#### Chapter 821: Hostage

It was Selina's turn to smirk.

"Don't flatter yourself, okay? My Big Boss knew from the start that you're from KE Organization. Otherwise, she wouldn't have called my brother-in-law to the side to discuss countermeasures."

Yang Min's pupils narrowed. "How did you find out that I'm a member of KE? Who told you that?"

"You don't need to know that. You just need to tell me where Viper is, and I'll leave your corpse intact!"

The thought of Viper reminded Zhong Nuannuan of the irreconcilable hatred in her past life.

At this moment, Zhong Nuannuan unleashed her aura entirely, completely suppressing Yang Min's aura.

Yang Min said angrily, "I can answer your question, but you have to answer mine first."

Zhong Nuannuan raised an eyebrow. As for what Yang Min wanted to ask, Zhong Nuannuan knew exactly what she wanted to find out.

Although she did not get Zhong Nuannuan's approval, Yang Min still asked urgently, "Just now, you fired a shot in the elevator at the opposite building. You said that you killed the sniper on the other side. Is this true?"

Looking at Yang Min's anxious expression, Zhong Nuannuan responded with an insincere smile. Her eyes sparkled beautifully. "Guess!"

"I want you to answer me!"

Compared to Zhong Nuannuan's gentle gaze, Yang Min was obviously in a much more irritable mood. When she screamed, her eyes were bloodshot and filled with anger.

"Then, you have to tell me where Viper is. If you tell me, I'll tell you about your son."

"How do you know he's my son? What have you done to him? I'm asking you, what have you done to him?!"

When Yang Min heard the word "son" from Zhong Nuannuan's mouth, she instantly transformed into a wild hen that ran amok.

However, the more anxious she was, the calmer Zhong Nuannuan became.

"Answer my question. If I'm satisfied with your answer, I'll answer your question. Otherwise, you'll never know the answer."

"Die!"

Seeing how Zhong Nuannuan was refusing a toast only to be forced to drink a forfeit, Yang Min quickly shot a few darts at her.

Bang!

Zhong Nuannuan did not move an inch, but Selina did.

She pulled out her gun and fired into the air.

She took down three darts with a single bullet. Yang Min's first attack failed.

"Zhong Nuannuan, Selina, put down the gun or I'll kill her!"

Next to them, Luo Mengying assessed the situation and decided to help Yang Min immediately.

She lowered her dagger and stuck it at Ling Pinyuan's neck. Blood trickled out from Ling Pinyuan's slender neck.

Ling Pinyuan did not doubt Luo Mengying's words at all. So long as Zhong Nuannuan and Selina refused to put down their guns, Luo Mengying would not hesitate in taking her life, even if they were good friends.

After all, Luo Mengying was an assassin, and Ling Pinyuan was a soldier.

"Zhong Nuannuan, ignore her. Don't put down your gun," Ling Pinyuan shouted without hesitation.

Even though Ling Pinyuan was a little domineering, had a bad temper, was somewhat arrogant, and seemed to have a slightly twisted worldview...

As a soldier, she possessed a basic understanding of right and wrong and the ability to look at the big picture.

When a soldier was carrying out a mission, she must prioritize the safety of her people. Even if she had to sacrifice herself, she was obligated to help others.

Moreover, judging from how the two of them were attempting to assassinate Grandpa Chi Yang—and how he spent 200 million on jewelry for Zhong Nuannuan without batting an eye—Grandpa Chi Yang was definitely not an ordinary person.

#### **Chapter 822: One Move**

Frankly, Ling Pinyuan's action just now caught Zhong Nuannuan's attention. Now, after Ling Pinyuan yelled, she even pounced on the dagger Luo Mengying was holding. Since Luo Mengying was much stronger than her, Ling Pinyuan could not kill herself even if she pushed herself against the dagger. However, her action still managed to make Zhong Nuannuan view her in a more positive light after condemning her with the highest degree of contempt.

"Zhong Nuannuan, Selina, I'll give you three seconds to put down your guns. Otherwise, I'll kill her! As Chi Yang's fiancée, even if there's been some conflict between you and Ling Pinyuan, can you simply watch as Chi Yang's subordinate dies because of you? You..."

Shoosh!

