

Physician Wife 971

Chapter 971: Careful

“Big Brother Chi Yang, if one day, I mean if, whether it’s you, me, or our child are caught by evil forces, we mustn’t bow down to them. They are devils. Once we bow down to them, that means we’ve lost. Therefore, I’d rather our family die together than live a torturous life like Qu Mingyi’s family. You’re a good person. I don’t want you to be labeled as a traitor in your death. You’re clearly the greatest hero that the world doesn’t deserve.”

Chi Yang’s Adam’s apple shifted. “But I don’t want you to die. If I find that you’re still in danger when I die, I won’t die in peace.”

Zhong Nuannuan shook her head. Her thick and soft hair brushed against Chi Yang’s chest, sending a tingling sensation all the way to the back of his head.

“If you died and I was still alive, that would be the cruelest thing that could happen to me. My only wish is for us to live together. If we have to die one day, we can just die together. If we don’t die together, aren’t you afraid that I’ll die later than you? Then, after drinking Old Lady Meng[1]’s soup, I’ll forget all about you. Then, I fall in love with another male ghost in the afterlife and reincarnate with him, hand in hand?

All the muscles on Chi Yang’s body tightened, and his arms tightened around her.

“Don’t you dare!”

Nuannuan giggled in Chi Yang’s arms. “I wouldn’t dare, and I wouldn’t do that. After all, no other men are worthy of me, and I won’t like them. So, do you still want to stay with me or not?”

“Yes! Of course!”

Such a good wife could only belong to him in this life, next life, next life, and forever. She must not belong to anyone else.

“That’s great. If we’re going to live, we’ll live together. If we’re going to die, we’ll die together. If we’re going to reincarnate, we’ll reincarnate together. We’ll be together no matter what. What’s there to be afraid of?”

Zhong Nuannuan’s words shocked Chi Yang. The huge rock that had been weighing on his heart suddenly disappeared.

“However, Big Brother Chi Yang, don’t worry. We’ll never experience such a tragedy in our lives. Your power and mine aren’t something that those evil forces can hope to reach, so we’ll be the ones to torture them to death. If they want to torture us... Hehe.”

The ‘hehe’ said it all.

She might have lost in her previous life, but her enemies were nothing more than a scurrying rat in this life. One day, she would hold this rat’s tail and crush her face with a rat trap before killing her!

“Okay. Then, we must be vigilant so that we won’t be held ransom one day.”

Nuannuan replied haughtily, "They should be the ones to be careful!"

"Yep!"

Seeing that Chi Yang's mood improved, Zhong Nuannuan suddenly thought of the cells in his brain and said, "Oh right, Big Brother Chi Yang, use your supernatural abilities now and move an object. It'll be best if you can move something with significant weight. Then, I'll observe your head."

Just as she finished speaking, the weight on her body disappeared, and she felt a force envelop her body.

Previously nestled in big Brother Chi Yang's embrace, Nuannuan felt her body get lifted into the air by an invisible force before slowly shifted to half a meter away from him.

Then, Chi Yang sat up while the force pinned her down on the bed. Once she lay on the bed, Chi Yang leaned over and pressed his body against Nuannuan.

"Are you done looking?"

Zhong Nuannuan, "..."

How was she supposed to take a look after getting pinned down like this?

However, Zhong Nuannuan still activated her X-ray vision and examined Big Brother Chi Yang's head.

Chapter 972: Sweet

It was to Nuannuan's surprise that she found the unique brain cells in Chi Yang's head more active. Moreover, they increased in amount.

However, Chi Yang had already bent down and smashed his lips on hers, sucking in every inch of her softness and rapid breaths. The kiss was more intense than ever.

Their lips rubbed against each other as they gently bit each other. It was a kind of primitive madness, yet it did not lose the protectiveness they had for each other.

Only when Chi Yang felt that the woman under his body had melted into a puddle of water did he slow down.

Looking at her, who lay right in front of him, she looked like a flower that was fully nourished. She was exceptionally delicate and exceptionally beautiful. Her beautiful eyes were filled with charm and a relaxed calmness that could melt anyone's bones.

"Nuannuan, you're so sweet..." Chi Yang's voice was as hoarse as an ancient bell. His deep voice was filled with sand that never went through erosion and bedazzled Nuannuan so.

Nuannuan, who was struggling to study Big Brother Chi Yang's condition, had long forgotten her own name because of this voice that was melody to her ears.

