Chapter 761: Jiang Hongyangs Arrest

As the police were about to apprehend Jiang Hongyang, he suddenly woke up.

This time, Jiang Hongyang recognized everyone around him.

He no longer remembered that he just killed someone. He was stupefied.

“Let go! Why are you arresting me? How dare you arrest me? I am the second young master of the Jiang family! My father is the chairman of Jiang Group! My uncle is a commander! My brother-in-law is a director-general! What right do you have to arrest me?”

“Shut up!”

A police officer who hated evil with a vengeance slapped Jiang Hongyang in the face and yelled, “This is a country ruled by law. Even if your father is the governor—even the governor will be apprehended for his crime! Let’s go!”

“Hongyang! Wuuuuuwwuuu... Hongyang!”

When Xie Congrong saw that her son was conscious, she broke down in desperate tears.

Jiang Hongyang was also scared out of his wits. He kept shouting, “Mom, quickly call Dad. Quickly come and save me! I don’t want to stay at the police station. I didn’t kill anyone. I’m innocent...”

Seeing Jiang Hongyang being led into the police car, Xie Congrong wanted to follow them, but the police pushed her away.

She staggered and watched as the police car drove away. She fell to the ground and slapped her knees as she cried hysterically. “Evil! Evil! Zhong Nuannuan, you little b*tch! May you die a horrible death!”

Hmm, that sounded about right.

Her son killed someone, Xie Congrong and the Jiang family would never reflect on themselves. They would always think that it was all Zhong Nuannuan’s fault. If Zhong Nuannuan had not maliciously separated Jiang Hongyang and Ou Mingxi, Jiang Hongyang would not have suffered such a blow.

When Ou Mingxi attempted to murder Zhong Nuannuan, Jiang Hongyang would not have suffered another mental blow on top of his emotional blow, if Zhong Nuannuan could deescalate the whole problem. That meant stopping Chi Yang from arresting Ou Mingxi’s entire family.

In their minds, when others attempted to kill Zhong Nuannuan, she must suppress herself and bear with it. If the attempt did not succeed the first time, Zhong Nuannuan should absolutely create another opportunity for others to try their luck twice. On the contrary, if Zhong Nuannuan dodged the attempt and retaliated, it would be Zhong Nuannuan’s fault. She deserved to be hacked into a million pieces.

It was exactly because Zhong Nuannuan refused to give in to Ou Mingxi and consequently decided to counterattack that caused Ou Mingxi to end up like that. Ou Mingxi’s ending was the key that made Jiang Hongyang lose his mind.

Therefore, it was all Zhong Nuannuan's fault that their son became like this.

It was Selina's fault that Jiang Hongyi was arrested by the police. Likewise, when Jiang Hongyi attacked Selina, Selina should not have resisted, much less called the police. Everything was Selina's fault.

Meanwhile, since Selina was Zhong Nuannuan's friend, Zhong Nuannuan should shoulder most of the responsibility in Jiang Hongyang and Jiang Hongyi's arrest.

Naturally, Zhong Nuannuan would not have known about this miraculous logic constructed by the womenfolk in the Jiang family.

Even if she knew...

So what?

Zhong Nuannuan found out everything there was to know about her real family background. There was no way it could be wrong. Therefore, even if she came, she would only be sending herself to death.

The men from the Jiang family had all been arrested, except for the academic genius, the eldest son, Jiang Hongye, who was currently in the Medic Association Hospital.

Although Grandma Jiang and Jiang Shuwan were ruthless, they were all bark but no bite.

When Jiang Shuwan retold her meetup with Zhong Nuannuan earlier in the day, everyone was dumbfounded.

Even Xie Congrong, who wanted to tear Zhong Nuannuan into pieces, was shocked.

After all, even though her husband and son were important, she deemed her future equally important too. Furthermore, she still had Jiang Hongye as her biggest support. If Grandma Jiang came out of this well, Grandma Jiang would not forsake her either.

Therefore, the three women decided unanimously that the most important thing now was to protect Zhong Qianqian.

Chapter 762: Get Rid Of Her

Only by protecting Zhong Qianqian would they be able to get the forces behind her to rescue Zhong Kuijun and Jiang Hanlin.

"However, now Zhong Nuannuan seems to know something. From what she said, I feel like she knows that she's Pu Yu's daughter and that you're not related to her by blood.

"If one day, Qianqian finally finds the family who will back her up through blood, sweat, and tears, will Zhong Nuannuan be like the mantis stalking the cicada, unaware of the oriole behind?"

