Chapter 511: No Need to Serve

Ye Jiushang was too tired. He lay down beside Xue Fanxin and fell asleep not long after, sleeping for an entire day. When he woke up, in another two hours, the sky lit up.

He looked at the girl who was still sleeping beside him. Seeing her cute sleeping posture, he could not help but kiss her cherry-like lips. He then traced her facial features with his slender fingers. Finally, he stood up reluctantly and left. He instructed the people outside the room not to disturb her.

Ruying and Suixing recovered after resting for most of the day. They were waiting for him in the study. When they saw him approach, they immediately tensed up. Especially Ruying, his heart was in his throat. He was afraid that Ye Jiushang would settle scores with him early.

Although Xue Fanxin was fine, it was a fact that he had defied his master's orders.

The first rule of the Nine Cloud Palace: No matter when or where, you must listen to the orders of the higher-ups.

He hoped that his master would not punish him for the sake of his loyalty and devotion over the years. Even if he had to be punished, he should not suffer too much...

While Ruying was on tenterhooks, Ye Jiushang walked into the study and occupied the main seat. He did not speak immediately. Instead, he stared at the duo expressionlessly.

Suixing knew that Ruying had made a mistake and angered their master. He had no choice but to muster up the courage to break the ice. "Master, the Asura Warriors yesterday are related to the Heavenly Saints Emperor. I have already investigated. He used the Asura Black Badge and summoned the so-called Asura Envoy. His request was to not leave a single person alive in the Ninth Lord's Estate."

Ye Jiushang was still staring at Ruying. Everyone could sense the bone-piercing coldness in his body. Ruying was so frightened that he did not even dare to move. His heart was clenched tightly, and his entire body was covered in a cold sweat.

"In the future, you will be in charge of the matters in the Desolate Region. In two days, you can set off." Ye Jiushang finally spoke, but his first sentence was to give Ruying a new mission.

Ruying's face turned ashen. He was unwilling to take this mission, but he knew better what the outcome of disobeying orders was, so he had to accept it. "Yes."

Not only were there very few people in the Desolate Region, but it was also filled with danger. Every day, they had to face a pile of yellow soil, and it was difficult to even see a green leaf. Going to such a place was a serious punishment.

His master was really powerful. He had punished him so silently.

Ye Jiushang did not care how miserable Ruying was. After assigning him the mission, he ignored him. Instead, he said to Suixing, "Suixing, you're in charge of the Asura Hall. I want to investigate it completely."

"Yes."

Neither Ruying nor Suixing dared to disobey. They could only listen to his orders.

Zhuri knocked on the door and entered to report, "Your Highness, the Ghost King requests to see you."

"Bring him to the side courtyard. There's no need to serve him. I'll come over in a bit."

"Yes." Zhuri left. During this time, he did not dare to look around and speak nonsense. No matter how curious he was about Ruying and Suixing, he did not ask anything, minding his business.

However, by sending the Ghost King to the side courtyard and not serving him, he wondered if the Ghost King would kill him in a rage.

Chapter 512: An Exception

A cold man in a black brocade robe walked into the courtyard with Zhuri. The displeasure on his face grew stronger and stronger, and his brows furrowed even more tightly.

What did Ye Jiushang mean? He was actually receiving him in such a remote and simple courtyard. Was he trying to humiliate him in another way?

1

Forget it. He had come today to find out the so-called truth back then. As for the rest, he would deal with Ye Jiushang in the future.

1

Zhuri was nervous the whole way. He was afraid that the Ghost King would flare up and kill him. He only heaved a sigh of relief when the Ghost King sat on a stone stool in the courtyard without saying a word.

"When will Ye Jiushang come?" The Ghost King ignored the reception. He only wanted to see Ye Jiushang and learn the truth.

"His Highness will be here soon." Just as Zhuri finished speaking, Ye Jiushang appeared out of thin air in the courtyard. He gestured for Zhuri to leave.

The Ghost King remained unfazed by his abrupt arrival like he was used to it. He went straight to the point and asked, "What is the truth that you mentioned in your letter? If you are only teasing me, I'll definitely make you regret it."

Ye Jiushang smiled coldly and said, "If not for the deal I made with Consort Qi, you would have already been a dead man."

