitome of a good father.

As expected, once Zhong Qianqian received the money, all her dissatisfaction with Zhong Kuijun instantly disappeared. She felt that Zhong Kuijun was the best father in the world.

“Thank you, Dad. Don’t worry, I’ll make a good comeback so that my in-laws love me.”

“That’s good. Then, I won’t keep you guys anymore. You’d better leave tonight. The sooner you resolve this, the better.”

“Alright, Dad. Don’t worry, I’ll take good care of Qianqian. As for the Gu family’s matter, I know a friend who can definitely help me settle this, so there’s nothing to worry about.”

Zhong Kuijun believed Gu Mingzhe’s promise. After all, the Gu family still needed to rely on Zhong Qianqian’s hidden identity to rise to a higher position.

He could only blame himself for not knowing that Pu Yu had such a powerful background before she died.

If he knew, he would...

Ah, just thinking about the past made Zhong Kuijun’s heart ache.

Pu Yu was the woman Zhong Kuijun truly loved. If he had known that he would meet such a woman in his life, he would not have married this evil woman, Jiang Shuwan, before he joined the army in the city.

“Really? Mingzhe, can you really solve the matter with the Gu family?” Jiang Shuwan, who was initially unwilling to let Zhong Qianqian go to the capital with her, stood up with excitement.

Disdain and disdain flashed across Gu Mingzhe's eyes. Maintaining a gentle and elegant smile on his face, he replied, "Yes, Mom. Don't worry. It's not a big deal."

"That's good, that's good. Qianqian, take care and stay at Mingzhe's side. You have to be polite when you're there, okay?"

Zhong Qianqian was happy to hear Gu Mingzhe's confirmation that the matter could be resolved and nodded. "Mom, don't worry, I'll be sure to make Brother Mingzhe's parents like me."

"Mingzhe, since your friend is so powerful, can you help us get Hongyi out?"

Xie Congrong was furious when she saw how the Zhong family acted like it was a joyous occasion the second they heard that the Gu family would be fine. She felt that they were really selfish.

Her son was still in prison, but everyone in this family was so happy as though they were celebrating the new year.

It was then that Jiang Shuwan recollected herself...

#### **Chapter 662: Something Wrong**

Hence, as Gu Mingzhe's mother-in-law, Jiang Shuwan immediately ordered, "Mingzhe, since your friend is so powerful that they can counteract the decision made by Duke Eton's daughter, after you've settled the Gu family's matter, you might as well ask him to check in here too. They should inform the foolish police here to release Hongyi."

No matter how good his self-control was, Gu Mingzhe could barely contain the flooding anger in him and nearly gave Jiang Shuwan a horrible kick.

He believed that Zhong Qianqian must have been influenced by Jiang Shuwan, her stepmother, for Zhong Qianqian to become as stupid. If Zhong Qianqian was not brought up as horribly and turned out to be as normal as Zhong Nuannuan, he would not have to feel as disgusted with Zhong Qianqian.

Damnit, he had to depend on medication to get hard every night as he bedded Zhong Qianqian.

He really suspected that he would end up sexually dysfunctional if this continued.

"Mom, even though this person is my friend, he is nobility. It's not as if he's someone who will listen to everything I tell him to do.

"The Gu family asked him for help because this matter was just a verbal dispute. However, Hongyi did break the law first, in this matter. The police have already verified the evidence. With regards to his status and reputation, he won't help us to prevent unwanted gossip. Even if it's me, I'll be too embarrassed to ask him to help!"

Jiang Shuwan listened to Gu Mingzhe's rebuke and did not know what to say. After realizing that Gu Mingzhe glared at her, she lost all of her courage to speak.

However, Xie Congrong was not done with them.

"Since he has power and reputation, what's so difficult about asking him to bail someone out? Don't think that I don't know all about the dirty things that you people from Emperor District have done. Which one of you doesn't have any blood on your hands? If all of you are as law-abiding as you say, how can you ever become the rich?"

"Shut up!" shouted Jiang Hanlin. He, too, was on the verge of death due to anger.