Grandma Jiang's concern was the same as Jiang Shuwan and Xie Congrong's concerns.

That was because they agreed that it was highly possible too.

After a momentary silence, Grandma Jiang and Jiang Shuwan exclaimed at the same time.

“Kill her!”

After that, they turned to look at Xie Congrong simultaneously.

“Congrong, we put this matter in your hands.”

“Why... why me?” Xie Congrong resisted instinctively.

“That’s because if it weren’t for Zhong Nuannuan, Hongyi and Hongyang wouldn’t have been arrested. She brought harm to two of your sons. Shouldn’t you avenge them? Didn’t you just threaten to hack her into pieces just now?”

Grandma Jiang only had two children. Now that something happened to Jiang Hanlin, she would not wish to spend the rest of her life uncared for. Therefore, when it came to something like this, she pushed Xie Congrong to the front without thinking, letting her take charge.

Although Xie Congrong was extremely dissatisfied with the arrangement internally, she was equally helpless as she was also someone who needed to reply on the Jiang family to live. She could only take a long way around the topic.

“I do want to chop her into a million pieces since she sent Hongyang and Hongyi to jail, but... Don’t forget, if it wasn’t for Gu Mingzhe’s help last time; if Qianqian didn’t leave some of it to Xue Miqi, Qianqian mightn’t have come out of this. There’s also Ou Mingxi and Deputy Governor Ou Chenghe. Their methods are definitely much more brilliant than ours, but even Ou Mingxi couldn’t kill her. After that attempt, not only did they fail, they presented themselves to prison life. Even Ou Chenghe’s old scandals got dug out by Chi Yang, throwing away their bright future.

“If you want me to find someone to kill her, do you think I have the ability to find someone better than Qianqian and the rest? Someone more powerful than Ou Mingxi? I don’t want us to lose our freedom instead of killing her.”

Jiang Shuwan said annoyedly, “What should we do then? If we don’t give it a try, that bitch Zhong Nuannuan may rob Qianqian of her status after Qianqian finds her grandfather. None of us will benefit from that!”

“Yet, that’s still better than me getting someone to kill her and then receive a backlash from her, right? Plus, she’s only disowned you and Zhong Kuijun for now. She’s not at the point where she wants your lives. However, if she finds out that I’m the one who orders her murder and she apprehends me... When she finds out that you are behind it, she won’t let any of you off.”

Grandma Jiang was so angry that she almost had a heart attack.

“Then, why must you let her know that we’re related to this? If you get sent to prison, we will naturally rescue you...”

“Mom!” Xie Congrong was also fuming. “It’s nice to say that you’ll save me. Right now, you want to depend on Qianqian to rescue Hanlin, save Zhong Kuijun, rescue Hongyang, and save Hongyi. Four from my family are already in prison. If I join them, that makes the five of us. Furthermore, our crimes aren’t the minor kind.

“No matter how powerful Qianqian is, she can’t possibly save five people at once, right?”

Chapter 763: Assassinating Zhong Nuannuan

"Even if Zhong Qianqian could get us all out, I'll be the last one on her list. To put it bluntly, since Zhong Kuijun had already spoken all the nasty things before he was arrested, I'll also put out the nasty truth here. If you want me to find someone to kill her, I'm willing to do that. However, if I get caught, the first thing I'll do is tell on all of you if I'm not out within a month."

Grandma Jiang, "..."

Jiang Shuwan, "..."

"Therefore, if we can't find a really good assassin, we mustn't do this."

"Then, what about Qianqian? We've been working hard for 18 years. At the moment where all the chess pieces we set up are finally playing, such drastic events have happened. Are you willing to watch our dream of becoming a wealthy family shatter?"

"It's better for the dream to be shattered than to have everyone go to jail. Don't you think it's retribution that so many of us are going to jail at once?"

Xie Congrong was the most clear-headed one now.

"If the dream of being rich is destined to be shattered, then let it be. Think about it, if Zhong Nuannuan and Chi Yang remain in Jiang District, how will they find out about Qianqian? If they find out about Qianqian and take over Qianqian's identity, then they'll have to go to Emperor District. They'll never find out about what Pu Yu did at RS Bank in Jiang District. RS Bank would only recognize DNA similar to Pu Yu. When that time comes, even if Qianqian's identity has gotten replaced and she returns, our whole family can migrate overseas and collect that sum of money from overseas every year. Before long, we will be among the wealthy overseas, right?"

Grandma Jiang thought about it and nodded. "Congrong makes sense."

"Mom, but Zhong Kuijun, that bastard..."

Grandma Jiang was silent.

