Chapter 741: The Night Before Death

The day for the face-slapping to commence finally arrived.

Waiting for this day...

Zhong Nuannuan thought it was such a boring thing to wait for.

However, unlike Zhong Nuannuan, Wu Wenqian had been waiting for a long time.

Over the past month, she received endless mockery and sneers all because of Zhong Nuannuan.

Not only was she traumatized mentally, but she also suffered irreversible physical injuries on her body.

On the day when Zhong Nuannuan walked past her, Wu Wenqian stretched out her leg to trip Zhong Nuannuan. Yet, not only did Zhong Nuannuan remain upright, she even stepped on Wu Wenqian's foot.

Initially, Wu Wenqian felt only pain. When it started to feel better, she thought that it was nothing and not worth informing her teacher. After all, she was the one who started this incident, and there were surveillance cameras in the classroom. If they really wanted to pursue the matter, she was the one at fault. The teacher might not stand up for her, and would even ask her to apologize to Zhong Nuannuan.

However, who would have thought that even on the second day, her feet would still ache slightly, and remained so on the third day...

After limping around for a whole week, not only did her leg not recover, it even started to hurt more. Especially after a week, the pain she felt reached an unbearable level. She had no choice but to go to the hospital.

Hospitals in big cities were expensive, so she could only go to a small orthopedic clinic. The doctor touched her bones and said that she was fine. Perhaps her blood circulation was obstructed because she was stepped on, and that was why she was in pain.

Therefore, she took out 1000 bucks from the 20 thousand bucks that Leng Qirui's butler gave her for acupuncture. The lousy doctor told her that she would recover after 10 acupuncture sessions.

Ten times later, not only did her foot not get better, her foot was swollen. She asked the doctor to refund her money, but the doctor adamantly refused.

The argument turned out to be fruitless. Thus, she could only go to a major hospital.

After she went to the major hospital, the doctor gave her a blood test and a CT scan. Adding on to the already expensive fees, when the results from the CT scan revealed that there was no problem with her foot, she went for an MRI scan. Eventually, she was officially diagnosed with necrosis.

As for how long she had been afflicted by necrosis—whether it had been stepped on or whether it had been done by the crooked doctor in the small clinic—the doctors in the major hospital could not find absolute proof.

In short, the nerves in her feet were partially dead, and she was very likely to become lame for the rest of her life.

She knew that this was Zhong Nuannuan's doing.

However, when Wu Wenqian went to settle the score with Zhong Nuannuan, Zhong Nuannuan refused to admit it and asked her to produce evidence for her accusation.

Wu Wenqian was extremely frustrated.

What evidence could she produce? What evidence was there?

Leng Qirui's butler had given her 20 thousand bucks as compensation. She spent 1000 bucks to go to the small clinic and another 12000 bucks to buy a dress. In the end, she only had 7000 bucks left. However, what she had to face was several tens of thousands in medical fees.

Wu Wenqian's hatred for Zhong Nuannuan reached its peak.

Today, it was finally time for their results to be announced. As Zhong Nuannuan had not been around during this period of time, Wu Wenqian was afraid that Zhong Nuannuan would suddenly stop coming to school like Zhong Qianqian.

At the mention of Zhong Qianqian, Wu Wenqian and Li Shanshan were furious.

This woman was a super sh*t stirrer. She had caused Xue Miqi to end up in jail. Two days ago, Xue Miqi finally received her sentence.

She was accused of attempting murder on the fiancée of an important military officer in Camino. Although it did not cause any substantial harm, Xue Miqi was convicted for attempted murder and sentenced to 20 years in prison.

It was very unfortunate for Xue Miqi as she had already turned 18 for three months. She was already capable of making her own choices, so the court did not reduce the severity of her crime because of her age.

Chapter 742: The Truth Behind The Murder

20 years later, even if she was released, she would already be 38 years old. She would have missed out on the prime of her life, and her entire life would be ruined.

After Xue Miqi was put behind bars, Zhong Qianqian promised to protect Wu Wenqian and Li Shanshan. She also promised them that she would bring them to auctions in Jiang District to befriends many rich people.

However, after informing them that Zhong Qianqian would only be going to Emperor District to meet her in-laws this weekend, they received the devastating news that Zhong Qianqian was transferring schools all of a sudden.

She transferred!!

What about the gowns that she and Li Shanshan had already bought?

