Chapter 721: Grandpa Supports You

Zhong Kuijun walked to the front of the stage with a warm smile on his face. He put down his briefcase that was initially stuck between his body and his arm and said to Zhong Nuannuan, “Nuannuan, I didn’t know you were so capable. You’re indeed my daughter!”

Zhong Nuannuan, “...”

This person raped and killed her mother, then proceeded to take over her mother’s inheritance. He even made Zhong Nuannuan give her blood to his other daughter when Nuannuan was two and a half years old and sold Nuannuan after...

She had not even settled the score with him, yet he still had the cheek to try and get close to her.

In the face of Zhong Kuijun’s shamelessness, Zhong Nuannuan smiled and said, “My wonderful skills have nothing to do with you.”

Zhong Kuijun’s gentle smile instantly disappeared, and the facade he put on was on the verge of cracking.

“Since you’ve come to challenge me, I won’t go easy on you just because you’re related to me. After all, I’m standing here to prove to someone what it means to be the best. So, if you want me to go easy on you because of your identity, you should leave now.”

Zhong Nuannuan did not hold back for Zhong Kuijun. This surprised all the officers who were anticipating the battle between father and daughter.

It seemed like the father and daughter were not close to each other!

Zhong Kuijun was thoroughly embarrassed, but he did not want to offend Zhong Nuannuan.

Moreover, with so many people watching, he wanted to create the kind of impression that made his daughter look unfilial in the face of an extremely forgiving father.

Therefore, Zhong Kuijun put on a smile again. He did not anger Zhong Nuannuan anymore. Instead, he smiled good-naturedly and said, “Since I’m already standing here, I won’t back down. You were kidnapped when you were three years old, and my heart ached for you. After returning home, you haven’t been interacting much with me. I’ve always felt that I owe you. Now that you’re together with Chi Yang, and not going home, it’s hard for me to see you. Therefore, this is a rare chance for me to understand you. I definitely won’t back down.”

Listen to that!

Tsk tsk tsk!

If this was not an upgraded version of Ye Hai, then what was?!

However, Zhong Nuannuan was not Leng Qirui. Not any Tom, Dick, or Harry would trigger her so easily. The only person who could anger her was someone she cared about.

Zhong Kuijun was someone whom she had long given up hope on. There was no way Zhong Nuannuan could take his words to heart.

“Fine, let’s cut to the chase then. Fists have no eyes. If I hurt you later, don’t blame me in front of everyone and take it out on me again.”

So, Zhong Kuijun used to take things out on his daughter in public?

That could not be right, could it?

Was he not her biological father?

Many of the officers present knew Zhong Kuijun, but their judgment of him was grave as they thought about how fake Zhong Kuijun’s smile was.

Therefore, if anyone previously thought that Zhong Nuannuan was unfilial, they began to shift their judgment onto Zhong Kuijun more severely after listening to their conversation laden with hidden gunpowder.

“Little Girl, you can do it! Grandpa supports you!”

Suddenly, the old master spoke.

Zhong Nuannuan turned around to look at the old master when she heard his voice.

The old master was facing everyone with his back, so Zhong Nuannuan faced everyone when she turned around.

Seeing her grandfather’s concerned and protective gaze, in addition to Big Brother Chi Yang’s worried expression, Nuannuan felt especially touched.

Thus, Nuannuan reciprocated with a huge smile.

Nuannuan’s beauty was already very invasive. Now that she was smiling so widely at everyone, the soldiers’ hearts melted instantly.

Nobody believed that a killer could have such a beautiful and bright smile that shone as bright as sunlight.

Chapter 722: Torturing Zhong Kuijun

Indeed, Nuannuan was the top mercenary in the world and was considered someone who was akin to an empress, she should not be able to possess such a smile.

However, Zhong Nuannuan and Selina had always been an exception.

Zhong Nuannuan was close to Selina, Aiden, and Danqi since they were young. In addition to being chosen by Feng Shengxuan, who held a rather high position in the organization, Feng Shengxuan had gotten Zhong Nuannuan, Selina, Aiden, and Danqi under his wing as soon as he earned the right to work on his own. Zhong Nuannuan only suffered for the first two years she had been in the organization.

Although they were still affiliated with KE Organization and had to contribute to the organization, they did not suffer much other than their hellish training under Feng Shengxuan's strong protection. It could be said that they were the free-range children raised by the organization.