Even though he was anxious too, he felt that Gu Mingzhe's words made sense. They were indeed being rude.

"Why should I shut up? It's your son who's captured too!"

Gu Mingzhe was really in no mood to talk to the Jiang family.

He felt that the essence of the Jiang family's intelligence accumulated into Zhong Nuannuan's brain, leaving behind only dregs in theirs.

"Auntie, you're right. Who doesn't have some blood on their hands indeed? After all, those who achieve great things don't bother about trifles. Yet, then again, why should they help you? Why should I owe them a big favor for Jiang Hongyi's sake? Auntie, I can accept that you are Qianqian's biological aunt, but you're not Qianqian's aunt. Jiang Hongyi is not Qianqian's biological cousin. So, why should I help you? Especially after you said such nasty words?"

"Eh? Why am I not..."

"Enough!"

Zhong Kuijun and Jiang Hanlin spoke at the same time. Even Jiang Shuwan's face turned pale from fright.

Even though their whole family knew about this, this was still top secret! If outsiders found out, they would all be sent to jail, would they not?

"We haven't even finished dealing with the Gu family's matters, and you keep saying that you want to save Hongyi. Is there something wrong with your brain? Can't you differentiate the severity of the matter? Can't you let Mingzhe settle the Gu family's matters first before thinking of a way to help Hongyi? It can be done if you want him to receive a shorter sentence, or come up with a way to get him to parole, or even get him medical parole. So, why are you making a fuss at this juncture? Now, you've upset Mingzhe and dissuaded him from saving Hongyi. Are you happy now? Idiot!"

#### **Chapter 663: Moronic**

After being yelled at by Jiang Hanlin and Zhong Kuijun, Xie Congrong lost all her courage to speak up all of a sudden.

Gu Mingzhe refused to stay any longer with these poor ass relatives with holes in their brains, so he left with Zhong Qianqian.

After Zhong Kuijun sent Zhong Qianqian and Gu Mingzhe off, he turned around and approached Xie Congrong. Without saying a word, he slapped her face. The sound rang across the air.

Xie Congrong lost her balance and fell off the chair.

“Zhong Kuijun, what are you doing? Why did you hit me? Is this your revolt?” Grandma Jiang was scared out of her wits and scolded him harshly.

Jiang Hanlin and Jiang Shuwan also pulled Xie Congrong up from the ground hastily.

“If we weren’t in the same boat, I would have divorced Jiang Shuwan and broken up with the Jiang family a long time ago! Jiang Hanlin is right. Everyone in this family is an idiot!”

Thinking about how Xie Congrong nearly revealed that Zhong Qianqian was the child of the Jiang family, the Jiang family members did not look too good either.

However, Grandma Jiang did not like to be rebuked, so she pursed her lips and said, “What’s the big deal? Congrong knew about what happened back then, and she never told anyone about it all these years. Now that Mingzhe is already married to Qianqian, they’re already family even though they haven’t had their wedding yet. Since they’re already a family, what is there that can’t be said?”

Jiang Shuwan stood on Grandma Jiang’s side and added, “That’s right, Kuijun. Did you see how well Mingzhe treats our Qianqian? He would rather let the Gu family suffer some losses than breaking up with our Qianqian, which shows how important Qianqian is to Mingzhe. I believe that Mingzhe won’t show any reaction even if he finds out that Qianqian is our daughter. On the contrary, he should be proud that Qianqian is our daughter. After all, our Jiang family is a super-rich family in Jiang District.”

When Jiang Shuwan said that, everyone looked pleased with themselves, including Grandma Jiang and Xie Congrong. Zhong Kuijun nearly lost control of himself and yearned to slap the three women another round so badly.

Zhong Kuijun hissed out an angry laugh and said sarcastically, “Why were you so smart when you came up with threatening me with those photos? Also, when you used the same matter to threaten and persuade me to kill Pu Yu, seizing her assets, how were you so smart?”