Wu Wenqian ran over to complain to Li Shanshan so that she could vent her anger. However, Li Shanshan responded by saying that they could only blame themselves for what happened to them to this day; that they deserved it.

Wu Wenqian found it totally unreasonable.

Therefore, she had been waiting for Zhong Nuannuan at school with a long face.

After all, Zhong Nuannuan sat for the final exam.

After all, Zhong Nuannuan had not transferred away.

Therefore, at the very least, she could still extort some money from Zhong Nuannuan.

What Wu Wenqian did not know was that while she was waiting for Zhong Nuannuan in the classroom, Li Shanshan was waiting for her outside the school where Zhong Nuannuan usually arrived.

Finally, Li Shanshan saw Zhong Nuannuan get out of the car and hurried over to her.

“Zhong Nuannuan.”

Today, Zhong Nuannuan was here to embarrass her enemies. That was why she asked the old master to stay put at the military base. It was safe, and the people from the military base could take care of him.

Zhong Nuannuan raised an eyebrow when she saw Li Shanshan.

“Why? Are you here to make peace with me?”

Li Shanshan was taken aback by Zhong Nuannuan’s attitude. Then, she recalled how they ridiculed Zhong Nuannuan in the past. She suppressed her unhappiness and said sincerely,

“Yes, I’m here to make peace with you.”

“Are you representing yourself, or are you representing the tiny band consisted of you and Wu Wenqian?” After all, these two were like conjoined twins. Whenever she saw Li Shanshan, she would think of Wu Wenqian.

“I only represent myself. I promise I’ll never have any contact with Wu Wenqian again. I... I will only be friends with you.”

Zhong Nuannuan sneered. “You wish. However, why should I be your friend?”

Li Shanshan choked at Zhong Nuannuan’s question. She pursed her lips and said, “I know that Zhong Qianqian and I backstabbed you when we were together, but... I really didn’t do anything to hurt you. So... Even if you don’t wanna be friends with me, can you cancel the bet on account of me apologizing to you? After all, Wu Wenqian was the one who came up with the bet. I was in a difficult position and didn’t even have the chance to say no. If you’re willing to cancel the bet, I... I have something for you. But... but you have to promise me that you won’t tell anyone that I gave you this.”

Zhong Nuannuan smiled and walked straight ahead.

Li Shanshan was confused as she watched Zhong Nuannuan walk past her.

So, did Zhong Nuannuan forgive her or otherwise?

Walking ahead of Li Shanshan, Zhong Nuannuan suddenly spoke.

“Send that video to my phone. Zhong Qianqian must have told you my phone number, right?”

Li Shanshan’s eyes widened, “...!!!”

How did she know?

When it happened, Li Shanshan was alone on the opposite balcony.

At the time, she looked around to make sure that there was no one around before recording it. Furthermore, to avoid being seen recording the scene, she hid on the inner part of the wall.

How did Zhong Nuannuan find out???

[My Sweet Physician Wife Calls The Shots](#)

Chapter 743: Betrayed

Did that mean Zhong Nuannuan had always known that Li Shanshan possessed such a piece of important evidence?

Li Shanshan guessed that if she did not hand the recording over today, Zhong Nuannuan would still make her hand it over one day... Right?

If she did not hand it over, would Zhong Nuannuan harm her?

Thinking about how nobody had a good ending after going against Zhong Nuannuan, Li Shanshan shuddered.

She regretted getting involved in the sibling feud between Zhong Qianqian and Zhong Nuannuan wholeheartedly.

Fortunately!

Fortunately, she felt that something was amiss, so she came to apologize to Zhong Nuannuan.

Otherwise, who knew what would happen to her in the end.

Li Shanshan quickly took out her phone and sent Zhong Nuannuan a video.

When she received the message, Zhong Nuannuan played the video. It was a video of Zhou Jinhui and Zhong Qianqian quarreling. Zhong Qianqian mocked Zhou Jinhui for being born in a poor family. How could Zhong Nuannuan fall in love with him? She agitated Zhou Jinhui so much that he had a seizure. She continued to say that Zhong Nuannuan already stole her boyfriend, Chi Yang. Now, Zhong Nuannuan had become Chi Yang’s girlfriend. She also told Zhou Jinhui that the so-called Goddess in his heart was actually a slut who would do something like stealing her sister’s boyfriend.