"What deal did Mother make with you?"

“That’s not important. What’s important is her true cause of death. After so many years, haven’t you found any clues? If that’s really the case, then it can only mean that you’re too useless.”

“Ye Jiushang, stop mocking me. You...” The Ghost King wanted to say something, but a purple shadow suddenly flashed in front of him. Before he could see what was going on, his life was already in someone’s hands.

Ye Jiushang teleported in front of the Ghost King and grabbed his neck, taking control of his life. He said coldly, “As long as I exert a little more force, your life will be gone. Do you still think I’m mocking you?”

“You...” The Ghost King was shocked. Only at this moment did he recognize Ye Jiushang’s true strength and realize how great the difference between them was.

He thought that he was very strong. In fact, he was indeed strong. Not only that, but his techniques were mysterious. That was why he dared to challenge Ye Jiushang.

All along, he thought he could fight against Ye Jiushang. Even if there was a difference between them, it would not be too much. Furthermore, he had dealt with Ye Jiushang in secret for so many years and was still safe and sound. It made him assume that he had the ability to deal with Ye Jiushang. However, only now did he realize how huge the difference between them was. They were people of different levels.

“I won’t kill you, so you don’t have to be so nervous.” Ye Jiushang let go of the Ghost King’s neck. “Consort Qi used all her strength to protect your life. Before she died, she even begged me to protect you. If she had not taken out something that tempted me, I would not have let you live until now, nor would I have secretly ensured your safety.”

“What did you say?” The Ghost King was shocked again. He looked at Ye Jiushang with wide eyes, his mind a mess.

Ye Jiushang sat down calmly. He picked up a withered leaf on the stone table and played with it. “If you want to know about Consort Qi, then sit down and listen. I have never wasted time on an unimportant person. Today, I will make an exception and talk nonsense with you.”

Chapter 513: Shi Clan

As the Ghost King was too confused and because he really wanted to know about Consort Qi, he did as Ye Jiushang said, trying his best to behave.

Actually, this was the first time he had come into close contact with Ye Jiushang. Although he had been secretly fighting with him all these years, he had never sat down and spoken to him face to face.

He had thought that he knew Ye Jiushang quite well. Only now did he realize that he was wrong.

But the main point today was his mother.

“How much do you know about Mother?”

Ye Jiushang said straightforwardly, “Consort Qi belonged to the Shi Clan. She betrayed her family for a man, so she was banished.”

“The Shi Clan?” The Ghost King had never heard of the Shi Clan, but he did not doubt Ye Jiushang. At this moment, he had an inexplicable trust in this person he had hated for years.

This trust made him feel ridiculous, but he had to accept the truth.

Ye Jiushang did not care what the Ghost King was thinking. He only wanted to finish the matter as soon as possible. “The Shi Clan is a clan of Star Diviners. Many people in the family can light up their Fated Star and become a Star Diviner before they are 18. You can investigate it yourself in the future. I don’t want to waste time and energy teaching you about Star Diviners. Consort Qi lit up her Fated Star at the age of ten and was a rare genius of the Shi Clan. Any family will vigorously nurture geniuses, so you should know what kind of status she had in the Shi Clan.”

“Mother has never said anything about this.”

“She was expelled from the Shi Clan, so how could she mention the past to you? The reason I told you this is to let you know that your mother was not an ordinary person and her cultivation level was not low. A small Cold Palace couldn’t take her life. Furthermore, she was a powerful Star Diviner herself. She could predict her own fortune.”

“Then why did she die in the Cold Palace? The imperial physician said that Mother died of illness.” The Ghost King became agitated. He wanted to tell himself not to trust Ye Jiushang too much, but for some reason, he believed him.

“It’s not difficult to show that a person’s cause of death is an illness. As long as one knows a little about medicine, they can do it. After so many years, you haven’t even found out the cause of Consort Qi’s death. I’m very disappointed in you. In the beginning, I thought you had the ability to avenge Consort Qi, but in the end... I won’t waste my breath. Let me tell you that the cause of Consort Qi’s death was her Life Spirit being forcefully stolen.”

“What do you mean by seizing the Life Spirit?”