Grandma Jiang said unhappily, “What do you mean by that? Did we say something wrong just now? Mingzhe does love Qianqian a lot. Now, he already dotes on Qianqian so much while not knowing that Qianqian is the daughter of the Jiang family. It can’t be that our Jiang family isn’t at par with Zhong Nuannuan, someone with no status at all, can it?”

“Gu Mingzhe loves Qianqian? Have you all been lazing around too much in your free time and watched too many moronic dramas? He and Qianqian have known each other since they were young, but did he care about Qianqian back then? When the Zhong family or the Jiang family invited the Gu family to banquets, did the Gu family ever look at us seriously?”

“Before they became a third-rate wealthy family in Emperor District, they already looked down on us as though we’re dogs. Why do you think that, after they became a third-rate wealthy family, they came close to us without an invitation?”

The Jiang family, “...”

“Why?” Jiang Shuwan asked confusedly.

“Hmph!” Zhong Kuijun sneered at Jiang Shuwan, reluctant to reply to her.

“Gu Mingzhe is Qianqian’s first love. Yet, when Qianqian went to Gu Mingzhe to make her presence known, did Gu Mingzhe care about her?”

### My Sweet Physician Wife Calls The Shots

#### **Chapter 664: : Exposed**

“At that time, the people around Gu Mingzhe were all girls from Emperor District. Qianqian could not even get close to Gu Mingzhe. Yet now, Gu Mingzhe announced to the whole world that Qianqian was his first love. Do you believe such lies?”

“Even if you believe this nonsense, Qianqian has a nasty mouth. She provoked Selina and sent the Gu family spiraling down the path of bankruptcy. Do you think that with Gu Zhongcheng and Qin Yun’s hunger for power, they’d rather the Gu family suffer a blow than destroying Gu Mingzhe’s first love? If it’s not because Qianqian is still useful to them, they’d have long rushed to Jiang District to beat Qianqian up and make her scram. They might even send people to silence her forever!”

The Jiang family, “...!!!”

Jiang Shuwan asked, “Then... What is Qianqian’s value? What makes her so valuable that the Gu family is willing to suffer this without giving up on her?”

Zhong Kuijun really wanted to throw bricks at this family. Things had already advanced to this point, yet they could still ask such an idiotic question.

Standing next to them, Jiang Hanlin replied, “Can it be because of Pu Yu? Gu Mingzhe found out about Pu Yu’s identity and made his way to the Zhong family. Thinking that Qianqian is Pu Yu’s daughter, he starts treating Qianqian well?”

The Jiang family lapsed into silence.

“It doesn’t make sense! How did Gu Mingzhe know that Qianqian is Pu Yu’s daughter? He has never seen Pu Yu’s picture. Weren’t all the pictures of that b\*tch destroyed 17 years ago?” Grandma Jiang asked.

“I know how!” Jiang Shuwan suddenly shouted. “It’s the necklace! It’s the necklace Qianqian’s wearing! Gu Mingzhe told her many times that Qianqian’s necklace is very beautiful, and he asked her where she bought it from. Qianqian answered according to what I taught her. She said it was a family heirloom left by her mother.”

Grandma Jiang suddenly recovered some intelligence too. “That’s right! The Gu family’s main business is in jewelry. If he knows who the necklace originally belongs to, he must have deduced Qianqian’s identity from the necklace.”

“In other words, Gu Mingzhe doesn’t love Qianqian at all? He simply covets the power behind Qianqian’s identity?” Xie Congrong was washed with a sudden epiphany.

Grandma Jiang narrowed her eyes, looking like a scheming old fox. “Then, did he bring Qianqian to Emperor District because...”

“Qianqian’s family is from Emperor District! Previously, Selina messed with the Gu family until they were unable to retaliate. After that, the Gu family acquired help from someone from the Huang family, a

second-tier wealthy family in Emperor District. That person turns out to be Selina's biological mother. Yet, they still can't do anything about Selina. Under such circumstances, Gu Mingzhe doesn't choose to break up with Qianqian and marries her despite the pressure he's facing. Only now that he announces that he's going to Emperor District. He even intends to bring Qianqian along. Obviously, the power behind Qianqian is even stronger than the Huang family! Oh, my god! Is it possible that Qianqian is backed by a first-tier wealthy family in Emperor District?" Xie Congrong was so excited that her heart was about to leap out from her mouth.

