Chapter 711: Little Bunny

Under normal circumstances, everyone would be terribly horrified by Chi Yang's cold aura. With this aura around, no one was willing to go near him.

However, now that they were looking at a soft, cute, youthful, and beautiful woman by the name of Zhong Nuannuan—who possessed the kind of unique sophistication that other women did not have—everyone's male hormones were triggered. For the sake of their marriage, how could these officers afford to think about Chi Yang and his explosive aura?

Even if there was a saber hanging in front of them, everyone would rush forward to have a go. They wondered if the saber would kill everyone else and leaving them the sole winner?

The idea of having a soft and cute wife truly went into those soldiers' hearts.

Seeing that someone disregarded death and started heading over to the commander's general direction without even cleaning up their plates...

Chi Yang, whose hair was standing on end, could no longer suppress the primitive power in his body. He walked towards the two soldiers who challenged death...

If this person were to punch those two officers, they would probably be severely injured, right?

These people probably had rankings above lieutenants. If they were injured because of this, it would not be good if word got out, right?

Therefore, the moment Chi Yang moved, Zhong Nuannuan moved forward slightly, blocking his path.

"Don't..."

Chi Yang wanted to say, 'Don't worry about it. Let me teach these brats a lesson. We'll see if they still dare to set their eyes on my wife in the future.' However, Zhong Nuannuan had already tiptoed and kissed Chi Yang on the lips.

Zhong Nuannuan initiated the kiss!

They kissed in front of hundreds of officers!

Even though this kiss did not last long, everyone could see it clearly.

This little bunny girl was Captain Chi's precious fiancée!!!

However, thinking about it, such a cute little bunny, even the most ferocious lion would not bear to eat her up, right?

If he ate the bunny, she would be gone forever. If he took good care of the little bunny, he would be able to feast his eyes every day when he returned home!

After being kissed so gently by his little wife in public, Chi Yang, who was originally furious, instantly felt his hair follicles get smoothened down.

It was as if a lion that was about to eat someone had suddenly turned into a loyal dog that was biting its tail. It was obedient and no longer glared at the enemy.

The storm in his eyes quickly dissipated in the kiss.

At that moment, the way he looked at his partner was so gentle and deep. Meanwhile, his partner, the little bunny girl, was looking at him with such adoration and love. Facing the living Guardian of Hell, who was also known as the God of Death, most officers could not help but feel apprehensive. No one could imagine how such a pure and cute little bunny would be destroyed in the hands of this living Guardian of Hell.

Perhaps the Guardian of Hell would be better when he was not angry, but once he was in a bad mood and got angry just like before, where his piercingly cold aura rush out like a waterfall. What would she do when he shouted at her?

At this moment, Nuannuan saw that her Big Brother Chi Yang's fluffed-out fur had been soothed. She smiled at him happily.

Everyone watched as the little bunny looked at the cold-faced Guardian of Hell with her pure and cute face. Thinking about how she might be eaten alive one day, everyone broke out in a sweat for Nuannuan.

They all wanted to scream—

'Little bunny, run!'

Chapter 712: Flee

The two officers who attempted to approach Leng Jinpeng to introduce them to their potential mate were so scared that they turned around and ran away without even picking up their plates when they found out that Nuannuan was Chi Yang's fiancée.

After walking out for a while, they only returned only after the cleaners came over. They quickly cleaned up the food plates that had fallen on the floor and the spilled rice. Not daring to eat anymore, they quickly ran away.

After knowing that Nuannuan was Chi Yang's fiancée, the officers quickly retracted their gazes.

They did not doubt what would happen if someone as vicious as Chi Yang bore a grudge against them.

Even though they could not help but pray and mourn for the little bunny, no one dared to look over.

After Chi Yang used his aura to scare away the other male creatures, he sat down beside Nuannuan like a loyal dog.

Then, everyone realized that after the four of them sat down, it was Chi Yang and... Commander-in-chief Leng Jinpeng, who stood up to fetch food for the little bunny and the old man.

Only then did everyone shift their focus onto the old man.

