

## Physicist 691

### Chapter 691 Strange Person

Xue Fanxin left her tent and was about to talk to everyone about her gains today. Unexpectedly, just as she left the tent, she met the man who had asked her for porridge previously.

She had a very strange feeling about this man, as if she was afraid of him, but she could not help but want to approach him at the same time. Even she did not understand what was going on.

“It’s you! Are you here to look for me?” Xue Fanxin took the initiative to greet him. Her attitude was very friendly, and she had no intention of deliberately pleasing the other party, she was just speaking as if she was talking to an ordinary friend.

The man’s deep eyes stared at Xue Fanxin, as if he was sizing her up, but he hid it very well. He said in a calm and vaguely superior tone, “I want to ask you for something.”

“What is it? Water or food?”

In Xue Fanxin’s opinion, what the man wanted from her was nothing more than water and food. After all, these two things were what the desert lacked the most.

However, the outcome was unexpected.

The man shook his head and said bluntly, “Previously, you took out a leaf to save that subordinate. I want the same leaf.”

“What did you say?” Xue Fanxin was shocked. She had not expected the man to make such a request. Although he did not say that he wanted the leaf of the Tree of Life, the meaning in his words was clear.

When she saved Little Jiu, she had indeed used a leaf from the Tree of Life, but she had done it very secretly. Even Heiyue and the others did not know that she had used the leaf of the Tree of Life to save Little Jiu. They had not even seen the shadow of the leaf. How had this man found out?

“Don’t worry. I don’t mean anything else, nor will I ask for more from you. I just want a leaf. Similarly, I’ll give you something of equal value in exchange.”

Xue Fanxin knew that she should reject the man’s request, but she nodded in confusion and agreed instead. “Alright, I’ll give you a leaf.”

“Then, thank you!”

Xue Fanxin did not say anything else. She let her divine sense enter the Reverse Spirit Heaven Wheel’s space and plucked a leaf from the Tree of Life. Then, she brought it out of the space and handed it to the man.

After the man took the leaf from the Tree of Life, he took a look and revealed a mysterious smile. “It’s indeed it.”

He had not expected someone in this world to be able to plant the Tree of Life. This girl was not simple.

“You know what leaf this is, right?” Xue Fanxin asked, not saying that it was the leaf from the Tree of Life.

“Yes, I know what leaf it is. I’ll take the leaf and I’ll give you something of equal value in three days’ time.” The man did not say much to Xue Fanxin after that. He put away the leaf of the Tree of Life and turned to leave, but after taking two steps, he stopped and turned back slightly to say to Xue Fanxin, “In the future, don’t pluck this thing and give it to others. Otherwise, everyone in the world will know that you have a tree planted on you.”

It was obvious that the leaf had just been plucked from the tree. If someone who knew their stuff found out and investigated, the outcome would not be pleasant.

Hearing the man’s reminder, Xue Fanxin realized that she had neglected this serious detail. Just as she was about to thank the man, she realized that he had already disappeared.

“What a strange person.”

This person knew that there was a Tree of Life planted in her body. She hoped that he would not be greedy.

However, she would always inexplicably believe this strange man and believe that he had no ill will or greed towards her.

#### Chapter 692 All You Know Is Eating

Xue Fanxin was already very certain that the man who had asked her for porridge and the leaf must be a hidden expert. To be precise, he was an expert in trouble.

If he was not an expert, how would he know that she possessed the Tree of Life?

She hoped that this man was not an enemy.

“Your Highness, what are you doing standing outside alone?” Heiyue saw Xue Fanxin standing outside as if she was in a daze when she left the tent, which is why she asked.

“It’s nothing. I was just about to tell everyone what I obtained from investigating the rock monster. Call everyone over. I have something to say.” Xue Fanxin did not tell Heiyue what had just happened. She instructed her before returning to her tent.

Heiyue followed her orders and called everyone over to Xue Fanxin’s large tent.

“Woman, woman, why did you call us over? Is there food?” Little Lei rushed into Xue Fanxin’s tent and shouted to eat the moment he entered. He was indeed a true glutton.

As for the little white tiger nestled in Little Lei’s arms, it was especially excited. Clearly, it was also thinking about food... This was another little foodie.

