Chapter 771: Sign Seeing Zhong Qianqians murdero

Seeing Zhong Qianqian's murderous look, Gu Mingzhe maintained the same gentle smile on his face. "Qianqian, why are you crying? Look, I'm not the one who started this, am I? You're the one who has embarrassed my mother and keeps asking for a divorce. If you never bring this up, I definitely won't have put this on the table either. However, since you've already brought it up, you can't blame me for being cruel. To be able to tell you the truth, I'm quite a trustworthy man already.

"To be honest, you're not losing out on much either. Think about it. After we sign the agreement, you'll return to your family and become the legitimate precious young lady. Money won't be a problem for you anymore. You'll be able to get whatever man you like, no? Don't worry, even though I'm your husband, as long as you pay more attention when you hang out with those men and avoid getting photographed so that I won't be embarrassed, I'll definitely turn a blind eye."

"But you must kill Zhong Nuannuan! If you don't kill her, I won't sign this!"

To persuade Zhong Qianqian to put down her signature, Gu Mingzhe nodded. "Okay, okay, okay. I'll help you kill Zhong Nuannuan. However, you also know that Zhong Nuannuan isn't that easy to kill. She has Chi Yang by her side. Chi Yang is a talent that the country is spending resources to nurture. Otherwise, he wouldn't have been able to become a captain at such a young age. Therefore, we should come up with a long-term plan when it comes to killing Zhong Nuannuan.

"You already know that our Gu family is in a precarious situation. I can give you a definite answer—in less than a month, without the help of the forces behind you, the Gu family's businesses will definitely collapse. Meanwhile, this matter of killing Zhong Nuannuan will take at least a month or two before I can carry it out."

"You're shirking responsibility!" Zhong Qianqian complained angrily.

"I'm not trying to shirk the responsibility, but it is what it is. Think about it, Xue Miqi had chosen quite a secretive method in the past, but Chi Yang managed to arrest both of you the next day effortlessly with Zhong Nuannuan ending up completely unharmed. It was obvious that Chi Yang sent someone professional to protect her.

"Among the wealthy families, if we want to deal with a person in secret, we'll definitely avoid going domestic. That's because anyone with some basic hacking skills can easily expose us. Therefore, we'll have to hire professional killers or mercenaries from overseas. Then, we need to make a move when Chi Yang isn't around.

"When I helped you with the school withdrawal procedures, it was nearly exam season that should be followed by winter vacation. Zhong Nuannuan will probably stay in the military base's compound all day. You're not asking the killer I hired to rush into the military base to kill someone, are you? That's not realistic. Thus, I can only help you get this done in two months.

"However, if you insist on not signing this contract because of this, I can only divorce you and save the Gu family. Qianqian, you have to consider this carefully. You are the one benefiting from this. The Gu

family is just icing on the cake. Of course, you can choose to look for your family on your own. You can even attack the Gu family after you find your family. However, since you're adamant about divorcing me, I'll be helping you for old times' sake. I have no reason to help you in the first place. You have to think it through. Whether you want to divorce me or sign this agreement, it's all up to you."

Zhong Qianqian nodded almost immediately.

"I'll sign."

Zhong Qianqian could not keep up with Gu Mingzhe's thoughts at all. At the start of the negotiation, she was already led by the nose by Gu Mingzhe.

"However, we have to sign a new contract. If you don't kill Zhong Nuannuan within two months, you can forget about getting anything if we divorce."

[My Sweet Physician Wife Calls The Shots](#)

Chapter 772: Deal

"Deal."

Gu Mingzhe happily agreed.

Taking the Nangong family's upbringing into consideration, he believed that once Zhong Qianqian returned to the Nangong family, Zhong Qianqian would not dare to take this agreement out even if she were to divorce him without him killing Zhong Nuannuan.

Once he got his hands on 200 billion bucks, why would he be afraid of divorce still?

Most importantly, the Nangong family would probably not give her 200 billion for a divorce. Zhong Qianqian would definitely not dare to approach the Nangong family with this matter.

After all, the Nangong family was righteous.

Zhong Qianqian was utterly clueless that she had been tricked by Gu Mingzhe.

After signing the contract, Gu Mingzhe heaved a sigh of relief.

As he was too disgusted by Zhong Qianqian, every time he slept with her, he would take a lot of medicine to help him go wild in bed even though he could not make himself to.

It had been torturous.

Now that they had signed the contract, they could live better lives in the future.