“The Life Spirit of a Star Diviner is closely related to the Fated Star. Only with it can one use the Fated Star to cast the Star Diviner.”

“I still don’t understand.”

“If you don’t understand, go and investigate yourself. If you can’t even do this, then you’d best know less. Forget it. I don’t want to waste any more time, so I’ll just tell you. Consort Qi’s soul was taken by the Heavenly Saints Emperor. If I’m not wrong, the Heavenly Saints Emperor exchanged it for an Asura Black Badge from the Asura Hall.”

1

Initially, he was not very sure about this matter, nor did he even know about it. Until the appearance of the Asura Warriors and the Asura Black Badge that the Heavenly Saint Emperor took out... He linked it with Consort Qi and quickly connected the dots.

It was impossible for the Heavenly Saints Emperor to obtain the Asura Black Badge for no reason. The only thing that could give him a chance to come into contact with the Asura Hall was Consort Qi.

The Asura Hall had long been searching for the Life Spirit of a Star Diviner. In the early years, they had even cruelly assassinated many members of the Shi Clan and forcefully snatched their Life Spirits.

1

Although Consort Qi had been expelled, she was still a Star Diviner. It would be strange if such a person was not targeted by the Asura Hall.

Chapter 514: Be Careful

Although Ye Jiushang had said a lot, the Ghost King was getting more and more confused. His mind was in a mess, and he could not clear the fog. He felt that everything was in a tangled web.

1

His mother was from the Shi Clan...

His mother was a Star Diviner...

His mother's Life Spirit had been taken away by his father...

His mother's soul had been exchanged for an Asura Black Badge by his father...

In other words, his mother had been killed by his father...

The Ghost King finally sorted his thoughts and obtained an outcome. The result shocked him and was difficult to accept.

If he were in an ordinary family, he would definitely have serious doubts. However, he knew very well how heartless the imperial family was. A woman of the imperial family could be sacrificed for profits at any time. Therefore, he did not doubt the authenticity of this matter. He did not even have to do any verification to believe such a thing.

Ye Jiushang did not care how much the Ghost King could understand and explained his intentions, "I'll leave this place soon. I need to resolve all the matters here. The assassins yesterday were the work of your good father. The Asura Black Badge that was exchanged with your mother's life was used by your father to deal with me. Before I leave, I'll definitely give him a huge gift."

"What do you want? Do you want his life?" the Ghost King asked coldly, not caring about the Heavenly Saints Emperor.

Even if he did not know the truth about his mother's death, he did not care too much about his father.

How could he care about a heartless father?

He did not care in the past, and he did not care now. He wished he could die.

"With you around, I believe that he will definitely wish he was dead."

"Is this why you told me the truth? To get someone else to do your dirty work?"

“Yes.” Ye Jiushang did not deny it. He stood up and turned his back to the Ghost King. “You were born from Consort Qi. Half of her bloodline flows in your body. It’s very likely that you will inherit her talent. Therefore... you have to be careful. Don’t be like your mother and have your Life Spirit snatched away.”

“What do you mean?” The Ghost King wanted to ask more, but there was no one in front of him. He did not even know how Ye Jiushang had left. His heart was chaotic.

He did not doubt a single word Ye Jiushang said. He inexplicably believed him. Was there a need to lie to a person who dared to directly admit to using others to kill him?

“Mother, I will take revenge for you. No matter who killed you, even if it’s Father, I’ll not let him off.”

The Ghost King left with overflowing hatred and killing intent.

Before long, Ye Jiushang received the news that the Ghost King had led people into the palace. He was quite satisfied with this outcome.

If the Heavenly Saints Emperor dared to have ill intentions toward him, he would have to pay a heavy price.

“Xin’er, do you want the Heavenly Saints Emperor dead or alive?” After Ye Jiushang finished chatting with the Ghost King, he returned to Xue Fanxin and spoke to the sleeping person. His gentle smile carried a chill that made people’s blood run cold.

Xue Fanxin could not hear anything, but her consciousness was in a strange state. She seemed to be sleeping, but she was also awake. She floated in a golden palace as if she was in a dream.

A red flower suddenly flew over as if it had forcefully barged into this world and was being rejected.

This flower was the spider lily that lived in Xue Fanxin’s consciousness.

