

Physicist 681

Chapter 681 Scolding

Bai Shuiling could wake up, but the same could not be said for Du Yuxuan.

Du Yuxuan did not have a good teacher like Elder Ke by her side. Those senior brothers and sisters did not dare to persuade her, so she could only suffer.

“Who are you to me? Why should I listen to your orders?” Xue Fanxin did not know what had happened to Bai Shuiling, nor did she want to know. She was fighting with Du Yuxuan now. She was certain that if she wanted to see the words on the rock today, she could only use force to convince others.

This Du Yuxuan was a hundred times more annoying than Bai Shuiling.

“Because I’m from the Heavenly Spirit Sect. Elder Du of the Heavenly Spirit Sect is my biological grandfather,” Du Yuxuan said proudly. She did not feel that bullying others was a shameful thing at all. Instead, she was proud of it.

“If I don’t hand over the food, what can you do?”

“Xue Fanxin, I advise you to be obedient, or else...”

“Otherwise what?”

“Otherwise... otherwise...” Du Yuxuan could not seem to come up with a reply. Thinking of that young man’s power and Bai Shuiling’s misery, she was a little afraid.

Du Yuxuan still had to argue with Xue Fanxin. “Otherwise, I’ll let everyone here kill you. We don’t have food, but we’re all cultivators. We won’t die if we don’t eat for ten days or half a month, but if we don’t have water in such a place, forget about ten days, even a day will be difficult.”

Du Yuxuan’s arrogance increased a little. “With one word from me, everyone here will attack you. Because I have water, you’d best listen to my orders obediently, or you’ll suffer.”

Xue Fanxin smiled coldly and ignored Du Yuxuan. Instead, she said to the people present, “If anyone can be the first to step forward and scold this woman, I’ll give them two buckets of water, two catties of rice, and one catty of meat.”

The crowd was shocked. Many people could not react.

The change in events was too sudden and unexpected, so much so that no one could recover for a moment.

A woman stood out and started scolding Du Yuxuan with a hint of nervousness, “You self-righteous sl*t, you always bully others. If you lose your status as the granddaughter of an elder of the Heavenly Spirit Sect, what will you be?”

Someone really stepped forward to scold Du Yuxuan.

Everyone woke up. Only now did they realize what a rare opportunity they had missed. This deal was still very worth it.

“You... you dare to scold me?” Du Yuxuan had not expected someone to really dare to step forward and scold her. She felt embarrassed and furious.

The woman retorted, “So what if I scold you? My brother is about to die of thirst and hunger. If scolding you can get him water and food to save him, it’s very worth it.”

“B*tch, if you have the guts, tell me your name. I, Du Yuxuan, will never let you off.”

“My name is Lan Xinmeng. If you want revenge, just look for me.”

“Alright, then just you wait. Everyone, listen up. Kill that sl*t called Lan Xinmeng.” Du Yuxuan ordered the disciples of the Heavenly Spirit Sect. Her face looked extremely sinister.

Although Lan Xinmeng was frightened, she did not lose her wits. She was prepared to die.

If her death could be exchanged for water and food to save her brother, then it would be worth it.

Chapter 682 Double the Service

How could Xue Fanxin watch the girl, who had stepped forward to help her scold people, be killed? Hence, after Du Yuxuan gave the vicious order, she also said leisurely, “Little Lei, according to the standards you used to entertain Bai Shuiling just now, treat her with double the ‘service’.”

“Got it.” Little Lei was itching to get active. He really could not stand Du Yuxuan’s disgusting face. If not for the fact that Xue Fanxin was still talking to her, he would have attacked long ago.

These people were annoying. All of them were weak, but they still overestimated themselves and went against his master’s woman. Didn’t they know that his master was very powerful?

What Heavenly Spirit Sect and Bai family? Once his master became unhappy, all of them would be finished.

Du Yuxuan was a little panicked now. She retreated and even pushed her junior brothers and sisters out as shields. Unfortunately, it was useless.

“Ah...”

Little Lei casually waved his hand and sent Du Yuxuan flying. The spectators heard Du Yuxuan’s cries which sounded like a pig being slaughtered.

“Ah...” Du Yuxuan fell from the highest point and happened to fall into the hole created by Little Lei. There was a loud bang, followed by dust flying everywhere.