Although the old man was in already his seventies or eighties and wore simple clothes, the aura that he gave off was strong without having to be angry, and even though he was smiling, it could not hide his superior presence. Everyone guessed that this old man was not an ordinary person.

Taking a closer look, the old man looked somewhat similar to Chi Yang.

Instantly, the old man's identity became clear.

The military base kept the identity of the officer's family a secret. However, as a popular person in the military base, many people knew about Chi Yang's family situation.

He came from a village and lost his parents when he was young. He was raised by her grandfather.

It seemed like...

Even though this old man came from a village, there was more to him than meets the eye!

The four of them were originally seated at a four-seater table, but Qu Mingyi, the chief of staff, arrived the moment the dishes were served.

Qu Mingyi's face lit up when he saw Chi Yang and the rest.

"Commander-in-chief."

Leng Jinpeng, "..."

He looked at the smug chief of staff and asked in a convoluted tone, "Why are you here? Didn't you say that your wife and children are here and you took a day off just to spend time with them?"

"Yes." The chief of staff nodded.

"Then, why are you here?"

"Our family is treating you to a meal tonight. I guess that you're eating here, so I came to invite you."

Leng Jinpeng, "..."

Seeing that Leng Jinpeng was hurt again, Zhong Nuannuan could not help but burst out laughing.

Previously, she thought that Leng Qirui was very pitiful, but now, she was convinced that the saying 'a tiger would not give birth to a puppy[1]' applied to these two here. Baby Tiger was pitiful, but Daddy Tiger was even more pitiful than Baby Tiger.

Nuannuan smiled, and Chi Yang's expression softened. Even the old master laughed at this single dog with everyone else.

Leng Jinpeng felt that everyone directed all the malice in the world towards him.

"Nuannuan, this is..."

Seeing that Nuannuan was closer to the old master, Qu Mingyi thought that old master was someone related to Nuannuan.

"This is my Grandpa."

Nuannuan's introduction pleased Old Master Chi and Chi Yang.

Chi Yang introduced, "This is my Grandpa. He just came from Emperor District to visit Nuannuan."

Qu Mingyi quickly reached out to shake the old master's hand. "Greetings, Old Master. Welcome to the Jiang District military base to see our serious and not lively family. As the chief of staff and Chi Yang's superior, I'm very grateful that you have nurtured such an outstanding officer for our military base."

Old Master Chi stood up and shook Qu Mingyi's hand. "Hello, Chief Qu."

[1] This saying is usually used to praise someone and their next generation to be as excellent as their parents. In this context, Nuannuan laughed at Leng Qirui for suffering the same fate as his father.

Chapter 713: Sour

"Old Master, my wife wants to treat the commander-in-chief to a meal tonight. Chi Yang and I have always been on good terms too. Since this is your first time in Jiang District, would you give me some face and have a meal together?"

"This..."

"It's okay, Grandpa. The chief of staff is quite close with us. Let's eat together."

Since Chi Yang had spoken, the old man had no reason to turn down the offer, so he agreed.

Of course, since they invited the Old Master, Chi Yang and Nuannuan had to go as well.

Hence, after the chief of staff invited his guests, he left happily.

Seeing Qu Mingyi's vigorous footsteps, Leng Jipeng could not help but pout.

What was the big deal?

They only met once a year! They were nothing more than reenacting the tale of Cowherd and Weaver Girl.

After Qu Mingyi left, the four of them happily had lunch.

When they were about to finish eating, Zhong Kuijun walked in. When he saw Zhong Nuannuan, he was agitated.

Just as he was about to walk forward to greet her, someone bumped into his back.

Zhong Kuijun stumbled and almost fell.

He was about to scold the person when he realized that it was a female soldier who bumped into him.

At that moment, the female soldier had already walked in the direction diagonal to her and was walking towards Nuannuan. At second glance, was this not the young lady from Jiang District's super-wealthy Ling family?

She was a female soldier in the special forces. She should be here to see Chi Yang, right?

When Zhong Kuijun saw Ling Pinyuan's aggressive look, he prepared to stay and observe the situation.

Now that he had been blacklisted by Nuannuan, she refused to answer his calls. To put it bluntly, Nuannuan was so disappointed in him that she put him in the same category as Jiang Shuwan.