Ever since they had tasted Xue Fanxin’s porridge and dishes last time, Heiyao, Heiran, and the others had become addicted to them. Just the thought of that extreme delicacy made them salivate.

In the past, they had never had much thought about food. They did not even want to think about it and only ate a little occasionally. Especially when they were carrying out missions outside, they mostly just ate roasted beast meat when necessary.

But now, they suddenly felt that eating could actually be a beautiful thing.

They seemed to remember that the consort had once said that she wanted to treat everyone to a feast. When would they be able to eat this feast?

“Eat, eat, eat. All you know is to eat. Be careful not to become a little fatty.” Xue Fanxin rubbed Little Lei’s head. Her feelings for this ‘brother’ were getting deeper and deeper.

Anyway, Little Lei was her younger brother.

“Tch, my stomach can eat an entire mountain. How can I become fat? Woman, woman, when will you fulfill the ten feasts you promised me?” Little Lei was depressed at the thought of his ten distant feasts.

If possible, he really wanted to finish all ten meals in one go.

“We’ll talk when I have time.”

“Then when are you free?”

“I don’t know.”

Hearing this answer, Little Lei almost collapsed speechlessly.

Heiyao, Heiran, Heiyue, and the others had already come to the tent. Seeing that Xue Fanxin and Little Lei were chatting happily, they did not disturb them. They only spoke after Xue Fanxin was done laughing.

“Your Highness, I’ve already called everyone over.”

“Very good. Everyone, sit down. I want to tell you about the next plan,” Xue Fanxin said as she took out a tea set from her space and brewed a pot of flower tea to share with everyone.

Heiyao and the others already understood Xue Fanxin’s carefree personality, so they did not stand obediently but sat down to drink tea.

They had already understood from Little Lei that the thing Xue Fanxin took out was definitely a good item. Even a cup of tea was not simple, so... everyone looked at the tea Xue Fanxin poured out and stared intently, afraid that their cup would be snatched away.

Others might not do such a childish thing, but Little Lei could definitely do it.

Hence, after getting the tea, it was best to drink it quickly.

Chapter 693 A Difficult Mission

Xue Fanxin carefully brewed a pot of tea so that everyone could drink one or two cups. Then, she started to talk business.

“After coming into contact with the rock monsters this time, I discovered quite a few things. Firstly, their bodies are abnormally hard and can be said to be indestructible. They are not something that ordinary brute force or sharp weapons can hurt. Secondly, rock monsters have a special way of communicating with each other. As long as one rock monster finds the target, the other rock monsters will come after hearing the news.”

“Woman, they’ve long noticed what you’re talking about,” Little Lei suddenly said leisurely as he drank his flower tea. After saying that, he immediately lowered his head and continued to drink his tea, not daring to expose Xue Fanxin anymore.

Heiyao and the others did not dare to speak nonsense. Even if Xue Fanxin’s discoveries were not new to them, they listened carefully. After all, the person who killed the rock monster in the end was their consort, not them.

Xue Fanxin could not be bothered to argue with Little Lei and continued speaking, “You should have noticed that the red light beam emitted by the rock monster is actually not lethal. Do you all have such thoughts now that when you encounter the rock monster in the future you don’t have to dodge that red light beam?”

“Yes. Since that red light beam is not lethal, why should we still dodge it so painstakingly? If we encounter rock monsters, just dodging their attacks is already barely enough. If we still want to dodge that red light beam, I’m afraid not many people can do it.

“Therefore, when everyone encountered the rock monsters previously, they did not deliberately dodge those red light beams. They only tried their best to avoid the rock monsters’ attacks.” Heiyue was the one who knew the most about the rock monsters among everyone here and she also knew a little about the red light beam.

When they first encountered the rock monster, they had indeed tried their best to avoid the red beam. Later, they realized that the red beam was not lethal, so they did not take it to heart and casually let the red beams shoot at them.

“Then you’re wrong.” Xue Fanxin took out the red crystal and said as she looked at it, “That red light beam indeed doesn’t have any lethality, but it has a very strong locking function. Once you’re illuminated by the red light beam, you’ll be locked onto by the rock monster. After the rock monster locks onto the target, it will carry out an even more accurate and powerful attack and will also transmit information to its companions. Under such circumstances, unless you’re lucky enough to escape to the sandstone pit, you’ll definitely die.”

