Chapter 751: Attacking

“We all listened to her and mastered our studies. We didn’t expect to really reach the top this time!”

The students were in an uproar again.

It was unbelievable!

“Tsk, and you say you didn’t get the answers beforehand. Can’t believe you guys really believed this bullsh...”

Before Wu Wenqian could finish her sentence, a crumbly piece of chalk flew into her mouth at an uncanny accuracy.

The force was so strong that it broke Wu Wenqian’s front teeth.

Yes, it broke her front teeth!

Not uprooted.

If her teeth were uprooted, it might have been better if they fell off completely.

Yet, they broke...

Four teeth broke at the same time!

Moreover, her teeth broke from the middle. As her four front teeth were tightly gritted, it revealed a round black hole the size of a chunk of chalk. The effect was horrible to look at!

The reason why Wu Wenqian craved to have a rich husband was, firstly, due to her good grades, and secondly, due to her good looks. At the very least, she was confident that she was on the good-looking side. That was why she always felt that with her looks and figure, she could get a rich husband. Then, with her talent, she could get him to find a good job for her, or become the young miss of a wealthy family directly. That way, her children could have a luxurious upbringing like Zhong Qianqian and other rich young ladies did. She did not wish for her children to be like her, where all her childhood memories were bitter.

Frankly speaking, there was nothing wrong with that reasoning. After all, which woman did not want to marry well? However, to live such a life, she was willing to chuck her self-esteem and self-respect aside. To make herself a member of a wealthy family by requesting Zhong Qianqian to introduce a boyfriend to her, she had willingly maltreated another person. That itself proved how convoluted her worldview was.

She did not focus on her studies all day, yet she could not bear seeing others surpass her. She would consider anyone who surpassed her to have cheated in their exam. When it came to people like this, even the most experienced teachers would be speechless, what more her own classmates.

Wu Wenqian let out a muffled grunt. After registering the sudden pain, she quickly shut her mouth and spat out the chalk. As she noticed the chunks of what seemed to be her teeth coming out along with the chalk, Wu Wenqian could not help but scream.

“Zhong Nuannuan, you ruined my face!”

Zhong Nuannuan stood up and walked slowly to Wu Wenqian’s side.

When Zhong Nuannuan stood up and unleashed her aura, Wu Wenqian immediately regretted it.

How could she have forgotten how scary Zhong Nuannuan was?

“I just broke a few of your front teeth. They’ll be fine if you go for porcelain crowns. Is this considered ruining your face?”

Porcelain crowns?!

She would first have to have the money for porcelain crowns! She spent all her money to buy a gown. How would she have enough money to go for porcelain crowns now? Even if she returned the gown, ten thousand bucks would not be enough to make four pieces of porcelain crowns!

However, now was not the time to consider these things.

That was because Zhong Nuannuan had already reached Wu Wenqian’s side, reached out, and grabbed Wu Wenqian by the collar. Like a little chick, Zhong Nuannuan grabbed Wu Wenqian’s thick coat and pulled her up.

“Zhong Nuannuan, what are you doing?”

...

“Principal, Teacher Liu, are you just going to sit back and watch as Zhong Nuannuan bullies me? What kind of lousy school is this?”

“Wu Wenqian, the contract is inside my bag. I believe you have one with you too, right? Now that you’ve lost, I won’t make you admit your mistake at the field. Go to the broadcasting room and apologize to me in front of the whole school. Then, clean the toilet for a semester. I’ll let this go if you do all that.”

The thought of losing to Zhong Nuannuan who used to be such a slacker, having to admit her mistake in front of everyone, and clean the toilet scared Wu Wenqian. She clamped her arms around the desk tightly and refused to let go.

Chapter 752: Back Then

“No, I’m not going! I’m going back on my word.”

Zhong Nuannuan gave a cold laugh. With a little force, Zhong Nuannuan pushed a table and it crashed squarely onto Wu Wenqian.

Wu Wenqian let out a scream and was dragged out of the classroom by Zhong Nuannuan.

“Whether you fulfill your promise or not is up to me. It’s not something you can decide on anymore.”

Seeing that Nuannuan had dragged Wu Wenqian out in such a domineering manner, the teachers and principal did not intercept her. The students were all boiling with excitement as they followed after Zhong Nuannuan.

Wu Wenqian was both embarrassed and enraged. She wanted to stand up, but she realized that every time she tried to stand up, Zhong Nuannuan would use a little more force on her collar, easily breaking her balance. Thus, she could only let herself get dragged along by her collar.

“Zhong Nuannuan, I was the one who made the bet with Li Shanshan. Why did you only drag me out but not her?”