Zhong Kuijun regretted it so much.

He clearly wanted to compensate Nuannuan.

Qianqian had taken over her identity and she had nothing left. He had decided to make it up to her, so even when he found out that Nuannuan slept with Chi Yang, he did not blame her too much.

Actually, he really wanted to see Nuannuan and Chi Yang get together. Who knew that halfway through, Wang Gangyi would step in and destroy the father-daughter bond between him and Nuannuan.

At that moment, Zhong Kuijun pushed all the blame onto Wang Gangyi. He did not think that it was inappropriate for him, as a father, to ask his daughter to break off the engagement for his own benefit.

However, now that things had reached this point where Nuannuan no longer cared about him, the bad premonition that he had was growing stronger by the minute. He did not have his upline's contact number, so before Zhong Qianqian returned to her influential family, he must patch up his relationship with Nuannuan. This way, not only would the military base not be able to find any evidence against him, even if they did, they would go easy on him on account that he was Nuannuan's father.

In this way, without any evidence, even if they suspected him, they would not go too far for Chi Yang's sake. Furthermore, Qianqian was about to obtain a high status. To continue being someone else's granddaughter and live like a lady from a wealthy family, she would spare no effort to save her father.

Therefore, his priority was to mend the father-daughter relationship with Nuannuan.

Zhong Kuijun decided that if Ling Pinyuan planned to mess with Nuannuan, he would immediately speak up for Nuannuan, letting her understand that he was her support. Without him as her backer and without the support of Cloud Group, a mere Ling Pinyuan could walk all over Nuannuan.

Chapter 714: Provocation

Zhong Kuijun investigated Ling Pinyuan before. She was the daughter of the Ling Group and the second lieutenant in the special forces. She had her eyes on Chi Yang for a long time.

Initially, Zhong Kuijun was afraid that Ling Pinyuan would beat Zhong Qianqian to Chi Yang, so he invited Chi Yang to their house on Zhong Qianqian's birthday. He was also the one who discreetly allowed Zhong Qianqian to drug Chi Yang.

Therefore, when he saw Ling Pinyuan's aggressive manner, Zhong Kuijun guessed what was happening.

Sure enough, after Ling Pinyuan bumped into him, she directly rushed to Leng Jinpeng's group and performed an extremely standard and powerful military salute to Leng Jinpeng.

"Commander, I have a complaint, sir!"

Fortunately, everyone was almost done eating. Otherwise, they would not have much appetite when they saw Ling Pinyuan.

Ling Pinyuan's voice was very loud. Their table was already very eye-catching in the first place, so when she shouted loudly, this table immediately became the center of attention.

Leng Jinpeng knew about what happened at Soaring Clouds Pavilion yesterday, so he was extremely displeased to see Ling Pinyuan. However, as the commander-in-chief, he had the obligation to listen to every soldier's request and complaints, along with helping them resolve said issues.

"If you have anything to complain about that requires my attention, you can see me at the commander-in-chief's department."

After all, Ling Pinyuan had made a few contributions before, and she could be considered a respected contributor to the military base. Even though he knew that she was completely in the wrong yesterday and that she was the one who was stirring up a storm with her complaint today, Leng Jinpeng still wanted to give her a chance.

However—

Many people did not know how to cherish opportunities when they had them, and they would only regret it when they lost them.

Obviously, Ling Pinyuan was such a person.

"If I went to your office at one o'clock to complain, you probably wouldn't deal with this matter. You might even cover it up. Therefore, I want to lodge a complaint in front of all the senior officers of the military base in the hopes that the commander-in-chief can handle this fairly, justly, and openly!"

"You haven't even said what it is yet, and you're already claiming that I'll abuse the law? Isn't that a little irresponsible?"

Ling Pinyuan stumbled a little at his words. However, when she saw Chi Yang and Zhong Nuannuan's loving expressions and thought about how Zhong Nuannuan defeated her twice yesterday, Ling Pinyuan refused to bow down.

She felt that even if Chi Yang hated her forever for what she did today, forever pushing her out the door, this was something that she must do.