Her lust that had been stowed away was unleashed.

Nuannuan smiled charmingly at Chi Yang. "Sweet? Do you still want a taste test?"

Her voice was the strongest aphrodisiac in the world. Even though he had long had her and immersed himself fully in her sweetness, it still managed to send him into a frenzy that he would never tire of.

Chi Yang bowed and kissed Nuannuan as if he was preparing to unravel the world's most precious gift. It was solemn, affectionate, and dignified.

"Let me try..."

Hugging each other tightly, listening to each other's heartbeat, and feeling each other's breathing, the scene from their previous life exploded in their minds at the same time.

Nuannuan cried and yelled for Chi Yang to leave her behind and avenge her later. Otherwise, both of them would die here.

However, Chi Yang, who was already severely injured, took out some bandages and pushed the broken rib bone that protruded out back into his chest. He let out a painful groan, and tears started to leak out of Nuannuan's eyes.

After bandaging himself, Chi Yang carried Nuannuan, who could no longer move. He used the safety belt from the helicopter to tie her to the front of his chest and protected her as he rushed into the rain of bullets.

The man, who could have easily escape this place, was turned into a living sieve by the rapid gunshots. Even at the final moments of his life, he did not say anything...

He did not blame her. Neither did he made her a promise to see each other again in their next life.

He merely reached out his hand to tidy the hair on her forehead, and then his entire body froze in death.

Until his death, he kept his body bent over hers. The bullets from behind kept raining at him; at his bulletproof vest. Even though the bullets passed through the vest and entered his body, there would still be another layer of the bulletproof vest on his chest when they exited his body.

The three layers of protection allowed him to protect her inconspicuously even after death.

Zhong Nuannuan could only hear the sound of bullets piercing through his body.

Meanwhile, what Chi Yang saw in the heat of the moment was how the sadness in Nuannuan's eyes turned to emptiness, then from emptiness to a peaceful acceptance. Then, when the enemy was about to make their move for his body, Nuannuan pulled the pin from the grenade and sent everyone into the sky.

Tears streamed down Nuannuan's face. As she immersed herself in Chi Yang's intense love, she experienced the pain from her previous life wash over her. Her voice was exploded with intense waves of pleasure, and soon, the two of them fell into a frenzied love...

Chapter 973: Impregnated

This time, Nuannuan stayed at the bottom throughout the whole process. She moved along with Big Brother Chi Yang and loved him with all her might.

Chi Yang, too, exhausted all the love in his body.

After finally reaching an explosive climax, the two of them hugged each other tightly, as if they wanted to rub each other and melt themselves into each other's bones and blood.

This time, they both experienced a feeling that was unprecedented before.

Chi Yang nearly drowned in Nuannuan's provocative gasps and moans.

Suddenly, Chi Yang felt a sharp pain in his chest.

The little wild kitten in his arms, who was rarely this gentle, sank her teeth mercilessly into her chest until blood started seeping out.

Chi Yang looked at the person in his arms with a profound gaze. Affection was written all over his face without any hint of blame.

Nuannuan released her jaws only when two rows of teeth marks appeared on his chest.

Then, she quickly pulled out a silver needle from her wrist and stabbed it into the row of teeth marks.

Chi Yang did not move as he watched a certain little girl have her way with him.

After inserting the needle, Nuannuan raised her flushed face and said smugly, "I've left my mark on you. This mark will be with you in this lifetime and it will never disappear."

Chi Yang's gaze was intense as he stared into Nuannuan's black grape-like eyes. His voice was hoarse as he murmured, "Not only for a lifetime. This mark can stay forever. No matter if I live or die, it will be deeply imprinted in my heart, engraved in my soul. Forever."

Zhong Nuannuan, "... Why was Big Brother Chi Yang so talkative all of a sudden? Now, she lost track of her train of thought.

At that moment, there was not a single piece of clothing on them. The warm light glimmered off Big Brother Chi Yang's honey-colored skin. Beads of sweat formed on his chest and trickled down the curves of his abs, sliding across his Apollo's belt... Seeing this, Zhong Nuannuan could not help but blush and feel embarrassed.

Reaching out with her finger, she gently touched the new wound and drew a circle around it shyly.

"Then... do you like it when I bite you?"

Chi Yang's affectionate eyes flashed with a faint, doting smile. "I do."

Nuannuan smiled.

"But I prefer it when you bite me with that."

Zhong Nuannuan, "...!!!"