Gu Mingzhe put the things away happily. "Qianqian, since you don't love me and I don't love you, from today onwards, let's sleep in separate beds. Don't worry, we'll still appear to be a loving couple to the outside world."

Zhong Qianqian, "...!!!"

She felt like she had shot herself in the foot.

Yet, what other choice did she have?

She did all this so that she could find her way home. That put her in great dismay.

“Can you tell me who my grandfather is now?”

“Of course.” Gu Mingzhe smiled and said, “Your grandfather is the head of the top first-tier wealthy family in Camino, General Nangong Renyi. And you, are the only granddaughter of the Nangong family.”

The richest man in Camino!

The Nangong family!!

The only granddaughter!!!

Zhong Qianqian was stunned by this sudden surprise.

She was actually the Nangong family’s granddaughter!

This was simply...!!!

Camino had always been a powerful nation in this world. The wealthiest man in Camino was more impressive than the richest businessmen overseas.

Meanwhile, her real grandfather was actually the head of the Nangong family, Nangong Renyi!

If this was true, then who else in this world was worthy of her?

With that thought, Zhong Qianqian did not feel like she was at loss anymore.

“Didn’t you just say that I’m not the lady from a first-tier wealthy family?” Amidst the huge surprise, she was no longer as angry about Gu Mingzhe lying to her earlier.

Gu Mingzhe understood Zhong Qianqian very well. Therefore, he assumed the role of being happy for his wife, revealing a sincere and happy smile.

“Qianqian, I told you that you can start your search from the first-tier families, but you didn’t believe me!”

“...”

“It doesn’t matter, though, because you’ll have my help. I know the Nangong family’s Third Young Master, Nangong Yun. If you want to return to the Nangong family, I can help you reunite with them.”

“Okay! I want to go back to them.”

Zhong Qianqian did not tell Gu Mingzhe about Zhong Kuijun’s arrest because Gu Mingzhe was no longer worthy of her trust. It was now purely transactional between them.

Everything could wait until she returned to the Nangong family.

This man dared to scheme against her like this before they even got married. One day, when her wings of independence fully matured, she would make him pay a hefty price for his mistake.

What Zhong Qianqian did not know was that in her previous life, she succeeded. Furthermore, she executed it so perfectly. The few members of the Nangong family with a sister complex ended up sending the Gu family to their tragic end.

Unfortunately, in this life... everything had changed.

Gu Mingzhe, Mr. Gu, and Mrs. Gu were no longer bothered with the small details. They all welcomed her with smiles again. They even told Zhong Qianqian that she was already the young lady of a first-tier wealthy family. Even if she looked down on someone like Mrs. Wu and Miss Wu, there was no need to hit them. It would only serve someone else the opportunity to criticize her.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 773: Determined to Win

As long as Zhong Qianqian found someone irking, she could simply order someone to beat them up. Small matters like these would not even worth her personal time.

As her thoughts trailed, Zhong Qianqian's emotions were floating.

At that moment, she felt like she could do whatever she wanted.

With Gu Mingzhe's help, Zhong Qianqian quickly digested the Nangong family's situation.

Pu Yu's original name was Nangong Yu. She was Nangong Renyi's youngest daughter and also the precious daughter treasured by all the men in the Nangong family.

However, for some reason, Nangong Yu was often hunted down, and finally, something happened 19 years ago. The Nangong family searched madly, and they were devastated.

The madame of the house, who was also Nangong Yu's mother, was unable to overcome this emotional hurdle and passed away after falling ill.

Nangong Yu was the only source of pain in the Nangong family.

Thus, for so many years, the brothers of the Nangong family, who had already become the overlords in Camino, still kept all of their sister's belongings intact. Even when they attended auctions, they would still bid for the items that Nangong Yu liked at a sky-high price.

Therefore, Gu Mingzhe promised Zhong Qianqian that the Nangong family would definitely like her very much.

After that, the family began to discuss how to contact the Nangong family.

After the discussion, they decided to look for Nangong Yun when he returned from overseas three days later.

"Brother Mingzhe, accompany me to Jiang District tomorrow."

Gu Mingzhe frowned. "What are you going back to Jiang District for? Are you going to sue your parents? Qianqian, you're already an adult. If you say such harsh words, it will only add to everyone's troubles, don't you think? To be honest, you didn't lose anything. As the young lady of the Nangong family, which

man in Camino is worthy of you? Since none of them are worthy of you, what's so bad about you maintaining a marriage with me while having feelings with other men?"