This was because by doing so, she could completely defeat Zhong Nuannuan, who was so smug in front of her. Secondly, she could make another contribution to the military base by digging up Zhong Nuannuan's sh*t.

Therefore, whatever Ling Pinyuan could not get, she would not let Zhong Nuannuan have it either.

"It is indeed my fault for doubting you like this, sir! In my heart, you have always been an upright, strict, tolerant, and open-minded person. Thus, I have all the reasons to believe that you will handle this matter properly. It's just that I don't believe some people. After all, some people are too good at disguising themselves."

Ling Pinyuan then glanced at Zhong Nuannuan.

However, Zhong Nuannuan ignored her and continued her war against food.

Even though Zhong Nuannuan was well-off, she was a foodie. She had a good appetite and was not picky about food. No matter how luxurious the food was or how cheap the lunchbox food was, she remained a good child who was not picky about food and refused to waste any of that.

After all, when she was sold to the organization by human traffickers, she went through the experience of either killed or being killed for a meal. If she did not kill someone else, she would have died.

Chapter 715: A Complaint Against Chi Yang

Therefore, when Zhong Nuannuan grew up and had money, she could afford to waste anything but she would never waste food.

Ling Pinyuan was irked to find that although she was about to complain, Zhong Nuannuan did not seem to pay her any mind and continued eating heartily.

At the speed at which the autumn wind swept away fallen leaves, several plates were instantly emptied.

Ling Pinyuan, "..."

At this moment, she was still a little hesitant.

Was this woman not afraid?

Or did she have a backup plan?

However, no matter what tricks she had up her sleeve, it was unreasonable for Zhong Nuannuan to have such good skills along with the supreme ability to subdue the enemy at a single move.

Therefore, Ling Pinyuan held the USB flash drive tightly to boost her courage.

Leng Jinpeng was triggered to the edge by Ling Pinyuan's "upright, strict, tolerant, and open-minded" remark.

However, Leng Jinpeng had been in the position for so long that he could tell what she was plotting.

"What you're saying is—if I don't listen to you in public, it means that I'm not upright enough to pay attention to the complaints raised by my subordinates and that I'm not careful. Is that what you're saying?"

Ling Pinyuan pursed her lips and did not say anything, but that was what she meant.

Yesterday, Zhong Nuannuan suppressed her in every aspect. Today, she was going to let Zhong Nuannuan know that she, Ling Pinyuan, was not someone she could go up against.

"It's not that you can't complain, but if you complain in front of so many people, it will definitely affect the reputation of others. Are you sure you want to treat your comrades like this?"

"Sir, the person I'm complaining against is not my comrade. Therefore, I must lodge this complaint against her. The purpose is to prevent my comrade from being deceived by her appearance and suffering losses before her!"

“Yet, you’ll still damage their reputation. If the person you’re complaining against is not your comrade, then it must be someone who has a close relationship with your comrade. So, Ling Pinyuan, you have to think this through. You are allowed to complain in front of so many people, but if your complaint turns out to be untrue, then you’ll be charged with malicious intent. You’re an outstanding female officer in the special forces. Once you’re charged with this, you won’t be promoted in the next five years; and secondly, you’re no longer allowed to participate in this joint military exercise. Have you thought it through?”

Ling Pinyuan stubbornly asked, “Commander, you’ve only mentioned the punishments that I’d get if my complaint turns out to be untrue. Then, if my complaint is verified to be true, will it be a meritorious deed?”

“That’s right. If your complaint is verified and you’ve saved your comrade, then it will count as a meritorious deed.”

“Alright, I agree. Then, I’m complaining against Zhong Nuannuan, fiancée to Chi Yang, our Captain of the special forces!”

What?

Everyone was stunned.

They looked at Ling Pinyuan as if she was crazy.

The little bunny was so innocent and cute, but Ling Pinyuan wanted to lodge a complaint against her?

Chi Yang was thoroughly enraged. He slammed his chopsticks on the table.

Even though it was just a minor act, it scared Ling Pinyuan so much that her face turned pale and she took a few steps back.

