

## Physicist 621

### Chapter 621: Addicted

Xue Fanxin found it novel and exciting. She condensed another spirit butterfly to send a message.

Ye Jiushang had returned to the bamboo forest. He took his time getting to the courtyard. Soon, he noticed the spirit butterfly fly over and listened to the message: Ah Jiu, I've advanced to the Spirit Master Realm. Can you take me out to celebrate?

As Xue Fanxin's cultivation level was too low, the spirit butterfly dissipated after sending the message. This time, it had sent a little too much information, so it barely did the job. Any more information and it would probably have failed.

"This silly girl is getting hooked!" Ye Jiushang did not find it childish but rather interesting. He replied to her, "Alright, I'll take you out to play today."

Xue Fanxin was playing with the first butterfly. She found it beautiful and could not get tired of looking at it. After a while, another one flew over. Hearing the message, she got excited and jumped up in joy.

"Oh yay, long live..."

Mother Ruan and Liu Qing had some understanding of Xue Fanxin's lively personality. They also knew that the two butterflies were extraordinary. They did not think that it was strange for her to cheer and jump, nor would they ask too much. They just had to do their own thing.

"Should I send another one to Ah Jiu?" Xue Fanxin was about to condense a spirit butterfly, but halfway through, she was interrupted by a voice. "What message do you want to send to me? Just say it. There's no need to use the spirit butterfly."

Xue Fanxin was happy to hear his voice. Ignoring the others, she pounced into his arms and wrapped her arms around his neck. "Ah Jiu, I learned how to use the spirit butterfly to send messages."

Ye Jiushang pinched her neck and said dotingly, "Yes, yes, yes. My little consort is the most powerful. You actually comprehended the Heavenly Spirit Butterfly Dance in such a short time. I thought you would take more than a year!"

"You're praising me too much."

"Not many people can do it. Some people can't even comprehend it in their entire lives."

"Is this that difficult?" Xue Fanxin did not think that the spirit butterfly's communication was that difficult. She easily grasped it.

"This move looks simple, but it's actually very complicated. Firstly, you have to condense a spirit butterfly with spirituality. Even if it's someone with extremely good talent and comprehension, they can only condense a spirit butterfly with attack or defense. It has almost no spirituality and can't transmit information. Secondly, it has to have enough spirit energy to support it. Otherwise, it will dissipate before long. There are other small details... In short, the spirit butterfly communication move is not simple."

“Now that you mention it, I think it’s quite complicated too.”

“So what if it’s complicated? You still comprehended it.”

“Hehe! Ah Jiu, you just said that we’ll go out today. Are we leaving now?”

“Let’s go. I’ll show you around.” When Ye Jiushang saw Xue Fanxin’s impatient expression, he shook his head helplessly, his eyes filled with doting.

Actually, it was not bad to have someone to dote on.

#### Chapter 622 Purple Cloud Treasure Tower (1)

As the capital of the Tongxuan Continent, the city was naturally the most prosperous and magnificent.

Xue Fanxin did not exactly know how large Imperial City was. She only knew that it was unimaginably huge. Although it was called a city, it was actually equivalent to a small country. It was a prosperous place with hidden dragons and crouching tigers. It was said that it would take five days and five nights to walk from the east to the west.

But Xue Fanxin did not care. She was only concerned about the people and things around her. If she was unhappy here, it did not matter how big or prosperous Imperial City was.

“Ah Jiu, Imperial City is so big. Where should we go first?” The moment Xue Fanxin left the Lord’s Estate, she was like a little bird that had been released. She skipped on the spacious and clean streets and looked at the tall buildings and shops on both sides. She really wanted to go in and tour the places one by one.

“I’ll take you somewhere first. You can take your time to tour the other places in the future. Imperial City is very large. You can’t see it all in a day or two. Furthermore, it’s divided into the inner city, the outer city, and a mysterious underground city. The waters run deep here. I’ll leave it for you to explore in the future.”

Xue Fanxin started to develop an interest in Imperial City.

This place must have a long history with many strange people and things. If she had time, she would slowly explore it. Perhaps she could find a treasure!

“Where are you taking me?”