Initially, Zhou Jinhui had only felt terrible from his illness and did not attack anyone. However, after hearing Zhong Qianqian’s harsh words, he could not help but step forward, wanting to push her so that she would shut up.

However, when a person had a seizure, their eyes would lose focus, so Zhou Jinhui's push did not touch Zhong Qianqian's body.

Zhong Qianqian, on the other hand, did not help Zhou Jinhui call 120 even though she had already provoked him to the point of a seizure. Instead, she pushed him mercilessly.

At the time, the two of them were standing at the staircase leading to the rooftop. Since students were not allowed to enter under usual circumstances, the stairs were rather steep.

With this push, Zhou Jinhui hit the ground with the back of his head. Coupled with the fact that he was having a seizure, he died on the spot.

In truth, Zhong Nuannuan stood in another corridor the whole time. When she heard Zhong Qianqian call her a slut, her eyes flashed with pain.

Looking at the video, Zhong Nuannuan could not help but sneer.

She was mocking herself, not Zhong Qianqian.

She did not understand why she placed so much importance on such useless kinship in her previous life.

She clearly knew that Zhong Qianqian harbored ill intentions toward her and did not like her anymore. However, she still felt terrible and suppressed her natural instincts so that she could give in to Zhong Qianqian.

When Zhong Qianqian extended her hand, Zhong Nuannuan already started heading over to rescue Zhou Jinhui. However, she was too far away from Zhou Jinhui, so by the time she rushed over, Zhou Jinhui had already crashed into the ground.

Zhong Qianqian was so frightened that she started crying. She knelt beside Zhong Nuannuan and begged her not to expose her. Zhong Qianqian begged Zhong Nuannuan to help her on account that Zhong Nuannuan slept with her boyfriend, Chi Yang.

However, just as she said that, they heard a teacher's voice. Several teachers from the teachers' office had already walked over. It was too late for them to deal with Zhou Jinhui's body.

Zhong Qianqian's face was already pale from fright, and she collapsed on the ground as if she had lost all her strength.

At that moment, the teachers had already walked up. They saw Zhou Jinhui's body at first glance, and at the same time, they saw Zhong Nuannuan, who was standing there coldly, and the terrified Zhong Qianqian.

"It's her! She pushed Zhou Jinhui down. It has nothing to do with me!"

Before the teachers could utter a single syllable, Zhong Qianqian betrayed Zhong Nuannuan immediately.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 744: The Bet

Zhong Nuannuan frowned slightly. After struggling for half a second, a look of relief flashed across her eyes.

Seeing this, Zhong Nuannuan allowed herself a self-deprecating laugh.

At the time, she thought of it as nothing more than some measly amount of time in jail. She once escaped from a prison cell designed to hold international criminals. If she wanted to escape from a small prison in Jiang District, no one could stop her.

All she wanted to was if her family really cared about her.

If they really cared about her, they would go out of their way for her and come up with a solution.

Therefore, when the teacher asked who pushed Zhou Jinhui down the stairs, Zhong Nuannuan stood up. She did not inform the teacher that Zhou Jinhui fell down the stairs because he had a seizure. She did not tell Aiden and Selina that she was arrested. She even called them when the prison guards were not paying attention and told them not to contact her in the coming month, lest they ruin her plans.

She wanted to see what her family would do when she was accused of murder.

She was already disappointed in Zhong Qianqian, but she had yet to be disappointed in Zhong Kuijun and Jiang Shuwan.

A month later, Zhong Kuijun, Jiang Shuwan, and Zhong Qianqian came to pick her up. Chi Yang was there too. Everything unfolded on the day she transmigrated.

However, Chi Yang was not an articulate speaker. Afraid that Zhong Nuannuan would hate him, he gave the credit away to Zhong Kuijun and Jiang Shuwan.

However, these two shameless people took over the credit that Chi Yang granted them without any hesitation. This made Zhong Nuannuan happy, giving her the misconception that even though her parents were biased, they still treated her well.

That was because before she turned three, this family had left a good impression on Zhong Nuannuan. Since she had a good memory, she had always thought that her family was beautiful.

The reason why things were not as good as before was that she had not returned home for a long time, thus, wedging a barrier between her and her family. She believed that with familial love as the foundation, this barrier would disappear one day.

As she watched the video and recalled her train of thought in the past, Zhong Nuannuan felt like a complete idiot.

After watching the video, Zhong Nuannuan deleted it.

