

## Physicist 671

### Chapter 671 Once Very Strong

Bai Shuiling was enraged by Xue Fanxin and almost lost her temper on the spot. However, the pot of fragrant porridge forced her to suppress her anger.

“How much is this pot of porridge? I’ll buy it. Is that okay?”

“Not selling.” Xue Fanxin did not give her any face.

“Little girl, going against the Bai family is not a wise move.”

“Big Sister, countless people have said similar things to me, but they all regret it so much that they want to bang their heads against the wall, including that Bai Wuchen.”

“You know my brother?”

“We can be considered to know each other. Anyway, we’re not familiar. Hey, if there’s nothing else, don’t block the light.” Xue Fanxin chased them away with a spatula, not giving the so-called Young Miss Bai any face.

She hated this kind of heiress who relied on her status to do whatever they wanted. They were always so self-righteous and thought that everything in the world should revolve around them. Once they were a little unhappy, they would use their power to bully others.

This so-called Young Miss of the Bai family was similar to Su Baifeng. She did not have a good impression of her at all.

“You’d best not regret it.” Bai Shuiling lost her patience, but thinking of Heiyao’s power, she did not act recklessly. She left straight away.

“There’s something wrong with your brain,” Xue Fanxin said disdainfully. She could not be bothered with her.

Heiyue walked over and said, “Your Highness, offending Bai Shuiling will probably be disadvantageous to us. She has a Saint Realm expert by her side. The strongest cultivator on our side is Heiyao, who is at the peak of the Mystic Spirit Realm. If we really fight, the chances of us winning are very low.”

“Don’t worry. They won’t dare to fight. At most, they’ll use their background to scare people. Unless they have no choice, they won’t attack. Rather, they’ll think about how to deal with us after we get out. But by then, will you still be afraid of them?”

“No. As long as we can leave this place, forget about a small Bai family, we won’t be afraid even if the four great families join forces,” Heiyue vowed.

Who did the four great clans think they were? Just the Nine Cloud Palace was enough to make them suffer. If they added the Purple Cloud Tower, they could reshuffle the four great clans of the Mystic Realm at any time.

“I know that you’ve suffered a lot of grievances recently. From now on, you don’t have to bear with anyone bullying you. You can return the favor. If the sky collapses, I’ll support you.”

“Ah?”

Consort, you are only a small cultivator in the Spirit Master Realm. Can you really support the sky?

Although Heiyue did not think that Xue Fanxin had such an ability, for some reason, she saw a kind of hope in Xue Fanxin. As long as she followed her, everything would turn out for the better.

“Okay, that’s enough. You didn’t eat much just now. This bowl of porridge is for you.” Xue Fanxin scooped a bowl from the pot and handed it to Heiyue.

A man dressed a little shabbily walked over and said in a low voice, “Can you... give me a bowl of porridge?”

Although the man looked down and out, he emitted an unfathomable aura. But it was very weak, making it difficult to detect.

The reason Xue Fanxin could sense it was because the Reverse Spirit Heaven Wheel in her body had moved.

This person... should be very powerful. Or he had once been very powerful.

Chapter 672 My Hip

Xue Fanxin glanced at the man, then took out a bowl, and filled it with porridge. “For you.”

“Thank you!” The man did not hesitate. He stared at the full bowl of porridge. “I’ll repay your kindness in the future.”

“It’s nothing. You seem to have suffered serious injuries. Do you want me to take a look? I’m a doctor. Perhaps I can help you.”

“No need.” The man turned to leave. He was carefree and did not curry favor just because he had received someone else’s favor.

Xue Fanxin shrugged and laughed it off. She did not take it to heart, but she did not know how much support this bowl of porridge had given her in the future.

Heiyue had been watching from the side and did not have much of an impression of the man. She only thought that he was a rogue cultivator who had fallen into trouble here and had come to ask for some food.

Because of Xue Fanxin, not only did everyone have water to drink, but they also had something to eat. Their conditions were much better.

Thousands of people were gathered in the sandstone pit. Everyone leaned against the huge rocks to rest and did not disturb each other. Only a few people chose to join forces, but that kind of alliance was very weak. When they really faced death, everyone would take care of themselves first.