Even though Wu Wenqian had gotten dragged out of the classroom, her voice was so loud that Li Shanshan could still hear her. Angered by Wu Wenqian’s words, Li Shanshan’s body started to shake involuntarily.

Li Shanshan had always known that Wu Wenqian had a distorted worldview, but she did not expect her to be so evil! After all, Li Shanshan was Wu Wenqian’s friend. Yet, when Wu Wenqian was in trouble, the first thing she thought of was for Li Shanshan to be in the same puddle of mud with her.

“That’s because other than her ridiculing me a month ago when I returned to school, Li Shanshan never said anything else that she shouldn’t have. Plus, she came to make peace with me before. Therefore, on the account that everyone makes mistakes, and that it’s always better for people to learn from their mistakes, I’m letting go of the bet with Li Shanshan.”

It took only one explanation for Wu Wenqian to instantly shift the source of her hatred to someone else.

Initially, she hated Zhong Nuannuan. However, when she realized that she could not win against Zhong Nuannuan in any way, she blamed Li Shanshan.

Currently, the words that came out from Wu Wenqian’s mouth about Li Shanshan were simply too horrible to hear.

Li Shanshan had also seen through everything. She stood up and voiced out her request to the teacher. “Teacher, I request to switch dorms with Wu Wenqian!”

“Agreed.”

Their homeroom teacher, Teacher Liu agreed without hesitation.

Indeed, it was good to know one’s mistakes and change for the better. This was targeted at Li Shanshan. However, for someone like Wu Wenqian, anyone who shared a room with her would probably be tainted by her malicious outlook.

Look at all of those who used to share the same dormitory room with Zhong Qianqian—Xue Miqi, Wu Wenqian, and Li Shanshan. With Zhong Qianqian as the leader, which one of them possessed the right values?

As for Zhong Qianqian and the others, Teacher Liu did not dare comment. After all, it was not like she could do anything due to their reputable family background. However, looking at the other three...

The teacher was at a loss for words.

No one saw how Zhong Nuannuan managed Wu Wenqian because Zhong Nuannuan locked the door from the inside after dragging Wu Wenqian to the broadcasting room.

It did not take long for Wu Wenqian to make a profound self-reflection amidst tears and sobs. This reflection was definitely sincere.

After leaving the broadcasting room, Wu Wenqian looked at Zhong Nuannuan with utter horror in her eyes. Where was the arrogance she had before?

Even as Zhong Nuannuan reached out to fix her hair, Wu Wenqian was so scared that she leaped to the side.

Seriously...

If she had known this would happen, why did she go through with this in the first place?

After returning to the classroom, it was time for the teachers to redistribute the seats according to their results.

The student who used to take the last place in the whole school instantly rose to first place. Similarly, the person who used to sit at the last seat in the last row now sat at the first seat in the first row.

Li Shanshan was at eighth place but she refused to sit with Wu Wenqian. In fact, no one was willing to sit with Wu Wenqian, so Wu Wenqian's row was empty.

Chapter 753: Idiot

After rearranging their seats, what came next was the winter vacation.

However, as a member of the national team, Zhong Nuannuan had to leave for Emperor District in three days.

Thinking about what would happen during the winter break, Zhong Nuannuan was filled with anticipation.

On the way home from school, Zhong Nuannuan called Selina.

"Boss, is my Young Brother Leng up to something again?"

Recalling how Leng Qirui's face kept scrunching up like a wimp whenever Selina was brought up, Zhong Nuannuan could not help but laugh. "Your Young Brother Leng has come back for you. Lil Girl, you're good at controlling your husband! Although Young Master Leng is afraid of you, he's stubborn on the surface yet his body is extremely honest!"

"Hmph, he called me a tomboy. He brought his father over and got him to buy me 100 boxes of medicine meant for menopause. I'm still mad at him!"

"Pfft... Hahahaha..."

Thinking of Leng Qirui's suicidal behavior, Zhong Nuannuan laughed out loud.

He deserved to be abused by Selina!

No wonder he was so dejected today. He did not even say much to Zhong Nuannuan.

Tsk tsk, he was so pitiful.

Served him right!

“Boss, why did you call me?”

“In three days, I’ll receive my training in Emperor District. In one month, on the 29th, before Chinese New Year, I’ll be competing with the students at Yamato.”

“...!!!”

“Why aren’t you saying anything?”

Selina chuckled dryly and chanted rhythmically, “Boss, you can do it! Boss, you can do it!”

Zhong Nuannuan, “...!!!”

Did that mean this group of people all thought that she went crazy?

Forget it; she would just ignore them. After all, she was someone who was prepared to rely on her medical skills to survive.