After all, she was not a fool. At that time, she clearly saw Li Shanshan recording this incident without missing a single detail.

Therefore, after getting locked up in the detention center, she snuck into the surveillance room and knocked out the prison guards. Then, she hacked the video that Li Shanshan recorded.

After all, she had only granted Zhong Kuijun one month's time. If he really wanted to sentence her to a figurative death, she would hand over this wonderful piece of evidence.

Zhong Qianqian had already broken her heart. If Zhong Kuijun broke her heart again a month later, she would leave this house and never return.

Luckily, Zhong Nuannuan got tricked and stayed behind at that time. Despite falling into Zhong Kuijun and Jiang Shuwan's trap in her past life, Zhong Nuannuan had no regrets.

Fortune follows disaster; disaster follows fortune.

It was because of her persistence in her previous life that she ended up causing her death and Chi Yang's death. That led to her being able to live such a blissful life with Big Brother Chi Yang now.

The corner of Zhong Nuannuan's lips curved upward slightly into a small smile. Not many in this world deserved to be called Zhong Nuannuan's enemy. The only person who could be her enemy was herself.

When Zhong Nuannuan arrived at the school and entered the class, she immediately became the center of attention.

"Zhong Nuannuan, you haven't forgotten our bet, have you?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 745: : Why?

As soon as she entered, Wu Wenqian limped over to question Zhong Nuannuan.

Today, Zhong Nuannuan wore a handsome white sports attire with black stripes. She wore a black cap with white stripes on it. Even as she stood casually in the classroom, a strong and cool aura swept across the entire class.

"Did you notice how handsome Nuannuan is today?"

"What? You think so too? I agree! I think Nuannuan possesses more boyfriend material than the male heartthrobs in our class."

"I think so too! I feel that Nuannuan is much more handsome than Young Master Leng! Ahhhh, I'm ready to direct my love to someone else!"

"I did that already, okay? You should be behind me, and I'm behind that Mister Soldier."

"Yu Xiaowei, the few of us are Nuannuan's roommates. Even if we're talking about ranking, you should be behind us!" Gu Xiaoli smiled.

Soon, the group of girls started laughing at each other. They placed all their attention on Zhong Nuannuan that they did not notice that someone was looking to mess with Zhong Nuannuan. They also failed to notice that Prince Charming Leng was already sitting there.

Leng Qirui, who had already thought of acting like a puppy under the oppression he had to face, was at a loss for words.

Wu Wenqin, who was prepared to mess with Zhong Nuannuan, was speechless.

Was the topic that she brought up not severe enough? Why did it suddenly deviate from the topic?

Initially, Zhong Nuannuan was still listening to her band of fangirls, so she did not pay much attention to Wu Wenqian. Unexpectedly, Wu Wenqian thought that Zhong Nuannuan regretted it and said smugly,

“Zhong Nuannuan, you’re not answering my question because you’re afraid, are you? It’s fine if you’re afraid. After all, we’re all adults, and no one wants to kowtow and admit their mistake in front of the whole school, right? So, I’ve thought it through. I don’t want you to kowtow and admit your mistake. You stepped on my foot until my nerves were dead. How about this? You give me 10 million, and we’ll call it even.”

“F*ck, Wu Wenqian, how thick-skinned are you?”

“Does she have skin, even? Every inch of her skin must have rotted away a long time ago.”

Seeing that her classmates were about to start telling Wu Wenqian off again, Zhong Nuannuan raised her hand and the noisy class instantly became quiet. The efficiency of that was even better than when their homeroom teacher, Teacher Liu, entered the class.

Leng Qirui watched helplessly as the Tyrannosaurus Rex released her aura in class and began to think more in-depthly.

Why had his life changed so drastically since he met Tyrannosaurus Rex and her friends?

In the past, students would only lapse into silence when they saw him. So, how did he end up getting ignored by his classmates now?

Could it be that Selina had taken away his manly dominance?

“Wu Wenqian, I feel like you should act more aptly when you make a bet with someone. Right now, you look like you’re telling the world’s richest person, ‘I’m betting 100 bucks on you not knowing how to solve this question. If you answered this problem, I’ll give you 100 bucks. If you can’t do it, you’ll have to give me 10 million bucks. A person should always know their limitations. 10 million is nothing to me, but you’re not even worth 500 thousand. Why should I bet 10 million with you? Even a dumbass with unlimited money wouldn’t give it to someone like you.”