There was no night in this desert. The sun hung high in the sky day and night. Humans needed a lot of water to survive in such an environment. No matter how high their cultivation level was, they still needed water. Without it, they would die quickly.

Fortunately, there were quite a few water cultivators among these thousands of people who could provide water for everyone. Otherwise, more people would die every day.

Xue Fanxin finished cooking and sat by the grill to roast the fish. She also asked Heiyue about something.

“Heiyue, you’ve been trapped here for more than a month. Did anything strange happen with a stone tablet or something carved with strange words?”

“There’s no stone tablet, but there’s something engraved with strange words. It’s...” Heiyue was halfway through her sentence when she was suddenly interrupted by a sharp cry.

“Ah...”

Then, there was a loud bang and dust flew everywhere.

It seemed like a person had fallen from the sky and smashed into the sandstone pit. The impact was great, smashing a huge hole.

With such a commotion, many people craned their necks to look over. Those in the tent also came out. They stared intently at the middle of the pit and waited for the dust to dissipate to see the newcomer.

If the person was weak, then wait to be robbed by them.

“Cough, cough... It hurts so much. Damn you, Little White. How did you lead the way and make me fall from such a high place?”

“Cough, cough... Why is there so much sand?”

“Aiya... My hip...”

Xue Fanxin heard a familiar voice and recognized who had fallen from the sky. Just as she was about to go over, she realized that not far away, many people were already preparing to attack him. It seemed like they planned to kill the person and snatch what was on him.

“No one is to move, or don’t blame me for being impolite.”

Chapter 673 Differential Treatment

The attackers had no choice but to stop. Everyone glared at Xue Fanxin unkindly.

“Little girl, what do you mean? Do you want to take this piece of meat for yourself?”

“Don’t think that you can do whatever you want just because you have the backing of the Nine Cloud Palace. In such a damned place, even if you are really the wife of the Palace Master, that’s nothing. If you anger me, I’ll slap you to death.”

“This girl is too much. Even though she has food and drinks, she still wants to snatch them from us. She’s leaving us no way out.”

“Little girl, what you’re doing will anger everyone,” Old Man Yin Feng said in a gloating tone, hoping that she would provoke everyone.

“Do whatever you want then, but bear the consequences yourselves.” Xue Fanxin was only buying some time for the guy in the hole to catch their breath. It should be enough now, so... she just had to watch the show.

The surrounding people did not expect Xue Fanxin to have such a reaction, but they did not think too much about it. She must have been afraid of getting on the bad side of everyone.

Bai Shuiling saw everything. She thought that Xue Fanxin was a tough nut, but it turned out that she was only so-so. As long as everyone joined forces, they could suppress this arrogant little girl.

“I thought you were not scared of anything! So you have times when you are afraid.”

“If you’re not afraid, then do it yourself and capture the person in the pit. The premise is that you can catch him,” Xue Fanxin retorted provocatively, digging a trap for Bai Shuiling.

The person in the pit was Little Lei. Forget about a small Bai Shuiling, even if everyone here attacked together, they might not be able to gain anything.

“So be it. Do you think I’m afraid of you?” Bai Shuiling knew that Xue Fanxin was provoking her, but she did not mind it. She said to the others, “The prey in the pit is mine. No one is to snatch them.”

No one dared to move.

With the same words, Xue Fanxin was reprimanded, but when it was Bai Shuiling, they did not make a sound. Everyone retreated willingly and gave up the ‘prey’ to her.

Wasn’t the difference in treatment too great?

Xue Fanxin was speechless. She thought to herself, I’ll make all of you cry so hard that you won’t even have tears.

Keeping her status in mind, even people with much higher cultivation levels were willing to give up the ‘prey.’ Bai Shuiling got even more arrogant as she said smugly, “You’re Xue Fanxin, right? Watch me.”

“Let’s talk about it when you can catch him.” Xue Fanxin returned to her original seat and took out a few pieces of super large Electric Water Eel meat from her space. She placed them on the grill.

“Then just wait.” Bai Shuiling could not stand Xue Fanxin’s confident expression.

Damn you, little girl. How dare you look down on me. I’ll teach you a lesson later.

Bai Shuiling glared at Xue Fanxin, then prepared herself. She jumped into the hole in a beautiful posture, planning to capture the guy.

A moment later, she was kicked away before she could attack.

