

Physicist 241

Chapter 241 The Vortex in the Coffin

Even Ye Jiushang was shocked that an ordinary grave contained a water jade coffin, let alone the others.

The water jade coffin could isolate all aura and spiritual energy, so he could not sense any activity inside. That was why he thought that the coffin was empty.

Now, it seemed like he had made a mistake. Those who could be buried in a water jade coffin were definitely not ordinary people.

“Ah Jiu, why does this crystal coffin look a little similar to yours?” Xue Fanxin looked at the clean, glowing water jade coffin in front of her and felt that something was wrong.

Even if the water jade coffin was buried under the ground, it would not be so clean after so many years. It was simply brand new.

“What similarity? Master’s crystal coffin is even more powerful, okay?” Little Lei had been playing with the mud in boredom just now. Only when Zhuri and Fuyun dug up the grave did he come over to take a look. Seeing the water jade coffin, his eyes revealed a hint of light. He did not look that shocked, though. Evidently, this water jade coffin was just barely impressive enough for him.

“This grave has been dug up so many times. Why is the water jade coffin still here? Don’t tell me those people don’t like such a priceless thing?” Xue Fanxin was not in the mood to quarrel with Little Lei, watching the coffin carefully.

Ye Jiushang was also studying it. He did not open the water jade coffin immediately.

On the other hand, Little Lei had an extremely simple and straightforward thought process. He did not think about anything and opened the coffin. “Let me see what’s inside?”

“Stop.” Ye Jiushang was too focused on studying the water jade coffin and did not notice Little Lei. By the time he spoke, it was already too late to stop him.

The water jade coffin’s lid looked heavy, but it was actually very light. Little Lei easily opened *it*.

However, the moment the lid was opened, an incomparably powerful vortex appeared in the coffin, sucking everyone into it.

Everything happened too suddenly, and the suction force of the vortex was too strong. Before anyone could see what was in the water jade coffin, they had been sucked into the vortex. Their bodies were completely out of control.

From the moment Little Lei opened the coffin to the moment everyone was sucked into the vortex, only two breaths of time had passed. It was almost in the blink of an eye, making it impossible for anyone to react.

However, when Ye Jiushang was getting sucked inside, he turned back for a moment and saw the lid of the water jade coffin fly back to cover itself. Following that, his vision turned pitch-black, and he could no longer see anything

At this moment, a strange scene appeared in Shui Qianrou's grave. The soil that had been dug out previously returned to its original position by itself, restoring everything, with the exception of the shattered tombstone.

The surroundings returned to calm as if nothing had happened. There were still quite a few footprints on the ground, though. The newly piled grave dirt was also very soft, like a new grave. While Shui Qianrou's grave was strangely recovering, Xue Fanxin, Ye Jiushang, and the others were all falling at a high speed. Their bodies had completely lost control. There was an extremely powerful suction force pushing them down, so their bodies fell faster and faster.

"Ah..." Xue Fanxin instinctively let out a sharp cry of fear. Her limbs flailed in the air, and she felt like she had fallen from a tall building. Apart from fear, her mind was blank.

Ye Jiushang had only lost control for a moment. When he entered the vortex, he could already control his body a little. He used all his strength to approach Xue Fanxin, then grabbed her hand and pulled her back.

"Don't be afraid, I won't let anything happen to you."

Chapter 242 Eye of the Aurora

Xue Fanxin was freaked out and had lost all her composure. She was screaming her lungs out, but when Ye Jiushang pulled her back, even if he was only holding her hand and her body was still falling, she was no longer so panicked. Through the warmth and gentleness of his palm, she knew that she was not alone.

The words 'don't be afraid' were like a flame in the darkness. It made her feel the warmth and gave her hope.

Ye Jiushang grabbed Xue Fanxin's hand and pulled her tightly. With his other hand, he took out a Night Pearl from his interspatial ring, which illuminated the surroundings. Not only did he see Xue Fanxin, but he also saw Little Lei, Zhuri, and Fuyun, who were also falling rapidly not far away, like them.