Before Luo Mengying could finish speaking, she stood frozen on the spot.

Before she even saw Zhong Nuannuan make a move, the dagger that she intended to kill Chi Yuancheng with had already appeared on her chest!

Moreover...

It was targeting her...

Mimi[1]!

This was too much!

So embarrassing!

This was the greatest humiliation that could ever befall a killer!

Luo Mengying was furious. She wanted to say something, but her breath was caught in her throat and she could not speak.

However, even though Luo Mengying was so angry, Zhong Nuannuan said calmly, "Children shouldn't interrupt when adults are talking!"

Bang!

Luo Mengying fell to the ground, her eyes wide with hatred.

Ling Pinyuan was a little dumbfounded. She was not sure if Luo Mengying was poisoned or angered to death.

It was in moments like these that made Ling Pinyuan guess the real reason behind Zhong Nuannuan's skillfulness in fighting, roasting people, and medicine. It must be because her enemies could not beat her in a fight nor win any argument against her. Most of them were probably infuriated until their health was affected, and this must be how she trained up her medical skills.

Luo Mengying's death did not trigger any sadness in Yang Min even though they were on the same team. She did not even glance at Luo Mengying and continued to glare at Zhong Nuannuan with hatred. She sneered. "Do you think that's all I have? Zhong Nuannuan, you underestimate me. Let me tell you, you won't be able to imagine what I'm capable of. If you don't want to die, tell me—what's going on with my son?"

Zhong Nuannuan stopped arguing with her. Seeing that Yang Min was about to go crazy, Zhong Nuannuan smiled and answered, "Alright, I can tell you this. With that shot just now, I managed to injure your son severely. Now, he's been caught. So..."

Zhong Nuannuan's expression transformed instantly. The smile on her face just now was now replaced by a murderous look. Her powerful aura was so dense it looked like it was about to materialize and engulf the entire exhibition hall.

"Your son is now in my hands. Killing him will be as easy as killing an ant. If you tell me where Viper is, I may leave his body intact, but if you don't, I'll make you regret coming back to Camino!"

Although Yang Min was surprised by Zhong Nuannuan's powerful aura, she was not afraid at all. She was confident in her skills. Yang Min laughed and continued, "Do you think I'll fall for your nonsense? If you

claim to have killed him, I'll believe that. Yet, you tell me that he's been captured. Hehe, that's good! At least my son's life is secured after getting arrested. He's a citizen of Sab and an individual of extraordinary abilities. You have no right to execute him."

"You're thinking too much here, don't you think? Since our Nuannuan wants to do something, do you think she'll let the people from the military base capture him? If they have, how is she supposed to threaten you?" Selina kindly explained at the side.

Yang Min's expression went blank for a brief second before she burst out laughing.

#### **Chapter 823: Future Military Wife**

"Ever since the explosion, all the telecommunication signals in this building have been completely blocked. If you don't mind me asking, how did you send the orders to capture him?"

Zhong Nuannuan was smiling cheekily. "Since you won't believe me even if I've told you the truth, you should just take a look yourself."

After saying that, Zhong Nuannuan directed her phone screen toward Yang Min.

Yang Min's eyes widened when she took a closer look.

On the other side of the video, her son was tied to a stool in a basement with a bullet wound in his chest. Two men wearing black headscarves guarded her son, but they did not look like soldiers from Camino. They looked more like people who were in the same profession as her!

Redness started forming around Yang Min's eyes. She roared furiously, "Zhong Nuannuan, who exactly are you? What right do you have to imprison my son? Let him go!"

Hearing Yang Min's roar, a young and handsome European face suddenly appeared on the other end of the video call.

The boy looked like a high school student, exuding a kind of innocent vibe that made him seem more naive than Yang Min's son.

"Eh? Big Boss, can she see this?"

After saying that, the boy did not wait for Zhong Nuannuan's reply. He turned around and dug around the wound on her son's chest with a small knife.

"Aarghh!"

They did not gag Yang Min's son's mouth. After being tortured like this, he instantly let out a miserable howl.

Yang Min could almost see the bullet that was lodged in the bones in her son's chest.

How many mothers in this world could bear seeing their son going through such torture?

Yang Min screamed horrendously and knelt on the ground before Zhong Nuannuan. "No more! No more! Please stop! Don't hurt him anymore!"

