#### Chapter 671: For The Game

After a moment of silence, Grandma Jiang asked, "Yes... Who exactly is that presence?"

"Someone with a powerful background; someone who can go against the military at will! He's not someone that we can afford to go against. All these years, to hide what happened before, I've helped them do more unforgivable things. Understand? Satisfied now?"

"Therefore, if I confess and implicate all of you after I get captured, don't think that I'm being heartless. If you hadn't forced me to do that, I wouldn't have committed so many crimes just to hide a single crime."

After saying that, Zhong Kuijun went upstairs to his study and never came out again.

He could not be bothered to care about what the Jiang family said or discussed on the first floor.

To be frank, Zhong Kuijun could not know for sure whether he had been targeted or otherwise. He simply felt very anxious lately like something bad was about to happen, especially when he used his phone to call Nuannuan earlier. The moment he realized she blacklisted him, this bad feeling intensified.

From that morning at the hospital when he had lost his composure in front of Chi Yang to the time when the military base only asked him a few unimportant questions before letting him go, he felt like he was currently facing the calm before the storm.

The fact that Nuannuan blacklisted him struck him like the first clap of thunder before the storm.

\*\*\*

Unlike the solemn atmosphere at the Zhong family and the Jiang family house, Selina's house was very lively tonight.

After all, she had plans to develop a romantic relationship with Young Brother Leng in the future. Thus, Selina took Young Brother Leng's father's visit very seriously.

Selina asked the butler to send the orders down to clean up the house. Then, she called Zhong Nuannuan and asked her what Leng Jinpeng liked and what he could and liked to eat. After that, she started to get busy.

During this time, Aiden sized up Selina with a resentful gaze. He glared at Selina for a while before turning to his computer. Then, he looked at Selina again for a while before turning back to his computer. Rinse and repeat.

When Selina was almost done with her work, she sat down on the sofa and placed her hand on Aiden's shoulder like a boss. She looked at the portrait that had already darkened on his computer screen and smiled.

"Why? You can't bear to see me get married?"

Aiden glared at Selina. His resentful gaze did not look like one who was looking at his soon-to-be-deceased girlfriend nor soon-to-be-married sister. Instead, it seemed like he was looking at a strong and unshakable love rival.

Selina looked into Aiden's eyes and clicked her tongue in disapproval.

"Do you know what your gaze reminds me of?"

"You're reminded of how cruel you've always been to me."

Selina shook her head. "No."

"You're reminded that our many years of friendship are about to end."

Selina shook her head. "No."

"You think I'm pitiful, and you want to pity me, but you can't because you're laughing madly inside."

Selina shook her head. "No."

"I don't know!" Aiden turned his face away and restarted the game. He did not want to talk to her anymore. There was just too much pain.

If the Almighty was willing to be with him, Aiden truly did not mind being gay for the sake of the game.

He was even more passionate in games than Selina. He was the kind of person who could give up all his time and money for games.

However, despite buying all kinds of equipment and became the person with the grandest equipment in the game, it could not hide the aura of the nouveau riche in him.

#### **Chapter 672: Yes, Hi**

Anyone who was one or two levels lower than him could easily kill Aiden.

One could imagine how furious and depressed Aiden was.

Now that he had finally met SuperBeech...

Yet, why was he not a woman?

If Leng Qirui were a woman—a young and beautiful one at that—Aiden would definitely pursue her seriously and marry her, making her the happiest person in the world.

Even if he turned out not a woman but a man, Aiden would accept a man like Leng Qirui. After all, he was good-looking and had a good figure. As long as Leng Qirui was willing, Aiden was willing to date him sincerely.

However, Leng Qirui would have to be the dominant one.

Yet, after that night of probing, Leng Qirui was utterly uninterested in Aiden.

Looking at the resentful Aiden, Selina smiled smugly and whispered in his ear, "I thought of Zhong Qianqian when I saw your eyes."

"...!!!!!"

"The look in your eyes earlier was exactly the same as the look Zhong Qianqian gave me when she looked at me! There is resentment, envy, and jealousy; that murderous feeling of killing her opponent but there's nothing she can do. The way you looked at me made me want to give you a Camino name. How about I call you Ai Qianqian from now on?"