“Ah...”

Chapter 674 Believe You?

Bai Shuiling was a rare genius among the women of the Bai family. Although she was only twenty years old, she already had the cultivation level of a Great Spirit Master.

With her cultivation level, as long as she did not encounter too powerful an enemy, she could protect herself even if she could not defeat them.

But now, this Young Miss of the Bai family was kicked into the sky and let out a tragic cry like a pig being slaughtered.

“Ah...”

Everyone in the sandstone pit was waiting for Bai Shuiling to capture the ‘prey.’ Unexpectedly, they heard her tragic cry instead and saw her being kicked into the air.

What was going on?

Who was in the pit? Why had Miss Bai been kicked away without even being able to resist?

Just as everyone was puzzled, a mysterious purple light flew out of the hole and appeared above Bai Shuiling, turning into a young man.

“You...” Bai Shuiling’s body was still floating in the air. The moment she fell, she saw a handsome young man. This shocked her, and she had no idea what was going on. What happened next was even more out of her expectations.

“Ah...”

“Damn you.” Little Lei flashed into the air and kicked Bai Shuiling down into the huge hole he had been in.

“Ah...”

Bang...

Bai Shuiling fell into the hole, throwing dust everywhere. Her body was covered in sand. It hid her tragic state.

Even if they could not see clearly, the spectators knew how miserable she was now.

Many people were rejoicing. Fortunately, they had not attacked just now. Otherwise, they would be the ones in trouble.

Little Lei was still not satisfied and shot out another bolt of lightning.

Sizzle... Bai Shuiling’s tragic cry rang out again. “Ah...”

“How dare you capture me? I’ll let you know how to write the word death!” Little Lei was still floating in the air. His aura crushed everyone below. Even the so-called Saint Realm expert of the Bai family did not dare to say anything.

This young man’s cultivation level was clearly above the Saint Realm. Who dared to say anything?

But if they did not do anything, the Young Miss of the Bai family would lose her life.

“Little brother, let people off when you can. Why must you be so ruthless?” The Saint Realm expert from the Bai family had no choice but to step forward. He hated Xue Fanxin.

If not for her, how could Miss Bai have stepped out?

Hence, the culprit behind this situation was Xue Fanxin.

“Did you think of letting me off just now? I heard it clearly. You treat me as meat and plan to eat me. Scums like you all deserve to die.” Purple lightning flashed on Little Lei’s body. He looked like he would release lightning at any moment and strike everyone below.

“Little brother, you can’t blame us for this. It was all that girl’s idea. She asked us to capture you.” The Saint Realm expert from the Bai family threw Xue Fanxin under the bus.

“Hmph, do you think I’m so easily deceived? It was clearly that evil woman who wanted to capture me, but you actually pushed the blame onto others. You deserve to die even more.”

“No, no. What I said is the truth. All of this was that girl’s idea. She asked us to capture you. She wanted to eat your flesh. If you don’t believe me, you can ask everyone. You should believe them, right?”

“I don’t believe you.” In a rage, Little Lei was about to throw the lightning, but he was thrown out of the sky by a sentence.

“Damn brat, get down here.”

Chapter 675 Biased

Little Lei originally wanted to show off a little more, but Xue Fanxin scared him so much that he fell from the sky. Although it was not as disgraceful as before, he fell quite heavily, hurting his butt.

“Aiyo, aiyo... My butt... Woman, why are you shouting? Look at how frightened I am. I just fell down, and now I did it again. How do you plan to compensate me?”

“How about roasted meat?”

Little Lei jumped up and down. His body did not hurt at all. He ran toward Xue Fanxin and hugged her arm. “I knew you were the best. This meat’s all mine, right?”

“No. You must share these with Little White and Little Meow.”

“Who’s Little Meow?”

Xue Fanxin released the little white cat from the spirit beast space.

Although it was in the spirit beast space, it knew what was happening outside. It found Little Lei dangerous, so it instinctively pulled away from it, jumping onto Xue Fanxin’s shoulder to seek protection.

Little Lei looked over and sized up the little white cat carefully. “Eh... when did you get a Nine-Lives Heavenly Cat as a pet?”

“Not long ago. Don’t scare it.” Xue Fanxin could sense the little white cat’s panic. It was scared of Little Lei, so she hugged it and comforted it. “Don’t be afraid. If that guy dares to bully you, your master will slap him to death.”