This could also be considered as atoning for the sins of killing in the past.

After all, she had Big Brother Chi Yang now. She wished that all the good fortune would befall him instead.

“Make the arrangements. When the time comes, come with me to Yamato.”

“Why? Are you thinking of making me join your team too?” She did not want to go. She was a flunkie!

“The competition I’m joining is the High School Competition!”

“Isn’t that great? You go...”

“I still need to destroy Wute Organization.”

“Go! I’ll go! I’ll go!!! Boss, anything for you! I’ll follow you even if it means losing my life!”

Selina, who had been bored out of her mind, perked up in a burst of energy when she heard that she was out on a task with her boss.

“There’s no need to do anything. Just follow me when the time comes. I’ll give you a call. We’ll do it together when the time comes.”

“Yes, yes, yes, yes!” Selina nodded frantically in excitement.

“Bring Aiden too.”

“Huh—?”

“What’s wrong?” Zhong Nuannuan raised an eyebrow and asked casually, “This tone... Don’t tell me Aiden has become your rival in love?”

Selina was almost moved to tears. "Boss, you know us the best after all! That idiot Aiden has lost his integrity to the dogs! He... He actually claimed that he wanted to compete with me for Young Brother Leng. Not only did he say that, he really went and did it. Sob... Boss, I'm your woman. You have to love me and help me!"

Zhong Nuannuan, "...!!!"

She could not help but gave herself a facepalm.

"Selina."

"Here!"

"I've always thought... that one day, you and Aiden would become idiots from playing your games."

Selina, "..."

"What does this have to do with me? Boss, are you still my man? Your woman is getting bullied, and yet, you call your woman an idiot!"

"I scolded Aiden too."

"Is that the same? What is our relationship? This is a relationship between a man and a woman! Even when facing Young Brother Leng, I still want him to be my woman. I will love and pamper him, and I won't give him the chance to be a man."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 754: True Love

Zhong Nuannuan, "..."

"Big Boss, please tell Aiden off. He's too shameless! He actually changed his sexual preference for a lousy game. Not only did he change himself, but he's also attempting to change my Young Brother Leng! He..."

Beep beep beep...

Selina was still complaining about Aiden's shamelessness when Zhong Nuannuan hung up.

Selina pursed her lips as she looked at the phone in her hand after Nuannuan hung up. She felt that her big boss had stopped loving her ever since she had a brother-in-law.

However, on second thought, it was fine if her big boss no longer loved her. After all, she still had Young Brother Leng!

Every time she recalled that tortured look on Young Brother Leng's face, Selina could not help but want to shower her Young Brother Leng with kisses and dote on him.

To be honest, Zhong Nuannuan really wanted to go to the market and buy a pair of charcoal tongs to remove the two idiots.

For the sake of playing a lousy game, they were willing to bend their sexual preference.

The words she used against them back then had come true.

Zhong Nuannuan could not help but give herself a facepalm at the thought of how Aiden might turn Leng Qirui gay in the end.

Ah, right. She was so irritated by these two that she forgot to ask the questions that she wanted to ask.

Therefore, Zhong Nuannuan called Selina again.

“Big Boss, is this you coming to your senses...”

“I’m asking you, how’s the situation with the Gu family?”

At the mention of the Gu family, Selina’s burning fighting spirit was instantly replaced by disdain.

“Don’t worry. Even with the Huang family supporting them, they won’t be able to hold on for much longer. They’ll soon be going to the Nangong family. Big Boss, I’m really looking forward to your ultimate face smacking.”

“Don’t worry, it’ll happen soon. Zhong Kuijun has been arrested.”

“Serves him right!” Selina would not reserve any respect for Zhong Kuijun just because he was her big boss’ father. She could not wait to see how horribly the Zhong and Jiang families would suffer.

Knowing that her revenge on the Gu family was on track, Zhong Nuannuan was relieved.

“Alright, when I’m done playing with Zhong Qianqian, you can choose to rescue the Gu family if you want.”

Selina was like a hedgehog that had been stung. She immediately exploded in a fit of rage.

“Why should I save the Gu family? They abandoned me when I was young. I’m already merciful enough not to destroy them myself. Now, I’m simply dealing with them under your name. Save them? Do I look bored and free enough to land this steaming pile of poop upon myself? If they know what’s good for them, they can get out of the situation on their own and we’ll have no ties with each other from now on. If they don’t know what’s good for them and come looking for me, next time, it won’t be as simple as throwing them into the trash can.”

Initially, Selina returned with some hope, too.