This place was like a void passageway. The surroundings were gray and there was nothing. They could not see the bottom either, so they could only keep falling like this. "Ah..." Little Lei screamed like a pig being slaughtered. His cries were ear-piercing, and he hugged the little white tiger tightly in his arms, almost strangling it to death.

The little white tiger did not know why it had bumped into Little Lei when it was swallowed into the water jade coffin by the whirlpool. It was even hugged tightly by Little Lei. It almost couldn't breathe and struggle, making it depressed.

"Awroo, awroo..."

Boohoo, it didn't want to be with this guy. It wanted to follow its master...

“Awroo, awroo...” The little white tiger was in the dark void passageway and was really uncomfortable being hugged by Little Lei. Hence, its instincts kicked off, and its eyes turned crystal white, emitting a bright white light. The little white tiger could see everything around it clearly no matter how far away it

was.

The first thing the little white tiger thought of was not how to find a safe place but Xue Fanxin. Seeing that she was not far from it and was with Ye Jiushang, it struggled with all its might to break free from Little Lei’s embrace and jump towards Xue Fanxin. It landed on her shoulders and waited there.

“Little tiger, how did you jump over?” Xue Fanxin looked at the little guy who was resting on her shoulder and found it unbelievable.

Her body was falling rapidly. Even Ah Jiu had to expend a lot of effort to pull her back, but this little guy could actually jump over and even stay on her shoulder effortlessly...

Something was wrong!

Ye Jiushang also noticed the abnormality. In particular, the little white tiger’s glowing eyes shocked him.

It was the Eye of Aurora.

He had not expected this little guy to activate the Eye of Aurora. He had underestimated it.

When the little white tiger jumped over, a crazy and furious roar sounded from Little Lei’s side. “Damn tiger, how dare you leave me? I’ll skin you alive later. Ah...”

The little white tiger nestled on Xue Fanxin’s shoulder and could not be bothered about Little Lei. He could scream as much as he wanted; its master would protect it.

Just as its nerves were about to relax, its body was suddenly picked up by someone, startling

“Awroo, awroo...”

“Go, find the exit of this tunnel.” Ye Jiushang threw the tiger out after giving the order.

“Awroo, awroo...” The poor guy’s small body was thrown into the void just like that, and it let out a sorrowful cry.

Boohoo... It just wanted to follow its master. Why was it so difficult?

Chapter 243 Lead the Way

Xue Fanxin actually felt quite sorry for the little white tiger, but she knew that Ye Jiushang must have had a reason for doing this. No matter how much her heart ached, she had to bear with it. Otherwise, they would all die in this damned place.

Their bodies were still falling rapidly. Judging from the height, even if they fell into the water, they would die, so they could only rely on the little white tiger.

“Little tiger, little tiger, it’s up to you whether your master can survive or not.”

“Don’t worry. That little guy has activated the Eye of Aurora. It won’t be a problem for him to stay alive.” Ye Jiushang could sense Xue Fanxin’s concern for the little white tiger, so he said something to reassure her.

“What is the Eye of Aurora?” Xue Fanxin asked in confusion. She had noticed the difference in the tiger’s eyes. They emitted a strange white light, like two small Night Pearls. They were very beautiful.

“The ‘Mystic Crystal’ in its name is not just for searching for crystal marrow but also because of their talent, the Eye of Aurora. It is the highest talent of the Mystic Crystal White Tiger and takes them hundreds of thousands of years to awaken the Eye of Aurora. With it, they can see in the darkness and can also see the essence of everything clearly. It’s the natural counter to illusions.” “So powerful! Then can it find the exit here?”

“I’m sure about that. The little white tiger is too young. Its talent has just been activated, so its power might not be that great. Whether it can find the exit will depend on its own ability, but it should have no problem staying alive.”

The little white tiger had a special relationship with the Spacetime Emperor. This void passageway was likely created by the Spacetime Emperor, so it was unlikely that the little white tiger’s life would be in danger here.

Xue Fanxin also knew this, so she was not as worried as before. She grabbed Ye Jiushang’s hand with all her might and tried her best to get as close to him as possible.