“Woman, you’re biased. The little white tiger and I worked so hard to help you. It’s fine if you’re not grateful to us, but you’re still siding with other beasts. I’m unhappy.”

“Alright! I was just joking. You said that you came with the little white tiger. Where is it?”

“That’s right! Where’s the little white tiger? it was in my arms!” Only then did Little Lei realize that the little white tiger had disappeared.

A little thing covered in sand crawled out of the hole with difficulty. It looked pitiful and sorry.

“Awroo... awroo...”

The little white tiger fell from above with Little Lei. This time, it landed first and was pressed down by Little Lei. It was almost flattened. How tragic.

Why was it always the tragic one?

Why?

Why?

Wuwuwu... Why was its life so bitter?

“Little White...” Xue Fanxin’s heart ached when she saw its pitiful appearance. She went over and hugged it in her arms, helping it clean the sand on its fur. “Are you okay? Are you hurt anywhere?”

“Awroo...” The little white tiger felt very pitiful. Its master’s concern made it cry.

“Er... Don’t cry. I’ll give you the largest piece of roasted meat later, okay?”

The little white tiger immediately stopped crying. It looked at Xue Fanxin with glowing eyes. “Awroo...”

Are you really going to give me the largest piece of roasted meat?

“What largest? The largest piece is mine. You can only take the second largest.” Little Lei objected.

Uh... Xue Fanxin was speechless.

The people who saw this scene were at a loss for words. Their brains were insufficient to process the scene.

Who could tell them what was going on?

Chapter 676 Tricked to Death

While Xue Fanxin, Little Lei, and the little white tiger were catching up, Bai Shuiling was taken out of the hole by the Bai family. She was in a sorry state. Her entire body was covered in sand, and her hair and face were so dirty that no one could look straight at her. Her white dress had changed beyond recognition, and she no longer looked like an immortal.

However, Bai Shuiling had not fainted, so she knew what had happened. She understood that she had been tricked by Xue Fanxin.

Although Xue Fanxin knew who was in the pit, she still wanted her to catch him. Was this to embarrass her?

“Xue Fanxin, you...” Bai Shuiling wanted to curse and even kill her, but thinking of how powerful that young man was, she felt afraid.

Looking at the young man’s obedient expression toward Xue Fanxin, it was as if he was afraid of her. How could she dare to provoke Xue Fanxin now?

Who on earth was this damned Xue Fanxin?

“What are you glaring at? Do you want me to dig your eyes out?” Little Lei could sense Bai Shuiling’s glare and roared at her unhappily.

Just one sentence frightened Bai Shuiling. She retracted her gaze. No matter how much she hated them, she could only hide it in her heart.

Little Lei scanned the others and said arrogantly, “Who did I hear say that you wanted to slap my sister? If you have the guts, stand up to me. I promise I won’t slap you to death.”

The person was so frightened that his body was trembling. He did not even dare to breathe heavily.

Old Man Yin Feng was also scared. He had been gloating, thinking that Xue Fanxin had angered everyone and wanted to use this chance to deal with her. Unexpectedly, the situation had reversed and things exceeded his imagination.

With that young man around, it would probably be difficult for them to touch her.

Forget it. Anyway, he had no grudge against Xue Fanxin. There was no need to offend these people over a small matter. Furthermore, they were all trapped here. He did not know if they could get out.

There were thousands of people present. The others had the same thought as the old man. In the unknown situation ahead, they were unwilling to waste too much energy on things that had nothing to do with them. Although Bai Shuiling was a water cultivator, she was not the only one here. There was no need to stay stuck on her.

Bai Shuiling returned to her tent and flew into a rage. If not for the special situation now, she would have long destroyed everything.

“Damn you, Xue Fanxin. You actually made me lose so much face. Just wait.

“Damn it... Xue Fanxin, who do you think you are? Who the hell do you think you are?”

Bai Shuiling was angry. No one dared to go in and persuade her. The Saint Realm expert could not bear to see her like this, so he went in and said, “Shuiling, your state of mind still needs to be trained.”

“Grandpa Ke, even you won’t help me?”