“You’ll know when we get there.” Ye Jiushang smiled mysteriously.

Xue Fanxin shrugged and followed closely. She realized that the people on the streets were a little strange and felt that something was amiss.

With Ah Jiu’s excellence, he would be the center of attention no matter where he went. Especially in crowded places, the number of heads turning would definitely be 100%.

But there were so many people coming and going on the streets. Why didn’t they even look at him?

It seemed that in the eyes of these people, Ah Jiu was an ordinary person not worthy of their attention.

How could Ah Jiu be ordinary? He was like the most dazzling star in the sky, the brightest pearl. No matter where he went, he would attract countless gazes. Otherwise, so many women wouldn't be infatuated with him.

"Ah Jiu, why are these people so strange?" Xue Fanxin was really curious.

"They are too weak. I used a little trick, so they can't see my face clearly. There's nothing strange about that." Ye Jiushang walked on the streets as if nothing had happened. He did not feel anything about the people passing by and did not even look at them.

"Then why didn't you use it in the Heavenly Saints Empire? If Su Baifeng hadn't seen your charming face, she might have long married the Ghost King. How could she have loved you so much?"

"How do you know that I didn't use it when I was in the Heavenly Saints Empire? When Su Baifeng was engaged to the Ghost King, she didn't even know what I looked like. It was only an accident that she saw my true appearance."

If not for that accident, Su Baifeng would very likely have become the Ghost King's consort now. After all, when the Heavenly Saints Emperor bestowed the marriage, she did not express any rejection. It could be seen that she did not have any objection to marrying the Ghost King.

But so what?

As long as he was willing, not to mention Su Baifeng, even destroying the Ten Thousand Flower Sect would be easy.

Destroying the Ten Thousand Flower Sect seemed to be a good idea.

Chapter 623 Purple Cloud Treasure Tower (2)

Xue Fanxin did not ask about Su Baifeng. She knew that she would not be able to jump around for long. After coming to Imperial City, she had a deeper understanding of Ah Jiu's strength.

It was not difficult to kill Su Baifeng. She did not have to worry about her at all.

The most important thing now was to improve her strength. She could just let nature take its course for the rest.

"Purple Cloud Tower." Xue Fanxin saw Ye Jiushang stop in front of a five-story building. She looked up and read the signboard. Then, she asked, "Ah Jiu, is this the place you wanted to take me to?"

"Yes, go in." Ye Jiushang nodded and led Xue Fanxin to the door of the Purple Cloud Tower.

Just as they were about to enter, they were driven away by the people behind them.

"The two of you, move aside. Don't block my miss's path," an arrogant maidservant yelled, telling them to get out of their path.

Then, a woman in a gorgeous brocade robe elegantly walked toward the door. Her subordinates had opened a path for her. The woman seemed to be used to such things.

If Xue Fanxin and Ye Jiushang had not been standing outside the door of the Purple Cloud Tower, they might have been pushed to the side like the surrounding crowd.

A voice sounded. "So it's the beloved daughter of Lord Xiao, Xiao Keyi. No wonder she's so arrogant."

"She has the right to show off. What can we say? This Xiao Keyi is not only Lord Xiao's most beloved daughter, but she is also the Crown Prince's fiancée. She is a core disciple of the Flowing Cloud Sect. She is called Imperial Capital's Double Pearls with Yu Yuefu of the Grand Preceptor's Estate."

"What is Xiao Keyi doing at the Purple Cloud Tower? Doesn't she usually go to the Golden Sea Pavilion?"

"Brother, you're too outdated. This Purple Cloud Tower is much more powerful than the Golden Sea Pavilion. Have you heard of the fifth floor of the Purple Cloud Tower?"

"What's wrong with the fifth floor?"

"It's said that anything can be bought there as long as you can afford it. The daughter of the family next door to mine was ruined by the current Fifth Prince some time ago. She failed to serve the Fifth Prince well, who dragged her and beat her to death. She died miserably."

"What happened after that?"

"Later, the couple sold all their assets and made a deal on the fifth floor, buying the Fifth Prince's head. Even the number one killer in the martial world, who made people tremble in fear, did not have the guts to go through with it, but the Purple Cloud Tower did. On the second day, they handed over the Fifth Prince's head. Up to now, the royal family has yet to find out who killed the Fifth Prince. They know that it was the Purple Cloud Tower, but they don't have direct evidence, so they can't do anything."