Hearing Xue Fanxin’s words, everyone came to a realization and understood why Heiyao had been attacked by the rock monster in the end.

Heiyao had been locked onto the red beam, which was why the rock monster had launched an accurate and powerful attack at him.

Furthermore, the various facts from before proved that the consort was right.

Xue Fanxin continued speaking, “That red light beam is equivalent to a human eye and it can discover the target. If you aren’t locked onto by the red light beam, the rock monster isn’t able to accurately

determine the target's location. It only has a little sense of direction, so in the beginning, the rock monster fought randomly.

"There weren't many rock monsters in the beginning. As long as we hurry up and kill the rock monsters that appear as soon as possible, we can prevent the siege of the rock monster army from happening. However, the most important thing is that the rock monsters are too hard. Even Little Lei can't shatter them, so in the following battle, you can only be spectators."

Only the dagger in her hand could cut open the rock monsters' heads. The Xue You Sword should be able to do the same, but only she could use these two weapons. Therefore, she had to kill the five hundred rock monsters alone.

This was really a difficult task!

Chapter 694 This Is an Order

When Xue Fanxin suggested fighting alone, Heiyao, Heiran, and Heiyue strongly objected, because they could not let the consort fight alone.

They were Black Shadow Guards. No matter what happened, especially during dangerous battles, they should be at the front. How could they watch their master fight from the side?

"You'll only die if you go, and you'll even drag me down. Therefore, I'll go to the battle in three days' time alone. At most, you can only watch from the edge of the sandstone pit. If anything goes wrong, immediately jump back into the sandstone pit."

"Your Highness..."

"That's an order."

With this order, Heiyao and the others had nothing to say.

Forget it. At that time, they would watch the battle from the edge of the sandstone pit. If the consort was in danger, they could save her in time.

"Alright, I'm going to rest. All of you can leave."

"Yes."

When everyone left, Xue Fanxin heaved a sigh of relief. She admired and yet felt helpless towards these loyal and stubborn subordinates.

She really did not know how Ah Jiu had trained these people. All of them were so outstanding.

Forget it. Anyways, as long as she fought a few more times and showed them her ability, they would probably be relieved.

The rock monsters would only appear again in three days. In other words, she had three days to rest.

"Forget it, I'm going to sleep." Xue Fanxin lay on the bed and planned to have a good sleep first. As for everything else, she would think about it when she woke up.

When Xue Fanxin was sleeping soundly, some people could not even eat.

Du Yuxuan was still depressed that Xue Fanxin had not been killed by the rock monster. When she returned to her tent, she flared up at her senior brothers and sisters and scolded them.

At this moment, Old Man Yin Feng came to talk to Du Yuxuan in private.

“Miss Du, I’m not afraid to tell you the truth. With the ability of the Nine Cloud Palace, it’s not difficult to destroy the Heavenly Spirit Sect. If the people of the Heavenly Spirit Sect find out that you provoked the Nine Cloud Palace and the wife of the Palace Master of the Nine Cloud Palace, I’m certain that your Sect Master will definitely send your head to the Nine Cloud Palace in exchange for the safety of the Heavenly Spirit Sect.”

“What... what did you say?” Du Yuxuan was frightened by Old Master Yin Feng’s words and panicked.

The Heavenly Spirit Sect was one of the three great sects of the Mystic Realm. It had a heritage of thousands of years and the Nine Cloud Palace was not even ranked. Even if it had a good reputation over the years, she had never thought that the Nine Cloud Palace had the ability to resist the Heavenly Spirit Sect.

Because of this, she was not afraid of those from the Nine Cloud Palace, nor did she take Xue Fanxin, the wife of the Palace Master, seriously. She even thought that when she returned to the Heavenly Spirit Sect, she would definitely get her grandfather to fight back on her behalf.

If the truth was as Old Man Yin Feng said, wouldn’t she be in a terrible state?