Chi Yang’s expression turned as black as coal. He enunciated each word, “I advise you to think carefully before you speak. Otherwise, you’ll come to realize that some people are simply people you can’t afford to provoke.”

However, not only did Ling Pinyuan not take this warning to heart, but she even asked, “Captain, are you threatening me? But what should I do? I’ve always been a practical person, and I’ve never been willing to accept threats.”

Chapter 716: Mole

Although Chi Yang ranked high in the military, one could tell that his family must not come from much judging from his grandfather’s attire. Therefore, Ling Pinyuan was not afraid that Chi Yang could do anything to the Ling family.

As long as he did not have the ability to do anything to the Ling family in private, Ling Pinyuan was not afraid of him at the military base.

Chi Yang snorted coldly. “Whether it’s true or otherwise, we’ll deal with this accordingly. However, I’ve already said it. If you don’t listen, you’ll have to bear the consequences yourself.”

Ling Pinyuan ignored Chi Yang and said to Leng Jinpeng, "Commander, before I complain, I want everyone to watch a video."

There was a projector in the canteen where Ling Pinyuan inserted the USB flash drive. The video of Zhong Nuannuan kicking Ling Pinyuan into the pool yesterday played on the screen in front of everyone.

Everyone was shocked that the little bunny girl could deal such a hard blow.

This... Did not match her image at all!

What was going on?

"Commander, sir, and officers, you've all seen what Zhong Nuannuan did to me yesterday. Firstly, I would like to introduce myself. I'm a female soldier in the special forces, and my name is Ling Pinyuan. My professional performance has been outstanding, and I'm one of the best among the special forces. I'm 27 years old this year, and I graduated from the National University of Defense Technology, majoring in Investigations. I'm now a second lieutenant. I've performed five military deeds, and I was promoted once.

"However, as everyone has seen from the video just now, a female soldier like me is unable to defeat Zhong Nuannuan. In fact, I can't even surpass one move from her. Do you know what that means?"

"It means that you, a 27-year-old female soldier, can't even defeat a 17-year-old girl like me! All that talk about being one among the best, you're probably one of the best in terms of age, right?"

After Nuannuan finished all the food, her spirit to fight started to stir too. She managed to choke Ling Pinyuan up with just one sentence, causing her to pant. When the officers on the third floor saw this, they all laughed.

Before mentioning that none of them were willing to offend Chi Yang, they also liked Zhong Nuannuan more when compared to Ling Pinyuan.

This girl looked pure and gentle, just like a little white bunny, giving people the need to protect her. Even though they saw her incredible combat power, their initial desire did not change.

As for Ling Pinyuan, she was a typical Madam Kill-All[1] in the military base. She was cold in her arrogance, self-conceited, stubborn, and loved to overthink problems.

Nobody could figure it out. So what if she was defeated by a 17-year-old?

Ling Pinyuan waited until the anger in her chest subsided before she said with a sneer, "Everyone might not know this, but this Zhong Nuannuan is the daughter of Zhong Kuijun, the commander of C Area. However, she was kidnapped by human traffickers when she was young. She was only three years old when she was abducted. Later, she found her home through the website 'Baby Come Home. She returned home half a year ago when she just turned seventeen.

"How could a village girl who had been abducted at the age of three and only returned home at the age of 17 after staying in a farming district for the past 14 years possess such skills?"

"That's because..."

Before Zhong Nuannuan could complete her eager replies, Ling Pinyuan interrupted her immediately. “Don’t say that it’s because you used a lot of strength to farm, and don’t say that a kickboxing coach came to your village. Those who are eating on the third floor are all military officers. Your shallow words can’t deceive them at all. I’m one of the best among the special forces, yet you defeated me in one move—and it was such a precise move. I have reason to suspect...”

Chapter 717: Big Brother Chi Yang Thinks With His Body

“You’re not a village girl from some farming district. You are a well-trained killer! You must have other motives for getting close to Captain Chi! Perhaps you’re the mole in the military base!”

After Ling Pinyuan finished speaking, the officers on the third floor went into an uproar.

No one was a fool. If what Ling Pinyuan said was true and Zhong Nuannuan came back from the farming district, then there was indeed something wrong with her identity.