What could the royal family do to the Purple Cloud Tower?

If they could easily take off the Fifth Prince's head, they might be able to do the same to the emperor.

The emperor of the Ye Dynasty must have known this, so he did not dare to touch the Purple Cloud Tower.

From this alone, it could be seen that the Purple Cloud Tower was much more powerful than the so-called richest man in the Golden Sea Pavilion.

### **Chapter 624 Purple Cloud Treasure Tower (3)**

After learning some basic information about Xiao Keyi from the crowd, Xue Fanxin could guess her personality... She was similar to Yu Yuefu and Su Baifeng.

Why were these rich young ladies so ill-mannered?

Look at them. Each one was more self-righteous, arrogant, domineering, and annoying than the other. They always put on a haughty attitude, making people feel disgusted.

"Ah Jiu, how do you plan to deal with this?" Xue Fanxin did not act rashly. After all, she was not familiar with Imperial City. If this trouble was too big, it would be bad.

“Do whatever you want. You can even kill her,” Ye Jiushang said. His words and actions were only indulgent and doting toward Xue Fanxin, not caring about anyone else. His voice was not low either. Everyone around could hear him.

The maidservant scolded, “Who do you think you are? How dare you speak to our miss like that? Are you tired of living?”

The maidservant could not see Ye Jiushang’s true appearance. She felt that the man looked blurry. He was both handsome and ordinary.

It was not only the maidservant who had this feeling. Xiao Keyi was the same. She was observing Ye Jiushang, wishing to see his face. However, there was no result. A clear answer appeared in her mind though: this person looked ordinary.

Was he really average-looking?

Why did she feel that he should be extremely handsome?

Perhaps it was because the other party’s aura was too powerful that she had such an illusion.

Xue Fanxin stood forward and slapped the maidservant hard on the face. “Who do you think you are? You’re just a small slut. Your miss hasn’t even said a word, so why are you shouting like a mad?”

“You... you actually dare to hit me?” Half of the maidservant’s face was swollen. Her teeth hurt so much that she almost cried. She went to complain to Xiao Keyi. “Miss, I was beaten up.”

Xiao Keyi focused on Xue Fanxin. At a glance, she felt that this girl was not simple. She did not immediately take revenge for her maidservant. Instead, she asked casually, “Miss, why did you hit my maidservant?”

“She deserved it,” Xue Fanxin said bluntly. She sized up Xiao Keyi and realized that this heiress seemed to be a little different.

“Then please give me a reason. If you can convince me, I won’t pursue this matter.”

“She scolded me without any provocation. Do you think she deserves to be beaten? A maidservant should act like a maidservant. Look at her. She’s as arrogant as she can be. She really makes use of her status to bully others.”

The maidservant got anxious and quickly played the sympathy card. “Miss, I was only feeling indignant for you. That man just said that he wanted to kill us, so I scolded him.”

Xiao Keyi felt that it made sense and questioned Xue Fanxin, “What else do you have to say about this?”

Chapter 625 Purple Cloud Treasure Tower (4)

With a cold smile, Xue Fanxin slapped the maidservant again. “You’re stirring up trouble, talking nonsense, distorting the truth, and fanning the flames. You deserve to be beaten.”

“Miss...” The maidservant covered her cheek and cried loudly. She showed Xiao Keyi her miserable state to gain sympathy.

Xiao Keyi frowned slightly. "Miss, no matter how wrong my maidservant is, you shouldn't have attacked so heavily. Although you slapped her face, it's equivalent to slapping me. If you don't give me a satisfactory explanation for what happened today, don't blame me for being impolite."

"What kind of explanation do you want?" Xue Fanxin was getting more and more curious about Xiao Keyi.

Logically speaking, a rich missy like Xiao Keyi should have lost her temper by now. She would use her influence to bully others and not stop until she crippled the other party.

However, Xiao Keyi's way of doing things was still considered gentle. From the beginning, she had not gone overboard. Only when her maidservant was beaten did she get a little angry. But it was just a little.