Not long later, the little white tiger that had been thrown out returned. It jumped out of the dark void and strung itself onto Xue Fanxin’s shoulder, crying out by her ear, “Awroo, awroo...”

“You’re back so early! Have you already found the exit?” Xue Fanxin was happy to see the little white tiger, but she could not understand what it was saying at all.

“Awroo, awroo...” The little white tiger continued to roar and even nodded repeatedly. It used its body to express itself.

“You really found the exit?”

“Awroo...”

“If you found it, lead the way.” Ye Jiushang picked up the little white tiger and threw it out again.

The pitiful guy had just returned and was thrown out again. It must be deeply traumatized.

Ye Jiushang did not care about its feelings. In fact, he had a grudge against the little white tiger. If it did not have some value, he would have long skinned it.

This damned bastard had put Little Xin’er’s life in danger. How could he not be angry?

The little white tiger also knew why Ye Jiushang hated it. Hence, after being thrown out, it did not complain at all, obediently leading the way. It jumped in when it saw a small whirlpool emitting a grayish-white light.

Ye Jiushang had been staring at the little white tiger and followed it into the grayish-white whirlpool with Xue Fanxin. He shouted at Little Lei and Zhuri, who were not far away, "Jump in if you see the grayish-white whirlpool."

veri

Little Lei saw a small whirlpool by the side, so he jumped in. Zhuri brought Fuyun with him and also found the small vortex. Then, he jumped in.

Behind this spatial passageway were quite a few small vortices, but they were not eye-catching. If one did not look carefully, one would not be able to see them at all.

Chapter 244 So Scary

Everyone jumped into the small vortex and entered another rapidly falling space. Soon, they fell onto a large rock, making their bodies scream in agony. They had almost lost their lives.

Xue Fanxin did not feel much pain, though. This was because Ye Jiushang had become a human cushion for her. She was only dizzy from the shock and could not get up for a while.

As for Ye Jiushang, he had fallen quite heavily. His back was knocked by a jugged rock and was covered with blood. It was so painful that he frowned. However, he did not tend to his injuries right away. He was more worried about the person in his arms. "Xin'er, are you injured?"

"No..." Xue Fanxin's head was a little dizzy. She shook it a few times before feeling a little better. Seeing her posture, she quickly got up and asked anxiously, "Ah Jiu, are you okay? Quickly let me see your back."

As a doctor, she understood the consequences of a human body falling from a high altitude on hard rock, not to mention that he was protecting her.

Ah Jiu bore the weight of two people. Moreover, he was unable to circulate his cultivation base. In this situation, he would definitely have suffered great harm, especially when his back touched the ground first.

Ye Jiushang really wanted to say that he was okay, but his back was severely injured. It was difficult for him to even stand up. Who would believe that he was okay?

Furthermore, his little consort was very skilled. It was difficult to hide his injuries and illness from her.

When Xue Fanxin saw Ye Jiushang's reaction, she knew that he was wounded. Just as she was about to help him up, Zhuri and Fuyun also fell from the sky, along with Little Lei. The three of them fell together and landed beside them.

Little Lei was very unlucky. He was at the bottom and became a human cushion for Zhuri and Fuyun.

"Ah..." Little Lei's small body was pressed to the bottom and he let out a tragic cry. However, from his energetic shout, it could be seen that he was fine. At most, his body hurt a little.

Zhuri and Fuyun's fall was not that serious. However, they could not get up for a while, so they kept crushing Little Lei.

Little Lei was pressed down at the bottom. If not for his tough body, he would have been squashed long ago. Still, he was uncomfortable, and his entire body was in pain.

Why had he been so unlucky recently?

“You two bastards are really heavy. Get up from me.”

Seeing that the trio was fine, Xue Fanxin ignored them and checked Ye Jiushang’s injuries first.

“Ah Jiu, don’t move. I’ll look at your back.”

Ye Jiushang had no problem with that, but suddenly, he sensed a fatal danger approaching them quickly. Ignoring his injuries, he sat up in pain. Then, he stood up and raised his head to look forward. He saw red lava flowing towards them like a flood.