“You...” Wu Wenqian was rendered speechless by Zhong Nuannuan’s words. She was too ashamed to show her face in front of her classmates who stared at her like she was an idiot. Yet, for the sake of her foot, she must obtain the money for the medical treatment.

“Zhong Nuannuan, you were the one who stepped on my foot. Now that the nerves on my foot are dead, you have to take responsibility!”

[My Sweet Physician Wife Calls The Shots](#)

Chapter 746: A Slip Of The Tongue

“Take responsibility?” Zhong Nuannuan raised her eyebrows and revealed a cold smile. “As long as you sign the death contract, I can take the responsibility of recreating and rebuild a brand new you.”

Wu Wenqian glared at Zhong Nuannuan with bleak eyes. However, Zhong Nuannuan suddenly exuded a strong aura that squeezed Wu Wenqian's heart. Her legs went soft and she fell to the ground without saying a word.

Zhong Nuannuan's tone changed as she said, "If you don't want to die, then shut your foul mouth. From now on, don't talk nonsense in front of me. This punishment will be your final punishment. If you still haven't learned your lesson... Then, don't blame me for being rude."

Originally, Zhong Nuannuan had never intended to be too calculative with these students who had yet to deserve a death sentence. Just like Li Shanshan—the moment she realized her mistake and apologized, this matter was resolved.

However, there was a limit to Zhong Nuannuan's patience if there was no end to the matter. If she was truly irritated, the consequences of that were not something that students like them could bear.

Wu Wenqian originally wanted to extort 10 million bucks from Zhong Nuannuan. However, in the end, not only did she not manage to extort anything, but she was also frightened by Zhong Nuannuan's imposing manner. She was completely stunned.

Leng Qirui looked at Zhong Nuannuan, who already sat down beside him, and then at Wu Wenqian, who was still sitting on the ground in shock. He pursed his lips.

Serves you right!

What kind of person is this!

What an idiot!

Zhong Nuannuan was a Tyrannosaurus Rex that even he did not dare to provoke. Yet, this band of girls from of Zhong Qianqian's gang kept climbing onto the Tyrannosaurus Rex's body, again and again, trying to land their teeth on it.

If they were not asking for it, he did not know how else to describe them.

However, Wu Wenqian was a very resistant person.

When Zhong Nuannuan retracted her aura, Wu Wenqian stood up again and walked to Zhong Nuannuan. "Alright, Zhong Nuannuan. Since you wish to kowtow before me in front of everyone so much, I'll fulfill your wish. If you really lose, it's written in our bet that you have to kowtow to me in front of the whole school! If you don't want to kowtow, it won't be something that can be settled with 10 million bucks. It will cost at least 20 million bucks!"

"Scram!"

Zhong Nuannuan unleashed her aura again. Wu Wenqian felt the collapsing pressure by the sudden aura and retreated all the way next to the student sitting in the second last row. The student pushed her impatiently and she fell to the ground again.

Leng Qirui could not help but shake his head.

The word 'idiot' was no longer sufficient to describe Wu Wenqian's stupidity.

“Nuannuan, how did you do in the exam this time? Are you confident that you can beat Wu Wenqian?” Mu Qingxuan’s roommates walked up to Zhong Nuannuan and asked concernedly.

“Do you think the Tyrannosaurus Rex is stupid? Since she dared to voice out her wish, she’s definitely better than Wu Wenqian.”

Leng Qirui interjected.

After saying that, he realized that the whole class was staring at him in dead silence.

Leng Qirui was taken aback as he recalled what he had just said.

He...

Seemed to have spurted out his thoughts? He mentioned that Zhong Nuannuan was the Tyrannosaurus Rex, did he not?

Zhong Nuannuan looked at Leng Qirui with an insincere smile and asked, “You seem to be calling Selina a tomboy too, right?”

Leng Qirui pursed his good-looking thin lips, thinking, ‘... Do... Do I?’

He opened his mouth to defend himself, but he realized how powerless his defense was.

Leng Qirui watched as Zhong Nuannuan made a call.

“Selina, Young Master Leng just called me...”

Before she could finish his sentence, Leng Qirui broke out in a cold sweat and rushed over to cover Zhong Nuannuan’s mouth. However, even though his hand was right in front of Zhong Nuannuan’s mouth, he was suddenly overwhelmed with fear that he would be beaten up badly by Big Brother Chi if he touched her mouth.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 747: A Slap In The Face

Stunned, Selina asked, “Boss, how dare he scold you? What did he scold you about?”