The more Du Yuxuan thought about it, the more panicked she became. Thinking of what Old Man Yin Feng had done previously, she questioned him unhappily, “Then why did you still dare to injure the people from the Nine Cloud Palace? Although I asked you to do this, since you know how powerful the Nine Cloud Palace is, why did you still provoke them?”

“Previously, we were trapped in this desert and I had a favor to ask of Miss Du. I thought that those people from the Nine Cloud Palace most likely could not leave this place alive, so I made such a choice. Now that the wife of the Palace Master of the Nine Cloud Palace is here, I feel that she is a variable. If she leaves alive with these people from the Nine Cloud Palace, you and I will be finished.”

The Nine Cloud Palace was indeed not to be trifled with, and the Lord of the Nine Cloud Palace was even more so not to be trifled with.

However, he had already provoked this person. He had to think of a way to resolve the matter as soon as possible.

Chapter 695 This Plan Will Do

Du Yuxuan did not doubt Old Man Yin Feng’s words at all. She believed him completely. Because of this, she became more and more panicked and afraid.

If the Heavenly Spirit Sect was really unable to resist the Nine Cloud Palace, the Sect Master would definitely sacrifice her in exchange for the safety of the sect. At that time, even her grandfather would not be able to protect her.

No, she would not allow things to develop to that extent.

“Old Man Yin Feng, you must have a countermeasure for coming to me to say this, right? Tell me. If it works, I’ll definitely support and cooperate with you.”

“Miss Du is indeed straightforward. Actually, I don’t have any good countermeasures. I only have one goal, and that is to kill everyone from the Nine Cloud Palace here.”

“Isn’t that obvious? Of course I know that those people have to die here, but the problem is how to make them all die here. Not only that, but there are also thousands of people who have to be silenced. Unless you can let those people from the Nine Cloud Palace die in an accident and make them die without having anything to do with us, even if they all die here, the matter can’t be hidden.” Du Yuxuan was not too stupid. After learning how powerful the Nine Cloud Palace was, she realized many things.

Of course, most people would be able to think about this. It was no big deal.

Old Man Yin Feng naturally knew how to do this. He smiled sinisterly and said, “I have a strange colorless and odorless poison here. As long as a person touches a little, the spirit energy in their body will gradually dissipate after two days. In the end, they won’t be able to gather spirit energy, but that’s the only effect it has. It can’t kill people. However, even an Earth-level alchemist can’t sense this poison. Even a high-level poison master might not be able to discover it. Therefore, even if you poison them, you won’t leave any traces.”

“This poison can’t kill people. So what if it’s mysterious? Don’t forget that we want the lives of those from the Nine Cloud Palace,” Du Yuxuan said ferociously. She wished she could tear Xue Fanxin into pieces and grind her bones into dust.

“Little girl, don’t be anxious. Let me finish.” Old Man Yin Feng’s smile became even more sinister. His evil appearance was like a poisonous snake. “That Xue Fanxin will definitely go and fight the rock monster in three days. If her spirit energy dissipates at that time and she can’t gather spirit energy, what do you think the outcome will be?”

“Needless to say, she will be killed by the rock monsters...” At this point, Du Yuxuan suddenly came to a realization.

So this was Old Man Yin Feng’s plan.

If this poison was really that magical, then this plan could work.

Old Master Yin Feng knew that Du Yuxuan already knew his plan, so he handed her a small medicine bottle. “I’ll leave the poisoning to Miss Du.”

“Why me?” Du Yuxuan asked unhappily.

“Because you can come into contact with Xue Fanxin more easily than me. You don’t have to consume this poison. As long as you put it in the air, everyone within thirty feet will be poisoned. You can find an excuse to cause a ruckus with Xue Fanxin. It’s enough as long as you can come into close contact with her.”

“You can do such a thing too.”

“I’m an old man and an elder. No matter what method I use to approach Xue Fanxin, it will make people suspicious. Didn’t you have a conflict with Xue Fanxin previously? Actually, you can use this matter to

make a fuss, such as settling scores with Xue Fanxin. Of course, it's just for show. You can leave after saying a few words in a rage. As long as you open the medicine bottle when you speak and wait for about ten breaths, it'll be enough."

Du Yuxuan was originally a little resistant and did not want to do this, but after hearing Old Master Yin Feng's words and coupled with her hatred for Xue Fanxin, she finally agreed to Old Master Yin Feng and did as he said.

