

Physicist 491

Chapter 491: Gu Worm Entering the Body

After slapping the person against the wall, Little Lei resumed eating. Xue Batian wanted to know if the deputy villa lord's son was dead or alive, so he planned to go forward and take a look. Unexpectedly, just as he leaned forward, a black little bug jumped onto his hand and bit down ruthlessly.

Although the bite was very small with almost no wound, it hurt badly.

"Ah..." Xue Batian cried out in pain. His brows were furrowed tightly as he raised his hand to look. A small black bug was about to burrow into his wound, wanting to eat his flesh. Even if he reacted in time and tried to stop it, it was still useless. The small black worm had tunneled into his hand and was crawling along his meridians.

When Little Lei heard Xue Batian's tragic cry, he threw down the drumstick in his hand and ran over. He saw something crawling around the back of Xue Batian's hand. "Grandpa Xue, what's wrong? What crawled into your hand?"

"A black little bug. I don't know what it is either."

"Haha... Let's see how you can still be arrogant after getting invaded by my Gu worm!" The deputy villa lord's son laughed maniacally. Although he hoped that the Gu worm would enter the young man's body, the outcome now was not bad. As long as someone got infected, it was enough.

"What's a Gu worm?" Little Lei was in a panic. He looked at Xue Batian with extreme worry and anxiety, unable to do anything. Even if he did not know what a Gu worm was, he could guess that it was a terrifying thing.

"The Gu worm is..." Xue Batian could not explain it either. He did not know much about Gu worms. At the moment, it was wreaking havoc inside his body, making him feel uncomfortable all over. His consciousness became a little blurry, and his body seemed to be out of control.

"Haha... This is a puppet Gu that I carefully raised. After being poisoned by the puppet Gu, he can only be my puppet. Haha..." The deputy villa lord's son got even more arrogant.

Little Lei was raging. He rushed forward to teach that guy a lesson, but his back was ambushed by Xue Batian. Due to his lack of vigilance against Xue Batian, he was forced back a few steps with a palm strike. However, he was not injured.

"Grandpa Xue, why did you hit me?" Little Lei would not attack Xue Batian. But his head was not enough to understand what was going on. He did not know why he had hit him.

Xue Batian did not give a reply. Instead, he continued to attack Little Lei expressionlessly with lifeless eyes. Furthermore, his attacks were extremely ruthless, each one fatal.

Little Lei did not dare to counterattack and only dodged. "Grandpa Xue, I'm Little Lei. I'm Little Lei. Look carefully."

"It's useless. He's been poisoned by my puppet Gu and is already my puppet. He only listens to my orders. Kill this brat for me, quickly," the deputy villa lord's son ordered Xue Batian. Only now did he have the mood to look at his injuries.

Just now, he had been slapped into the wall by that young man and was quite injured, almost dying. He would definitely settle this score with that brat. He would not stop until he killed him.

"Grandpa Xue..." Little Lei had completely lost his mind now. He did not dare to attack Xue Batian and could only hide everywhere. Later, he thought to himself that as long as he killed the deputy villa lord's son, he should be fine. Hence, he suddenly flashed to the deputy villa lord's son and kicked him out of the private room.

"Ah..."

Chapter 492: Kicked to Death

The deputy villa lord's son was ruthlessly kicked away by Little Lei. He crashed through the door and flew downstairs, smashing a table. A sharp wooden bar happened to pass through his chest and pierced his heart.

"Pfft..." The son of the deputy villa lord spat out a lot of blood. His face was filled with horror, and his eyes were wide in disbelief. He slowly raised his head to look at the wooden stick that had pierced his heart. He was filled with fear because he knew that he was about to die.

How could this be?

How could he have died like this?

He had actually been kicked to death by a little kid?

With someone dead, the customers in the First Restaurant hurriedly hid to the side. No one dared to go forward and look around, afraid that they would get caught in trouble.

The attendant of the deputy villa lord's son watched from upstairs, frightened. His legs were trembling, and no one dared to go down to see the situation.

With the deputy villa lord's son dead, they could forget about living. This matter had blown up out of proportions.

Someone had died, and the person who had died was the son of the deputy villa lord of the Blue Sea Villa. The manager of the First Restaurant was scared out of his wits. He ordered people to report this matter and then sealed the restaurant, not letting anyone enter or leave in case the murderer escaped.