"Selina, do you have a death wish?!"

With that, Aiden picked up the notebook in his hand and slammed it at Selina's head.

Seemingly used to Aiden's rough treatment, Selina leaped away from the sofa.

After nimbly crossing the back of the chair, she quickly hid under it.

The notebook that was initially aiming at her head changed direction instantly and flew out of Aiden's hand. It spiraled toward the back of the chair and slammed into the wall with a loud whack, creating a tiny crack in the wall before scattering all over the floor.

After the notebook fell to the ground, Selina stood up with a smile and went to pour herself some milk tea at the table.

Aiden merely looked at her angrily and snorted, deciding to ignore her completely.

The servants did not react to the fight between the siblings at all.

When they were fighting, the servants hid far away. When the fight was over, they hurried to clean up the scattered pages.

However, the wall...

Guess they could only ask someone to come deal with it tomorrow.

At that moment, the doorbell rang.

Selina and Aiden both stood up and walked to the door, pressing the button.

The door opened. Selina walked out while holding Aiden's arm lovingly.

Leng Jinpeng and Leng Qirui walked in under the butler's lead.

The first thing they saw was how loving Selina and her brother were.

"Hello, Uncle Leng."

"Nice to meet you, Commander Leng."

One had a sweet voice while the other had a deep and magnetic voice.

Both of them were tall and slender. They had the typical air befitting a gentleman and noble lady from foreign lands.

However, Aiden's words were sweeter than Selina's. After greeting Leng Jinpeng, he looked at Leng Qirui with flirty eyes.

"Hello, Almighty."

Leng Qirui could not help but shiver as he recalled how Aiden tried to make him turn gay several times that night. He was like a startled bird, only nodding with a smile after getting a little closer to Leng Jinpeng.

He had a feeling that Aiden was not joking when Aiden asked him if he was gay.

There was fear.

Leng Jinpeng was originally smiling at the master of the house, but he was clearly startled upon seeing Aiden. After exchanging friendly greetings with the two of them, he turned to Aiden.

#### **Chapter 673: Gifts**

"Pardon me for asking, but are you... the executive vice president of Tianheng Holdings?"

Aiden nodded politely. "Yes, Uncle Leng. If you ever go shopping at Tianheng Holdings in the future, just give them my name and it will all be paid for."

Leng Jinpeng was the commander-in-chief of the military base, and he was also the son of a second-tier wealthy family in Emperor District. Leng Jinpeng definitely had his own principles.

"How can I do that? I can't take what I don't deserve. I should be the one who's glad that I can get to know you, Mr. Aiden, and thank your sister for saving my son."

"Uncle Leng, come in and have a seat!" Selina said to Leng Jinpeng with a smile.

"Okay."

"Please, Commander Leng."

"Please."

Leng Jinpeng walked in front with Aiden leading the way, while Selina followed behind. She gestured to Leng Qirui with a fist.

Leng Qirui, "..."

What did he do? He did not do anything to her! Why was she threatening him with her fist again? Had she gone nuts?

Selina, on the other hand, was reminded of how Leng Qirui had called her a tomboy once she laid eyes on him.

While Leng Qirui still acted like a little puppy in a daze, Selina straightened her D-cup chest, which scared Leng Qirui so much that he quickly dodged to the side, trying to avoid her murder weapons. However, he tripped and nearly fell.

Selina saw that and reached out her hand.

Leng Qirui, who was falling backward, got caught in Selina's arms easily.

His body was pressed tightly against her impressive murder weapons.

Leng Qirui, "...!!! So soft, so Q, so bouncy!!!"

As though someone turned on the tap, Leng Qirui's nose started to bleed from the close contact.

Hearing the commotion, Leng Jinpeng turned around and saw the unbearable scene, "..."

Aiden, who planned to be gay with the Almighty, stared down at his own flat chest when he witnessed how the Almighty bled so viciously at Selina's murder weapons. Wait, no. All thanks to his chest pecs, he could consider his breasts... Yet, they were definitely not D-cup.