'Kyaaaaa—I can't take it anymore! Help! Big Brother Chi Yang is acting like a hooligan!'

Big Brother Chi Yang would never act like a hooligan after the deed, especially when she was at the peak of her embarrassment.

Why did he suddenly take the lead???

Sob...

Seeing that Nuannuan's face burned red with embarrassment that she lost all the courage to answer him. She was even looking at him with coyness in her eyes. Chi Yang's smile widened.

He whispered into Nuannuan's ear, "Nuannuan, did you know that I nearly died in you just now?"

Nuannuan, "...

'Help—I'm dying—' were the only words bouncing around in Nuannuan's head.

This was not the way to a kindergarten! Let her off!

Nuannuan, who had been teased to the point of madness, could no longer stay under Big Brother Chi Yang's body that was tightly enveloping her. She pushed him away and tried to sit up, but Chi Yang pushed her back down.

"Little thing, what are you doing?"

"I... I want to pee-pee!"

Chi Yang, "..."

Seeing the little girl scrambling away, Chi Yang could not help but chuckle.

It was rare for Chi Yang to laugh. Even if he did, it was rare for his laughter to be audibly loud.

However, once he let out a soft laugh, they were as pleasant as ringing bells. To Nuannuan, it was like her Kryptonite.

It sounded so good it practically impregnated her ears!

Nuannuan only realized that she was completely naked after getting up from bed. Listening to Big Brother Chiyang's cheerful laughter, Zhong Nuannuan felt her entire body burning.

Chapter 974: Shy

Chi Yang looked at his blushing wife with a burning gaze. The affection in his eyes was so overwhelming that if someone wrung him like a cloth, his affection would rain down.

It was rare for him to get off the bed with Nuannuan, so he stood quietly outside to wait for her.

Nuannuan took a few deep breaths in the bathroom. After peeing, she flushed. When she opened the door, the first thing she saw was Big Brother Chi Yang's body that stood erect like a statue.

"...!!!"

"Do... Do you want to pee-pee too?"

She was more used to a more reserved and restrictive Big Brother Chi Yang.

Every time she saw his look of restraint—afraid that he would hurt her—she would let down her guard, and she would encourage him to let down his hair by being energetic herself.

However...

However, facing this flirty version of Big Brother Chi Yang, she would feel shy and scared.

She liked the feeling of being pinned down by him and brought into another world.

Chi Yang picked up his wife who was bright pink from head to toe and placed her back in bed.

In this cold winter, they did not turn on the heater in the room, but the room was filled with sexual tension that could dispel the chill.

Especially since Chi Yang used his body like a blanket to cover Nuannuan's body, gently kissing every inch of her skin.

Even though he did not bite her, he planted one hickey after another on her body.

His kisses slowly melted the already embarrassed Nuannuan into a puddle of water.

Chi Yang, who planted trails of kisses all the way to Nuannuan's abdomen, finally could not take it anymore.

He whispered to Nuannuan, "Nuannuan, I still want you to bite me."

"Doesn't that..."

Subconsciously, she wanted to ask, "Doesn't that hurt?" However, when she thought of what Big Brother Chi Yang actually meant, Nuannuan's face flushed red.

She was convinced that Big Brother Chi Yang had become naughty...

However, soon enough, Nuannuan found herself immersed in a new round of enjoyment...

The next morning, when Nuannuan and Chi Yang went to visit Leng Qirui, they found Aiden carrying a four-compartment thermal lunch box.

"This is... What are you doing?" Nuannuan was shocked.

After all, this was the first time she saw Aiden without a suit on. He even looked like a homely man. This made Zhong Nuannuan a little confused.

Aiden smiled and greeted them warmly, "Boss, Brother-in-law!"

Chi Yang was already used to hearing how Aiden and Selina called Nuannuan. In the past, he considered Aiden a dangerous person, but now, Chi Yang had already considered Aiden family.

No matter what kind of business Aiden was in outside, he was convinced that Aiden was a reliable person after interacting with him several times.

Since he was Nuannuan's sworn brother, Chi Yang considered Aiden his sworn brother too.

Chi Yang gave Aiden a friendly nod.

Nuannuan asked again, "I'm asking you a question here. What are you plotting here?"

Aiden smiled, his eyes filled with the helpless love from an elder brother to his younger brother.

“I made chicken soup for Lil Rui at four in the morning. I’m just sending the soup to him since it’s ready.”