Little Lei knew that the person he had kicked down the stairs was dead, but he did not care at all. His attention was placed on Xue Batian. "Grandpa Xue, I'm Little Lei. Don't you recognize me? Grandpa Xue, wake up!"

Xue Batian had been poisoned by the puppet Gu and no longer had his own consciousness. If not for the fact that the deputy villa lord's son had been killed by Little Lei, he would probably be doing something

he would regret. Nonetheless, the Gu in his body was still there. He stood there like a wooden person. No matter how Little Lei called out to him, he could not hear him.

“What should I do? What should I do?” Little Lei had no idea at all. Stuck in a dire situation, he thought of Ye Jiushang and Xue Fanxin. “Grandpa Xue, Master and the others should have a way to save you. I’ll take you back now...”

Just as Little Lei was about to take Xue Batian back, Xue Batian suddenly moved. He flew out of the private room and ran downstairs, standing beside a middle-aged man in a daze.

The middle-aged man made a simple gesture and controlled Xue Batian. He then ran over to the victim and was extremely sad. “My son! How could you have died so miserably? Who killed my son? Who?”

“Deputy Master, it was that young man above who killed the Young Master. It was him.”

“Yes, it’s him. Young Master had already revealed his identity and said that he is the son of the deputy villa lord of the Blue Sea Villa. However, he still didn’t give him any face and killed Young Master ruthlessly.”

The subordinates of the deputy villa lord’s son were afraid of being implicated, so they pushed all the blame on Little Lei.

Little Lei couldn’t care less. His small head did not know how to think deeply. When he encountered such a troublesome matter, he only wanted to use his fists to resolve it. “Return Grandpa Xue to me, or I’ll make you suffer. You actually dare to capture my Grandpa Xue. I’ll skin you alive later.”

To Little Lei, his family was the most important. No matter what trouble it was, it did not matter. Anyway, if the sky collapsed, his master would take care of it.

Chapter 493: Another Kick

The middle-aged man who had rushed over was the deputy villa lord of the Blue Sea Villa. His surname was Zhu and his name was Hai. Everyone called him Deputy Master Zhu.

Zhu Hai had a son at an old age, so he doted on him very much, valuing him more than his own life. Now that he had been killed, one could imagine how sad and angry he was.

“You killed my son?” Zhu Hai glared at Little Lei, who had jumped down from upstairs. His body exuded an intense killing intent, looking like he wanted to swallow Little Lei alive.

“So what if I killed him? He asked for it.” Little Lei was not afraid of Zhu Hai, nor was he in the mood to waste time on him. He was focused on Xue Batian. “Grandpa Xue, come with me! They’re all bad people. Don’t be with them.”

Hearing such innocent words, everyone present could not help but mock in their hearts. *You killed the only son of the deputy villa lord of the Blue Sea Villa. You want to leave? Dream on.*

Recently, there had been rumors in Heavenly Saints City that there was a young man who liked to kick people. He was incomparably powerful, and even experts in the Spirit Transformation Realm would be kicked away by him... They wondered if this young man was from the rumors.

If that was the case, the show would get interesting.

Zhu Hai had just arrived in Heavenly Saints City and did not know much about it. Although he had heard of the legendary deeds of a few people, he did not take them seriously. He had always thought that no one in the Tongxuan Realm dared to go against their Blue Sea Villa. As soon as he reached Heavenly Saints City, he dealt with Gu Jinyuan. Just as he was about to turn his eyes to the Ninth Lord's Estate, his son was unexpectedly killed...

"Damn you, you son of a b*tch. How dare you kill my son... Since you killed him, you have to die with him."

"You dare scold me?" Little Lei directly ignored Zhu Hai's nonsense. He only heard the first few words. Being called a son of a b*tch irked him. He ignored the rest of the words.

"I'm not only going to scold you, but I'm also going to kill you. Someone, come and kill this little bastard." Zhu Hai was furious, glaring at Little Lei with eyes that were about to spew fire. He could not wait to cut him into pieces. He ordered his men to do it before going forward personally.

Little Lei did not mind starting a fight. After a warmup, he kicked the first person who approached him out of the First Restaurant.

The guy bumped into the door of the tea house opposite and died on the spot.