Everyone watched helplessly as Du Yuxuan fell into the hole. No one went forward to save her. Just the thought of it made them feel that Du Yuxuan was in a terrible state, let alone that it was not over yet.

Little Lei gave Du Yuxuan double the treatment. He flashed into the hole and once again kicked her into the sky.

Hearing Du Yuxuan’s tragic cry, the surrounding people were frightened. They swore to themselves: In the future, don’t provoke this young man, or you will be very, very miserable.

Du Yuxuan had been thrown twice and was already unrecognizable. Her clothes were torn, and wounds of all different sizes were clearly visible... However, it was not over yet.

Little Lei then started to release lightning to entertain her.

“Ah...” Du Yuxuan screamed again. Halfway through, she fainted and fell silent.

Little Lei could easily slap Du Yuxuan to death, but he controlled his strength and made her experience all of the pain and torture before fainting.

He then ran up to Xue Fanxin. “Are you satisfied with this outcome? I’ve been merciful. I guarantee that idiot is still alive.”

“Not bad. I’ll roast meat for you later.” Xue Fanxin was not too surprised. After all, she was aware of Little Lei’s strength.

The reason she had let Little Lei do it was that this guy knew how to play. Most importantly, he would not show mercy to women.

If it were Heiyao or Heiran, Du Yuxuan would have lost her life. There would not be such an exciting show for everyone to see.

Before figuring out the rules of the game here, she did not want to kill anyone. Heiyao had already killed one previously, so she could not kill another.

Xue Fanxin took out two buckets of water and some rice and meat and placed them in front of Lan Xinmeng. “You deserve this. Take it.”

“Thank you!” Lan Xinmeng put the things in her storage bag and ran toward her camp. She wanted to save her brother as soon as possible.

Chapter 683 English Again

Lan Xinmeng left with the water and food just like that. No one dared to stop her, including the Heavenly Spirit Sect. They looked at Xue Fanxin, Little Lei, and the others fearfully. Forget about stopping them, they did not even dare to say a word.

“I want to see the words on the rock now, so I hope everyone can make things easy for me. You’re good, I’m good, everyone is good. Actually, I’m an easy person to talk to. I use reason to convince people and etiquette to treat them. If anyone is too uncultured and insists on challenging my bottom line, then I can only apologize.” Xue Fanxin spoke like a king. The aura of a ruler on her made people feel inexplicably respectful.

The people from the Heavenly Spirit Sect did not dare to stop her. They quickly put away the tent that blocked the words carved on the stone.

“Thank you!” Xue Fanxin thanked the two people politely. She then walked over to look at the words on the rock.

Little Lei also went forward curiously. He said excitedly, “Woman, it’s English again. Haha... Tell me what’s written on it.”

“The words mean that we have to kill the rock monsters and obtain 500 stone crystals to open the exit of this desert. Otherwise, we will be trapped here forever.”

Xue Fanxin did not hide anything. She translated the English words on the rock and let everyone know what they meant.

However, just as she finished speaking, someone immediately mocked her. “Nonsense. Little girl, although your background is not small and the people around you have some ability, if you don’t understand, don’t spout nonsense. Do you know how powerful those rock monsters are? Forget about killing five hundred of them, you can’t even deal with one. If you want everyone to die at the hands of the rock monsters, just say it. There’s no need to use this method to deceive others.”

“That’s right. Those rock monsters are too powerful. All of us combined are no match for them. How can we kill them?”

“It’s impossible to kill five hundred rock monsters.”

“Everyone, disperse. Don’t listen to this girl’s nonsense.”

“Let’s go.”

“Woman, you’re being suspected again.” Little Lei was speechless, but his smile was sinister. He looked naughty as if he was waiting to see a good show.

Back in the Second Tomb of the Spacetime Emperor, those people had also suspected what she had translated. In the end?

Anyway, he just had to wait and see.

“It doesn’t matter. I don’t intend to rely on any of them.” After Xue Fanxin found out about the rules of the game, she formed a plan in her heart. From this moment on, she did not care about the lives of those people.

There was no requirement for the number of people, so their lives had nothing to do with her.

If anyone looked more pleasing to her, she would help them. Otherwise, she would let this group of people fend for themselves in the desert.

“Alright! Let’s go back.”

Xue Fanxin stretched lazily, then led her people to their camp.