The spider lily was repelled by a powerful force. Helpless, it released a thought to Xue Fanxin as if it was asking her for help.

Chapter 515: Golden Phoenix

When Xue Fanxin received the spider lily’s call for help, she did not immediately respond. Instead, she looked at it inexplicably.

Even she did not know what was going on, so how could she help it? Furthermore, she herself needed help. She was still blurry and confused. In an unfamiliar place, she was a little panicked. She was wary of people and things that she did not completely trust; even this flower was no exception.

The spider lily was quickly driven out of this mysterious place by the powerful repulsive force.

Xue Fanxin was not moved at all, not even feeling anything. In her opinion, those were things that had nothing to do with her. There was no need for her to care too much. The most important thing now was to figure out where she was.

She remembered that she had been dealing with the Asura Warriors. As she had consumed too much energy, she had probably fainted from exhaustion. The outcome of that battle should not be bad.

But why had she come here?

What was this place?

While Xue Fanxin was confused, many golden lights appeared in front of her. They slowly gathered together and formed a huge golden phoenix.

The golden phoenix spread its wings and flew in front of Xue Fanxin as if it was examining her or as if it was getting to know her. It was like two strangers had met on a road and were getting to know each other.

“You are...” Xue Fanxin looked at the golden phoenix curiously. Just as she opened her mouth, the golden phoenix flew towards her. It was extremely fast, and she had no time to dodge. She could only let the golden phoenix pounce on her body.

Getting knocked by such a huge phoenix would definitely be tragic.

Just as Xue Fanxin was prepared to be sent flying or knocked down, her thoughts did not come true. Instead, the golden phoenix turned into a golden light that circled around her and slowly entered her body.

The golden light was that golden phoenix. Didn't that mean that the golden phoenix had entered her body?

But her body did not have a golden phoenix.

Xue Fanxin suddenly noticed that the Reverse Spirit Heaven Wheel in her body was emitting golden light. A lively golden phoenix was carved on it. It seemed as if it could become alive at any moment and fly out of the Reverse Spirit Heaven Wheel.

This carved phoenix was exactly the same as the golden phoenix from before. The only difference was their sizes. One was large while the other was small.

“Is it the same golden phoenix from just now?” Xue Fanxin had a feeling that the huge golden phoenix must be related to the Reverse Spirit Heaven Wheel.

She wanted to continue studying the Reverse Spirit Heaven Wheel, but a restless aura affected her thoughts, making it impossible for her to calm down. She might as well not study it. With a thought, she returned to her consciousness and saw that the spider lily was emitting intense red light. It was a little hot and uncomfortable when it shone on her body.

1

Was the restless aura caused by this spider lily?

Chapter 516: Make Her Angry

When the spider lily saw Xue Fanxin, the irritable aura decreased a little. Nevertheless, it was obvious that it was agitated as if it was expressing its dissatisfaction.

Xue Fanxin could roughly guess what was going on. This spider lily was most likely angry because it had been expelled from that mysterious place. But she found it ridiculous. What right did a flower living in her sea of consciousness have to be angry?

“Do you feel displeased? I want to know what that’s about. Why are you throwing your temper? Although I sympathize with your plight, it doesn’t mean that I have to do anything for you. There are countless people in this world who are more pitiful than you and are more worthy of my sympathy. You’re already much stronger than the others to have such an outcome. Don’t be dissatisfied and greedy, or you’ll get lost.”

If she was right, there should be something in that mysterious place that the spider lily wanted. However, that place strongly rejected it and did not allow it to stay there, so it was pushed out.

Ignoring what was in that mysterious place, just the fact that this spider lily had barged in without her permission was enough to make her angry.

That place should be the secret place of the Reverse Spirit Heaven Wheel. She was the owner of the Reverse Spirit Heaven Wheel, which meant that she had the right to decide who to let in.

After the spider lily was reprimanded by Xue Fanxin, the red light on its body was no longer so intense and hot. It slowly regained its calm and gently waved its petals as if apologizing.

With a sigh, Xue Fanxin softened her tone. “As long as you behave yourself and don’t get on my nerves, let alone have ill intentions, I’ll definitely do my best to help you in the future.”