However, after seeing what unfurled in her big boss’ family, Selina realized one thing—those who could harm and abandon their own flesh and blood were worse than animals. She would always be at the short end of the stick when interacting with a monster in human skin.

Therefore, after knowing what had happened to Zhong Nuannuan, Selina recalled that her father had been seriously ill and had brought her to look for her mother. He hoped that Selina could find someone to rely on before he passed away. Much to his surprise, Selina’s mother refused to see them, even if it was a life and death matter. In the end, her father could only bring her away, but he died on the streets. That was how she was taken away by the human traffickers. Selina was convinced that she must have been possessed that she would actually harbor such silly thoughts when her boss was coming back for

her family. Selina could not believe that she actually thought that her family might have missed her, even just a little bit. She was also naive to think that her family might like her.

F*ck, how did she come up with this idea?

Selina felt like a moron just thinking about it.

Chapter 755: Be Reasonable

As Zhong Nuannuan hung up the phone, a low-profile luxurious limited-edition Maybach rolled towards her. Since her identity had been exposed, Zhong Nuannuan felt that there was no need for her to maintain such a low profile anymore. After all, she was from the royal family of Luntan, was she not? She could no longer be bothered to take a taxi back and forth from school.

Seeing Jiang Shuwan running over in a hurry, Zhong Nuannuan retracted her initial plans to walk for a while before getting in the car and turned around to hop into the car immediately.

Grandpa was still waiting for her to go back for lunch. She absolutely refused to waste her time on Jiang Shuwan.

Jiang Shuwan caught sight of Zhong Nuannuan from afar. Initially, Jiang Shuwan was hesitating whether she should enter the school to talk to Zhong Nuannuan or request to talk to Zhong Nuannuan privately.

After all, if Zhong Nuannuan spoke too loudly in school, that would mean everyone would know that Jiang Shuwan's family was in trouble, would they not? She did not want that to happen.

However, if she asked Zhong Nuannuan to meet her privately, what would happen if Zhong Nuannuan refused to see her and left through the back door? She would have to continue grasping around desperately, would she not?

Jiang Shuwan had had enough of the fear that overwhelmed her since this morning. While she was still in the midst of hesitating, school ended and she saw Zhong Nuannuan walking out.

After all, Zhong Qianqian was no longer in school. Jiang Shuwan would not concern herself with when school holidays would start. Therefore, her eyes lit up when she saw Zhong Nuannuan.

Realizing that Zhong Nuannuan ignored her even though she already noticed her—Zhong Nuannuan was about to get into the car, even—Jiang Shuwan fumed inside. However, this time, she firmly remembered the 'last words' from the dead f*cker. She walked over quickly and forcefully inserted herself in Zhong Nuannuan's path.

In the past, Jiang Shuwan always blew things out of proportion when something bad happened. This time, however, Jiang Shuwan rushed in front of Zhong Nuannuan and whispered, "Nuannuan, Mom has something important to tell you. Come with me."

Zhong Nuannuan was slightly taken aback by Jiang Shuwan's sudden change, yet she understood that habits die hard. Therefore, now that her plan for revenge commenced, Zhong Nuannuan had no plans of holding back from embarrassing them.

"Cut the long story short. I don't think there's anything left for us to talk about."

"You..." Anger nearly consumed Jiang Shuwan. However, she understood that she was asking for Zhong Nuannuan's help and that she could not let any of their maladies known by Zhong Nuannuan at this crucial point in time. Whenever she thought of the luxurious life Zhong Qianqian would have in the future, she felt strong enough to withstand anything.

"Nuannuan, your dad and uncle have been arrested. Quickly think of a way to save your dad and uncle! Mom is just a housewife. There's really nothing I can do!"

Zhong Nuannuan returned Jiang Shuwan a small smile. "You mean I'm a man?"

Jiang Shuwan was mad. "What do you mean?"

"Didn't you say a housewife like you can't do anything? How am I not a housewife, then? Not only am I a housewife, but I'm also a student."

Jiang Shuwan mentally prepared herself for a long time and convinced herself countless times to be patient when dealing with Zhong Nuannuan. She told herself she must maintain an amicable attitude and not mess things up.

After all, she did not expect Zhong Kuijun and Jiang Hanlin to be arrested as well.

Now, she, Xie Congrong, and her mother were all that was left. Qianqian was currently in Emperor District. She assumed that Gu Mingzhe had not brought Qianqian to seek out the support behind Qianqian. She was scared out of her wits, but she did not dare make any random calls. In the end, she decided to ask Zhong Nuannuan for help to find out more about the situation before talking to Qianqian.