Heiyao and the others had been following Xue Fanxin. From the beginning to the end, they had no chance to show off, but they did not let their thoughts run wild. However, there were some things they did not understand, so they immediately asked after returning to the camp.

“Your Highness, can you really understand the words carved on that rock?”

“Those messy symbols. I don’t understand any of them.”

“Your Highness, you’ve just come here. I’m afraid you don’t know how powerful the rock monsters are. Not only is every rock monster huge, but they’re all invulnerable. They can’t be killed or knocked down at all. Killing five hundred is impossible.”

It was precisely because they could not do it that those people did not believe the consort.

Heiyue had been trapped in this desert for more than a month and had also fought with rock monsters. She understood their strength.

That was not an existence they could deal with at all.

Chapter 684 Natural Reason

Facing everyone’s doubts, before Xue Fanxin could explain, Little Lei started talking non-stop as if he knew everything.

“The words belong to English, a Western language. The consort happens to know it, so don’t doubt her. Everything she says is correct.

“As for the rock monsters, they might be powerful in your eyes, but for her, they are paper tigers. Only your consort can walk out of this place. Without her, all of you will die here.”

“Is... this true?” Heiyue still did not believe it, but even Little Lei, this arrogant guy, was so confident.

“Heiyue, I guarantee you that it’s true. Remember, you can’t doubt her, ever. Otherwise, you’ll suffer greatly.”

“Er... okay.”

Xue Fanxin smiled helplessly. She was speechless, but his explanation saved her a lot of trouble.

“Heiyue, you should have come in contact with those rock monsters. Tell me about them.”

Although Heiyue was still worried, she did not have a better option. She could only believe Xue Fanxin.

“Your Highness, those rock monsters are twice the size of a human. Their brute force is terrifying and even I can’t withstand a single punch from them. However, it’s strange. Those rock monsters only move outside the sandstone pit. They won’t step in here. That’s why we hid here.”

“Then why didn’t I see them when I came?”

“The rock monsters appear every three days for one hour. Apart from the sandstone pit, the entire desert is filled with rock monsters. Once people encounter them, they will definitely die. We were considered lucky. The first time we met them, we realized that something was wrong and fled. We ran to this sandstone pit and avoided a calamity.”

There were only a few people who were as lucky as them. Many had been killed by the rock monsters when they first arrived in this desert.

About ten thousand people had been sucked into the vortex and came to this huge desert. Now, only a few thousand people remain. People were dying every day.

When something strange happened in the Moon Burial Ridge, everyone thought that a precious treasure had appeared and gathered there. That was why so many people were trapped in this huge desert.

However, these people's deaths were not worthy of sympathy.

Humans died for wealth while birds died for food. This was natural logic.

"When was the last time the rock monsters appeared?" Xue Fanxin asked again.

"Two days ago. If nothing unexpected happens, the rock monsters will appear tomorrow. After mastering the pattern of their appearance, many people will choose to avoid them and travel when the rock monsters are not active. They'll be fine as long as they return here in time."

"Tomorrow? Everyone, have a good rest. There might be a tough battle tomorrow."

No one disobeyed Xue Fanxin's orders. However, their hearts were heavy, especially Heiyue's.

Heiyue had witnessed how powerful the rock monsters were. She did not want to see her brothers take risks, but absolute obedience was the first rule of their Black Shadow Guards. Therefore, even if there was a chance of death, she had to listen to Xue Fanxin's orders.

Chapter 685 Not a Problem For Her

Because of Xue Fanxin's arrival, Heiyue and the others could finally eat and drink their fill, and also sleep in the tent that blocked the wind and sand. They could really relax and rest.

Xue Fanxin even came to check on Little Jiu before resting. She only felt relieved after confirming that he was fine. As for the others... she could not be bothered.

Although killing 500 rock monsters was a huge task, she did not expect anyone else to do it. She could only rely on herself and her companions.

In that case, why should she care about the lives of others?

This was the Third Tomb of the Spacetime Emperor. The game in this tomb was set up for her, so it shouldn't be too difficult.

Once she opened this desert's exit, she would definitely let her people out first. If others dared to act recklessly, she would destroy them.

Therefore, what she had to do now was... sleep, recuperate, and fight monsters tomorrow.

Only after Xue Fanxin entered her tent did the people from the Heavenly Spirit Sect dare to save Du Yuxuan.