Anyway, this poison would not leave any traces, nor would it take her life. In the end, Xue Fanxin would die at the hands of the rock monsters... In that case, Xue Fanxin's death could not be blamed on her.

Chapter 696 What an Idiot

Xue Fanxin woke up in high spirits, but she was very hungry. Hence, she washed up briefly and prepared to cook.

But at this moment, Du Yuxuan's curses sounded from outside the tent.

"Xue Fanxin, you sl\*t. Get the hell out here."

Not only did Xue Fanxin hear Du Yuxuan's curse, but the people in the other tents also heard it. Even the unrelated people stationed around heard her curse and came out to watch the commotion.

Heiyue was the first to rush out. When she saw Du Yuxuan, she was annoyed and scolded her angrily, "Du Yuxuan, it looks like the lesson you received last time hasn't made you learn. I have to teach you a lesson today."

"You dog slave, stop showing off in front of me. Get lost." Du Yuxuan scolded fiercely, but she was actually very nervous. Her hands were trembling. She had wanted to open the medicine bottle hidden in her sleeve the moment she saw Heiyue, but because her hands were trembling badly, she took a long time to open the bottle. Furthermore, the bottle almost fell out.

Old Man Yin Feng had been watching from afar. When he saw that Du Yuxuan had almost dropped the medicine bottle, he was very nervous. Fortunately, the bottle did not fall, and things went quite smoothly.

When Du Yuxuan scolded Heiyue and opened the medicine bottle, Heiyao and Heiran also came out. There were also other Black Shadow Guards. These were all Heiyue's subordinates. All of them glared fiercely at Du Yuxuan, their gazes so terrifying that they could almost tear her apart.

Du Yuxuan was quite frightened and regretted agreeing to Old Man Yin Feng's request. However, she had no choice but to do it now. Therefore, no matter how regretful, nervous, or panicked she was, she had to finish what she was doing.

None of the senior brothers and sisters who had come with Du Yuxuan dared to speak carelessly. They only waited by her side.

At this moment, Xue Fanxin walked out of the tent and asked coldly, "Who is the dog slave scolding?"

"Dog slave is scolding your unruly subordinates." Du Yuxuan did not even think about it. She was excited to see Xue Fanxin, so she spoke without thinking.

Xue Fanxin chuckled and said, "Yes, yes, yes. It's you who scolded my unruly subordinates."

Hearing this, Heiyao, Heiran, and the others all laughed.

"Haha..."

"Haha... Someone actually called herself a dog slave. How stupid!" Little Lei carried the little white tiger out of the tent and spoke coldly the moment he came out, looking like he was not afraid even if the sky collapsed.

Not only that, but the surrounding crowd was also secretly mocking Du Yuxuan's stupidity.

Du Yuxuan finally reacted and was furious. However, she had not forgotten the purpose of her trip. Calculating the time, it was about time. Although she was still very angry, she had to retreat because it was time. "Xue Fanxin, I can't win against you now, but don't be too smug. When I leave this place and return to the Heavenly Spirit Sect, you'll suffer.

"Let's go. We won't waste our energy on such a person."

She... she was leaving just like that?

The other disciples of the Heavenly Spirit Sect were confused. They had not expected Du Yuxuan to swallow her anger and leave just like that.

Based on Du Yuxuan's personality, she would not stop until she caused a ruckus.

Could it be that she was afraid because of what had happened previously?

Who cared about her! Anyway, they just had to listen to Du Yuxuan and do their job. As for the outcome or consequences, that was not their business.

#### Chapter 697 All Poisoned

Du Yuxuan suddenly left, making Xue Fanxin and the others feel very puzzled.

She had clearly come aggressively and looked like she was about to go all out, so why had she stopped after just a few words?

Perhaps Du Yuxuan was really afraid of being beaten up.

Xue Fanxin did not think too much about this. Anyway, Du Yuxuan had already left, so she could not be bothered to argue with a crazy woman. Just as she was about to go back and cook her own meal, she sensed something strange the moment she turned around.

There seemed to be something strange in her body. Although it was very subtle and almost undetectable, because she is a doctor with superb medical skills and a peerless poison master, it would be really sad if she didn't even know that she had been poisoned.