Although Feng Shengxuan was powerful, he was just a quail in front of Nuannuan. Hence, the fact that Nuannuan retained such a genuine and bright smile was all thanks to Feng Shengxuan.

In the eyes of the crowd, for Zhong Nuannuan to return a smile so brightly at the old man in plain clothes, the problem was definitely not at Zhong Nuannuan but Zhong Kuijun.

Zhong Kuijun felt everyone's unreadable gazes on him, and his heart sank. Not wanting to waste any more time, he said, "Nuannuan, pay attention. Dad is going to attack."

Then, Zhong Kuijun attacked Zhong Nuannuan.

Due to Huang Lifu's example, Zhong Kuijun did not dare to be careless. He exerted his full strength in each move he made against Zhong Nuannuan.

He did not want to wait for Zhong Nuannuan to finish reading his moves and return his attacks. He only wanted to knock her down before she could observe his moves and attack.

However, no matter how hard Zhong Kuijun tried, he was surprised to find that Zhong Nuannuan could dodge him with ease.

"Too slow."

"You're punching the wrong way."

"You used too little strength."

"Is your huge belly getting in the way of your kick?"

As she fought, Zhong Nuannuan criticized Zhong Kuijun harshly.

If anyone noticed that she treated Huang Lifu with basic respect just now, it was obvious now that she treated Zhong Kuijun without any respect.

Even though Zhong Kuijun tried his best, he could not even touch the corner of Zhong Nuannuan's shirt.

Darting from east to west and west to east again, Zhong Nuannuan looked like she was toying with Zhong Kuijun.

When she finally exhausted him, she said, "I'm going to attack now."

With that, she attacked Zhong Kuijun.

Zhong Nuannuan's moves were not too deadly, and they were all returned to him according to the moves Zhong Kuijun used.

Previously, she had merely thrown Huang Lifu over her shoulder. However, to Zhong Kuijun, this disgusting scumbag, if she did not torture him now, she would have to wait for the law to punish him in the future. Therefore, seeing how this was one of those opportunities that happened once in a blue

moon and he approached her to torture himself, he really could not blame Zhong Nuannuan for going all out.

After all, Zhong Nuannuan was not a kind person. She would not feel that she owed her body, hair, and skin to her parents that even if her father was scum, she had to endure it and treat him well.

Therefore, when her seemingly tiny weak fists landed on Zhong Kuijun's acupuncture points, he was in so much pain that there was nothing more that he wanted in this world than to fall to the ground.

However, much to his dismay, Zhong Kuijun realized that his limbs seemed to have fallen under Zhong Nuannuan's control.

Zhong Nuannuan would entice him to make a move, but the moment he made a move, she would land a punch at any opening.

Chapter 723: Hitting Zhong Kuijun

As Zhong Kuijun retracted his arms to defend himself, Zhong Nuannuan punched him directly on his nose bridge.

Zhong Kuijun wanted to call it quits, but just as he was about to speak, Zhong Nuannuan used Zhong Kuijun's signature move and stabbed him in the throat. It was so painful that he could not make a sound.

He wanted to lie down and play dumb, but Zhong Nuannuan's continuous kicks made him look like he was still fighting with her.

This was a one-sided abuse.

At that moment, Zhong Kuijun knew that his relationship with Nuannuan would never return to how it was.

However...

Was she not being too cruel now?

With a man backing her, she dared abandon this father of hers?

How could she be so cruel to him?

At that moment, the extreme heartache changed Zhong Kuijun's mind.

He thought angrily in his heart—

'What a disgraceful thing! If I got locked up and couldn't come out, I thought to return your identity to you as a good deed. Since you don't know how to appreciate favors, don't blame me for hiding your identity forever.'

He believed that once he got locked up, Zhong Qianqian would do everything she could to save him in order for the sake of keeping her identity. However, if Zhong Qianqian failed to rescue him from that fate, he decided not to sell Zhong Qianqian out.

After all, although Zhong Qianqian was foolish, she had always been obedient.

Yet, Zhong Nuannuan...

Jiang Shuwan was right. She was an ingrate. She deserved to be abducted and sold!

Finally, Zhong Nuannuan let Zhong Kuijun off when she was satisfied.