It could be seen that Xiao Keyi's temper was quite good. She must not be too bad.

Xue Fanxin did not want to make too many enemies for herself. She felt that Xiao Keyi was not that annoying, so she did not intend to fall out with her, but she would not compromise either.

Xiao Keyi was really stumped by Xue Fanxin's question. If she slapped her, it would seem vulgar and boring. If she crippled her, it would seem a little overboard, but if she did not do anything, it would be too embarrassing.

The maidservant got depressed at her indecision. "Miss, my face hurts. My teeth have been loosened. You must uphold justice for me! I was only opening the way for you. Not only did these two people not make way, but they also spoke rudely and even hit me. I... Boohoo..."

"Hey, do you believe that if you say another word, you'll be unable to speak forever?" Xue Fanxin warned. Then, she looked at Xiao Keyi. "Miss Xiao, I really want to ask if all the maidservants in your Xiao Estate are like her? Why do I feel that she is the young miss of the Xiao Estate and you are only her attendant?"

"Miss, it's not like that. Don't listen to this b\*tch's nonsense. She must be trying to sow discord," the maid explained anxiously, but her words were very unpleasant. She kept saying 'b\*tch.'

Xiao Keyi was dissatisfied with her words, but she did not say anything. She only frowned and asked Xue Fanxin, "Why do you ask, Miss?"

From Xiao Keyi's reaction, it seemed Xue Fanxin's words convinced her more.

Xue Fanxin smiled evilly. "From the discussions in the crowd, I can tell that Miss Xiao's reputation in Imperial Capital is not too good. You're famous for being arrogant, domineering, and bullying others. But according to my observations, you don't seem to be such a person. So where did this bad reputation come from?"

"I've never taken the rumors in the city to heart."

"Miss Xiao is open-minded and admirable. If you were as the rumors said, it would be nothing to have such a bad name. But it's equivalent to taking the blame for others. Could it be that Miss Xiao is willing to take the blame for others forever?"

Xiao Keyi fell into deep thought. Clearly, Xue Fanxin had struck a chord.

The maid, on the other hand, was anxious. She glared at Xue Fanxin, looking like she wanted to kill her.

Chapter 626 Purple Cloud Treasure Tower (5)

While Xiao Keyi was thinking about Xue Fanxin's words, a middle-aged man walked out of the Purple Cloud Tower. "Who is causing trouble here?"

Xue Fanxin did not speak up. Xiao Keyi also stood there in a daze as if she was still thinking about something. Ye Jiushang seemed like he was watching a show. There was no expression on his face.

On the other hand, the maid ran up to the middle-aged man before the master could speak and complained, "Steward Zhao, we didn't cause trouble. It was those two people. Not only did they block my miss's path, but they also hit me. Please uphold justice."

Steward Zhao did not jump the gun. Instead, he looked at everyone present. When he saw Ye Jiushang, his expression changed drastically. He was so frightened that he almost knelt down to greet him, but he was stopped by a mysterious force.

He knew that this was Ye Jiushang's intention, so he quickly reacted. He tried his best to adjust himself and pretend to be calm. His heart was beating like a drum. No matter how he looked at it, he found the maid annoying. Even his attitude towards her became bad. "You're only a small maid. Your master hasn't even spoken yet. What are you shouting for? You're really unruly."

"I..." The maid did not expect this outcome. She was furious.

Although she was only a maid, no one had ever dared to do anything to her, especially the small merchants and peddlers outside. They all had to be respectful to her. After all, she was Xiao Keyi's maid.

But now, not only had she been beaten up by a b\*tch, but she had also been mocked by the steward of the Purple Cloud Tower. How could she not be angry?

Steward Zhao actually knew what had just happened and how arrogant this maid was. Previously, he was not aware of who she offended. Now that he knew, he naturally would not give her any face. "What? You should act like a maid, not like a rich missy. Your miss did not even say a word. Not only did you scold others, but you also openly spouted nonsense. Do you really think everyone is as foolish as your miss?"

"Steward Zhao, you mean that this is all my fault?" the maid directly questioned Steward Zhao. She was extremely arrogant and really thought of herself as a rich missy.