Grandma Jiang's eyes lit up as she nodded vigorously.

"It must be! It must be! Otherwise, why would Gu Mingzhe be so bold as to marry Qianqian directly? He must know that the power behind Qianqian is definitely comparable to Selina, or even surpass Selina altogether! Selina is from a first-tier wealthy family in Luntan; a top-notch nobility. In terms of economy in Camino, only first-tier wealthy families can compete against her."

Jiang Shuwan listened to their analysis and asked impatiently...

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 665: Cunning**

"There are only four first-tier wealthy families in Emperor District. They're the Nangong family, the Ning family, the Xiao family, and the Shi family respectively. Which family do you think Qianqian is from?"

"No matter which family she's from, she won't be at the short end of the stick!"

Grandma Jiang was very satisfied with this result. She had the proud look of one who was about to become the madame of a wealthy family in Camino that even her backbone was much straighter.

"That's right." Xie Congrong said, "I heard from Hanlin that although the first-tier wealthy families in Emperor District isn't much different from the four first-rate wealthy families in Sea District in terms of monetary wealth—in fact, there are even two families that aren't as financially powerful as those in Sea District—the first-tier wealthy families in Sea District are mostly involved in the business and political world. Meanwhile, the first-tier wealthy families in Emperor District are all involved in the military. Furthermore, they possess high statuses in the military world. Hmph, that Gu Mingzhe actually said that he won't help our Hongyi. When the time comes, I want to see if he'll help Hongyi after Qianqian reunites with her family, especially when even Qianqian's grandfather wants to help Hongyi!"

For someone who treated Gu Mingzhe like a good grandson and would always tell her friends that her grandson-in-law was Young Master Gu from Emperor District no matter where she went, Grandma Jiang sneered. "I thought Gu Mingzhe was an honest, devoted man! In the end, he set us up! With our Qianqian's noble status, what kind of good man can't she get in the future? He's just someone from a wealthy family that's barely within third-tier. What right does he have to stain our Qianqian? He's just an imposter!"

"That's right! It's a pity that Qianqian, with such a good background, is taken away by a rotten pig-like Gu Mingzhe. It's simply... I'm so angry! Just now, that broke ass Gu Mingzhe even ridiculed me!"

Jiang Shuwan could not stand it anymore, so she turned to Zhong Kuijun. “Kuijun, how long have you known about it? Why didn’t you tell me earlier? We’ve allowed Qianqian to be in a terrible relationship with Gu Mingzhe, this despicable man! Ugh, I’m so mad!”

Watching coldly as the group of malicious idiots from the Jiang family sprout a bunch of bullsh\*t, Zhong Kuijun did not say anything until Jiang Shuwan directed the question at Zhong Kuijun. It was only then that Zhong Kuijun asked her in return with a sneer, “Didn’t you just think that Gu Mingzhe is family that it’s fine to let him know? Go ahead and tell him. We’ll see how much he really loves Zhong Qianqian.”

The Jiang family, “...”

Everyone was rendered speechless.

Xie Congrong was especially shocked that her face was as pale as a sheet.

“Oh, my! Luckily, I didn’t say it out loud. If I did, that Gu Mingzhe would’ve gone after Zhong Nuannuan that b\*tch.”

“Who are you calling a b\*tch? Without Nuannuan’s mother, would your Jiang family be where it is today? Without Nuannuan allowing Zhong Qianqian to transfer her bone marrow over at such a critical moment, how would you be related to a first-tier wealthy family in Emperor District?”

Fuming, Zhong Kuijun snapped at all of them when he heard these women spitting ‘b\*tch’.

“If I hear you call Nuannuan a b\*tch again—I don’t care who she is—believe me when I say that I will slap her.”