"After a thousand twists and turns, we've actually always been under Zhong Kuijun's control. We're afraid of Zhong Kuijun. Wanwan, what do you think... if we ask Qianqian to find a way to make him..."

Grandma Jiang made a throat-slitting gesture, scaring Jiang Shuwan and Xie Congrong. However, the two women thought about it and felt that it made sense.

"Think about it. Even if we kill Zhong Nuannuan now, Zhong Kuijun will rat us out. When the power behind Qianqian finds out about it, what will they do to Qianqian, you, or me?"

"Mom, you're right. He has let me down from the start. There's nothing worth missing about a man like him. I'll discuss this with Qianqian and see if we do this through Gu Mingzhe."

Grandma Jiang nodded. "We have to let Qianqian know about this matter. The Jiang family is already in a precarious position. She can't be an ignorant rich young lady anymore."

Zhong Qianqian received Jiang Shuwan's call the next afternoon.

Seeing who the call was from, Zhong Qianqian picked it up happily.

“Mom, you’ve finally remembered to call me now? I’m doing very well at the Gu family’s house. I arrived so late yesterday, and they still set up a welcome banquet for me. You have no idea how beautiful the Gu family’s villa is even though it’s located in Emperor District’s Fourth Ring Road. I’ve never seen such a beautiful villa...”

Zhong Qianqian rambled on about how rich the Gu family was and how well they treated her. She retold how she felt tired in the morning and woke up late. Even though she only woke up at eleven in the morning, Mrs. Gu waited for her to wake up before eating breakfast together.

Gu Mingzhe’s father, Mr. Gu, and Gu Mingzhe were currently away at the Gu Family Enterprise to solve the problem. Mrs. Gu would accompany Zhong Qianqian to go shopping later. She also invited a few ladies and daughters from the wealthy families in Emperor District.

Chapter 764: A Family of B*tches

Zhong Qianqian’s euphoria kept her talking endlessly that Jiang Shuwan did not have any chances of intercepting her after Zhong Qianqian picked up her call.

Jiang Shuwan said, “There’s a reason why they treat you so well.”

Zhong Qianqian was stunned. “What?”

“Qianqian, are you alone right now? Is it convenient for you to talk on the phone?”

“Yes.”

“You should be mentally prepared for what comes next. What Mommy wants to tell you is very important. You must remember to keep it a secret and not let anyone know.”

Zhong Qianqian’s expression had already turned grim, ready to listen to what her mother said with a serious face.

Therefore, Jiang Shuwan told Zhong Qianqian about the serial arrest of Zhong Kuijun, Jiang Hanlin, and Jiang Hongyang, including the warning Zhong Kuijun gave them before he was arrested. She also included her realization that Zhong Nuannuan already knew that Zhong Nuannuan was not a member of the Jiang family.

After saying that, Jiang Shuwan told Zhong Qianqian, whose face was already pale, that Gu Mingzhe chose her because he thought she was Zhong Nuannuan. The reason why he treated her so well was to get more from her. At the same time, she told Zhong Qianqian that if her guess was correct, Pu Yu should be the daughter of a first-tier wealthy family.

What Zhong Qianqian had to do now was to immediately put all her cards on the table with Gu Mingzhe and ask Gu Mingzhe to help her find the power backing Zhong Nuannuan.

After finding who was backing Zhong Nuannuan, Zhong Qianqian must quickly confirm the nature of Zhong Nuannuan’s power. If that influence was powerful and protective of their own, Zhong Qianqian could get her family to get rid of Zhong Kuijun, and then get rid of Zhong Nuannuan.

If the influence backing Zhong Nuannuan was not a powerful and protective one, then she should come up with a way to save Zhong Kuijun. Once Zhong Kuijun got out and all went well, he would definitely not want Zhong Nuannuan to ruin his good life. When that time came, Zhong Kuijun would probably deal with Zhong Nuannuan himself.

Zhong Qianqian hung up and was utterly stupefied.

Brother Mingzhe was with her because of Zhong Nuannuan and not because he liked her.

No wonder no one in the Gu family criticized her after she did something wrong.

Hmph! A family of b*tches!

They even told Zhong Qianqian to make herself at home since they were already family.

Pfft!

Although Zhong Qianqian was a complete idiot, she still possessed the basic ability to think. Soon enough, she finally connected all the dots.

Previously, when Gu Mingzhe was still in Jiang District, he despised her. However, after he became the young master of a third-tier wealthy family in Emperor District, he came back to woo her for no reason and even claimed that she was his first love.