From this kick, it could be seen that Little Lei was also angry. He then threw two people to the top, who smashed through the roof of the First Restaurant and fell from the sky, landing on the roof. They also died.

Only now did Zhu Hai realize that Little Lei was not someone to be bullied, yet it did not change his determination to kill this young man. "Go, go, go. All of you, go. If you can't kill this little bastard, go die."

His subordinates had grown a little afraid. But Zhu Hai's threat made them really helpless. No matter how afraid they were, they had to fight...

"If you want me to die, then I'll kill you first." Little Lei no longer cared about those small fry. He flashed in front of Zhu Hai and kicked him away.

Another kick?

This young man really liked to kick people. Was he really from the rumors?

Chapter 494: Not necessarily

When Little Lei got angry, even ghosts would be afraid of him. He did not know fear, nor did he care how much trouble he caused. He would not be bothered even if the sky was pierced. He was a classic

example of fighting without caring about the consequences. Adding in his anger, he attacked without restraint and could casually slap people to death.

Zhu Hai watched as more and more of his subordinates died. He was also quite injured. Only now did he begin to panic. But he did not intend to let Little Lei off just like that. Instead, he thought of another way to deal with him. Soon, he noticed Xue Batian, who was standing motionless by the side. Coming up with an idea, he activated the puppet Gu in Xue Batian's body...

Xue Batian attacked Little Lei ruthlessly. He was now a killing machine without any emotions. He ordered him to kill whoever he wanted.

If it were anyone else, Little Lei would definitely not show mercy. But he could not fight with Xue Batian. He was worried about hurting him. Therefore, when Xue Batian attacked him, he could only dodge. "Grandpa Xue, what's wrong with you? I'm Little Lei. Why did you hit me?"

Seeing the effectiveness, Zhu Hai regained his confidence. He stood by the side to watch the commotion and laughed wildly. "Haha... Rascal, kill me! Why aren't you killing me now? Quickly kill me! Haha..."

"You bad man, I definitely won't let you off." Little Lei dodged Xue Batian's attack and wanted to kill Zhu Hai. Just as he was about to attack, Zhu Hai suddenly said, "If you kill me, he will also die, because the mother Gu is on me. Once it dies, the child Gu will accompany it."

Little Lei did not know what the mother Gu and child Gu were. However, he knew that if he killed Zhu Hai, Xue Batian would very likely suffer, so he stopped at the critical moment.

However, Zhu Hai took advantage of the opportunity and secretly gave Xue Batian a kill order.

Xue Batian was under the control of the puppet Gu and had no consciousness. He only knew to follow orders. If Zhu Hai wanted him to kill Little Lei, he would kill him.

Little Lei's guard against Xue Batian was too low. He was also in the midst of thinking just now, so he was careless and suffered a palm strike. Fortunately, his cultivation level was high and his body was sturdy. Even Xue Batian's full force attack only caused him a small injury.

"Grandpa Xue, you're hurting me."

Zhu Hai was quite shocked when he saw that Xue Batian's all-out attack had only caused the young man a bit of pain. He suddenly had a feeling that killing this young man would be very difficult.

If he lost his bargaining chip, he would definitely be killed, so he had to cherish the old man.

With this in mind, Zhu Hai no longer let Xue Batian attack Little Lei. Instead, he summoned him back and used him as a hostage to threaten Little Lei. "If you want to save him, then commit suicide. He's been poisoned by my puppet Gu. Unless I'm willing to take it out, he can only be my puppet for the rest of his life. Even if I want him to commit suicide, he will do so without a frown."

"You bastard, you bastard. My master and his woman won't let you off. Just wait for death." Little Lei was even more helpless. He could not listen to Zhu Hai and commit suicide, but he could not ignore Xue Batian either. In the end, he could only wait for Ye Jiushang and Xue Fanxin to resolve this problem.

“It’s the same even if your master comes. He’s been poisoned by my puppet Gu. No one can save him, apart from me.”

“That might not be the case.”

A crisp voice filled with anger sounded from outside the First Restaurant.

Chapter 495: Not Qualified

Upon learning that Xue Batian had been captured, Xue Fanxin rushed over. She heard Zhu Hai’s words on the door and was even more enraged. She said coldly, “Who said that only the person who casts the Gu can cure it?”