Zhong Qianqian took a deep breath to suppress her disgust and said, "A previously postponed auction will be held at Lijing Mansion in two days. I'm going to bid for a necklace there. Oh, I forgot. You've seen that necklace before. It's the gift that Aiden gave Zhong Nuannuan."

"Since it was a gift to Zhong Nuannuan and she was the one who put it up for auction, what's the point of getting it?"

"I want it!" Zhong Qianqian glared at him.

"Yes, yes, yes! You'll get it! You'll get it!" Gu Mingzhe was in an exceptionally good mood. "However... you know that our Gu family is nearly forced into a dead end. When you return to the Nangong family..."

Zhong Qianqian, "...!!!"

Damn! How infuriating!!!

"Don't worry, when I return to the Nangong family, I'll return this 100 million to you."

Gu Mingzhe, Mr. Gu, and Mrs. Gu hurriedly shook their heads. Mrs. Gu stepped forward to smooth things over. "Qianqian, the reason Mingzhe told you all isn't to make you pay him back. After all, you two are going to be husband and wife for the rest of your life, right? Mingzhe said everything just now because he doesn't want to leave you. He doesn't want you to divorce him when you have a better place to go. Even then, he sincerely treats you as his wife, and we sincerely treat you as our daughter in all sincerity. What's wrong with spending a mere 100 million on you as your wedding gift? However, when you become the young lady of the Nangong family, you must remember how excellent our Mingzhe is!"

Zhong Qianqian had seen shameless people before, but she had never seen someone so shameless.

You could say Zhong Qianqian and the people from the Gu family were birds of a feather flock together.

More accurately, using 'there is always another heaven beyond this one' described them best.

In the afternoon, Huang Yuhan came to see Zhong Qianqian. When she found out that Zhong Qianqian was returning to Jiang District, she insisted on staying with Zhong Qianqian. She claimed that she wanted to stand up for Zhong Qianqian and insult her elder half-sister.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 774: Auction

At the same time, Huang Yuhan also wanted to see Selina, her elder half-sister, so that she could avenge her mother.

How dare she throw their mother into the rubbish bin! She must have a death wish!

Huang Yuhan left a good impression in Zhong Qianqian's mind. After all, Huang Yuhan was the daughter of a second-tier wealthy family. Zhong Qianqian felt that only the daughter of a second-tier wealthy

family was worthy of becoming friends with her. Furthermore, she was more than happy that Huang Yuhan was going to help her fight Zhong Nuannuan and Selina.

The Gu and Huang families did not know what Huang Yuhan was up to. If they did, they would not have let Huang Yuhan go even if their lives depended on it.

The whole incident where Zhong Qianqian offended Selina and the others had not been resolved yet. With Huang Yuhan going over as well, it was obvious what would happen in the end.

On this day, the entrance to Lijing Mansion was crowded. Almost everyone who considered themselves famous in Jiang District was here.

It was said that a necklace made of emerald imperial jade necklace would be auctioned this time. This necklace was named Moonlight, and it was sold at a high price of 106 million to Aiden, the vice president of Tianheng Holdings, at an auction in Gang District.

Rumors had it that today, this kind vice president would be donating the necklace to the military base.

Why?

It was said to be for a woman.

Such a gimmick attracted the attention of all the bachelorettes cum socialites in Camino.

Therefore, after the auction's grand initial publicity, countless famous businessmen interested in Moonlight came to Jiang District on the day of the auction.

Since all profits from the sale of Moonlight would be completely donated to the Jiang District military base, several important leaders of the military base would join.

Since this was the first time such a grand donation to the military base would be held at a high-end auction, many politicians came to participate too.

After all, this was a meaningful event.

Despite the saying that soldiers and the common people were akin to water and fish, it was more likely to hear of soldiers giving their lives for the common people than hearing about the common people giving personal donations to the military base.

Soon enough, the auction was pushed to a considerable level of hype.

Since her identity had been exposed, there was no need for Nuannuan to pretend anymore. Before the auction started, she had already got someone to send the things she wanted to her apartment.

Today's Nuannuan was clad in a gown specially designed by the world's top designer, Mr. Maire. The gown won first place at a fashion show in Paris—the same one that caused an international sensation in the world's fashion industry.

It was not ostentatious and did not have a hollowed-out design. The gown was dignified, elegant, generous, and minimalistic.

The silver-grey luminescent fabric, complimented by the 306 sparkling galaxy diamonds, transformed the originally modest yet luxurious fabric into the most glamorous and the most expensive-looking gown.

Nuannuan usually wore either her school uniform or cute clothes. If she had a hat, it would be the kind of hat that had ears on it. She would usually tie her hair up into a bun, giving her the look of a youthful and beautiful bunny.