They thought that Du Yuxuan would not survive after being beaten up so miserably by that young man. But she was still alive. At the very least, she would not die.

However she had suffered serious injuries. One of her limbs had been broken, and not a single part of her body was free from injuries. She was covered in injuries of all sizes, and her face was badly swollen.

It was admirable that she had not died.

Du Yuxuan woke up after half a day had passed. The first thing she did was fly into a rage. She vented her anger on her senior brothers and sisters and scolded them.

“What are you all doing? You just stood by and watched me getting beaten. No one helped me. Did you want me to die? When we return to the Heavenly Spirit Sect, I’ll make you all suffer.

“What did my grandfather tell you? He wanted you to use your lives to protect me, but what did you do?”

“What are you waiting for? Get me some food. Do you want me to starve to death? You useless people make me so angry.”

Du Yuxuan could only use her mouth to scold them. After getting thrashed, she felt an inexplicable fear upon thinking of Xue Fanxin and the powerful young man. When she woke up, she did not even dare to talk about them, but she hated them in her heart.

When she returned to the Heavenly Spirit Sect, she would definitely make her grandfather take revenge for her.

No matter who Xue Fanxin was, she wanted to tear her apart.

A woman who was on good terms with Du Yuxuan fanned the flames. “Senior Sister, according to Xue Fanxin, the words on the stone mean that we have to kill 500 rock monsters and take 500 stone crystals to open the exit of this desert. Don’t you think it’s ridiculous?”

“She even has the cheek to say such things. How ridiculous. 500 rock monsters. Even if all of us die in battle, we won’t be able to do it. She...” Du Yuxuan was about to say something to insult Xue Fanxin, but for some reason, the words got stuck in her throat. Her mind was filled with the scene of her being tortured by that young man.

Because of her fear, she did not dare to say anything.

If her words were heard by others and reached Xue Fanxin’s ears, wouldn’t she be in trouble again?

Before leaving this desert, she would not provoke Xue Fanxin. She would settle all her scores afterward.

Chapter 686 Giant Rock Monsters

There was no night in this desert. Everyone woke up naturally after getting enough sleep. Xue Fanxin was the same.

Everyone in the sandstone pit knew that it was time for the rock monsters to appear, so they stayed in their territory. At most, they would move around in the sandstone pit.

But there was one exception.

Xue Fanxin learned the exact time the sandstone monsters appeared from Heiyue. When the time was up, she left the sandstone pit and went to a nearby place.

Initially, she planned to investigate the situation alone, but Heiyao, Heiran, Heiyue, and the other Black Shadow Guards insisted on following her. She spent a lot of effort to persuade Heiyue and the others to only bring Heiyao and Heiran out. Of course, Little Lei could not be excluded.

Many people mocked her secretly, especially Du Yuxuan. She hoped that Xue Fanxin would die in the hands of the rock monsters.

“How reckless.”

“Sigh... Young people nowadays are too impulsive and reckless.”

“A newborn calf is not afraid of a tiger!”

Old Man Yin Feng ran out and said coldly, “Hmph, this is courting death. She deserves to die. She’s not worthy of sympathy.”

Heiyue became furious. She could not help but roar at them. “All of you, shut up. If anyone dares to speak nonsense again, I’ll cut out your tongue.”

The Black Shadow Guards beside her all released warning stances. They were like wolves and tigers, scaring the crowd into silence.

Xue Fanxin had no idea what was happening here. She had left the sandstone pit but was only moving around the edge. Once there was an insuperable¹ danger, she would retreat and try her best to protect herself and her companions.

“Your Highness, those rock monsters are about to appear. You can still change your mind. Let me do such a dangerous thing. You don’t have to take the risk yourself.” Heiyao had already advised Xue Fanxin more than once, hoping that she could return.

Unfortunately, his persuasion was useless.

“Heiyao, how many times have I told you that I have to do this myself? Otherwise, everyone will likely be trapped here for the rest of their lives. Although I brought quite a lot of water and food, the amount is limited. We can’t stay in the sandstone pit and wait for death...” As Xue Fanxin spoke, she suddenly saw a pile of sand start rising up in front of her as if something was about to emerge from the ground.

Soon, the sand condensed into a human form and turned into an incomparably hard rock monster.

Just as Heiyue had said, the rock monster was twice as tall as a person. Just by looking at it, one could tell that its brute force was extremely great. There were no facial features on its face but there was a red dot on its forehead that emitted a red beam of light, like an infrared ray. Wherever the giant looked, the red beam of light would sweep the area.