“Oh no, it’s Hellfire Lava. Let’s go.” Ye Jiushang picked up Xue Fanxin and jumped onto the high ground opposite her.

Zhuri’s reaction was also swift. Upon hearing Ye Jiushang’s warning, he jumped onto the opposite high ground with Fuyun. Needless to say, Little Lei was faster than anyone. He jumped almost at the same time as Ye Jiushang. Then, he sat on the ground exhausted and watched as the huge rock they had been standing on was drowned by the red lava.

If they had been a few moments late, they would have been swallowed by the magma. Not even their bones would be left.

This place was really terrifying!

Chapter 245 Waiting for You

Xue Fanxin’s attention was fully on Ye Jiushang. She only wanted to look at his injuries and had no idea that magma was attacking from ahead. It was only when Ye Jiushang made the jump with her that she became aware. Seeing the rock get submerged in lava made her heart uneasy.

Fortunately, Ah Jiu was around. Otherwise, she would be in trouble.

But his injuries...

“Ah Jiu, let me see your injuries.” Xue Fanxin couldn’t care less about other things. She first checked Ye Jiushang’s injuries. When she saw that his back was drenched in blood, her heart ached as if it was stabbed by needles.

If not for her, Ah Jiu would not have been so grievously injured.

“Don’t worry. It doesn’t hurt. I’ll be fine in a while.” Ye Jiushang endured the pain. Even if it hurt, he had to say otherwise. He did not want Xue Fanxin to be too worried for him, and neither did he want to appear weak in front of her.

If he had not been poisoned by the Draconic Lotus Intoxication, restricting his energy, he would not have been so heavily injured no matter how high he fell from.

Should he blame this on Su Baifeng?

“How can it not hurt when your injuries are like this? Don’t force yourself. I’ll treat you first.” Xue Fanxin was about to take off Ye Jiushang’s clothes and treat his injuries on the spot, but unexpectedly, she was pulled back when her hand touched his shoulder.

Ye Jiushang did not let Xue Fanxin take off his clothes. He said solemnly, “I don’t like to undress outside.”

“Still arguing about this? You’re a man. Stop acting like a little girl. I don’t want you to take off your clothes. I just want to pull your top down so that I can treat your injuries.”

“Zhuri.” Ye Jiushang did not reply to Xue Fanxin, calling Zhuri instead.

“Yes.” Zhuri knew what Ye Jiushang meant. He stood up, nodding in response. Then, he took out a simple tent from his storage bag and set it up on the spot as quickly as possible. After finishing, he replied to Ye Jiushang, “Your Highness, the tent has been set up.”

Xue Fanxin was speechless. However, she was concerned about Ye Jiushang’s injuries, so she ignored the other details.

“Ah Jiu, let me help you in. You mind taking off your clothes in front of me too?”

“I’ll let you see everything sooner or later. I have to learn to get used to it, so I don’t mind.” Despite being injured, Ye Jiushang was still in the mood to tease Xue Fanxin. His expression seemed better than before, and his movements were not as slow. Obviously, the injuries on his back no longer had that much of an effect on him.

Xue Fanxin was embarrassed by Ye Jiushang’s teasing words. Her face flushed red as she glared at him. “I’ll deal with you later.”

“Alright, I’ll wait for you to deal with me.”

“You...” Xue Fanxin was even more embarrassed. She decided not to waste her breath on Ye Jiushang and went straight into the tent.

Ye Jiushang’s mood was uplifted. He happily followed her into the tent.

Zhuri, Fuyun, and Little Lei were all waiting outside. They took out their medicine and treated themselves, also checking the surroundings nearby. As for what the two people in the tent were doing, that was not something they could care about.

As subordinates, it was best not to interfere with their master’s matters. They had no right or authority to do so. Furthermore, they were a couple, to begin with. Even if they did something inside, it was only right and proper!

If Xue Fanxin knew what Zhuri and Fuyun were thinking, she would definitely be so embarrassed that she would dig a hole and hide in it. Fortunately, she did not know.