When she realized that there was poison in her body, Xue Fanxin did not panic. Instead, she carefully recalled what had just happened and quickly guessed the truth.

The person who had poisoned her was most likely Du Yuxuan.

The purpose of Du Yuxuan coming to cause trouble for her this time was not to settle scores, but to poison her. Therefore, after successfully poisoning her, Du Yuxuan left so straightforwardly that it did not match her personality.

“You really overestimated yourself,” Xue Fanxin mocked her secretly. She did not say anything but said to the others, “I’m now prepared to make a feast to share with everyone. Come and help me. Not only Heiyao, Heiran, and Heiyue, but the other Black Shadow Guards should come too.”

“Alright, there’s a feast to eat. Oh yeah, oh yeah...” Little Lei was extremely excited when he heard that there was a feast to eat. He hugged the little white tiger and jumped around crazily.

“Awroo... awroo...” The little white tiger was also very excited, and its saliva was about to flow out.

Although Heiyao, Heiran, and the others did not show it so obviously, they all smiled even more brightly than flowers.

Could it be that a foodie’s personality was contagious?

If it was not contagious, why had these people all become gluttons?

Xue Fanxin smiled speechlessly, but she felt that this scene was very nice. To be able to see the heartfelt smiles of her family and friends was actually a very happy thing.

After returning to the tent, Xue Fanxin was not in a hurry to take out the kitchenware and cutlery to prepare a feast. Instead, she sat there without moving. She had thought that everyone would come after a while had passed, but unexpectedly, just as she entered the tent, that group of people all came in, filling her large tent.

However, even so, the tent looked quite spacious. Everyone had a place to sit or stand.

“Woman, woman, didn’t you ask us to help you make a feast? Aren’t you going to quickly take out your kitchenware, cutlery, and ingredients?” Little Lei was an impatient person, especially when it came to food. He was definitely extremely anxious and asked impatiently the moment he entered.

“What’s the hurry? Anyway, I guarantee you that I’ll definitely let you eat a feast today,” Xue Fanxin said leisurely. Then, her expression turned serious. She stood up and walked towards Heiran. She took her pulse first, then did a simple checkup, and then did the same to Heiyue.

“Your Highness, what’s wrong?” Heiran asked in confusion.

Everyone had the same doubts.

“We were all poisoned.”

Hearing Xue Fanxin’s words, everyone was extremely shocked. All of them looked incredulous and even doubted Xue Fanxin’s words.

“Your Highness, we’re not poisoned! If we were poisoned, we would definitely know.”

With their cultivation and ability, forget about ordinary poison, they could even discover the colorless and odorless strange poisons.

However, they did not sense any signs of poison on their bodies.

#### Chapter 698 Detoxification Is Not Difficult

Xue Fanxin took out her silver needles and took out a drop of her blood to experiment with. She added a few herbs to the blood, and before long, the blood turned black.

“We were poisoned by a strange poison. This poison won’t kill everyone, but it will scatter everyone’s spirit energy and make us unable to gather spirit energy. What’s even more magical is that this poison won’t leave any traces. Unless one is a powerful poison master and has come into contact with a similar poison, they won’t be able to discover it at all.”

Although everyone did not believe her at first and did not know how Xue Fanxin had turned the blood black, they believed Xue Fanxin now.

“Your Highness, Du Yuxuan poisoned us, right?”

If not for the consort’s research on poison, they probably wouldn’t even know how they died.

Although this poison was unknown, if one could not gather spirit, once they encountered danger, they could only wait for death.

This was simply trying to kill them.

Du Yuxuan’s move was really ruthless.

“The poison was indeed released by Du Yuxuan, but this poison might not belong to her. With Du Yuxuan’s little ability, she can’t take out such a powerful poison.” Xue Fanxin cleaned up her black blood, not leaving a trace.

Her blood contained the power of nirvana. She could not let anyone obtain it.

“Your Highness, I saw Old Man Yin Feng enter Du Yuxuan’s tent yesterday and privately spend a long time with her before leaving.” A Black Shadow Guard recalled what he had seen yesterday, so he said it aloud.