Zhong Nuannuan peered down at Yang Min, but she did not feel any pity for her.

“Tell me where Viper is. Once you do, I’ll let him go.”

“Zhong Nuannuan, do you know why we’ve become like this? Your Uncle Qu and I have devoted ourselves to the military base for so many years without ever thinking about becoming traitors. However, the people from KE Organization are relentless. They secretly sent people to kidnap our son, Qu Wei, and force us to submit to them. Your Uncle Qu and I only have this one son, and he’s our life! Even if... even if not for God, can you let Qu Wei on behalf of how close you are to Uncle Qu?”

However, Zhong Nuannuan remained unmoved.

“No! Tell me, where is Viper? Yang Min, my patience is wearing thin. Don’t make me ask a third time!”

Yang Min had nothing but deathly fury toward Zhong Nuannuan. She shouted in despair, “Zhong Nuannuan, even if you’re Luntanese royalty, don’t forget that you’re also Chi Yang’s fiancée and a future military wife. You’re breaking military rules if you’ve caught a criminal and decided not to report it to the military base!”

“Break military rules?” Zhong Nuannuan chuckled. “You said it yourself. I’m Chi Yang’s fiancée, a future military wife. In other words, I’m not a military wife yet now, am I? Why should I hand over the person that my men caught to the military base? Furthermore, how will the military base know that I’ve captured your son?”

“So many people here witnessed the cruelty that your people did to my son. How dare you deny it?”

Zhong Nuannuan was stunned. “Many people witnessed it?”

Then, she looked at Selina and asked, “Did you see it?”

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 824: Cut Open**

Selina was indeed acting like a person who had experienced starring as the second female lead in a movie. She looked at Nuannuan with a stunned expression. “What?”

Zhong Nuannuan looked at Ling Pinyuan and asked, “Did you see it?”

Ling Pinyuan reacted even faster than Selina. She shook her head immediately. “No! I didn’t see anything!”

No kidding! They were talking about Zhong Nuannuan, a woman who subdued Luo Mengying in a single move and killed her without a glance. Right up till the moment Luo Mengying died, she never realized when exactly it was that Zhong Nuannuan made her move. Who in their right mind would want to provoke such a terrifying woman?

Provoking Zhong Nuannuan once led to the Ling family losing tens of billions.

If Ling Pinyuan continued to provoke her, her Ling family would probably end up without any descendants!

Not to mention that Zhong Nuannuan saved her life.

Honestly, even Ling Pinyuan herself did not realize that she was looking at Zhong Nuannuan with her eyes full of fervor.

Even when she had a crush on Chi Yang, the passion in her eyes never burnt so brightly.

After all, Chi Yang was merely strong and good-looking.

Meanwhile, Zhong Nuannuan was not only strong and good-looking, but she was also eloquent and a remarkable physician. She was sweet when she should be, gentle when she should be, arrogant when she should be, and stylist when she should be.

Zhong Nuannuan never expected Ling Pinyuan to be so supportive either. Just now, Zhong Nuannuan asked Ling Pinyuan simply because she had already turned her head around to look at Ling Pinyuan involuntarily. Since she did not want to embarrass herself, she forced herself to ask Ling Pinyuan the question. As the words escaped her mouth, she was already coming up with ways to respond if she received a face-smacking reply from Ling Pinyuan. Never had she expected Ling Pinyuan to answer so supportively.

Hence, Zhong Nuannuan valiantly turned to look at someone else...

No one.

The wealthy ladies had all gone into hiding.

Therefore, Zhong Nuannuan shouted at the top of her lungs, "Sisters on the other side of the mountain, did you see or hear that Qu Wei was captured by my men and was tortured? If you've heard anything like that, holler!"

Everyone, "...-\_-||"

Cheeky!

Fine, she was allowed to be cheeky!

She was so strong anyway. She called the shots!

However, since they were all on the side of justice while Yang Min was the traitor, could Zhong Nuannuan do them a favor and not paint them in a negative light instead? Now, it seemed like they were the criminals here.

After Nuannuan's shout, the entire hall was peaceful and quiet.

Zhong Nuannuan shrugged at Yang Min and said, "There are only the four of us here. Everyone else has run away."

