

My Sweet Physician Wife Calls The Shots

Chapter 9: Not An Outsider

When Zhong Nuannuan appeared in front of everyone, she looked adorably stunning as they all gaped.

This was especially so for Chi Yang as he was caught in a daze looking at her.

Her eyebrows were perfectly curved while her eyelashes fluttered daintily, half-covering her clear, bright eyes.

4“Why did it take so long for you to change into your clothes? Your dad and I settled the paperwork some time ago and have been waiting for quite a while.”

Upon seeing that Chi Yang’s gaze was locked onto Nuannuan, Jiang Shuwan was forced to say something.

7“I met someone I knew after I changed. They knew I was leaving so we spoke for a while.”

“Have you finished talking to them? Let’s go home if you’re done.”

Jiang Shuwan held on to Zhong Nuannuan’s arms and took the bags from her hands. Anyone who witnessed the scene would think that this mother and daughter shared a close relationship.

“Okay.”

Zhong Nuannuan, whose wish had come true upon meeting Chi Yang again, was in a good mood. She gave Jiang Shuwan a bright, cheerful smile in response.

Then, all five of them walked towards the detention center carpark.

“Nuannuan, let’s get into the car.”

Jiang Shuwan drove a Maserati, and Chi Yang saw her opening the car door for Zhong Nuannuan. Thus, Chi Yang could only walk straight towards his military vehicle, a Land Rover, which was parked beside them.

“Nuannuan has too many things with her. It will be very cramped for both of us to squeeze together in the backseat. I’ll just take Big Brother Chi Yang’s car instead.”

Zhong Qianqian immediately seized the opportunity and turned to walk towards the Land Rover.

Chi Yang saw Zhong Qianqian attempting to get into his car and frowned unhappily.

However, Zhong Qianqian pretended not to notice as she reached out to pull the door open. Unfortunately for her, the next thing she knew, the door was blocked by a hand much more slender and fairer than hers.

“Sis, if you feel that mum and dad’s car will be too cramped, then I’ll join Chi Yang’s car instead.”

Zhong Qianqian forced a fake smile on her face and tried to reason with her, “The backseat of the car is filled with your stuff, so it won’t be convenient for me. We’re sisters. There’s no need to be so calculative. You can take mum and dad’s car. I’ll be content with a seat in the Land Rover.”

As she said this, she quickly pulled open the car door with all her might while Zhong Nuannuan was distracted.

Nevertheless, Zhong Nuannuan was prepared for this. No matter how many attempts Zhong Qianqian made, the car door remained closed.

“Chi Yang, why don’t you move all my things to your car, otherwise, there will be no place for my sister to sit.”

“Okay.”

Chi Yang would always give in to any of Zhong Nuannuan’s request. Thus, he immediately moved all her things over to his car.

Zhong Nuannuan smiled as she looked at Zhong Qianqian. “Sis, there’s now ample space in the backseat.”

The muscles on Zhong Qianqian’s face twitched involuntarily due to her extreme jealousy.

She felt really embarrassed, but she was still not about to allow Zhong Nuannuan to sit in Chi Yang’s car alone with him.

Zhong Qianqian decided to be thick-skinned and smiled as she removed her hands from the front door and quickly turned to open the door to the backseat of the Land Rover.

“Since Nuannuan will be taking Big Brother Chi Yang’s car, I want to be in his car too. Let’s sit in the backseat together.”

She prepared to get in as soon as she finished saying this.

Zhong Nuannuan was well-aware of the true extent of Zhong Qianqian's shamelessness. She was adept enough to keep up with all of Zhong Qianqian's little tricks and quickly put a stop to them.

Damn it, they were in a competition to see who was faster!

But then...

The Land Rover's car door beeped, and the headlights flashed. The door was locked.

Zhong Qianqian looked at the car keys in Chi Yang's hands. "...!!!"

"I don't like outsiders sitting in my car," Chi Yang rejected her straight to her face with a grim look.

6 "But isn't Nuannuan an..."

"She is my fiancée, not an outsider."