With one last kick, Zhong Kuijun finally collapsed to the ground.

However, Zhong Kuijun did not get up for a long time.

Everyone thought that he was putting on a show.

After all, even though Zhong Nuannuan acted quickly, everyone was her witness—she did not hit Zhong Kuijun hard enough to cripple him to this extent. However, Zhong Kuijun lay on the ground and put on this show. What an insulting excuse of a soldier.

“Last one. Who wants to challenge me?”

Zhong Nuannuan offered up another invitation, but she had no intention of helping Zhong Kuijun up. After all, there was a commotion below them too. Eventually, Zhong Kuijun could only endure the intense pain in his body and stand up.

Just as he was about to speak, a soldier in the special forces spoke.

“Sis-in-law, I want to challenge you!”

Zhong Nuannuan looked in the direction of the voice and saw a soldier from Chi Yang’s team.

When she first went to the special forces team, this person came to peep at her. Later, he told her that Big Brother Chi Yang only brought a set of cutlery. It was clear as day that he was the scheming person there.

Seeing that he was part of Big Brother Chi Yang’s team, Zhong Nuannuan’s murderous aura dissipated. She smiled at him and said, “Sure, come.”

After receiving Zhong Nuannuan’s invitation, the man was about to rush forward when he was stopped by another soldier from the special forces.

“Do you want to die? How dare you attack the captain’s fiancée?”

When the man heard that, he said straightforwardly, “Sis-in-law is so powerful, I won’t be able to hit her. I’m just heading up to ask for some pointers.”

Then, as if he was afraid that someone would steal his place, he leaped over a dining table and chair before leaping over another dining table and chair.

After a few rounds, he finally arrived at the ring all the way from the corridor.

Without another word, he attacked Zhong Nuannuan.

“F*ck, so shameless! He actually launched a sneak attack!”

Everyone else offered their names before starting.

However, this person did not even announce his name when he went up. Instead, he attacked Zhong Nuannuan furiously, causing a lump in Chi Yang's throat as he watched.

Chapter 724: Nuannuans True Strength

Fortunately, no matter how fast his attacks were or what kind of attacks he used, Zhong Nuannuan still managed to dodge all of his attacks easily. Ling Pinyuan's face darkened as she watched the officers in the audience shower Zhong Nuannuan with impressed praises.

This man was Lu Chao. He was an extreme thorn in everyone's side in the special forces, but he was also one of Chi Yang's most valued subordinates.

If Ling Pinyuan said that she was the best among the female soldiers, then Lu Chao was definitely the best among the male soldiers. No one could surpass him.

However, even when the man was so fast that Ling Pinyuan's eyes barely kept up, Zhong Nuannuan managed to avoid him.

What did this mean?

This meant Ling Pinyuan and Zhong Nuannuan were not on the same level even when it came to speed, no to mention their skills.

Of all martial arts in this world, speed was the only constant that determined the winner.

The speed at which Zhong Nuannuan possessed was enough to showcase how good her physical abilities were.

The more Lu Chao fought, the more horrified he became.

His Sis-in-law was too fast. No matter what move he used, he could not get close to her.

After being a soldier for so long, he only admired Captain Chi Yang. He did not even think much of Ning Wenhao, the instructor. He believed that some time after experiencing more and participating in more battles to accumulate more experience, he could definitely surpass Instructor Ning.

However, facing this cute and pretty sister-in-law, the more Lu Chao fought, the more afraid he became.

His opponent was like a bottomless pit. He hastened; his opponent hastened. He slowed down; his opponent slowed down too. When he was weak, his opponent was not necessarily strong. However, when he was strong, his opponent was definitely not going to be weaker than him.

In any case, Lu Chao felt like he was simply a grasp away from his opponent's weakness from the beginning, but after fighting for so long, he remained a grasp away.

The two of them moved so fast that even the civilian officers could no longer see them clearly. It felt like they were filming an epic battle in a crime movie. Every time Lu Chao swung his fist, it seemed like it about to hit Zhong Nuannuan's face, but every time, it missed by that tiny inch.

Finally, just as Lu Chao started to repeat his moves, Zhong Nuannuan made hers.

The sound of fists colliding rang in the room.

Lu Chao took two steps back from the impact, but Zhong Nuannuan did not budge.