Zhong Nuannuan glared at Aiden as if he was a pervert and dragged him out of the ward.

“Aiden, don’t tell me that you’re serious about Leng Qirui! Selina may not be aware of how much you love beautiful women but I can never be mistaken about that. Men respect decorum too, okay? You’ve already done it with so many women, and you want to do that to a quail like Leng Qirui? What does your conscience say about that? Don’t say I’m biased. If this really happens, I’ll definitely be on Selina’s side!”

Aiden was rendered speechless by Zhong Nuannuan’s words. He looked as if he had suffered a blow and was severely insulted.

Chapter 975: Wedding

“Boss, don’t say that. I don’t have any romantic feelings for Lil Rui. I’ve already told Selina that she’s Lil Rui’s only wife and I’m his only big brother. Anyone who tries to snatch him from us is declaring war against us.”

Zhong Nuannuan’s mouth twitched. “Leng Qirui’s mother was truly a master of giving birth. She actually gave birth to both a pure Asian and a pure Caucasian.”

Aiden said righteously, “Boss, can you stop teasing me? Is kinship bonded by blood the only legitimate kindship? Have you never treated me as your younger brother? Could it be that our many years of friendship and kinship can’t compare to those so-called blood ties?”

Zhong Nuannuan was stunned. “I’m younger than you! Although I’m your boss, when have we agreed that you’re my younger brother?” Why was she not aware of this relationship?

“You used to be my boss, but you’ve never called me Big Brother before! So, since you’re the boss, then you’re my Big Sister. I’m sorry, Boss. I can only have one family member younger than me in this life, and that’s my younger brother, Leng Qirui.”

Looking at the deranged Aiden, Zhong Nuannuan could not help but ask, “So, if I’m your Big Sister, what about Selina? Does she become your elder sister too?”

In that case, Selina would definitely be pleased, right?

Zhong Nuannuan was feeling happy for Selina when Aiden suddenly said—

“Sister-in-law.”

Zhong Nuannuan, “...!!!”

Sure!

Absolutely!

Zhong Nuannuan had to admit defeat—she could not comprehend Aiden and Selina’s obsession with games and the Almighty in their games.

However, she quickly let go of this matter.

Just like how she had fallen in love with Big Brother Chi Yang, perhaps Selina and Aiden would find it hard to comprehend as well?

Seeing that Aiden was willing to cook for his “younger brother,” Zhong Nuannuan nodded. “As long as you’re happy.”

Aiden was delighted. “Boss, that means I have your blessing?”

“This is a good thing, so why shouldn’t I give my blessing?”

Emperor District, Gu family.

The Gu family, which had long suffered under Selina’s oppression and was about to accept getting destroyed in a month, was currently grandly decorated with multitudes of ornaments and massive red lanterns.

The Gu family was like a marketplace every day. The prestigious and influential families in Emperor District had almost broken through the Gu family’s door.

The reason why it was so lively at the Gu family was that the only son of the Gu family, Gu Mingzhe, was about to get married.

The Gu family’s Young Master’s wedding was scheduled for the 12th of the twelfth lunar month. It was to be held at the best six-star hotel in Emperor District, the quasi seven-star hotel—Ruiyu.

This was the Nangong family’s property. It was the best hotel under the Imperial Palace Group cum the best hotel in Emperor District.

The Gu family was a third-tier family in Emperor District. The wedding of the young master of the Gu family itself was something worth paying attention to. However, under normal circumstances, it would not attract the attention of the aristocratic circles, financial circles, and even the political circles in Camino, not to mention the military circles!

Especially after the Gu family offended foreign forces, the entire capital chain had been severely broken, and they were already an arrow at the end of its flight. Under such circumstances, many might report news of the Gu family’s young master’s wedding, but it would probably be mostly dominated by negative news. There were probably not many people who came to congratulate the family for the wedding sincerely.

However, what was currently happening in the Gu family was completely different. The doorway to the house was nearly destroyed by constant traffic, and there was an endless stream of guests every day.

It was for no other reason than the fact that everyone heard a jaw-dropping rumor—

Gu Mingzhe’s fiancée, Zhong Qianqian, was the little princess that the Nangong family did not know about!

Chapter 976: Young Miss Nangong’s Dark History

Now, be it entertainment gossip, financial magazines, or newspaper headlines, they were all reporting the same thing—Zhong Qianqian and Gu Mingzhe's wedding.