Zhu Hai saw that it was a little girl who walked in. Although he did not know her identity, he did not think that a little girl could have much ability, so he did not take her seriously. “You’re just a little girl. Why aren’t you staying at home? What are you doing out here? Quickly go home, lest you get yourself into trouble.”

“Idiot,” Little Lei mocked Zhu Hai. Then, he ran up to Xue Fanxin and pulled her hand. “You’re finally here. Grandpa Xue has been poisoned by that puppet Gu and doesn’t recognize me at all. He tried to kill me a few times and even hurt me just now. Why are you alone? Didn’t Master come?”

“I can handle such a small matter alone. This small fry is not qualified for your master to get involved.”

Little Lei felt that it made sense. “You’re right. Master’s status is too high. This guy is not even qualified to see Master.”

Zhu Hai got furious. He really could not take it anymore and roared, “The two of you, shut up. I’m the deputy villa lord of the Blue Sea Villa. How can I allow you to humiliate me like this? Little girl, you’re in cahoots with this brat, right? He killed my son. Even his life is not enough to repay him, so I want you to die too.”

“If you want our lives, we’ll have to see if you have the ability to do so.” Xue Fanxin did not want to waste entertain people like Zhu Hai. She turned to the Night Shadow Guards. “Protect me from the side. When I perform the acupuncture later, I can’t be disturbed. Whoever dares to cause trouble must be killed without mercy.”

“Yes.” Ye Yi responded and formed a circle to protect her and Xue Batian.

Little Lei didn’t want to stay idle. “What should I do?”

“Keep an eye on him and don’t let him escape. How dare he cast a Gu on my grandfather? I’ll make him pay an even heavier price.”

Zhu Hai knew that the ‘he’ Xue Fanxin was talking about was him. For some reason, facing such a young girl, he actually felt an inexplicable fear. Her aura was strong, even above his.

How could a little girl have such an aura?

Little Lei did not care what Zhu Hai was thinking. Xue Fanxin had given him a mission, so he replied enthusiastically, "Don't worry. I'll keep a close eye on him. He won't escape. If he dares to run, I can break his limbs. Let's see how he can run then, hmph..."

Zhu Hai had just been apprehensive about Xue Fanxin's aura, and now, he was frightened by Little Lei's ruthlessness. The ominous feeling in his heart became stronger. To avoid worsening the situation, he had to strike first.

"These two little kids actually dare to be arrogant in front of me. They're really overestimating themselves. I'm the dignified deputy villa lord of the Blue Sea Villa. Do you think I'm afraid of you two little kids? As long as I give the order, countless people here will work for me. Do you believe me?"

Zhu Hai was waiting for the people present to respond to him, but there was no sound at all. Everyone shut up.

What was going on?

Chapter 496: More Afraid of Us

The Blue Sea Villa was famous in the Tongxuan Realm. Countless people would respond to the casual shouts of the alchemists. Experts from all over the world were willing to risk their lives for them. As for Zhu Hai, he was the deputy villa lord of the Blue Sea Villa. His status was extremely high, so his response would be even greater.

In the past, if he casually shouted anywhere, at least 80% of the people would step forward to respond to him.

But now, no one in the entire First Restaurant stepped forward. Those who were a little closer to him even retreated, unwilling to be too close to him. All of them looked like they were afraid to get caught in trouble.

"What are you doing? I'm the deputy villa lord of the Blue Sea Villa. If you help me kill these two little bastards today, I'll provide you with more pills."

Despite promising benefits, no one responded. Some people even stared at him as if they were looking at an idiot.

What kind of joke was this? The Ninth Imperial Consort of the Ninth Lord's Estate and that powerful young man who liked to kick people were people that even the four great clans and three great sects did not dare to provoke. How could they have the guts to touch them unless they were tired of living?

Furthermore, the other party was very powerful, especially that young man. He could casually kick someone to death. If they really stood up for Zhu Hai, they would only die.

If they were dead, what was the use of pills?

"You..." Zhu Hai got furious and depressed. The only thing he could do now was to take a hard stance. "Good, very good. I'll remember you. In the future, don't even think about buying a pill from the Blue Sea Villa."

Even with such a threat, no one cared about Zhu Hai.