There was an uproar below.

Lu Chao also felt the numbing pain that pulsed in his fist, pleasantly surprised by the attack.

Yes, it was a pleasant surprise.

That was because he had discovered another recent target before he could surpass the captain.

That person was none other than Captain's wife, his Sis-in-law!

After all, it was too difficult to surpass Captain. He would probably never be able to do it even if he gave it his all in this lifetime. However, he could take it one step at a time and surpass his Sis-in-law first!

With that thought, Lu Chao decided.

He looked at his Sis-in-law with a sly look.

Zhong Nuannuan did not know that she had been targeted. She thought that since the man was Big Brother Chi Yang's soldier, she could continue sparring with him and use this chance to teach him the way to full utilize his attacks.

"Then, I'll start my counterattack now!" Zhong Nuannuan announced like a little girl next door.

Lu Chao was about to agree when he suddenly looked behind Zhong Nuannuan and exclaimed in shock—

"Captain!"

Shocked, Zhong Nuannuan quickly turned around.

The moment she turned around, Lu Chao attacked Zhong Nuannuan with lightning speed.

"F*ck!"

"F*ck! Lu Chao, you rascal! How shameless can you be?!"

"He actually ambushed the goddess!"

Yes, the moment Zhong Nuannuan defeated Huang Lifu...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 725: Shameless

After defeating Zhong Kuijun and successfully evading Lu Chao's swift attacks, Zhong Nuannuan was no longer just Chi Yang's fiancée. She was also the goddess in the officers' hearts.

She was definitely the epitome of the perfect wife who was presentable during events; a wonderful cook in the kitchen; able to win against her husband's mistresses; and strong enough to defeat any ruffians!

Ahem ahem...

Although they had never seen Zhong Nuannuan in the kitchen before, they believed that their goddess was omnipotent and knew everything!

Now, seeing the rascal, Lu Chao, actually resorting to such despicable means in order to win, it felt that Lu Chao had completely disgraced the special forces, along with the ordinary soldiers.

Sneak! Attack!

The expression on Chi Yang's face turned as black as coal.

This rascal...

How dare Lu Chao used the knowledge Chi Yang taught him on Chi Yang's wife?!

Shameless!

However, even though Nuannuan had already turned her face to the side, the second she heard Lu Chao slicing through the air, what else could she not understand about that?

After confirming that her Big Brother Chi Yang was fine, Zhong Nuannuan ducked. While perfectly avoiding Lu Chao's attack, she swung her leg like a legendary dragon swishing its tail, sweeping across his legs.

Lu Chao was shocked. Just as he was about to fall, he reached out to tug at Zhong Nuannuan's long hair.

Women were afraid of getting their hair pulled!

The audience let out sounds of their jaws dislocating.

This—

If this was not shameless, then what was?

Not only did he fail to launch a sneak attack, but he actually tried to pull their goddess' hair as he was about fall?

However, neither was Zhong Nuannuan's hair something that anyone could tug on.

Just as Lu Chao nearly grabbed Zhong Nuannuan's hair, Zhong Nuannuan had already gone along this force and jumped up. She copied Lu Chao's move and flipped him over her shoulder.

They grabbed each other's hands. With a squeeze and a pull, the two of them caught each other's hands and flipped 360 degrees in the air.

Lu Chao's original move was 180 degrees, but after being flipped 180 degrees by Zhong Nuannuan, it became 360 degrees.

However, the result was that Zhong Nuannuan was still standing, while Lu Chao had already been pulled down.

One move!

No matter how strong her opponent was, no matter how many moves her opponent had, Zhong Nuannuan truly learned and applied them. She could use other people's moves to defeat her opponent within three moves.

Saying three moves was too implicit.

That was because no matter who it was, they could not last more than two moves against Zhong Nuannuan.

Furthermore, she had used their moves to defeat them.

This was simply...

Genius was not enough to describe Zhong Nuannuan anymore.

She was a goddess!

She was indeed a goddess.

Lu Chao was dumbstruck.

Even when training under Captain, he would fight a few more rounds with him for training.

How did he lose to Sis-in-law in one move?

"No, no, Sis-in-law, come again!"

Lu Chao was from a martial arts family. His family had been running a martial arts school for generations, teaching martial arts. Therefore, he had been influenced since he was young and was obsessed with martial arts. He learned up a lot of martial arts even before he joined the army.