“Is this the rock monster?” Xue Fanxin stood to the rock monster’s side and studied it, wanting to find some clues.

Unexpectedly, the rock monster looked in her direction. Then, a red beam of light shot out of its forehead and shone directly at Xue Fanxin.

Chapter 687 Rock Army

Xue Fanxin did not know what the red beam of light was. Her intuition told her that it was extremely dangerous, so she dodged it and reminded her companions. “Get out of the way. Don’t get hit by the light.”

Heiyao and Heiran were experienced people and were quite agile. Furthermore, they were prepared, so with the reminder they quickly dodged the red beams.

There was no need to mention Little Lei. He could easily dodge the red beams.

However, what happened next was unexpected.

In the beginning, there was only one rock monster and one red beam. No matter how fast it was, it was not a problem.

However, a few more rock monsters appeared in the surroundings. Their numbers kept increasing. From the original one, two, three, to finally ten, there was a huge commotion. Presumably, other rock monsters were approaching.

“Your Highness, there are too many rock monsters. Let’s retreat.” Heiyao wanted to protect Xue Fanxin, but he was unable to. The speed at which those rock monsters shot out red beams was too fast. They could also launch attacks. Every punch and kick carried destructive power, and it was not something that humans could resist. Therefore, they could only avoid a head-on confrontation.

However, dodging like this could only keep them safe. They could not do anything else.

Little Lei was the one with the greatest brute force among them. He failed to defeat a rock monster with his full strength and could not even injure it. Instead, he had beaten his hand until it hurt. It could be seen how powerful their foes were.

They had never dealt with the rock monsters before. They thought that with their ability, as long as they joined hands, they should be able to defeat them. Now, it seemed like they were dreaming.

“Your Highness, these rock monsters are too powerful and their numbers are increasing. If we don’t retreat to the sandstone pit, I’m afraid it will be dangerous,” Heiyao advised Xue Fanxin.

Heiran realized that the situation was serious and advised her, “Your Highness, there are five more rock monsters over there. Let’s withdraw.”

“You guys leave. I’ll stay.” Xue Fanxin nimbly scuttled among the dozen or so rock monsters, evading their red beams and attacks. She was almost hit a few times, and she also attacked the rock monsters many times, but it was useless. Even the Reverse Spirit Art didn’t do anything.

This rock monster was extraordinarily hard. It was even harder to fight than the Asura sacrificial soldiers from before.

The Asura sacrificial soldiers could not be killed, but they could be knocked down. These rock monsters were practically undefeatable.

The rock monsters seemed to have sensed something. The rock monsters that were running around everywhere knew that something was going on here, so they all rushed over, causing their numbers to swell. The rock monster army was densely packed, with at least tens of thousands of them.

“Your Highness, let’s go.” Heiyao couldn’t care less. He rushed in front of Xue Fanxin and ordered Heiran, “Take the consort away.”

Heiran knew the seriousness of the matter. The most important thing now was to protect Xue Fanxin. She listened to Heiyao's orders and planned to forcefully take her away.

Chapter 688 Run Quickly

Translator: Henyee Translations

Editor: Henyee Translations

The power and number of rock monsters far exceeded Xue Fanxin's expectations. Things were completely out of her control, so when she saw the densely packed rock monster army, Xue Fanxin was also in a mess. Although she had already noticed some small details about the rock monsters, the most important thing now was to ensure her companions' safety.

"Heiyao, retreat immediately. I'll retreat too. Quickly."

The rock monsters could wait three days before fighting, but her companions only had one life. She could not let her companions sacrifice themselves to study those rock monsters.

In order to let everyone live, Xue Fanxin could only give up on the chance to study the rock monster and quickly retreat to the sandstone pit.

Only if she retreated would Heiyao and Heiran retreat. Otherwise, they would rather die in battle than escape first.

Seeing that Xue Fanxin was really retreating towards the sandstone pit, Heiyao and Heiran were relieved and quickly retreated.

But at this moment, a red beam shot out by a rock monster shot at Heiyao.

Heiyao was shocked. He had thought that even if he did not die from the red light beam, he would be heavily injured. Unexpectedly, he was completely fine. Even his clothes were intact, let alone him being uninjured.