With this news, the source of the poison was basically confirmed.

“It looks like this poison was given to Du Yuxuan by Old Man Yin Feng. What a cunning old poison monster. He wanted to kill us, but he was unwilling to do it himself, so he used Du Yuxuan as a weapon. He probably never expected that I would discover his poison so quickly, right?” Xue Fanxin felt disgusted at the thought of that Old Man Yin Feng.

Old Man Yin Feng had an extremely sinister aura. It was an aura that could only be obtained from prolonged contact with darkness, death, and poisonous creatures. It was very annoying.

If Old Man Yin Feng was good at using poison, then the process of him making poison must be very cruel.

She knew that some poison masters liked to use living people to test their poison, especially those inhumane poison masters who had no respect for life. Old Master Yin Feng was most likely such a person.

“Your Highness, can you treat this poison?” Heiyue asked anxiously.

The others were also anxious. After all, being poisoned by this poison was not a good thing. Once they encountered danger, they would only die.

“It’s not difficult to cure the poison. I can cure it through acupuncture or medicine, so everyone, don’t worry and don’t make a fuss.”

Xue Fanxin smiled playfully and took out the kitchenware and cutlery from her space. She also threw out the ingredients and said indifferently, “Alright, everyone, get moving. Find something to do yourself. You can wash the vegetables, cut the meat, or start the fire. Let’s have a feast today.”

“Sure, sure. Let’s have a big meal.” Little Lei was even more calm than Xue Fanxin. From the beginning to the end, he had never been nervous or afraid. He did not care if he was poisoned at all because he did not care about the poison made by those weak chickens.

It would not be so easy to poison him.

After he was full, he would slap Old Man Yin Feng to death.

Seeing that Xue Fanxin and Little Lei were so relaxed, everyone slowly relaxed. They no longer felt nervous and afraid. Looking at the table full of ingredients and imagining how these ingredients would be made into delicious food, they were salivating.

They should quickly get to work. This way, they could eat delicious food early.

#### Chapter 699 Shocking Appetite

Everyone worked together and there was strength in numbers. A table full of delicious food was quickly served. There were more than twenty dishes of all kinds. Everyone was satisfied as they ate. At the end, all of them were bloated after they ate until they could not even move. They collapsed in their chairs and burped.

Although everyone ate a lot, what surprised them was that their petite consort had a shocking appetite. She had eaten five to six bowls of rice alone. Coupled with a pile of fruits, vegetables, and meat, all of the food added up to being the amount that would satisfy the appetite of three to four adult men.

“I’m finally full.” Xue Fanxin had eaten a lot and finally felt full. However, she also noticed the change in her appetite. She seemed to be able to eat more than before, and she could eat a lot.

Although she loved to eat, she had never had a large appetite. She used to be no different from ordinary people.

However, recently, she realized that she was eating more and more. Especially this time, her appetite had instantly increased by a few times.

It was said that being able to eat was a blessing. There was no problem with her eating like this, right?

Would she become a fatty?

“Your Highness, you ate so much.” Heiyao thought of Xue Fanxin’s appetite and suddenly became a little worried.

Although the consort had brought a lot of food, with her appetite, that little food probably wouldn't last long.

Little Lei also said bitterly, "Woman, you ate too much today."

Because this woman ate too much, he could not eat much and was not even half full.

"Er... I think I did... eat a little too much, hehe..." Xue Fanxin smiled awkwardly, but she was not embarrassed. If she ate too much, so be it. She did not care what others thought.

Everyone said a few words about Xue Fanxin's astonishing appetite, but they actually had no objections to her appetite.

"Alright, I'm full. It's time for me to detoxify everyone."

The moment the topic changed, everyone's mood immediately changed. Thinking of Du Yuxuan and Old Man Yin Feng, those two bastards who had poisoned them, they were extremely angry.

"Your Highness, how do you plan to pursue this matter?" Heiyue asked, her eyes revealing intense killing intent.

It could be seen that Heiyue had long wanted to kill those two people.

"Old Man Yin Feng and Du Yuxuan's goal is to kill us through the hands of the rock monsters. Because they knew that I would definitely fight the rock monsters again, they poisoned us with that poison that scatters spirit energy and also makes us unable to gather spirit energy. Just wait and see. The next time the rock monsters appear, I'll let them know how to write the word death."