After joining the special forces, his strength was already at the top among members of the special forces. Under Chi Yang's tutelage, he learned many one-hit deadly combat techniques.

Later on, he mastered both, and even Ning Wenhao could only win from experience.

However, such a person was defeated by a woman in a single move. How could he accept that?

He got up and unleashed his deadliest move at Zhong Nuannuan without caring about the rules.

Yes, it was a killer move.

He kept calling her Sis-in-law, but he acted like he was fighting an enemy.

The officers were speechless.

Chi Yang was even more speechless.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 726: Thief

However, Zhong Nuannuan retained her amicable temper on account that Lu Chao was Chi Yang's soldier.

No matter what tricks Lu Chao had up his sleeve, she was always able to turn the moves he just used against him. Moreover, she would always make him lose within three moves.

However, she would not injure Lu Chao the same way she injured Zhong Kuijun.

The officers below could tell that Zhong Nuannuan was teaching Lu Chao how to utilize his moves to the maximum.

Slowly, after failing more than ten times, Lu Chao still used the same old moves and defeated in three moves. However, the officers below discovered with burning gazes that he was more accurate with every time he attacked—with each attack, he was getting faster, and his attacks were more vicious!

This was simply...

Computer-grade sparring machines in the shape of humans!

Too overpowering!

Finally, after being knocked down 20 times, Lu Chao's stamina was starting to run out. Knowing that he would not achieve better results than before, Lu Chao straightened up and gave Zhong Nuannuan a military salute.

"Thank you for your guidance, Sis-in-law! That's all for today! I'll practice properly once I get off the stage. I look forward to your guidance next time!"

Zhong Nuannuan loved it when people called her Sis-in-law. A smile blossomed on her face and she said, "Sure!"

At that moment, Chi Yang's grave face finally regained some life.

He strode to the ring and held Zhong Nuannuan's shoulders affectionately, giving her unlimited strength.

He turned around and looked at Ling Pinyuan. "Do you have anything else to say about my fiancée's understanding of martial arts?"

Ling Pinyuan's face turned pale, "..."

Zhong Nuannuan felt that Chi Yang's words was not mean enough, so she added on—

"In the future, don't call yourself the best and question others' abilities. You're already so old. If you can't beat the soldiers from your military base, you should have already switched careers."

All the officers, '...Our goddess drips poison! Yet, her poison is definitely V587[1]!!!'

Ling Pinyuan nearly ascended into the air, fueled by her rage at Zhong Nuannuan's vicious tongue. She replied angrily, "Even if you have a photographic memory and can memorize everyone's moves, let me ask you this—how did a village girl from a farming district have the ability to connect with people who knew martial arts? How did you memorize their moves and steal them for yourself?"

"Steal? So, are you saying that you're stealing the martial arts you're learning now from my fiancé?"

"You...!!!"

Ling Pinyuan had never met such a difficult opponent.

She could not win against Zhong Nuannuan in a fight.

Neither could she win against Zhong Nuannuan in an argument.

If they chose to flaunt their wealth, one imperial jade from Zhong Nuannuan would have amounted to the entire net worth of Ling Group.

Ling Pinyuan could not understand how she ended up like this in the blink of an eye when she used to think that Zhong Nuannuan was unworthy of becoming her enemy.

At this point, she could only target Zhong Nuannuan's identity.

"Zhong Nuannuan, don't you try to evade the topic. I'm not questioning whether you're a genius or whether you can memorize other people's moves and use them quickly. What I've been suspicious of has always been your identity! Please answer me. You're just a village girl from a farming district, so how do you carry yourself with such sophistication? How did you find the top-grade imperial jade worth five billion from Soaring Clouds Pavilion effortlessly from among a few thousand raw stones? How did you get so good? Since you're so good; so good that you can casually pick out an imperial jade, why didn't you just leave the village?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 727: Identity Exposed

"You claim to be a village girl from the farming district, yet you've been hiding your identity from the start! Tell me, why did you approach our Captain Chi?"

Zhong Nuannuan laughed coldly. "Who told you that I came from a farming district? I don't think I've ever told you that I came from a farming district or some rural mountainous district, have I? You've never asked me where I came from, have you? You keep calling me a village girl. Who taught you to be so crude? The Ling Family?"