At that moment, everyone looked at Zhong Nuannuan differently.

If Zhong Nuannuan was really a gentle and demure girl, then she was indeed the type that 99% of the officers present liked.

However, if she was an enemy lurking in the military base...

As soldiers, no matter how attractive Zhong Nuannuan was, she was their enemy.

Meanwhile, the person who was the most—the very utmost—surprised was Zhong Kuijun.

Both times, Nuannuan subdued Ling Pinyuan with a single move. Zhong Kuijun believed that even he would be defeated by her acute moves.

Where did Nuannuan, a girl who came back from the farming district, pick up such impressive martial arts?

Moreover, he had always thought that Nuannuan carried herself well and maintain a very good image of herself, much better than Qianqian who would only act like the spoilt daughter from a rich family. How could a child from a farming district develop such sophistication in the way she carried herself?

At that moment, Zhong Kuijun realized that he did not understand his daughter at all...

“Zhong Nuannuan, why aren’t you saying anything? Please tell me, where did you learn your moves from?”

Chi Yang stood up and was about to speak when Zhong Nuannuan held his hand.

When the small pair of hands held him, the frost in his eyes melted.

“Big Brother Chi Yang, allow me!”

However, Chi Yang blocked Zhong Nuannuan’s path and refused to budge.

At moments like this, should it not be him, the man, to step up?

“Big Brother Chi Yang, I must let her know that if she goes against me, she’ll never have the chance to win.”

Chi Yang, “...”

He looked at Nuannuan with a conflicted expression.

His wife always acted cute when things were not tense, but she was so domineering at critical moments. Was this a good thing?

Other people’s wives were usually like tigresses at home, fierce to their husbands, and when they suffered outside, it was always their husbands who stood up for them.

Yet, why did it feel like his family kept going against the norm here?

“Big Brother Chi Yang...”

Seeing that persisting did not work, Nuannuan immediately softened her tone. She looked at Chi Yang with an adorable look.

Chi Yang felt his heart tremble comfortably at her voice.

All his perseverance was shattered by this stickily sweet voice calling him ‘Big Brother Chi Yang’.

Before his brain could process it, his body had already made way for Nuannuan involuntarily.

It was only when Nuannuan walked past him that he realized...

He actually released his wife to deal with the wolves!

Zhong Nuannuan slowly walked to Ling Pinyuan’s side. At this moment, she no longer needed to hide her aura and let her qi field explode in the whole area.

She had a noble aura that came closely packed with sharpness. As Zhong Nuannuan walked closer, Ling Pinyuan felt like every step she took was akin to stepping on Ling Pinyuan’s heart, suffocating her.

The officers below were also impressed by Zhong Nuannuan’s aura.

This was the aura of a superior—superb and domineering.

Even though it was just a casual walk, the atmosphere on the third floor started to tense as she moved closer.

Chapter 718: Demi-Gods and Semi-Devils

Everyone held their breaths in utter concentration. No one made a single sound.

When Zhong Kuijun saw this, he was even more stunned.

“Although you have a lot of questions, I can answer them one by one. Firstly, you said that you’re one of the best among the female soldiers...” Nuannuan looked Ling Pinyuan up and down with disdain. Ling Pinyuan felt that she was somehow becoming shorter and shorter under Zhong Nuannuan’s scrutinizing

gaze. It was only when this gaze nearly chipping Ling Pinyuan into bits of dust, threatening to explode on the spot, that Zhong Nuannuan continued...

"But I don't think you understand the meaning of the word 'outstanding' very well. For someone like you who's only a captain at twenty-seven, you're so weak, and you like to show off. I can tell you the truth and show you what it means to be outstanding. I can also let you know that in front of the best, you're nothing."

Then, Zhong Nuannuan scanned her eyes over the officers on the third floor of the building.

When Zhong Kuijun saw Nuannuan looking at him, he subconsciously averted his gaze, not daring to meet her fierce gaze. He did not dare to imagine how he should face Nuannuan if Nuannuan was really from an organization of killers; that she had been sent by the organization to kill Chi Yang; or that she snuck into the military base; or that she might even be his upline.