The self-deceiving crowd, "..."

Yang Min, boiling with anger, "..."

Yang Min's aura was getting stronger as her killing intent mixed with anger started to condense.

However, when compared to Zhong Nuannuan, her aura was still much weaker.

“Then, I’ll expose you—that you’re not a good person since you condone torturing. Or... By the time I capture you and have you cut open, we’ll see if that underling of yours will choose to save your life or continue to torture my son!”

“You’re going to expose me? Do you think Uncle Leng will believe a traitor like you? As for cutting me open, I believe someone will do it one day. However, that person is definitely not you. Even if you’re lucky enough to survive and become a gynecologist, I won’t let you perform a cesarean section on me even if you kneel on the ground and beg me. As for the rest, don’t even think about it.”

Yang Min, “...!!!”

Everyone, “...!!!”

Old Master Chi, “...Muahaha!!!” There was nothing that made him happier than the mention of his great-grandchildren.

Everyone had already experienced Zhong Nuannuan’s dominance and power. Meanwhile, Ling Pinyuan definitely reached a philosophical level in understanding that.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 825: Future Writer**

That was how Zhong Nuannuan was—you prayed that you never provoked her. If you did, she would overpower you in every way, from status, aura, words, and finally, force. She was the type of person who would never let you go until you died.

Look at Luo Mengying and how powerful she was. Yet, she failed to survive a direct confrontation with Zhong Nuannuan.

We also have Yang Min. She was obviously stronger than Luo Mengying, but now, she had been manipulated into a complete idiot.

Anyone who made Zhong Nuannuan their enemy and was the kind that would only stop when one of them was dead would eventually become tragic figures of epic levels.

Later on, Ling Pinyuan was chased out by the Ling family. She made a name for herself in the military base and never got married. Eventually, not only did she become a successful military officer, but she also became a successful writer. Among her most famous works were—Victims Of Madam Commander’s Sadistic Addiction, My Sweet Physician Wife Calls The Shots, Sweetheart V5: Good Morning, Commander...

Of course, that would be a story for another time.

At this moment, Yang Min, who was agitated to the point of exhaustion, finally realized that whether she attempted to talk sense, bring familial ties into this, or threaten Zhong Nuannuan, none of it affected her at all. She might look demure, but the fact was that Zhong Nuannuan was simply the worst cut of tough meat that could not be minced or broken down.

Rather than using words to convince her, Yang Min might as well use force.

After all, she did not have much time left.

This time, Yang Min did not say anything else and charged forward.

Just as Yang Min's fist was about to land on Zhong Nuannuan, Zhong Nuannuan retreated. It was Selina who stepped forward to welcome Yang Min's fist.

Bang!

There was a muffled thud of a fist against a fist, but the sound was oddly loud. The aftermath of the impact sent Ling Pinyuan's heart trembling in pain.

How much strength did it take to make such a loud sound? Would their bones not break?

Selina and Yang Min separated from each other the second they touched. Selina took two steps back, and so did Yang Min.

This strike was a draw!

Selina looked at Yang Min in shock.

After all, she had used her full strength earlier.

Although Yang Min did not hurt her, Selina was still the world's 17th Rank-3S mercenary!

Who the hell was Yang Min? Such a name was not listed in the top 50 list, let alone the top 17!

She and Big Boss were both members of KE Organization, so they knew the organization very well. To recruit Rank-3S mercenaries, this organization would not hesitate to spend large sums of money. Therefore, among the top 100 mercenaries in the world, KE Organization owned 70. They were the absolute kings among mercenary organizations, and 60 people out of those 70 were Rank-3S mercenaries.

Meanwhile, she knew all 60 of them.

Back then, when Big Boss destroyed KE, other than the five of them who worked under Big Boss, they killed 23 out of the 60 people. The remaining 31 could not afford to offend Big Boss and escaped after seeing that King died in Big Boss' hand.

However, Yang Min was not among those people.

Selina lost her cool and shouted, "F\*ck! Big Boss, how did that end up in a draw? This doesn't make sense!"

Before she could finish her sentence, Yang Min launched another attack.

Her every move was vicious as was necessary for a killer.

Selina dared not to be careless and hurriedly focused in her fight with Yang Min.