However, she was currently adorning a gown that hung on each of her perfect curves. Her slightly curly hair cascaded down her shoulders and back. A seductive charm filled the small apartment to the point of explosion.

She possessed the grace of an emperor who had descended from ancient times, portraying the low-profile luxury of this royal gown to the extreme.

Even the old master's eyes lit up when he saw Zhong Nuannuan, let alone Chi Yang.

He was well aware that his granddaughter-in-law was very beautiful. She was so beautiful that it would be unbelievably rare to see someone who could compare to his granddaughter-in-law's beauty. Yet, at this moment, he was thoroughly convinced that his granddaughter-in-law was definitely beauty manifested in the rarest form in this world.

Exquisite, grand, graceful, noble...

Chapter 775: The Young Lady Is Too Pitiful

She was simply!!!

The most beautiful being that words could never do justice to.

Chi Yang and the old master sat in the living room and waited. As they were gentlemen, the old master was dressed in a traditional Tang suit. As an important officer from the military base, Chi Yang was attending the event with the leaders of the military base. Therefore, he was required to put on his military uniform.

However, as the instructor of the special forces, his uniform was usually in camouflage print. Since he was attending a formal event today, he wore the official army uniform.

A tall body that loomed over everyone, perfect figure, broad shoulders, slim and muscular waist, straight posture, long legs... his sexy Adam's apple.

Zhong Nuannuan felt a wave of warmth engulfing her as she looked at her Big Brother Chi Yang.

After experiencing the taste of love, Nuannuan had fallen deeply in love with the taste. Now that she suddenly saw Big Brother Chi Yang, who exuded the kind of seduction that originated from his abstinence, lustful desires instantly boiled in her as she stared straight at him.

If her grandfather-in-law was not there with them, she would have been unable to hold herself back and pounced on Big Brother Chi Yang.

Truly...

He was really, really, really, really, really... handsome!

As for Chi Yang...

When the Duke's Residence sent over twenty gowns, shoes, and bags, Chi Yang realized that each dress was more over the top than the other, with each one more revealing than the last.

Recalling the last time when Nuannuan put on the custom-made gown that Master Venia designed—and how those greasy men had stared at her—Chi Yang wanted nothing more than to approach them and dig out their eyeballs one by one.

Therefore, when he saw the 20 or so “unrevealing” dresses that Nuannuan asked to be sent over, Big Brother Chi Yang exploded.

After leaving behind the only real, complete, and absolutely unrevealing gown, Chi Yang ordered the man to return the gowns to prevent any mishaps that might occur with time.

The man was instantly stunned.

He traveled all the way from Luntan to deliver the gowns. In his haste, he had only taken 23 sets of gowns. He did not bring much. After all, his Second Miss wished to stay in Camino long-term, and 23 sets meant that she could only wear them 23 times. However, Second Young Master who married his Second Miss had only taken a liking to one. He also asked him to bring the rest with him, while prohibiting him from staying in Camino...

Then, what would happen to Second Miss in the future? Would she only wear the same set to all banquets?

Second Miss was too pitiful!

The men in Camino were too hot-tempered and domineering!

They were nothing like the chivalrous gentlemen in Luntan who cared for women greatly!

Therefore, the gentleman who delivered the gowns returned. Meanwhile, of all the clothes that Nuannuan sent someone to bring over from home, she only had this one left.

However, Nuannuan cared so much for her Big Brother Chi Yang's feelings. Thus, she thought that she should just go along and wear one set. After all, Big Brother Chi Yang had good taste. He chose the gown with the most modest design that was simultaneously the most conspicuous.

Still, who could tell Chi Yang what the heck that Nuannuan was wearing right now?

Was this truly the same gown that the man left yesterday?

Looking at the gown that wrapped uneasily tight around her perfect figure, Chi Yang was awash with discomfort.

This was... other than not being able to see her flesh and skin, what was the difference between this and being naked?

Oh, there was still a difference.

The difference was that the ability to see what was inside would send one's lust boiling.

When she put on this gown, nobody could see what was underneath. It made one's imagination run wild; their blood boiling lustfully.

Even Chi Yang, who had seen Nuannuan's perfect body without the obstruction of clothes, felt like his blood nearly stomped on the reverse pedal in him, let alone those wild men outside who could not control their filthy eyes!

"Nuannuan, this is really..."

He had only said a few words when Chi Yang felt a wave of warmth rising in his nasal cavity.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 776: The Duke Has Arrived

Something warm flowed down.