Chapter 246 I Forgot

After Xue Fanxin entered the tent, she realized that there was even a bed inside. Although it was simple, it was clean and tidy with high-grade quality. Ah Jiu was so particular when he was out. She was really speechless.

However, he had the power and the ability. Even if he was high maintenance, it was nothing.

Ye Jiushang followed Xue Fanxin into the tent with a happy smile on his face. Clearly, he was in a good mood. He sat on the bed and said leisurely, "Didn't you want to help me treat the injuries on my back? I'm prepared. Come, help me undress first."

Pfft... When Xue Fanxin heard the word 'undress,' she felt a little embarrassed and really wanted to yell at him. But seeing his bloody back, she could not care about the little things anymore. Her heart ached, and all her attention turned to his injuries. "There are some small sandstones in the wound. I have to clean them immediately. I also have to change the clothes that are stained with blood."

"Alright, do whatever you want. I'll cooperate with you," Ye Jiushang said with a chuckle, enjoying the beautiful moment.

Indeed, he did not like to change outside, much less in front of others. In the past, he wouldn't break his rule for anyone, but from now on, there was one exception-Little Xin'er, his consort.

Xue Fanxin was not interested in Ye Jiushang's thoughts. She started doing her thing and gently took off Ye Jiushang's clothes, leaving his upper body naked. Then, she said, "Lie on the bed. I'll treat the wound on your back."

"Alright." Ye Jiushang was very cooperative as he sprawled on the bed. His back was a mess, yet he could smile and looked like he was enjoying himself.

Xue Fanxin took out all kinds of medicine and tools from her space. She ignored Ye Jiushang's expression and did her work seriously. She carefully took out the sand and stone particles from his flesh and cleaned his wound before applying the medicine. No matter what she did, she tried her best to be gentle.

Even she felt pain just by looking at such an injury, so Ah Jiu must be in a lot of pain.

"This medicine will hurt when applied, but the effects are very good, so bear with it. Although it hurts, it's only in the beginning. There will be a cold feeling later."

"Little Xin'er, I'm not as weak as you think. I've suffered injuries that are ten or a hundred times more serious than this, so this little pain is really nothing."

"Then how did you survive in the past?"

"I... forgot." Ye Jiushang did not want to recall bad memories of the past, nor did he want to say that he actually had better medicine for injuries.

Anyway, it was only a superficial wound. It would be fine in less than two days. He did not want to miss the chance to have intimate contact with Little Xin'er.

It was also a kind of happiness to be served by Little Xin'er so gently. He liked it.

Xue Fanxin knew that Ye Jiushang did not want to talk about the past, so she did not ask further. She continued to treat his wound. After applying the medicine, she dressed it and wrapped a thick bandage around Ye Jiushang's body. Unexpectedly, just as she finished, she was pulled into a warm embrace.

"Ah Jiu, what are you doing? You're still injured. Don't move, or your wounds will open again." After getting hugged by Ye Jiushang suddenly, she did not dare to move.

"Let me hug you for a while."

"Are you done hugging me now?"

"A lifetime won't be enough."

Just as Ye Jiushang was about to hug Xue Fanxin properly and enjoy the feeling of having a beauty in his arms, Little Lei's cry sounded from outside.

"Master, Master..."

Chapter 247 So Many Treasures

Ye Jiushang's face darkened when his intimate moment was disturbed. He was furious and wished he could tear Little Lei apart.

Every time, Little Lei would spoil his fun. It seemed like he had to find a time to teach this guy how to act.

Hearing Little Lei's cry, Xue Fanxin was concerned that this guy would barge in rashly, so she quickly escaped Ye Jiushang's arms.

This further fueled Ye Jiushang's rage. He wanted to hang Little Lei and beat him up, then skin him alive.

Little Lei did not enter the tent. He had no idea how dark Ye Jiushang's face was and how furious he was. He was even shouting excitedly from outside, "Master, Master, come and look. Quickly look. Wow... There are so many treasures!"

In the tent, Xue Fanxin mourned for Little Lei in her heart while pondering about how to calm Ye Jiushang down. Unexpectedly, she heard Little Lei shouting outside, "There are so many treasures!"