At the side, Zhong Nuannuan watched the fight attentively without any intention to provide Selina an explanation.

Despite getting shocked, Selina was, after all, an excellent mercenary who climbed to the top from piles of dead bodies.

## Chapter 826: The True Most Pestering Chunk Of Meat

Selina was facing a nobody who managed to make her doubt her abilities. After her initial anger was replaced by shock, Selina attacked this person who possessed the same level of skills at an increasing speed, utilizing trickier and trickier moves.

Finally, after 15 moves, Selina struck Yang Min's neck with the fatal skill she practiced for years.

The impact from her palm would force a Rank-3S mercenary to stay down for more than ten seconds, let alone a nobody like Yang Min.

Only then did Selina heave a sigh of relief. She looked at Zhong Nuannuan with her hands on her waist. "Big Boss, why didn't you let me..."

Suddenly, Selina saw Zhong Nuannuan move. The expression on Selina's face was drastically twisted. It was then that she realized the damnable Yang Min was aiming her gun at Selina in secret.

Fortunately, Zhong Nuannuan acted in time and shot Yang Min's gun instead, destroying her gun barrel.

"Focus, keep fighting. We don't have much time!" Zhong Nuannuan told Selina off strictly.

It was rare for Big Boss to command her in such a serious tone, so Selina changed her attitude accordingly too.

She glanced at Yang Min, who was charging over, and resumed their fight.

Clearly, she had a weapon and was able to kill her opponent with a single shot. However, her big boss did not allow her to do so. Thus, she could only face Yang Min barehanded.

Yang Min only brought a gun with her and a type of hidden weapon in her sleeve.

Now that the gun was destroyed and she used up all her hidden weapons, Yang Min could only continue fighting with her bare hands too.

This time, it only took Selina 13 moves to find Yang Min's weakness and stab a finger at her temple.

This poke actually hurt Selina's arm.

Damn it! She should be seriously injured now, right?!

Yet...

After getting hit, Yang Min merely staggered backward a few times before getting to her feet to launch her next series of attacks.

"F\*ck!"

Selina lost her cool and shouted at Yang Min, "What kind of monster are you?"

Yang Min did not answer and continued fighting.

The duration was shorter this time. After ten moves, Selina found Yang Min's weakness again and punched her in the heart.

To prevent her from standing up so quickly, Selina used eighty percent of her strength this time compared to the fifty percent strength she used when she thought she was landing the fatal blow.

After all, Big Boss would have to get important information from her still, so Selina must not kill her off just like that!

Therefore, even though she used a hundred percent of her strength during the fight, she retracted her strength easily when she saw her opponent lost all sense of defense.

This time, Yang Min really fell to the ground.

That was also because when Selina attacked the part where Yang Min's heart was, not only did she use eighty percent of her strength, but she landed her punch with an outward spin.

This would not only cause severe damage to the heart, but it would also cause the blood that was originally flowing into the heart to be sucked out by the whirling motion. This would cause the heart to not receive any blood for a short while, causing a period of numbness and loss of strength.

This time should be enough for Big Boss to interrogate her.

However...

Yang Min fell, but she got up again.

The two continued to fight.

This time, Selina was really furious.

She exerted the entirety of her strength in this battle, channeling everything she had including tremendous mental strength.

After six moves, Yang Min was knocked to the ground.

However, even after getting knocked down by Selina's full strength, Yang Min still crawled to her feet like she knew no pain.

"You can use your weapon now."

Finally, Zhong Nuannuan spoke.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 827: Nuannuan Attacks**

Stunned, Selina quickly knocked Yang Min down again. Before Yang Min could stand up, Selina took out her gun and opened fire twice mercilessly. The two bullets landed in both Yang Min's legs.

However, before Selina could fire a third shot, Yang Min got up like nothing happened and continued the fight again.

Selina was taken aback. She finally understood why Big Boss asked her to test Yang Min out.

What the...

This was definitely an abomination to humankind!

Ling Pinyuan was so shocked that her eyes were peeled wide open. The ladies who were watching by the side screamed in fear because of Yang Min's zombie-like physique.

She was unkillable!

What was going to happen now?

Finally, Zhong Nuannuan attacked.