Little Lei mocked, "You really are an idiot. You're so stupid. Didn't you realize that they're more afraid of us?"

"You..." After being reminded by Little Lei, Zhu Hai sensed that something was indeed wrong. He tried his best to calm down and observe the situation before thinking of another way. However, he quickly discovered something that shocked him.

Xue Fanxin had no time to care about Zhu Hai. While he and Little Lei were arguing, she was busy helping Xue Batian.

Just as Zhu Hai had said, unless the person who cast the Gu was willing to take out the worm, he could only be a puppet for the rest of his life. Because of the mother and child Gu, once the mother Gu died, the child Gu would follow suit. The mother Gu was on Zhu Hai. When he died, Xue Batian would die too.

1

However, there were always exceptions. She was that exception.

1

Once the puppet Gu entered the body, it would not easily leave the host. Furthermore, it was hiding in the flesh. Even if you cut open the host's stomach, you might not be able to find it. However, you could use a special method to force it out.

1

Xue Fanxin used the Yin Yang Nine Needles Art to inject the power of the Reverse Spirit Art into the golden needles. She sealed Xue Batian's meridians before initiating her treatment.

After finding the puppet Gu, she used the golden needles to force the worm to retreat to the wound on the back of Xue Batian's hand little by little. Then, she stabbed the needle into the area near the wound.

The needle's power was strong, forcing the worm to retreat through the wound it had originally bitten.

When the Gu worm flew out of the wound, Xue Fanxin flicked out a golden needle and stabbed it, nailing it to the table beside her.

Everyone watched as Xue Fanxin performed the acupuncture and forced the puppet Gu out of Xue Batian's body step by step. In the end, she even used golden needles to nail the Gu worm to the table. This scene stunned everyone.

What a powerful acupuncture technique.

Chapter 497: Frog at the Bottom of the Well

Xue Fanxin used the needle technique to force the puppet Gu out. Then, she took out a pill and fed it to Xue Batian.

Zhu Hai saw everything. Seeing Xue Fanxin's strange acupuncture technique and the pill she took out, he was shocked and could not help but ask, "What acupuncture technique did you use just now? What pill is that? Where did you obtain it?"

Before Xue Fanxin could respond, Little Lei jumped in. "Hey, hey, hey, you're as annoying as that bastard Xiao Muyan. You're asking about her acupuncture technique too. How annoying. Have you ever seen anyone tell others about their secret abilities?"

"You..." Zhu Hai was rendered speechless. He was still thinking about Xue Fanxin's strange acupuncture technique. His greed suddenly surged, forgetting about the revenge. He only desired that acupuncture technique.

Even if he wanted revenge, he had to obtain that acupuncture technique first. Otherwise, killing these two little bastards would be letting them off too easily.

1

Little Lei could tell at a glance that Zhu Hai had other thoughts. "You should stop fantasizing. Those things will not happen. Xiao Muyan also wanted to learn this acupuncture technique, but he was sent flying by me. His luck seems to be good though. He survived. I wonder if your luck will be as good as his?"

"So it was you." Only now did Zhu Hai know who was in front of him. He was so angry that he almost vomited blood.

Wasn't he here in Heavenly Saints City to deal with those people from the Ninth Lord's Estate? Now that they were standing in front of him, he could not do anything to them...

Before this, he had never thought that these people would be such a hard bone to chew. He had even thought that if there was really no other way, he could send out hero invitations and get the various heroes in the Tongxuan Realm to help him deal with these people. But now...

It seemed like he had thought too simply of things.

How could someone who could put Xiao Muyan in such a miserable state be someone ordinary?

"Hey, hey, hey, I already said that you should stop your daydreams. Why are you still thinking about it?" Little Lei saw that Zhu Hai was deep in thought and insisted on disturbing him. "Do you people from the Blue Sea Villa like to let your thoughts run wild? You always think that there's nothing in this world that you can't do. But do you know how big this world is? The thinking of a frog at the bottom of a well is indeed difficult to understand!"

"You said I'm a frog in a well?"

"What are you otherwise? A small Blue Sea Villa can't even compare to a tiny mountain in the Medicine God Valley Sect. How dare you brag here? Aren't you afraid of blowing your trumpet?"

"What kind of place is the Medicine God Valley?" Zhu Hai searched for news about the Medicine God Valley in his mind, but there was nothing.