Xue Fanxin did not have the mood to think about anything else. She ignored the black-faced Ye Jiushang and rushed out of the tent, yelling excitedly, "Where're the treasures? Where are the treasures?"

Ye Jiushang's face turned even darker. It was black as a pot now. He was so angry that he gritted his teeth, secretly deciding that he would definitely teach Little Lei a lesson later. Fuming with anger, he took out clean clothes from his interspatial ring and wore them himself before leaving the tent.

He wanted to see what treasures were outside that could make Little Lei so excited.

re

At this moment, Little Lei was guarding a huge pit not far away. Zhuri and Fuyun were with him. The three of them stared intently at the things in the pit. All of them were in stunned excitement.

Little Lei was even more exaggerated. He held a large purple crystal in his hand and sat on the ground smiling happily. From time to time, he would shout loudly, completely unaware that his actions had already angered a certain lord.

“Purple Crystals, there are so many Purple Crystals. Haha... Master, Master, quickly come, quickly come. There are so many treasures here.

“This is the real treasure! The things that idiot woman has are all trash.

“Master, see. There are so many treasures.”

While Ye Jiushang was still in the tent, he could already hear the pitter-patter of Little Lei’s voice. He was very frustrated and swore to himself that he would definitely make Little Lei sorry later.

When Xue Fanxin heard Little Lei’s voice, she also got excited. She had long forgotten about a certain lord’s emotions. Now, she only wanted to know what the treasure was. She hurriedly walked over and saw the shiny crystals in the large pit. There were all kinds of colors, and there were many indescribable natural treasures. Her eyes were wide open.

“There are really a lot of treasures.”

But why were there so many treasures here?

No matter how ordinary a tomb was, it would not place burial items like this, let alone this was not an ordinary tomb.

Something was wrong. These treasures might not be good. They might die if they took them.

“Girl, do you see that? This is what a treasure is. The things you took previously were all trash. Do you know what this is? Purple Crystals are countless times rarer than your green crystal. And this, that...”

When Little Lei saw Xue Fanxin, he kept holding the treasures in the pit for her to see. He was thrilled, and his entire person was immersed in the world surrounded by treasures.

Xue Fanxin was not tempted by them. Instead, she looked at Little Lei’s abnormal actions and then at Zhuri and Fuyun. They seemed to be a little off.

Could there really be something wrong with these treasures?

Chapter 248 Trapped in an Illusion

Xue Fanxin was not attracted by the countless treasures in front of her. Despite the temptation, she could still maintain her rationality. She knew very well that although treasures were important, her life was even more so. She had a strong feeling that these treasures might very well take their lives.

“Little Lei, there’s no free lunch in the world. There must be something wrong with these treasures. Don’t be too happy yet.”

“The things are already in my hands, so what’s the problem? Girl, you’re usually very excited to see gold and silver. Why aren’t you reacting at all today? Could it be that you don’t like these treasures? What an idiot! You don’t know anything at all. These treasures are much more valuable than the trash you picked up. They can be exchanged for all your belongings easily.” Little Lei kept picking up the crystals. After he

picked up one, he would spot an even better one. He would then throw the one in his hand down to pick up the other. He repeated it again and again, throwing sesame seeds and picking up watermelons. Even if he couldn't take much, he was still looking through the treasures happily.

Zhuri and Fuyun were not as exaggerated as Little Lei. Nonetheless, they picked up quite a few treasures from the pit. Even if they did not put it into their pockets, their faces were filled with desire. They really wanted these treasures.

Xue Fanxin felt that it was useless to say anything now. The more she looked at those crystals and gemstones, the more she felt that something was wrong.

Ye Jiushang finally arrived at the scene. He wanted to start with Little Lei, but he realized that his condition was a little abnormal. Zhuri and Fuyun were the same. Although they looked fine on the surface, upon closer inspection, he could tell that their expressions were a little off as if they were intoxicated in a world that made them exhilarated.