These words were obviously directed at Grandma Jiang. After all, Nuannuan used to perform acupuncture on Grandma Jiang all the time. However, whenever it came to Nuannuan, Grandma Jiang would always call her a b\*tch.

“Aww, Kuijun, don’t mind these small things, okay? Let’s talk about Qianqian now! No, this won’t do. I have to call Qianqian and tell her not to go with Gu Mingzhe. This Gu Mingzhe’s too cunning.”

After saying that, she was ready to make the call.

However, the moment Jiang Shuwan fished out her phone, Zhong Kuijun slapped her phone onto the ground violently.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 666: Premonition**

“Eh... What are you doing? Why are you stopping me? Why are you acting so weird today? Can’t you talk nicely? You’re so weird.”

Thinking that her daughter would become the daughter of a super-rich family in the future, Jiang Shuwan felt much more confident.

“You want to call her and tell her not to be with Gu Mingzhe? And then?”

“And then? Then, she should meet and admit their relationship with her grandparents by herself! Qianqian is so noble, and only the heir of a super-rich family is worthy of her. Gu Mingzhe is nothing when compared to Qianqian now!” Jiang Shuwan said as a matter-of-factly.

“Do you think that the people from the first-tier wealthy families in the Emperor District are people like your Jiang family who can stand at the door and shout at anyone? ‘Hello! Did your family lose a granddaughter?’”

Jiang Shuwan was struck dumb for a second, then said after thinking for a while, “She can ask the four families and find out who lost her granddaughter.”

“Do you think that without Gu Mingzhe’s help, she’ll be able to meet someone from the Four Dominant family easily? Think about it. When we wanted to go to Sea District to discuss a collaboration with the Wu family, did they even respond to us? Even if our ideas were good, even if my price was good, did they ever look at you seriously?”

“It’s different! I’m sure they’d know if they’d lost a child. As long as Qianqian can find out more about it, others will definitely pay attention to her as long as she wants to get her child back. Why do we need Gu Mingzhe in then? That b\*stard is taking advantage of the Jiang family! If my granddaughter doesn’t match up with a young master from a super-rich family, how can I ever let her marry?” Jiang Shuwan’s mother was adamant in supporting Jiang Shuwan’s words.

Zhong Kuijun was extremely regretful that he had been fooled by such a group of idiots back then.

“Then, how do you know that her family actually wants her back?”

Zhong Kuijun’s words made the Jiang family choke again.

“That year, I was the one who rescued Pu Yu. She was the daughter of a rich family, so why was she hurt? How did she lose her memories? If her family really wanted to find her, not to mention the entire Camino Country, they can afford to paste all the information of her disappearance. However, now that so many years passed, did you see her family looking for her?”

The Jiang family, “...”

“Since Gu Mingzhe dares to marry Zhong Qianqian despite Selina’s attack, it means that he’s confident that he can find Pu Yu’s family and gain benefits through Zhong Qianqian. However, when it comes down to Zhong Qianqian’s IQ... Does anyone of you actually think that she can deal with this issue herself? Hopefully, she wouldn’t throw away her little life by exposing herself to her hidden enemies before actually solving the matter.

Jiang Shuwan was shocked to hear that.

“Will Qianqian be in danger?”

“Would Gu Mingzhe risk his life to marry her if there was danger?”

Hearing that, Jiang Shuwan heaved a sigh of relief and patted her chest. “Good, good! Let Gu Mingzhe have a taste of his own medicine then! We can make Qianqian divorce him after she reunites with her family. She’ll be the young lady of a first-tier wealthy family then. She can have any man she wants.”

“Don’t count on this. Before that, I have something very bad to announce to you.”

Zhong Kuijun’s behavior today was very unusual. His words gave everyone a premonition that something bad was about to happen.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 667: Targeted**

“What’s the matter? Don’t... Don’t scare me! We have Qianqian and a first-tier wealthy family as our backer. What else can be bad for us now?”

“I might have been targeted.”

Zhong Kuijun’s words made Jiang Shuwan and Jiang Hanlin’s faces turn pale simultaneously.

“What do you mean?” They asked in unison.