Chi Yang, '...!!! What should I do if my wife is too seductive? I'm waiting online. It's quite urgent! [1]'

"Big Brother Chi Yang, you're having a nosebleed!"

"Mmm."

Chi Yang replied with a grunt. He was afraid of dirtying his clothes, so he hurried to the bathroom.

"Big Brother Chi Yang, let me help you!"

"No need, Nuannuan. I'll do it myself."

"No, let me help you!"

...

"Big Brother Chi Yang, why is there more blood coming out from your nose?"

...

"Big Brother Chi Yang, why can't your nose stop bleeding? Why don't I perform acupuncture on you? Or else, you'll keep bleeding!"

...

"Big Brother Chi Yang, how did you get so agitated? Aren't we together every day? Yet, your nose still bleeds. You weren't bleeding when I looked at you just now."

Chi Yang, "..."

Old Master, "..."

Forget it. The old master was convinced that he should finish reading the newspaper that he had yet to finish today. It seemed like he should not be expecting to leave so early today.

However, the second they all left for the auction, Zhong Nuannuan received a call from her father, Duke Eton.

Duke Eton, who was supposed to arrive in Camino three days later, changed his schedule when he heard that Zhong Nuannuan was going to auction off her favorite, Moonlight, for some unexplainable reason. He arranged to meet with the officials from the Foreign Affairs Office to come to Jiang District today to give his precious daughter a surprise.

Who would have expected that...

Something happened to the private plane, so they could only take the commercial airliner. However, they arrived a little late.

Therefore, it was already half-past ten when the officials from the Foreign Affairs Office and the state leader received Duke Eton.

Since there was still a banquet after the auction, it would not be apt to start the auction too late. The organizer, Lijing Mansion, set the auction to be at eleven in the morning.

Zhong Nuannuan, who was about to reach the banquet hall, saw the caller ID and raised an eyebrow. She picked up the call and called out in a tone full of familiarity, "Daddy."

This was the first time that Chi Yang had heard his Nuannuan call someone else who was not Zhong Kuijun 'daddy'. However, when Nuannuan called Zhong Kuijun, her voice was filled with obvious frustration and dissatisfaction. However, she sounded exceptionally relaxed and happy. Looking at the way his Nuannuan's lips curled up like a peach blossom petal, Chi Yang decided that he must treat this father-in-law well in the future; that he should gain more affection from his father-in-law.

Although this father-in-law was not Nuannuan's biological father, he was someone who received Nuannuan's acknowledgment. He was also someone who provided Nuannuan kinship after she had lost her family.

Duke Eton was someone worthy of his respect.

"What? You're here? Why are you here? Didn't you say you'll only arrive three days later?"

Hearing Nuannuan's words, Chi Yang was slightly stunned.

The Duke's arrival in Jiang District was no small matter.

"Does the Foreign Affairs Office know? Don't mess around! You'll be chased out if you don't even give them a heads-up!"

After Nuannuan finished speaking, Chi Yang heard strings of angry voices from the other side of the phone.

Nuannuan and the person on the other side of the line were speaking in Luntanese, but this was not a problem for Chi Yang. Even before Old Master Chi retired, he was also fluent in Luntaese because he had to deal with the military base of another country for a long time.

While getting yelled at by the person on the other side of the line, Nuannuan laughed. Eventually, she said, "Alright, alright, stop howling. I understand. Come on, we'll wait for you downstairs. Yes, Grandpa is with us."

When Old Master Chi heard that he was mentioned, he still broke into a smile although he could not hear what the contents of the conversation were on the other side.

My Sweet Physician Wife Calls The Shots

Chapter 777: Grand Entrance

“Tell your father that the two in-laws have to sit down for a drink today.”

Zhong Nuannuan looked at Old Master Chi and said, “Grandpa, you should drink less.”

Zhong Nuannuan’s words stirred up another string of yells from the other side of the phone again.

After hanging up the phone, Chi Yang looked at Zhong Nuannuan. He was driving with one hand and holding onto Nuannuan’s hand with the other. His usually austere expression melted quite a bit.

“Nuannuan, are you very close with your daddy?”

Zhong Nuannuan nodded and said, “Yes, Daddy is an open-minded, kind, and responsible parent. We are father and daughter, friends, and business partners.”

Hearing that Nuannuan had such a good father who managed to lift her from her pitiful childhood and filling it with joy, Chi Yang squeezed Nuannuan’s hand in relief.