"It looks like you really don't know what's good for you." Steward Zhao was speechless at the maid's stupidity and could no longer be bothered to waste his breath on her. He said to Xiao Keyi, "Miss Xiao, if you still don't care about your maid, it won't just be your reputation that will be ruined, but your person, or even the entire Xiao Estate."

Xiao Keyi was not stupid. From the moment she heard Xue Fanxin's words, she had been thinking about this matter. With Steward Zhao's reminder, she would be stupid if she still did not understand.

"Steward Zhao, I didn't discipline her well. Please forgive me."

She had never cared about the people and things outside, nor did she care what others said about her. She left many things to her maid. As long as she helped her settle things, she did not care about anything else.

Actually, she also knew that her maid was a little arrogant when it came to business, but she felt that this was not a big deal. After all, the Xiao Estate had the right to be arrogant.

But now, she felt that things were not as simple as she thought.

Chapter 627 Be Friends

Steward Zhao looked at the maid and said, "I won't argue with a person who is about to die."

The maid retorted, "Steward Zhao, what do you mean? Even if I was the one in the wrong, you don't have to make it sound so ugly, right?"

"Miss Xiao, are you sure that she is your maid and not the other way around? What happened today will definitely reach Lord Xiao's ears. With his style of doing things, the chances of this maid surviving are zero, so I won't argue with her. Also, let me remind you, Miss Xiao. A small maid actually knows that I am the steward of the Purple Cloud Tower on her first visit. Don't you find it strange? Forget about a maid, even the high officials and nobles in the court might not recognize me."

Xiao Keyi now had serious doubts about her maid. She questioned her solemnly, "Chuntao, why did you bring me here?"

Initially, she did not want to go out, but Chuntao persuaded her to go to the Purple Cloud Tower. She said that there was something good there.

She usually went to the Golden Sea Pavilion to buy things and had never been to the Purple Cloud Tower. Similarly, Chuntao used to take her there, but today, she recommended a new place.

She did not think too much about it. As things developed and Chuntao acted too arrogantly, she felt that something was wrong.

"Miss, I heard that the Purple Cloud Tower has extraordinary stuff, so I brought you here. I really don't mean anything. Please investigate." The maid started to panic and was no longer as arrogant as before. Steward Zhao's words greatly affected her.

Today's events had blown up, even provoking the Purple Cloud Tower. If word reached Lord Xiao's ears, he would definitely kill her to give those guys an explanation.

The miss was her only hope now. She had to grab onto her tightly, or she would really die.

Xiao Keyi did not express anything in the face of the maid's explanation and pleading, nor would she immediately blame her. Even if she wanted to blame someone, she would not do it in such a public place. She was no longer in the mood to buy things. "Steward Zhao, and this miss, what happened today is nothing significant. Let's each take a step back. I'll take the maid back and discipline her. As for this miss, although she offended you, you slapped her twice. We're even, right?"

"It doesn't matter. I won't argue with an unimportant maid," Xue Fanxin said indifferently. Her impression of Xiao Keyi was improving.

It was rare for a well-mannered young miss to appear. Perhaps they could be friends.

Xiao Keyi did not say much. She left with her people.

The maid left did not forget to glare at Xue Fanxin, looking like she was determined to take revenge. Her gaze was extremely vicious.

Ye Jiushang noticed it too. He said to Steward Zhao, "Get rid of her."

Steward Zhao nodded in response. "Yes."

"What are you talking about?" Xue Fanxin asked in confusion.

"Just something unimportant. Let's go. I'll take you around the Purple Cloud Treasure Tower." Ye Jiushang stroked Xue Fanxin's head and led her inside.

#### Chapter 628 Condensate Iron

Xue Fanxin entered the Purple Cloud Tower and was blinded by the golden splendor.

Standing at the door, she did not think that there was anything special about the Purple Cloud Tower since it looked pretty ordinary.

However, after stepping through the door, you could see the real building. It was like another world. It could no longer be described as luxurious. The pillars were made of the hardest mystic crystals and illuminated by Night Pearls. Every detail was exquisite and flawless.

The first-timers would feel luxury, magnificence, and beauty.