However, after thinking about it, she realized that he had not even looked at her once before.

Moreover, after getting together with her, he mentioned the necklace that Pu Yu left behind that she wore on her neck twice. So, he must have treated her well because he knew about Pu Yu's identity.

The Four Wealthiest Families in Camino could not be compared to ordinary wealthy families.

Not only did they have more money than the average second or third-tier wealthy families, but they also monopolized the most lucrative fields. These wealthy families were also involved in military and political matters—they even held important positions. It was not something a family like the Gu family could compare to.

The current Gu family despised the Jiang family. However, in comparing the Gu family to the four first-tier wealthy families, the difference between the Gu family and the Jiang family was far greater than the difference to any of those first-tier families.

After all, there were at least hundreds of second-tier wealthy families in Camino, if they combined those from Sea District, G District, and Z District.

Needless to say, the third-tier wealthy families were countless.

However, the Four Wealthiest Families had always remained in the top four.

Chapter 765: Yu And Liang

If Zhong Qianqian really became the daughter of a first-tier wealthy family, a person like Gu Mingzhe would not even fit to carry her shoes.

However, Gu Mingzhe dared to yell at her even when he knew about her respectable status. He even told her to handle it herself, or they would break up.

Thinking about this, Zhong Qianqian let out a scoff.

Meanwhile, that Zhong Nuannuan...

At the thought of Zhong Nuannuan, the jealousy in Zhong Qianqian's heart lit up like a bonfire.

Why did all the good things only happen to Zhong Nuannuan?

She was so beautiful, had such a good figure, and had such a powerful background.

She did not need to work hard or fight for anything, and there would be countless men who would queue to offer her their love.

However, Zhong Qianqian had to be careful from the moment she was born, fearing making any mistake. She was afraid that if she made a single mistake, it would prove to be her doom.

At that thought, Zhong Qianqian felt an indescribable sense of hostility rising in her.

Between Zhong Nuannuan and herself, she was convinced that there should only be one person who should live in this world—and she was irrefutably the only one who deserved to live in this world.

Seriously—

If Yu already existed, why must Liang exist too?[1]

(Zhong Nuannuan from the distant Jiang District: Did you just compared yourself to Yu? Are you trying to force Yu from his grave out of anger?)

“Qianqian, are you done? Mrs. Wu is here with her daughter, Miss Wu. Come downstairs when you're done. Let's go shopping. I had my eyes on an evening gown last time. It costs more than a million yuan. It will suit you very well.”

Qin Yun spoke as she went upstairs. However, she spoke at an earsplitting volume as if she was afraid that the servants at home missed out on the fact that she was buying a gown worth more than a million yuan.

If it was before the phone call, Zhong Qianqian would definitely be very happy. However, she could not find any semblance of happiness right now.

She was the daughter of a first-tier wealthy family, yet she ended up in a lowly family like the Gu family. Most importantly, after their son married this golden goose like her, they were so stingy to spent a single cent on her. Even a mere dress that she wanted to buy for her cost only one million yuan. Was it worth Mrs. Gu shouting so loudly?

Zhong Qianqian was now very intrigued to see what Qin Yun and the Gu family's bottom line was.

Zhong Qianqian opened the door and walked out with a grim expression on her face. However, she had already changed out from her outdoor clothes into a set of stay-indoor clothes.

Qin Yun was slightly taken aback when she saw Zhong Qianqian walk out in her house clothes.

“Qianqian, why haven’t you gotten changed?”

Zhong Qianqian ignored Qin Yun. Without even looking at Qin Yun, Zhong Qianqian shot downstairs.

Qin Yun, “...”

There was something wrong with this woman’s brains, was there not? Did Qin Yun provoke Zhong Qianqian?

When Qin Yun saw Zhong Qianqian walk down, she put on a smile again and followed after her.

Mrs. Wu and Miss Wu immediately got to their feet.

Mrs. Wu and Miss Wu had originally intended to join the Gu family, but Gu Mingzhe wondered among many noble ladies. It could be said that even though he was surrounded by hundreds of flowers, not a single leaf had touched his body. In the end, he chose Zhong Qianqian in a flash.

Therefore, Mrs. Wu and Miss Wu both wanted to see with their own eyes who Zhong Qianqian was. Although the discomfort in their hearts was disconcerting, they had no choice but to suppress the feeling since they had to rely on the Gu family in the future. Therefore, they wanted to see what kind of goddess Zhong Qianqian was that the Gu family willing to risk bankruptcy to marry this daughter-in-law who had offended the noble families in Luntan.