“He called me the Tyrannosaurus Rex.”

“Oh, that’s pretty apt,” Selina grumbled on the other end of the phone.

“Hmm?”

Zhong Nuannuan responded with a little grunt, and Selina quickly added like a submissive wife, “Boss, I’ll deal with him later. This puppy is in his adolescence and his temper’s been getting worse while thinking too much. Don’t be angry at him.”

Seeing that the teacher was about to arrive, Zhong Nuannuan hung up the phone. Leng Qirui lapsed into dismay and indignance after she hung up. “Zhong Nuannuan, you’re so cruel!”

Zhong Nuannuan smiled and said, “What’s wrong? You’re not even afraid of me. Why are you afraid of Selina?”

Leng Qirui choked.

Zhong Nuannuan said encouragingly, “Young Master Leng, don’t be afraid. Act like the man you were when I first met you. Think about it. Back then, you were surrounded and you were bleeding pus from your buttocks, but you still had the courage to protect me. Selina is so sweet and obedient. What are you afraid of?”

Leng Qirui, “...”

Sweet and obedient?

Thinking that Selina would either beat him to the ground, threaten him, or use her two ‘weapons’ against him, Leng Qirui felt a chill down his spine.

However, his fear did not last long because the teacher had entered their class.

The homeroom teacher, Teacher Liu, came in with other subject teachers, as well as... the school principal.

All the teachers looked radiant and energetic, their eyes beaming.

“Students, everyone knows that today is the day that the results are announced. Everyone knows that for the sake of fairness, the teachers have graded the papers per the standards of the National College Entrance Examination. Students’ names and classes were made anonymous, and the student registration numbers made random. Therefore, there is a very good piece of news that we only found out this morning. That is, in our school, in our class, someone managed to get first place in the entire state for this year’s joint examination[1], and this person surpassed the second place by a great amount.”

While Teacher Liu was speaking, she glanced at Wu Wenqian.

Wu Wenqian was shocked.

To be honest, to make Zhong Nuannuan kowtow and apologize to her, Wu Wenqian admitted to herself that she had indeed worked harder than ever.

Therefore, when the teacher looked at her, Wu Wenqian thought that the person mentioned by Teacher Liu was her. Only then did she understand that as a student, only by having good grades would she gain an ounce of respect.

Seeing Wu Wenqian smile, the students in the class instantly got up to boo her.

“How is it Wu Wenqian?”

“She has a twisted worldview. So what if she got first place? Even if someone like her got first place in the country, she could only go from a scumbag to a high-class scumbag!”

...

When Wu Wenqian heard this, the expression on her face instantly darkened. Just as she was about to tell these people off, Teacher Liu said, “Who said Wu Wenqian is number one in the entire state? Although Wu Wenqian came up top in the Senior High School Entrance Examination, she is an extremely

negative example. Just like what everyone said just now, the most important thing for a student is to study. It doesn't matter if you are in an ordinary school or an elite school; it doesn't matter if your family is rich or poor, you should focus on your studies. Although our school is an elite school, we never mistreat students with excellent grades. We even let everyone enjoy a good learning and living environment. Why? It's because the school wants to set an example for everyone. We want everyone to know that only knowledge can allow us to have a better foothold in society!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 748: Cheated

"You're still a student. All you think about is how to seduce rich men—something that only those despicable people outside do. Once you fall into such a crummy pit, you'll gradually be abandoned by society. As for Wu Wenqian, she entered our school with the best academic performance in the entire state, but all she thought about was how to hook up with rich boyfriends by interacting with wealthy students. Not only did her character gradually transformed into a despicable one, but even her grades dropped drastically. She didn't even get into the top six in class, let alone number one in the whole state."

When the students heard this, they were instantly shocked.

After all, Wu Wenqian had always been an unsurpassable existence. That was why she remained in the first seat in the first row. She had been warming this seat for two and a half years now.

So, was she really going to be replaced?

Wu Wenqian's face turned pale when she heard the words 'didn't get into the top six in class'.

"Impossible, the numbers on the papers must have been messed up! I've been working hard recently, so there's no reason I can't get first place!"