The spider lily shook its petals again like it was expressing its gratitude.

“I’m not strong enough now. I can’t protect myself, so it’s very difficult for me to care about you. Wait patiently. When I’m stronger, I’ll think of a way to help you,” Xue Fanxin said to the spider lily and retreated from her sea of consciousness.

After interacting with the spider lily this time, she had a bad feeling.

Her master had asked her to keep this flower, so there shouldn’t be too much of a problem. Perhaps she was thinking too much.

1

Xue Fanxin put away those messy thoughts. After coming out of her sea of consciousness, her soul returned to her body. Her five senses quickly connected to the outside world. She could now clearly sense the situation in the entire Ninth Lord’s Estate. As long as she was willing, she could even hear the private whispers of the people on the estate.

Her hearing, vision, smell, and sense of touch seemed to be dozens of times stronger than before.

What was going on?

With all kinds of doubts, Xue Fanxin carefully checked her body. She realized that her meridians had more than doubled in size. The spirit energy in her dantian was incomparably abundant, and there were faint signs of a breakthrough.

Could it be that she was about to advance?

Looking at the signs, it was most likely so.

This advancement speed was really extraordinary. She had just stepped into the Spirit Transformation Realm a few days ago. If she advanced again, wouldn't she have reached the Spirit Master Realm?

At this rate, she believed that it would not be long before she reached the Mystic Spirit Realm.

1

She would be able to close the distance between her and Ah Jiu soon. At that time, she could stand by his side and fight alongside him.

Chapter 517: A Cute Pig

Xue Fanxin realized that her senses were dozens of times stronger than before. She was thrilled. She felt the person beside her. Opening her eyes, she did not move her body, laying there quietly instead. Then, she turned her head gently. The more she watched him, the more she felt that he looked good.

Her Ah Jiu was really handsome. He was simply too charming!

His skin was so soft, exquisite, fair, smooth, and clean. It must be very comfortable to touch...

As Xue Fanxin watched, she could not help but start touching him. She first rubbed his hair, then became bolder. Tracing his handsome face, she stroked his eyes, nose, and mouth. She became addicted to touching him.

While she was immersed in her thoughts, Ye Jiushang suddenly said, "Are you satisfied?"

"Ah Jiu, you frightened me," Xue Fanxin said guiltily, but she quickly adapted. She did not reject being intimate with Ye Jiushang, nor did she think that there was anything wrong with the two of them lying on the same bed. Even though she was startled, she didn't move. She stared straight at him and saw the smug and mysterious smile on his face. The more she looked, the more fascinated she became.

Ye Jiushang also retained the same posture. The two of them stared at each other and heard each other's breathing.

"Did my consort do something wrong that frightened her?" Ye Jiushang teased. He liked to see a certain little woman blush cutely.

"You're the one who did something wrong!"

"Since my beloved consort didn't do anything wrong, why would she be frightened?"

"You suddenly spoke. It's normal for me to be startled, okay?"

“Is that so?”

“Yes.”

“Alright, alright. Being touched by my beloved consort is indeed not a bad thing.” Ye Jiushang pinched her nose.

Xue Fanxin wanted to take his hand away, but she was pushed down by a certain lord. “Ah Jiu, what are you doing?”

Ye Jiushang turned over and pressed her down. Raising her chin with his hand, he smiled evilly. “I want to do something bad.”

“Be careful not to be struck by lightning if you do anything bad.” Xue Fanxin was not afraid of anything because she believed that he would not do anything overboard to her. The two of them flirted just like that.

“To be able to do bad things to my beloved consort, I’m willing to be struck by lightning.”

“You’re so annoying.”

“Women don’t mean what they say.”

“I’m not talking to you anymore. Get up already. I can’t breathe from the pressure.” Xue Fanxin was a little nervous and panicked. She was afraid that Ye Jiushang would not be able to control himself, so she gently pushed him away.

Ye Jiushang was indeed having a hard time. He had no choice but to bear with all kinds of impulses and get up. He lay on his side like before. “Xin’er, I’ll definitely fatten you up and start eating you up soon.”

“Do you think I’m a pig?”

“If you were a pig, you would be a cute pig.”

“You’re the pig. Your entire family is pigs.”

“My entire family includes you.”