Those who knew the ropes could tell that the Purple Cloud Tower was protected by arrays. There were countless formations of all sizes, and every floor had hidden mechanisms.

Such an exquisite, dazzling, mysterious, and powerful building must have someone big backing them.

"Wow... This place is so beautiful!" Xue Fanxin was dazzled by the various mystic crystals and the goods placed inside. Every one of them looked extraordinary. She didn't have the heart to touch anything, only appreciating it with her eyes.

A piece of jewelry placed in the hall attracted her attention.

It was a ring. The style was similar to the ring she had seen in Ghost Street. She could tell at a glance that its designer Pei Xiangxiang.

Back when she saw it on Ghost Street, she was already shocked. Seeing another one... It seemed that Pei Xiangxiang was doing well here. Not only was her life comfortable, but her reputation had also risen.

Ye Jiushang sensed Xue Fanxin's abnormality and saw the ring. He frowned, his eyes revealing disgust. He asked unhappily, "This belongs to the Ouyang family?"

"Master, this indeed belongs to the Ouyang family. It is the latest work from Master Ouyang. This interspatial ring has been in the exhibition hall for three days. The Ouyang family's request is to display it for five days. Whoever offers the highest price will get it. The price has already reached 30 million crystal coins. There's still potential to rise."

“Return it to the Ouyang family and say that the Purple Cloud Tower doesn’t sell defective goods.”

“Master, this... this ring was made by Master Ouyang. There are no flaws!” Steward Zhao could not understand what was going on, but he could tell that his master was not too happy.

Xue Fanxin knew that Ye Jiushang was doing this for her. She took a deep breath and did not let herself be confused by such a small matter. “Ah Jiu, you don’t have to do this. It’s just an interspatial ring. Don’t break the rules of the Purple Cloud Tower for a ring.”

“I did not break any rules. This ring has flaws. There’s a very serious problem.” Ye Jiushang walked to the ring and took it in his hand. With a casual squeeze, the ring broke into two. He threw the pieces to Steward Zhao and said coldly, “Is the Purple Cloud Tower selling something refined from condensate iron?”

Steward Zhao’s expression changed drastically, and he almost dropped the two halves.

Ye Jiushang ignored him and left with Xue Fanxin, walking deeper inside.

#### Chapter 629 Straight to the Passage

Xue Fanxin allowed Ye Jiushang to pull her along. After a long time, she reacted and asked, “Ah Jiu, what’s that condensate iron?”

“It’s a taboo in the world of refining. Any refiner who uses the condensate iron will be condemned. In serious cases, they will be punished and can no longer refine weapons for the rest of their lives. During the process of refining, adding a little condensate iron can greatly increase the success rate of the artifact. However, it’s a poisonous substance. It won’t be a big problem if you occasionally touch it. If you come into contact with it for a long time, it will be like being poisoned slowly. You won’t even know how you died.”

Ye Jiushang explained the matter patiently. If it were anyone else, forget about explaining, he probably would not even look at them.

Xue Fanxin had never been treated coldly by Ye Jiushang, so she did not feel much about it. “How did you discover that the ring contained condensate iron? There must be a Treasure Appraisal Master in the Purple Cloud Tower. The ring must have gone through inspections to be showcased here.”

“Have you forgotten that I’m also a refiner? Ordinary refiners can’t discover something like condensate iron. However, when you encounter a high-level refiner, even if you use a little, you can’t hide it from their eyes.”

“So there really is condensate iron in that ring? The Ouyang family actually used such a thing to refine artifacts. If word gets out, their reputation as the number one refining family will be swept clean.”

She was worried about dealing with Ouyang Xiangxiang, but she had not expected the opportunity to come knocking on her door.

God was really helping her!

“It’s not as simple as you think.” Ye Jiushang flicked Xue Fanxin’s head, not letting her be happy too early. “Master Ouyang is a straightforward and righteous person. It’s impossible for him to use

condensate iron. Furthermore, the condensate iron in that ring has been specially processed. Even a high-level refiner can't sense it. Only by breaking the ring and extracting the condensate iron inside can others see it."

"You mean that this ring did not come from Master Ouyang?"

"Yes and no."