Teacher Liu looked at Wu Wenqian and said, "Wu Wenqian, when you spend all your time thinking about what kind of gowns you can buy to hook up with a rich husband; when you, Xue Miqi, Li Shanshan and the rest are discussing how to ridicule Zhong Nuannuan, Zhong Nuannuan has already started working hard with her roommates to chase up to you. She has overshot you.

"I remember you made a bet with Zhong Nuannuan to embarrass her, didn't you?"

When Wu Wenqian heard this, her face instantly turned ashen. She kept shaking her head as she muttered, "No, impossible! Impossible! She's the last in the class! How could she surpass me in a short month?"

"Why not? What's impossible? Wu Wenqian, when you were in Year 1 Senior, I told you that anything is possible. Don't give up on yourself and be a diligent snail. Perhaps you'll climb slowly, or you'll be looked down upon, but as long as you're willing to work hard, only eagles and snails can climb to the top of the pyramid in this world! Obviously, Zhong Nuannuan is that diligent snail that silently crawls forward. Perhaps you didn't notice, but I did notice that Zhong Nuannuan started studying hard in her junior years. In your classes, Zhong Qianqian and the rest passed notes and talked about men, but Zhong Nuannuan kept reading books from junior years. For her to achieve what she has today, I want to say

that she's the most amazing snail in our school! That's because Zhong Nuannuan is the one who scored the highest score in the entire state at 738 marks!"

The moment Teacher Liu said that, the whole class erupted into thunderous applause and cheers. Everyone looked at her in disbelief.

Their fervent gaze was akin to fans looking at their idol.

Leng Qirui, "...!!!"

What snail?!

He wanted to tell his teacher that in this world, not only snails and eagles could reach the top of the pyramid, but also Tyrannosaurus Rexes.

That was because the moment a Tyrannosaurus Rex stepped on it, the pyramid collapsed!

"Impossible! How could she get first place in the whole state? She cheated! Yes! She definitely cheated!"

Teacher Liu, all the teachers, and the principal looked at Wu Wenqian with disappointment. They had never thought that the high-spirited and bright-eyed top student of the Senior High School Entrance Examination would end up like this one day.

"Cheated? She is the number one in the whole state. May I ask whose work she had to copy to achieve number one?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 749: The Joint Tournament

Wu Wenqian choked. Under everyone's mocking gazes, she once again said something that made everyone speechless.

"Her fiancé is a director-general. They must have bribed the Education Ministry beforehand to get the answers! Yes, that must be it! Mr. Liu, you said that her dormitory mates did well too. Zhong Nuannuan must have known what to do beforehand and informed everyone."

The more Wu Wenqian spoke, the more righteous she felt. "Zhong Nuannuan must have asked her fiancé to steal the answer because she didn't want to lose to me!"

Initially, Zhong Nuannuan did not say anything until Wu Wenqian directed the line of fire on her Big Brother Chi Yang. Only then did Zhong Nuannuan explode in anger.

"Wu Wenqian, defamation is a crime! Do you also want to be Xue Miqi's prison mate?"

"Zhong Nuannuan, you're shameless! You're taking advantage of your connections to bully people like us who have no connections or background.

"You're the shameless one!

"Shameless and an embarrassing excuse of a person!"

Other than Mu Qingxuan, Yan Fangfang, and Gu Xiaoli, everyone could not help but boo.

The teacher could not stand it anymore and said, “Wu Wenqian, I can tell you in person that not only is Zhong Nuannuan’s fiancé, a mere captain, unable to steal the test paper but even the governor himself wouldn’t have laid a hand on the paper!”

The principal nodded and said, “That’s right! Everyone knows that this is the Statewide Joint Examination. Teachers from each school set one question, and then put the questions into a sea of questions. Originally, copies of the questions should have been completed three days before the exam, but there was a problem with the device that regulated the questions. It was not fixed until the night before the exam. Then, the questions were selected and printed overnight, and only then did they manage to hand out the exam papers the next day when you were in school. It can be said that before the exam papers were handed out, not even the person in charge of the exam papers knew which questions would be given, what more your teachers.”

Wu Wenqian felt that her dignity had been trampled on by the teachers, classmates, and Zhong Nuannuan.

Watching from the sides, Li Shanshan was glad that she had reached a consensus with Zhong Nuannuan. Otherwise, she would have been in deep trouble.

She could accept cleaning the toilet for a month, but she really could not apologize to Zhong Nuannuan in front of so many classmates.

If she really did that, her entire life would be ruined.