Her fist crashed into Yang Min's, sending Zhong Nuannuan one step back while Yang Min took four steps back.

"Alright, it's my turn."

"Mmhmm."

Selina nodded and watched in admiration as the breadwinner of the house started to execute divine punishment.

"Zhong Nuannuan, I'm going to kill you!"

The thought of her son suffering at Zhong Nuannuan's hands drove Yang Min mad.

During their fight, Zhong Nuannuan landed all her punches on Yang Min's acupuncture points, making Yang Min significantly slower than her already slow speed.

In the world of martial arts, speed was key. Although Zhong Nuannuan's punches did not seem as heavy as Selina's, Yang Min's movements were getting slower and slower. There were times when she even found herself unable to deliver her punches successfully after sending them out.

Zhong Nuannuan, on the other hand, joined the fight with ease. She seemed to view this fight like a distraction, and her mouth refused to lose.

"Kill me? Aren't you a circus monkey sent by some idiot? You can't even defeat Selina, and you're filling your head with those impossible thoughts."

"Zhong Nuannuan, you're not as simple as being the Duke Eton's daughter! Who are you? You b\*tch! Let my son go!"

Zhong Nuannuan squatted down to dodge Yang Min's attack. With one hand, she targeted Yang Min's lower body, forcing her legs apart. Just as Yang Min was about to flip backward to avoid Zhong Nuannuan's attack, Zhong Nuannuan's hands turned into claws and she slashed at her legs with her nails.

The sounds of tearing flesh rang loudly.

Yang Min's leg looked like it had been torn apart like fabric. When Yang Min somersaulted to the other side of the hall, her entire leg had turned from pale beige to dark purple.

Yang Min thought that something did not seem to be right. She lowered her head and realized that her legs had turned purplish red.

However, since she knew she was not going to survive anyway, there was no pointing worry about that. She shouted angrily and tried to charge at Zhong Nuannuan again.

However, she had only taken two steps when she fell to the ground.

Yang Min immediately got up from the ground. Before she could even stand up, she was already charging forward. However, before she could even take another step, she fell again.

Yang Min found it strange and got up again.

A series of cries emanated from her surroundings. Yang Min also heard a crunch on the ground. She lowered her head to take a look, and she was aghast.

At that moment, she only had one foot on the ground, and her other leg that was covered in all sorts of purplish-red had been cut off from her knee. A huge chunk of bone from her calf hung from her knee and was currently on the ground. As for the calf that only one piece of flesh left hanging, that too had scattered all over the floor...

It was no wonder that the ladies sounded so terrified when they screamed. At this moment, even Yang Min, who had already made up her mind to die, was horrified by her own appearance.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 828: Threat**

Yang Min moved her left leg as she attempted to take another step forward on her foot. She thought she could do that since she could still feel her foot.

However, she had only taken one step before falling to the ground.

“...!!!”

Yang Min lay on the ground in silence for a long while before shouting hysterically, “Zhong! Nuan! Nuan!”

Her voice was so loud and terrifying that it sounded like it came from hell.

Zhong Nuannuan picked her ears as if her earwax had fallen out from hearing Yang Min’s voice. She approached Yang Min but stayed somewhere beyond Yang Min’s reach. She slowly squatted down and took out her phone for Yang Min to see.

“Like I said, my patience is limited. Since you’re not willing to tell me where Viper is and how to find her. Then, you can watch your son die before you. Lil Dan Qi!”

Zhong Nuannuan called out to him. The way she called him ‘Lil Dan Qi’ made him sound like a cute boy or a little puppy.

It happened that he was indeed a cute boy who beamed happily most of the time. Yet, the boy was also the devil who tortured Qu Wei earlier.

Everyone heard him responding with “Okay, Big Sis.” before the sound of bones cracking commenced, accompanied by Qu Wei’s screams.

“Stop! Stop! Zhong Nuannuan, how can you be so cruel? He’s your Uncle Qu’s son! His biological son! How can you treat him like this? How can you? I’m asking you to stop, do you hear me?!”

Yang Min waited for a long time before Zhong Nuannuan replied to her insincerely, “Alright, alright, stop.”

“Okay, Big Sis.”

The boy was very obedient to Zhong Nuannuan’s orders. After she finished speaking, he released his grip.