Who would have expected that when Zhong Nuannuan heard that Zhong Kuijun and Jiang Hanlin were arrested, she did not take it seriously at all? Zhong Nuannuan's indifference shocked Jiang Shuwan.

Jiang Shuwan was stunned for a moment before recovering from her shock. She could not help but shout, "Nuannuan, we're still your parents! Your dad and uncle are arrested, and we don't know if they're dead or alive. The whole family is as anxious as cats on hot bricks and this is the attitude you're giving me? Do you still treat us like your parents? Why are you so cold-blooded? Are you even human?"

Zhong Nuannuan had already opened the car door and was about to ignore her. However, after hearing what she said, Zhong Nuannuan could not help but contradict her.

"I don't treat you like my parents. Then, let me ask you a question, have you ever treated me like your daughter?"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 756: Terrified

"It seems like Zhong Qianqian is the only daughter in the Zhong family, right? If something happens to your family, you should look for your daughter, Zhong Qianqian. Why are you looking for me?"

After saying that, Zhong Nuannuan sank into the car.

She was about to close the car door when Jiang Shuwan pulled the door back.

Jiang Shuwan was utterly enraged now. No matter how much preparation she gave herself, it was not sufficient for her to handle Zhong Nuannuan's single line.

"Zhong Nuannuan, you've crossed the line! How dare you say something like that? Then, why didn't you deny your father when he helped you tell Qianqian off for you? Now that something has happened to him, you claim that we're not your parents? You're heartless! I don't care! You must do all that you can to save your father. Otherwise, I'll go to the military base and your school to defame you. I'll let everyone around you know that you're an ingrate!"

Zhong Nuannuan did not take Jiang Shuwan's words to heart, nor was she in a hurry to close the car door. Instead, she replied indifferently, "You can do that, but... don't blame me for telling everyone how you abandoned me for the human traffickers... and all the unspeakable things that you've done."

Initially, Jiang Shuwan still looked like reason was on her side, confident that today would be the day she faced Zhong Nuannuan head-on. Nevertheless, her face turned pale when she heard what Zhong Nuannuan said.

Since she never expected that, Jiang Shuwan was terrified.

She was terrified out of her wits.

"What... What do you mean?"

If it were not for the fact that Jiang Shuwan's hand was still on the door, she would not have been able to stand on her own the moment her knees went weak.

Zhong Nuannuan beamed and said, "I mean what I said. So... think about it carefully?"

With that, Zhong Nuannuan slammed the door shut.

"Let's go."

The driver was a foreigner and the Duke's bodyguard. Upon receiving Zhong Nuannuan's order, he nodded respectfully. "Yes!"

The Maybach slowly drove away, and Jiang Shuwan collapsed on her bottom on the side of the sheltered pavement. She watched with a pair of terrified eyes as the Maybach rolled away.

What did Zhong Nuannuan know?

How could Zhong Nuannuan remember the process of her abandoning her?

Even if she remembered the whole process, what secrets would she know?

Also, what did she mean by 'those unspeakable things'?

What did she know?

Heavens!

Could it be that Zhong Nuannuan investigated her after realizing that she had been mistreated?

Did Zhong Nuannuan find out that Jiang Shuwan was not her biological mother?

How much did she know?

By the time Qianqian returned to her 'true' family, would Zhong Nuannuan recall that she was Pu Yu's daughter and ruin Qianqian?

Heavens!

This was too scary!

What could she do?

All of a sudden, Jiang Shuwan gave herself a loud and crisp slap.

That was because the extreme and maniacal regret in her heart started pouring out.

Jiang Shuwan finally understood why Zhong Kuijun kept yelling at her and calling her stupid.

She recalled that when Zhong Nuannuan first returned home, Zhong Nuannuan was still full of admiration and respect for her. When did she change?

The answer she sought seemed to be the period of time after Nuannuan was released from prison. It was during that time that Jiang Shuwan had always been biased toward Qianqian. Since Jiang Shuwan did not treat Zhong Nuannuan nicely, Zhong Nuannuan changed.

So, was that the moment Zhong Nuannuan decided to investigate Jiang Shuwan?

How much did she investigate?

Jiang Shuwan regretted her rashness more than anything in this world.

If she could maintain the image of a good mother like before, would she have spared herself the nightmare that happened today?

[My Sweet Physician Wife Calls The Shots](#)

Chapter 757: Stupefied

Why did Jiang Shuwan refuse to listen to Zhong Kuijun back then? Why did she not suppress the anger in her heart?

Just to save what little was there of her breath, Jiang Shuwan pushed Qianqian to the forefront.

Jiang Shuwan did not dare to look for Zhong Nuannuan again. She only hoped that they could live out their own respective lives in peace from this day onward and never crossed paths with each other.