"I don't understand."

"It's fine if you don't understand now. You will in the future. Let's go. I'll take you to see a few people." Ye Jiushang walked into a secret room.

Only then did Xue Fanxin realize that they had unknowingly walked into a strange room.

"Ah Jiu, what's this room for?"

"The direct passageway to the fifth floor."

"Ah?"

Before Xue Fanxin could understand, a weird light suddenly lit up in the room. Then, there was a flash. She felt a little dizzy as if she had lost weight. However, it quickly disappeared. In the blink of an eye, everything returned to normal.

"What's going on?" Xue Fanxin did not dare to move, looking around warily.

Ye Jiushang smiled and said, "We're on the fifth floor. Let's go."

"The fifth floor? We're here so quickly? Could this room be an elevator?"

"What's an elevator?"

"The elevator is... I don't know how to explain it. Anyway, it's a tool to go up and down."

Not only was this Purple Cloud Tower luxurious and dazzling, but it was also so advanced. It was really shocking.

### Chapter 630 Shameful Waste

The fifth floor of the Purple Cloud Tower was a mysterious place. Walking in here, you would feel like you had come to a holy land. You could not help but tread lightly, not daring to walk too hard, afraid that you would break something.

Xue Fanxin looked at the jade crystal path under her feet and her heart bled. They had actually used so many crystals to be stepped under people's feet. It was too wasteful and shameful!

If she still could not guess who the real owner of the Purple Cloud Tower was, she would be stupid.

Using crystals and jade to pave the way was clearly a certain lord's style, a prodigal style.

The fifth floor of the Purple Cloud Tower was mainly purple. The Night Pearls shone with a purple light, causing the entire floor to be covered in mysterious colors.

Xue Fanxin followed Ye Jiushang while looking around. No matter how curious she was about this place, she endured it and did not mess around. Walking into a private room, she heard a group of people shout in unison, "Greetings, Master."

In a huge hall, three young men with extraordinary auras knelt on one knee and bowed to Ye Jiushang.

"Rise." Ye Jiushang walked past the three men and sat down on the main seat. Then, he pulled the stunned Xue Fanxin down and made her sit beside him.

The seats here were all symbols of status. To be able to sit beside the main seat meant that this person's status in the Purple Cloud Tower was extremely high.

Ye Jiushang did not say anything. Just this action alone made everyone understand Xue Fanxin's status in the Purple Cloud Tower in the future.

Ye Jiushang said to the others, "Take a seat. I have something to tell you today."

"Yes." The three men sat in their seats and kept staring at Xue Fanxin, sizing up the woman their master had brought.

They had received some news that their master had chosen a consort and doted on her quite a lot. Initially, they were still suspicious, but now, they no longer had any doubts.

Although they could not see anything special about her, they believed in their master's judgment. The person chosen by him must be extraordinary.

Xue Fanxin got a little embarrassed under everyone's stares. She greeted them with an awkward smile, "Hello, guys. My name is Xue Fanxin."

Only then did the three men realize that they had gone overboard by staring at Xue Fanxin. They quickly retracted their gazes and introduced themselves one by one.

"My name is Heilong."

"My name is Hai Feng."

"My name is Zimo."

"Heilong, Hai Feng, Zimo, hello. Nice to meet you. Please guide me in the future." Xue Fanxin greeted everyone again. Her intuition told her that these three young men were not ordinary.

Ye Jiushang suddenly interrupted them and said, "Heilong is the leader of the Black Shadow Guards, Hai Feng is the financial envoy of the Nine Cloud Palace, and Zimo is the tower master of the Purple Cloud Tower. The three of them are my assistants. If you have any problems in the future, you can look for them."

"Leader, financial envoy, tower master... Your identities are really powerful."

"Your Highness, you're being too serious. It's all thanks to Master that we can be where we are today. If you have anything in the future, you can come and look for us. We'll definitely do our best for you," Heilong said. His iron-hearted loyalty made it obvious at a glance that he was a trustworthy person.

As for the other two, although their personalities were different, their loyalty to Ye Jiushang was no less than that of Heilong.

Xue Fanxin was very curious. How had Ye Jiushang nurtured these people?