What saddened him the most was his precious little girl’s tragic childhood.

At two-and-a-half years old, she gave away her bone marrow, and her family sold her when she was three...

Seeing how cute Nuannuan was, Chi Yang could not understand how would anyone bear to hurt even a single hair on her. Hence, he could not understand why Zhong Kuijun, as Nuannuan’s biological father, could be so cruel.

Thankfully, his little girl was a lucky person. Although she was kidnapped and sold by human traffickers, she managed to get sold overseas and adopted by a good human being like Duke Eton.

This comforted him a lot.

A few days ago, Chi Yang sent someone to investigate Duke Eton.

His wife and two daughters were killed, but he never remarried. Instead, he adopted two daughters. Their names were indeed Selina and Sunny. Then, he investigated the pictures of the two girls when they were young secretly too. They were truly Selena and Nuannuan.

Previously, he was convinced that something was wrong. He felt that there should be more to Nuannuan’s identity than meets the eye.

However, after finding out about all these, his heart that had always ached for Nuannuan finally returned to good health.

Eton had already requested the Foreign Affairs Office’s officials to drive as fast as possible, but it still took them 45 minutes to get from the airport to the city center.

Thus, when Eton and his team arrived at Lijing Mansion to meet up with Nuannuan, it was already a quarter past eleven in the morning.

Since Leng Jinpeng and the other leaders from the military base arrived at half-past ten in the morning, everyone thought that the auction would start early.

Nobody expected that not only was the auction not pushed forward, but the auction had yet to start even after eleven. After asking around, they found out that the important guest of the fundraiser, the girl who received the necklace, Moonlight, was late.

Even though the vice president of Tianheng Holdings purchased the necklace from an auction in Hong Kong, he had given it to the girl not too long ago. The girl was said to be the wife of a military officer. Therefore, she announced that she was going to auction the necklace and donate the proceeds to the military base.

The owner of the necklace was indeed very crucial to the event. Yet, they decided that Zhong Nuannuan was nobody special. She was the daughter of a board member of Cloud Group who was surrounded by the rumor that its chairman was just arrested a few days ago, leaving Cloud Group the risk of bankruptcy. Therefore, all the unflattering rumors stirred up some disdain toward Nuannuan. Their wait was now full of immense irritation.

Finally, after twenty minutes, the door to the back flung open.

Since the guests were already in place, anyone who entered the venue right now would definitely become the center of attention.

However, when they saw a statuesque man with a looming presence escorting a woman of otherworldly beauty in a trench coat into the venue, nobody was spared of a surprised gasp.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 778: Dismayed

Although the duo entered last, their aura and looks were enough to thoroughly suppress everyone's resentful gazes!

The woman looked at Chi Yang and could not help but lament—he was too handsome!

The men looked at Nuannuan and could not help but lament—she was too beautiful!

These two were simply a match made in heaven!

All of a sudden, nobody was convinced that this was the same lowly military officer with his insignificant wife who just happened to possess Moonlight that everyone had been discussing just now.

Judging from their aura, they must not belong in the ordinary crowd, no?

Today, Gu Mingzhe accompanied Zhong Qianqian and Huang Yuhua here. Since Gu Mingzhe was the son of a third-tier wealthy family, and Huang Yuhua was a young lady from a second-tier wealthy family, the organizer made sure to arrange their seats very close to the front.

Now that Zhong Nuannuan made her entrance—she was still so dazzling even though she was covered in a men’s military trench coat—there was a burning redness around Zhong Qianqian’s eyes.

She was so beautiful. She had an impressive family background and had such an outstanding man who loved and protected her...

Zhong Qianqian failed to understand which part of her was inferior to Zhong Nuannuan. As the young lady of a first-tier wealthy family, how did she end up sleeping separately with Gu Mingzhe ever since they settled their ‘business’? It was as if even touching her would dirty Gu Mingzhe.

Meanwhile, ever since Zhong Nuannuan entered, Gu Mingzhe’s gaze had been completely glued to her. There was no way to pry his eyes away from her.

Instantly, Zhong Qianqian felt like she had suffered great humiliation from Zhong Nuannuan.

Thus, when Gu Mingzhe’s entire mind was focused on Zhong Nuannuan, the two troublemakers, Zhong Qianqian and Huang Yuhua, had already stood up.

By the time Gu Mingzhe reacted, Zhong Qianqian and Huang Yuhua were already walking towards Zhong Nuannuan under everyone’s watchful eyes.

Gu Mingzhe was simply...

It did not seem proper to pull them back, nor was it right to not pull them.