Otherwise...

Jiang Shuwan did not dare imagine the consequences that might befall her.

She worked so hard for 18 years. At last, when she finally saw the shimmering ray from the skies that was clearing for her, when did everything start plummeting so uncontrollably?

As the saying goes, it would take 100 days for someone to recover from musculoskeletal injuries. If Jiang Hanlin had not been suddenly captured and she failed to contact Zhong Kuijun, she would still be lying on the bed, recuperating.

The pain that originated from her intercostal muscles put Jiang Shuwan in so much pain that she could no longer stand up. Luckily, the Zhong family's driver came and carried her into the car.

When the driver carried her, he could still feel Mrs. Zhong shivering.

Whatever Zhong Nuannuan told her mother, she must have been a truly unfilial child.

Jiang Shuwan did not recover from the shock until her driver straightened things out with her.

When she came back to her senses, she suddenly remembered...

The car that Zhong Nuannuan left in seemed to be a Maybach!

Furthermore, it was a limited edition Maybach.

She had never seen it before in Jiang District!

Then, came the question—

How could a poor student like Zhong Nuannuan afford a limited edition Maybach?

That was impossible.

Therefore, this Maybach must have belonged to Chi Yang.

Thinking of how the skirts that Chi Yang gave Zhong Nuannuan cost at least 7.5 million, and he would hire the best chefs from Lijing Mansion for the banquets he held for them, Jiang Shuwan was overwhelmed with a sense of discomfort.

Could it be that Chi Yang helped Zhong Nuannuan investigate everything about their family?

Jiang Shuwan told Grandma Jiang and Xie Congrong all about what happened with Zhong Nuannuan.

After Jiang Hanlin was taken away and Cloud Group started getting monitored by the military, Xie Congrong fell sick and had not recovered since.

Although Jiang Hongye, the eldest son, was a member of the Medic Association Hospital and had great achievements in his career, the Medic Association Hospital still belonged to the military base. Even though he was in Emperor District, he could not be contacted at all. Meanwhile, his third son had been sent to prison as a victim of Selina's viciousness. Jiang Hongyang was the only one left.

However, ever since Ou Mingxi proposed to break up with Jiang Hongyang, Jiang Hongyang's mind had been muddled. Initially, no one thought much of it. They only thought that he could not take the blow of a breakup, so he drank all day to drown his sorrows. He was simply in a bad mood and often spoke rashly.

It was not until the Ou family collapsed, Ou Mingxi was disfigured and sent to prison, that sent Jiang Hongyang into his worst state.

He was so grouchy that even Xie Congrong did not dare to talk to him.

This time, Jiang Hanlin was arrested, but Jiang Hongyang remained indifferent. Only then did the family realize that something went wrong with the child.

Jiang Shuwan told the driver to drive straight to the Jiang family's house after receiving such a blow from Zhong Nuannuan. Grandma Jiang and Xie Congrong waited for Jiang Shuwan there.

However, before she managed to step into the house, she heard a deafening commotion inside the villa.

Then, she watched as Grandma Jiang—supported by someone else—and Xie Congrong came running out with pale faces.

“Zhong Nuannuan, I’m going to kill you! You’ve harmed my Mingxi, I’m going to kill you!”

Jiang Hongyang’s voice boomed from inside the house. Jiang Shuwan could not describe how horrifying it was.

Then, she heard a girl scream.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 758: Collapse

Then, there were screams from the men and women in the house.

It was followed by the sound of things crashing and clanging.

After that, Jiang Hongyang’s angry roar boomed again.

The color was completely drained off Madam Jiang and Xie Congrong’s faces. Even when they heard Jiang Hongyang’s savage-like roar, their hearts ached terribly, but they did not dare to look inside.

Jiang Shuwan was also shocked by this. She lost her courage to walk into the garden of the villa and stood outside the gates instead.

She yelled, “Mom! Sis-in-law! What happened?!”

After losing the equivalent of life support, Madam Jiang looked terrible at every angle. However, her eyes lit up when she saw Jiang Shuwan, and she asked hurriedly, “How is it? What did Zhong Nuannuan say when you saw her? Her father has been arrested. She must be coming up with a way to save him, right?”

Xie Congrong rushed toward Jiang Shuwan too and held Jiang Shuwan’s hand. She asked anxiously, “What about her uncle? Hanlin is her uncle. She won’t ignore him, right?”

Waterfalls came crashing out from Jiang Shuwan’s eyes when she noticed the eagerness in their eyes.

When Madam Jiang and Xie Congrong saw Jiang Shuwan’s reaction, what else did they not understand?