However, when he released his grip, Yang Min realized that the state of her son’s hand was no different from her leg. It had turned into a boneless meat patty.

Her son was a top sniper in the organization, but this seemingly innocent boy had utterly crushed the bones in her son’s right hand!

Snipers were already one of the most hated people. If not for the organization’s protection, they would have been massacred long ago. Her precious Qu Wei had always been a great sniper. With that being said, there must always be people who hated him and wanted to kill him. If he lost his value that led to the organization abandoning him, what could he do once he lost his only line of defense?

Yang Min’s heart almost shattered into a thousand pieces.

“Zhong Nuannuan, you’re so cruel! He’s a sniper! How could you let your man crush his hand like that? You’re too much! Can’t you show some compassion for your Uncle Qu?”

“Hehe, you lied to many organizations, lied to your friends, and hurt your comrades. You’ve done all kinds of horrible things, and now you’re lecturing me about being inhumane? Let me clear this up. In my eyes, there are only two kinds of people—those who deserve to die and those who don’t deserve to die. There’s no such thing as humanity. Don’t talk to me about moral values. The moral values I uphold are that whoever is good to me, to Chi Yang, to Grandpa, is my friend. Whoever wants Chi Yang to die, and who wants Grandpa to die, is my sworn enemy! So, don’t mention that scumbag Qu Mingyi in front of me again. You should be glad that he didn’t follow me all the way. Otherwise, other than his skull, I’ll tear off every single bone in his body and it won’t satisfy my urge to chop him into thousands of pieces!”

Yang Min was overwhelmed with shock at Zhong Nuannuan’s statement.

Yang Min felt extreme bitterness rising at the back of her throat. This was supposed to be a simple mission. Yet, how did things end up this way all of a sudden?

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 829: Do Not Usually Lie**

“Yang Min, if you don’t want to see all the bones in your son’s body shatter, tell me Viper’s whereabouts. My patience has been exhausted.”

Yang Min narrowed her eyes and finally asked, “If I tell you, will you let him go?”

"I won't let him go, but I'll hand him over to the military. This is safer than letting him go. After all, once a powerful sniper like him loses his usefulness, your organization won't let him off, much less his enemies. He will die."

Yang Min was silent for a moment before saying, "Then, I hope you can keep your word."

"I don't usually lie, but if you choose to lie to me, that's a different story. I'll let you witness a death crueler than being chopped into pieces."

Yang Min was furious and anxious. "What if you don't believe me even after I've answered you?"

"If you tell the truth, the bugs in your brain will kill you. If you lie, you won't die."

Yang Min was shocked. "Zhong Nuannuan, who exactly are you? How do you know that there are bugs in my brain?"

"Yang Min, I'm the one asking you questions now. Stop trying to stall for time and challenge my patience. There's still one minute. The decision to tell me lies in your hand."

At last, feeling like all of her energy had been sucked out of her body, Yang Min lay on the ground before opening her mouth to speak.

"Wait."

Just as she was about to speak, Zhong Nuannuan stopped her.

"The questions you need to answer. Firstly, where's Viper? Secondly, where's the experimental base for you people who are inserted with bugs? Thirdly, where's KE Organization's base located? Where do you usually receive training? Think carefully before answering these three questions. Answer swiftly."

Yang Min thought for a moment and blurted out, "Viper is in Yamato. She's our highest commander. As for her exact whereabouts— Pfft—"

Before Yang Min could finish her sentence, large mouthfuls of blood gushed out like a stream of water. At that moment, her life started to drain away.

This was the first time she experienced pain and the rapid loss of life. She started to panic. Zhong Nuannuan said coldly, "Hurry up, you don't have much time. Think about your son."

At the thought of Qu Wei who was still in Zhong Nuannuan's hands, Yang Min could only grit her teeth and continue, "Her exact whereabouts are highly confidential. I don't know that. Yet, I was sent to a mountain in City F in Yamato to be experimented on. They emptied the mountain..."

"Where's the mountain in City F?" Seeing that Yang Min was nearing the end of her life, Zhong Nuannuan quickly interrupted.

"It's at... It's at..."

Before she could answer the last question, Yang Min's pupils dilated, and she stopped breathing.