Ling Pinyuan, "...!!!"

That was a ten-thousand-point critical hit!!!

Judging from Zhong Nuannuan's tone, she did not come from a remote village in the mountainous district?

How could that be?

"Yet, your file clearly recorded that you came from a village in the farming district. It was written very clearly that you were kidnapped and sold to a poor farming district when you were three years old. You only found your home when you were seventeen through the website, Baby Come Home. Now you say you're not? Zhong Nuannuan, you're the future wife of a military officer, not an ordinary person. When the military base investigated you, you didn't report your identity. That means you lied to the military base, to the organization, and to the country!"

While Ling Pinyuan was speaking, she would occasionally look at Zhong Kuijun, who was not far away. She was certain that Zhong Kuijun was clueless about Zhong Nuannuan's mysterious identity when she

noticed the shocked expression on Zhong Kuijun's face as he heard that Zhong Nuannuan discovered an imperial jade worth five billion yuan.

At this moment, she was even more certain that there was something wrong with Zhong Nuannuan.

Absolutely!

Unexpectedly, Zhong Nuannuan was not anxious at all. Instead, she sneered and said, "Oh, now you remember that I'm the future wife of a soldier, and realize the severity of reprimanding me as the future wife of a soldier. Then, why didn't you think that I was the future wife of a soldier when you threatened to snatch my fiancé in front of me? It hasn't occurred to you that I'm under the military base's protection, has it? Why didn't you think that you were trying to ruin a military marriage by interfering so brazenly?"

Ling Pinyuan, "...!!!"

Ling Pinyuan had already experienced Zhong Nuannuan's vicious tongue countless times. She knew that she could not win against this woman, so she refused to let go of the matter with her identity.

"Zhong Nuannuan, we're talking about your identity now. Please take my question seriously and stop talking about him. You've never answered me. Is it because you're actually a killer and that you're the mole who's been sneaking around our Captain, trying to assassinate him?"

"Ling Pinyuan!" Chi Yang could not take it anymore and said, "If my fiancée really wanted to kill me, she wouldn't have rescued me when I suddenly had a cerebral hemorrhage on the day I returned home from my mission. She would have just watched me die. As for my fiancée's identity..."

"As for Zhong Nuannuan's identity, it was supposed to be a secret, but since you insist on defying the rules of the organization and slandering her... As the commander-in-chief, I can only reveal her identity to the public."

What? Their Goddess really had another identity? She did not come from a poor farming district? Meanwhile, the commander-in-chief had always known her identity, and kept it a secret?

However, thinking about it, the Goddess was so powerful and could even appraise valuable treasures. How could she be a child from a poor farming district? Even if she was, she would probably have made a name for herself with her own abilities.

The military officers could accept this piece of news easily, but Ling Pinyuan and Zhong Kuijun could not.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 728: Shock

Initially, Ling Pinyuan was certain that there was something wrong with Zhong Nuannuan's identity and wanted to expose her.

She did not expect the commander-in-chief to throw her such a bomb. She stood rooted to the ground in shock.

Meanwhile, the person who found it the most... most unacceptable was Zhong Kuijun.

Nuannuan was not a child from the farming district?

How could he not know?

Also, how did the commander-in-chief and the rest know?

What was Nuannuan's real identity?

A genius who had a photographic memory and could instantly master everything she saw! A genius who could easily obtain an imperial jade worth five billion!

At that moment, Zhong Kuijun felt a little dizzy.

His intuition told him that...

He seemed to have abandoned a diamond and picked up a sesame seed.

"Ling Pinyuan, you can't casually ask about the identity of an officer's family member. As a soldier in the special forces, how can you not know that? You even spoke about checking the records in front of me... Who gave you the authority to investigate Chi Yang's files? This is a serious offense!"

Even though some of the people with backing in the military base would often use various methods to find out more about other officers, this was officially prohibited.

After all, the soldiers of the military base would often go out on missions and kill many enemies. At the same time, they would make countless enemies. Therefore, the identities of the officers, especially the family members of the important officers, were kept secret.

However, Ling Pinyuan kept repeating the phrase 'according to the files'...

She was obviously looking through Chi Yang's files, and it was a serious violation.

Ling Pinyuan's face turned pale...