Aiden, "..."

With Leng Jinpeng's help, Leng Qirui managed to stop his nosebleed. Leng Jinpeng's smile stiffened as he said, "Excuse us. Lil Rui's blood platelet count has always been low since he was young. That's why he often has nosebleeds."

Aiden and Selina quickly said that they were fine. Then, the four of them entered the house very politely.

"Miss Selina, thank you for saving Lil Rui today. It's my first time visiting your home, and I didn't know what you liked, so I bought you some supplements. I hope you don't mind."

Selina was delighted to hear that her future father-in-law bought her a present.

"Thank you, Uncle Leng. I'm so happy that you gave me something. Why will I reject it?"

Leng Jinpeng said politely, "I heard that it's something trending among girls, so I bought it. Since it's cheap, I bought a little too much. I've already asked the butler to deliver it. It's right outside the door."

"Okay, okay. I'll get the butler to pick it up right away." Selina was very happy to hear that it was something girls liked, and it was also a supplement that was ingestible.

It was no wonder that Big Boss had such a good impression of Uncle Leng. Uncle Leng was handsome and also the commander-in-chief. More importantly, he knew exactly what to do.

If only Young Brother Leng could be half as manly as Uncle Leng in the future. She would love him to death.

The butler brought in bags of wrapped gifts. Selina immediately said, "Butler, here, put them on the table."

Since she was a gracious hostess and sometimes hosted parties, Selina's table was huge enough to accommodate 18 people.

[My Sweet Physician Wife Calls The Shots](#)

**Chapter 674: Power Move**

Missing not even one out of the hundred bags of gifts, the butler immediately ordered the servants to place all the gifts on the table.

“So many of them! Can I take a look inside?”

Leng Jinpeng nodded politely. “Of course.”

Thus, Selina opened one of the bags to reveal a yellow box.

At first, Selina held the box and looked at the back of it. When she saw the beautiful packaging, she wondered if it was something delicious.

Frankly speaking, as long as it was a gift from her future father-in-law, Leng Jinpeng, she would be happy enough even if he gave her a hundred bags of spicy sticks, what more supplements.

However, when she turned the box around and saw the words ‘Mrs. Jingxin Oral Liquid’ written on it, Selina felt her mood crashing.

Aiden’s eyelids twitched uncontrollably.

Holy cow!

What a power move!

He actually gave the little cheetah in their family Mrs. Jingxin Oral Liquid!

That was something that all the bros in the world would never dare to do!

He silently praised Mr. Leng.

Great job!

666!

What kind of person was Leng Jinpeng? The moment he noticed the crack in Selina’s polite facade, Leng Jinpeng realized something was amiss.

Leng Qirui was afraid that the Tyrannosaurus Rex would not accept the gift. So, while his father was there to take the blame, Leng Qirui quickly asked, “How is it? Do you like this gift?”

Selina looked at Leng Jinpeng and forced out an ugly smile. She was about to say that she liked the gift when Leng Jinpeng asked, “Selina, judging from your face, is there a problem with this gift?”

There was definitely more than a problem with this gift!

Selina was on the verge of tears. She immediately shed her seductive persona and asked pitifully, “Uncle Leng, who... Who told you that this is something trending among girls?”

Leng Qirui was afraid that his father would say it was him, so he quickly pinched his father’s waist. However, he accidentally pinched his father’s butt instead.

Leng Qirui, “...”

Leng Jinpeng, “...!!!”

Therefore, Leng Jinpeng sold off his son without hesitation.

After all, he was an elder. If there was really something wrong with the gift, he must not let himself be the scapegoat!

“Lil Rui asked me to buy it. He told me girls like this.”

Leng Qirui looked at his father in disbelief. No matter how strained their relationship was, his father would always strive to protect Leng Qirui from harm.

His father was a changed man!

“Leng. Qi. Rui!”

Hearing that it was Leng Qirui who instigated Uncle Leng to buy this, Selina could not hide her anger anymore.

Knowing things took a turn for the worse for him, Leng Qirui started to run away.