“Cloud Group has been laundering money for a certain powerful presence, and that presence has always been fighting against Chi Yang. It is also the presence that the special forces team has been attempting to take down.”

The Jiang family was dumbfounded.

“How... How did you know that you’ve been targeted?”

“Because Nuannuan has blocked my number.”

“Just because of that?” Jiang Shuwan instantly breathed a sigh of relief.

“You know that my sixth sense has always been very accurate. Frankly, I’ve had a bad feeling about this before, even though it wasn’t as strong. However, when you used my phone to call Nuannuan and found out that she blocked me, that strengthened the bad feeling that’s been nagging me. Nuannuan and Chi Yang are together. Yet, her action of blacklisting me was clear that she doesn’t care about me anymore. That’s why I have a feeling that I’ve been targeted.”

“Then... what will the military base do to you?”

Zhong Kuijun shook his head. “I don’t know. They’ll either cast a fishing line long enough to catch the biggest fish, or they can arrest us directly.”

“They’ve already found something incriminating in Cloud Group?”

Zhong Kuijun frowned. “No. I stowed away the most important things in the safe before, but I was afraid that it wasn’t safe enough, so I destroyed them two days ago. At least they won’t be able to find any evidence after they arrest me.”

Jiang Hanlin heaved a sigh of relief and comforted him, “That’s good! That’s good! Cloud Group’s financial reports have always been excellent. Even the legal team from RS Bank couldn’t find anything wrong. As long as you destroy the original evidence, even if the higher-ups let you talk to them, there won’t be any problems. We don’t usually meet up with them anyway and we don’t know who they are, so it’ll be fine.”

“What? You’re involved too?” Grandma Jiang looked at Jiang Hanlin and felt like she had been struck by lightning.

As a senior woman from the village, Grandma Jiang was a person who preferred sons more than daughters. When it came to her only son, she raised Jiang Hanlin very well that he managed to become a university student at that time and age.

Yet, Jiang Hanlin participated in such danger.

Once Zhong Kuijun was caught, her son would probably be the first to bear the brunt, right?

However, the two men did not provide Grandma Jiang’s concern any affirmation.

Zhong Kuijun said, “I hope so. That’s for the best. However, what I want to tell you is what will happen after I’m called in for interrogation—what if they have evidence against me and want to sentence me? What will you do?”

“Kuijun, tell us. We’ll just do as you say,” Jiang Hanlin replied loyally.

“After I go in, if they truly find evidence against me, find Zhong Qianqian and ask her family to find a way to get me out.”

“Don’t worry. Qianqian will be the daughter of a super-rich family in Camino in the future. How can she not help you, her father?” Jiang Shuwan vouched for Qianqian.

If it were any other time, the idea of losing Zhong Kuijun as her pillar of support would have terrified her to tears. However, she quickly recovered from her shock after encountering such a major incident.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 668: Go Down Together**

The members of the Jiang family all nodded in agreement. Although they were a little worried, there was more joy than concern. After all, Zhong Qianqian was about to become the daughter of a first-tier wealthy family, and they were going to get an upgrade as well.

Zhong Kuijun knew exactly what they were thinking.

Zhong Kuijun had long been disgusted by this family. He hated them to the core. Therefore, when his life was in danger, he no longer expected any kinship from them.

He nodded. “Yes, I hope you can keep your promise. After all, after you go in, there will only be two to three months until the trial ends. If I don’t come out on the day I receive the sentence from the military court, then don’t blame me for being cruel and ignoring the twenty years of relationship.”

This time, the faces of the Jiang family members changed.

Grandma Jiang was the first to get angry.

“Zhong Kuijun, what is this nonsense? If you go in, as your family, we’ll do everything we can to help you. We’ll find a way to get you out because that’s what we should do. Yet, what kind of bullsh\*t are you talking about just now? What do you mean by disregarding our twenty-year relationship? What are you trying to do?”