What they saw made them lapse into silence.

This woman... did not live up to a single shred of her reputation. Most importantly, she did not even have basic manners and etiquette. What was the Gu family up to?

However, she was so rude too. Why did Mrs. Gu not scold her?

Or...

Chapter 766: Who Did She Think She Was?

Was this Zhong Qianqian supposed to come from a powerful background?

However, she looked just like a country bumpkin from Jiang District. How powerful could her background be?

The social circle of the third-tier wealthy families had long been stirred up by this incident that was Zhong Qianqian. Although everyone appeared calm on the surface, they had privately investigated the new Gu family’s young lady.

The information that they found shocked them to the core.

Zhong Qianqian was a complete country bumpkin and a pauper too.

“Young Lady Gu!”

Although they despised Zhong Qianqian, Mrs. Wu and Miss Wu greeted her politely when they saw her descending the stairs.

Zhong Qianqian glanced at the two of them with her nose raised up high. She ignored them and sat on the sofa with a grim expression, making things so awkward for Mrs. Wu and Miss Wu that they cursed internally.

They threw Mrs. Gu with an equally questioning gaze.

How Qin Yun wished that the chandelier on the ceiling would just fall and crush Zhong Qianqian to death.

The Gu family had yet to settle scores with her, but she was putting on airs. Who did she think she was?!

However, Qin Yun still put on the mask of a loving mother-in-law.

Sitting tenderly next to Zhong Qianqian, Qin Yun asked, "Qianqian, what's wrong? Are you in a bad mood?"

Zhong Qianqian was only testing Mrs. Gu. Now that she was almost done with her testing, she sighed.

"Mom, I suddenly received a call. I'm not in a good mood, so I don't want to go out anymore. Can you call Brother Mingzhe to come back? I have something to tell him."

"This..." Qin Yun expressed her dilemma. "But you see, we've already agreed on it beforehand. Mrs. Wu and Miss Wu are already here. If we don't go, that won't be good, will it? Mingzhe will be back tonight. If you have anything to tell him, you can talk to him after he returns at night."

However, Zhong Qianqian did not reserve any face for Qin Yun.

"I must tell Brother Mingzhe now. If he can't come back now, I'll head back."

Currently, Miss Wu was extremely displeased.

Zhong Qianqian's family background was not as good as hers, and her looks were not as good as hers. If Gu Mingzhe chose Chen Sisi in the end, she would not have thought much of it. However, she could not understand how she could have lost to this vulgar woman who was inferior to her in all aspects and did not even know basic social etiquette.

Hence, she said, "Zhong Qianqian, you really think too highly of yourself! Do you really think that you can rest easy after marrying Brother Mingzhe? So many people married and divorced. Being a woman who's inferior in all aspects, your ancestors must have lighted up eight lifetimes of incense before you could marry into the Gu family. Instead of fulfilling your role as a proper Young Lady Gu, you're giving people the cold shoulder. Who do think you are?"

"Minjun!"

Seeing how Qin Yun did not tell Zhong Qianqian off even though things had gotten so severe, Mrs. Wu understood that something was amiss. She hurriedly shouted at her daughter.

After all, Qin Yun's reputation in the circle was infamous—she was known to lap up to the strong and trample on the weak. She despised women who were inferior to her no matter what. Forget about how Zhong Qianqian who had nothing, she would even look on with despise at the daughter of a third-tier

wealthy family. This was because she felt that her son was extraordinarily excellent. Therefore, since he was looking for someone, it must be a girl from a second-tier wealthy family.

Indeed, this matter was clearly Zhong Qianqian's fault. However, after Mrs. Wu shouted at her daughter, Qin Yun still did not show any intention of scolding Zhong Qianqian.

Therefore, Mrs. Wu guessed that Zhong Qianqian had either grasped the Gu family's weakness or had an extraordinary identity. It was just that they had not found anything about it yet.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 767: Divorce

Whether it was the former or the latter, Zhong Qianqian was not someone Mrs. Wu and Miss Wu could afford to offend for a family that needed to rely on the Gu family.

Mrs. Wu was about to ask her daughter to apologize to Zhong Qianqian when Zhong Qianqian raised her hand and slapped Wu Minjun across the face.

A few red marks appeared on Miss Wu's face.

Everyone was stunned.

Especially Qin Yun. She knew that Zhong Qianqian was a rascal and a retard, but she never expected her to be at such a level.

Regardless of Wu Minjun's family background, as a lady from a wealthy family, no matter how angry Zhong Qianqian was, Zhong Qianqian should watch her words in front of Wu Minjun too. How could she just slap Wu Minjun just like that?