As he ran, he shouted at the top of his voice, “Help! Murder—”

Before he could finish his sentence, Selina had already leaped into the air and beat Leng Qirui up right in front of Leng Jinpeng. She knocked him down so hard that he could no longer stand up. In the end, it was Aiden who helped Leng Qirui up gently to the sofa.

Leng Qirui lay on the sofa and looked at the stunned Leng Jinpeng.

“Dad, you’re my biological father! Really!”

Leng Jinpeng threw a look of disdain at his son being beaten black and blue by a girl.

“Serves you right!”

Seeing that Selina was so angry that she beat up her son, Leng Jinpeng decided to understand the whole situation clearly.

“Selina, what’s this for?”

Even though she just beat someone up, she still looked like she had just gotten bullied.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 675: Stupid**

Selina said in an extremely aggrieved manner, “This is something usually given to women on the verge of menopause. It’s to help them get through their menopause without losing their temper.”

Leng Jinpeng glanced at his bruised and battered son and could not help but comment, “You deserve it!”

He actually made him, an elder, lose so much face!

Irking!

Leng Qirui immediately shouted in an aggrieved manner, “I didn’t know that this was for women in menopause. I often came across this advertisement. I thought that Mrs. Jingxin Oral Liquid will calm her down after drinking it—something that will make her stop beating me up. You have to believe me!”

However, Leng Jinpeng, who had been tricked once, and Selina, who was annoyed at Leng Qirui for thinking of her as a tomboy, refused to believe his nonsense.

Men were all untrustworthy pigs!

Other than the time when Chi Yang forgot that he drove the car away and drove it back, Leng Jinpeng had never felt so embarrassed before.

They went to thank Leng Qirui’s benefactor, but he ended up giving a young and beautiful girl in her twenties supplements meant for menopause.

Leng Jinpeng waited to get to the main topic until after Selina had calmed down.

“Selina, thank you for saving Lil Rui today. Without you, Lil Rui might really be in danger.”

Selina was an extremely smart person. She knew that Leng Jinpeng had seen through everything when he mentioned that Lil Rui might really be in danger. She understood that Leng Qirui would not have been in much trouble even without her.

Therefore, Leng Jinpeng must have known that she was the one who framed Ye Hai in this matter today.

Meanwhile, as for the matter of how Leng Jinpeng found out, Selina believed that it was not Leng Qirui who told Leng Jinpeng that.

Although Leng Qirui was stupid, he was not one to fool around. Ye Hai tried to murder him time and time again, and Leng Jinpeng defended him. It was not easy for him to find an opportunity to topple Ye Hai, so why would he foolishly run over and inform Leng Jinpeng?

Since Leng Qirui was not the one who said it, someone must have found out.

Normal police officers would not be able to tell that she did it. The person who had done it must be a hacker.

Selina investigated Leng Jinpeng long ago.

Even though this commander-in-chief was no longer in good shape, he used to be No. 1 in the special forces team when he was young. She would not believe that such a person did not possess the ability to hack.

Seeing how Leng Qirui and his father were on such good terms, Leng Qirui must be very satisfied with everything that unfurled today.

Therefore, Selina admitted very generously, “Uncle Leng, you don’t have to thank me. Actually, what happened today has nothing to do with him. It was Jiang Hongyi of the Jiang family who wanted to play the hero to save the damsel in distress, but Ye Hai found out. Not only did he not help Leng Qirui, but he also wanted to see Leng Qirui hurt and then, play the hero to save the damsel in distress. In his eyes,

Leng Qirui's belongings are his, so he wanted to snatch Leng Qirui away because he's on good terms with me. I'm just playing along and teaching him a lesson."

Leng Qirui, who was lying dead on the sofa, widened his eyes. "What? F\*ck! You're the target of those gangsters today? Selina, you liar!"

Looking at his son lying on the sofa with his face bruised and swollen, Leng Jinpeng could not help but facepalmed himself.

He had been wise all his life, so how could he have given birth to such a single-celled organism?

### My Sweet Physician Wife Calls The Shots

#### **Chapter 676: Extreme Stupidity**

Selina looked at Leng Qirui with contempt.