"It's very simple. If I can't come out, if I can't stand under the sun with my head held high and continue to be the CEO behind the scenes of the Cloud Group, I'll reveal everything about how you all killed Pu Yu and then made Nuannuan and Zhong Qianqian exchange their bone marrow. If I get sentenced to death, you'll be sentenced to death with me."

"How can you do that?" Jiang Shuwan shouted.

"Isn't Qianqian your daughter? If we don't save you, you'll have harmed us. Why don't you tell Zhong Nuannuan that you're going to jail? Isn't she your favorite daughter? Ask her to save you, then! Why aren't you saying that you're going to hurt her? Zhong Kuijun, why are you so biased?"

Zhong Kuijun sneered. "I'm biased? If I were, I wouldn't have agreed to let you save Zhong Qianqian with Nuannuan's bone marrow! Jiang Shuwan, you and the Jiang family have to be clear about one thing—whether it's Pu Yu or Nuannuan, we owe them. But for all of you, you owe me! I'm supposed to have a loving family—a wife who I love and the fruit of our love. It was because of you that I lost everything. Now, I'm going to jail and face the death penalty. Why should I let you continue living freely outside?"

This time, the old lady was really angered. She clutched her chest and gasped for breath.

"Zhong Kuijun, listen to yourself! Your parents died back then. If we hadn't taken you in, would you be able to live such a glorious life today? Didn't you get married to our Wanwan first before you found that b\*tch? You're already a man with a wife, but just because that woman carried herself well and looked better than Wanwan, you abandoned Wanwan and wanted to marry her. How dare you think that it's our fault! Now that you've committed a crime, you want to drag us—your wife and your daughter—down with you! Calling you a heartless dog or a wolf is an understatement!"

After being scolded, Zhong Kuijun did not feel angry at all. Instead, he laughed and replied, "That's right. If I wasn't a heartless person, I wouldn't have colluded with you to kill the woman I love the most!"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 669: Biased**

"If I wasn't a heartless person, I wouldn't have agreed to transfer Nuannuan's bone marrow to save Zhong Qianqian. I'm a heartless person. I admit it!"

"But what about all of you? Are you good people? Don't you dare think that I'm unaware that you and the village leader invaded my farmlands after my parents died, cutting off my ability to take care of myself. After you took over my farmland, you claimed that you're raising me, but you let Jiang Hanlin further his studies while making me do all the hard labor in the house. I gave you my farmland, and all I could get at the end of the day were meals to fill my stomach. If I don't marry Jiang Shuwan, would you agree to let me join the army? Would you let me leave my damn farming career?"

Hearing Zhong Kuijun's words, the members of the Jiang family exchanged guilty looks.

After all, Zhong Kuijun was telling the truth.

"But we're already family. How can you say something so hurtful?"

"Yet, I haven't forgotten that I was once Pu Yu's husband, and I also won't forget that Nuannuan is my daughter. When I was around, I had no choice but choose to be on your side because we needed to

survive, owing them both in the process. Then again, I've already gotten myself involved and about to face the death penalty and leave this world. As a father, I've got to take Nuannuan's side for once.

"Therefore, no matter what you think; no matter how you try to persuade me, it's useless. I've already decided that once I'm captured, you'll only have two choices. First, let Zhong Qianqian save me at all costs. Second, I'll reveal the truth about how you killed Pu Yu and got Nuannuan to transfer her bone marrow to Qianqian. When that happens, not only will you accompany me to hell, Qianqian will have to return that identity to Nuannuan."

Jiang Shuwan looked at Zhong Kuijun in disbelief. "You... You're too much! Zhong Kuijun, I've always known that you're biased, but I've never expected you to be this biased! Have you no conscience?"

"This is called being biased? If I'm truly biased, I would've sided with Pu Yu to kill you who was threatening me. Simultaneously, I would've killed the child in your stomach to end everything. Or I would've waited for you to give birth to her before giving her away. This is what I call being biased."