“You... I’m not talking to you anymore. I’m so hungry. I’m going to eat.”

A certain lord’s eloquence was top-notch. He either didn’t speak or when he did, he could kill people with his words.

Ye Jiushang did not stop her. He stood by the side and gazed at her quietly. Suddenly, he sensed that something was wrong with her aura and asked solemnly, “Xin’er, what happened when you were unconscious?”

Chapter 518: Grudges

Xue Fanxin did not hide anything from Ye Jiushang. She told him everything that had happened when she was unconscious, including the golden phoenix and the spider lily.

When it came to the golden phoenix, Ye Jiushang was shocked and happy. But as soon as the spider lily was mentioned, he revealed a furious and worried expression. His face was quite ugly and terrifying, and his body emitted terrifying killing intent.

He knew that the spider lily was a hidden danger.

“Xin’er, be careful about that flower. Don’t let it enter your Realm of Intent anymore, and don’t let it pry into your secrets.”

“What is the Realm of Intent? Is it the mysterious place where the gold phoenix is produced?” Xue Fanxin asked in confusion. She only wanted to figure out where that mysterious place was.

Ye Jiushang nodded. “Yes. The Realm of Intent is even higher than the Realm of Oblivion. A certain talent of yours can only be triggered under special conditions through a person’s consciousness. After entering the Realm of Intent, you can activate your talent and power even faster. You can even awaken your bloodline power. The Realm of Intent is incomparably precious and important to cultivators. If the power inside is destroyed or forcefully taken away, your talent power will greatly weaken. It’s very likely that it will be taken away.”

He had never expected Xin’er to be able to open her Realm of Intent at the Spirit Transformation Realm. Many people could not open that place in their entire lives. Only those with extraordinary talent, strength, and comprehension ability could do it.

If one had a conscience, they would never barge into others’ Realm of Intent. Only greedy and scheming people would resort to such tactics.

1

Not only had the spider lily overstepped her bounds, but when it was thrown out, it actually wanted Xin’er, who knew nothing, to help it... With such an obvious intention, he would never believe that it was not greedy.

If not for Xin’er’s master’s intentions, he would not have let this spider lily reside in her sea of consciousness. Now that this spider lily had revealed its greed, even if her master did not agree, he would do his best to take it out.

When Xue Fanxin understood the importance of the Realm of Intent, she already had a grudge against the spider lily. It must have known that that place was her Realm of Intent. Yet, the spider lily went inside and even tried to use her ignorance to win her help... What was it after?

The Realm of Intent concerned her talent and strength. What the spider lily wanted was already quite obvious. It coveted her talent and strength... It was too terrifying. Fortunately, she had not foolishly let the spider lily stay back then, or the consequences would have been disastrous.

“Ah Jiu, could that flower really have ill intentions?”

She believed that her master would not harm her, but if this spider lily really had designs on her and wanted to snatch her talent, possess her power, or even seize her body, then things would be terrifying.

1

Previously, she did not know about the Realm of Intent, so she was only a little angry at the spider lily. But now, she also felt panic and unease.

If only her master was here, she could ask him clearly. However, she didn't even know where he was. Finding him was even more difficult than ascending to the heavens.

Chapter 519: Divine Sense Chain

Ye Jiushang was not like Xue Fanxin, who placed her hopes on an unreliable master. This matter was too important. He only believed in himself. He would only be at ease if he dealt with it personally.

1

"Xin'er, come here."

"What are you doing?" Although Xue Fanxin was asking, she had already walked over and stood in front of him.

"Relax, don't resist," Ye Jiushang said. He placed his right index and middle fingers on her forehead and activated his power. A mysterious purple light flowed out of his fingers.

After the purple light entered Xue Fanxin's forehead, it went to her sea of consciousness without any hindrance. It turned into a small purple chain and locked the spider lily, wrapping around it circle by circle and trapping it in a spherical chain cage.

The spider lily tried to break free and resist, but its strength was insufficient. Soon, it was trapped in the cage and could only move in this small place.

"A pitiful person must also have a hateful side." Ye Jiushang said to the spider lily before leaving. He no longer had any sympathy for the spider lily, only hatred.

No matter how pitiful this person was, he would hate anyone who wanted to hurt Xin'er.