He was completely dumbfounded.

These two women, could they be planning something earth-shatteringly stupid again?

“Are You Zhong Nuannuan? Don’t you know that it’s very impolite to make others wait? You’re the owner of the necklace, Moonlight, and you’ve announced that you’ll be donating the proceeds from the auction to the military base. In the end, the bidders came, the leaders of the military base came, and anyone who’s anyone in Camino came. Yet, only you, a mere wife of a military man, arrived 20 minutes late just so you could have a grand entrance. You think it’s beautiful to show up like this, don’t you? “You think it’s great that all the men are looking at you, don’t you?

Huang Yuhua was obviously here to pick a fight, so after saying so much, she still felt that it was not enough to vent her anger. She felt that her sister-in-law Qianqian had been bullied by this woman a lot in the past, so her awkward reprimands towards Zhong Nuannuan were not enough to help Qianqian vent her anger. Therefore, she resorted to look Zhong Nuannuan up and down before glancing at Zhong Nuannuan in dismay.

“Tsk ts, we’re having an auction today, and a banquet. So many celebrities and leaders of the military base are attending. Didn’t your little soldier husband tell you that you should wear a formal dress at such a banquet? Even if you don’t usually wear gowns, you shouldn’t wear a man’s outfit. Qianqian told me before that you are a b*tch and a white lotus flower, and I didn’t believe her. Today, however, I can see that you are indeed a white lotus flower b*tch. Using the term ‘deserving a beating’ on you is considered a win for you, alright? You’re clearly full of the lowly aura of a seductress!”

Zhong Nuannuan did not expect that this suicidal Zhong Qianqian would actually attend the auction. However, not only did she come herself, she also brought an even crazier person...

[My Sweet Physician Wife Calls The Shots](#)

Chapter 779: Keep Your Mouth Shut

As soon as Huang Yuhan was done talking, Zhong Nuannuan slapped Huang Yuhan without any hesitation; without holding back.

“What the hell?!”

Now that her identity was all cleared up, she did not need to give in to anyone else anymore. Naturally, that also meant that she could now do whatever she wanted.

As for what others would think of her... She did not care at all.

Being a member of the top internationally-renowned wealthy family, she was well aware of one principle—having money and power was equivalent to having the right to speak!

With wealth and power, she became the wealthy herself.

With money and power, she could do whatever she wanted!

It did not matter even if they were in Camino, a country governed by law, as long as no lives were lost. Everything would be fine as long as nobody was permanently crippled.

Huang Yuhan had never experienced getting slapped by anyone since she was young. Thus, she never would have expected herself to be slapped in public like this, much less getting slapped so hard that her face was flattened on one side.

The most important takeaway here was that the person who hit her was merely the fiancée of a lowly soldier.

This was intolerable.

To avoid daughters from having the desire to fight for the family inheritance, Gu Mingyan focused all her energy on nurturing her son after giving birth to a son and a daughter. She wanted her son to bring Huang Group to greater heights. Meanwhile, she raised her daughter by overwhelming her with riches while spoiling her continuously until she became a halfwit.

Moreover, the kind of information that Zhong Qianqian had given feeding Huang Yuhan over the past two days was that Zhong Nuannuan married a soldier, that was all. That was the source of Huang Yuhan’s smugness.

What Huang Yuhan did not know was that Chi Yang was a high-ranking military officer. Neither did she knew about the incident where Chi Yang gave Zhong Nuannuan an haute couture gown that cost 7.5 million with a simple wave of his hand.

Even though Huang Yuhan had taken a liking to Chi Yang when she first saw him next to Zhong Nuannuan, the thought that he was just a poor soldier held her back no matter how much she liked him. After all, she had yet to get herself attached to any of the elder brothers from the Nangong family.

Perhaps the brothers of the Nangong family were even more attractive than this man!

Therefore, despite liking this soldier, Huang Yuhan went against her conscience and claimed that Chi Yang was just a soldier to impress Zhong Qianqian.

Initially, no one was happy with Zhong Nuannuan for being so late as the star of the auction. However, after hearing Huang Yuhan's accusations, everyone frowned. They felt that she was utterly lacking in self-restraint and had a terrible upbringing. It was only when Zhong Nuannuan slapped her mercilessly in public that everyone finally felt relief wash over them.

Not only was this military wife gorgeous, but she had a fierce temperament too.

Beautiful women were more likely to be forgiven by men.

Especially a beauty like Zhong Nuannuan.