What was going on?

Just as Heiyao was confused, the rock monster that had shot out the red light beam and hit him suddenly went crazy. It attacked Heiyao crazily, and its movements were extremely agile. Although it was a large rock person, it was even more agile than Heiyao. It was extremely fast and powerful.

Heiyao was no match for this rock monster at all. He could not even withstand a single move, so when the rock monster attacked crazily, forget about resisting, Heiyao could not even dodge.

Seeing that the rock monster was about to kill Heiyao with a punch, at the critical moment, Xue Fanxin suddenly rushed forward and jumped onto the rock monster's shoulder. She used the dagger in her hand to stab the rock monster's head with all her might. At the same time, she immediately used the time law to make the rock monster stay still. Then, she cut open the entire head of the rock monster as quickly as possible and found a thumb-sized red stone crystal.

When the stone crystal was dug out, the time rule disappeared and the rock monster collapsed and died.

"Your Highness... is so powerful..." Heiyao and Heiran looked at Xue Fanxin in shock. They had not expected her to deal with a rock monster alone.

They had always thought that the consort was very weak. After all, she was only a Spirit Master.

But now, they realized that the consort was much stronger than they had imagined.

“What are you waiting for? Quickly run!” Xue Fanxin had used all her strength to deal with one rock monster, but there were still thousands of them charging towards them.

This situation was not something they could deal with at all. They could only return to the sandstone pit first.

With Xue Fanxin’s reminder, Heiyao and Heiran returned to their senses in time. They saw that the rock monsters in front of them were shooting countless red beams at them again, but they did not waste time dodging these red beams. They allowed the red beams to shoot at them and ran towards the sandstone pit with all their might. In just a few blinks of the eye, they had already run to the edge of the sandstone pit. Then, they jumped down directly without using any light body kung fu technique.

It was not that they did not use light body kung fu, but they did not have time to use it.

Xue Fanxin was the same. She jumped into the sandstone pit almost at the same time as Heiyao and Heiran.

As for Little Lei, he had returned to the sandstone pit before everyone else.

Chapter 689 Sneering

Because they did not use their light body kung fu and jumped down directly, Xue Fanxin, Heiyao, and Heiran were in an extremely sorry state when they jumped into the sandpit. They rolled a few times in the sand before stopping. They lay in the sand, and their bodies were covered in sand. They looked like dirt people and were in a sorry state.

The group of people in the sandstone pit had been waiting to see Xue Fanxin make a fool of herself, so when they saw Xue Fanxin escape in a sorry state, many of them could not help but laugh.

“Just now, they were still shamelessly saying that they wanted to fight the rock monsters. In less than fifteen minutes, they all fled. The Black Shadow Guards of the Ninth Lord’s Estate are only so-so.”

“Some people are just too self-righteous and overestimating themselves. Now, you know your place, right?”

“Hmph... You said that you wanted to kill 500 rock monsters. You don’t even have the strength to deal with them yourself, yet you still have the cheek to ask us to kill them. You have ulterior motives.”

“All of you, shut up, or I’ll cut out your tongues.” Heiyue had long run over to help Xue Fanxin stand up from the sand. She was relieved after making sure that she was fine, but the mocking words of the people around her made her very displeased, so she roared angrily.

Even with Heiyue’s angry roar and warning, the surrounding people were still muttering and mocking. Anyway, when they saw Xue Fanxin’s miserable appearance, they felt happy, especially Du Yuxuan. Even if her limbs were broken, she still made sure to be carried out to see Xue Fanxin’s miserable state.

Bai Shuiling also came out to take a look, but she did not mock Xue Fanxin like the others. She only watched quietly, as if she was looking at something that had nothing to do with her. She did not have much emotion and returned to the tent after taking a few looks.

Old Man Yin Feng was gloating, but he was also a little disappointed because Xue Fanxin had not died at the hands of the rock monsters.

This damned girl was really lucky. She was still alive and it was really depressing.

Xue Fanxin had jumped down from above just now. Because she had not used her light body kung fu, she had fallen a little miserably. She had eaten a lot of sand and took a long time to recover.

However, she had heard the cold mockery of the people around her clearly. Now, she could obviously see it. Du Yuxuan and Yin Feng's gloating expressions could not be any more visible. They wanted her to die as soon as possible.

"I, Xue Fanxin, am very lucky! It's not that easy to kill me."