Madam Jiang slammed her walking stick on the ground so hard that it left a white mark on the road. She exclaimed angrily, “Zhong Nuannuan is an ingrate! Why can’t she just die, huh?! How did Zhong Kuijun give birth to such a heartless thing?! Her father’s arrested, but she won’t help? Is something wrong with her head? Whose father is that? Does she think that Zhong Kuijun is only father to Qianqian?”

Seeing Jiang Shuwan crying, Madam Jiang unleashed all her pent-up anger.

“You as well. Aren’t you going to do anything about it just because she refuses to rescue him? Huh?! Now, Zhong Kuijun and Hanlin have been arrested, and they haven’t contacted Qianqian’s grandfather

yet. What will happen if Gu Mingzhe doesn't put it as the priority to find help for Qianqian because things aren't the absolute worst yet? Have you forgotten what that bastard Zhong Kuijun said to me before he got arrested?"

"Enough! Stop arguing!" Jiang Shuwan started to get furious too. She finally revealed the truth to them after that yell. "Zhong Nuannuan knows everything!"

This sentence successfully shut the two indignant people up. Their faces turned as white as a sheet as they asked, "Know... know what?"

"She knew that I'd purposely abandoned her. She didn't say anything else, but if she knew that I'd purposely abandoned her, wouldn't she have done the DNA test herself? I threatened her that if she didn't help her father, I'd go to the school and the military base to defame her, but she wasn't afraid at all. She said that if I defame her, she'll tell everyone about me.

Madam Jiang, "..."

Xie Congrong, "..."

The two of them were stupefied for a long time. They were then informed that Jiang Hongyang was finally kept under control. The butler ordered people to tie him up and carry him out of the house. At the same time, a young worker who had just joined the Jiang family staff was carried out too.

As they carried her out, her entire body was now covered in blood.

"Madam, Mrs. Jiang, Second Young Master has stabbed the Yun Ying girl more than ten times. We've already called 120, but I'm afraid she's not going to make it."

The woman had only been in the Jiang family for a week. She was not very old and was only in her early thirties. She planned to earn more money by working for the wealthy families in Jiang District to support her son, but who knew that she would end up being in a disaster.

The butler, along with all the drivers and nannies were mourning this poor woman. Unexpectedly, Xie Congrong let out a shrill scream.

Chapter 759: Desertion

"What? Is your brain clogged with sh*t? You know she's dying, yet you still called the ambulance. Doesn't that mean our Hongyang's matter will be handled by 110? What were you thinking? Are you trying to jeopardize our Hongyang?"

Hearing this, the butler was enraged.

"Second Young Master was the one who grabbed the knife and started slashing at her. The fault lies with Second Young Master! The Yun Ying girl's family is already so poor. Her husband's dead, and she's raising her son alone. If she dies just like that, what's going to happen to her son? Why shouldn't we call the ambulance?"

“Is there something wrong with your brain? What’s the point of saving her if she’s about to die? You said it yourself that she has a son, and I wanted to settle this privately. Since that’s the case, then I’m leaving this responsibility to you. Let me tell you, I won’t pay a single cent for this matter!”

Xie Congrong must have been driven mad by anger. After all, everything had been going downhill recently. Now, even Jiang Hongyang had suddenly gone crazy. She was angry and anxious, but she could not find an outlet to vent her anger. In the end, she could only take it out on the butler.

The butler was a righteous person. He had long found it unbearable that this entire family had invited Miss Nuannuan to perform acupuncture on them but viciously badmouthing Miss Nuannuan behind her back.

To be frank, he had unintentionally overheard that Miss Nuannuan was not the daughter of the Jiang family, but Zhong Qianqian was.

Even so, they could at least treat Miss Nuannuan a little better! Furthermore, Zhong Qianqian had been occupying Miss Nuannuan’s identity all this time. The whole Jiang family gobbled up the inheritance that Miss Nuannuan’s mother had left for her.

The butler had long felt that he could no longer stay in this vicious, immoral, and scheming family. Now that Xie Congrong said this, the butler, who was still holding the rope that restricted Jiang Hongyang, threw everything on the ground.

“You’re the crazy one! Your whole family is crazy! If someone dies in your home, do you think the police won’t know just because I don’t call 120? Do you think you have the power to cover everything in Jiang District? The man went in; his sons either joined him or went crazy. This is retribution for all the bad things the Jiang family did! Whether you choose to pay the compensation, I’m telling you, it’s none of my business. It’s up to you whether you want to compensate her or not! If you have the capability to wipe out your son’s murder crime, it doesn’t matter if you pay or not! In any case, I don’t want to work for your family anymore!”