She wanted to say that it was because she liked Chi Yang that she was curious about his girlfriend, so she went over it. However, this explanation would sound even more useless, would it not?

"I'll investigate this in all seriousness. You and the person who helped you will be dealt with severely!"

After Leng Jinpeng finished explaining Ling Pinyuan's mistake with a dark expression, he continued,

"Zhong Nuannuan was not a child who was brought home from the farming district through Baby Come Home. This was discovered during our political investigation. Therefore, we secretly contacted Zhong Nuannuan and asked her to explain the situation, only to discover that she has a very special identity.

"Later, we hired a professional to find out about her situation and alter her actual records. Therefore, Zhong Nuannuan is truly not from the farming district. Neither is she the so-called village girl that you keep talking about. She was definitely not the killer who's lying low at Chi Yang's side as you've mentioned.

"Originally, her identity shouldn't have been revealed so early, but because you've schemed against Zhong Nuannuan's identity for your own selfish reasons, I have no choice but to clear her name before all the officers here. However, Ling Pinyuan, I said before that you have to pay for this mistake.

“Zhong Nuannuan. Her real identity is the youngest daughter of Duke Eton of Luntan. Her name is Sunny.”

“What?!”

Ling Pinyuan and Zhong Kuijun were the ones who exclaimed.

They had never imagined that Zhong Nuannuan, whom they had looked down on, would have such a noble identity.

Zhong Kuijun, in particular, could not accept this. He bore with the pain and walked up to Zhong Nuannuan quickly. “Nuannuan, you... How could you be the daughter of Duke Eton of Luntan? Why did you lie to me from the start? Why didn’t I know your real identity but outsiders like them did?”

If they knew, they would not have looked down on her.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 729: Regret

If they knew, Jiang Shuwan and Zhong Qianqian would not have treated Zhong Nuannuan like that. All the conflicts in the Zhong family would not have existed and their family should still be well now.

This way, Zhong Nuannuan would definitely care a lot about her father. Given how much Chi Yang cared about Zhong Nuannuan, he might even help Zhong Nuannuan in various ways in the future.

Therefore, Zhong Kuijun blamed Zhong Nuannuan for not telling him the truth.

Zhong Nuannuan looked at Zhong Kuijun. At this moment, her aura was flamboyant and oppressive, causing Zhong Kuijun’s breathing to become irregular. He was mostly shocked. She was clearly his daughter, the previous Zhong Nuannuan. Why did she look completely different from when she was at home?

Just as Zhong Kuijun could not take it anymore, Zhong Nuannuan finally spoke.

“Before I returned to the Zhong family, I had a brief understanding of the Zhong family. The Zhong family had clearly lost their daughter back then, but they only made a simple report at the police station for such a serious matter. You inherited your ex-wife’s assets and had so much money, but you did not take out a single cent to look for your daughter. As for my so-called mother, she did not feel sad after losing me at all. On the contrary, she lived happily every day.

“Dad, would you have acknowledged such a family? Especially since—everyone witnessed it just now—my memory is different from ordinary people. It’s great. That’s why I can still remember my good ‘mother’ bringing me and Zhong Qianqian to the park to play. Then, she made me stand at the door and forbade me to leave as she brought Zhong Qianqian to the toilet. At that time, I wanted to go in to accompany them, but she refused. She even scolded me for the first time and left me, a three-year-old girl, outside the toilet alone. Dad, guess what happened to me after she and Zhong Qianqian went in?”

Zhong Kuijun’s face had already turned as white as a sheet. He lost his balance and stumbled twice before the bag at his waist fell to the ground.

It was over!

Everything was over!

If Nuannuan's identity was really that prestigious and she was really part of the royalty of Luntan, she would have already investigated everyone in the house thoroughly when she returned to the house.

Recalling Zhong Nuannuan's attitude towards Jiang Shuwan, Zhong Kuijun was a hundred percent sure that Zhong Nuannuan understood what was going on.

She knew the secrets of the Zhong and Jiang families.

She knew that Jiang Shuwan was not her biological mother.

Meanwhile, he kept bringing up the number of DNA tests he had done that proved that Jiang Shuwan was indeed Zhong Nuannuan's biological mother.

This...

If this was not face-slapping, he did not know what was!

He guessed that Zhong Nuannuan must have been very disappointed and disdainful when she heard him say those words.