"Ah Jiu, you're here! Quickly look at those treasures. Is there a problem?" Xue Fanxin had no idea what to do, and she did not dare to touch those treasures either. Upon seeing Ye Jiushang, she turned to him for help.

sure

"Don't be anxious. They might be trapped in an illusion," Ye Jiushang said and squatted down, studying the treasures in the pit. Every single one of them was priceless. Even he did not have such a huge treasure trove.

"Illusion? They don't look like they're trapped in an illusion though."

"This is an extremely high-level illusionary realm that can fuse reality and illusion into one. If I didn't already know that this is the tomb of the Spacetime Emperor, coupled with the Eye of Aurora that the little white tiger activated previously, I'm afraid it would have been hard for me to discover this illusion."

Fortunately, he had seen the little white tiger's Eye of Aurora before and knew that it was a counter to illusions. Otherwise, he would not have realized that these treasures were only illusions when he saw them.

Was this all a coincidence?

Why did he not think that this was a coincidence at all?

"How do we save them?" Xue Fanxin asked worriedly. She tried to speak to Little Lei and the others who were trapped in the illusion. "Hey, don't pick them up. These things are illusions. They're not real."

"Idiotic, are your eyes just there for decoration? These treasures are really in front of us. How can they be illusions?"

"Your Highness, this is indeed real."

Little Lei, Zhuri, and Fuyun were all trapped in the illusion. Furthermore, it had merged real and fake. They had no way of waking up no matter how she called out to them.

"It's useless. This illusion is too powerful. With our strength, we can't break it at all." Ye Jiushang threw the treasure in his hand back into the pit and said, "Call the Mystic Crystal White Tiger over."

"Little white tiger? Oh right, where's the little white tiger?" Xue Fanxin realized that the tiger was not around. It seemed to have not fallen here with her.

Chapter 249 Let It Off

Just as Xue Fanxin noticed the little guy's disappearance, it sauntered over from afar. Furthermore, it swayed as if it was drunk.

"Awroo, awroo..."

"Little guy, what's wrong?" Xue Fanxin picked up the wobbly little white tiger and smelled alcohol all over its body. Just the smell was intoxicating, let alone drinking it.

"You're drunk? Where did you find alcohol in such a godforsaken place?"

"Awroo, awroo..." The little white tiger was drunk. When Xue Fanxin carried it, it nestled in her arms and slept soundly, looking like it was enjoying itself.

The moment Ye Jiushang saw the little white tiger in Xue Fanxin's arms and rubbing against her chest, he was enraged. He picked it up and threw it far away. "I don't care if you're drunk or not. This is not a place you can stay. Get lost."

"Awroo..."

The little white tiger fell to the ground, rolling a few times before stopping and lying on the ground weakly. Its mind cleared up a little, but it was still dizzy, and its limbs were weak.

"Awroo..."

"Ah Jiu, what if you hurt it?" Seeing the little white tiger in a poor state, she wanted to go over and hug it.

However, Ye Jiushang did not let her. "In other places, it might get injured from the fall, but here, no one can hurt it."

They knew nothing about Tomb Two of the Spacetime Emperor, but the little white tiger could find fine wine here and even got drunk. Clearly, it was familiar with the environment here.

It could be seen that the little white tiger must know some secrets of this place.

Ye Jiushang did not want to waste time with the tiger. He threatened it coldly, "If you don't remove the illusionary realm here, I'll skin you. Don't doubt my words, and don't think that Little Xin'er can protect you. As long as I have the intention, your skin will definitely not be able to protect you."

After the fall, the white tiger was a little clear-headed. When it heard Ye Jiushang's terrifying voice again, it was so scared that no matter how dizzy it was, it quickly pulled itself together. It was still swaying and walking as it activated the Eye of Aurora and used all its strength to break the surrounding illusion.

Afterward, the little white tiger was so tired that it sprawled on the ground. Coupled with the fact that it drank quite a lot of wine, it was wasted. It could no longer support itself and collapsed onto the ground, sleeping soundly.

Ye Jiushang really wanted to throw it again, but before he could do anything, Xue Fanxin had already stopped him. "Forget it. It has already done its best. Furthermore, the illusion has been removed. Take it easy."