To figure out Zhong Qianqian's relationship with the Nangong family, the media outlets that had the slightest contact approached the Nangong family immediately.

They were unable to contact Nangong Shu, Commander-in-chief of the military base, nor or Nangong Zhao, who was an important member of the executive hall. However, they were able to contact Nangong Qin, who was one of the four financial magnates.

Regarding whether Zhong Qianqian was the lost little princess of the Nangong family, Nangong Qin did not answer the media directly. He only told the media that the Nangong family had indeed found their long-lost little princess, and he had no further comment on the matter. After all, Old Master Nangong was still in the hospital. As for the decision to announce the news about the little princess of the Nangong family or otherwise, that would have to wait until the old master woke up.

After finding out that the Nangong family had really found the lost little princess, the media began to believe half the rumors on Zhong Qianqian's identity.

After all, members of the Gu family would not be so foolish as to pretend to be the little princess of the Nangong family.

That was the same as putting walking into their own graves.

However, to get more accurate information, the media would naturally contact the Gu family.

The Gu family was very easy to contact, but without the Nangong family's permission, the Gu family could not openly announce that the Gu family's future Young Lady was the little princess of the Nangong family.

Therefore, when they were asked about Young Lady Gu's identity, the Gu family only said that Young Lady Gu, Zhong Qianqian, was Gu Mingzhe's first love and that they had nothing else to say. They only revealed to the more critical media that Qianqian's maternal grandfather had been hospitalized recently and had been in a coma. Qianqian was a filial girl. The reason why she suddenly decided to get married was to cancel out the bad for her maternal grandfather and hope that he could survive this ordeal.

The Nangong family did not reveal much about the little princess because Old Master Nangong was suddenly hospitalized due to a cerebral ischemic stroke. Nobody knew anything about his exact recovery progress.

The Gu family kept quiet because Young Lady Gu's grandfather was hospitalized and was still unconscious.

This was completely in line with Old Master Nangong's situation.

The media focused on entertainment gossip went straight to Jiang District to investigate.

They found out that Zhong Qianqian was the daughter of Zhong Kuijun, a commander in Jiang District's military base, and his ex-wife, Pu Yu. After Pu Yu died, Zhong Kuijun married his current wife and gave birth to another girl, Zhong Nuannuan.

Since Zhong Nuannuan was abducted by human traffickers when she was three years old, Zhong Qianqian and Zhong Kuijun's current wife, Jiang Shuwan, had always lived together. Therefore, although Jiang Shuwan was Zhong Qianqian's stepmother, they were extremely close to each other.

According to the introduction, Zhong Kuijun's first wife, Pu Yu, did not have any family members when she married Zhong Kuijun. From the time she married Zhong Kuijun until her death, she had lost her memory.

Therefore, the media guessed that Pu Yu was the missing princess of the Nangong family, Nangong Yu.

This also proved why Nangong Yu never returned home after giving birth to a daughter.

It was not that she refused to go home, but she lost her memory because of the disaster that befell her. Her daughter, Zhong Qianqian, had no choice but to live among the common people.

If nobody checked, nobody would know. However, once investigations were made, everyone was aghast.

The media was shocked to discover that their younger daughter who got abducted by human traffickers, Zhong Nuannuan, was the same Military Wife Zhong Nuannuan, who had made a name for herself on the trending list a while ago. She exposed her evil elder stepsister and revealed to everyone that Zhong Nuannuan was not just any country bumpkin—that she had returned from Luntan as the daughter of the incomparably noble Duke.

Chapter 977: Ready To Soar

Meanwhile, that vicious older sister, Zhong Qianqian, who had been reduced to worthlessness by the media, was actually the little princess of the Nangong family.

One of them was the noblest lady in Camino, while the other was the noblest lady in Luntan.

Putting aside whatever grudges between the two princesses, just the statuses of these two little princesses were enough to make countless families envious. The Zhong family was really lucky to have two daughters with such powerful backgrounds.

Why was it not their daughter who got kidnapped? Why was it not their daughter who transformed into the Duke's daughter, a presence that was second only to the Royal Princess?

Why was it not their wife who was born a rich young lady who had gotten lost?

The media tried to find the people involved—one of them was the 'luckiest father in history', Zhong Kuijun. Yet, they failed.

Thus, they shifted their target to the 'luckiest mother in history', Jiang Shuwan, and failed too.

Later, everyone heard that Jiang Shuwan and the Jiang family went to Emperor District to attend her daughter's wedding.