Mrs. Gu, Mrs. Wu, and Miss Wu were stunned by Zhong Qianqian's actions.

When she was in Jiang District, Zhong Qianqian would start yelling and telling everyone off whenever she was unhappy. She would often repeat terms like 'slut' or 'whore'. Even though she always claimed that she was from a wealthy family, Zhong Qianqian did not know the etiquette that a lady from a truly rich family should follow.

To a family like the Gu family, Zhong Qianqian's family could only be considered a minor nouveau riche.

Seeing that everyone lapsed into silence for a long time, Zhong Qianqian felt a little apprehensive. However, when she thought about how she was the daughter of a first-tier wealthy family, and how all the socialites in Camino would soon have their eyes on her in the future, she was convinced that this Miss Wu did not even have the right to kneel and lick her feet.

"Who do you think you are? What right do you have to lecture me? It's none of your business whether my ancestors burn incense or otherwise! Divorce? Hmph! Then, go ahead and ask Brother Mingzhe if he will divorce me!"

Zhong Qianqian's words finally sparked something in Qin Yun.

At this moment, Qin Yun's expression transformed instantly and she quickly tried to smooth things over.

"Alright, alright. Mrs. Wu, Minjun, I'm really sorry. Qianqian arrived very late last night and probably didn't have a good rest. Please forgive her. What the Wu family said earlier is just a small matter. When the Gu family recovers, we'll settle it for you."

Even though the Wu family relied on the Gu family, the Wu family was not that terrible. Furthermore, they provided the Gu family their factories. Although the Gu family was one level better than the Wu family, the Gu family could not be too disrespectful.

Mrs. Wu and Miss Wu also saw Zhong Qianqian acting like a shrew. They were very angry, but they did not dare to act rashly.

Zhong Qianqian sat on the sofa as though someone owed her something. When Qin Yun returned after sending the guests away, Zhong Qianqian's b*tchy look was the first thing she noticed.

She was furious, but she had no choice but to call her husband and son.

Gu Mingzhe already knew that Zhong Qianqian was causing trouble at home. He was also very surprised. After all, Zhong Qianqian had always retained the image of an innocent white flower. Why did she suddenly beat someone in front of her mother-in-law?

Actually, Zhong Qianqian's style had always been very domineering and arrogant. It was just that in front of people who were more powerful than her, she would display the image of a fragile little white flower.

Therefore, when she found out that she was the daughter of a wealthy family, she looked down on the Gu family from the bottom of her heart. She felt that she had suffered a huge loss and was tricked. Naturally, she would not give the Gu family any face.

When Qin Yun saw Zhong Qianqian's expression, she told her, "Mingzhe and the rest will be back soon." Then, she went on to do her own things, attempting to avoid offending Qianqian anymore.

Finally, Gu Mingzhe and Gu Zhongcheng returned. Before Gu Mingzhe could get angry, Zhong Qianqian said in front of Mr. Gu and Mrs. Gu, "I want a divorce."

The Gu family, "...!!!!!"

[My Sweet Physician Wife Calls The Shots](#)

Chapter 768: Fall Out

Gu Mingzhe's initial anger was extinguished by this pail of cold water.

Gu Mingzhe immediately came in front of Zhong Qianqian. He looked at the angry Zhong Qianqian and coaxed her, "What's wrong, Qianqian? You were fine this morning. Why are you suddenly like this?"

Mr. Gu and Mrs. Gu were shocked, too.

Afraid that Zhong Qianqian was really going to get a divorce, Gu Mingzhe quickly said, "That's right, Qianqian. You were so happy when you came down to eat. Why are you so unhappy after changing your clothes? Who provoked you? Tell us, and we'll help you."

Zhong Qianqian scanned all the faces of this family, ruthlessly uncaring of her own looks or status. She really thought of herself as a lady of a first-tier wealthy family. She laughed coldly and replied, "Gu

Mingzhe, do you really think that I, Zhong Qianqian, am a fool? Your Gu family is surrounded by enemies because of me, but you are willing to put the Gu family through such pressure to be with me. Ask yourself honestly, do you love me or the power behind me?"

Actually, Gu Mingzhe was indeed outstanding and handsome. If he truly loved her, she would not be so angry even though she felt wronged in marrying Gu Mingzhe.

However, obviously, he did not.

Gu Mingzhe's expression turned severely grim. He thought about the problem that the Gu family was facing and asked, "Who told you about this?"

"My mom."

Gu Mingzhe's expression turned a few shades darker.