At this point, Zhong Kuijun suddenly recalled something and added, "Oh, and about Nuannuan's disappearance in the past. You keep saying that you didn't do it on purpose, but I knew that it was intentional. That's because I saw the human trafficker that you've been in contact with on the police's wanted website. At the time, I thought that since Pu Yu was gone, I've lost Nuannuan, and you know so much about my horrible past, I had no choice but to live with you. Even so, you shouldn't act like a two-faced saint in front of me. A vicious woman like you doesn't even have the right to be a two-faced snake."

Jiang Shuwan turned pale with fright. Her limbs started to turn cold.

Even Grandma Jiang, Jiang Hanlin, and Xie Congrong looked at Jiang Shuwan in horror.

After Nuannuan went missing, even though they pitied the child, losing her was undoubtedly a good thing for the Jiang family.

However...

Getting lost and getting sold to human traffickers...

They were two completely different ideas!

In the face of the Jiang family's surprise, Jiang Shuwan was completely defeated by Zhong Kuijun's threat. She sat down on the ground and cried, "I can't live anymore! I can't live anymore! Sobs... Zhong Kuijun, you..."

#### **Chapter 670: The Truth Behind Pu Yus Death**

"Shut up!" Jiang Shuwan was scared.

"Do you think I won't betray you just because you're crying? I'm just setting the ugly words aside. You've been living in luxury with me all the way here, and since I've allowed you to live so many years with my brain all these years, if I get unlucky, you'll definitely not have a good life. So, the outcome depends on you."

“You’re simply...”

“Alright, that’s enough.”

Grandma Jiang wanted to say something but was interrupted by Jiang Hanlin.

Zhong Kuijun had an overbearing and shameless personality. Jiang Hanlin was the chairman of the company on the surface. After spending so many years together, he knew Zhong Kuijun the best.

Therefore, Jiang Hanlin did not think that Zhong Kuijun would be able to change his mind just by saying a few words of anger, pity, or even some words about kinship.

Since he could not do anything about it, he could only help Zhong Kuijun solve the problem. If he could not solve the problem, then he would have to die together with Zhong Kuijun.

“We know what you mean. If you get locked up, we’ll find a way to resolve this. What we need to know now is whether you’ve been targeted because of Cloud Group’s money-laundering or something else. If there is, you have to tell us now. Otherwise, when you get locked up, we won’t even know what happened to you. How will we turn the tables for you, then?”

Jiang Hanlin had always been one of the few people who understood the situation in the Jiang family. After all these years, Zhong Kuijun had been firmly in control of Cloud Group. The relationship between the Zhong family and the Jiang family had always been harmonious.

That was because he knew that he was no match for Zhong Kuijun.

“The other party ordered me to use the Cloud Group’s warehouse to store their goods. I didn’t know what they were storing until they were removed, but they were intercepted by the military at the dock. Only then did I realize that the goods were firearms.

Grandma Jiang clutched her heart and staggered again. She pointed at Zhong Kuijun, her face turning green with anger.

“What? You... You helped someone transport firearms? Zhong Kuijun, what’s wrong with you?! Is this something you can touch? You’re really... Ugh, I’m so angry! I’m so angry! This is unlucky for the family! Unlucky for the family!”

“Shut up! Do you know who caused me to end up like this?” Zhong Kuijun glared at the old lady, making her feel guilty.

“It’s all because of your insatiable greed. Don’t tell me it’s because of me?”

“Of course, it is! Ridiculous!”

When he thought about what had happened back then, Zhong Kuijun was furious.

There should not be anything he should hide at this point, Zhong Kuijun said, “If you didn’t threaten me with photos of me and Jiang Shuwan holding a banquet in the countryside and then make me kill Pu Yu to inherit her wealth, I wouldn’t have been targeted by those devils.

“Do you know that on the second day after we killed Pu Yu, someone sent a videotape to the military base? In the video, there were photos of you threatening me; we discussed how to kill Pu Yu; and then,

we carried out our plan. With all the real evidence of killing her placed before me, they threatened me that if I didn't do as they said, they'd send these to the military court!

"Do you think I don't want to be a good person after inheriting Pu Yu's wealth? If it weren't for you, I wouldn't have to lower myself like this!"

The Jiang family, "...!!!"