Xue Fanxin smiled coldly and glanced in Du Yuxuan's direction. It seemed like she already had a countermeasure.

When Little Lei saw Xue Fanxin's sinister appearance, he felt his blood run cold. His hair stood on end as he thought to himself, "Someone is going to be unlucky."

After Du Yuxuan successfully poisoned them, she returned to her tent and hid inside for a long time, not daring to come out. Because she was very nervous and panicked right now, anyone could be able to tell that something was wrong if they saw her. Therefore, she had to hide in the tent and not let anyone see her current appearance.

Old Man Yin Feng knew that Du Yuxuan had already successfully poisoned them and was in a very good mood. He stayed in his tent and waited for the good show that would come in two days.

There would indeed be a good show in two days, but it was unknown who would be watching who.

#### Chapter 700 Reverse Meridian

Xue Fanxin only spent two hours helping everyone remove the poison. She also checked if there were any other problems with their bodies and casually treated them.

There was nothing wrong with the others, but Xue Fanxin had noticed some things in Heiyue. However, she did not say anything. Instead, she waited for everyone to disperse before telling her about this in private.

“Heiyue, your meridians...”

“The Consort’s medical skills are indeed powerful. You can actually tell that my meridians are different. Even the best imperial physicians in the palace can’t sense it.” When she mentioned her meridians, Heiyue smiled bitterly, and her heart became very heavy.

“You know that there’s something wrong with your meridians?”

“Yes. My meridians seem to be no different from ordinary people’s, but they actually are. Every time I circulate my cultivation technique, my meridians have to be reversed to gather spirit. Otherwise, I’ll be like a cripple who can’t cultivate.”

Reversing her meridians and circulating her cultivation technique was extremely harmful to her body. Afterwards, she would be in unbearable pain.

The reversal of the meridians was not a small matter. If one was not careful, their meridians would break and they would die.

Over the years, she had not only cultivated to reverse her meridians, but she also had to reverse her meridians in battle. Although she was already used to the pain after her meridians were reversed, she knew that her body had always been in an injured state because of it. Even if she could not see anything now, problems would naturally appear over time.

However, if she did not reverse her meridians, she would be useless. Back then, it was precisely because she could not cultivate and was useless that she was abandoned by her family. Fortunately, her master took her in.

Thinking of her past experiences, Heiyue’s heart was filled with unwillingness and hatred. Therefore, no matter what, she would not stop her current cultivation method. She had to reverse her meridians to become stronger.

Only then could she live a valuable life.

“But have you ever thought that you’ll die if you do this? Your body is already riddled with holes. You can even say that you’re about to run out of oil. The organs in your body are failing at a visible rate every day. According to your current physical condition, you can live for at most half a year. During this half a year, you can’t casually reverse your meridians anymore, or the time you have left to live will be even shorter.”

Knowing that she only had at most half a year left to live, Heiyue’s heart sank to the bottom of her stomach. She was very sad, but she had no choice but to face the truth.

“Your Highness, I hope you can keep these things a secret. I don’t want them to know.”

“Does Ah Jiu know?”

Heiyue was stunned at first, then she understood. She knew that the so-called ‘Ah Jiu’ in Xue Fanxin’s heart was her master.

“Master knows my situation. In fact, the cultivation technique I cultivate was given to me by him. However, he didn’t force me to cultivate this cultivation technique that reverses the meridians. He let me decide everything myself. I chose this path by myself.”

Heiyue anxiously clarified for Ye Jiushang. She did not want Xue Fanxin to have any misunderstanding towards him because of this, and what she said was the truth.

Back then, after her master saved her, he realized that her meridians were different, so he gave her a cultivation technique and said that this was a cultivation technique that reversed her meridians and asked her to choose carefully.

In order to become stronger, she had chosen to cultivate using the cultivation technique to reverse her meridians. Even if she had to pay a huge price, she would not hesitate.

“Your Highness, if I really die here, even if I die after leaving, please take care of my brothers. They...”

“Ah, ptui, ptui, ptui. Don’t say things about dying. With me around, you won’t die.”