“It’s not that Grandpa Ke doesn’t want to help you, but that I can’t help. You started everything. Later, you were no match for him and lost a lot of face. When you returned, you flew into a rage. Do you really think that with your status as the Young Miss of the Bai family, you can do whatever you want in the Mystic Realm?”

“Grandpa Ke, I’m just angry!”

“You might be qualified to be angry at others, but do you know who the other party is? She is the wife of the Palace Master of the Nine Cloud Palace, the Ninth Consort of the current Ninth Lord. Offending her will not only offend the Nine Cloud Palace, but also the Ninth Lord, the Ninth Lord’s Estate, and even the entire Ye royal family. Are you sure your identity as the Young Miss of the Bai family can defeat her?”

Chapter 677 True Identity

Bai Shuiling’s arrogance extinguished little by little. The other party’s high status kept her in line, and she found her actions ridiculous.

What was the young miss of the Bai family? In comparison, Xue Fanxin was the wife of the Palace Master of the Nine Cloud Palace, the Ninth Consort of the Ninth Lord’s Estate, and the woman of the Ninth Lord... Which of these three identities was not nobler than her, the young miss of the Bai family?

She was actually putting on airs in front of Xue Fanxin and relying on her status to strut around. It was really a joke!

“That’s not right, Grandpa Ke. From what I know, the Ninth Lord is someone who doesn’t get close to women. He’s often not in the Imperial City and doesn’t have many women by his side. Why has a Ninth Consort suddenly appeared? Could Xue Fanxin be an impostor?” Bai Shuiling suddenly thought of something and restrained her sadness, becoming a little excited.

“Do you know who those people in black robes are?” Elder Ke asked in return.

“I don’t know.”

“They are the Black Shadow Guards under the Ninth Lord. Every one of them is a dragon among people and has extraordinary strength. They can’t be impersonated. If Xue Fanxin is the fake Ninth Imperial Consort, how could they not know? Look, they are all respectful to her. Even that powerful young man has to listen to her. It’s obvious her identity is not fake.”

Bai Shuiling originally had some hope that Xue Fanxin was the fake Ninth Imperial Consort, but the truth was in front of her. She could no longer deceive herself.

No wonder Xue Fanxin dared to look down on her. It turned out that she had an even greater background.

Those people outside were probably watching her make a fool of herself, right?

At the thought of this, Bai Shuiling was enraged and hated Xue Fanxin to the core.

“Shuiling, if you continue to be so narrow-minded, no matter how good your talent is, you won’t have many achievements in your life. If you let Xue Fanxin become your inner demon, then your life will be over. It’s probably because you haven’t experienced any setbacks since you were young and are used to being praised. You can’t accept others standing higher than you. If you can’t let go of what happened today, then you will be an ordinary person for the rest of your life.”

“Grandpa Ke, it’s just a small matter. Why are you making it sound so serious? At most, I’ll ignore Xue Fanxin!” Although Bai Shuiling said that, she did not think so.

She did not want Grandpa Ke to have a bad impression of her, but she really hated Xue Fanxin.

It didn't matter. Anyway, it was difficult to walk out of this desert. She wanted to see how Xue Fanxin would die.

"I hope you won't disappoint Grandpa Ke." Elder Ke did not say anything else. He stroked Bai Shuiling's head with a heavy heart and turned to leave.

With Shuiling's arrogant personality, how could she let go of today's events so easily?

It seemed that this so-called genius of the Bai family was actually not much different from ordinary women. She was just a little more talented and had a powerful background.

Just as Elder Ke had thought, Bai Shuiling was indeed unable to let go of what had happened today. Even if she was the one in the wrong, she would not admit it, because she was Bai Shuiling, the young miss of the Bai family. She would never be wrong. The ones in the wrong would only be others.

"Xue Fanxin, I want to see how long you can be arrogant. Whether you are the wife of the Palace Master of the Nine Cloud Palace or the Ninth Imperial Consort of the Ninth Lord's Estate, I will make you die without a burial place."

678 How Pitiful

Xue Fanxin did not care what Bai Shuiling was thinking. She was roasting meat for the three little foodies and asking Heiyue questions.

"Heiyue, what was that thing you said had strange words? Where is it?"

"The Heavenly Spirit Sect is occupying that place. There are some strange symbols carved on the stone behind, which look like words. All of us have gone to take a look, but no one can understand them." Heiyue finished and glanced in the direction of the Heavenly Spirit Sect.