"Woman, woman, at the last moment, I saw you kill a rock monster and even take something from its head. What is that? Quickly let me see it." When Little Lei had jumped back into the sandstone pit, he was not as sorry as Xue Fanxin. There was no dust on his body at all. He was only thinking about the scene of Xue Fanxin killing the rock monster at the last moment and was very impressed.

He knew better than anyone how hard those rock monsters were. Even he could not break them, let alone others.

However, this woman could cut open the rock monster's head and take out the thing inside. She was too powerful.

He had to see what was in that rock monster's head.

As Little Lei's words sounded, the expressions of the people, who had been laughing and watching Xue Fanxin, froze.

Had they heard wrong?

Xue Fanxin had killed a rock monster... How was that possible?

This was impossible. How could Xue Fanxin, a weakling in the Spirit Master Realm, kill the rock monster?

Chapter 690 Ordinary Crystal

Xue Fanxin did not think too much about it. It had been very difficult for her to kill the rock monster just now. If not for the dagger Ah Jiu had given her, she would not have been able to cut open the rock monster's head and take out the stone crystal inside.

Furthermore, before choosing to attack the rock monster's head, she was not very sure if the stone crystal was in it... Fortunately, her guess was correct. Otherwise, once the time rule disappeared and she had not knocked down the rock monster, she would be in trouble.

"This is the stone crystal in the rock monster's head." Xue Fanxin took out the stone crystal for everyone to see. At the same time, she studied it carefully and realized that this red stone crystal was actually

nothing special. It was like a red diamond, completely unlike other crystals that had spirit energy fluctuations. To cultivators, this was a useless crystal.

However, this red crystal was very hard and difficult to break.

“Your Highness, this crystal doesn’t seem to be anything special. It’s inferior to the lowest-grade green crystal. There’s no spirituality at all. It’s just a good-looking and hard crystal.” Heiyao also saw that the red crystal was ordinary and was a little disappointed.

He had thought that the crystal taken from that powerful rock monster would be incomparably precious. Unexpectedly, it was only an ordinary crystal without any spirit energy.

Was this the crystal they had risked their lives to obtain?

Not many people would believe that 500 of these crystals could open the exit of this desert.

“It’s just a lousy crystal without any spirit energy. Woman, are you sure that this crystal is what was taken out of the rock monster’s head? Did you take the wrong one?” Little Lei did not believe her.

Those rock monsters were too powerful. How could the thing in their heads be ordinary?

However, this woman was closely related to the tomb of the Spacetime Emperor. If she said that this crystal could open the exit here, then it must be possible.

“I didn’t take the wrong one. It’s this one. Who cares? Anyway, we’re going to collect 500 of these red crystals next, so work hard. I made a huge discovery today. I’ll tell you slowly when we get back to the camp. Let’s go.” Xue Fanxin did not care about others’ thoughts and opinions. She only needed to be sure of herself.

Although this red stone crystal was very ordinary, she was certain that this was the key to opening the exit of the desert.

Unfortunately, she had to collect 500 of them to open the exit.

Those rock monsters were not ordinary and were difficult to kill. She had used all her strength to kill one today, but the rock monsters only appeared once every three days. Every time, they only appeared for an hour... She really did not know when she would be able to finish killing five hundred rock monsters.

It did not matter. She already had some understanding of the rock monsters and knew how to kill them. The next time she fought, she would definitely be able to kill more rock monsters.

Xue Fanxin returned to the tent and immediately entered the Reverse Spirit Heaven Wheel’s space. She cleaned herself up and came out as soon as possible.

There were too many people here. If some people with ulterior motives discovered that she had disappeared into thin air, it would more or less attract some unnecessary trouble. Therefore, she had better not run into the space during this period of time. If there was anything, it was best to let her soul enter the space, and not let her physical body enter.

Even if Xue Fanxin had only stayed in the Reverse Spirit Heaven Wheel's space for fifteen minutes, washed up briefly, and come out after changing into clean clothes, her disappearance had still been noticed by some people.

When Xue Fanxin entered the Reverse Spirit Heaven Wheel Space and came out again, the man who had come to ask Xue Fanxin for porridge opened his eyes, which were closed, and looked at the tent Xue Fanxin was living in. His eyes revealed a faint light.

There were not many portable spaces that could allow living people to enter and leave so freely.