He was certain that there was no such place as the Medicine God Valley in the Tongxuan Realm.

“You want to know? I won’t tell you.”

“You...” Zhu Hai was angered by Little Lei’s words again and wanted to kill him. He finally reacted. The current situation was disadvantageous to him. The puppet Gu had been taken out, and he had no bargaining chip now...

Xue Fanxin was treating Xue Batian earlier. Although she had used a needle technique to kill the worm, Xue Batian was in a bad state. He was in a coma. She had spent a lot of effort to stabilize his condition.

After finishing the most important thing, it was time to settle scores.

“Ye Yi, help me take care of Grandpa.” Xue Fanxin handed Xue Batian to Ye Yi. Then, she turned to face Zhu Hai and said with a sinister smile, “You are the deputy villa lord of the Blue Sea Villa?”

“So what if I am? If you know what’s good for you, then obediently kowtow and admit your mistake. Also, give up that little bastard’s life and your acupuncture technique. Otherwise—”

1

Before he could finish, she cut him off. “Ha... Deputy Master, right? How likely do you think you can walk out of the First Restaurant alive?”

“What do you mean?”

“Idiot, I mean you’re dead meat.” Little Lei mimicked Xue Fanxin’s smile and looked like he was waiting to see a good show.

“I am the deputy villa lord of the Blue Sea Villa. In front of so many witnesses, what can you do to me? Forget about killing me, even if you hurt me, this matter will spread to the Blue Sea Villa. At that time, you will be in even more trouble.” Zhu Hai was actually in a panic, but he still wanted to maintain his face. He kept using the signboard of the Blue Sea Villa, borrowing its prestige to scare people.

This move had been useful no matter where it was. It would be the same this time.

“Then I’ll destroy the Blue Sea Villa too,” Xue Fanxin said fearlessly. Her hatred for those bastards had already reached the extreme.

She had not provoked them, but they insisted on finding trouble with her. Even more detestable was that they had attacked her dearest grandfather. This was absolutely unforgivable.

It was not only her grandfather but also her good friend, Gu Jinyuan. He had almost been killed by the Blue Sea Villa. How could she let them off?

“Little girl, you’re really arrogant. You’re boasting shamelessly. The Blue Sea Villa has gathered the best alchemists in the Tongxuan Realm. Do you think you have the ability to destroy them? Forget about the fact that the Blue Sea Villa itself is very powerful, the experts everywhere in the Tongxuan Realm won’t allow you to do this.”

“It’s just a place to refine pills. If there are better places to provide pills, do you think the Blue Sea Villa can still be as impressive as before?”

“Hmph, where can there be a place better than the Blue Sea Villa in the Tongxuan Realm? Little girl, I think you don’t understand the Tongxuan Realm too well.”

“Is that so?” Xue Fanxin smiled. She casually took out a bottle of pills and poured them out in front of everyone. Throwing them into the crowd, she gave them out for free. “I have quite a few pills here. I guarantee they’ll be a hundred times better than yours.”

“You...” Zhu Hai was so angry that he was about to vomit blood. The people who had obtained the pills looked overjoyed as if they had obtained some treasure, making him even more anxious.

Although he had not obtained those pills, he could tell that the quality of those pills was not low. Even he could not refine them.

Where did this damned girl get so many pills?

No matter where this girl came from or how capable she was, he had to get rid of her. Not only to take revenge for his son but also for the Blue Sea Villa.

If an even better place for medicinal pills appeared in the Tongxuan Realm, their Blue Sea Villa would be in danger.

Chapter 498: Knocked Out and Taken Away

Xue Fanxin’s hatred for the Blue Sea Villa was touching the sky. Initially, she planned to settle scores with them later, but now, she no longer wanted to wait. That bastard who had poisoned her grandfather had gotten on her nerves.

Hurting her loved ones was even more detestable and deserving of death than hurting her.

If the other party was only targeting her, she might not be so angry, but she would not spare the people who hurt her family, especially her grandfather, who had doted on her since she was young. She would make them pay ten or a hundred times the price.

“The Blue Sea Villa is no longer the only place that can provide medicinal pills to the world.”