Xue Fanxin followed her gaze. Because it was a little far, the Heavenly Spirit Sect's tent was blocked. She could not see the words carved on the stone clearly.

She had to deal with the Heavenly Spirit Sect. Having offended the other party, they probably wouldn't let her have her way easily.

However... so what?

She had yet to settle scores with the Heavenly Spirit Sect for bullying Heiyue and the others!

"Little Lei, are you full?" Xue Fanxin suddenly asked Little Lei, who was eating roasted meat with relish.

Little Lei was chewing on a fish bone. He waved the fish bone in front of her. "Still eating."

The little white tiger quickly finished the remaining roasted fish in case it was snatched away.

The little white cat saw that the little white tiger was eating so quickly and looked at the fishbone in Little Lei's hand. It seemed to understand something and sped up to finish its roasted fish.

It had not expected its master to have two other beasts by her side. Although they were not her contract beasts, they seemed to have a good relationship with her.

Especially the beast that had transformed into a human. It actually could not tell what beast it was, only that it was very, very powerful. The feeling of bloodline suppression was so strong. It got scared at the sight of him.

However, the beast in human form was very gluttonous. It insisted on snatching the largest piece of roasted meat. To save its roasted meat, it had to finish eating quickly.

Little Lei indeed planned to snatch meat from the little white tiger or little white cat. Unexpectedly, Xue Fanxin asked him a question at a critical moment. He realized that the other two had also finished.

These two bastards actually didn't leave any for him. How annoying.

"Woman, I'm not full yet. Roast some more meat for me. I haven't been with you recently and haven't eaten such delicious roasted meat in a long time. How pitiful," Little Lei said ingratiatingly. He directly erased all of Gu Jinyuan's hard work and credit.

He would never tell her that Gu Jinyuan's roasted meat actually tasted good. He had been eating it recently.

"Do some work first. You can only eat after we're done." Xue Fanxin could tell at a glance that Little Lei's words were exaggerated, but she could not be bothered to expose him.

"What do you want to do? Want to slap someone to death? Tell me. I'll help you."

When Heiyao, Heiran, and Heiyue heard Little Lei's words, three black lines appeared on their foreheads.

Young Master Lei still liked to slap and kick people. He was a little... violent.

Apart from their master, no one could subdue him. But now, there was one more.

## Chapter 679 Make Things Easy

Xue Fanxin led her group to the Heavenly Spirit Sect's camp.

When the people from the Heavenly Spirit Sect saw Xue Fanxin arrive 'overbearingly,' they thought that she was here to settle scores, so they panicked.

If it was before the appearance of that powerful young man, they would not have such a reaction, but now... they were scared shitless.

"What... what do you want?" a disciple of the Heavenly Spirit Sect asked nervously.

"I'm here to see the words on the stone and will have to trouble you." Xue Fanxin acted politely. She wanted to see if the Heavenly Spirit Sect would be polite enough to negotiate. Things would be much easier then.

Although the Heavenly Spirit Sect had bullied Heiyue and the others, she did not know the situation here yet. It was best not to clash with them for the time being.

Of course, if the people from the Heavenly Spirit Sect did not discuss it properly, she did not mind resorting to violence and asking for some interest for Heiyue and the others.

“Why should we do you a favor?” The woman who had a little conflict with Xue Fanxin previously opened her mouth. Her attitude was arrogant. She was only a little nervous when she saw Little Lei, but it was only a little. She was not afraid of him or Xue Fanxin.

“Junior Sister, forget it. They just want to see the words on the stone.” A man walked over to dissuade her, but it did not seem to have much effect.

“I won’t show them, so what? Everyone, listen up. Whoever lets this woman in will be going against me, Du Yuxuan.”

No one dared to say another word despite knowing that doing so would cause a lot of trouble. Du Yuxuan’s status in the Heavenly Spirit Sect was not low. It was very difficult for ordinary disciples like them to survive in the sect if they offended her.

Anyway, they were not the ones confronting Xue Fanxin. They did not have to bear any responsibility if anything happened.