Jiang Shuwan was an idiot. It was impossible for her to know that, but it turned out that she did. It must be Zhong Kuijun who told her this.

Why?

Through this period of interaction, Gu Mingzhe had a basic grasp of Zhong Qianqian's personality. If he continued to obey her, this woman would definitely divorce him.

Therefore, Gu Mingzhe nodded and admitted it.

"Yes, I know about your background. So, what about that? Didn't you see how I've been treating you recently? I admit that I've taken a fancy to your background. After all, I'm also a young master from a wealthy family. I, too, want to have an excellent wife. What's wrong with that? Since you like me and I like you, what's wrong with us being together? Or are you saying that you're allowed to take a fancy to my family background in the past but you won't allow me to like you for the same reason? Qianqian, I, Gu Mingzhe, never like to force anyone. If you insist on thinking that I took advantage of you and you choose to divorce me because of this—I, Gu Mingzhe, am not a clingy person either—then divorce, we shall. Bring your household register with you. Now that it's still afternoon, I'll get someone to help us get the divorce certificate."

Zhong Qianqian, "..."

Dumbfounded.

How did things end up this way?

They should be begging her not to go through with the divorce, should they not?

Zhong Qianqian was a little confused.

Meanwhile, Gu Mingzhe had already gone upstairs to retrieve his household register and Zhong Qianqian's.

"Let's go."

Seeing that Gu Mingzhe really wanted to divorce her, Zhong Qianqian was dumbfounded.

However, when she thought about her background, Zhong Qianqian straightened her back. "Divorce is fine, but tell me about my family background."

Her words made everyone in the Gu family burst out laughing.

Gu Mingzhe was still very gentle, but his words that came out from his mouth were very harsh.

"Qianqian, do you really think that I'll tell you about your family background before we talk things through properly?"

"If you don't tell me about my family background, the Gu family will continue to suffer, and no one will help you. I know that you won't be able to hold on for much longer," Zhong Qianqian negotiated.

The gentle smile remained on Gu Mingzhe's face.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 769: A Shameless Agreement

"However, don't forget who was the one who brought harm to our Gu Family Group. If we really can't take it anymore, even if you don't bring it up, I'll still divorce you. If we get a divorce, Selina will naturally rescind her sanctions against us. At the very least, your identity will be lost forever, like a rock that sinks into the ocean."

Zhong Qianqian was so angry that she could barely breathe.

"Like a rock sinking into the ocean, fine! Then, so be it. I can just ask everyone myself!"

Gu Mingzhe laughed again.

"Qianqian, I'm afraid you don't know this. Pushing aside the fact that there is a vast number of rich and powerful families in this world, there are many children who are abandoned by their families among the third-tier wealthy families in Emperor District alone. Are you sure you want to find them one by one?"

"I will start from the first-tier wealthy families."

Zhong Qianqian's words dimmed the light in Gu Mingzhe's eyes.

"That's a good lead. Then, I wish you success. Let's go."

Zhong Qianqian was stunned and asked like an idiot, "Where are we going?"

"Divorce."

Zhong Qianqian, "..."

Jiang Shuwan forgot that her daughter was born stupid. That probably led to her forgetting to tell Zhong Qianqian what Zhong Kuijun told her.

Thus, Zhong Qianqian carried out what Zhong Kuijun considered to be the biggest taboo. She clearly had the upper hand, but Gu Mingzhe's confident negotiation tactics rendered her utterly confused.

"I... I'm not the daughter from a first-tier wealthy family?"

Gu Mingzhe smiled. "You're going to divorce me anyway, so why should I tell you? Who knows, maybe you are. You can try your luck with the Four Wealthiest Families after divorcing me. Maybe it'll turn out to be true."

When he said that, he managed to convince Zhong Qianqian otherwise.

If that was not the case, she would truly be lost on her way home without Gu Mingzhe leading the way.

When she recalled that she had not removed Zhong Nuannuan from the equation yet, Zhong Qianqian felt a wave of frustration rushing to her head.

Without Gu Mingzhe, she would not be able to find the power behind her. Without Gu Mingzhe, she would not be able to get rid of Zhong Nuannuan. Without Gu Mingzhe, even if she was the president's daughter, it would be useless.

Finally, Zhong Qianqian relented.

After all, Gu Mingzhe was rather good-looking, and he was fiercely good in bed too.

"Then, will you tell me if I don't divorce you?"

"Of course." Gu Mingzhe was not particularly angry from the beginning. This because he realized that if he was truly angered, he would probably be angered to death by Zhong Qianqian one day.