At that moment, Zhong Kuijun was filled with regret at his decision!

He utterly regretted it all!

If they treated Nuannuan better after she returned home on the account that they took over Nuannuan's mother's inheritance, would the outcome be completely different?

Unfortunately, Zhong Nuannuan was the only one in this world who was granted the privilege of 'what if'.

After hearing Zhong Nuannuan's words, the officers were enraged.

Zhong Nuannuan and Jiang Shuwan were definitely not related by blood!

It was definitely the works of a stepmother!

A typical one at that!

Otherwise, which mother would leave a three-year-old girl outside without anyone watching over her?

Zhong Nuannuan must have been kidnapped by the human traffickers at that moment.

They definitely meant to send her away to the human traffickers in the first place!

No wonder Zhong Nuannuan did not tell Zhong Kuijun about her current life when she got home.

Chapter 730: Face-slapping

It was no wonder that Zhong Nuannuan did not treat Zhong Kuijun nicely and she showed him no mercy.

She was very lenient toward Huang Lifu and Lu Chao. The two of them were still alive and kicking after the beating. Zhong Kuijun was the only one left limping.

It was enough to show how trashy Zhong Kuijun's family was.

At this moment, all the officers felt extremely sorry for their Goddess.

Zhong Nuannuan noticed that Zhong Kuijun was so frightened that his bag fell to the ground. Slowly, she walked up to him, step by step.

With each step, Zhong Kuijun felt her footsteps did not land on the ground but his heart; heavily and solidly.

Arriving in front of Zhong Kuijun, Zhong Nuannuan bent down to help him pick up his bag. She even kindly patted the dust off his bag.

However, this series of actions nearly sent Zhong Kuijun into cardiac arrest.

How much did Zhong Nuannuan know?

How much did she actually know?

It turned out that his bad premonition was not because the military base suspected him, but because Zhong Nuannuan, his daughter, had completely given up on him and his family.

She...

Was this revenge?

Zhong Kuijun was not even that nervous when he thought he was under the military base's investigation.

After all, if Zhong Qianqian was backed by a first-tier wealthy family from Emperor District, then the Jiang family would definitely save him.

Besides, he already destroyed everything that needed to be destroyed. As long as his mysterious higher-up was safe and the people who threatened him did not expose him intentionally, he had 95% confidence. At most, the military base would simply fire him.

However, at that moment, Zhong Kuijun was truly afraid.

What did Nuannuan know?

If she knew about Jiang Shuwan from the beginning, would she investigate Pu Yu?

She would, right?

Not only was Nuannuan smart, but she also had such a powerful background.

Even ordinary people would be suspicious if this happened to them, right?

Then... Did she know about Cloud Group?

Would she find out about Pu Yu's will?

That was it...

Zhong Kuijun felt that everything was over.

However, Nuannuan was not done with him yet.

Some things should be said clearly in front of everyone.

If something happened to Zhong Kuijun in the future and she did not show that she cared, people might comment that she was like a baby would call anyone her mother as long as they had milk—that she would not care about her biological parents after getting herself new parents.

“At that time, I was scared of standing at the door of the toilet alone, so after Jiang Shuwan took Zhong Qianqian to the toilet, I decided to follow them. I thought it would be enough if she didn’t realize I was there.

Who knew that things would be so coincidental? Almost as soon as Jiang Shuwan turned around and entered, I immediately followed behind her and entered an empty cubicle. It probably took less than ten seconds before a human trafficker forcefully snatched me away. Hehe. ”

Zhong Nuannuan chuckled and looked at Zhong Kuijun. “Dad, don’t you think it’s such a coincidence?”

Zhong Kuijun, “...!!!”

“The human trafficker seemed to know that I was going to be abandoned. Once Jiang Shuwan turned around, I was taken nearly immediately. I was quite lucky.”

“No, it’s not like that. Nuannuan, listen to Dad, it’s not like that... When I found out that you went missing, I was also very sad and looked for you everywhere...”

“Oh. Other than going to the police station to report the incident, tell me what else did you do to find me? At that time, you had already set up Cloud Group, and you were considered a rich man. Did you offer money to reward those who saw me to help me and save me? Did you go to the television station to put up an advertisement saying that I was lost and then put up a reward?”