Selina glanced at Yang Min and warned everyone, "No one is allowed to reveal everything that has happened today, especially matters related to Yang Min. If anyone can't keep their mouth shut, don't

get your hopes up, the organization behind her will definitely kill all of you to silence you. So, before they silence all of you, you should pray that none of this spreads out and that the organization never finds out about this. Wait for us to exterminate them in secret, then they won't be able to kill any of you anymore."

Only then did the wealthy ladies got up with wobbly legs. Everyone gave their words. "Don't worry, Miss Sunny, Miss Selina. We definitely won't tell anyone."

"Alright, get in the car! Time is running out," Zhong Nuannuan said.

"Selina, you drive. Protect Grandpa."

#### **Chapter 830: Huge Explosion**

"Alright, Big Boss. Don't worry, I'll definitely protect Grandpa Chi."

With that, Zhong Nuannuan walked up to Old Master. He lowered the car window.

"Grandpa, Selina will drive this car later. You can sit here in peace. She's very skilled and nothing will happen to you."

Old Master was a little anxious. "Nuannuan, what about you?"

"I'll drive that Porsche sedan and escape."

The expression on the old master's face twisted. "That... that car's performance is different! Its performance is worse than a Lamborghini!"

"It's fine. I have better driving skills than Selina. Grandpa, don't worry. Selina will drive this car, and I'll drive that car. We'll set off together and meet over there."

Although the old master was still worried, there was nothing else he could say. He could not ask Selina to drive the other car when she was not as skillful as Nuannuan, could he? He also could not ask Nuannuan to ignore these rich ladies, could he?

As his personality dictated, the old master would rather die than watch others die on the sideline.

Therefore, after much consideration, he still nodded despite how worried he was.

"Be careful."

"I will. Don't worry, Grandpa."

After that, Zhong Nuannuan began to assign people to different cars.

Eventually, Mrs. Deng was assigned to the Lamborghini while Mrs. Liang was assigned to the Porsche.

Mrs. Liang refused.

"Why should she be assigned to the Lamborghini just because she's slightly thinner? I'm slightly fatter, but I have to take this car?"

Zhong Nuannuan replied indifferently, "You can choose not to use the cars and walk down. You'll reach the first floor eventually."

Mrs. Liang wanted to look cool by agreeing to walk, but she choked on her words. Knowing how strong Zhong Nuannuan and Selina were, there must be logic to their plan if they planned to escape via the cars.

Eventually, she chose to sit in the Porsche, much to her dismay.

Selina, Old Master Chi, Ling Pinyuan, and Mrs. Deng sat in the Lamborghini. Since Ling Pinyuan and Mrs. Deng were relatively thin, they could fit in the narrow space behind them.

The Porsche was a newly released sedan. Since it had four seats, it was not a problem to squeeze five people in at the back. Inside were Zhong Nuannuan, Mrs. Liang, and three other wealthy ladies.

Zhong Nuannuan and Selina were in charge of driving the two cars separately.

After both of them got into the car, they started the engine but they remained idle. Zhong Nuannuan looked at her stopwatch from time to time. On the other side, Dan Qi was working on the computer while reporting the situation to Zhong Nuannuan.

"Big Sis, Aiden and Godfather crossed over."

...

"Big Sis, they're getting examined."

...

"Big Sis, Luo Shangyi has already given the gun to Brother-in-law."

...

"Big Sis, Qu Mingyi and Peng Yaohua have already walked over. It's Brother-in-law's turn."

...

"Big Sis, Luo Shangyi has stopped."

When she heard Luo Shangyi stop, Zhong Nuannuan stomped all the way down on the accelerator. However, since the gear was placed in neutral, the car did not move.

"Big Sis, look for yourself."

Suddenly, the image on Zhong Nuannuan's phone displayed Luo Shangyi and Chi Yang on the bridge.

Sensing that Luo Shangyi was about to say his last words, Zhong Nuannuan pulled up the hand brake and shifted the gear from neutral to forward.

At that moment, everyone felt like their hearts squeeze.

They knew something big was about to happen.

Suddenly—

Boom!

Accompanied by a deafening sound, a huge shock wave rushed toward them like a ferocious prehistoric beast trying to swallow the entire world in its gaping mouth.