In everyone's eyes, whenever they spoke of military wives, they would expect a simple and down-to-earth woman.

However, a military wife like Zhong Nuannuan redefined their understanding.

What a beautiful military wife! It would only be a matter of time before she became an award-winning actress known internationally!

"Zhong Nuannuan, how dare you hit her? Do you know who you just slapped? You slapped the precious daughter of the Huang family from Emperor District!"

Zhong Qianqian was furious. She could not understand why Zhong Nuannuan, who used to glare at her coldly and arrogantly at most no matter how much Zhong Qianqian annoyed her, would suddenly go violent.

Furthermore, she did not withhold any of her strength in this slap. In the short duration where everyone was stunned, the left side of Huang Yuhan's face started to swell.

Zhong Nuannuan was about to dart past Huang Yuhan when she heard Zhong Qianqian's sudden accusation. She stopped in her tracks and looked at Zhong Qianqian. She asked Zhong Qianqian instead, "Why can't I? Don't you know that the most important thing when you're out is to keep your mouth shut?"

Chapter 780: Chi Yangs Rage

"I don't even know her. She started telling me off the moment she saw me, and she was rude too. I'm sure a person like that will easily end up getting beaten to death, right? So, since her family doesn't really teach her basic etiquette, I'll let her experience the so-called rules in society."

Then, Zhong Nuannuan walked ahead.

At the same time, the organizers slowly invited their guests back to the auction hall. Almost everyone witnessed the conflict between Huang Yuhan and Zhong Nuannuan.

Gu Mingzhe stood up and quickly walked toward the two halfwits, Zhong Qianqian and Huang Yuhan.

How his anger boiled inside of him as he thought about how much he wanted to chop these two women into pieces!

The men from the Gu family and Huang family were fighting for their lives, but the woman behind them kept stabbing them in the back. Moreover, they had been aiming for where their hearts were!

It was as if they were afraid that they would fail to kill their own kin.

Stupidity at its maximum!

However, no matter how long Gu Mingzhe's legs were—no matter how fast he walked—he could not be faster than Huang Yuhan's mouth.

"You b*tch, stop right there! Do you know who the Huang family is? How dare you hit me? Let me tell you, the Huang family is a second-tier wealthy family in Emperor District! If you offend me, I'll make you suffer!"

Huang Yuhan's voice was extremely piercing as it reverberated through the entire auction hall, triggering frowns on the faces of the celebrities and socialites who were the real deal.

Today, not only were there people from the upper-class society but there were leaders from the military base too. This woman kept claiming that she was from a second-tier wealthy family, but at the same time, she did something completely unorthodox to where she claimed to be from. It was a disgrace to all wealthy families.

At this moment, a deep voice rang domineeringly.

"I'd like to see how you're going to make my fiancée suffer. The young lady of the Huang family, right? Very well! I'll remember you."

Chi Yang's voice was calm, domineering, and strong. It was penetrating in its power, and it sounded very imposing.

Huang Yuhan and Zhong Qianqian could not help but shrink in fear.

Zhong Qianqian had always been afraid of Chi Yang because she still did not know how capable he was. Huang Yuhan was different. Under Zhong Qianqian's guidance, Huang Yuhan only thought of Chi Yang as a poor soldier. At most, he was a platoon leader or something similar.

Hence, while suppressing the fear in her heart, Miss Huang unleashed her aura as well. She straightened her A-cup chest and shouted, "Threaten me? Come on! Tell me what you remember about me? If you're so convinced that you're that capable, tell me the end result in front of so many important people and the leaders of your military base. Otherwise, you're just shooting your mouth off!"

Chi Yang's expression turned grave. He only had one word for this kind of shamelessness—

"Shenbin."

Xiao Shenbin, who waited at the back to help his sister-in-law promote her daddy, walked out calmly in a custom-made suit that cost several million.

Everyone gasped when they saw Xiao Shenbin.

Some even started to whisper among themselves.

“Young Master Xiao?”

“Is this Young Master Xiao?”

“I know the Xiao family has businesses all over the country, but why is Young Master Xiao in Jiang District?”

“What’s the relationship between Young Master Xiao and that captain?”

“In any case, they seem to be close.”

“I think that captain must be someone important too.”

“I think so too. Otherwise, he wouldn’t have called him so casually.”

“Who is Young Master Xiao?” Some of the members of Jiang District’s rich and powerful families—not rich nor powerful enough to be included in the ranks—took the opportunity to ask a few foreign wealthy families about it.

The man looked at him in surprise. “You don’t know Young Master Xiao?”