"Alright, for your sake, I'll let it off this time, but there won't be a next time." Ye Jiushang actually had no intention of doing anything to the tiger. After all, they still had to rely on it to search for the Spacetime Emperor's tomb.

However, even if he did not take this beast's life, he would not let it have an easy time.

Xue Fanxin knew that Ye Jiushang hated the little white tiger. Initially, when they were in the void passageway, the ability the little white tiger revealed made Ah Jiu admire it a little. Unexpectedly, this little guy did not know how to cherish opportunities at all. It actually ran over to drink wine at a critical moment and got drunk, almost ruining an important matter.

If everyone got in danger because of it, she was certain that Ah Jiu would not let the little white tiger off easily.

Little tiger, oh little tiger, good luck to you.

Xue Fanxin temporarily ignored the drunk guy and let it sleep on the ground, turning her attention to Little Lei and the others.

When she looked up and saw what was in the pit, she was frightened.

"Oh my god! How... how could this be?"

Chapter 250 I'm Scared

After the little white tiger broke through the illusionary realm, the huge pit that was originally filled with treasures turned into a pile of white bones. It was a terrifying sight. There was a sinister black aura lingering around it.

Could it be that the treasures they had seen were all white bones?

Little Lei was hugging a skeleton with a smile while holding an arm bone as he walked through the pile of bones and continued searching for treasures.

Zhuri and Fuyun were similar. They were all holding white bones that were emitting a black aura. The black aura kept wrapping around their bodies as if it wanted to invade them.

"Little Lei, Zhuri, Fuyun, quickly wake up. Those are not treasures but white bones." Xue Fanxin was frightened by the pile of white bones. Her legs were a little weak as she retreated to Ye Jiushang's side and leaned close to him. She was frightened. Seeing that Little Lei, Zhuri, and the others were still hugging the white bones and laughing, she called them over, hoping to wake them up.

“What an idiot. They are clearly treasures, but you say they are white bones. You’re really...” Little Lei retorted unhappily. However, before he could finish speaking, he looked down and realized that he was really holding bones, white bones that were emitting a black aura. He was so frightened that he quickly threw the thing away.

Next, he realized that he was sitting on a pile of white bones. He was so scared that he almost pissed his pants. He quickly left and ran towards the top of the pit. Perhaps because he was too panicked, he fell onto the white bones despite being agile. The intimate contact with the white bones startled him. He hurriedly got up and continued to run towards Ye Jiushang.

After climbing out of the pit, Little Lei sat weakly at Ye Jiushang’s feet. He wanted to cry but had no tears. “Master, there were clearly so many treasures just now. Why did they suddenly become bones?”

He thought he had struck gold this time, yet in the end... boohoo, he was too pitiful.

Ye Jiushang had not forgotten that Little Lei had spoiled his plans. Even though it was explainable, it was still unforgivable.

“Don’t you like these treasures a lot? Continue hugging them.”

“Master, don’t be like this. I’m so afraid.” Little Lei could sense Ye Jiushang’s anger. He vaguely remembered that he had done something he shouldn’t have.

When he saw those treasures just now, he kept shouting and screaming. His master and that idiot girl were in the tent... Oh no, oh no. My shouting must have ruined Master’s good time; that’s why he’s so angry.

If it was some other time, it would have been fine. But if it was about the master and that woman, then nothing could be said.

“Master, I didn’t do it on purpose. I really didn’t do it on purpose.”

Little Lei was horrified. He had been given quite a scare just now. His handsome face was pale, and his body would twitch from time to time. He looked like he was about to cry, but he held back his tears.

Xue Fanxin could see that Little Lei was really spooked. The poor little guy was still at an age where he needed his mother and elders to care for him. She assumed the role and comforted him, “Little Lei, it’s okay. Don’t be afraid.”

“I... I’m not afraid. How am I afraid?” Little Lei cared about his reputation. He was clearly jumpy, but he refused to admit it.

At this moment, something unexpected happened in the huge pit filled with white bones. The black aura became stronger as it all swept out.

Zhuri and Fuyun had not woken up yet and got enveloped by the black aura. Their expressions became abnormal as if they were about to go hysterical.