“Little girl, the Blue Sea Villa has more than a hundred alchemists, ten of whom high level. There is also a fifth-grade alchemist. In the entire Tongxuan Realm, who can compare to us? You really overestimate yourself if you want to compete with us in pills.” Even now, Zhu Hai did not think that Xue Fanxin had the ability to shake their status as the overlord of pills. At most, she was a little threat, nothing to fear.

1

But that was not important. He had to obtain that acupuncture technique and take the lives of these two little bastards.

He had to avenge his son. He would not stop until he turned these two little bastards into ashes.

“Whether I overestimated myself or not, I’m afraid you won’t be able to see it in your lifetime. You want to take revenge for your son, but how can I not want to take revenge for my grandfather? If I, Xue Fanxin, were really afraid of your Blue Sea Villa, I would have spared Xiao Muyan back then. You’re even

more hateful than him, so you're destined to have an even more tragic outcome." Xue Fanxin's anger and hatred were no less than Zhu Hai's, even stronger in fact.

She could not tolerate her family being hurt.

When Zhu Hai saw Xue Fanxin looking like she wanted to eat someone, the inexplicable panic in his heart increased. The other party was clearly a little girl who was still wet behind the ears, but he felt like a high and mighty queen was judging him and giving him the death sentence.

Why did he feel this way? It shouldn't be like that.

"Xue Fanxin, don't get too arrogant." Zhu Hai could only use sharp words to hide his panic. He was unwilling to lower himself and admit that he was afraid of a little girl.

"Aren't you arrogant? Your son started the incident today. But he's already a dead man. I won't argue with a dead man, but I really need to vent my anger on someone. Since you poisoned my grandfather, I'll give you a taste of your own medicine and turn you into a puppet." Xue Fanxin had never thought of killing Zhu Hai. She wanted to leave him for her grandfather.

"You want to cast the puppet Gu on me?" Zhu Hai said with a mocking smile, "Forget about the fact that you don't have it, but even if you do, it's useless. I'm a person who raises Gu. I've been in contact with them for decades and am not afraid of any worm. It's useless."

"Who said that we have to use the puppet Gu to turn people into puppets?"

"What do you mean?"

"It means..." Xue Fanxin left Zhu Hai hanging and said to the others, "Bring him back to the Lord's Estate. If he doesn't submit, knock him out and take him away. "

"Yes." The Night Shadow Guards responded.

How could Zhu Hai give up so easily? When the Night Shadow Guards came up, he resisted with all his might. Just as he attacked, he was knocked out by a punch.

"You..."

Chapter 499: She Would Not Compensate

Little Lei had been following Xue Fanxin's instruction and staring fixedly at Zhu Hai. Seeing that he wanted to do something, he knocked him out and resolved everything with a punch.

Zhu Hai's followers were so frightened that they retreated. They were at a loss. They wanted to run but did not dare to. They did not have the guts to fight either. They were really conflicted.

"What should we do with these people? Do you want me to slap them all to death?" Little Lei turned his attention to the followers. He was itching to fight, but Xue Fanxin said indifferently, "They're just some henchmen. It's not easy to live, so let them off."

Ye Yi said, "Your Highness, if we let these people go, they will return to the Blue Sea Villa to seek reinforcements. We can't do that."

"So many people saw what happened today. Even without these people, the news will still reach the Blue Sea Villa. Just bring this bullsh*t Deputy Master back." Xue Fanxin did not want to make things difficult for those small fry. She knew that it was not easy for these people, so she let them off. As for whether the Blue Sea Villa would do the same, that was not something she could interfere with.

Ye Yi also realized it. He left with the unconscious Zhu Hai.

Xue Fanxin departed with her people just like that. From the beginning to the end, she ignored everyone in the First Restaurant, nor did she mention compensation. The manager of the First Restaurant was depressed.

The First Restaurant had suffered heavy losses because of today's incident. Zhu Hai had been knocked out and taken away. They could not and did not dare to ask him for compensation. Initially, they wanted to turn to Xue Fanxin, but she ignored them and left.

"Manager, the losses of the First Restaurant are so serious. Who are we going to ask for compensation?" the waiter asked with a bitter expression.

"You're asking me? Who should I ask? Leave this to the higher-ups." The manager had no choice but to wait for the word from above. After all, Xue Fanxin was not someone a small manager like him could provoke.