The media swarmed back to Emperor District.

Few among the media outlets realized something was wrong—Cloud Group had been taken over by the military base.

However, nobody could get anything out of the military base.

Later on, people speculated that it was definitely because of Zhong Qianqian's identity that the military took over Cloud Group. Since Zhong Qianqian was the little princess of the Nangong family, if she wanted to return to the Nangong family, then her family business would naturally fall under the Nangong family's protection.

Therefore, this further proved that Zhong Qianqian was the little princess of the Nangong family.

When this piece of news was made public, it could not cause much of a stir for the Nangong family. However, for the Gu family, even though it had only been less than five days, their Gu family had undergone tremendous changes.

Although Selina's punishment against the Gu family had yet to be rescinded, the merchants who wanted to withdraw their collaboration with the Gu family suddenly shouldered the risk of offending Selina and started working with them again.

Meanwhile, those who wanted to rely on the powerful knew that the first-tier families in Emperor District were not the type of crowd that they could hook up with easily. Therefore, they took this opportunity to hang around the Gu family.

The Gu family might have suffered a blow recently, yet it was now the time for them to rise. Therefore, they did not reject anyone and accepted many gifts.

As for those previously unfriendly business partners, after canceling their contracts, the Gu family no longer had any dealings with them. Instead, they extended an olive branch to the influential families who wanted to ride on the Gu family's coattails.

It was obvious from Gu Zhongcheng and Gu Mingzhe's attitude—in the future, the Gu family would be the Nangong family's in-laws, and the Nangong family was one of the top first-tier wealthy families. Although the Gu family was still a third-tier wealthy family, it was only a matter of time before they became a second-tier wealthy family, or even a top-tier second-tier wealthy family.

From now on, not just any Jane and Joe could interact with the Gu family.

Therefore, other than those who still kept in contact with the Gu family in their most difficult times and those that cooperated with the Gu family, the Gu family now interacted mostly with the prominent figures in society.

Mrs. Gu stopped going to the beauty salon that Mrs. Gu frequented since she started hanging out with the rich madams. These madams did not think too highly of the beauty salon that Mrs. Gu used to frequent.

Although Zhong Kuijun had been taken away and was still in prison, Zhong Kuijun had given the Jiang family two to three months. Zhong Qianqian was going to get married after a mere ten days, therefore Jiang Shuwan decided to attend Zhong Qianqian's wedding first. She intended to wait for Zhong Qianqian to be accepted into the Nangong family first before dealing with Zhong Kuijun.

Chapter 978: Vying For Favor

The Jiang family felt that once their Qianqian became the legitimate granddaughter of the Nangong family, they could rescue Zhong Kuijun anytime.

Duke Eton sent Zhong Qianqian to prison and the Nangong family ordered her release two days later, did they not?

The excuse he used was the same as the excuse Zhong Nuannuan used earlier—involuntary manslaughter.

If Zhou Jinhui's illness did not act up, Zhong Qianqian's little push would not have sent him to his death. Anyone with eyes could tell that Zhong Qianqian did not use much force.

Therefore, even though Zhong Qianqian had been widely reported as an evil stepsister and everyone knew that she was sent to prison, nobody dared to say anything now that she was released so quickly. It was as though the various entertainment news agencies were all blind, and none of them reported this.

In short, the Gu family had emerged from a quagmire to paradise.

Zhong Nuannuan was also surprised to receive a call from the Nangong family.

After all, she planned to stay in Jiang District for ten to twenty days before heading to Emperor District. However, after staying in Jiang District for only a week, she received a call from Lil Ling'er.

The moment she heard Lil Ling'er's voice, there was a visible softness surrounding Zhong Nuannuan. She nestled in Big Brother Chi Yang's embrace and listened to Lil Ling'er's childish voice. She was definitely living a very enjoyable life.

"Lil Ling'er, why are you calling Auntie?"

"Auntie, lemme tell you a secret."

Thinking about how cute the little girl was with her big sparkling black eyes, Zhong Nuannuan could not help but smile.

"Oh, what is it?"

"That disgusting Zhong Qianqian is getting married. Hurry up and come back to face-smack her!"

Zhong Nuannuan smiled and said, "Alright, I'll definitely come back to slap her face."

"Really?"

"Mhmm."