"Tsk tsk, did you spend all your brains on games? So, you're blaming me now? You're blaming me for helping you turn the tables around? You want Uncle Leng to continue being kept in the dark while you continue to be framed by Ye Hai, continue flying into a rage like a fool? Is that what you want?"

"What do you mean by acting like a fool? Selina, can you not be so venomous with your words?" Leng Qirui was beaten black and blue, but he still could not remember how the pain he would feel from contracting Selina.

Leng Jinpeng, "... What did she mean by being kept in the dark? Did he look like that fool, Leng Qirui?

Unable to bear how horrible Leng Qirui's handsome face was beaten up, Selina decided against retorting after thinking about it.

Forget it, forget it. She could afford to love her own man.

She could tolerate him this one time.

"Uncle Leng, I know it's wrong of me to do this, but Ye Hai is a cunning and nasty person. You have no idea how much Leng Qirui has suffered in his hands since he was young. That's why I did this. I hope you can understand my actions."

Leng Jinpeng nodded. "Although what you did was wrong... thank you for helping Lil Rui."

Seeing that her future father-in-law was a big-picture thinker, Selina immediately smiled sweetly.

"You're welcome. Leng Qirui and I are friends, so helping him is only right."

The servants served tea to Leng Jinpeng and his son, and dinner was soon served.

Leng Qirui glanced at the light vegetarian food on the table. Even if there was meat, it was definitely not those fancy types. He could not help but complain, "F\*ck, my dad finally came here, and you're treating him to a vegetarian meal!"

Selina rolled her eyes at Leng Qirui and ignored him. She arranged for Leng Jinpeng to take a seat. "I called Nuannuan earlier and asked her about some things to take note of. Nuannuan said that you're currently in treatment, and it's not suitable for you to eat something with too much oil."

Leng Jinpeng chuckled good-naturedly. “Yes, yes, yes. We’ll listen to Little Girl Nuan.”

Leng Qirui was a person who liked meat very much. When he saw the vegetarian dishes on the table, he instantly lost his appetite. However, since it was what his father required, he endured it.

Unexpectedly, as soon as they sat down, the chef served Leng Qirui’s favorite prawns, crabs, beef, and mutton. There were almost ten dishes in total, but they were all in small exquisite portions.

Looking at how his favorite dishes filled the table before him, the badly bruised Leng Qirui felt a little embarrassed. He looked at Selina and asked, “Everything’s at my place. Aren’t you having any?”

“No. I’m a vegetarian today.”

Leng Jinpeng watched how Selina and his son interacted with each other, and for some reason, he felt that they were a perfect match.

His son was a single-celled creature. Not only did he have low physical strength, but he also liked to act cool. Such a person was the most vulnerable in society.

Although Selina looked innocent on the surface, she was much livelier than her cool son, but she never showed mercy when it was time to educate his son. Neither was she hesitant when she needed to protect his son.

If his son could be in a relationship with Selina, it would be like finding a teacher-style girlfriend.

She was a teacher who was also a friend. As a bonus, she even possessed high combat strength. Even though Leng Jinpeng’s son would basically keep getting punished by a girlfriend like her, Leng Jinpeng believed that he would be relieved in this lifetime if his son could be with her.

However...

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 677: Tear-jerking Stupidity**

That assumption was also built on the basis that Selina was not of unquestionable identity.

Yet, in his opinion, Selina’s identity was a big problem.

Especially the gentlemanly Aiden beside her.

He knew this person very well. Many people from wealthy families in Emperor District were secretly investigating this Vice President of Tianheng Holdings, but the information they could find was very limited.

Until now, the identity of the CEO was still a mystery.

Meanwhile, he was not extremely concerned about who Selina was. At most, he would ask Leng Qirui to spend less time with her.

Since he was here today, he must find out something about them.

“Selina, are you close to Nuannuan?” Leng Jinpeng asked.

Selina nodded. "Yes, very good."

"Oh! I heard from Lil Rui that Nuannuan is your big boss. The two of you know each other because you were bitten by a snake when you were touring Nuannuan's village. Nuannuan saved you, so she became your big boss."