The First Restaurant belonged to the Heavenly Treasure Trading Company. She already had a feud with them. It was good enough that they did not cause trouble for them because of Gu Jinyuan. How could they compensate them? Furthermore, she was not the only one responsible for today's incident. The Blue Sea Villa should be the one compensating. She would not do so.

"How do you plan to turn this guy into a puppet?" Little Lei could not hide his curiosity after returning. He wished he could turn Zhu Hai into a puppet right now.

"I remember that there's a pill called the Mind Control Pill. It can control a person's divine sense and turn them into a puppet, similar to the puppet Gu." Xue Fanxin tried her best to recall the pills recorded in the Myriad Spirit Record, vaguely recalling the Mind Control Pill.

If a person's divine sense was controlled, it would be even more terrifying than being poisoned by the puppet Gu because their thoughts would also be controlled.

However, the materials for the Mind Control Pill were a little difficult to find, so she could not refine it for now.

"Ye Yi, I have something for you to do."

"Your Highness, please instruct me."

"Go and buy all the spirit herbs in Heavenly Saints City. The more the better. If necessary, you can look for the four great clans to help. Buy all the spirit herbs in their shops. Don't let go of the Heavenly Treasure Trading Company either. I want all the spirit herbs in a hundred-mile radius of Heavenly Saints City."

“Yes.” Ye Yi did not ask Xue Fanxin why she wanted to buy so many spirit herbs. He just had to listen to orders.

Chapter 500: Realization

At that moment, Ye Jiushang happened to return and heard everything clearly. He did not understand what his little consort was doing. “Xin’er, why do you want so many spirit herbs? The number of spirit herbs within a hundred kilometers of Heavenly Saints City is not small. I’m afraid it will take half a lord’s estate to accommodate them.”

“To destroy the Blue Sea Villa.”

With just that one sentence, he understood everything. “You plan to use pills to destroy the Blue Sea Villa. This is a huge project. Just refining pills can tire you to death. Why must you do this? If you want to take down the Blue Sea Villa, I’ll destroy it for you.”

“No, no, no. The effects of that will be greatly reduced. It’s very easy to end up with the crime of bullying the weak and killing the innocent. Those so-called righteous people will come to suppress us. If there are fewer people, we can still deal with them. But if there are more, no matter how strong we are, it’s difficult to defeat four people with two fists, not to mention there are schemes and whatnot. It’s easy to dodge a spear in the open, but it’s hard to defend against a hidden arrow. Small fry can also do great things, so we can’t rely on our fists to resolve the problem. We have to use the most effective and correct method. Only when there’s really no other way can we consider using force.”

She did not want to become a villain condemned by the entire Tongxuan Realm, nor did she want a bad reputation.

Ye Jiushang came to a realization.

Before this, no matter what happened, the first thing he thought of was to resolve it with force. Then, he would consider using schemes. In his opinion, anything that could be resolved with force was not a problem. The method was simple and effective.

But now, he finally understood the true meaning of the most effective and correct method.

Martial strength could indeed resolve the problem, but it would leave hidden dangers. As for what kind of hidden danger, even he could not make a guess.

“Xin’er, thank you.”

“Why are you thanking me?” Xue Fanxin asked in confusion.

“Thank you for letting me know that small fry can also do great things.”

“What do you mean?”

Ye Jiushang did not explain himself. He rubbed her head and said gently, “Since you already have a way to deal with the Blue Sea Villa, I won’t interfere in this matter. I’ll let you handle it yourself.”

“No problem. Leave the Blue Sea Villa to me. How’s your matter going?”

“In progress.”

A day had already passed, but the Heavenly Saints Emperor had yet to summon the Ghost King. He had been hiding in his chamber and did not even go to the morning court assembly. It seemed like he had not made a decision.

Nevertheless, in one more day, he would resolve the matter with the Ghost King. Then, he would help Xin'er settle other things so that they could leave.

However, he did not know that the Heavenly Saints Emperor had long made a decision. He was only waiting for news now. He locked himself in his bedroom and did not see anyone, not even going to the morning court assembly.

That person had said that he could help him destroy the entire Ninth Lord's Estate in five days, but Ye Jiushang had only given him two days...

He hoped that person could get it done before sunset tomorrow. In that case, everyone would be happy.