"Ling Pinyuan lost to me. There's no point fighting her anymore."

Ling Pinyuan, "...". Although she was angry, it was the truth. She could not even survive one move from Zhong Nuannuan.

However, Zhong Nuannuan said something even more outrageous afterward.

"I wonder if you've heard of Demi-Gods and Semi-Devils? In this story, there's a supporting female character called Wang Yuyan. She had a photographic memory since she was young, and could remember all the moves she saw in an instant. However, she didn't know martial arts—she just had the brains.

"However, I'm different. Not only do I have a photographic memory since I was young, but I can also utilize this ability perfectly in real life. I believe that all of you who are able to sit and eat here today are the best of the best in the military base. If you don't believe me, you can come and challenge me and show me your best skills. I promise you that I won't use my own moves. I will use the moves that you use against me, and I will defeat you within three moves."

Zhong Nuannuan's words caused another uproar.

Ling Pinyuan sneered at the side. "Three moves? You want to use someone else's moves to defeat them?"

Zhong Nuannuan looked at her and smiled. "I'm teaching you what it means to be outstanding, am I not? I hope you'll understand when you witness it all later, that these words can't be used on a 27-year-old like you who is only one of the best among the female soldiers." Zhong Nuannuan emphasized that she was a female soldier and not a female military officer.

That was right. Although Ling Pinyuan was a second lieutenant, she was just an ordinary female soldier in the special forces. Although she was about to become the vice-captain of the female soldiers in the special forces, she was not there yet, was she?

"You..."

Ling Pinyuan was so angry that she was shaking all over. She wanted to give Zhong Nuannuan two punches, but she knew she was no match to Nuannuan.

“Can I challenge your photographic memory?”

No male soldiers could withstand provocation like that, let alone these outstanding soldiers who considered themselves the best of the best.

Being challenged by such a cute and pretty girl made their blood boil.

Chapter 719: Light Some Candles

As soon as Zhong Nuannuan finished speaking, one of the officers stood up to receive the challenge.

“Sure.”

Since the canteen on the third floor was specially prepared for military officers, the tables and chairs were arranged in a rather spacious manner. There was even a small stage in front with a projector placed on it. Sometimes, the officers would hold small parties here, coincidentally making it a makeshift stage that could hold an audience.

After Zhong Nuannuan accepted the man’s challenge, someone immediately helped move the items away from the stage.

The male officer walked up to Zhong Nuannuan and introduced himself. “I’m Huang Lifu from the investigation department.”

Zhong Nuannuan nodded at him politely and gestured for him to start.

Huang Lifu felt a little embarrassed when he saw that Zhong Nuannuan wanted him to go first.

After all, after Ling Pinyuan said those words, Zhong Nuannuan did not look guilty at all. Since Chi Yang and the commander-in-chief did not look surprised at all, Huang Lifu was totally convinced that this girl could never be a mole, killer, or anything of the sort.

Therefore, letting him make the first move to attach such a gentle beauty put him under a lot of pressure!

He blushed...

“Well, I don’t hit women. Why don’t you go first?”

Zhong Nuannuan smiled and said, “I’m going to use your moves to defeat you. If you don’t make a move, how am I going to attack you?”

Huang Lifu felt his vision blur. Under Zhong Nuannuan’s smile, the world had transformed into a more beautiful place.

“Go! Don’t dilly-dally and embarrass us men!”

“Just be gentler!”

The officers below were anxious and wanted to go up and spar with Zhong Nuannuan, hoping to teach this pretty little girl a lesson—she could eat anything she wanted, but she could not speak carelessly.

Under everyone's encouragement, Huang Lifu finally attacked Zhong Nuannuan.

However, his attack was very slow. After all, he only used thirty percent of his strength.

However, Zhong Nuannuan caught his fist with her hand.

Audible sighs came from below the stage.

Seeing his wife holding the man's fist, Chi Yang's expression darkened. He strode forward with his long legs and was prepared to deal with the officer who had taken advantage of his wife.

However, the old master stuck out a leg and tripped Chi Yang over.