Selina had just taken a sip of red wine. Surprised by Leng Jinpeng's story, she almost spat it out.

Although she did not spit it out, it was not much better. She choked...

Although Leng Qirui was beaten black and blue by this tyrannosaurus, he could not help but reach out to pat her back when he saw how badly she was coughing.

That scene...

Ahem. Leng Jinpeng felt that ever since he ate so much dog chow from Chi Yang and Nuannuan, other dog chow from anyone else would not seem too excessive in comparison now.

(Leng Qirui, 'Am I anyone else? Angry!')

When Selina finally cleared her throat, she looked at Leng Qirui curiously. "Did you trick your father or did Nuannuan tell you that?"

Selina's question made Leng Jinpeng involuntarily raise an eyebrow.

So, Selina admitted that it was a lie, and she probably had no intention of hiding Nuannuan's real identity?

Seeing Selina's attitude, Leng Jinpeng's initially anxious heart felt a little calmer.

Leng Qirui stared at Selina expressionlessly and asked, "Didn't you get bitten by a snake and got to know Nuannuan after she saved you?"

"Of course, not! Am I that stupid to be bitten by a snake?"

Leng Qirui, "...!!!"

It was there and then that his brain cells connected.

Damn!

The Tyrannosaurus Rex lied to him!

This was too much!

"Then, how did you two meet?" Leng Qirui asked.

Selina grinned at Leng Qirui. "You want to know?"

"What nonsense is that? Of course! We've known each other for so long, and I don't even know what your relationship with that ty... with Zhong Nuannuan is. How is this reasonable?"

Selina giggled. "I'm not telling you!"

Leng Jinpeng, who had been waiting for an answer, was slightly disappointed.

Actually, he could have asked, but out of respect for Nuannuan, he decided to ask Nuannuan personally after seeing her tomorrow.

However, figuring out Nuannuan's real identity was imperative. He believed that a considerate girl like Nuannuan would understand his good intentions.

Seeing that Selina was unwilling to talk about herself and Nuannuan, Leng Jinteng changed the subject.

"I heard that Miss Selina is the daughter of Duke Eton of Luntan?"

"Yep." Selina had nothing to hide when it came to this. After all, with everything that was going on around Nuannuan, there was nothing she had to hide anymore. Thus, she admitted it generously.

"yet, as far as I know, Duke Eton only has two daughters, but Mr. Aiden is your elder brother. Are you two not related by blood?"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 678: Sabotage**

"Of course not!" Selina and Aiden answered in unison.

The two of them exchanged glances. There was a profound look in their eyes as if they were looking at a love rival.

"Me, Aiden, Nuannuan, and three other close friends grew up together. As we relied on each other to survive, even though we're not biological siblings, we're closer than real siblings.

Leng Jinteng thought that Selina would not talk about Nuannuan anymore and was pleasantly surprised that Selina brought Nuannuan up again.

"What? You and Nuannuan grew up together? Where did you two grow up? Is it a rural village in a remote mountain area? Or is it a farming district that she mentioned?"

"That's enough!" Leng Jinteng felt his head hurt.

He felt that his silly son had grown into a worrying character.

"Why is that enough? Dad, didn't you notice the bug in this? Nuannuan said that she was abducted by human traffickers when she was three years old. A farm family in the farming district bought her and she grew up there. Now, Selina says that she grew up with Nuannuan and Aiden. Selina is the daughter of Duke Eton, and Aiden is the Vice President of Tianheng Holdings. Do you still believe that Nuannuan is a farmer?"

Leng Qirui felt as if he had discovered a new world. He ate his steak with relish while analyzing his own guesses.

Leng Jinteng was so angry that he did not want to eat anymore. He looked at Leng Qirui in disdain.

"Bug? I think you're the biggest bug!"

"Wahahahaha..."

Selina burst into laughter at Leng Jinteng's words.

Leng Qirui felt embarrassed after being scolded. “How am I a bug? I’m the Almighty, alright?”

“I think you’re mighty.... stupid.”