The spider lily could sense Ye Jiushang's disgust and hatred. There was even killing intent. It was so scared that its entire body trembled, and its petals retracted. What had originally been a blooming flower had now become a bud.

Ye Jiushang was not interested in the spider lily's changes. After withdrawing his divine sense, his heart calmed down a little. He smiled slightly and used his finger to touch Xue Fanxin's forehead. "Silly girl, you're looking at me in a daze again?"

Xue Fanxin only felt something enter her mind. Since Ye Jiushang told her not to resist, she put down all her defenses, quietly waiting for the result. She saw a purple chain appear in her sea of consciousness and trap the spider lily. Then, she came to her senses and stared ahead in a daze. She only snapped back when he flicked her forehead.

"Ah Jiu, what's that small purple chain?"

"That is formed by a wisp of my divine sense. It will help you look after that spider lily in the future. If it has any ill intentions, I will immediately sense it."

Not only could he sense it immediately, but he could also destroy the flower.

Doing this would hurt Xin'er, but this damage was nothing compared to letting the spider lily wantonly snatch her strength and talent.

This was the only way to control the spider lily.

"I feel that this spider lily is not quite like the Luo Huaying in the story we saw," Xue Fanxin said in confusion, having a strange feeling in her heart.

The Luo Huaying in the story was so innocent, pure, and kind, unlike a greedy person.

1

"People change, especially after encountering a major event or being strongly stimulated. Their temperament will more or less change. There are very few people who can maintain their original intentions."

That Luo Huaying had suffered such a huge punishment when she was alive and was trapped in a flower after she died. How could she retain her original nature?

This person had to be guarded against and destroyed when necessary.

Chapter 520: Too Naive

Xue Fanxin took a few more looks at the spider lily trapped by the divine sense chain. She did not think that there was anything wrong with Ye Jiushang's actions. She did not have much sympathy for the spider lily, and the way she looked at it was much colder than before.

However, she still felt that something was wrong with this spider lily.

1

"Alright, you can ignore it for the time being. When you begin to cultivate the power of your divine sense, you can control your sea of consciousness and drive it out." Ye Jiushang was a little relieved. This was because he could constantly monitor the movements of the spider lily. As long as it did something strange, he would immediately notice it.

A person's sea of consciousness could only be controlled by themselves. Xin'er had not started cultivating the power of divine sense and did not understand the control of the sea of consciousness at all. She did not know how to exclude the spider lily.

If he forced the spider lily out now, Xin'er's sea of consciousness would be injured if he was not careful.

The damage to the sea of consciousness was a serious matter. It was harder to recover than any internal or external injuries. Unless he had no choice, he would not do this.

"Then when can I cultivate my divine sense?" Xue Fanxin asked anxiously.

“Your cultivation level is still too low. You haven’t even built a good foundation, so how can you cultivate the power of the divine sense? When you step into the Mystic Spirit Realm, I’ll teach you how to cultivate the divine sense.”

“The Mystic Spirit Realm again?”

It seemed that the Mystic Spirit Realm was an important mark.

“Alright, let’s talk about the future in the future. Aren’t you hungry? Go eat first. Later...” Before Ye Jiushang could finish speaking, a commotion suddenly sounded from outside the courtyard.

A few high-ranking officials of the Imperial Court brought their followers and barged into the Ninth Lord’s Estate. They used all means to ask to see Ye Jiushang, even if they had to fight with the guards.

“Get the Ninth Imperial Uncle to come out and meet us. Just one meeting will do. The Ghost King is on a massacre in the palace. Only the Ninth Imperial Uncle can deal with him.”

“His Highness is resting. No one is to disturb him. It’s best for you to leave. Otherwise, don’t blame me for being impolite.” Zhuri used all means to stop these first-rank officials of the Imperial Court, but he did not dare to really attack them. In the end, they caused a ruckus in the courtyard.

A little further ahead was where Ye Jiushang was resting. If these people still did not leave and the Lord did not have any other instructions, he could only throw them out.

The butler was pacing anxiously outside the room, hesitating if he should knock on the door and report this matter.

The Lord had previously instructed that no matter what, no one was to disturb the consort’s rest.