“By the way, I have a piece of good news for everyone. One month later, the ZR High School Student Tournament will be held on the 29th day of the twelfth lunar month. At that time, students from Camino will be competing against high school students from Yamato on the international stage. The Education Ministry will allow the best, second, and third students from each state’s joint examination to participate in this tournament, and they will choose 10 final contestants within a month. Therefore, Zhong Nuannuan will be participating as the leader in our Jiang District’s team with two other students in the national training team. Hopefully, we will get to watch our Zhong Nuannuan’s glory on television! Of course, since she is competing with the top high school students in the country, it doesn’t matter even if she isn’t selected in the end because she is already the pride of Jiang District. Isn’t that right, everyone?”

“Yes!”

When the students heard such exciting news, they cheered again and congratulated Zhong Nuannuan, wishing her a bright future in the High School Student Tournament.

Wu Wenqian could not withstand seeing Zhong Nuannuan trampling on her and accepting the praises from her classmates and teachers.

This honor should have been hers!

She should be the one representing Jiang District to participate in the High School Student Tournament!

Chapter 750: awesome

As she watched everyone congratulate Zhong Nuannuan, Wu Wenqian could not help but say bitterly, "Tsk, tsk. Sending a country bumpkin who just got promoted from the last place to the first place in the cohort to participate in the tournament, Jiang District will be so embarrassed this time!"

The students were still rejoicing over the fact that Zhong Nuannuan was about to bring glory to the country. Wu Wenqian's words had crossed their bottom line.

They all angrily criticized Wu Wenqian for being low-class, narrow-minded, and shameless...

Anyway, they scolded her with all that they could.

Wu Wenqian could not take it anymore and she cried with her face down on the table.

She thought this was the worst.

Unexpectedly, when she was tired from crying and thought that this matter was over, Zhong Nuannuan raised her voice and said, "Teacher, will you announce the ranking? I still have a bet with Wu Wenqian! Just now, Wu Wenqian even threatened that if I give her 10 million, she'll let me go and save me the embarrassment of kneeling before her in front of the whole school. I didn't agree, so she threatened that when the results are out, she would raise it to 20 million."

The teachers and principal shook their heads in unison when they heard that.

It felt like this top scholar from her Senior High School Entrance Examination had transformed into someone completely useless.

"Okay, we'll distribute the papers now. Since it's a joint examination, the overall results are out. First place, Zhong Nuannuan, 738 points!"

The class erupted into thunderous applause and cheers.

"Second place Mu Qingxuan, 687 points."

The students roared in shock again.

Mu Qingxuan actually scored so highly!!

This was amazing!

"Third place, Gu Xiaoli, 610 points."

Everyone was shocked again. It was another person from Zhong Nuannuan's room again! Awesome!

"Fourth place, Guo Junhao, 595 points."

"Fifth place, Yan Fangfang, 578 points."

The students were in an uproar!

Four of the top five students were from the same dormitory!

If the principal had not said that it was impossible to cheat, they would have thought that Zhong Nuannuan had gotten the answer beforehand.

“Sixth place!”

When the teacher announced the first five students, the teachers did not stop. After all, the top four of the five had good results.

However—

“Sixth place.” Teacher Liu repeated it before saying, “Leng Qirui, 560 points.”

The class was in an uproar.

Young Master Leng!

It was really Young Master Leng!

The Young Master Leng who disliked studying and was always the last in the class. Later, when Zhong Nuannuan came, Young Master Leng, who was only the second last in the class, actually got sixth in the class!

With this, the previous last and sixth place from the last had become the biggest dark horses. It was unbelievable!

“Wu Wenqian, seventh place, 559 points!”

When the teacher revealed Wu Wenqian’s ranking and score, the whole class cheered.

Wu Wenqian was furious.

Actually, this score was definitely not a problem for her to enroll in any Tier 1 university. It was considered very good in class, but for a top scholar in the entire state in the Senior High School Entrance Examination, this score was unbearably low. At the same time, it was also a new low in Wu Wenqian’s score history.”

“Hey, don’t tell me you really knew the answer beforehand?” one of Gu Xiaoli’s classmates who was close to her could not help but ask.

“Impossible!” Gu Xiaoli cried out.

“Then, why are all those who are close to Nuannuan at the front?”

Gu Xiaoli said proudly, “That’s because Nuannuan is very good and she’s particularly good at solving questions. Before the exam, she told us the key points and told us to do more important questions.”