“Dad— How can you sabotage your son like this? Did I say something wrong? Don’t you think that there’s something wrong with Nuannuan’s identity?”

At this point, it finally dawned on him that he said something very wrong.

His father was the commander-in-chief of the military base, and Nuannuan was marrying Chi Yang.

If there was something wrong with Nuannuan’s identity, would that not mean that she would be unable to marry Chi Yang?

At this moment, Leng Qirui simply wished for nothing more than to tear his mouth apart.

What now? What now?

If the Tyrannosaurus Rex and Big Brother Chi knew that he said something he should not have, would he still be able to see the sun after today?

Selina and Aiden watched the father-son duo argue with each other with a smile, bewildered at how a smart person like Leng Jinpeng could produce a stupid son like Leng Qirui who only had one brain cell.

Leng Jinpeng felt rather awkward by Leng Qirui’s blabbermouth. Leng Qirui lost all courage to say anything else too, and the atmosphere became a bit tense.

Selina smiled and said, “It’s true that Nuannuan isn’t from some farming district. Like us, she grew up abroad and received the best education.”

“But wasn’t she trafficked at the age of three?” Leng Qirui could not help but interrupt again.

Leng Jinpeng could not stand it any longer, so he rebutted Leng Qirui. “Trafficked, trafficked... You have to be sold to be called trafficked! Perhaps the person who bought Nuannuan does come from a good background?”

“Yes, we’re all children from the orphanage. Nuannuan was initially kidnapped and sold to a foreign couple. The couple was quite nice to her, but it didn’t last long. When Nuannuan was four, the couple died in a car accident, and Nuannuan became an orphan.”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 679: Nuannuans Identity**

“We met at that orphanage. The six of us were orphans from that orphanage.”

Leng Jinpeng nodded. “I see. Then after Nuannuan...”

Selina smiled and said, “Uncle Leng, you should ask Nuannuan what happened after that. I’m sure Nuannuan will tell you her real identity.”

Since Selina dared to say that, it meant that there was nothing wrong with Nuannuan’s identity. Leng Jinpeng sighed in relief and nodded. “Alright. I’ll talk to her in private.”

“Yes. I also know that if Nuannuan wants to marry Chi Yang, her identity has to be clear. Since Nuannuan didn’t know that Chi Yang made the marriage report, this can’t be considered as Nuannuan deliberately deceiving the organization.”

“Yes. This indeed has nothing to do with Nuannuan. However, now that I know that it’s not Nuannuan’s real identity, I have to clarify her real identity before she marries Chi Yang.”

“Of course. Uncle Leng, feel free to investigate. There will be a surprise for you.”

Leng Jinpeng, “... Hehe, as long as it doesn’t give me a scare.”

Leng Qirui juttled in. “Surprise? What surprise? Tell me!”

“Go ask Nuannuan!”

Glaring at Selina, he pursed his lips and said, “What kind of friend are you?”

\*\*\*

Zhong Nuannuan and the old master left with a cart of raw stones. Ling Li and Ling Pinyuan were furious, but she dared not do anything to Zhong Nuannuan in public.

This was especially so for Ling Pinyuan. Whether it was her looks, figure, wealth, or physical strength, she realized that she could not compare to Zhong Nuannuan except for her family background.

It felt like her pride had gotten stomped on, and she could not take this no matter what.

However, Ling Pinyuan was a smart woman. She looked down on weaker opponents and did not bother to deal with them. However, when her opponents were much stronger than her, she did not dare to provoke them.

She was different from Zhong Qianqian and Ou Mingxi, who were self-absorbed and crazy, like a moth that kept flying toward the light.

After the incident with Zhong Nuannuan, Soaring Clouds Pavilion was temporarily closed.

When Luo Mengying saw that Ling Pinyuan had a mistake and there was a stern expression on Ling Li’s face, she left first.

After Luo Mengying left, Ling Pinyuan immediately knelt before Ling Li and admitted her mistake.

Ling Li had thought it through before. After all, Zhong Nuannuan saved his life. Even a piece of imperial jade could not buy it back.

However, as he watched Zhong Nuannuan pushed the cart of raw stones out, the more he thought about it, the angrier he got.