"Okay, then I won't divorce you. Go ahead and tell me."

However, Zhong Qianqian was still thinking about divorcing him after she found out.

"Okay, since we're using marriage as a bargaining chip, and you've already taken out your bargaining chip, I'll take out mine as well."

With that, Gu Mingzhe took out a contract without even needing to go upstairs.

"Sign this, and I'll tell you the truth behind your family background."

Puzzled, Zhong Qianqian took the contract that was drafted much earlier. Upon closer inspection, her eyes widened.

It was written on the contract that she paid Xue Miqi to kill Zhong Nuannuan. After she was sent to the police station, she signed an agreement with Gu Mingzhe, telling him that she was actually the daughter of a first-tier wealthy family. If Gu Mingzhe could save her and frame Xue Miqi, she would marry Gu Mingzhe. The contract also stated that if she divorced Gu Mingzhe halfway, she would have to pay Gu Mingzhe 200 billion bucks worth of assets.

"But... I didn't send someone to kill Zhong Nuannuan!"

Chapter 770: Zhong Nuannuan Again

Gu Mingzhe flipped a few pages for Zhong Qianqian with an indescribable gentleness. On those pages, there was evidence of Zhong Qianqian transferring money to Xue Miqi, along with videos of threatening Xue Miqi's parents and getting Xue Miqi to change her statement after receiving benefits.

The evidence was so perfect that Zhong Qianqian could not deny it.

Zhong Qianqian was so angry that her entire body shook. Looking at the amount of 200 billion written on it, Zhong Qianqian still found the whole thing unbelievable.

No matter how big Cloud Group was in Jiang District, its assets only amounted to less than two billion.

Yet, Gu Mingzhe demanded a divorce compensation of 200 billion.

"I can't sign this contract. 200 billion. Even if you sell me off, I won't be able to pay it back."

Gu Mingzhe smiled. "It's fine. Even though you can't compensate me, your family will definitely be able to compensate you to save their reputation. So, you just need to sign it. Also, as long as you don't divorce me, we can get along just fine. When the time comes, you will bring the Gu family enough benefits. I definitely won't do something as stupid as killing the goose for the golden eggs."

With that, Gu Mingzhe brushed Zhong Qianqian's hair with his hand without any hint of disgust and coaxed her, "Good girl, you should understand which is the right choice, no?"

Zhong Qianqian was infuriated but there was nothing she could do.

If Gu Mingzhe did not introduce her, she would not be able to go back to her maternal family. Then, she would have nothing when she returned to Jiang District.

At the thought that she might be a super precious daughter from a rich family, that b*tch, Pu Yu's will had zero appeal all of a sudden.

Zhong Qianqian took a deep breath and said in a hoarse voice, "Alright, I'll sign it, but I also have a request."

Gu Mingzhe smiled. "Go ahead."

"Since I've already signed this contract, I have to make sure that it's fulfilled. Get someone to kill Zhong Nuannuan immediately."

Gu Mingzhe, who was still smiling a second ago, was instantly taken aback. His expression transformed.

The expression on everyone's faces in the Gu family, especially Mrs. Gu, changed instantly too.

"Nuannuan is your biological sister!"

"But she has never treated me as her elder sister."

"And that makes you want to take her life? You already have me, so what's there to be dissatisfied about?"

Zhong Qianqian was furious. "Gu Mingzhe, the person you like is actually Zhong Nuannuan, right?"

"Yes." Since they had already revealed everything, Gu Mingzhe felt that there was no longer a need to hide.

However, Zhong Qianqian only meant to piss him off when she asked the question!

She did not expect him to agree so easily.

He even told Zhong Qianqian, "I really like Nuannuan. She's the one woman who seduces me the most in my life. Even if she has nothing, it won't stop me from liking her."

Zhong Qianqian could not take the blow, and large drops of tears fell uncontrollably from her eyes.

She felt a heartache after all.

What a blow.

After all, this man was her first love. Although she wanted to marry him because of his family background, she truly loved him.

If at the moment she questioned him, he could swear to the heavens that he loved her; that it did not matter if she knew about her extraordinary background, he would give everything up to be with her. There was no reason that she would throw all these horrifying things at him.

However, this man, who had looked so affectionate before her, was now telling her that the person he loved was Zhong Nuannuan.

Zhong Nuannuan!

Zhong Nuannuan!

Zhong Nuannuan again!

It was as if no matter who Zhong Qianqian fell in love with, they would eventually fall for Zhong Nuannuan.

Zhong Qianqian felt like she was so close to losing her mind.