"Auntie, I miss you. Great-grandfather, Grandfather, Second Granduncle, Third Granduncle, as well as Dad, Second Uncle, Third Uncle, Fourth Uncle, Fifth Uncle, and Sixth Uncle all miss you. Come back quickly! Second Granduncle is studying recipes at home every day and wants to make delicious food for you!"

"Hey, I told you to let me explain. You never go straight to the point. How's Auntie supposed to know when she should come back?"

Lil Sun could not stand Lil Ling'er anymore. He snatched the phone from his sister's hand and went straight to the point.

"Auntie, Zhong Qianqian is getting married in the afternoon the day after tomorrow. You mustn't miss it! Little Ling'er and I will support you as you face-smack her!"

Zhong Nuannuan felt a surge of warmth inside. She smiled and nodded. "Okay."

Standing next to the twins, Nangong Ze could not hold it down anymore. He rolled a newspaper into a cylinder and smacked Lil Sun's head. He whispered, "Rascal, how dare you say it's just the both of you?"

In the hospital, with Old Master Nangong in the center, Nangong Shu, Nangong Qin, Nangong Zhao, Nangong Jin, Nangong Li, Nangong Yun, Nangong Zheng, Nangong Yi, and Nangong Ze were all eagerly waiting. When they heard that the two little ones did not mention them in the end, their tempers flared.

Everyone saw Lil Sun getting hit and all the men in the Nangong family—including Old Master Nangong who doted on his great-grandchildren aplenty—agreed in unison that Nangong Ze did well.

In the past, Old Master Nangong had thought that Lil Sun was very trustworthy at a very young age, but now, he knew Lil Sun was totally unreliable!

"Auntie, it's not just me and Lil Ling'er. Great-grandfather, Grandfather, Second Granduncle, Third Granduncle, Dad, Second Uncle, Third Uncle, Fourth Uncle, Fifth Uncle..."

Chapter 979: Muah

After a long time, when Nangong Ze was about to stomp his feet, Lil Sun finally continued, "...and Sixth Uncle will all help you face-smack her!"

Of course, what kind of hearing did Zhong Nuannuan have?

When Nangong Ze was about to hit Lil Sun with the newspaper, she heard everything.

Nangong Ze thought that Nuannuan would not hear his whispers, but she heard him clearly. Then, she overheard the breaths coming from the other side of the phone, and her face changed into one of disbelief.

Could it be that all the men in the Nangong family have their ears against the wall!?

However, how should she describe this feeling of having a large group of men eavesdropping on her? Zhong Nuannuan did not hate this sensation at all. On the contrary, it was a feeling that she had never experienced before.

So...

This was how having a family felt.

Nuannuan, who had always been cold and aloof in front of the men of the Nangong family, finally descended the ladder that these annoying, detestable yet adorable Nangong family men built.

"Oh? How are they going to help me face-smack Zhong Qianqian?"

"We plan to do this..."

Then, Lil Sun told Zhong Nuannuan all the ideas the Nangong men came up with to face-smack Zhong Qianqian. Hearing them, Zhong Nuannuan's mouth could not help but twitch.

Firstly, Nuannuan thought that this was truly a good face-smack and perfect for a show-off. Zhong Qianqian and Jiang Shuwan would definitely die of embarrassment.

Secondly...

She realized that everyone in the Nangong family was as cunning as foxes.

This...

This was them killing two birds with one stone!

"Auntie, Auntie, do you think this is a good idea?"

This time, it was Lil Ling'er's tender and cute voice coming through the phone.

Initially, Zhong Nuannuan did not want to agree to it. After all, if she did, it would mean that she agreed to return to the Nangong family.

However, if she did not agree, she could imagine Lil Ling'er and Lil Sun's pitiful expressions.

Zhong Nuannuan struggled internally for a while before finally agreeing to it.

"Alright."

After that, she heard an unconcealable cheer on the other side.

Lil Ling'er was also overjoyed.

"Auntie, you're the best! Lil Ling'er likes you the most! Muah~"

Zhong Nuannuan hung up the phone and met Chi Yang's smiling eyes.

Seeing the hesitant look on his wife's face, Chi Yang said, "When you were with Grandpa, you also came into contact with your maternal grandfather. He's an upright old man, and under his influence, all the men in the Nangong family have grown up in the same manner. This family shouldn't disappoint you."

Zhong Nuannuan had never told Chi Yang about her identity. However, Zhong Qianqian's incident had caused such a stir. As a man who was well aware of many major events in Camino, how could she possibly escape his eyes?