Hieyue was furious. “Your Highness, Little Jiu was injured by Old Man Yin Feng because of this Du Yuxuan. And our conflict with the Heavenly Spirit Sect was also because of her. Even though she knew that we are the Night Shadow Guards, subordinates of the Ninth Lord, she wanted me to lick her shoes clean before she was willing to give us water. Little Jiu was so angry that he scolded Du Yuxuan a few times, which is why he got injured.”

If not for Du Yuxuan, none of the unsightly events would have happened. Her brothers would not have suffered so much... All of this was because of Du Yuxuan.

“I see.” Xue Fanxin had originally wanted to act politely, but she changed her mind.

When Du Yuxuan saw Xue Fanxin reveal that sinister smile, she felt inexplicably nervous and afraid, but she still said arrogantly, “Xue Fanxin, you’d best not act recklessly. Even if you are the wife of the Palace Master of the Nine Cloud Palace and the Ninth Imperial Consort of the Ninth Lord’s Estate, I’m not scared of you. My grandfather is an elder of the Heavenly Spirit Sect. If you dare to touch a hair of mine, he will definitely not let you off.”

“Unfortunately, your grandfather is not here. It’s still unknown if you can leave this place alive. Although most of you are water-type cultivators, you can’t conjure food. If you don’t die of thirst, you will starve to death.”

“You...” Du Yuxuan was really frightened by Xue Fanxin’s words. Imagining that scene made her panic.

She did not want to starve to death here. She did not want to.

She ordered Xue Fanxin, “Hand over all the food you have.”

Chapter 680 Close Call

The crowd found Du Yuxuan’s conduct ridiculous, but they only mocked her in their hearts.

The granddaughter of an elder of the Heavenly Spirit Sect actually dared to challenge the wife of the Palace Master of the Nine Cloud Palace. Didn’t she know what the Nine Cloud Palace represented?

It would be fine if those people from the Nine Cloud Palace were trapped in this desert. Once they were let out alive, even if only one of them survived, it would be the end of the Heavenly Spirit Sect.

Didn't she know how powerful these people were?

The other disciples of the Heavenly Spirit Sect wanted to advise Du Yuxuan, but in the end, they did not say anything. Saying anything would not do them any good.

"What you said is really funny. Why should I hand over all the food?" Xue Fanxin was confused. She did not understand why she always encountered such self-righteous and arrogant heiresses.

Earlier, there was Bai Shuiling, and now there was Du Yuxuan... She was speechless.

"Because this is my order." Du Yuxuan's personality was even more arrogant than Bai Shuiling's. She was self-righteous and extraordinary, speaking without thinking.

The onlookers secretly mocked her for being stupid and ignorant, including Bai Shuiling.

Bai Shuiling thought of herself just now. Only then did she realize that she was as ridiculous, stupid, and idiotic as Du Yuxuan.

Just as Grandpa Ke had said, with her status, she was not qualified to show off in front of Xue Fanxin.

Elder Ke was standing beside Bai Shuiling. Noticing the change in her expression, he was satisfied. "A person's identity doesn't mean anything. If you want to go further, you have to first relax and look far. Relying on your identity and background won't get you far. Shuiling, you are talented and a rare genius. But if your temperament is bad, you will either do nothing or walk on the evil path."

"Grandpa Ke, I think I understand." She had hated Xue Fanxin so much previously because she had made her lose a lot of face.

But after all, she was the one who started everything.

This was just like the current Du Yuxuan. In the beginning, Xue Fanxin treated her with respect. If the other party had also treated her with respect, things would not have developed to this extent.

However, with Du Yuxuan's personality, she would never lower her head and compromise. Therefore, she could already imagine the result.

If they really fought, the one who would suffer would be Du Yuxuan.

From Du Yuxuan, she saw herself and the outcome of her battle with Xue Fanxin.

Fortunately, she had Grandpa Ke by her side. Otherwise, she would really have walked the path of Du Yuxuan.

That was close, really close.

Bai Shuiling's hatred vanished. At most, she was a little angry, but it gradually disappeared because of Du Yuxuan.

She did not want to be a fool like Du Yuxuan.

Elder Ke could sense the change in Bai Shuiling and was gratified. Initially, he was already disappointed, but now, there was hope again.

He had to thank Du Yuxuan for this. Without Du Yuxuan's ridiculous stupidity, Shuiling would not have had much enlightenment.