With that, the butler shrugged off all his responsibility and left.

When the servants in the villa saw that, they left as well.

They were so disheartened at this family that they did not even want their salary.

“Come back! All of you, come back!”

The group of people stalked out of the house, completely ignoring the group of crazy women from the Jiang family.

The butler even called the police straight away.

“Hello, 110? This is xxxxx[1]. The second son of the Jiang family, Jiang Hongyang[2], used a knife as a weapon and attempted to murder someone. The Jiang family wanted to cover up for him. Yes, the worker lady who was working at their house was injured by him at her carotid artery. When we carried her out, she was halfway there. She must be dead now. We called 120 just now... We’re no longer working for the family, so we definitely won’t be around later. However, all of us can bear witness and cooperate by giving you our statement. Alright.”

After hanging up, the butler left with the servants.

Of course, some of the servants did not leave because of Xie Congrong's reaction. After all, the people from the military base came and took Jiang Hanlin in from the villa. They also found out that Zhong Kuijun had been arrested as well.

Chapter 760: Murder

Therefore, even though a few of them from the Jiang and Zhong womenfolk were still around, the servants knew that the Jiang and Zhong families were doomed, considering how these women had nothing but petty tricks up their sleeves.

Xie Congrong heard the content of the butler's conversation on the phone. As she cursed the butler for being a traitor and a useless piece of trash, she quickly ran to Jiang Hongyang's side, with the intention of untying him. She wanted to send him running so that he would not end up in jail like his younger brother.

These three sons were all of her most precious treasures. Now that one of them had already entered prison, if even Jiang Hongyang joined in, then Xie Congrong really did not know what would happen to her in the future.

Yet, as soon as she touched the rope, Jiang Hongyang woke up.

At that moment, Jiang Hongyang's bloodshot eyes were burning. Even though his entire body was tied up, he raised his body using the strength from his well-developed abdominal muscles and sank his teeth into Xie Congrong's arm.

Xie Congrong screeched painfully. All of a sudden, her arm was covered with blood that dripped from his bite. However, Jiang Hongyang showed no signs of loosening his grip. It was as if he wanted to drag Xie Congrong to hell even if he was facing certain death.

"Arghh—It hurts so much! Let go of me, Hongyang! I'm your mother! I'm your mother! Let go now!"

However, no matter how much Xie Congrong screamed, Jiang Hongyang acted as if he did not hear her and refused to let go.

Bang!

A pebble crashed onto Jiang Hongyang's head, and a stream of blood flowed down. Jiang Hongyang was stunned before he blacked out again.

Darkness had started to surround Xie Congrong's eyes from the bite, but when she saw Jiang Shuwan hitting Jiang Hongyang's head until it bled, she pushed Jiang Shuwan away unhesitatingly, ignoring the pain from her wound.

"What are you doing? Why did you hit Hongyang? He's your nephew! How can you be so evil?"

Jiang Shuwan had yet to heal from the injury at her ribcage. She should not be moving around in the first place. However, she did not have any choice but to stand the pain and head out of the house due to everything that suddenly befell her family.

However, with just one push from Xie Congrong, Jiang Shuwan felt a flash of pain and collapsed onto the ground, unable to get up.

Seeing this, Madam Jiang hit Xie Congrong with her walking stick and shouted angrily.

“Do you think there’s not enough chaos in the family? Look at how you’ve raised my grandson? He can’t even withstand a single blow. Ou Mingxi is merely arrested, isn’t she? What’s there to miss about the daughter of a down-and-out official? If even that country bumpkin, Zhong Nuannuan, can land a good man like Chi Yang, surely an excellent man like Hongyang will be able to find another girl, won’t he? How can he end up being a drunkard after this blow! Not only is he unable to help at all, he even killed someone! How dare you push Wanwan away? If something happens to Wanwan now and no one is willing to help, how is Hanlin ever getting out? Who will save your two sons? Have you lost your mind?”

Although Grandma Jiang scolded her too harshly, it finally woke Xie Congrong up.

Therefore, both of them started to approach Jiang Shuwan to help.

However, as soon as she touched Jiang Shuwan, Jiang Shuwan screamed in pain.

Finally, the ambulance arrived.

The police also came.

The paramedics at 120 carefully examined the worker lady, Yun Ying’s breath, and confirmed that the large artery in her neck was severed and the blood had run out. She had been dead for nearly 10 minutes. They immediately notified the funeral home to come.

With the butler and so many people as witnesses, the fact that Jiang Hongyang committed homicide was nearly as certain as that a brook must have banks.

Therefore, the moment the police arrived, they arrested Jiang Hongyang.