Zhong Nuannuan chuckled, feeling a little ashamed that she had not told Big Brother Chi Yang about this. "How long have you known?"

Chi Yang smiled. "I can't say I've known for a long while. I only realized it when Gu Mingzhe took the initiative to express goodwill to Zhong Qianqian."

Zhong Nuannuan raised an eyebrow. She did not expect Big Brother Chi Yang to find out so early.

"One look at Gu Mingzhe and I know that he's the kind to value what benefits him. For a young master from a third-tier family to pursue a disgusting woman like Zhong Qianqian, he has to spend a lot of

money. Therefore, I've made a guess that there's more than meets the eye to your mother's background.

"I ordered someone to send me the video of Gu Mingzhe meeting Zhong Qianqian for the first time during your return banquet. I discovered that his gaze was fixated on the jade pendant hanging on Zhong Qianqian's neck, and I recalled that picture hanging on the wall in Nangong Qin's villa."

Chapter 980: Support You

"Aren't you afraid that Gu Mingzhe made a mistake?"

"No." Chi Yang shook his head. "Gu Mingzhe has mustered the willpower to marry such a disgusting woman. You can imagine how much mental torture he has to endure. If he dares to risk it, it means that he's at least 90% confident that he's right."

"He's 90% confident... There's still 10% of uncertainty."

"What he's missed is that he has no idea that Zhong Qianqian's blood DNA is identical to yours."

That was right. Under normal circumstances, such a mishap would never happen. What could Zhong Nuannuan say? She could only say that Gu Mingzhe was simply unlucky.

"Big Brother Chi Yang, I'm sorry that you didn't find out about this from me."

Chi Yang reached out and stroked the girl's hair. "That's because you've never planned to return to the Nangong family. That's why I've never asked you."

Zhong Nuannuan, "... It was true that Big Brother Chi Yang was the one who understood Nuannuan the most and was the most considerate toward her!

Chi Yang caressed Zhong Nuannuan's cheek and said, "Did you decide to return to the Nangong family because of the rescue mission this time?"

Zhong Nuannuan thought for a while and nodded. "Actually, when I was with Grandpa and Old Master Nangong, I realized that I don't hate Old Master Nangong. I feel rather sorry for him when he falls ill. After that, I've met up with Nangong Shu and the rest at the hospital and realize that they're not annoying at all. In the end, I went to KYC Island. I've never expected that... the Nangong family already knows that I'm their granddaughter."

"How did they know?" Chi Yang raised his eyebrows.

After all, Zhong Qianqian had the same DNA as Nuannuan. Under normal circumstances, it would not be so easy to find out.

Zhong Nuannuan told Chi Yang about how all the women in the Nangong family possessed a hereditary supernatural ability—X-ray vision.

The gentleness between Chi Yang's brows instantly froze.

It seemed like he guessed right.

KE had always wanted to destroy the Nangong family and the Chi family to take revenge for what happened 20 years ago. That was why they captured Nangong Yu, and then, Nangong Ling. Meanwhile, the person who kidnapped Nuannuan was in cahoots with the person who kidnapped Nangong Yu and Nangong Ling.

Therefore, even though he did not know how Nuannuan became Duke Eton's daughter, it was a fact that Nuannuan and her companions were from KE Organization.

Thinking about how KE's base was suddenly destroyed half a year ago...

A faint smile flashed across Chi Yang's eyes. He knew without a doubt that it was the work of his domineering little girl.

KE Organization was really unlucky to have groomed a top-notch mercenary who was hell-bent on destroying them.

However, it was obvious that KE, whom they thought had been destroyed, had not been annihilated yet...

However, it was no longer a problem. In the future, he would be by Nuannuan's side. Whoever Nuannuan failed to destroy, he would help Nuannuan destroy them instead.

"Do you need me to go with you on the day you face-smack Zhong Qianqian?" Chi Yang asked concernedly.

Zhong Nuannuan shook her head. "A new leader is coming to Jiang District. You still need to deal with your handover. You and Uncle Leng can't be absent from the military base during this period of time. Also, Zhong Qianqian will suffer the worst form of embarrassment on that day. If you're there too, people may say that we kick her after she's fallen."

"Okay, I'll listen to you."

"Then, about Grandpa..."

"Grandpa has long noticed that something's wrong with Old Master Nangong. When Old Master Nangong had a heart attack, Grandpa had secretly called me to ask about it. Therefore, Grandfather and I both agree that no matter what decision you make, we'll support you."