Fortunately, Chi Yang reacted quickly. Otherwise, this sudden kick would have made quick work of him.

Chi Yang's usually austere demeanor was on the verge of crumbling. He started to suspect if he was really related to his grandfather by blood.

The old master did not like how his grandson acted either. He glared at him and muttered softly, "Make yourself useful!"

How could there be no physical contact during a fight? It was just a little physical contact, and yet, his stupid grandson reacted so strongly, looking like an angry lion with his mane on ends. The old master wanted nothing more in this world than to light three candles on Chi Yang's head to mourn for his future.

Chi Yang could either not find such an outstanding granddaughter-in-law for the old master, or—since he had already found her—be prepared that his granddaughter-in-law would be targeted by other wolves.

Even an old man like him understood this. How could this dumb grandson of his not figure it out yet?

Besides, Nuannuan was so amiable and treated an old man like him so well. Had Chi Yang ever wondered for whom she was doing this for?

As the main lead in this incident, Chi Yang could not even stay calm over such a small matter. Old Master Chi really wanted to hit Chi Yang with his walking stick.

With that thought, Old Master Chi wanted to do just that.

However, when he subconsciously reached for his walking stick, he realized that Nuannuan did not let him bring the stick today.

Eh...

It seemed like his legs had recovered.

Chapter 720: Competition

The old master's recovery was only temporary; it would relapse.

However, he believed that before the relapse, his granddaughter-in-law would have already given him another acupuncture treatment before that.

At the thought of his pleasant granddaughter-in-law, the old man temporarily forgot about his grandson, who was furious whenever he encountered any tiny thing related to his wife.

At this moment, Huang Lifu's attacks grew fiercer and fiercer.

Huang Lifu did not dare look down on Zhong Nuannuan ever again after feeling her strength when she held his fist. The initial thirty percent became fifty, then seventy, then ninety, and then...

Huang Lifu was shocked to discover that no matter how much strength he used; no matter how much speed he used in his attacks, Zhong Nuannuan could easily dodge his attacks.

After using his greatest strength to attack Zhong Nuannuan at the highest speed seven times, Zhong Nuannuan grabbed Huang Lifu's hand again.

However, this time, it was not his fist that she held, but the meridians on his wrist.

"I'll attack you next. Be prepared."

Hearing that Zhong Nuannuan would attack him, Huang Lifu's eyes brightened. He nodded and prepared himself.

Huang Lifu had long realized that he was fighting against a master, so he did not dare to be careless.

Even so, before he could see Zhong Nuannuan's figure clearly, he saw a flash before his eyes, and the skill, Grappling Hand, that Huang Lifu used just now returned his attack easily by Zhong Nuannuan's hands.

Bang! Huang Lifu was thrown to the ground. Before he could react, Zhong Nuannuan's fingers had already clamped onto his Adam's apple.

With just a bit more force, Huang Lifu would die.

Only then did Huang Lifu recover from his daze.

He looked at the hand that reached for his Adam's apple. A drop of sweat rolled down his forehead. His eyes were filled with disbelief.

One move!

Zhong Nuannuan defeated Huang Lifu in one move!

Everyone could tell that it was the same move that Huang Lifu had used to attack Zhong Nuannuan beforehand.

Not a single detail amiss!

However, when this move was used by Zhong Nuannuan, its power was more than doubled.

Yes, doubled.

Since these were all military officers and not the top soldiers in the special forces, Nuannuan thought that there was no need to be too harsh on Mr. Military Man.

At that moment, everyone looked at Zhong Nuannuan differently.

Although Huang Lifu was not the best among them, those who knew him knew that he was rather good in his martial arts. At least, he was of average standard.

These officers instantly felt that their male ego was challenged, and how their blood boiled.

When the soldiers on the first and second floor heard that there was a martial arts competition on the third floor, they could not help but rush to the third floor to watch.

When they saw a lieutenant from the investigation team being beaten to the ground, they could not help but lament.

“Let me!”

Suddenly, someone spoke.

Everyone turned to look, and a commotion broke out.

Zhong Kuijun!

The commander of C Zone!

More importantly...

Was this not Zhong Nuannuan’s father?