What if there were more imperial jade in there?

Even if there were no imperial jade in there anymore, what if there was another ice-type jade?

“Do you know how much Soaring Clouds Pavilion and the Ling family lost because of your temper?”

Ling Pinyuan knelt on the ground and lowered her head without saying anything.

Ling Li continued, "She managed to pick an imperial jade from the pile of raw stones at one glance. Can you guarantee that there is no jade in the other raw stones that she chose?"

Ling Pinyuan, "... " This was also what made her angriest too.

"Grandpa, this is my fault. I know I'm wrong. I've seen her pile of raw stones before. Don't worry. Although I can't guarantee that there won't be any more, even if there are, there will only be one or two, and it shouldn't be any valuable jade."

With Ling Pinyuan's guarantee, the anger in Li Liang's heart dissipated a lot.

### My Sweet Physician Wife Calls The Shots

#### **Chapter 680: Mole**

"Even so, do you know what kind of income five billion would bring to the Ling family?"

"Grandpa, I know that because of my stubbornness, the Ling family has lost a lot today. Like what Zhong Nuannuan said, even if she didn't take any imperial jade today, someone else would anyway. Anyway, Soaring Clouds Pavilion wouldn't have cracked open the raw stone anyway, right? Moreover, so many people saw Zhong Nuannuan pick the imperial jade today, and was found in our Soaring Clouds Pavilion. Perhaps our business will improve because of this?"

"Nonsense, of course! Are you saying I should thank you now?"

Ling Pinyuan, "... "

"I don't care what method you use. Since Zhong Nuannuan has snatched the boyfriend that you have set your mind on, you should intercept and give her a choice to make. Either you step into her relationship with Chi Yang, or she should give up this imperial jade."

Ling Pinyuan looked at Ling Li in disbelief.

"Grandpa, but Zhong Nuannuan has already given it to Chi Yang's grandfather."

"I don't care about that. You're the one who caused this trouble, so you have to think of a way to deal with it. Either you do as I say and finish it off, or you break off all ties with the Ling family. From then on, we'll go our separate ways."

Actually, when he first woke up, he thought that he could figure it out, but with his life returning and his body improving, he started down this rabbit hole again.

Zhong Nuannuan, a woman who had nothing, relied on his Soaring Cloud Pavilion to become as powerful as the Ling Corporation.

How could he get over this?

"Grandpa! I can't do this!" Ling Pinyuan refused directly.

"What did you say? You dare say no again?"

"Grandpa," Ling Pinyuan said with difficulty. "I know this is my fault. I shouldn't have made a bet with Zhong Nuannuan and lost so many of the Ling Family's raw stones. But Grandpa, you said before that

you would give me the right to handle 15 raw stones. So, when I made a bet with Zhong Nuannuan, I didn't say that I would bet 20 stones. Instead, I bet 15 stones. Can't you treat it as giving me those raw stones?"

Although Ling Pinyuan hated Zhong Nuannuan, she still felt a little nervous when she thought about having to face that peculiar woman again.

She was merely the daughter of a commander, and she had come from the countryside. How could she be so skilled?

Since she fought with Zhong Nuannuan twice, she was able to convince herself otherwise the first time. However, in the second time, she lost to the other party in one move. She knew that there was more than meets the eye about this woman.

Could it be...

After Zhong Nuannuan got kidnapped and sold by human traffickers, she joined some organizations that she should not have joined. Now that she was near Chi Yang, did she have an ulterior motive?

Ling Pinyuan suddenly felt enlightened and thought that she had discovered something new.

If that was really the case, then could she be the one who set Chi Yang up last time?

Meanwhile, was she the mole in the military base?

Undeniably, Ling Pinyuan did possess some form of intelligence. Unfortunately, she made her guesses in the wrong direction from the start.

Ling Li was about to criticize Ling Pinyuan when Ling Pinyuan told Ling Li her guess.

Ling Li's eyes lit up with hope.

"In that case... Zhong Nuannuan may be the mole, and she's also a killer. She has used her family to return home and snuck to Chi Yang's side to obtain information?"
